The Annual Meeting will be held at the Holiday Inn Capitol Plaza, 300 J Street, Sacramento, California 95814.

These proxy solicitation materials were mailed on or about May 4, 2007 to all stockholders entitled to vote at the Annual Meeting.

GENERAL INFORMATION

Certain Financial Information. Please note that our consolidated financial statements and related information are included with our 2006 Annual Report on Form 10-K filed with the Securities and Exchange Commission (the **SEC**) on March 30, 2007, which is enclosed with this Proxy Statement.

Attendance at Annual Meeting. Admission to the meeting is limited to stockholders and will be on a first-come, first-served basis. Registration will begin at 9:00 a.m. and each stockholder may be asked to present valid picture identification such as a driver's license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Voting Securities. Only stockholders of record as of the close of business on April 24, 2007 (the **Record Date**) will be entitled to vote at the meeting and any adjournment thereof. As of the Record Date, there were 9,064,941 shares of common stock of our Company issued and outstanding. Stockholders may vote in person or by proxy. Each holder of shares of common stock is entitled to one (1) vote on each proposal presented in this Proxy Statement for each share of stock held. There is no cumulative voting in the election of directors.

Solicitation of Proxies. The cost of soliciting proxies will be borne by us. In addition to soliciting stockholders by mail, we will request that banks and brokers and other persons representing beneficial owners of the shares forward the proxy solicitation material to such beneficial owners, and we may reimburse these parties for their reasonable out-of-pocket costs. We may use the services of our officers, directors and regular employees, without additional compensation, to solicit proxies personally or by telephone, facsimile or email.

Voting of Proxies. All shares represented by a valid proxy received prior to the meeting will be voted. Where a stockholder specifies by means of the proxy a choice with respect to any matter to be acted upon, the shares will be voted in accordance with the specification so made. If no choice is indicated on the proxy, the shares will be voted FOR all nominees, FOR all other proposals described herein and as the proxy holders may determine in their discretion with respect to any other matters that properly come before the meeting. See **TRANSACTION OF OTHER BUSINESS**. A stockholder giving a proxy has the power to revoke his or her proxy, at any time prior to the time it is voted, by delivering to our Corporate Secretary a written instrument revoking the proxy or a validly executed proxy with a later date, or by attending the meeting and voting in person.

Quorum. The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of shares of common stock issued and outstanding on the Record Date. Shares that are voted **FOR**, **WITHHOLD**, **ABSTAIN** or **AGAINST** a matter (the **Votes Cast**) are treated as being present at the Annual Meeting for purposes of establishing a quorum.

Table of Contents

Abstentions. Abstentions will be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). Accordingly, abstentions will have the same effect as a vote **AGAINST** the proposal.

Broker Non-Votes. Broker non-votes will be counted for purposes of determining the presence or absence of a quorum for the transaction of business, but will not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, broker non-votes will not affect the outcome of the voting on a particular proposal.

Proposals. The following proposals will be considered at the Annual Meeting:

Proposal One Election of Directors

The first proposal is to elect eight (8) directors to the Board. Nominees for directors are David Altschul, Roger Biscay, Peter Csathy, Terry Hatchett, John Kilcullen, Mitchell Koulouris, Tuhin Roy and Clayton Trier. Each nominee currently serves as one of our directors.

Additional information about the election of directors and a brief biography of each nominee appears under the section **PROPOSAL ONE: ELECTION OF DIRECTORS**.

If any other matter or matters are properly brought before the Annual Meeting, or any adjournment thereof, it is the intention of the persons named in the accompanying form of proxy to vote the proxy on such matters in accordance with their judgment.

Director Independence

Our Board consists of eight (8) directors. The Company's directors are currently David Altschul, Roger Biscay, Peter Csathy, Terry Hatchett, John Kilcullen, Mitchell Koulouris, Tuhin Roy and Clayton Trier. Our Board has determined that each of the directors other than Mitchell Koulouris, our President and Chief Executive Officer, and Tuhin Roy, our Chief Strategy Officer and President of our wholly-owned subsidiary, Digital Rights Agency, Inc., are independent directors as defined by the applicable listing standards of the Nasdaq Global Market. In the course of our Board's determination regarding the independence of each non-management director, it considered advertising purchased by our Company from *Billboard Magazine* in 2006. Mr. Kilcullen is the publisher of Billboard Information Group, which includes *Billboard Magazine*. The Board determined that such advertising was purchased at the magazine's customary rates and was not material to either entity's annual revenues.

Attendance at Board Meetings and Board Committees

Our Board of Directors conducts its business through its meetings and through meetings of certain committees of the Board of Directors. Our Board of Directors is comprised of a majority of independent directors as required by the applicable listing standards of the Nasdaq Global Market.

Our Board has four (4) standing committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Content Acquisition Committee. During 2006, our Board of Directors met seven times, the Audit Committee met nine times, the Compensation Committee met five times, the Nominating and Corporate Governance Committee met once, and the Content Acquisition Committee met 20 times. All of the directors attended at least 75% of the meetings of our Board of Directors and each committee on which he served. The directors are encouraged to attend the annual meeting of stockholders. Six of the seven directors then on the board attended the 2006 Annual Meeting of Stockholders.

Audit Committee. The Audit Committee consists of Messrs. Hatchett (Chairman), Biscay and Trier. The Audit Committee is responsible for reviewing and monitoring our corporate accounting and financial reporting processes, the periodic public release of financial results and the periodic filing of financial reports with the SEC, and selecting the independent registered public accounting firm to audit our consolidated financial statements, including approving their compensation and monitoring their qualifications, independence and performance. Our Board has determined that each member of the Audit Committee is independent under the listing standards of the Nasdaq Global Market, and that each member qualifies as an audit committee financial expert under Item 407(d)(5) of Regulation S-K promulgated by the SEC. Messrs. Hatchett and Trier each qualify as an audit committee financial expert by virtue of having previously been partners in the audit division of large international public accounting firms and Mr. Biscay by virtue of his significant financial and investment responsibilities at Cisco Systems, one of the largest publicly-traded companies in the United States. The Audit Committee has a written charter, which is available on our website at <http://investor.dmg.com> under the link Corporate Governance. The Report of the Audit Committee of the Board of Directors is included in this Proxy Statement.

Compensation Committee. The Compensation Committee consists of Messrs. Kilcullen (Chairman), Biscay and Hatchett. The Compensation Committee is responsible for determining salaries, incentives and other forms of compensation for our Company's executive officers and compensation for non-employee directors, as well as administering the Digital Music Group, Inc. Amended and Restated 2005 Stock Plan and other incentive compensation and employee benefit plans of the Company. The Compensation Committee has a written charter,

Table of Contents

which is available on our website at <http://investor.dmgi.com> under the link Corporate Governance. The Report of the Compensation Committee of the Board of Directors is included in this Proxy Statement.

Nominating and Corporate Governance Committee. During 2006, the Nominating and Corporate Governance Committee consisted of Messrs. Trier (Chairman), Altschul, Biscay, Csathy, Hatchett and Kilcullen. Effective March 6, 2007, the composition of this committee was revised to consist of Messrs. Biscay (Chairman), Altschul and Trier. The Nominating and Corporate Governance Committee is responsible for developing and recommending Board member selection criteria, identifying and recruiting prospective Board candidates, recommending nominees for election to the Board, considering committee member qualifications, recommending corporate governance principles to the Board, and providing oversight in the evaluation of the Board and each committee. The Nominating and Corporate Governance Committee also considers nominees proposed by stockholders. The Nominating and Corporate Governance Committee has a written charter, which is available on our website at <http://investor.dmgi.com> under the link Corporate Governance.

Content Acquisition Committee. The Content Acquisition Committee consists of Messrs. Altschul (Chairman), Csathy and Trier. The Content Acquisition Committee is responsible for monitoring the progress and status of management's efforts to acquire additional music and video content and reviewing and approving the terms of any material long-term content acquisition and licensing contracts. The Content Acquisition Committee has a written charter, which is available on our website at <http://investor.dmgi.com> under the link Corporate Governance.

Consideration of Director Nominees

Nominations. Our Board believes that the Nominating and Corporate Governance Committee, which consists entirely of independent directors of the Company, can adequately identify appropriate candidates to the Board. The Nominating and Corporate Governance Committee will consider any future nominees for director nominated by the Company's stockholders.

Stockholder Nominees. The Nominating and Corporate Governance Committee considers properly submitted stockholder nominations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. Any stockholder nominations proposed for consideration by the Nominating and Corporate Governance Committee should include the nominee's name and qualifications for Board membership. In addition, they should be submitted within the time frame and in the manner as specified under STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING.

Director Qualifications. While the Nominating and Corporate Governance Committee has not established formal procedures or specific minimum qualifications for the evaluation of director candidates, the candidates for Board membership should have the highest professional and personal ethics and values, and conduct themselves consistent with the Company's Code of Business Conduct. Additionally, candidates and nominees must ultimately reflect a Board that is comprised of directors who (i) have broad and relevant experience, (ii) are predominantly independent, (iii) are of high integrity, (iv) have qualifications that will increase overall Board effectiveness, and (v) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to Audit Committee members.

Identifying and Evaluating Nominees for Directors. Typically, any new candidates for nomination to the Board are suggested by existing directors or our executive officers, although candidates may also come to our attention through professional search firms, stockholders or other persons. The Nominating and Corporate Governance Committee of the Board will carefully review the qualifications of any candidates who have been properly brought to its attention. Such a review may, in the Committee's discretion, include a review solely of information provided to the Committee or it may also include discussion with persons familiar with the candidate, an interview with the candidate or other actions that the Committee deems proper. In the case of new director candidates, the questions of independence and financial expertise are important to determine what roles can be performed by the candidate, and the Governance and Nominating Committee determines whether the

Table of Contents

candidate will meet the independence standards set forth in the SEC rules and regulations and the applicable Nasdaq listing standards, and the level of the candidate's financial expertise. In the case of incumbent directors whose terms of service are set to expire, the Nominating and Corporate Governance Committee reviews such directors' overall service to our Company during their terms, including attendance at meetings, level of participation, quality of performance, and whether the director continues to meet the independence standards set forth in the applicable SEC rules and regulations and the applicable Nasdaq listing standards. The Committee shall consider the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. In evaluating the qualifications of the candidates, the Nominating and Corporate Governance Committee considers many factors, including character, integrity, reputation, business judgment, independence, relevant business and industry expertise, diversity of experience, geographic location of the candidate, length of service and other criteria. The Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. Candidates properly recommended by stockholders are evaluated by the Nominating and Corporate Governance Committee using the same criteria as other candidates. Candidates are first screened by the Nominating and Corporate Governance Committee, and if approved by the Nominating and Corporate Governance Committee, they are then screened by other members of the Board. The full Board approves the final nomination(s) based on recommendations from the Nominating and Corporate Governance Committee. The Chairman of the Board, acting on behalf of the full Board, will extend the formal invitation to become a nominee of the Board. Qualified candidates for membership on the Board will be considered without regard to race, color, religion, sex, ancestry, national origin or disability.

Code of Business Conduct

Our Company is committed to maintaining the highest standards of business conduct and ethics. We have adopted a Code of Business Conduct for our directors, officers and other employees. The Code of Business Conduct reflects our values and the business practices and principles of behavior that support this commitment. The Code of Business Conduct is available on our website at <http://investor.dmgi.com> under the link Corporate Governance. We will post any amendment to the Code, as well as any waivers that are required to be disclosed by the rules of the SEC or Nasdaq, on our website.

Communications with the Board by Stockholders

We maintain an informal process for stockholder communication with the Board. Stockholders wishing to communicate with our Board or with an individual Board member concerning our Company may do so by writing to the Board or to the particular Board member, and mailing the correspondence to: Attention: Board of Directors, c/o Corporate Secretary, Digital Music Group, Inc., 2151 River Plaza Drive, Suite 200, Sacramento, California 95833. The envelope should indicate that it contains a stockholder communication. Any such communication must state the number of shares beneficially owned by the stockholder making the communication. All such stockholder communications will be forwarded to the director or directors to whom the communications are addressed.

Director Compensation

Directors who are also employees of our Company or any of our subsidiaries do not receive additional compensation for serving as directors. Prior to the closing of our initial public offering in February 2006, our Chairman of the Board received a director's fee of \$10,000 per month. Subsequent to the closing of the initial public offering, each director who is not also an employee receives a fee of \$36,000 per year, except that the chairperson of the Audit Committee receives \$40,000 and the Chairman of the Board receives \$50,000 per year. Each non-employee director also receives \$500 per committee meeting attended. Our directors are reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the Board or the committees thereof, and for other expenses reasonably incurred in their capacity as directors. In February 2006, each non-employee director received an initial option to purchase 24,000 shares of our common stock with an exercise price per share equal to \$9.75, the price to public of our common stock in the initial public offering. These options vest in equal monthly installments over 24 months beginning on the date of grant. Any new non-employee director will

Table of Contents

be entitled to receive an initial option to purchase 12,000 shares of our common stock with an exercise price per share equal to the fair market value of our common stock on the date of grant, vesting in equal monthly installments over 12 months beginning on the date of grant. On each date of our annual meeting of stockholders, we will grant to each non-employee director who has served on the Board for at least the preceding six (6) months an additional option to purchase 6,000 shares with an exercise price per share equal to the fair market value of our common stock on the date of grant. These annual option grants will vest in equal monthly installments over 12 months from the date of grant. The timing and terms of these option grants to non-employee directors are set forth in the Digital Music Group, Inc. Amended and Restated 2005 Stock Plan; they are automatic and non-discretionary with respect to the number and terms.

The following table summarizes compensation paid to our non-employee directors during the year ended December 31, 2006.

Management is responsible for the Company's financial reporting process, including the preparation of its consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, and its system of internal controls. The Company's independent registered public accounting firm is responsible for auditing those consolidated financial statements in accordance with auditing standards generally accepted in the United States and expressing its opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of the Company in conformity with accounting principles generally accepted in the United States of America. The Audit Committee does not prepare financial statements or perform audits, and its members are not auditors or certifiers of the Company's financial statements.

The Audit Committee reviewed and discussed the audited financial statements included in the Company's 2006 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles used by the Company, the reasonableness of significant management judgments and estimates made in the accounting process, and the clarity and completeness of disclosures in the financial statements. The Audit Committee also met with the Company's Chief Executive Officer and Chief Financial Officer to discuss their review of the Company's disclosure controls and procedures and internal accounting and financial controls in connection with the preparation and filing of the 2006 Annual Report on Form 10-K.

The Audit Committee discussed with Perry-Smith LLP, the Company's independent registered public accounting firm, the overall scope of work for its 2006 audit. The Audit Committee reviewed and discussed the audited financial statements for the year ended December 31, 2006 with Perry-Smith LLP, and met with representatives of the firm, with and without management present, to discuss the results of its audit work, its evaluations of the Company's internal controls, and its assessment of the overall quality of the Company's financial reporting. The Audit Committee has also discussed with Perry-Smith LLP the matters required to be discussed by the Statements on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has also received and reviewed the written disclosures and the letter from Perry-Smith LLP as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as adopted by the Public Company Accounting Oversight Board in Rule 3600T, and has discussed with the auditors the auditors' independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the consolidated financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006. The Audit Committee also selected Perry-Smith LLP to audit the Company's financial statements for the year ending December 31, 2007.

The Audit Committee has relied, without independent verification, on management's representations that the consolidated financial statements are complete, free of material misstatement and prepared statements in accordance with auditing standards generally accepted in the United States, and on the opinion and representations made by Perry-Smith LLP in its report on the Company's consolidated financial statements, including its representations that Perry-Smith LLP is independent and the audit was performed in accordance with auditing standards generally accepted in the United States. The Audit Committee's oversight does not provide assurance that management's and Perry-Smith LLP's opinion and representations referred to above are correct.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our Board has delegated to the Compensation Committee the responsibility for making decisions on the compensation of our executive officers and non-employee directors. The Digital Music Group, Inc. Amended and Restated 2005 Stock Plan and other employee benefit plans are also administered by the Compensation Committee.

Compensation Objectives and Philosophy

Our Company's executive compensation policies are designed to (i) provide compensation at a level and in a form which will attract, motivate and retain highly qualified executives, (ii) align the compensation of executive officers, whose performance is crucial to our long-term success, with our long-term business strategies and annual operating plans as approved by our Board, and (iii) provide appropriate financial incentives to motivate executives to perform at a high level, encourage them to manage from the perspective of owners with an equity stake in our Company, and reward them when our strategies and plans are achieved and stockholder value is enhanced. We also believe that compensation is not the only way we attract people to our Company. We strive to hire and retain talented people who are excited to work in an emerging industry and a highly innovative, adaptive corporate culture.

Role of Executive Officers in Determining Compensation

Our Compensation Committee's primary duties and responsibilities are to establish and implement our compensation policies and programs for our executive officers. Our Chief Executive Officer and other executive officers may be invited to attend all or a portion of a Compensation Committee meeting depending on the nature of the agenda items. Neither our Chief Executive Officer nor any other executive officers votes on items before the Compensation Committee. However, our Compensation Committee solicits the views of our Chief Executive Officer and other executives on compensation matters, especially as they relate to incentive compensation plan targets and equity incentive awards for our Company's employees. The Chief Executive Officer and Chief Financial Officer also work with the Chairman of the Compensation Committee in developing the agenda and meeting materials for each meeting of the Compensation Committee.

Compensation Components

Our Company's compensation program for executive officers currently consists primarily of base salary, annual performance-based cash bonuses, and long-term equity incentives. We also provide for general severance and change-in-control protections for our executive officers.

Base Salary

Base salaries are payable in cash in accordance with the individual executive's employment agreement and consistent with our standard payroll practices. With the closing of our initial public offering in February 2006, our Chief Executive Officer began receiving an annual base salary of \$150,000. Our other senior executives, including our Chief Financial Officer, former Chief Financial Officer, Chief Strategy Officer and Chief Operating Officer each received an annual base salary of \$130,000, beginning at the earlier of the closing of the IPO or the date they commenced employment with the Company. Our former Vice Presidents of Business Development each received an annual base salary of \$120,000. Base salaries of executives are initially determined by evaluating the responsibilities of the position, the experience and knowledge of the individual, and the competitive marketplace for executive talent. Our Compensation Committee reviews base salaries annually and will increase salaries for merit reasons, based on whether overall corporate goals were achieved and on the executive's success in meeting or exceeding individual performance objectives. If we identify any significant local inflation or market changes, we may also realign base salaries with local market levels.

Table of Contents*Annual Incentive Bonus Compensation*

Our compensation program includes eligibility for annual performance-based cash incentive compensation payments. Our annual performance-based cash bonuses reflect a policy of requiring a certain minimum level of corporate performance before any target-based bonuses are earned. In 2006, our Compensation Committee approved the Digital Music Group, Inc. Management Incentive Bonus Plan for the Year Ending December 31, 2006 (the Bonus Plan), which established objective performance targets relating to the deployment of capital for content acquisitions and based on our Company's financial results. The Bonus Plan also contained a discretionary element based on an assessment of certain qualitative factors surrounding each executive's performance. The performance targets were established by our Compensation Committee based, in part, on recommendations by our executive officers. The performance targets were expressed as a range starting with a minimum level of achievement and the high end of the target range representing a stretch goal, significantly in excess of the minimum levels of achievement. Under the Bonus Plan, our Chief Executive Officer, Chief Financial Officer, and Chief Operating Officer were eligible to earn up to 100% of their annual base salary, and our Vice Presidents were eligible to earn up to 75% of their annual base salary. Our Chief Strategy Officer did not participate in the Bonus Plan in 2006 due to his joining the Company in September 2006 and our former Chief Financial Officer left the Company prior to the adoption of the Bonus Plan. Total cash bonuses earned under the Bonus Plan for 2006 were \$40,320. These bonuses were awarded by our Compensation Committee in accordance with the discretionary element of the Bonus Plan in the amount of \$10,000 to our Chief Executive Officer and \$30,420 to our Chief Financial Officer.

For 2007, the Compensation Committee plans to implement a Management Incentive Bonus Plan designed to incentivize our executives to achieve certain corporate-wide goals. Similar to the 2006 Bonus Plan, objective performance targets specific to 2007 corporate initiatives and budgeted financial results will be developed, along with a discretionary element applicable to each individual executive's performance. We currently anticipate that our Chief Executive Officer, Chief Strategy Officer and Chief Financial Officer will be eligible to earn up to 100% of their base salary under this 2007 plan. Other executives may be added. Once approved, we will disclose the details of the 2007 bonus plan in a Form 8-K and the plan document will be filed with the SEC.

Long-Term Equity Incentives

To promote our long-term objectives, equity awards are made to executive officers and other employees who are in a position to make a significant contribution to our long-term success. We make equity awards pursuant to the Digital Music Group, Inc. 2005 Amended and Restated Stock Plan (the Stock Plan). Under the Stock Plan, the Compensation Committee has the authority to grant different types of equity awards, including non-qualified and incentive stock options, shares of restricted common stock, stock appreciation rights and other equity awards. Since equity awards may vest and grow in value over time, this component of our compensation program is designed to reward performance over a sustained period of time. We intend for these awards to strengthen the focus of our executives and other key employees on managing our Company from the perspective of an equity stakeholder. During 2006, the Compensation Committee believed that Messrs. Mitchell and Peter Koulouris, Haigler, Brown and Rees, as founders and significant stockholders in our Company, have sufficient incentive to promote the long-term growth of our Company. Likewise, Mr. Roy received a significant number of shares of our common stock and a warrant to purchase additional equity in connection with the sale of his membership interests in DRA to us, and is considered to be similarly incentivized. Therefore, the Compensation Committee has not made any equity awards to these individuals to-date.

Equity awards will generally be granted to executives and other key employees upon hire and annually, thereafter. Options are awarded at an exercise price equal to the fair value of our Company's common stock as measured by the closing market price on the date of grant. In March 2006, we hired Ms. Davis as our Chief Financial Officer. The terms of her compensation were approved by the Compensation Committee, and included the grant of 15,000 shares of restricted common stock and 75,000 stock options, intended to provide both an incentive for Ms. Davis to join us and to promote the long-term growth of our Company. The stock options were granted at their fair value and both the options and restricted shares are subject to vesting requirements described

Table of Contents

in the Grants of Plan-Based Awards Table below. In April 2007, in connection with making equity awards to executives and other key employees, we awarded Ms. Davis 30,000 shares of restricted common stock and granted to her 25,000 stock options to provide additional incentive towards attaining our Company's long-term objectives. These stock options were granted at their fair market value and both the stock options and restricted shares are subject to similar vesting requirements and other terms as Ms. Davis' 2006 equity awards. In April 2007, the Compensation Committee also granted 54,000 stock options at an exercise price of \$4.99 per share, the fair value on the date of grant, to 14 key employees as part of our annual review process. Such grants are subject to four-year vesting requirements and other terms and restrictions similar to past option grants.

Termination-Based Compensation

Upon an involuntary termination of employment or certain other circumstances, our executive officers are entitled to receive severance payments under their employment agreements as described in the Employment Agreements and Post-Termination Payments section of this Proxy Statement. Our Compensation Committee believes that such arrangements are customary and necessary to attract and retain executive officers. Additionally, upon a change in control of our Company, our executive officers are entitled under certain circumstances to the severance payments provided for in their employment agreements and the accelerated vesting of equity awards. These change in control provisions are designed to promote stability and continuity of executive management leadership under such circumstances. In 2006, Messrs. Haigler and Peter Koulouris resigned their employment and received severance and other benefits in 2006. Mr. Brown resigned as our Chief Operating Officer effective March 31, 2007 and will receive severance and other benefits in 2007 as described in the Employment Agreements and Post-Termination Payments section of this Proxy Statement.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, our Compensation Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Internal Revenue Code (the Code), which provides that we may not deduct compensation of more than \$1 million that is paid to certain individuals. We believe that compensation paid in 2006 is generally fully deductible for federal income tax purposes. In the future, our Compensation Committee may approve compensation that will not meet these requirements in order to help ensure competitive levels of total compensation for our executive officers and to promote varying Company goals. To the extent our Compensation Committee believes such an action is in our best interests, the Compensation Committee may modify our compensation plans and policies to ensure full deductibility. The Compensation Committee cannot guarantee that future executive compensation will be fully deductible under Code Section 162(m).

Accounting for Equity-Based Compensation

We have accounted for equity-based compensation in accordance with the requirements of Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Compensation*, since our inception.

Other Compensation Matters

We do not have a policy requiring that our directors and executive officers maintain a minimum level of ownership of our common stock.

No compensation consultants were retained by our Company or our Compensation Committee in 2006.

Bonus Plan awards are earned up to a maximum specified percentage of each executive's base salary if certain performance targets are met and no awards are earned if the performance targets are not met. For 2006, the Bonus Plan performance targets were based on (i) capital deployed for content acquisitions; (ii) our Company's financial results; and (iii) discretionary factors based on an assessment of certain qualitative factors surrounding each executive's performance. Employment Agreements and Post-Termination Payments

We have entered into employment agreements with our current executive officers, including Messrs. Mitchell Koulouris and Roy and Ms. Davis. Each agreement has a term of two years, unless earlier terminated by us without cause upon 30 days written notice or upon written notice for cause, subject to a 60-day notice period where such cause is curable by the executive. In addition, each executive may terminate the agreement upon written notice for good reason or no reason, as defined in the agreements. All agreements provide that if the executive's employment is terminated for cause by us or voluntarily by the executive, such executive will be entitled to receive compensation and benefits through the date of termination in accordance with the terms of our benefit plans. In addition, all agreements provide that if the agreement is terminated by us without cause or by the executive for good reason, the executive will be entitled to receive compensation and benefits for a period of 12 months following the date of termination. Each of these executives and each of our other employees have entered into at-will employment, confidential information, invention assignment and arbitration agreements that prohibit such individuals from disclosing our confidential information and trade secrets, assigns all intellectual property developed by them in the course of employment to us and prohibits these individuals from soliciting our employees for a period of one year following termination of employment. Each agreement provides for employment on an at-will basis that allows either party to terminate the employment relationship at any time without reason and without notice.

As part of our employment arrangement with Mr. Mitchell Koulouris, he was sold and issued 200,000 restricted shares of our common stock in August 2005. The shares sold to Mr. Mitchell Koulouris are subject to a repurchase option at the original purchase price that lapses monthly over 24 months following the date of grant so long he remains in our employ. If Mr. Mitchell Koulouris is terminated involuntarily other than for cause, or quits for good reason, as such terms are defined in his employment agreement, his remaining unvested shares will be released from the repurchase option. Upon a change of control, as defined in the Digital Music Group, Inc. Amended and Restated 2005 Stock Plan, all unvested stock options granted to Ms. Davis in 2006 would become fully vested and exercisable and all restrictions underlying shares of restricted stock awarded to Ms. Davis in 2006 would lapse.

The table below estimates the potential payments to Messrs. Mitchell Koulouris and Roy and Ms. Davis upon the occurrence of either the termination of employment by them for good reason, or the termination of their employment by us without cause, as such terms are used in the employment agreements described above. No executive is entitled to termination payments and benefits in connection with an executive's voluntary termination or a termination by us for cause. The amounts below assume the applicable termination event took place on December 31, 2006, and that the price per share of our common stock was \$4.76 (the closing price per share of our stock on December 29, 2006, the last trading day of 2006). The actual amounts to be paid can only be determined at the time of each executive's termination of employment.

	Mitchell Koulouris	Roy	Karen Davis
Cash Severance Payments (1)	\$ 150,000	\$ 130,000	\$ 130,000

- (1) Severance payments are based on the executive's 2006 base salary rate, payable as salary continuation for 12 months.
- (2) Assumes the payment made under the Non-Equity Incentive Compensation Plan are paid at the maximum rate, assuming each executive participated in the plan for a full year.

All of the shares subject to Ms. Davis' option vest upon a change of control or death. As of December 31, 2006, the option exercise price was greater than the price per share of our common stock. Thus, we have assumed that Ms. Davis would not have exercised her option.

During 2006, certain of our named executive officers resigned their positions, triggering termination payments and benefits under the terms of their employment agreements. The table below summarizes the amounts paid or accrued for termination obligations to the named executive officers in 2006.
