Item 2.05. Costs Associated with Exit or Disposal Activities

On June 15, 2005, management of PerkinElmer, Inc. (the Company) approved a plan to terminate employees in several locations as the Company shifts resources into geographic regions and product lines that are more consistent with the Company's growth strategy. The Company completed notifying affected employees on July 1, 2005. As a result of this plan of termination, the Company plans to incur a pre-tax restructuring charge of approximately \$9 million during the fiscal quarter ended July 3, 2005. Substantially all of this pre-tax restructuring charge will result in future cash expenditures which the Company expects will be paid within the next 12 months.

In addition, the Company determined on July 1, 2005 that, due to a soft sublease market, it will be increasing its reserves for its financial obligations under several leases associated with the Company's previous restructurings in 2001 and 2002. As a result, the Company will record an additional pre-tax restructuring charge during the fiscal quarter ended July 3, 2005 of approximately \$6 million which is expected to be paid through 2014.

The total of these two pre-tax restructuring charges during the fiscal quarter ended July 3, 2005 will be approximately \$15 million.

Item 7.01. Regulation FD Disclosure

The Company is nearing resolution of audits of certain prior year tax returns. The Company expects that, as a result of the resolution of these audits, it will adjust previous tax estimates resulting in a tax benefit of at least \$15 million in the fiscal quarter ended July 3, 2005.

Item 9.01. Financial Statements and Exhibits

(c) Exhibits

None.
