**Item 1.01. Entry into a Material Definitive Agreement**

On February 14, 2006, Cisco Systems, Inc. (the Company) entered into an underwriting agreement with Citigroup Global Markets Inc., J.P. Morgan Securities Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. Incorporated on behalf of the several underwriters named therein in connection with the offer and sale of investment grade notes in an underwritten public offering (the Offering). The Offering is expected to be completed on February 22, 2006. The underwriting agreement includes the terms and conditions for the debt securities, indemnification and contribution obligations, and other terms and conditions customary in agreements of this type. Upon completion of the Offering, the following debt securities (collectively, the Notes) will be issued pursuant to the Indenture (defined below) with the following principal terms.

*Floating Rate Notes due 2009.* The aggregate principal amount of Floating Rate Notes due 2009 (the 2009 Notes) expected to be issued and sold is \$500,000,000. These notes will mature on February 20, 2009 and bear interest at a floating rate of three-month LIBOR plus 0.08% per annum, payable quarterly on February 22, May 22, August 22 and November 22 of each year, commencing May 22, 2006. The 2009 Notes are not redeemable by the Company.

*5.25% Senior Notes due 2011.* The aggregate principal amount of 5.25% Senior Notes due 2011 (the 2011 Notes) expected to be issued and sold is \$3,000,000,000. These notes will mature on February 22, 2011 and bear interest at a fixed rate of 5.25% per annum, payable semi-annually on February 22 and August 22 of each year, commencing August 22, 2006. The 2011 Notes will be redeemable, in whole or in part at any time or from time to time, at the Company's option, at the applicable make-whole premium redemption price described below.

*5.50% Senior Notes due 2016.* The aggregate principal amount of 5.50% Senior Notes due 2016 (the 2016 Notes) expected to be issued and sold is \$3,000,000,000. These notes will mature on February 22, 2016 and bear interest at a fixed rate of 5.50% per annum, payable semi-annually on February 22 and August 22 of each year, commencing August 22, 2006. The 2016 Notes will be redeemable, in whole or in part at any time or from time to time, at the Company's option, at the applicable make-whole premium redemption price described below.

The make-whole premium redemption price will be equal to the greater of (a) 100% of the principal amount of the Notes to be redeemed and (b) the sum of the present values of the remaining scheduled payments thereon discounted to the date of redemption, on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months), at a rate equal to the sum of the applicable Treasury Rate (as defined in the Notes) plus 15 basis points with respect to the 2011 Notes and 20 basis points with respect to the 2016 Notes. Accrued interest will be paid to but excluding the redemption date. The Notes are unsecured and will rank equally in right of payment with all of the Company's other existing and future senior unsecured indebtedness. The Notes will effectively rank junior to all liabilities of the subsidiaries of the Company.

In connection with the Offering, the Company will enter into an Indenture (the Indenture) with Deutsche Bank Trust Company Americas, as trustee (the Trustee). The Indenture will provide for the issuance by the Company of the Notes. The Notes will be subject to the covenants in the Indenture, which include limitations on liens, limitations on sale and lease-back transactions and limitations on consolidations, mergers and conveyances, transfers and leases of assets.

The Indenture will contain customary events of default, including: (a) the Company's failure to pay principal or premium, if any, on a series of the Notes when due at maturity, upon redemption or otherwise; (b) the Company's failure to pay any interest on a series of the Notes for 30 days after the interest becomes due; (c) the Company's failure to deposit any sinking fund payment when due, relating to a series of the Notes; (d) the Company's failure to perform, or its breach of, any other covenant, agreement or condition in the Indenture in respect of a series of the Notes for 60 days after either the Trustee or holders of at least 25% in principal amount of the outstanding notes of a series of the Notes have given us written notice of the breach in the manner required by the Indenture; and (e) specified events involving the Company's bankruptcy, insolvency or reorganization. If an event of default resulting from specified events involving the Company's bankruptcy, insolvency or reorganization has

## Edgar Filing: CISCO SYSTEMS INC - Form 8-K

occurred and is continuing, the Indenture provides that the entire principal amount plus accrued and unpaid interest of the Notes outstanding will automatically become due immediately and payable without any declaration or other act on the part of the Trustee or any holder. Upon any other event of default with respect to any series of the Notes, the Indenture provides that either the Trustee or the holders of at least 25% in principal amount of the outstanding notes of that series may declare the principal amount plus accrued and unpaid interest of all the outstanding notes of that entire series due and immediately payable. Upon such a declaration, the Company would be obligated to pay the principal amount plus accrued and unpaid interest of the series of Notes so declared due and payable.

The Company and its affiliates maintain various commercial and service relationships with the Trustee and its affiliates in the ordinary course of business. In particular, affiliates of the Trustee provide asset and investment management services to the Company and its affiliates. Deutsche Bank Securities Inc., one of the senior co-managers of the Offering, is an affiliate of the Trustee. In addition, Deutsche Bank AG, an affiliate of both Deutsche Bank Securities Inc. and the Trustee, has agreed to provide interest rate swaps with respect to \$1.0 billion of the 2011 Notes and \$1.0 billion of the 2016 Notes. Affiliates of the Trustee may in the future engage in lending and hedging transactions with us and our affiliates.

The descriptions above are summaries and are qualified in their entirety by the forms of the Indenture and the Notes, filed herewith as Exhibit No. 4.1 and Exhibit No. 4.2 and incorporated by reference herein.

The Notes have been registered under the Securities Act of 1933, as amended, pursuant to a registration statement on Form S-3 (No. 333-131723) (the Registration Statement). In connection with the Offering, the Company is filing the underwriting agreement as Exhibit No. 1.1 to this current report on Form 8-K, which is to be incorporated by reference in its entirety into the Registration Statement.

### **Item 2.03. Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

The information set forth above under Item 1.01 is hereby incorporated by reference into this Item 2.03.
