OUR COMPANY

This summary does not contain all of the information that you should consider before investing in our common stock. You should read the entire prospectus carefully, including the information incorporated by reference herein, especially the risks of investing in our common stock described and incorporated by reference under Risk Factors, before making an investment decision. We are a pioneer in the development of Polymer Organic Light Emitting Diodes, or P-OLEDs, and their use in next-generation flat panel displays and other applications. P-OLEDs are part of the family of Organic Light Emitting Diodes, or OLEDs, which are thin, lightweight and power efficient devices that emit light when an electric current flows. Our P-OLEDs offer an enhanced visual experience and superior performance characteristics compared with alternative flat panel display, or FPD, technologies such as liquid crystal display, or LCD. We believe we hold the most extensive and significant intellectual property, or IP, portfolio for P-OLED materials and devices, including the fundamental patents for the use of polymers in electroluminescent devices.

Our objective is to establish P-OLEDs as the leading technology for the FPD industry through the use of our extensive IP portfolio, manufacturing process and engineering expertise and commercialization partnerships. Our business model is focused on licensing our P-OLED and related technologies to FPD manufacturers on a non-exclusive basis and not on manufacturing or selling products that incorporate our technologies. We believe this approach best enables us to capitalize on our IP position, generating license fees and royalty payments from sales by third parties of devices using our IP or P-OLED materials. Our business model allows us to concentrate on our core strengths of technology development and innovation, while at the same time providing significant operating leverage.

We have established a 50/50 joint venture with Sumitomo Chemical Company Limited, or Sumitomo, which is engaged in research, development and commercialization of polymer materials that are necessary for the manufacture of P-OLED displays.

We are also targeting leading display manufacturers as potential licensees of our P-OLED IP and have already licensed our technology to leading international companies such as Dai Nippon Printing, Delta Optoelectronics, DuPont Displays, OSRAM Opto Semiconductors and Seiko Epson for display manufacture. Several products that incorporate our licensed P-OLED technology in their small-area displays, have been introduced into the commercial marketplace as monochrome displays. A number of our licensees and development partners have demonstrated larger, full-color displays using P-OLED technology and have announced intentions to commercialize these and other products.

We were founded in 1992 as a company organized under the laws of England and Wales by two of the inventors of our fundamental P-OLED technology, with the support of the University of Cambridge. Our principal executive offices are located at the offices of our principal U.K. subsidiary, Cambridge Display Technology Limited, Building 2020, Cambourne Business Park, Cambridge, CB3 6DW, United Kingdom. Our phone number is 011 44 1954 713 600. Our website is located at www.cdtltd.co.uk. The information on our website is not incorporated in and is not intended to be part of this prospectus.

If at any time:

we file a registration statement to register any of our securities under the Securities Act of 1933 for our own account (other than registrations of employee benefit plans or business combinations subject to Rule 145 under that Act); and

either Kelso or Hillman Capital has requested that we include registrable securities owned by any Kelso investor or Hillman Capital investor, as the case may be, in such registration or the Kelso investors and the Hillman Capital investors no longer own any registrable securities;

then the holders of 15,775,511 shares of our common stock, including all shares owned by the Kelso investors and the Hillman Capital investors, can request to have their shares registered, including as a result of filing our registration statement of which this prospectus is a part.

Registration of any of the shares of our common stock held by security holders with registration rights would result in such shares becoming freely tradable without restriction under the Securities Act of 1933 immediately upon effectiveness of such registration. We will pay all registration expenses, other than underwriting discounts and commissions and transfer taxes, if any, to the extent not otherwise required to be paid by the seller under applicable law.

Anti-Takeover Effects of Provisions of Delaware Law and Our Certificate of Incorporation and By-laws

Delaware Anti-Takeover Statute

The provisions of Section 203 of the Delaware General Corporation Law, an anti-takeover law, generally prohibits, subject to exceptions, a publicly-held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, unless:

prior to such date, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;

upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding, those shares owned (i) by persons who are directors and also officers and (ii) by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or

on or after such date, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66²/3% of the outstanding voting stock which is not owned by the interested stockholder.

For purposes of Section 203, a business combination includes a merger, asset sale or other transaction resulting in a financial benefit to the interested stockholder, with an interested stockholder being defined as a person who, together with affiliates and associates, owns, or within three years prior to the date of determination whether the person is an interested stockholder, did own, 15% or more of the corporation's voting stock, subject to specified exceptions.

As a Delaware corporation, we have elected to be subject to Section 203 of the Delaware General Corporation Law. Accordingly, Section 203 restricts any person who acquires 15% or more of our outstanding voting stock from engaging in business combinations with us within the three year period.

Certificate of Incorporation and By-laws

Some provisions of our certificate of incorporation and by-laws may have an anti-takeover effect. These provisions may delay, defer or prevent a tender offer or takeover attempt of our company that a stockholder might consider in his or her best interest, including those attempts that might result in a premium over the market price for the shares held by our stockholders. The following summarizes these provisions:

Authorized But Unissued Shares. Our authorized but unissued shares of common stock and preferred stock are available for our board of directors to issue without stockholder approval. We may use these additional shares for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of our authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of our company by means of a proxy context, tender offer, merger or other transaction.

Right to Call Special Meetings. Our by-laws provide that special meetings of our stockholders may be called at any time by our board of directors or by the chairman of our board. A special meeting may only be called by our stockholders upon a written request to our chairman by stockholders holding in the aggregate not less than a majority of the voting power of all issued and outstanding shares of our common stock entitled to vote at any meeting of our stockholders. If we fail to call such meeting within three days after receipt of such request, any stockholder executing such request may call such meeting.

Amendment of By-laws. Our by-laws are subject to amendment, alteration or repeal, either by resolution adopted by a majority of our board of directors or by the affirmative vote of a majority of the voting power of all issued and outstanding shares of our common stock.

Indemnification. Our by-laws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law. We currently maintain and intend to continue to maintain directors and officers liability insurance. In addition, our certificate of incorporation limits the personal liability of our board members for breaches by the directors of their fiduciary duties to the fullest extent permitted under Delaware law.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is The Bank of New York.

PLAN OF DISTRIBUTION

We and the selling stockholders may sell the shares of our common stock being offered hereby in one or more of the following ways from time to time:

through agents to the public or to investors;

to one or more underwriters for resale to the public or to investors;

in at the market offerings, within the meaning of Rule 415(a)(4) of the Securities Act of 1933, to or through a market maker or into an existing trading market, on an exchange or otherwise;

directly to investors; or

through a combination of these methods of sale.

We will set forth in a prospectus supplement the terms of an offering of shares of our common stock, including:

the name or names of any agents or underwriters;

the name or names of, and the number of shares of our common stock being sold by, any selling stockholders participating in the offering;

the purchase price of the shares being offered and the proceeds we or the selling stockholders will receive from the sale;

any over-allotment options under which underwriters may purchase additional shares from us or the selling stockholders;

any agency fees or underwriting discounts and other items constituting agents or underwriters compensation;

the public offering price; and

any discounts or concessions allowed or reallowed or paid to dealers.

The term selling stockholders includes donees, pledgees, transferees or other successors-in-interest selling shares received after the date of this prospectus from a selling stockholder as a gift, pledge, partnership distribution or other non-sale related transfer. If we or the selling stockholders use underwriters for a sale of shares of our common stock, the underwriters will acquire the shares for their own account. The underwriters may resell the shares in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. The obligations of the underwriters to purchase the shares will be subject to the conditions set forth in the applicable underwriting agreement. The underwriters will be obligated to purchase all the shares offered if they purchase any of the shares. We may change from time to time any initial public offering price and any discounts or concessions the underwriters allow or reallow or pay to dealers. We may

Edgar Filing: Cambridge Display Technology, Inc. - Form S-3

use underwriters with whom we or the selling stockholders have a material relationship. We will describe in the prospectus supplement naming the underwriter the nature of any such relationship.

We or the selling stockholders may designate agents who agree to use their reasonable efforts to solicit purchases for the period of their appointment or to sell shares of our common stock on a continuing basis.

We or the selling stockholders may also sell shares of our common stock directly to one or more purchasers without using underwriters or agents. In addition, any shares that qualify for sale by the selling stockholders pursuant to Rule 144 under the Securities Act of 1933 may be sold under Rule 144 rather than pursuant to this prospectus.

Table of Contents

Underwriters, dealers and agents that participate in the distribution of the shares of our common stock may be underwriters as defined in the Securities Act of 1933 and any discounts or commissions they receive from us or the selling stockholders and any profit on their resale of the shares may be treated as underwriting discounts and commissions under that Act. We will identify in the applicable prospectus supplement any underwriters, dealers or agents and will describe their compensation. We or the selling stockholders may have agreements with the underwriters, dealers and agents to indemnify them against specified civil liabilities, including liabilities under the Securities Act of 1933. Underwriters, dealers and agents may engage in transactions with or perform services for us or selling stockholders in the ordinary course of their businesses.

To the extent required under the Securities Act of 1933, we will make copies of this prospectus (as it may be supplemented or amended from time to time) available to the selling stockholders for the purpose of satisfying the prospectus delivery requirements of that Act.

We will bear all costs, expenses and fees in connection with the registration of the shares of our common stock, as well as the expenses of all commissions and discounts, if any, attributable to the sales of shares by us. The selling stockholders will bear all commissions and discounts attributable to the sales of shares by them.

In connection with an offering, an underwriter may purchase and sell shares of our common stock in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. Covered short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares, if any, from us or the selling stockholders in the offering. If the underwriters have an over-allotment option to purchase additional shares from us or the selling stockholders, the underwriters may close out any covered short position by either exercising their over-allotment option or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters may consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the over-allotment option. Naked short sales are any sales in excess of such option or where the underwriters do not have an over-allotment option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

Accordingly, to cover these short sales positions or to otherwise stabilize or maintain the price of the shares of our common stock, the underwriters may bid for or purchase shares in the open market and may impose penalty bids. If penalty bids are imposed, selling concessions allowed to syndicate members or other broker-dealers participating in the offering are reclaimed if shares previously distributed in the offering are repurchased, whether in connection with stabilization transactions or otherwise. The effect of these transactions may be to stabilize or maintain the market price of the shares at a level above that which might otherwise prevail in the open market. The impositions of a penalty bid may also affect the price of the shares to the extent that it discourages resale of the shares. The magnitude or effect of any stabilization or other transactions is uncertain. These transactions may be effected on the Nasdaq National Market or otherwise and, if commenced, may be discontinued at any time.

Item 15. Indemnification of Directors and Officers

Section 145 of the Delaware General Corporation Law, or the DGCL, provides that a corporation may indemnify any person (and purchase insurance with respect to such potential liability) who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise), against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with such action, suit or proceeding provided that the corporation may not may not eliminate or limit the liability of directors for:

any breach of the director's duty of loyalty to the corporation or its stockholders;

any acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;

any payment of a dividend or approval of a stock purchase that is illegal under Section 174 of the Delaware General Corporation Law; or

any transaction from which the director derived an improper personal benefit.

Section 145 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred in connection with the defense or settlement of such action or suit subject to the same limitations as described above and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Delaware Court of Chancery or such other court in which such action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses that the Delaware Court of Chancery or such other court shall deem proper.

Our certificate of incorporation and our by-laws authorize the indemnification of officers and directors of the corporation consistent with Section 145 of the Delaware Corporation Law, as amended, and to the fullest extent permitted under Delaware law. We have entered into indemnification agreements with each of our directors and executive officers, pursuant to which we have agreed to indemnify such director or officer against certain liabilities

arising under federal securities laws, liabilities arising out of the performance of their duties as a director or officer and certain other claims and liabilities. Under these agreements, we have also agreed to advance any expenses (including legal fees) incurred by such director or officer in connection with such claims and liabilities.

At present there is no pending litigation or proceeding involving any director, officer, employee or agent as to which indemnification will be required or permitted under our certificate of incorporation. We are not aware of any threatened litigation or proceeding that may result in a claim for such indemnification.

Item 17. Undertakings

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) to reflect in the prospectus any facts or events arising after the effective date of this Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this Registration Statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective Registration Statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in this Registration Statement or any material change to such information in this Registration Statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this Registration Statement or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of this Registration Statement.

(2) That, for the purposes of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at the time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) each prospectus filed by the Registrant pursuant to Rule 424(b)(3) shall be deemed to be part of a registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness and the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof; *provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the Registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering

of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) any free writing prospectus relating to the offering prepared by or on behalf of the undersigned Registrant or used or referred to by the undersigned Registrant;

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to trustees, directors, officers and controlling persons of the Registrant pursuant to the provision described under Item 15 of this registration statement, or otherwise (other than insurance), the Registrant has been advised that in the opinion of the Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a trustee, director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such trustee, director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it or them is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
