Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

(e) On November 20, 2006, the Compensation Committee of the Board of Directors of AsiaInfo Holdings, Inc. (the Company) approved a stock unit awards program under the Company's 2005 Stock Incentive Plan (the Plan). Under this program, 1,995,000 stock unit awards have been granted to certain officers and employees of the Company. Mr. Steve Zhang, the Company's Chief Executive Officer, received an award consisting of 300,000 units.

Unlike previous stock awards granted by the Company, the new awards will vest based on performance-based criteria, provided the award holder continues to be an employee or service provider to the Company at the time the performance goals are met. The total number of performance stock units subject to each award shall be allocated among five performance goals, as set forth in a model Performance Stock Unit Award Agreement. Each performance stock unit represents the contingent right of the participant to receive a payment in respect of a share of common stock, whether in shares, cash, or a combination thereof, subject to the terms and conditions of the Performance Stock Unit Award Agreement.

The plan administrator shall determine (on the basis of the extent to which the relevant performance goals were attained) the extent to which the performance stock units shall vest.

The purpose of these new awards is to incentivize the Company's employees and better-align their interests with shareholder interests.

The model form of Performance Stock Unit Award Agreement is filed herewith.
