Item 8.01 Other Events.

On October 12, 2006, we received a notice of acceleration under the indenture, dated as of April 27, 2004 (the Indenture), governing our \$125.0 million principal amount of 0.75% Senior Convertible Notes due 2024 (the Notes) from Wells Fargo Bank, National Association, the trustee for the holders of the Notes. As a result of our failure to timely file with the Securities and Exchange Commission our Quarterly Report on Form 10-Q for the quarter ended June 30, 2006, the Company has violated provisions of the Indenture that require us to furnish such information to the trustee fifteen days following the date upon which any such report is required to be filed with the Securities and Exchange Commission.

The Company informed the Trustee on October 13, 2006 that the purported acceleration of the Notes was invalid as the grace period for the default described above has not yet expired.

As previously disclosed, the Company is conducting a consent solicitation (the Consent Solicitation) with respect to Notes, pursuant to which it is seeking a waiver of any and all defaults arising from its failure to comply with the Indenture. The Consent Solicitation expires on October 18, 2006 and is conditioned upon at least 70% of the aggregate principal amount of the Notes providing consents.
