CONVOCAATION NOTICE FOR
THE 118th ORDINARY GENERAL MEETING OF SHAREHOLDERS

Dear Sirs:

Notice is hereby given that the 118th Ordinary General Meeting of Shareholders of Kubota Corporation will be held as described hereunder. Your attendance is respectfully requested.

Date and Time: 10:00 a.m. on Friday, June 20, 2008
Place: Convention Hall of Kubota Corporation
2-47, Shikitsuhigashi 1-chome, Naniwa-ku Osaka, Japan

Matters for which the meeting is held:

Matters to be reported:

1. Business report for the 118th period, the consolidated financial statements and the non-consolidated financial statements for the 118th period (from April 1, 2007 to March 31, 2008)
2. The results of the audits of the consolidated financial statements by the Independent Auditors and by the Board of Corporate Auditors

Matters requiring resolutions:

1st Subject for Discussion:

Matters concerning election of 24 Directors

2nd Subject for Discussion:

Matters concerning election of 1 Corporate Auditor

3rd Subject for Discussion:

Matters concerning bonus payments for Directors

If you are unable to attend the meeting, the Company cordially requests that you study the referential materials annexed hereto, indicate your approval or disapproval of the proposals on the enclosed form of the voting exercise card with your signature thereon and return it to us.

When you attend the meeting, please present the enclosed form of the voting exercise card at the reception desk of the meeting.

If the Company amends the referential materials for the matters to be reported, the Company will release amendments of them on its website.

**REFERENTIAL MATERIALS FOR THE MATTERS TO BE
REPORTED AND THE 1ST SUBJECT FOR DISCUSSION**

Business Report for the 118th Period

(from April 1, 2007, to March 31, 2008)

I. Item of Overview of Operations

(1) Review of Operations

1) General Condition of Kubota Corporation and its subsidiaries

Along with continued robust performance in overseas business activities, Kubota Corporation and subsidiaries (hereinafter, the Company) continued to report a strong performance for fiscal 2008, ended March 31, 2008. Both revenues and operating income, the latter of which is the best indicator of the Company's earning power, rose to new record levels. Overseas, our performance showed steady gains, as a result of aggressive market development activities, especially in the Internal Combustion Engine and Machinery segment, in the markets of Europe and Asia outside Japan. In the domestic market, demand was relatively lackluster, but we worked to secure a solid performance through further cost cutting, increasing productivity, and other activities.

The Company posted consolidated revenues of ¥1,154.6 billion, an annual increase of ¥27.1 billion (2.4 %) in fiscal 2008. Although revenues in the domestic market declined, overall growth was propelled by increases in overseas sales, which were driven by expansion in Europe and Asia outside Japan. As a consequence, the ratio of overseas revenues to consolidated revenues rose 3.9 percentage points, to 50.4 %, and our overseas revenues exceeded those in Japan for the first time in the Company's history.

Operating income increased ¥6.5 billion (5.0 %), to ¥136.9 billion from the prior year, the highest level in the Company's history. By segment, operating income in Internal Combustion Engine and Machinery expanded due to the increase in revenues. Operating income in Pipes, Valves, and Industrial Castings decreased owing to sharp price hike of raw materials. Operating income in Environmental Engineering remained in deficit due to sales decrease and declining profit margins by intensifying competition. Operating income in Other rose mainly due to increased sales of vending machines.

In spite of an increase in operating income, income from continuing operations before income taxes, minority interests in earnings of subsidiaries, and equity in net income of affiliated companies decreased ¥9.0 billion (6.8 %), to ¥122.6 billion. This decrease resulted from increases in foreign exchange loss and valuation loss on other investments. Income taxes were ¥48.0 billion (representing an effective tax rate of 39.2%), and net amount of minority interests in earnings of subsidiaries and equity in net income of affiliated companies to deduct was ¥6.7 billion and addition of income from discontinued operation was ¥0.2 billion. As a result, net income decreased ¥8.4 billion (11.0 %), to ¥68.0 billion from the prior year.

2) Review of Operations by Industry Segments

(a) Internal Combustion Engine and Machinery

Revenues in Internal Combustion Engine and Machinery were ¥793.7 billion, 6.3% higher than the prior year, comprising 68.7% of consolidated revenues. Domestic revenues decreased 3.9%, to ¥248.3 billion, and overseas revenues increased 11.6%, to ¥545.3 billion. This segment comprises farm equipment, engines and construction machinery.

In the domestic market, sales of farm equipment decreased. Most of farmers, centering on medium-sized farmers, remained strong trend to hesitate purchasing farm equipment, while purchasing intention among some farmers began to show signs of improvement affected by partial revision of new government agricultural policies and firming up of rice price. In this circumstance, the Company actively implemented sales expansion policies to expand customer base and was able to increase its market share, however it could not overcome the effect of declining demand. Sales of construction machinery decreased due to stagnant demand resulted from the partial revision of building standards law. On the other hand, sales of engines increased steadily due to sales expansion to domestic manufacturers of construction and industrial machinery.

Table of Contents

In overseas markets, sales of tractors, the Company's core product, increased steadily. In the U.S., sales of tractors were almost same level as the prior year while there were worsening subprime loan problems, the slowdown of the housing related markets and serious drought in southeast area. In Europe, where favorable economic situations continued, sales of tractors showed strong expansion due to the active introduction of new products and aggressive promotional sales activity. In Asia outside Japan, sales of tractors continued a large increase in Thailand where mechanized farming is rapidly developing.

As for construction machinery in North America decreased due to the deterioration of the market, sales in Europe reported a large expansion due to rising demand resulted from favorable economic situations and sales expansion of the larger-sized product, which was introduced in the prior year. Sales of engines increased mainly due to steady sales in Europe. However, sales of farm machinery decreased due to a stagnation of the market of combine harvesters in China.

(b) Pipes, Valves, and Industrial Castings

Revenues in Pipes, Valves, and Industrial Castings increased 3.8%, to ¥201.6 billion from the prior year, comprising 17.5% of consolidated revenues. Domestic revenues increased 4.7%, to ¥171.0 billion, and overseas revenues decreased 0.8%, to ¥30.6 billion. This segment comprises pipes, valves and industrial castings.

In the domestic market, although demand for ductile iron pipes and plastic pipes was lackluster, sales of these products stayed at the same level as the prior year owing to the price-raising. On the contrary, sales of industrial castings increased substantially due to sales increase of ductile tunnel segment and products for steel and petrochemical industries.

In overseas markets, sales of industrial castings for steel and petrochemical industries continued to increase largely owing to high levels of private-sector capital expenditures, while sales of ductile iron pipes decreased.

(c) Environmental Engineering

Revenues in Environmental Engineering decreased 21.8%, to ¥70.9 billion from the prior year, comprising 6.1% of consolidated revenues. Domestic revenues decreased 24.9%, to ¥64.9 billion, and overseas revenues increased 43.6%, to ¥5.9 billion. This segment consists of environmental control plants and pumps.

In the domestic market, sales of the Water & Sewage Engineering products, the Waste Engineering products and Pumps decreased due to the decline in public sector demand and the drop in sales prices accompanying more intense competition. In addition, the suspension of designated pre-approved supplier resulted from compliance issues and the discontinuation of a part of operations negatively impacted revenues of this segment.

In overseas markets, sales of pumps increased substantially from the prior year.

(d) Other

Revenues in Other decreased 7.7%, to ¥88.4 billion from the prior year, comprising 7.7% of consolidated revenues. Domestic revenues decreased 7.7%, to ¥87.9 billion, and overseas revenues increased 2.2%, to ¥0.5 billion. This segment comprises vending machines, electronic equipped machinery, air-conditioning equipment, construction, septic tanks, condominiums and other business.

Sales of vending machine increased due to a sales increase of cigarettes-vending machine with the function of age-identification, however sales of construction, air-conditioning equipment, septic tanks decreased. In addition, the sales of condominiums in the second half of the fiscal year were absent because shares of a subsidiary which conducted condominium business were partially sold and the subsidiary changed into an affiliated Company. As a consequence, total revenues of this segment decreased from the prior year.

Table of Contents**Revenues by Industry Segment**

	Revenues (in billions of yen*)	Percentage Change	Percentage of total Revenues
Internal Combustion Engine & Machinery	793.7	6.3%	68.7%
Pipes, Valves, and Industrial Castings	201.6	3.8	17.5
Environmental Engineering	70.9	(21.8)	6.1
Other	88.4	(7.7)	7.7
Total	1,154.6	2.4	100.0

(*) The amounts have been rounded off to the nearest ¥0.1 billion.

3) Capital Expenditures

The Company made capital expenditures totaling ¥35.2 billion during the fiscal year under review, including investments for the expansion of production capacity in the Internal Combustion Engine and Machinery segment.

4) Financing

Financing for capital expenditures was obtained mainly from the Company's internal resources, but along with the increase in finance receivables accompanying the expansion of business activities in the United States, necessary additional funding was obtained mainly from borrowings. In addition, the Company issued straight bond amounting ¥20.0 billion on February 2008, which is mainly aimed at repayment of borrowings.

(2) Priority Policies for Medium- to Long-Term Growth in Earnings

To achieve further development and steady increases in enterprise value, the Company is actively addressing the following management issues.

(1) Accelerating Global Development

The Company is working to accelerate the development of its overseas operations not only in Internal Combustion Engine and Machinery but also in other segments. Although there has been temporary deterioration in certain circumstances, including adverse movements in foreign exchange rates and concern about recession in the U.S. economy, the Company is continuing to prioritize inputs of management resources and accelerate the growth of overseas business activities through strengthening the competitiveness of its products and bolstering its business structure.

In Internal Combustion Engine and Machinery, the Company is expanding the diversity of its product portfolio by widening the scope of the product lineup and introducing products based on new concepts. At the same time, by offering products and services suited to the market environment of various regions, including North America, Europe, Asia, and elsewhere, the Company is promoting the diversification and dispersal of its revenues by region. In addition, the Company is working to develop its positions in newly emerging markets and thereby build its presence in future growth markets.

In other segments, including Pipes, Valves, and Industrial Castings, the Company is pursuing business opportunities in such fields as water and the natural environment, where solutions are needed on a global scale.

(2) Restructuring Domestic Operations

The Company's domestic operations confront an extremely challenging business environment as demand in many businesses is continuing to decline and raw material prices have risen and remain at high levels. To respond effectively to this business environment, the Company is taking drastic initiatives to restructure its domestic operations.

In Pipes, Valves, and Industrial Castings, to overcome current difficulties and enhance profitability, the Company is adopting thoroughgoing measures to increase the efficiency of its marketing activities and reduce fixed costs as well as take even stronger steps to lower variable costs and increase productivity. The objectives of these measures include lowering the break-even point and mounting full-scale initiatives to expand

revenues from the private sector.

In Environmental Engineering, the Company is engaged in a strong drive to concentrate on its core competencies and shift to new business models. Specific examples of activities include focusing principal business domains on the water -related fields, and, by developing private-sector markets, escape from overdependence on public-sector demand, as well as shift from the plant engineering business to expanding revenues from the sale of equipment and the provision of installation services.

Also, in Internal Combustion Engine and Machinery, the Company is endeavoring to steadily strengthen its business position through the substantial cutting of costs in all process phases from production through marketing.

Table of Contents

(3) Promoting Management Based on Corporate Social Responsibility (CSR)

The Company conducts its business activities with the awareness that management with a CSR perspective is one of the most important of its business policies. The Company believes that its sustainable growth and development as well as continuing growth in earning power will only be realizable if it contributes to the development of society and the preservation of the natural environment. Based on this awareness, in conducting its activities, the Company works to respond to the expectations and trust of its many stakeholders as a global corporate citizen by being strongly conscious of the multitude of responsibilities it must fulfill toward the economy, society, and the natural environment.

(4) Reforming Corporate Governance

The Company intends to introduce Corporate Officers System from April 2009, for the purpose of strengthening the soundness of corporate management and responding to the rapidly changing business environment surrounding the Company with agility and appropriateness.

(5) Issues upon which the Company should Implement Countermeasures

(a) Actions for the health hazard of asbestos

The Company will continuously cope with this issue faithfully from the view point of Corporate Social Responsibility as one of manufacturers that once manufactured asbestos-containing products.

Relief payment

Kubota Corporation has established Relief Payment System for the Asbestos-Related Patients and the Family Members of the Deceased near the Former Kanzaki Plant on April 17, 2006 and paid the relief payments to 152 parties up to March 31, 2008.

Actions for Medical support for asbestos-related diseases

The Company has paid contributions before September 30, 2007 to Hyogo College of Medicine and Osaka Medical Center for Cancer and Cardiovascular Diseases for the purpose of medical treatment and research of asbestos-related diseases, which was allocated for the fiscal year ended March 31, 2008.

(b) Compliance issue regarding violation of the Anti-monopoly Law

The Company is developing preventative measures not to act violation of the Anti-monopoly Law, including withdrawing related business, based on reflection on the past social sanction regarding violation of the Anti-monopoly Law in public work related business.

The Company is responding proactively to this order, and is resolved to take strong measures to ensure the observance of high standards of compliance going forward.

Table of Contents

The business environment the Company confronts is extremely challenging. Many developments that may have a major influence on the management of the Company are occurring simultaneously. These include the trend toward the appreciation of the yen against the U.S. dollar, concerns about recession in the United States, rapid increases in the prices of raw materials, and changes in the regulatory environment for the agricultural sector in Japan.

The Company has reaffirmed its commitment to overcoming the challenges it faces at present and achieving growth and development as well as enhancing its corporate value in the long term by devoting its fullest efforts to addressing these challenges.

We thank you for your investment in Kubota and your continuing support in the years ahead.

Table of Contents**(3) The financial position and the results of operations****1) Consolidated Financial Summary**

Year (Period)	Year ended	Year ended	Year ended	Year ended
	March 31,	March 31,	March 31,	March 31,
	2005 (115th)	2006 (116th)	2007 (117th)	2008 (118th)
Revenues (in billions of yen)	994.5	1,065.7	1,127.5	1,154.6
Operating income (in billions of yen)	94.1	121.1	130.3	136.9
Income from continuing operations before income taxes, minority interests in earnings of subsidiaries, and equity in net income of affiliated companies (in billions of yen)	156.4	140.5	131.6	122.6
Net income (in billions of yen)	117.9	81.0	76.5	68.0
Net income per ADS (5 common shares) (in yen) (Basic)	446	311	295	264
Total assets (in billions of yen)	1,193.1	1,405.4	1,502.5	1464.3
Shareholders' equity (in billions of yen)	481.0	606.5	659.6	648.1
Shareholders' equity per ADS (in yen)	1,850	2,334	2,554	2,530

ADS: American Depositary Shares

Notes:

- The consolidated financial statements of the Company have been prepared in accordance with accounting principles generally accepted in the United States of America.
- Net income per ADS is calculated based on the weighted average number of outstanding common shares for the period. Shareholders' equity per ADS is calculated based on the number of outstanding common shares at the end of the period. These per ADS amounts have been calculated after deducting the number of shares of treasury stock.
- Shareholders' equity per ADS is calculated based on amount of Shareholders' equity in consolidated balance sheets.
- The amounts have been rounded off to the nearest ¥0.1 billion except per ADS amounts and per ADS amounts have been rounded off to the nearest Yen.

2) Financial Summary (Non-consolidated)

Year (Period)	Year ended	Year ended	Year ended	Year ended
	March 31,	March 31,	March 31,	March 31,
	2005 (115th)	2006 (116th)	2007 (117th)	2008 (118th)
Net sales (in billions of yen)	675.4	693.5	694.9	685.4
Operating income (in billions of yen)	56.8	74.7	72.5	61.9
Ordinary income (in billions of yen)	64.7	81.0	78.6	64.3
Net income (in billions of yen)	43.1	47.6	43.3	32.9

Edgar Filing: KUBOTA CORP - Form 6-K

Net income per ADS (5 common shares) (in yen) (Basic)	163	182	167	128
Total assets (in billions of yen)	861.6	922.8	906.9	814.8
Net assets (in billions of yen)	397.9	484.7	492.3	459.9
Net assets per ADS (in yen)	1,529	1,864	1,906	1,795

Notes:

1. Net income per ADS is calculated based on the weighted average number of outstanding common shares for the period. Net assets per ADS are calculated based on the number of outstanding common shares at the end of the period. These per ADS amounts have been calculated after deducting the number of shares of treasury stock.

2. From the fiscal year ended March 31, 2007, Kubota Corporation adopted Accounting Standard for Presentations of Net Assets in the Balance Sheet (Accounting Standards Board of Japan Statement No. 5 issued on December 9, 2005) and Guidance on Accounting Standard for Presentation on Net Assets in Balance Sheet (Accounting Standard Board of Japan Guidance No. 8 issued on December 9, 2005).

3. The amounts have been rounded down to the nearest ¥0.1 billion except per ADS amounts and per ADS amounts have been rounded off to the nearest Yen.

Notes:

1. Figures inside [] represents ratio of indirect holding shares to total shares of each subsidiary, which is included in total percentage of voting shares described above [].
2. The number of consolidated subsidiaries is 115 (including 16 subsidiaries listed above), a decrease of three subsidiaries from the prior year. The number of affiliated companies is 26 (including 1 affiliated company listed above), an increase of two from the prior year.
3. Consolidated financial results of fiscal year ended March 31, 2008 are described in I. Item of Overview of Operations, (1) Review of Operations .

Table of Contents

(5) Main Line of Business (As of March 31, 2008)

The Company is conducting its businesses in four fields: Internal Combustion Engine and Machinery , Pipes, Valves, and Industrial Castings , Environmental Engineering and Other .

Internal Combustion Engine and Machinery

- i Farm equipment (Tractors, Tillers, Power tillers, Combine harvesters, Reaper binders, Harvesters, Rice transplanters)
- ii Ancillary tools and Implements for Agriculture (Implements, Attachments, Rice dryers, Mower, Vegetable production Equipment, Multipurpose warehouse, Rice mill, Electric scooter, Automatic rice cooker and other equipment for agricultural use)
- iii Farm facilities (Cooperative facilities for rice drying and rice seedling, Gardening facilities, Cooperative separating facilities for fruits and vegetables, Rice mill plant)
- iv Outdoor power equipment (Lawn and garden equipment, Lawn mower, Utility vehicle)
- v Engines (for farming, construction, industrial machinery and generators)
- vi Construction machinery (Mini excavators, Wheel loaders, Carriers, Tractor shovels, Welders, Generators and other construction machinery related products)

Pipes, Valves, and Industrial Castings

- i Pipe systems (Ductile iron pipes, FW (Filament winding) pipes, Spiral welded steel pipes (Steel pipe pile, Steel pipe sheet pile), Preinsulated pipes, Plastic pipes (Unplasticized polyvinyl chloride pipe, Polyethylene pipe, Plastic lining steel pipe, Fittings and accessories), Valves (for water supply and sewerage systems, etc.)
- ii Industrial castings (Reformer tubes, Hearth roll, G-Columns, G-Pile, Rolls for steel mills, Ceramics, TXAX (friction materials), Cast-iron drainage pipe, Single stack drain fitting, Ductile tunnel segment, Ductile frames)

Environmental Engineering

- i Water and sewage engineering plant (Waste water treatment equipments and plants, Water purification facilities, Sludge incineration and melting plants)
- ii Waste engineering (Waste shredding, sorting and recycling plants, Waste incinerating and melting plants, Night-soil treatment plants)
- iii Pumps (Furnishing and commissioning of pumping equipment for water supply, sewerage, irrigation and various fields, Small scale hydraulic power generating facility)

iv Membrane Solutions (Submerged membrane systems for night-soil and wastewater purification, Membrane methane fermentation unit)
Other

i House relation (Roofing, Siding, Johkasou systems (Septic Tanks), Bathtubs, Condominiums)

ii Vending machines (for drinks, cigarettes and tickets)

iii Electronic equipped machinery (Scales, Weighing and measuring control system, CAD systems, Printing and vending machine for tickets)

iv Other (Air-conditioning equipment, Software, Design and construction of water supply and sewerage systems, engineering works and architecture)

Table of Contents

IV. Independent Auditor

(1) Name of Independent Auditor

Deloitte Touche Tohmatsu (Japanese member firm of Deloitte Touche Tohmatsu, Swiss Verein)

(2) Compensation for the Independent Auditor for the fiscal year ended March 31, 2008

1) Amount of compensation provided for the fiscal year ended March 31, 2008	¥ 192 million
2) Total amount of cash and other financial benefits payable by Kubota Corporation and its subsidiaries to the Independent Auditor	¥ 221 million

Notes:

1. The compensation for auditing are not divided into the compensation related to Corporate Law and the compensation related to Financial Products Trading Law in the audit contract between Kubota Corporation and the Independent Auditor, and it cannot be divided into the two portions. Therefore, the amount 1) described above is a total amount of the two portions.
2. Kubota Corporation paid fees to the Independent Auditor for the support services related to establishing internal control over financial reporting of the Company, which are not services specified in Article 2 Paragraph 1 of the certified public accountant law.
3. Kubota Tractor Corporation and other 13 important subsidiaries are audited by independent auditors different from the independent auditor of Kubota Corporation.

(3) Policies for Determining Dismissal or Non-reelection of Independent Auditor

The Board of Corporate Auditors examines the dismissal or non-reelection of the Independent Auditor if Kubota Corporation believes that it infringes upon or contravenes laws and regulations such as the Corporate Law, Certified Public Accountant Law, or other laws. If the Board of Corporate Auditors determines that the dismissal or non-reelection is reasonable, it submits, in accordance with the rules and regulations for the Board of Corporate Auditors, a request to the Board of Directors to include the dismissal or non-reelection of accounting auditor in the agenda of the ordinary general meeting of shareholders.

Table of Contents

V. Item of Systems to be developed to Establish Internal Control Systems

The Company has set and is implementing the following nine systems to ensure the propriety of our business operations. The Company partly revised these systems at the Board of Directors Meeting held on January 23, 2008.

1. System to ensure that Directors and employees perform their duties in compliance with laws and regulations, and the articles of incorporation

As the basis of a system to ensure that Directors and employees perform their duties in compliance with laws and regulations, and the articles of incorporation, Kubota Corporation establishes the Charter for Action and Code of Conduct to be observed by all Directors and employees of Kubota Corporation and its subsidiaries.

Under the Company-Wide Risk Control Committee, the department in charge designated for each risk category of management risks (hereinafter referred to as the department in charge) undertakes such activities as education and training to promote compliance with laws and ethics, and performs internal audits.

In addition, based on the operational regulations Operation of Whistle Blowing System, Kubota Corporation sets up the Kubota Hotline, a service counter for in-house whistle blowing and consultation that is equipped with rules to protect whistle blowers, to discover at an early stage any improper conduct that infringes on laws or other regulations and to prevent such infringements from occurring.

2. System related to the holding and control of information about Kubota Corporation's Directors execution of their duties

Kubota Corporation properly keeps and controls information on the execution of duties by the Directors in accordance with its in-house rules and regulations, such as the Regulations on Custody of Documents and other items. Kubota Corporation also maintains a standard by which such documents are available for examination, as necessary.

3. Rules and regulations on the management of risks of losses and other systems

Kubota Corporation manages risks of compliance, environment, health and safety, disasters, quality, and other risks relating to the performance of business operations by establishing in-charge departments or committees under the Company-Wide Risk Control Committee, and by providing internal rules and regulations, manuals, and other guidelines to respond to such risks.

In order to respond to new risks, the Company-Wide Risk Control Committee will determine the department in charge, and the new risks will be controlled by the said department.

4. System to ensure the efficient execution of duties by the Directors

The Board of Directors decides management execution policy, matters set in laws and regulations and other important matters regarding management, and oversees Directors execution of their duties.

Kubota Corporation enhances our decision-making process by having adequate discussions in management committee, with the participation of the President and other Directors, to decide important management matters. Kubota Corporation also implements multidimensional studies in an investment council, mainly consisting of Directors in charge of indirect departments, to discuss important investment projects. The results of these discussions are reported to the Board of Directors to enhance the effectiveness of the system, in accordance with the operational regulations Operation of Management Committee and Investment Council.

5. System to ensure proper business operations within Kubota Corporation, consisting of Kubota Corporation and its subsidiaries

Edgar Filing: KUBOTA CORP - Form 6-K

To create a control environment for Kubota Corporation, Kubota Corporation establishes the Charter for Action and Code of Conduct and shares these philosophies. To ensure proper business operations of Kubota Corporation, including its subsidiaries, Kubota Corporation sets its in-house rules and regulations and establishes proper internal control systems. The status of the establishment and operation of internal control systems related to the management risks including the internal control systems over financial reporting is audited by the internal auditing department and departments in charge, after self-audits performed by each department of the Company and its subsidiaries, and the results of such audits are reported to the Directors in charge, Chairman of the Company-Wide Risk Control Committee, President & Representative Director, the Board of Directors and Corporate Auditors.

Kubota Corporation manages its subsidiaries in accordance with the Regulations on Management of Affiliated Companies in order to keep their proper operations.

Table of Contents

6. System for Directors and employees to report to Corporate Auditors and other systems related to reports to Corporate Auditors

The Directors and employees report the following matters to the Corporate Auditors without delay, in addition to the matters that need to be reported in accordance with laws and regulations:

- (a) Matters that could affect Kubota Corporation's management;
- (b) Contents of internal audits performed by the internal auditing department and departments in charge
- (c) Contents of whistle blowing revealed in the Kubota Hotline ; and
- (d) Other matters requested by the Board of Corporate Auditors or Corporate Auditors

7. Matters related to employees who are requested to assist Corporate Auditors in their duties

Kubota Corporation establishes an office of Corporate Auditors and assigns employees to exclusively support the Corporate Auditors perform their duties.

8. Independence of employees in Item 7. above from the Directors

Assignment or other handling of the employees in Item 7. is made after consultation and agreement between the Director in charge of Personnel Dept. and the Corporate Auditors.

9. Other systems to ensure effective audits by the Corporate Auditors

- (a) The President and Representative Director of Kubota Corporation has meetings with the Corporate Auditors periodically, and as needed, to exchange views on matters that Kubota Corporation must deal with, the improvement of audit environments, and other issues.
- (b) The Corporate Auditors explain the audit policies and audit plan to the Board of Directors, and the Directors make efforts to improve communication with the Corporate Auditors to enhance the exchange of information and establish an effective cooperation with the Corporate Auditors.

From April 2007, as part of our efforts to promote Items 3. and 5., Kubota Corporation started operating internal control systems including the design of in-house rules (rules and regulations), which are the basis for proper performance of business operations.

Kubota Corporation always asks our Directors and employees to commit themselves to performing the right job by observing Kubota Corporation's rules and regulations, and Kubota Corporation tries our best to further promote internal controls of Kubota Corporation.

VI. Policy on appropriation of retained surplus

Kubota Corporation's basic policy for the return of profit to shareholders is to maintain stable dividends or raise dividends together with share buy-back and cancellation of treasury stock. Kubota Corporation recognizes returning profit to shareholders is one of the most important missions and will strive to expand it, considering requirements of maintaining sound business operations as well as adapting to the future business environment.

Kubota Corporation decided at the Board of Directors Meeting held on May 13, 2008 that Kubota Corporation would pay ¥40 year-end dividend per American Depositary Share (ADS) on June 23, 2008. As a result, the annual dividend per ADS for the fiscal year ended March 31, 2008 will be ¥70, an increase of ¥10 from the fiscal year ended March 31, 2007.

Edgar Filing: KUBOTA CORP - Form 6-K

Notice of year-end dividend

1) Amount of year-end dividend	¥40 per ADS (Total ¥ 10,247,784,680)
2) Record date of year-end dividend	March 31, 2008
3) Payment date	Monday, June 23, 2008
4) Resource of year-end dividend	Retained earnings

Table of Contents

Notes of Consolidated Financial Statements

Significant Accounting Policies

1. Basis of Preparation of Consolidated Financial Statements

The consolidated financial statements are prepared in accordance with generally accepted accounting principles in the United States (US GAAP) pursuant to the provision of the Corporate Law Accounting Regulations Article 148 Paragraph 1. Certain supplementary material and notes required under US GAAP are omitted pursuant to the same provision.

2. Scope of consolidation and Application of equity method

115 subsidiaries are consolidated. 26 affiliated companies are accounted for under the equity method.

3. Valuation of Inventories

Inventories are mainly stated at the lower of cost which is determined by the moving-average method, or market.

4. Valuation of Securities

The Company has adopted the Statement of Financial Accounting Standards (SFAS) No. 115, Accounting for Certain Investments in Debt and Equity Securities .

Available-for-sale securities are stated at fair value based on market prices at fiscal year-end and similar. Any changes in unrealized holding gains or losses are included directly in stockholders' equity, and cost of securities sold is determined by the moving-average method.

5. Depreciation of Fixed Assets

Depreciation of tangible fixed assets is mainly computed by using the declining-balance method.

Depreciation of intangible fixed assets is computed by using the straight-line method. Pursuant to SFAS No. 142, Goodwill and Other Intangible Assets, the Company performs impairment test at least once per year on goodwill which should not be amortized.

6. Basis of Provision for Allowance

The allowance for doubtful accounts is provided for possible bad debt at an amount determined based on the historical experience of bad debt for normal receivables; in addition, an estimate of uncollectible amounts is made by reference to specific doubtful receivables from customers which are experiencing financial difficulties.

Accrued employees' retirement benefits are provided for payments of retirement benefits in accordance with SFAS No.87, Employers Accounting for Pensions and SFAS No.158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans based on the fair value of both projected benefit obligations and plan assets at year-end. The unrecognized prior service costs are amortized by the straight-line method over the average remaining years of service of the employees. The Company recognizes actuarial gains and losses in excess of 20% of the larger of the projected benefit obligation or plan assets in the year following the year in which such gains and losses were incurred, and amortizes actuarial gains and losses between 10% and 20% over the average participants' remaining service period.

7. Adoption of New Accounting Standard

The Company adopted the FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes - an interpretation of SFAS No. 109, as of April 1, 2007. This interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of uncertainty in income tax return.

The adoption of this interpretation did not have a material impact on the Company's consolidated results of operations and financial position. As a result of adoption, the Company recognized a charge of ¥261 million to the beginning balance of retained earnings balance as a cumulative effect.

8. Discontinued Operations

The Company accounts for discontinued operations in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and presents the results of discontinued operations as a separate line item in the consolidated statements of income under income (loss) from discontinued operations, net of taxes.

9. Certain reclassifications have been made to the prior year's consolidated financial statements which are provided for reference to conform with classifications used in 2008.

10. Consumption taxes are accounted for as deposits received or deposits paid.

Table of Contents**Notes to Consolidated Balance Sheets**

- The amounts in the statements have been rounded off to the nearest million yen.
- The balances of each classification within accumulated other comprehensive income (loss) were as follows:

	Millions of Yen 2008
Cumulative Translation Adjustments	¥ 3,902
Unrealized Gains on Securities	35,592
Unrealized Losses on Derivatives	(650)
Pension Liability Adjustments	(7,667)
Accumulated Other Comprehensive Income	¥ 31,177

- At March 31, 2008, assets pledged as collateral for debt were as follows:

	Millions of Yen 2008
Trade Notes	¥ 439
Trade Accounts	3,422
Other Current Assets	950
Finance Receivables	101,945
Property, Plant, and Equipment	9,932
Total	¥ 116,688

The above assets were pledged against the following liabilities:

	Millions of Yen 2008
Short-Term Borrowings	¥ 31,434
Current Portion of Long-Term Debt	27,862
Long-Term Debt	36,537
Total	¥ 95,833

- Notes discounted at March 31, 2008 were ¥3,161 million.
- The Company is contingently liable as guarantor of the indebtedness of distributors including affiliated companies, and customers for their borrowings from financial institutions. The maximum potential amount of undiscounted future payments of these financial guarantees as of March 31, 2008 was ¥2,602 million.

6. With regard to the sales of ductile iron straight pipe in Japan, the Company received a surcharged order of ¥7,072 million from the Fair Trade Commission of Japan based on Anti-monopoly Law on December 24, 1999. In an effort to appeal, the Company has filed a petition for the hearing initiation of procedures. As a result of the decision to begin the procedures, afore-mentioned surcharge order lost effect. The hearing on the surcharge ended on November 9, 2007 but the timing of the decision and its outcome is not predictable at this moment.

Table of Contents**Note to Consolidated Statements of Income**

1. The amounts in the statements have been rounded off to the nearest million yen.

Notes to Consolidated Statement of Shareholders' Equity

1. The amounts in the statements have been rounded off to the nearest million yen.

2. The components of other comprehensive loss for the year ended March 31, 2008 was as follows:

	Millions of Yen
	2008
Foreign Currency Translation Adjustments	¥ (1,425)
Unrealized Losses on Securities	(36,834)
Unrealized Losses on Derivatives	(485)
Pension Liability Adjustments	(16,326)
Other Comprehensive Loss	¥ (55,070)

Notes to Per Common Share Information

1. Shareholders' equity per share	¥ 506.09
2. Net income per share	¥ 52.80

Table of Contents

Notes of Financial Statements (Non-consolidated)

Significant Accounting Policies

1. Valuation of Securities

Investments in subsidiaries and affiliates are stated at cost, which is determined by the moving-average method. Marketable securities classified as other securities are stated at fair value based on market prices at fiscal year-end and similar. Any changes in unrealized holding gains or losses are included directly in stockholders' equity, and cost of securities sold is determined by the moving-average method.

Non-marketable securities classified as other securities are stated at cost, which is determined by the moving-average method.

2. Valuation of Inventories

Inventories are stated at cost, which is determined by the moving-average method. Finished goods and work-in-process which are manufactured under specific production orders are stated at cost, which is determined by the specific cost method.

3. Depreciation Method of Fixed Assets

Depreciation of tangible fixed assets is computed by using the declining-balance method.

Depreciation of intangible fixed assets is computed by using the straight-line method. With regard to internal-use software, depreciation is computed by using the straight-line method based on availability period in the Company (five years).

4. Basis for Allowances

The allowance for doubtful receivables is provided for possible bad debt at an amount determined based on the historical experience of bad debt for normal receivables; in addition, an estimate of uncollectible amounts is made by reference to specific doubtful receivables from customers which are experiencing financial difficulties.

Reserve for warranty costs is provided based on an analysis of the historical data of costs to perform under product warranties, under which Kubota Corporation generally guarantees the performance of products delivered.

Accrued directors' bonuses are provided for bonuses payment to directors based on an estimated amount incurred during the fiscal year ended March 31, 2008.

Liabilities for severance payments to the employees are provided for payments of retirement benefits based on the retirement benefit obligation and the fair value of the pension plan assets at year-end. Prior service costs are amortized by the straight-line method over the average remaining years of service of the employees. Actuarial gains or losses are amortized in the years following the year in which gains or losses are recognized by the declining-balance method over the average remaining years of the employees.

5. Consumption taxes are accounted for as deposits received or deposits paid.

Note to Change in Accounting Policies

On April 1, the Company changed its depreciation method of depreciable property, plant, and equipment (except for building) acquired on and after April 1, 2007 pursuant to an amendment to the Corporate Tax Law of Japan.

The Company had also applied the declining-balance method for building using a salvage value determined as 5% of the acquisition cost. However, the Company assessed the adequacy of the salvage value and changed its depreciation method of the building acquired on and after April 1, 2007 to the new declining-balance method using the salvage value of ¥1 since the economical value at the end of its useful life has been historically nominal.

Edgar Filing: KUBOTA CORP - Form 6-K

As a result of these changes, operating income, ordinary income, and income before income taxes for the year ended March 31, 2008 decreased by ¥530 million, respectively.

(Additional Information)

As for the depreciable property, plant, and equipment acquired on or before March 31, 2007, the Company depreciates, pursuant to the amendment to the Corporate Tax Law of Japan, the difference between 5% of the acquisition cost and ¥ 1 using a straight-line method over 5 years from the next year when the book value of property, plant, and equipment reaches 5% of the acquisition cost, effective April 1, 2007. The Company also includes such amount in depreciation expenses. As a result, operating income, ordinary income, and income before income taxes for the year ended March 31, 2008 decreased by ¥ 1,405 million, respectively.

Table of Contents**Notes to Balance Sheets**

1. The amounts in the statements have been rounded down to the nearest million yen.

2. Receivables from subsidiaries and affiliated companies and payable to subsidiaries and affiliated companies

Short-term receivables from subsidiaries and affiliated companies	¥ 164,159 million
Long-term receivables from subsidiaries and affiliated companies	¥ 30,329 million
Short-term payables to subsidiaries and affiliated companies	¥ 29,734 million

3. Accumulated depreciation of tangible fixed assets

(Including accumulated impairment losses) ¥ 325,943 million

4. Contingent Liabilities:

(1) Loans guaranteed

Guarantee for borrowings of subsidiaries and affiliated companies from bank

3 domestic sales companies of farm equipment ¥ 20 million

Kubota Credit Guarantee Corporation Japan ¥ 300 million

Others (22 companies) ¥ 532 million

Total **¥ 852 million**

(2) Notes discounted ¥ 229 million

(3) With regard to the sales of ductile iron straight pipe in Japan, the Company received a surcharged order of ¥ 7,072 million from the Fair Trade Commission of Japan based on the Anti-Monopoly Law on December 24, 1999. In an effort to appeal, the Company has filed a petition for the hearing initiation of procedures. As a result of the decision to begin the procedures, afore-mentioned surcharge order lost effect. The hearing on the surcharge ended on November 9, 2007 but the timing of the decision and its outcome is not predictable at this moment.

Notes to Statements of Income

1. The amounts in the statements have been rounded down to the nearest million yen.

2. Transactions with subsidiaries and affiliated companies

Sales to subsidiaries and affiliated companies ¥ 318,335 million

Purchases from subsidiaries and affiliated companies ¥ 62,136 million

Purchases from other transactions with subsidiaries and affiliated companies ¥ 733 million

3. Income taxes-previous years

During the year ended March 31, 2008, the U.S. Internal Revenue Service and the National Taxation Agency in Japan (NTA) have reached an agreement on a bilateral Advance Pricing Agreement (APA), for which Kubota and a subsidiary in U.S. had submitted requests with respect to certain intercompany transactions between related parties in U.S. and Japan. In accordance with the APA, Kubota will amend the taxable income and pay additional income taxes in future period.

Kubota accounted for an estimated additional tax payment to the NTA due to the previous and current taxable income of ¥5,353 million and ¥1,168 million as income taxes-previous years and as part of income taxes-current year, respectively for the year ended March 31, 2008. The total estimated additional tax payment amounting to ¥6,521 million was included in other long-term liability at March 31, 2008, which may be adjusted in each future period through the final period covered by the APA. However, Kubota Group will be able to avoid the dual taxation since the subsidiaries in U.S. will receive the refund of the income taxes due to the revenue transfer in accordance with the APA.

Table of Contents**Notes to Statement of changes in Net Assets**

1. The amounts in the statements have been rounded down to the nearest million yen.

Board of Directors Meeting on November 6, 2007	Common stock	¥ 7,733	¥ 6	September 30, 2007	December 5, 2007

(2) Dividend that the date of payment is in the next fiscal year among the dividend that the record date is in the fiscal year.

Date of resolution	Type of shares	Total amount of dividend (million)	Resource of dividend	Dividend per ADS	Record date	Date of payment
Board of Directors Meeting on May 13, 2008	Common Stock	¥ 10,247	Retained earnings	¥ 8	March 31, 2008	June 23, 2008

Notes to Deferred Income Tax

1. Significant components of deferred tax assets		
Accrued enterprise tax		¥ 639 million
Accrued bonus		¥ 4,741 million
Provision for warranty costs		¥ 1,100 million
Liabilities for severance payments to the employees		¥ 11,498 million
Valuation loss on securities		¥ 15,062 million
Other		¥ 6,251 million
Subtotal		¥ 39,294 million
Allowance for deferred tax assets		¥ (3,486) million
Total deferred tax assets		¥ 35,807 million
2. Significant components of deferred tax liabilities		
Unrealized holding gain on securities		¥ (38,146) million
Other		¥ (566) million
Total deferred tax liabilities		¥ (38,713) million
Net deferred tax liabilities		¥ (2,905) million

Table of Contents**Notes to finance lease transactions**

1. Acquisition costs	¥ 14,675 million
2. Accumulated depreciation	¥ 7,066 million
3. Future minimum lease payments	¥ 7,608 million
(Current portion of future minimum lease payments included above)	¥ 4,037 million)
4. Lease expenses (Depreciation expense)	¥ 4,286 million

Note. Acquisition costs and future minimum lease payments include interest expense since the balance of future minimum lease

payments accounts for only a small percentage of tangible fixed assets as of the balance sheet date.

Pursuant to the fourth clause of Article 444 of the Corporate Law, we have audited the consolidated financial statements, namely, the consolidated balance sheet as of March 31, 2008 of Kubota Corporation and consolidated subsidiaries (the Company), and the related consolidated statements of income and shareholders equity, and the related notes for the fiscal year from April 1, 2007 to March 31, 2008. These consolidated financial statements are the responsibility of the Company s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements

are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Company as of March 31, 2008, and the results of its operations for the year then ended in conformity with the recognition and measurement criteria of accounting principles generally accepted in the United States of America, as modified by the first clause of Article 148 of the accounting regulation of the Corporate Law of Japan (Refer to Note 1, Basis of Preparation of Consolidated Financial Statements of Significant Accounting Policies).

Our firm and the engagement partners do not have any financial interest in the Company for which disclosure is required under the provisions of the Certified Public Accountants Law.

Pursuant to the first item, second clause of Article 436 of the Corporate Law, we have audited the financial statements, namely, the balance sheet as of March 31, 2008 of Kubota Corporation (the Company) and the related statements of income and changes in net assets, and the related notes for the 118th fiscal year from April 1, 2007 to March 31, 2008, and the accompanying supplemental schedules. These financial statements and the accompanying supplemental schedules are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the accompanying supplemental schedules are free of material misstatement. (TRANSLATION)

AUDIT REPORT

In respect of the execution of duties of the Directors during the 118th fiscal year from April 1, 2007 to March 31, 2008, the Board of Corporate Auditors (hereinafter "we"), following the discussion among us, have prepared this audit report based on the audit report prepared by each Corporate Auditor, and hereby report as follows:

1. Methods and details of audits by Corporate Auditors and the Board of Corporate Auditors

We have formulated an audit policy, sharing of duties among auditors, and other audit-related items. We have received reports from each Corporate Auditor on the implementation and results of audits, and received reports from the Directors of Kubota Corporation, the Independent Auditor, and other parties on their execution of duties, and requested explanations from them when necessary.

In accordance with the Standards for Auditing by Corporate Auditors, the audit policy, sharing of duties among auditors, and other audit-related items that were determined by us, each Corporate Auditor: communicated well with Directors, the internal auditing department, other employees, and other bodies; gathered information and improved the audit environment; attended the Board of Directors meetings and other important meetings; received reports from Directors and other employees on their execution of duties; requested explanations from them when necessary; reviewed documents concerning matters such as important decisions; and conducted inspections of the business and financial condition at Kubota Corporation's Head Office and other principle offices. Each Corporate Auditor also monitored and verified: the Board of Directors' resolution on a system to ensure that the directors' execution of their duties comply with laws and Kubota Corporation's Articles of Incorporation, and also comply with the establishing and improving structure prescribed in the Corporate Law Enforcement Regulation Article 100 Paragraphs 1 and 3 to ensure that joint-stock company's operations are carried out appropriately; and a system (internal control systems) established based on the said resolution. Each Corporate Auditor strove to communicate well and exchange information with the subsidiaries Directors and Corporate Auditors, and inspected some subsidiaries whenever necessary. Through these methods, each Corporate Auditor examined the business report for the 118th period and the supplementary schedules for the fiscal year under review.

In addition, we monitored and verified whether the Independent Auditor made appropriate audits while maintaining its independence. We received reports from the Independent Auditor on its operations, and requested explanations when necessary. The Independent Auditor notified us and we requested its explanations when necessary, concerning its establishment of a System for Ensuring the Appropriate Execution of Duties (the Corporate Calculation Regulations Article 159) in accordance with the Quality Control Standards for Audits (issued by the Business Accounting Council on October 28, 2005). Through these methods, we reviewed the financial statements (balance sheets, statements of income, statement of changes in net assets and notes of non-consolidated financial statements) and the supplementary schedules, as well as the consolidated financial statements (consolidated balance sheets, consolidated statements of income, consolidated statement of shareholders' equity and notes of consolidated financial statements), for the fiscal year under review.

2. Results of the Audit:

(1) Results of the Audit for the Business Report

- 1) We have found that the business report and the supplementary schedules present fairly the current position of Kubota Corporation in conformity with applicable laws and regulations and the Articles of Incorporation.
- 2) In respect to the execution of duties of the Directors, we have found neither improper conduct nor any material breach of applicable laws and regulations and the Articles of Incorporation.
- 3) We have found that the resolutions of the Board of Directors regarding the internal control system are proper and correct. We have found nothing that needs to be pointed out concerning the Directors' performance of their duties regarding the internal control system.

(2) Results of the Audit for the financial statements and the supplementary schedules

We have found that the auditing methods employed by Deloitte Touche Tohmatsu, Independent Auditor, and the results thereof are appropriate and sufficient.

(3) Results of the Audit for the consolidated financial statements

We have found that the auditing methods employed by Deloitte Touche Tohmatsu, Independent Auditor, and the results thereof are appropriate and sufficient.

Table of Contents**2nd Subject for discussion:****Matters concerning election of a Corporate Auditor**

The term of office of a Corporate Auditor of Kubota Corporation, Mr. Yoshio Suekawa will expire at the conclusion of the 118th ordinary general meeting of shareholders. It is proposed to reappoint Mr. Suekawa a Corporate Auditor of Kubota Corporation.

The Board of Corporate Auditors of Kubota Corporation agreed with his assuming office as a Corporate Auditor of Kubota Corporation.

Name (Birthday)	Number of Company Shares Owned	Current Positions and Brief Occupational History	
		(including responsibilities in other companies)	
1 Yoshio Suekawa (September 1, 1937)	10,000 Shares	Corporate Auditor of the Company	
		June 2004	Corporate Auditor of the Company (to present)
		April 2004	Appointed as a special visiting professor, the Faculty of Commerce, Doshisha University
		July 2002	Established Suekawa CPA Office (to present)
		June 2002	Retired from Representative Partner of Deloitte Touche Tohmatsu, Osaka
		May 1989	Assumed Representative Partner of Deloitte Touche, Tohmatsu, Osaka
		July 1984	Joined Sanwa Tokyo Marunouchi (currently, Deloitte Touche Tohmatsu)
		October 1963	Registered as a CPA with the Japanese Institute of Certified Public Accountants
		October 1959	Joined Lowe Bingham and Luckie (subsequently, PricewaterhouseCoopers, Osaka)

Notes:

1. No conflict of interest exists between Kubota Corporation and the above candidate for a Corporate Auditor.
2. Mr. Yoshio Suekawa is a candidate of the Outside Corporate Auditor.
3. Kubota Corporation asked Mr. Yoshio Suekawa to be elected Outside Corporate Auditor because Kubota Corporation considered that he could advise and audit management overall from a wide-ranging viewpoint with his adequate experience as a CPA.
4. Mr. Yoshio Suekawa will have assumed the office of Corporate Auditor of Kubota Corporation for four years at the 118th ordinary general meeting of shareholders.
5. During Mr. Suekawa's assuming the office of Corporate Auditor of Kubota Corporation, Kubota Corporation received administrative punishment from Japan Fair Trade Commission on January 2007, and judgment of conviction from Osaka District Court on April 2007 for violation of the Antimonopoly Law in the bidding for the nightsoil treatment plant construction. Kubota Corporation also

Edgar Filing: KUBOTA CORP - Form 6-K

received administrative punishment from Japan Fair Trade Commission for the violation of Anti-monopoly Law in engineering works for sewage pump system ordered by Tokyo Metropolitan Government Bureau of Sewerage on March 2007 and in sales activities of polyethylene pipe for gas supply on June 2007. Mr. Suekawa carried out his responsibility as an Outside Corporate Auditor, such as making remarks about these matters at the meetings timely and appropriately and checking up for details of preventative measures about these matters.

3rd Subject for discussion:

Matters concerning bonus payments for Directors

Kubota Corporation will pay directors' bonuses (¥219 million) for 21 Directors at the end of the fiscal year ended March 31, 2008, in consideration with results of operations for the fiscal year ended March 31, 2008.

Kubota Corporation asks shareholders to entrust the amount of payment to each Director which will be resolved at the Board of Directors.
