The Registrant anticipates that its net loss for the fiscal year ended December 31, 2007 will be approximately \$5,259,000, compared to a net loss of \$1,525,000 for the fiscal year ended December 31, 2006. This increase in loss is primarily attributable to significant increases in expenses during 2007. Specifically, the Registrant anticipates that selling, general and administrative expenses for the twelve-month period ended December 31, 2007 will have increased to approximately \$2,995,000, compared to \$1,633,000 for the twelve-month period ended December 31, 2006, as a result of increased salary expense related to stock options and legal expenses related to completing the acquisition of assets from IOWC and related to its efforts to obtain additional financing. Additionally, the Registrant anticipates that interest expense for the twelve-month period ended December 31, 2007 will have increased to approximately \$1,564,000, compared to \$559,000 for the twelve-month period ended December 31, 2006, primarily as a result of the amortization of the value of warrants issued in conjunction with our convertible notes and additional accrued interest related to the outstanding convertible notes. The Registrant further anticipates that amortization expense for the twelve-month period ended December 31, 2007 will have increased to approximately \$738,000, compared to \$0 for the twelve-month period ended December 31, 2006, primarily as a result of the amortization of the value of the assets acquired during 2007. The increase in the loss for the twelve-month period ended December 31, 2007 is also attributable to the fact that there were no offsetting expense reductions which occurred in the twelve-month period ended December 31, 2006. and reduced the loss reported for that year. These expense reductions were in
