Approval of Fiscal 2008 Cash Incentive Award Targets

(e) On March 29, 2007, the Compensation Committee of the Board of Directors finalized and approved certain performance goals and targets applicable to cash incentive awards that the Company's executive officers are eligible to earn for the fiscal year ending January 31, 2008 (Fiscal 2008) under the Company's 2006 Equity Incentive Plan (the 2006 Plan). Target bonuses for executive officers were set as a target amount, which range up to 125% of base salary, depending on the executive officer's position with the Company.

For the Company's Chief Executive Officer, Chief Financial Officer and other members of senior corporate management, 70% of the total target award will be determined according to the Company's achievement of the following financial performance goals for Fiscal 2008, as measured against the Company's financial plan: 30% will depend upon the Company's revenue, 30% will depend upon the Company's operating income, 20% will depend upon the Company's operating cash flow and 20% will depend upon the level of the Company's contract awards. The remaining 30% of the total target award will be based upon the achievement of certain individual performance objectives.

For the Company's Group Presidents, 30% of the total target award will be determined according to the Company's achievement of the financial performance goals set forth above. Another 50% of the total target award will be determined according to his or her respective group's achievement of the following financial performance goals for Fiscal 2008, as measured against the Company's financial plan: 30% will depend upon the particular group's revenue, 30% will depend upon the particular group's operating income before taxes, 20% will depend upon certain average days working capital and 20% will depend upon the level of the Company's contract awards. The remaining 20% of the total target award will be based upon the achievement of certain individual performance objectives.

Actual amounts payable under the 2006 Plan can range from 0 to 150% of the target amount, based upon the extent to which performance under each of the foregoing criteria meets, exceeds or is below target.
