QUESTIONS AND ANSWERS

Q: What is a Proxy?

A: A proxy is your legal designation of another person (the Proxy) to vote on your behalf. By completing and returning the enclosed proxy card, you are authorizing someone else to vote for you in the way that you want to vote. You may also choose to abstain from voting. The Proxy is being solicited by our Board of Directors.

Q: What is a proxy statement?

A: A proxy statement is a document, such as this one, required by the Securities and Exchange Commission (the SEC) that, among other things, explains the items on which you are asked to vote on the proxy card.

Q: What am I voting on at the Annual Meeting?

A: At the Sears Holdings 2008 Annual Meeting (the Annual Meeting), our stockholders are asked to:

elect eight directors (see page 5);

ratify the appointment of Deloitte & Touche LLP as our independent public accountants for fiscal year 2008 (see page 31);

vote on the stockholder proposal described beginning on page 31, if properly introduced at the meeting; and

consider any other business that may properly come before the meeting or any adjournments or postponements of the meeting.

Q: Who is entitled to vote?

A: Only holders of our common stock at the close of business on March 10, 2008 (the Record Date) are entitled to vote at the Annual Meeting. Each outstanding share of common stock is entitled to one vote. There were 132,374,422 shares of common stock outstanding on the Record Date.

Q: How do I cast my vote?

A: If you hold your shares directly in your own name, you are a **registered stockholder** and can vote in person at the Annual Meeting or you can complete and submit a Proxy through the Internet, by telephone or by mail. If your shares are registered in the name of a broker or other nominee, you are a **street-name stockholder** and will receive instructions from your broker or other nominee describing how to vote your shares.

Q: How do I vote by telephone or through the Internet?

A: If you are a registered stockholder, you may vote by telephone or through the Internet by following the instructions attached to your proxy card. If you are a street-name stockholder, your broker or other nominee has enclosed or provided a voting instruction card for you to use in directing your broker or nominee how to vote your shares.

Q: Who will count the vote?

A: A representative of Broadridge Financial Services, Inc., an independent tabulator, will count the vote and act as the inspector of election.

Q: Can I change my vote after I have voted?

A: A subsequent vote by any means will change your prior vote. For example, if you voted by telephone, a subsequent Internet vote will change your vote. If you are a registered stockholder and wish to change your vote by mail, you may do so by requesting, in writing, a new proxy card from the Corporate Secretary at Sears Holdings Corporation, Law Department, 3333 Beverly Road, Hoffman Estates, Illinois 60179, Attn: Corporate Secretary. The last vote received prior to the meeting will be the one counted. If you are a registered stockholder, you may also change your vote by voting in person at the Annual Meeting.

Q: Can I revoke a Proxy?

A: Yes, registered stockholders may revoke a properly executed Proxy at any time before it is exercised by submitting a letter addressed to and received by the Corporate Secretary at the address listed in the answer to the previous question. Street-name stockholders cannot revoke their proxies in person at the Annual Meeting because the actual registered stockholders, the brokers or other nominees, will not be present. Street-name stockholders wishing to change their votes after returning voting instructions to their broker or other nominee should contact the broker or nominee directly.

Table of Contents

Q: What does it mean if I get more than one proxy card?

A: It indicates that your shares are registered differently in some way and are in more than one account. Sign and return all proxy cards, or vote each account by telephone or the Internet, to ensure that all your shares are voted. We encourage you to register all your accounts in the same name and address. Registered stockholders may contact our transfer agent, Computershare Trust Company, N.A., at P.O. Box 43078, Providence, Rhode Island 02940-3078 (1-800-732-7780). Street-name stockholders holding shares through a broker or other nominee should contact their broker or nominee and request consolidation of their accounts.

Q: What shares are included on my proxy card?

A: Your proxy card represents all shares registered to your account in the same social security number and address, including any full and fractional shares you own under one or more of the following plans:

the Sears Holdings 401(k) Savings Plan;

the Lands End, Inc. Retirement Plan;

the Sears Puerto Rico Savings Plan;

the Kmart Retirement Savings Plan for Puerto Rico Employees; or

the 2006 Associate Stock Purchase Plan.

We refer to the Sears Holdings 401(k) Savings Plan, the Lands End, Inc. Retirement Plan, the Sears Puerto Rico Savings Plan and the Kmart Retirement Savings Plan for Puerto Rico Employees collectively as the 401(k) Plans. If you hold shares of Sears Holdings common stock through a 401(k) Plan, your proxy card will instruct the trustee of your plan how to vote the shares allocated to your plan account.

Q: What happens if I submit a proxy card without giving specific voting instructions?

A: If you hold your shares as a registered stockholder and you submit your proxy card with an unclear voting designation or with no voting designation at all, the proxies will vote your shares as recommended by the Board of Directors. If you do not vote shares that you hold through the 401(k) Plans (or you submit your proxy card with an unclear voting designation or with no voting designation at all), then the plan trustee will vote the shares in your account in proportion to the way other participants in your 401(k) Plan vote their shares.

Q: What makes a quorum?

A: Each outstanding share of our common stock as of the Record Date is entitled to one vote at the Annual Meeting. A majority of the outstanding shares entitled to vote, being present or represented by Proxy at the meeting, constitutes a quorum. Both abstentions and broker non-votes (described below) are counted for the purpose of determining the presence of a quorum. A quorum is necessary to conduct the Annual Meeting.

Q: How does the voting work?

A: For each item, voting works as follows:

Item 1: To elect any director, the vote of the holders of a plurality of the shares present or represented by Proxy and entitled to vote on the election of directors is required.

Items 2 and 3: Ratification of the appointment of the independent public accountants and approval of the stockholder proposal require the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote on those proposals at the Annual Meeting.

If you hold shares beneficially in street name and do not provide your broker with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. In tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered votes cast on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

With regard to the election of directors, votes may be cast in favor or withheld; votes that are withheld will be excluded and have no effect. Abstentions may be specified on all other proposals (but not on the election of directors). Since the ratification of Deloitte & Touche LLP as our independent public accountants and the stockholder proposal require the approval of a majority of the outstanding shares, abstentions will have the effect of a negative vote.

Table of Contents

Q: Who may attend the Annual Meeting?

A: Any stockholder as of the Record Date may attend. Seating and parking are limited and admission is on a first-come basis. If you are a registered stockholder and you plan to attend the meeting, please keep the admission ticket attached to the enclosed proxy card, as you must present this ticket to be admitted to the meeting. Each stockholder may be asked to present valid picture identification (for example, a driver's license or passport). Street-name stockholders will need to bring a copy of a brokerage statement, proxy or letter from the broker or other nominee confirming ownership of Sears Holdings shares as of the Record Date.

Q: Can I access future annual meeting materials through the Internet rather than receiving them by mail?

A: Yes. *Registered stockholders* can sign up for electronic delivery at www.proxyvote.com. If you vote through the Internet, you can also sign up for electronic delivery. Just follow the instructions that appear after you finish voting. You will receive an e-mail next year containing our 2008 Annual Report on Form 10-K and the proxy statement for our 2009 annual meeting. *Street-name stockholders* may also have the opportunity to receive copies of these documents electronically. Please check the information provided in the proxy materials mailed to you by your broker or other nominee regarding the availability of this service. This procedure reduces the printing costs and fees your company incurs in connection with the solicitation of proxies.

Q: What is householding ?

A: Sears Holdings has adopted a procedure called householding, which has been approved by the SEC. Under this procedure, a single copy of the annual report and proxy statement will be sent to any household at which two or more stockholders reside if they appear to be members of the same family, based on the stockholders' prior express or implied consent. This procedure reduces the printing costs and fees your company incurs in connection with the solicitation of proxies. Stockholders who participate in householding will continue to receive separate proxy cards. If a single copy of the annual report and proxy statement was delivered to an address that you share with another stockholder, at your written or oral request we will promptly deliver a separate copy.

Q: How do I revoke my consent to the householding program?

A: If you are a holder of record and share an address and last name with one or more other holders of record, and you wish to continue to receive separate annual reports, proxy statements and other disclosure documents, you may revoke your consent by writing to Household Department, 51 Mercedes Way, Edgewood, New York 11717. You may also revoke your consent by contacting Sears Holdings' householding agent by calling toll free at 1-800-542-1061 and following the voice prompts. You will be removed from the householding program within 30 days of receipt of the revocation of your consent.

If you are receiving multiple copies of annual reports and proxy statements at an address shared with another stockholder, you may contact us to participate in the householding program by writing to Household Department, 51 Mercedes Way, Edgewood, New York 11717.

A number of brokerage firms have instituted householding. If you hold your shares in street name, please contact your bank, broker or other holder of record to request information about householding.

CORPORATE GOVERNANCE

Corporate Governance Practices

Our Board of Directors (the Board) is committed to effective corporate governance. The Board has approved and adopted Corporate Governance Guidelines that provide the framework for governance of our company. The Nominating and Corporate Governance Committee reviews and assesses the Corporate Governance Guidelines annually and recommends changes to the Board as appropriate. The Corporate Governance Guidelines, along with the charters of all Board committees, our Code of Conduct and our Board of Directors Code of Conduct are available on

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

our website at www.searsholdings.com under the heading Corporate Governance.

Among other things, the Corporate Governance Guidelines provide that

A majority of the members of the Board must be independent directors to the extent required by the securities laws and the NASDAQ Marketplace Rules.

Independent directors are to meet regularly, at least twice a year, in executive session without management present.

Table of Contents

The Board and its committees have the power to engage at the Company's expense independent legal, financial or other advisors as deemed necessary, without consulting or obtaining the approval of the Company's officers in advance.

The Board conducts an annual evaluation to assess whether it and its committees are functioning effectively.

Director Independence

Based on the recommendation of the Nominating and Corporate Governance Committee of the Board of Directors, the Board has determined that each of the following directors, who together constitute a majority of the members of our Board, is an independent director as defined in the NASDAQ Marketplace Rules:

Steven T. Mnuchin

Richard C. Perry

Ann N. Reese

Kevin B. Rollins

Emily Scott

Thomas J. Tisch

In the course of the Board's independence determination, the Board considered transactions, relationships and arrangements required to be disclosed pursuant to SEC rules. In particular, the Board evaluated for:

each of directors Mnuchin, Perry, Reese, Rollins, Scott and Tisch, the annual amount of sales to Sears Holdings by the entity where he or she serves as an executive officer or managing member, and purchases by Sears Holdings from the entity where he or she serves as an executive officer or managing member; and

each of directors Mnuchin, Perry, Reese, Rollins, Scott and Tisch, any charitable contributions by Sears Holdings to the charitable organizations where he or she serves as an executive officer, director or trustee.

Based on this evaluation, the Board determined that each of the independent directors has no relationship with the Company, except as described in Certain Relationships and Transactions on page 11 of the proxy statement.

The Board has also determined that all members of the Audit Committee meet additional, heightened independence criteria applicable to audit committee members under the NASDAQ Marketplace Rules. The Board of Directors has further determined that Ann N. Reese, the chair of the Audit Committee, and Steven T. Mnuchin are audit committee financial experts, as defined in Item 407(d)(5) of Regulation S-K promulgated by the SEC.

ITEM 1. ELECTION OF DIRECTORS

Item 1 is the election of eight nominees to our Board of Directors. If elected, all eight nominees will hold office until the next annual meeting or until their successors are elected and qualified. The persons named in the enclosed proxy card (the proxies) will vote FOR the election of all of the nominees listed below, unless otherwise instructed.

The number of directors constituting the entire Board of Directors is currently fixed at eight. Kevin B. Rollins was elected to our Board of Directors on February 20, 2008. Mr. Rollins was known to, and recommended to the Nominating and Governance Committee by a non-management director. All other candidates have previously been elected by stockholders. The proxies may not vote for the election of more than eight nominees for director at the Annual Meeting.

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

The Board of Directors expects all nominees to be available for election. If any nominee is not available, the proxies may vote your shares for a substituted nominee if you have submitted your proxy.

All of the current members of our Board of Directors except Richard C. Perry, Emily Scott and Kevin B. Rollins have served as directors since at least the consummation of the merger transaction involving Kmart Holding Corporation (Kmart) and Sears, Roebuck and Co. (Sears) on March 24, 2005 (the Merger). Mr. Perry, Ms. Scott and Mr. Rollins were elected to our Board of Directors on September 26, 2005, May 4, 2007 and February 20, 2008, respectively.

While the Committee has the ability to retain a third party to assist in the nomination process, the Company has not paid a fee to any third party to identify or assist in identifying or evaluating potential nominees.

Director nominees recommended by the Nominating and Corporate Governance Committee are expected to be committed to representing the long-term interests of our stockholders. The Committee believes that it is important to align the interests of directors with those of our stockholders, and therefore encourages each director and director nominee to own shares of our common stock in an amount that is meaningful to that individual. Board members should possess a high degree of integrity and have broad knowledge, experience and mature judgment. In addition to a meaningful economic commitment to our company as expressed in share ownership, directors and nominees should have predominately business backgrounds, have experience at policy-making levels in business and/or technology, and bring a diverse set of business experience and perspectives to the Board.

You can nominate a candidate for election to the Board by complying with the nomination procedures in our By-Laws. For an election to be held at an annual meeting of stockholders, nomination by a stockholder must be made by notice in writing delivered to the Corporate Secretary not later than 90 days in advance of such meeting. However, if the annual meeting is not held on or within eight days of the fourth Tuesday in May of a year, and if the Company provides stockholders with less than 100 days notice or public disclosure of the meeting date, the stockholder notice must be given not later than the 10th day following the notice or public disclosure of the meeting date. For an election to be held at a special meeting of stockholders, notice by a stockholder must be given not later than the 10th day following the date on which the Company first provides stockholders with notice or public disclosure of the meeting date.

A stockholder's notice to the Corporate Secretary must be in writing and be delivered to Sears Holdings Corporation, Law Department, 3333 Beverly Road, Hoffman Estates, IL 60179, Attn: Corporate Secretary, and must include:

the name and address of the stockholder;

the name, age and business address of each nominee proposed in the notice;

such other information concerning each nominee as must be disclosed with respect to director nominees in proxy solicitations under the proxy rules of the SEC; and

the written consent of each nominee to serve as a director if so elected.

The chairman of the meeting may refuse to acknowledge the nomination of any person not made in compliance with the foregoing procedures. A stockholder's compliance with these procedures will not require the Company to include information regarding a proposed nominee in the Company's proxy solicitation materials.

Certain Relationships and Transactions

Our Board has delegated authority to direct investment of our surplus cash to Edward S. Lampert, subject to various limitations that have been or may be from time to time adopted by the Board of Directors and/or the Finance Committee of the Board of Directors. Mr. Lampert is Chairman of our Board of Directors and our Finance Committee and is the Chairman and Chief Executive Officer of ESL Investments, Inc. (together with its affiliated funds, ESL). Neither

Table of Contents

Mr. Lampert nor ESL will receive compensation for any such investment activities undertaken on our behalf. ESL beneficially owned 49.6% of our outstanding common stock as of February 2, 2008.

Further, to clarify the expectations that the Board of Directors has with respect to the investment of our surplus cash, the Board has renounced, in accordance with Delaware law, any interest or expectancy of the Company associated with any investment opportunities in securities that may come to the attention of Mr. Lampert or any employee, officer, director or advisor to ESL and its affiliated investment entities who also serves as an officer or director of the Company (each, a Covered Party) other than (a) investment opportunities that come to such Covered Party s attention directly and exclusively in such Covered Party s capacity as a director, officer or employee of the Company, (b) control investments in companies in the mass merchandising, retailing, commercial appliance distribution, product protection agreements, residential and commercial product installation and repair services and automotive repair and maintenance industries and (c) investment opportunities in companies or assets with a significant role in our company s retailing business, including investment in real estate currently leased by us or in suppliers for which we are a substantial customer representing over 10% of such companies revenues, but excluding investments of ESL that were existing as of May 23, 2005.

We are subleasing approximately 2,916 square feet of office space from ESL in Greenwich, Connecticut. We pay a fixed monthly rent, which constituted our proportionate share of the rent paid by ESL to the landlord of the premises at the time that the sublease was executed. We also pay our proportionate share of the cost of utilities (except that we pay only for telephone lines directly serving the subleased premises), real estate taxes, insurance and common area maintenance charges. In fiscal 2007, we paid ESL \$203,523 in rent for the subleased premises.

Our company employs certain employees of ESL. William C. Crowley is a director and our Executive Vice President, Chief Administrative Officer, while continuing his role as President and Chief Operating Officer of ESL. Our Senior Vice President of Real Estate is also employed by ESL.

Perry Capital LLC is an investment management firm controlled by Perry Corp., which is in turn controlled by Richard C. Perry, one of our directors. On May 3, 2005, investment affiliates of Perry Capital LLC, through Capital Factors LLC, acquired the business and assets of Capital Factors, Inc. Capital Factors LLC (now known as Capital Business Credit LLC), acquired the business and assets of Capital Factors, Inc. Capital Business Credit LLC and its predecessor (collectively, Capital Business) provide factoring services to companies in various industries, including those that sell into the retail industry. From time to time, Capital Business has factored receivables (payables of the Company) for certain of our vendors, who sell the receivables to Capital Business on a nonrecourse basis for collection by Capital Business. As a result of Capital Business having provided factoring services to vendors of Sears and Kmart Corporation, amounts were paid to Capital Business by Sears and Kmart Corporation in respect of payables of those companies aggregating approximately \$20 million in 2005, \$30 million in 2006 and \$41 million in 2007. We expect that Capital Business will continue to factor receivables for certain of the Company s vendors. We believe that Capital Business handles more than \$4.3 billion in annual factoring volume.

From time to time, our pension funds may invest in investment funds for which Perry Corp. or its affiliates act as investment adviser.

Review and Approval of Transactions with Related Persons

The Company s Audit Committee charter requires that the Audit Committee review and approve all related party transactions required to be disclosed pursuant to SEC rules. In doing so, the Audit Committee takes into account, among other factors it deems appropriate, whether the transaction is on terms that are no less favorable to the Company than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person s interest in the transaction.

The Company also has also a Contract Approvals Policy which applies to all of the Company s employees and officers. The Contract Approvals Policy requires Audit Committee approval for entry into or exit from any related party transaction.

The related party transactions described in this proxy statement have been approved or ratified by the Audit Committee.

EXECUTIVE COMPENSATION

Compensation, Discussion and Analysis

Executive Compensation Philosophy and Objectives

Sears Holdings believes that the long-term success of the Company is directly related to our ability to attract, motivate and retain highly talented executive officers who are committed to our company's vision, mission and values. These values include focusing on the customer, building and aligning teams and knowing how to make money, and we believe that these values support a culture of accountability and cross-functional collaboration.

The Compensation Committee has developed a compensation philosophy for executive officers that is pay-for performance. Total annual compensation paid to the executive officers identified in the Summary Compensation Table (the "named executive officers") depends on company financial performance, the level of job responsibility and individual performance. The total compensation package provided to the named executive officers includes both annual and long-term incentive programs designed to motivate and encourage employees to drive performance and achieve superior results for our company and our company's stockholders. The Compensation Committee also believes that compensation should reflect the value of the job in the marketplace.

Competitive Pay Practices

Our experience demonstrates that in order to attract qualified external candidates and retain valuable executive officers, we must offer executive compensation packages that are competitive with the packages offered by companies with which Sears Holdings competes for talent. In making compensation recommendations for the named executive officers we performed market research by reviewing pay practices of companies, typically with assets of \$25 billion and greater or revenues of \$16 billion or greater, with a focus, where possible, on retail-specific organizations. We do not benchmark against a set list of competitors or a peer group. We believe that our competitive pay analyses provide a reference point in validating proposed or recommended compensation, thereby assuring that we are offering competitive pay packages to the named executive officers.

Executive Compensation Program: Key Elements

The key elements of our compensation program for the named executive officers include base salary and incentive opportunities. Incentive opportunities include annual and long-term performance-based programs designed to drive long-term decision making while also incentivizing correct short-term decision making. In addition, time-based equity awards (i.e., equity that vests with the passage of time) are made to provide additional motivation and encourage retention.

We believe that the compensation of our most senior executive officers, who have the greatest ability to influence our financial performance, should be predominantly performance-based. When making individual compensation decisions for our named executive officers, the Compensation Committee takes many factors into account, including the individual's performance, tenure and experience; the performance of the Company overall; any retention concerns; the impact and importance of the position within our company; the individual's expected future contributions to our company; the individual's historical compensation; and internal pay equity (meaning the relative pay differences for different positions within our company). There is not a pre-established policy or target for the allocation between annual and long-term incentive compensation. Instead, the Compensation Committee takes a holistic approach to executive compensation and balances the compensation elements for each named executive officer individually.

Our Executive Vice President and Chief Administrative Officer, William C. Crowley is also employed by ESL Investments, Inc. (together with its affiliated funds, "ESL"), our largest stockholder. Mr. Crowley receives a base salary, but he does not receive annual, long-term or equity compensation from the Company because he also performs services for ESL that are separate and unrelated to the work he does for Sears Holdings. For additional information regarding the relationship between our company and ESL, please see the section entitled "Certain Relationships and Transactions" included on page 11 of this proxy statement.

Base Salary

Base salary is the fixed element of each named executive officer's cash compensation. We set base salaries to reflect a named executive officer's performance, experience and tenure; the individual's expected future contributions to

Table of Contents

our company; the requirements and responsibilities of the position; the impact and importance of the position within our organization; internal pay equity; and competitive pay research. The timing and amount of base salary increases depend on the named executive officer's past performance, promotion or other change in responsibilities, expected future contributions to our company and current market competitiveness.

Mr. Johnson was the only named executive officer to receive an increase in base salary in fiscal 2007. Mr. Johnson received a 3.4% salary increase due to his individual performance in fiscal 2006 and in recognition of the impact that Mr. Johnson has on key areas of our business. The Compensation Committee determined at that time that the base salaries of the other named executive officers were appropriate.

Annual Incentive Compensation

Our annual incentive program is a pay-for-performance program providing for annual cash awards to eligible employees based on achievement of financial performance goals relating to a specific fiscal year. The purpose of our annual incentive program is to motivate and reward eligible employees for their contributions to Sears Holdings' financial performance by making their cash incentive award variable and dependent upon Sears Holdings' annual financial performance.

The Compensation Committee sets target awards under our annual incentive programs as a percentage of base salary based primarily upon an evaluation of the importance and impact of the position within our organization. The Compensation Committee also considers the executive officer's performance, experience and tenure; the executive officer's expected future contributions to our company; and internal pay equity. Annual incentive program target payout percentages for the named executive officers are reviewed and may be revised as determined advisable by the Compensation Committee's evaluation of a named executive officer's individual performance.

2007 Annual Incentive Plan (AIP)

The AIP is a cash-based program that is intended to reward associates including our named executive officers for their contributions to the achievement of certain EBITDA (earnings before interest, taxes, depreciation and amortization) goals for fiscal 2007. AIP EBITDA is defined as total earnings of our company, other than Sears Canada Inc., for the performance period, determined before interest, taxes, depreciation and amortization and excluding:

litigation or claims judgments or settlements;

the effect of purchase accounting and changes in accounting methods;

gains, losses and costs associated with store closings and certain acquisitions and divestitures;

integration costs that are Merger-related; and

restructuring activities.

The Company believes that EBITDA is a key metric of operational performance, as it provides a clearer picture of operating results and cash flows by eliminating expenses that are not reflective of underlying business performance.

The EBITDA goals for the AIP are based upon the expectation of EBITDA growth. The performance parameters were as follows:

	Threshold for Payment	Target	Maximum
Performance Results	90% of EBITDA Goal	100% of EBITDA Goal	125% of EBITDA Goal
AIP Award	60% of Target Payout	100% of Target Payout	150% of Target Payout

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

Excluding Messrs. Lewis and Crowley, the named executive officers' target payout percentages under the AIP ranged from 75% to 90%, depending upon the importance and impact of the position within our organization and each named executive officer's performance, tenure and experience. Mr. Lewis's target payout percentage was set at 100% under his employment agreement. Mr. Crowley did not participate in the AIP.

Consistent with our pay-for-performance philosophy, the Company's performance in fiscal 2007 resulted in no payments to our named executive officers under the AIP because the threshold performance level was not achieved.

Table of Contents

Long-Term Performance-Based Compensation

Our long-term incentive programs are designed to motivate our executive officers to focus on long-term company performance through cash or common stock awards based on three-year or longer performance periods and reinforce accountability by linking executive compensation to aggressive performance goals. Sears Holdings believes that these plans are an important instrument in aligning the goals of the named executive officers with our company's strategic direction and initiatives, which our company believes will result in increased stockholder return. We also believe that our long-term incentive programs are a valuable tool in attracting and retaining key executive officers.

The Compensation Committee sets target awards under our long-term incentive programs as a percentage of base salary based primarily upon an evaluation of the importance and impact of the position within our organization. The Compensation Committee also considers the executive officer's performance, experience and tenure; the executive officer's expected future contributions to our company; and internal pay equity.

Beginning in 2005, long-term performance awards have been granted every year to our named executive officers and others. The Summary Compensation Table and Grants of Plan-Based Awards tables on pages 20 and 23 of this proxy statement contain information regarding the long-term performance-based compensation opportunities for fiscal 2007. These opportunities consist of a potential cash payment under the Sears Holdings Corporation 2005 Senior Executive Long-Term Incentive Program (the "2005 Senior Executive LTIP") for the recently completed 2005 through 2007 performance period and a grant of performance-based restricted stock under the 2007 Executive Long Term Incentive Program (the "2007 Executive LTIP") awarded to our named executive officers in March 2007. Certain named executive officers also are participating in the 2006 Long-Term Incentive Program (the "2006 LTIP"), a performance-based cash program dependent upon the achievement of company financial goals during our 2006 through 2008 fiscal years. Any payment under the 2006 LTIP will vest in fiscal 2008 and has no impact on long-term performance-based compensation for the named executive officers in fiscal 2007.

2005 Senior Executive LTIP

The 2005 Senior Executive LTIP was established for named executive officers and others with the following objectives: rewarding achievement of LTIP EBITDA goals established for the 2005 through 2007 fiscal years; and providing minimum and maximum payment amounts dependent on the achievement of threshold and maximum LTIP EBITDA goals. The named executive officers that participated in the 2005 Senior Executive LTIP were W. Bruce Johnson, Maureen McGuire and Corwin Yulinsky. LTIP EBITDA is defined under the program as total earnings of our company and its predecessors, other than Sears Canada Inc. for the performance period, determined before interest, taxes, depreciation and amortization and excluding:

the effect of purchase accounting and changes in accounting methods;

gains, losses and costs associated with store closings and certain acquisitions and divestitures;

integration costs that are disclosed as Merger-related; and

bankruptcy-related matters of Kmart Corporation.

The reason we use EBITDA as the performance measure is described under "Annual Incentive Plan" above.

Consistent with our pay-for-performance philosophy, the Company's performance during our 2005 through 2007 fiscal years resulted in no payments to the participating named executive officers under the 2005 Senior Executive LTIP because the threshold performance level was not achieved.

2007 Executive LTIP

The 2007 Executive LTIP contains the following elements.

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

Performance-based restricted stock. The Company issued performance-based restricted stock awards, which we believe better aligns the interests of our named executive officers and stockholders and allows our named executive officers to benefit further based on increases in the stock price.

EBITDA Performance Target. The 2007 Executive LTIP features an aggressive, annual EBITDA performance target that the Company believes creates focus and alignment around a financial goal. The plan provides that 100% target vesting will occur if 100% of the EBITDA performance target is achieved by 2009, 50% of target vesting will occur if 100% of the EBITDA performance target is achieved by 2010 and no vesting will occur if

Table of Contents

the EBITDA performance target is not achieved. Additionally, there is no increase in the number of shares that vest if actual EBITDA performance exceeds the performance target. LTIP EBITDA is defined under this program in the same manner as described under 2005 Senior Executive LTIP above, except that litigation or claim judgments or settlements and investment income and losses may also be excluded in calculating LTIP EBITDA under the 2007 Senior Executive LTIP. The reason why we use EBITDA as a performance measure is described under Annual Incentive Plan above.

Target award amounts. The Company intended the target awards to reward the named executive officers for achieving the aggressive performance target. The target award amount under this program for Ms. McGuire and Messrs. Reidy and Yulinsky is 300% of base salary. Mr. Johnson's target award amount is 467% in recognition of his impact and importance within our organization. If the target is achieved during fiscal 2007, 2008 or 2009, the number of shares released during fiscal 2009 will be the entire award amount reflected in the table on page 23 of this proxy statement. If the performance target is achieved in fiscal 2010, the number of shares released will be half of the original award amount reflected in the table on page 23 of the proxy statement. If the performance target is not achieved by 2010, no portion of the target award will be received.

Performance-based restricted stock will be forfeited if the executive leaves the Company prior to the initial payment date in fiscal 2010. An executive whose employment with us ends after the initial payment date may receive shares in certain cases.

Our ability to achieve the 2007 Executive LTIP performance target is dependent upon a number of factors. Given our recent operating performance and the current retail market conditions, there is substantial uncertainty with respect to achieving the 2007 Executive LTIP performance target in any year in the performance period. If the present conditions persist, vesting of the performance-based restricted stock awarded under the 2007 Executive LTIP is not likely to occur.

Time-Based Equity Compensation

Time-based equity (i.e., equity that vests with the passage of time) compensation assists Sears Holdings to:

Attract and retain top executive talent;

Motivate executive officers to improve stockholder return;

Increase levels of executive equity ownership; and

Link executive and company long-term financial interests of our company, including the growth in value of our company's equity and enhancement of long-term stockholder return.

Time-based equity compensation is intended to complement the three major compensation elements: base salary, annual incentive awards and long-term incentive awards.

Time-based equity compensation at Sears Holdings is currently awarded in the form of restricted stock. Our practice is to determine the dollar amount of equity compensation and then grant a number of shares of restricted stock having a fair market value equal to that dollar amount on the date of grant. We determine the fair market value based upon the closing price of our stock on the grant date. Individual grant amounts are based on factors such as relative job scope, expected future contributions to our company and internal pay equity.

When our Compensation Committee grants restricted stock awards, such awards typically vest in full in three years. For new hires, our Compensation Committee has, on a limited basis, granted restricted stock that vests in one-third increments on the first, second and third anniversaries of the grant date. Unless otherwise noted in an executive officer's employment agreement, in order for a restricted stock award to vest, the recipient must be employed by Sears Holdings on the vesting date of the award.

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

The Company does not grant restricted stock on a regular basis to our named executive officers. In fiscal 2007, Messrs. Walden and Reidy received restricted stock grants in order to induce them to join the Company and to offset equity compensation forfeited from their prior employers.

The Company does not have a stock option plan, as currently stock options are not a key pay component for Sears Holdings.

Table of Contents

Discretionary Bonuses

We pay sign-on bonuses where necessary or appropriate to attract top executive talent from other companies. Executives we recruit often have a significant amount of unrealized value in the form of unvested equity and other forgone compensation opportunities. Sign-on bonuses are an effective means of offsetting compensation opportunities executives may lose when they leave a former company to join our company.

Mr. Reidy was awarded a sign-on bonus of \$250,000 payable within 30 days after his relocation to the greater Chicago area. Mr. Reidy did not relocate to the greater Chicago area during fiscal 2007.

CEO Compensation

Under the terms of his employment agreement, our former chief executive officer, Aylwin Lewis, received a base salary and participated in the annual incentive plan, with a target bonus of 100% of base salary. The restricted stock grants and stock option grants awarded to Mr. Lewis under his employment agreement were intended to provide long-term compensation; therefore, he did not participate in the Company's long-term incentive programs or receive equity compensation. Mr. Lewis's last day with the Company was February 2, 2008, and the details regarding the severance payments provided to him under his employment agreement with the Company are described in "Payments Pursuant to Individual Agreements" on page 29 of this proxy statement.

Effective February 3, 2008, the first day of fiscal 2008, W. Bruce Johnson was appointed our interim Chief Executive Officer and President. Commensurate with his new responsibilities, Mr. Johnson received an increase in annual base salary to \$900,000, with an annual target incentive opportunity of 100% of annual base salary. Mr. Johnson also received a restricted stock award under the Company's 2006 Stock Plan valued at \$1,000,000 on February 3, 2008, which will vest in two equal installments on January 31, 2009 and January 30, 2010.

Severance Benefits

Each of our named executive officers (other than William Crowley and Aylwin Lewis as discussed below) has entered into a severance agreement with the Company. Our company provides severance to the named executive officers as a component of a competitive compensation package and as compensation for the non-competition clause in our severance agreements. Additionally, we believe that severance payments provide individuals a window of time to locate a new position in the marketplace. Under the agreement, severance is provided for termination without cause (as defined in the agreement) or if the executive officer's employment is terminated for "good reason" (as defined in the agreement). Named executive officers (other than William Crowley and Aylwin Lewis as discussed below) will receive the following, depending on the form of agreement:

Severance equal to one year of annual base salary, subject to mitigation for salary or wages earned from another employer, including self-employment; or

Severance equal to one year of annual base salary and target bonus, subject to mitigation.

If a named executive officer becomes entitled to benefits under the severance agreement, the named executive officer will receive other company benefits such as continued participation in Sears Holdings medical and dental plans during the salary continuation period. The forms of executive severance agreements do not have specific change-in-control provisions that would impact the payment of severance benefits to the executive officers.

Long-term incentive awards are only payable in the event of a termination of employment if certain conditions are met, as provided under the applicable long-term incentive program. Please see "Long-Term Performance-Based Compensation" on page 15 for additional information.

In the event of a named executive officer's death, disability, retirement or involuntary termination, at the discretion of the Compensation Committee, such officer's restricted stock awards may be accelerated. In all other cases, any unvested restricted stock award under the 2006 Stock Plan will be forfeited upon termination of employment.

Mr. Crowley is not a party to a severance agreement with the Company and therefore is not eligible to receive severance payments. The severance payments to Mr. Lewis are governed by his employment agreement and described in "Payments Pursuant to Individual Agreements" on page 29 of this proxy statement.

Retirement Plans

We provide 401(k) savings plans to allow participants to contribute towards retirement on a pre-tax (including catch-up contributions) and after-tax basis. We allow pre-tax contributions of up to 50% of eligible compensation or the limit determined by the Internal Revenue Service. After an associate reaches one year of service, we will match 100% of the pre-tax contributions on up to 3% of compensation plus 50% of pre-tax contributions on up to the next 2% of compensation. This match is made on a quarterly basis to eligible participants. We believe that our 401(k) savings plans provide the opportunity for named executive officers to address their retirement savings needs, especially given the mobile nature of today's workforce. Our 401(k) savings plans allow for the participant's portability of plan assets and offers greater control of savings to participants, with numerous investment choices from which participants can select.

Perquisites and Other Benefits

Sears Holdings provides the named executive officers with limited perquisites and other personal benefits that the Compensation Committee deems reasonable and consistent with our overall compensation program. Certain named executive officers receive relocation benefits, commuter benefits and tax reimbursement for the use of air and ground transportation. Sears Holdings Company-owned aircraft are also used in regularly scheduled shuttle routes between our company's Hoffman Estates Support Center and our offices in the New York area.

The Company's former Chief Executive Officer, Mr. Lewis, was allowed to have his family members accompany him on corporate aircraft and ground transportation when he visited stores or otherwise traveled for Company business given his travel schedule, particularly on weekends. Under the SEC rules, including Mr. Lewis's family on business trips is considered to be a perquisite, even if there is no incremental cost to the Company. Additionally, Mr. Lewis used the corporate aircraft for personal travel on one occasion in fiscal 2007. The Company compensated Mr. Lewis for the costs of such travel including any incremental income taxes payable. Mr. Lewis also used Company-provided ground transportation for personal use without tax reimbursement.

Role of Executive Officers in Compensation Decisions

Generally, our Senior Vice President of Human Resources develops an offer, including a proposed compensation package for executive officers, with input and review from the Chief Administrative Officer and Chief Executive Officer. Upon agreement between the Company and the candidate, the proposed compensation package is presented to the Compensation Committee for review and final approval. The Chief Executive Officer generally plays an advisory role to the Compensation Committee during this process.

The Chief Executive Officer and, in selected cases, Chairman play an active role in determining executive officers' total compensation. This includes recommendations for annual compensation reviews. The Chief Executive Officer, Chairman and the Senior Vice President of Human Resources present recommendations to the Compensation Committee regarding an executive officer's total compensation for final approval.

Compensation Committee Role in Executive Compensation Decisions

The Compensation Committee of the Board of Directors of Sears Holdings is appointed by the Board to fulfill the Board's responsibilities relating to compensation of our Chief Executive Officer and our executive officers. The Compensation Committee has overall responsibility for approving and evaluating all compensation plans, our policies and programs as they affect the Chief Executive Officer and the executive officers. The Compensation Committee is an independent committee of the Board and shall consist of no fewer than two members.

The Compensation Committee has the sole authority to retain or terminate any compensation consultant to be used to assist in the evaluation of Chief Executive Officer or executive officer compensation and has the sole authority to approve the consultant's fees and the terms and conditions of the consultant's retention. The Compensation Committee also has authority to obtain advice and assistance from internal or external legal, accounting or other advisors.

The Compensation Committee reviews and approves corporate goals and objectives relevant to Chief Executive Officer compensation, evaluates the Chief Executive Officer's performance in light of those goals and objectives, and recommends to the Board the Chief Executive Officer's overall compensation levels based on this evaluation. In evaluating the incentive components of Chief Executive Officer's compensation, the Compensation Committee considers the Company performance and relative stockholder return, and the awards given to the Chief Executive Officer in past years.

Table of Contents

The Compensation Committee regularly reviews and approves the following as they affect the named executive officers:

Annual base salaries and annual incentive opportunities.

All other incentive awards and opportunities, including both cash-based and equity-based awards and opportunities.

Employment agreements and severance arrangements.

The Compensation Committee also receives periodic reports on our compensation programs as they affect all associates. Finally, the Compensation Committee reviews and approves any special or supplemental compensation and benefits for the Chief Executive Officer and the executive officers and persons who formerly served as the Chief Executive Officer and/or as executive officers, including supplemental retirement benefits and the perquisites provided to them during and after employment.

Certain Tax Consequences

In setting an executive officers compensation package, the Compensation Committee considers the requirements of Internal Revenue Code Section 162(m) (Section 162(m)), which provides that compensation in excess of \$1 million paid to certain executive officers is not deductible unless it is performance-based and paid under a program that meets certain other legal requirements. Neither base salary nor restricted stock that vests based solely on continued service qualify as performance-based compensation under Section 162(m). Although a significant portion of each executive officer s compensation will satisfy the requirements for deductibility under Section 162(m), the Compensation Committee retains the ability to evaluate the performance of our executives and to pay appropriate compensation, even if it may result in the non-deductibility of certain compensation under federal tax law.

Compensation Committee Interlocks and Insider Participation

None of the members of the Board s Compensation Committee was, during fiscal 2007, an officer or employee of the Company. Information about transactions between the Company and its directors is set forth under Certain Relationships and Transactions above.

During fiscal 2007, Ms. Reese, Ms. Scott and Mr. Tisch served on our Compensation Committee.

Table of Contents

(c) The amounts in this column reflect the values recognized for financial reporting purposes in accordance with FAS 123(R) in the applicable fiscal year for the named executive officers as described below and thus may include amounts granted in and prior to the applicable fiscal year. A discussion of the assumptions used in calculating these values may be found in Note 12 to the audited financial statements included in the Annual Report on Form 10-K for the fiscal year ended February 2, 2008.

On October 18, 2004, Mr. Lewis was granted options to purchase 150,000 shares of Sears Holdings common stock. Options to purchase 112,500 shares vested in three equal installments on the last day of the Company's 2005, 2006 and 2007 fiscal years, and options to purchase 37,500 shares vested on February 2, 2008, Mr. Lewis's termination date. All of Mr. Lewis's stock options must be exercised by February 2, 2010. As of the end of fiscal 2007, options to purchase 150,000 shares of common stock were exercisable, and Mr. Lewis had not exercised any of the awarded options.

(d) For Mr. Johnson, this amount represents \$9,000 in matching contributions under the Sears Holdings 401(k) Savings Plan. For Mr. Reidy, this amount includes (1) temporary living and other relocation-related expenses in the aggregate of \$66,125, including \$21,125 in related tax gross up payments and (2) \$4,280 attributable to the aggregate incremental cost (i.e., the cost to the Company of providing the personal flight) of Mr. Reidy's commuter travel on the Company aircraft.

For Ms. McGuire, this amount includes (1) \$9,000 in matching contributions under the Sears Holdings 401(k) Savings Plan; (2) commuter transportation, lodging and expense payments in the amount of \$48,387, including \$15,862 in related tax gross up payments; (3) \$10,182 attributable to Ms. McGuire's commuter travel on the Company aircraft; and (4) payments of \$8,173 in tax gross up payments associated with Company-provided air transportation. Ms. McGuire commutes to Hoffman Estates on the scheduled shuttle routes between our company's Hoffman Estates support center and its offices in the New York area. We have determined that there is no aggregate incremental cost associated with Ms. McGuire's use of the corporate aircraft when she is on a regularly scheduled shuttle flight with other executive officers traveling on business. On two flights there were no other executive officers traveling on business, and we included the cost attributable to Ms. McGuire based on the aggregate incremental cost of the flights.

For Mr. Yulinsky, this amount represents \$9,000 in matching contributions under the Sears Holdings 401(k) Savings Plan.

For Mr. Lewis the amount includes (1) \$2,145,518 in salary continuation payments to be paid through March 24, 2010; (2) \$9,978 in after-tax payments that will be provided for medical and dental plan benefits following the expiration of the COBRA benefit period; (2) \$8,586 in health and welfare benefits; (3) \$3,154 attributable to the aggregate incremental cost of Mr. Lewis's personal travel on the Company aircraft; (4) \$20,838 attributable to Company-provided ground transportation for travel to and from the Hoffman Estates support center; (5) payments of \$2,132 in tax gross up payments associated with Company-provided air transportation; and (6) payments in the aggregate of \$128,028 in connection with the purchase of Mr. Lewis's new home in the greater Chicago area, including \$28,506 in related tax gross up payments. Mr. Lewis was allowed to have his family members accompany him on corporate aircraft and ground transportation when he visited stores or otherwise traveled for company business, given his travel schedule, particularly on weekends. Although income is imputed to Mr. Lewis for these situations under tax regulations, we have determined that there was no aggregate incremental cost associated with including Mr. Lewis's family on business trips in fiscal 2007. Mr. Lewis used the corporate aircraft for personal travel on one occasion in fiscal 2007.

For Mr. Walden the amount includes (1) \$1,425,000 in salary continuation and target bonus payments; (2) \$7,332 attributable to Company-provided medical plans during Mr. Walden's severance period; (3) a payment of \$15,000 for outplacement services; and (3) payments in the aggregate of \$33,474 in connection with relocation expenses, including \$13,014 in related tax gross up payments.

The aggregate incremental cost of our executive officers' personal use of corporate aircraft is calculated based on the average variable operating costs to the Company. Variable operating costs include fuel, maintenance, on-board catering, airport fees and crew expenses. The total annual variable costs are divided by the annual number of miles that Company aircraft flew to derive an average variable cost per mile. This average variable cost per mile is then multiplied by the miles flown for personal use to derive the incremental cost. The methodology excludes fixed costs that do not change based on usage, such as pilots' and other employees' salaries, purchase costs of the aircraft and non-trip related hangar expenses.

The aggregate incremental cost to the Company of our executive officers' personal use of Company-provided automobiles is calculated based on the estimated lease charges for such vehicles and expenditures for maintenance, repair, fuel and administration.

(a) The amounts in these columns include the threshold, target and maximum amounts for each named executive officer under the 2007 AIP. The 2007 AIP payments are based on adjusted EBITDA goals for the Company and columns reflect payouts at the threshold of 60% of the award, payouts at the target of 100% of the award and payouts at the maximum of 150% of the award. Because we did not achieve the threshold target for performance specified in the 2007 AIP, no amounts were earned under the 2007 AIP for fiscal 2007.

Table of Contents

(b) The number of restricted shares includes the target amount for each named executive officer under the 2007 Executive LTIP. There is no threshold or maximum payment under this plan. The 2007 LTIP payment amount is based on an adjusted EBITDA goal for the Company, and the target column reflects the number of shares that will be paid out if the financial goal is achieved before the end of fiscal year 2009. If the adjusted EBITDA goal is achieved before the end of fiscal year 2010, one half of the shares reflected in the target column will pay out.

(c) This column reflects the full grant date fair value of restricted stock granted to certain named executive officers. Generally, the full grant date fair value is the amount that the Company would expense in its financial statements over the award's vesting schedule.

For Messrs. Walden, Johnson and Yulinsky and Ms. McGuire, the fair value of the restricted stock awards under the 2007 Executive LTIP was calculated using the closing price of our common stock on the grant date, which was \$177.96.

For Mr. Reidy, the fair value of the restricted stock awards under the 2007 Executive LTIP and under the 2006 Stock Plan was calculated using the closing price of our common stock on the grant date, which was \$131.54.

Table of Contents***Option Exercises and Stock Vested***

The following table shows the number of shares acquired upon vesting of restricted stock awards and the value realized, before payment of any applicable withholding tax. None of our named executive officers exercised any stock options during fiscal 2007.

William C. Crowley		
Aylwin B. Lewis	30,882	\$ 3,368,300
John Walden	5,651	\$ 612,060

(a) For Mr. Johnson, the amount represents shares that vested on February 4, 2007. Because the vesting date was a Sunday, the closing market price was calculated using the average of the high and low prices on the trading days immediately before and after the vesting date, which was \$178.49.

For Ms. McGuire and Mr. Yulinsky, the amount represents shares that vested on October 31, 2007. The closing price of our common stock on October 31, 2007 was \$134.79. See footnote (b) to the Summary Compensation Table for additional information regarding Ms. McGuire's and Mr. Yulinsky's restricted stock grants.

For Mr. Lewis, the amount represents shares that vested on February 2, 2008. Because the vesting date was a Saturday, the closing market price was calculated using the average of the high and low prices on the trading days before and after the vesting date, which was \$109.07. For Mr. Walden, the amount represents shares that vested on February 1, 2008. The closing price of our common stock on February 1, 2008 was \$108.31. See footnote (b) to the Summary Compensation Table for additional information regarding Mr. Walden's restricted stock grants.

Potential Payments Upon Termination of Employment

The amount of compensation paid to each of the named executive officers of the Company in the event of termination of such executive's employment is discussed below, and potential payouts are detailed in the tables. The amounts shown assume that such termination was effective as of February 2, 2008, the last day of fiscal 2007. Therefore, the tables include amounts earned through such time and are estimates of the amounts which would be paid out to each named executive officer upon his or her termination, subject to mitigation. The actual amounts paid to the executives can only be determined at the time of such executive's separation from the Company.

Mr. Crowley is not a party to a severance agreement with our company and therefore is not eligible to receive severance payments. The payments that Messrs. Lewis and Walden received upon termination of employment are described below.

Table of Contents

Payments Pursuant to Severance Agreements

As described in the Compensation, Discussion and Analysis beginning on page 13, the Company provides severance benefits to Ms. McGuire and Messrs. Johnson, Reidy and Yulinsky pursuant to severance agreements that the Company entered into with each of such executive officers. The amounts shown in the table for termination for good reason or termination without cause are based on the following agreement provisions.

A termination by the executive officer is for good reason if it results from (1) a reduction of more than 10% in the sum of the executive officer's annual salary and target bonus from those in effect as of the date of the severance agreement; (2) an executive officer's mandatory relocation to an office more than 50 miles from the primary location at which the executive officer is required to perform his or her duties; or (3) the failure of a successor company to assume or fulfill the obligations under the severance agreement. Mr. Johnson's severance agreement also provides that a termination is for good reason if it results from a change in reporting relationship such that the named executive officer reports to anyone other than the Chief Executive Officer, the Chairman of the Board or the Board of Directors.

A termination by an executive officer is without cause if the executive officer is involuntarily terminated on account of job elimination rather than poor performance or without cause. Cause means (1) a material breach by the executive officer, other than due to mental or physical disability, of the executive officer's duties and responsibilities which breach is demonstrably willful and deliberate on the executive officer's part, is committed in bad faith or without reasonable belief that such breach is in the best interests of the Company and such breach is not remedied by the executive officer; (2) the commission by the executive officer of a felony involving moral turpitude; or (3) dishonesty or willful misconduct in connection with the executive officer's employment.

Severance Benefits upon termination for good cause or termination without cause

Base salary at the rate in effect immediately prior to the date of termination for one year in the form of salary continuation.

Depending on the agreement, target bonus for the year in which the termination occurred; if the target bonus has not been set for the year in which the date of termination has occurred, the executive officer's target bonus for the year immediately preceding the year in which the date of termination has occurred.

Continuation of medical and dental plans the executive officer was eligible to participate in prior to the end of employment. The forms of severance agreements do not provide for payments to the eligible named executive officers upon death, disability or retirement. Assuming that a termination was effective as of February 2, 2008, the eligible named executive officers would have been eligible to receive payments under the Company's annual and long-term incentive programs upon death, disability or retirement, as provided below.

An eligible named executive officer will not be entitled to a severance payment under the severance agreements in the event of termination with cause or voluntary termination.

Payments Pursuant to Incentive Compensation Programs

As described in the Compensation, Discussion and Analysis beginning on page 13, our company provides annual and long-term incentive awards to our named executive officers. Mr. Crowley does not participate in our annual and long-term incentive programs. In addition, Mr. Reidy did not receive awards under the 2005 Senior Executive LTIP or the 2006 LTIP.

Ms. McGuire and Mr. Johnson may be entitled to payment of a target bonus pursuant to the severance agreements. In the event of the termination of Ms. McGuire or Messrs. Johnson or Yulinsky, pro-rated payments may be made upon certain termination events under the 2005 Senior Executive Long-Term Incentive Program (2005 Senior Executive LTIP) and 2006 Long-Term Incentive Program (2006 LTIP). The performance-based restricted stock awarded under the 2007 Executive LTIP will be forfeited if the executive leaves the Company prior to the initial payment date in fiscal 2010.

Table of Contents**Independent Auditor Fees**

The following table shows the fees paid or accrued by the Company and its subsidiaries for the audit and other services provided by Deloitte & Touche LLP (including Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (the Deloitte Group)) for each of the past two fiscal years:

	Fiscal 2007	Fiscal 2006
Audit Fees(1)	\$ 6,257,000	\$ 5,608,000
Audit-Related Fees(2)	1,379,000	1,353,000
Tax Fees(3)	1,060,000	918,000
All Other Fees	0	0
Total	\$ 8,696,000	\$ 7,879,000

- (1) Audit Fees represent fees for professional services provided in connection with the audit of the Company's consolidated annual financial statements and internal control over financial reporting and review of the quarterly financial statements, and audit services in connection with statutory or regulatory filings, accounting consultations, consents and other SEC matters.
- (2) Audit-Related Fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees. In 2007 and 2006, this category consisted primarily of services related to subsidiary audits and employee benefit plan audits.
- (3) Tax Fees consist of fees billed for professional services rendered for tax compliance and tax planning and advice. Fees for tax compliance services totaled \$601,000 and \$512,000 in 2007 and 2006, respectively. Tax compliance services included federal, state, local and international income tax return assistance, sales and use tax return assistance and assistance with tax audits. Fees for tax planning and advice services totaled \$459,000 and \$416,000 in 2007 and 2006, respectively.

The Audit Committee must pre-approve all engagements of our independent auditor as required by its charter and the rules of the SEC. Prior to the beginning of each fiscal year, the Audit Committee approves an annual estimate of fees for engagements, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. In addition, the Audit Committee will evaluate known potential engagements of the independent auditor, including the scope of the proposed work to be performed and the proposed fees, and approve or reject each service. Management may present additional services for approval at subsequent committee meetings. The Audit Committee has delegated to the Audit Committee Chair the authority to evaluate and approve engagements on behalf of the Audit Committee in the event a need arises for pre-approval between Committee meetings and in the event the engagement for services was within the annual estimate but not specifically approved. If the Chair so approves any such engagements, she will report that approval to the full Committee at the next Committee meeting.

All of the audit, audit-related and tax services provided by the Deloitte Group were pre-approved in accordance with the Audit Committee's policies and procedures.

Report of the Audit Committee

The purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the Company's system of internal controls, the presentation and disclosure in the Company's financial statements, which will be provided to our stockholders and others, and the overall audit process. All members of the Audit Committee meet the criteria for independence applicable to audit committee members under the NASDAQ Marketplace Rules. The Audit Committee Charter complies with the NASDAQ Marketplace Rules.

Management is responsible for the financial reporting process, including the system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States (GAAP). The independent auditors are responsible for auditing these financial statements and expressing an opinion as to their conformity to GAAP. The Audit Committee's

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

responsibility is to monitor and review these processes, acting in an oversight capacity, and the Audit Committee does not certify the financial statements or guarantee the independent auditor's report. The Audit Committee relies, without independent verification, on the information provided to it including representations made by management and the independent auditors including their audit report.

Table of Contents

The Audit Committee discussed with our independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. Disclosures were received from the independent auditors regarding their independence as required by Independence Standards Board Statement No. 1 and these disclosures, as well as the independent auditors' independence, were discussed with them. The Audit Committee reviewed and discussed the audited financial statements of Sears Holdings Corporation for the fiscal year ended February 2, 2008 with management and the independent auditors. Based on the review and discussions noted above, the Audit Committee recommended to the Board that the audited financial statements of Sears Holdings Corporation be included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended February 2, 2008.

ITEM 2. RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

Item 2 is the ratification of the Audit Committee's appointment of Deloitte & Touche LLP as independent public accountants to audit the financial statements of the Company for fiscal year 2008. Representatives of Deloitte & Touche LLP will be present at the Annual Meeting. They will be available to respond to your questions and may make a statement if they so desire.

THE BOARD RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT PUBLIC ACCOUNTANTS FOR FISCAL YEAR 2008.

ITEM 3. STOCKHOLDER PROPOSAL

The International Brotherhood of Electrical Workers Pension Benefit Fund, 900 Seventh Street, N.W., Washington, D.C. 20001, which has represented to us that it owns 1,853 shares of our common stock, has submitted the following proposal.

RESOLVED: That the shareholders request the Board of Directors of Sears Holdings Corporation to adopt a policy establishing an engagement process with the proponents of shareholder proposals that are supported by a majority of the votes cast, excluding abstentions and broker non-votes, at any annual meeting.

This proposal requests the Board of Directors of Sears Holdings Corporation take the following steps if a proposal, submitted by a shareholder for a vote pursuant to Rule 14a-8 of the Securities and Exchange Commission, receives a majority of the votes cast:

Within four months after the annual meeting, an independent board committee should schedule a meeting (which may be held telephonically) with the proponent of the proposal, to obtain any additional information to provide to the Board of Directors for its reconsideration of the proposal. The meeting with the proponent should be coordinated with the timing of a regularly scheduled board meeting.

Following the meeting with the proponent, the independent board committee should present the proposal with the committee's recommendation, and information relevant to the proposal, to the full Board of Directors, for action consistent with the company's charter and by-laws, which should necessarily include a consideration of the interest of the shareholders.

In adopting such a policy, the board would have the authority to abolish the committee under the following circumstances: (1) the board takes the action requested in the proposal; or (2) the proposal's proponent notifies the board that organization does not object to the abolition of the committee.

SUPPORTING STATEMENT

Edgar Filing: SEARS HOLDINGS CORP - Form DEF 14A

The purpose of this proposal is to create a mechanism by which shareholders can communicate with their representatives, the Board of Directors. In our opinion, the various reforms enacted by the U.S. Congress, the U.S. Securities and Exchange Commission, and stock exchanges in the wake of the Enron/WorldCom/Tyco wave of scandals have certainly been a step in the right direction to restore public trust and confidence in the capital markets, but they

Table of Contents

have not adequately addressed shareholder rights and the accountability of directors of corporate boards to the shareholders who elect them.

We are concerned, in particular, that boards of directors are still able to ignore shareholder proposals on important corporate governance reforms even if those proposals are supported by clear majorities of shareholder votes cast at annual meetings.

Therefore, we are submitting this proposal requesting that the Company adopt a formal policy establishing an engagement process with the proponents of shareholder proposals that are supported by a majority of the votes cast, excluding abstentions and broker non-votes, at any annual meeting.

We urge stockholders to vote FOR this proposal.

THE COMPANY'S STATEMENT IN OPPOSITION:

The Company currently has a wide array of methods of communication available to stockholders, thus making the proposed engagement process unnecessary. The Company already has appropriate procedures in place which provide stockholders a way to communicate directly with non-employee directors. See "Communications with the Board of Directors" on page 8 of this proxy statement. If adopted, this stockholder proposal would impose an unnecessary burden on the Company's independent directors, who already attend numerous Board meetings per year in addition to committee meetings. Stockholders also have an opportunity to communicate directly with members of the Board of Directors at the Company's annual meeting of stockholders. All directors are expected to attend the annual meeting in person.

The Board has the duty to act in a manner it believes to be in the best interests of the Company and its stockholders. Because of this duty, the Board must take into account many factors when deciding whether to take the action specified in any stockholder proposal. The Board will make such a decision based not merely on the voting results of the proposal but also will consider what is in the best interests of the Company and its stockholders in light of all relevant facts and circumstances. A stockholder proposal supported by a majority of the votes cast at a meeting may represent only a minority of the voting power of the Company due to abstentions and shares not voted at such meeting. Requiring an independent Board committee to meet with the proponent of such a proposal could be used by one or more stockholders to promote particular issues or agendas that are not representative of the interests of the stockholders at large.

Furthermore, a meeting with an independent Board committee and the proponent of a proposal supported by a majority of the votes cast at a meeting has the practical effect of making the proponent a representative of all the stockholders who have voted in favor of the particular proposal. Stockholders who vote in favor of a proposal may have very different reasons for doing so. Allowing only one stockholder to speak on behalf of those who voted would have the effect of communicating and emphasizing to the Board only one set of reasons for a particular proposal.

The Board believes that the current process for evaluating stockholder communications is sufficient and serves the interests of the Company and its stockholders better than the engagement process described in the stockholder proposal. The Company plans to continue its commitment to open stockholder communications and to the careful consideration of every stockholder proposal that receives majority support.

ACCORDINGLY, THE BOARD RECOMMENDS A VOTE AGAINST ITEM 3.
