This proxy statement was first mailed to stockholders on or about October 24, 2008.

3. WHAT MAY I VOTE ON?

You may vote on:

- Ø The election of ten (10) directors to serve on our Board of Directors.

- Ø The approval of the WMS Industries Inc. Employee Stock Purchase Plan.

- Ø The ratification of the appointment of Ernst & Young as our independent registered public accounting firm for our fiscal year ending June 30, 2009.

4. HOW DOES THE BOARD RECOMMEND I VOTE ON THE PROPOSALS?

The Board of Directors recommends that you vote:

- FOR each of the director nominees to serve on our Board of Directors.

- FOR the approval of our Employee Stock Purchase Plan.

- FOR the ratification of the appointment of Ernst & Young as our independent registered public accounting firm for our fiscal year ending June 30, 2009.

5. WHO IS ENTITLED TO VOTE?

Holders of shares of our common stock as of the close of business on October 16, 2008, the Record Date, are entitled to vote on all items properly presented at the Annual Meeting of Stockholders. On the Record Date, approximately 50,030,858 shares of our common stock were outstanding. Every stockholder is entitled to one vote for each share of common stock held. A list of these stockholders will be available during ordinary business hours at our principal place of business, located at 800 South Northpoint Blvd., Waukegan, Illinois 60085, from our Corporate Secretary at least ten calendar days before December 11, 2008. 7. WHO CAN ATTEND THE ANNUAL MEETING OF STOCKHOLDERS?

Only stockholders as of the close of business on October 16, 2008, holders of proxies for those stockholders and other persons invited by us can attend. If your shares are held by your broker in street name, you must bring a letter from your broker or a copy of your instruction form from your broker to the meeting showing that you were the direct or indirect (beneficial) owner of the shares on October 16, 2008 to attend the meeting.

8. CAN I VOTE AT THE MEETING?

Yes. If you wish to vote your shares in person at the Annual Meeting of Stockholders and they are held by your broker in street name, you must bring a letter from the broker to the meeting showing that you were the beneficial owner of the shares on October 16, 2008.

9. CAN I CHANGE MY VOTE AFTER I RETURN MY PROXY CARD?

Yes. You may change your vote at any time before the voting concludes at the Annual Meeting of Stockholders by taking any one of the following actions:

- Ø Sending in another proxy signed on a later date by mail.
- Ø Notifying our Corporate Secretary in writing before the Annual Meeting of Stockholders that you wish to revoke your proxy.
- Ø Voting in person at the Annual Meeting of Stockholders.

10. HOW DO I VOTE MY SHARES IF THEY ARE HELD IN STREET NAME?

If your shares are held by your broker in street name, you will receive a form from your broker seeking instruction as to how your shares should be voted. We urge you to complete this form and instruct your broker how to vote on your behalf. You can also vote in person at the Annual Meeting of Stockholders, but you must bring a letter from the broker showing that you were the beneficial owner of your shares on October 16, 2008.

11. WHAT IS A QUORUM ?

A quorum is a majority of the outstanding shares. The shares may be present at the Annual Meeting of Stockholders or represented by proxy. There must be a quorum for the Annual Meeting of Stockholders to be held. If you submit a properly executed proxy card, even if you abstain from voting, you will be considered part of the quorum. Broker non-votes are also considered a part of the quorum. Broker non-votes occur when a broker holding shares for a beneficial owner does not vote on a particular matter because the broker does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner.

12. WHAT IS BROKER DISCRETIONARY VOTING?

Under the rules of the New York Stock Exchange (NYSE), if you hold your shares through a broker, your broker is permitted to vote your shares on the election of directors and ratification of our independent registered public accounting firm in its discretion if it has transmitted the proxy materials to you and has not received voting instructions from you on how to vote your shares before the deadline set by your broker. Your broker cannot vote your shares without your instruction on how to vote on the approval of our Employee Stock Purchase Plan, so it is very important that you instruct your broker how to vote on this proposal.

13. HOW ARE MATTERS PASSED OR DEFEATED?

- Ø Under Delaware law, the ten director nominees receiving the highest number of affirmative votes will be elected. Our Board of Directors has adopted a policy requiring any director nominee who receives a greater number of votes withheld than votes for his or her election to tender his or her resignation to

Table of Contents

the Board of Directors for consideration by our Nominating and Corporate Governance Committee and Board. For purposes of this calculation, abstentions and broker non-votes will not be counted. A properly executed proxy marked WITHHOLD AUTHORITY with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum.

- Ø Proposal 2, approval of our Employee Stock Purchase Plan must receive affirmative votes from more than 50 percent of the shares that are present and entitled to vote in order to be approved. Broker non-votes are not counted as shares voted on the approval of the Employee Stock Purchase Plan. An abstention has the same effect as a vote AGAINST this proposal.

- Ø Ratification of the appointment of our independent registered public accounting firm must receive affirmative votes from more than 50 percent of the shares that are present and entitled to vote in order to be approved. An abstention has the same effect as a vote AGAINST this proposal.

14. WHO WILL COUNT THE VOTES?

Proxies will be tabulated by our transfer agent, American Stock Transfer and Trust Company.

15. IS MY VOTE CONFIDENTIAL?

Proxy cards, ballots and voting tabulations that identify individual stockholders are mailed or returned directly to American Stock Transfer and Trust Company and handled in a manner that protects your voting privacy. Your vote will not be disclosed except (1) as needed to permit American Stock Transfer and Trust Company to tabulate and certify the vote and (2) as required by law. However, comments written on the proxy card may be forwarded to management. In that case, your identity may not be kept confidential.

16. HOW WILL VOTING ON ANY BUSINESS NOT DESCRIBED ON THE NOTICE OF ANNUAL MEETING OF STOCKHOLDERS BE CONDUCTED?

We do not know of any business to be considered at the Annual Meeting of Stockholders other than the proposals described in this proxy statement. If any other business is presented at the Annual Meeting of Stockholders, your signed proxy card gives authority to Brian R. Gamache, Orrin J. Edidin, Scott D. Schweinfurth and Kathleen J. McJohn to vote on such matters at their discretion.

17. DELIVERY OF DOCUMENTS TO STOCKHOLDERS SHARING AN ADDRESS

If you are the beneficial owner, but not the record holder of our shares, your broker, bank or other nominee may only deliver one copy of this proxy statement and our 2008 Annual Report to multiple stockholders who share an address unless that nominee has received contrary instructions from you or one or more of the other stockholders at the same address. We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and our 2008 Annual Report to a stockholder at a shared address to which a single copy of the documents was delivered. A stockholder who wishes to receive a separate copy of these documents, now or in the future, should submit this request by writing to American Stock Transfer and Trust Company, 59 Maiden Lane, Plaza Level, New York, NY 10038 or by calling (800) 937-5449 or (718) 921-8124. Beneficial owners sharing an address who are receiving multiple copies of these documents and who wish to receive a single copy in the future will need to contact their broker, bank or other nominee to request that only one copy of each document be mailed to all stockholders at the shared address in the future.

18. WHEN ARE STOCKHOLDER PROPOSALS FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS DUE?

We must receive any stockholder proposals of matters to be acted upon at our 2009 Annual Meeting of Stockholders on or before June 23, 2009, in order to consider including them in our proxy materials for that meeting. Except as otherwise permitted under Rule 14a-8 under the Securities Exchange Act of 1934, in order for

Table of Contents

a matter to be acted upon at an Annual Meeting of Stockholders, notice of stockholder proposals must be delivered to us not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's Annual Meeting of Stockholders; provided, however, that in the event that the date of the Annual Meeting of Stockholders is more than 30 days before or more than 70 days after such anniversary date, notice by a stockholder must be delivered to our Corporate Secretary at 800 South Northpoint Blvd., Waukegan, Illinois 60085 not earlier than the 120th day prior to an Annual Meeting of Stockholders and not later than the 10th day following the day on which we first publicly announce the date of the meeting. Next year, provided we do not change our meeting date as described above, the submission period for stockholder notices and director nominations will extend from August 13, 2009 to September 12, 2009, except as otherwise permitted under Rule 14a-8 under the Securities Exchange Act of 1934.

Unless authority to vote for the election of directors is withheld, the proxy holders named in the enclosed proxy will vote all shares represented thereby in favor of the election of each of the nominees named below. Voting Proxy Agreements

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

In order for us to manufacture and sell gaming machines in Nevada, our officers and directors are required to be, and have been or are in the process of being, registered, licensed or found suitable by the Nevada gaming authorities, among other gaming authorities. In addition, under applicable Nevada law and administrative procedure, as a greater than 5% stockholder of our Company, Sumner M. Redstone was required to apply, and

has an application pending, with the Nevada gaming authorities, for a finding of suitability as a stockholder of our Company. National Amusements, Inc., a company controlled by Mr. Redstone, owns 3,997,555 shares, or 8.0% of our outstanding shares.

Under an amended voting proxy agreement, originally entered into in 1995, Mr. Redstone and National Amusements, Inc. voluntarily granted a voting proxy to a proxy-holder to vote all of Mr. Redstone's and National Amusements, Inc.'s shares. In 2006, Mr. Brian R. Gamache became the proxy-holder under the agreement. The agreement is intended to ensure that the passive investment position of Mr. Redstone and National Amusements, Inc. relative to our Company will not change without prior notification to the Nevada gaming authorities. Under the agreement, Mr. Gamache votes the shares subject to the agreement at his discretion at meetings of our stockholders and acts as proxy in connection with any written consent of our stockholders. The term of the agreement ends on August 24, 2010, unless Mr. Redstone terminates it earlier upon 30 days written notice. It may also be terminated upon a finding by the Nevada gaming authorities that Mr. Redstone and National Amusements Inc. are suitable as stockholders of our Company or are no longer subject to the applicable provisions of Nevada gaming laws. Mr. Gamache has advised us that he plans to use the voting proxy to vote such shares in favor of each nominee for election as director under Proposal 1 and FOR Proposals 2 and 3.

Phyllis G. Redstone currently owns 300,000 shares, or less than 1.0% of our outstanding shares. Under an amended voting agreement, originally entered into in 2002, Ms. Redstone granted a voting proxy to a proxy-holder. In 2006, Mr. Gamache became the proxy-holder. Under this agreement, Mr. Gamache will vote the shares owned by Ms. Redstone at his discretion at meetings of our stockholders and will act as proxy in connection with any written consent of our stockholders. The term of the agreement ends on November 8, 2012, unless Ms. Redstone terminates it earlier upon 30 days written notice. Mr. Gamache has advised us that he plans to use the voting proxy from Ms. Redstone to vote such shares in favor of each nominee for election as director under Proposal 1 and FOR Proposals 2 and 3.

Board of Directors

Eleven (11) meetings in fiscal year 2008

The Board of Directors is our ultimate decision-making body, responsible for overseeing our affairs, except with respect to those matters reserved to the stockholders by law or under our By-laws.

Each director nominated for re-election attended at least 75%, except Ms. Nazemetz who attended 69%, of the aggregate number of meetings of the Board and all Committees on which he or she served during the fiscal year. Our non-employee directors hold regular executive sessions without management being present. During fiscal year 2008, the Board met in executive session without management being present at seven (7) meetings. Our Lead Director, who is not an executive officer, presides at executive sessions of the Board of Directors.

Role of the Lead Director

In July 2008, Mr. Louis J. Nicastro retired as the Company's Chairman of the Board but remains on our board of directors as our Founding Director. As part of our succession plan, the Board of Directors appointed

Table of Contents

Brian R. Gamache, our Chief Executive Officer, to serve as its Chairman. The Board determined to combine the position of Chairman and Chief Executive Officer in order to unify the leadership of our company in one person, Mr. Gamache. In making its determination, the Board concluded that, in the highly competitive and regulated gaming industry, it is critical that our leadership have substantial experience in the industry. Additionally, the Board believed that a combined Chairman and Chief Executive Officer would facilitate the setting of clear strategic direction and enable a quick response to competitive pressures and changes in the industry. The Board also determined that a continuity of leadership will reduce the likelihood of turn-over in executive positions. As Chief Executive Officer, Mr. Gamache will focus on setting our strategic direction, global expansion, customer and employee satisfaction, leadership development and corporate culture. In his role as Chairman, Mr. Gamache will be responsible for presiding at meetings of the Board (other than executive sessions of non-employee directors) and, in consultation with our Lead Director, setting schedules for meetings, developing agendas and indicating the information to be provided to the directors.

Concurrently with naming Mr. Gamache as Chairman, the Board created a new Lead Director position. Effective July 1, 2008, the Board appointed Edward W. Rabin, Jr. to serve as Lead Director. The Board determined that the Lead Director (i) will be independent in accordance with our standards for independence, (ii) will not have been our full-time employee at any time or have been, within the past five years, a provider of professional services to us, (iii) will be appointed by a majority vote of the independent members of the Board, and (iv) will have served on the Board for at least one year.

The Lead Director has the following responsibilities:

- Ø Participate with the Chairman of the Board in establishing and approving Board meeting schedules, the agenda for Board meetings, the time allotted for agenda items, and the information to be sent to the Board.

- Ø Convene and preside at executive sessions of the non-employee and independent members of the Board of Directors.

- Ø Serve as liaison between the Chairman of the Board and the non-employee directors.

- Ø Preside at all Board meetings at which the Chairman of the Board is not present.

- Ø Facilitate communications between Board members and our officers, without in any way limiting the access of any Board member to such officers through other means.

- Ø Be available, if requested by any stockholder owning 3% or more of our outstanding stock, for consultation and direct communication with such stockholder.

- Ø Such other responsibilities as the Board may specify from time to time in order to better serve us and our stockholders.

Governance Principles

The Board has adopted Corporate Governance Guidelines and a Code of Conduct. Under our Code of Conduct, only the Board of Directors or a Committee of the Board of Directors may grant a waiver of this code to an executive officer or director. Any waiver will be promptly disclosed

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

to our stockholders and as required by law or NYSE regulations. We have established a whistleblower hotline for use by our employees and other interested parties to report suspected violations of our Code of Conduct or other complaints directly to executive management and our Audit and Ethics Committee. Quarterly, our internal audit department and General Counsel report any suspected violations of our Code of Conduct and any activity on our whistleblower hotline to our Audit and Ethics Committee and our Board of Directors. All employees and our directors are required to receive ethics training at least annually on our Code of Conduct.

The Board regularly reviews corporate governance developments and modifies its Corporate Governance Guidelines, Code of Conduct, charters and key policies and practices as warranted.

Stock Ownership Guidelines

Our Board of Directors has adopted stock ownership guidelines for our directors. Under these guidelines each of our Board members is expected to own 5,000 shares. Deferred units and restricted stock held by the directors count toward meeting the requirements but unexercised stock options do not. The guidelines were adopted in September 2006 and have been reviewed and updated periodically. Under the policy, newly appointed or elected directors will have four years from joining our board to comply with these guidelines. All directors currently comply with these guidelines.

Director Independence

It has been our policy, and it is a requirement of the listing standards of the NYSE, that a majority of the members of our Board qualify as independent directors who have no material relationship with us, other than serving as a director. Our Board has adopted the following categorical standards, as permitted by Section 303A.02 of the NYSE Listed Company Manual. A director who is not disqualified from being independent under Section 303A.02 of the NYSE Listed Company Manual and who meets all of the following categorical standards is presumed to be independent:

- Ø The director does not directly or indirectly (as a partner, stockholder or officer of another company) provide consulting, legal or financial advisory services to us or our auditors for compensation exceeding (i) for direct services, \$100,000 or (ii) for indirect services, the greater of \$1 million or 2% of such other company's revenues.

- Ø The director does not own 5% or more of our common stock or convertible subordinated notes.

- Ø The director does not serve as an executive officer or director of an organization that receives significant financial contributions from us.

Our Board has determined that all of the existing members of our Board of Directors, except for our Chairman and Chief Executive Officer, Brian R. Gamache, are independent in accordance with our policies. Mr. Gamache is not independent because he is one of our executive officers and, due to the voting proxy agreements described above, has voting power over more than 5% of our common stock.

In addition, in order to be nominated for election to our Board, our directors must possess a number of skills and other qualifications, as discussed below under the heading Nominating and Corporate Governance Committee Policies.

Evaluation of Board Performance

In 2008, as required by the Corporate Governance Standards of the NYSE, our Board, led by the Nominating and Corporate Governance Committee, conducted its annual evaluation of the Board's performance as a whole. Each standing Committee of the Board conducted a separate evaluation of its own performance and the adequacy of its charter. Each Committee then reported the results of its self-evaluation to the Board as a whole. The Nominating and Corporate Governance Committee considers these evaluations during the nominating process.

Director Education

We require our directors to participate in continuing education periodically. Over the last two fiscal years, five of our directors participated in third-party provided continuing education programs on corporate governance and other topics pertinent to the responsibilities of the Board and its Committees. Additionally, in fiscal year 2008, our Audit and Ethics Committee participated in regular quarterly educational sessions provided by our Finance Department covering critical accounting policies, new accounting principles and accounting trends.

Table of Contents

In addition to these standing committees, the Board has selected a Gaming Compliance Committee to oversee our gaming regulatory compliance program.

Selection of Nominees for Election at the Annual Meeting of Stockholders

All of the nominees listed on the accompanying proxy card are currently serving on our Board of Directors.

Nominating and Corporate Governance Committee Policies

Qualifications of Directors. Under our By-laws, each director must be at least 21 years of age and will not be qualified to serve as a director if any gaming authority has communicated their determination that such individual is not suitable for being licensed or not licensable by such authority. Further, under a policy formulated by our Nominating and Corporate Governance Committee, we require that all candidates for director (1) be persons of integrity, sound ethical character and judgment; (2) have no interests that materially impair their independent judgment or their ability to discharge their fiduciary duties to us and our stockholders; (3) have demonstrated business, governmental or technical achievement and acumen; and (4) have adequate time to devote to service on the Board and have committed to serve on no more than two other boards of directors of publicly traded companies. We also require that a majority of our directors be independent, as described above under Director Independence. In addition, at least three of our directors must have the financial literacy necessary for service on our Audit and Ethics Committee, and at least one of our directors must qualify as an audit committee financial expert.

Table of Contents

Required Resignation under Certain Circumstances. Our Nominating and Corporate Governance Committee has adopted a policy that each director must offer to tender his or her resignation to the Board in the event a director changes his or her principal employment.

Majority Voting. Our Corporate Governance Guidelines contain a majority voting policy. The policy provides that in an uncontested election of directors, any nominee who receives a greater number of votes withheld than votes for his election must tender his or her resignation to the Board of Directors for consideration by our Nominating and Corporate Governance Committee and Board. For purposes of this calculation, abstentions and broker non-votes will not be counted. When considering a resignation, the Nominating and Corporate Governance Committee will take into account the following factors:

- Ø Any stated reasons why votes were withheld and any available methods for curing such issues.
- Ø The tenure and qualifications of the director.
- Ø The director's past and expected future contributions.
- Ø The overall composition of the Board, our director criteria and our, the NYSE's and the Securities and Exchange Commission's requirements for board composition.

Based on this analysis, the Nominating and Corporate Governance Committee will recommend that the Board (1) accept the resignation, (2) decline the resignation but address the underlying cause of the withheld votes, (3) decline the resignation but determine that the director will not be nominated again or (4) decline the resignation. The independent members of the Board of Directors, excluding any director who has submitted his or her resignation, will have 90 days following the stockholders meeting when the election occurred to consider the resignation and the Nominating and Corporate Governance Committee's recommendation, and we will promptly disclose any decision with respect to the tendered resignation on a current report on Form 8-K filed with the Securities and Exchange Commission.

In accordance with this policy, each nominee for director is expected to submit his or her resignation upon his or her acceptance of the nomination which resignation will only be effective upon the occurrence of both of the following events:

- Ø A greater number of votes are withheld or voted against the election of such director than are voted for such director.
- Ø Such director's resignation is accepted by the Board of Directors.

Stockholder Recommendations of Candidates for Election as Directors. The Nominating and Corporate Governance Committee will consider recommendations for director nominations submitted by stockholders that individually or as a group have beneficial ownership of at least 3% of our common stock, but only when an incumbent is not being nominated for the position and the recommended nominee satisfies the minimum qualifications prescribed by the Nominating and Corporate Governance Committee for all nominees as described above. For each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee will accept for consideration only one recommendation from any stockholder or affiliated group of stockholders. Submissions must be made in accordance with the Nominating and Corporate Governance Committee's procedures, as outlined below.

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

Procedures for Stockholder Submission of Nominating Recommendations. A stockholder wishing to recommend to the Nominating and Corporate Governance Committee a candidate for election as a director must submit the recommendation, in writing, addressed to the Nominating and Corporate Governance Committee in care of our Corporate Secretary at 800 South Northpoint Boulevard, Waukegan, Illinois 60085. The submission must be made by mail, courier or personal delivery. E-mail submissions will not be considered.

The submission must be made in accordance with the provisions of Article I, Section 14 of our By-laws. Our By-laws are filed with the Securities and Exchange Commission and are incorporated by this reference from an exhibit to our Current Report on Form 8-K, filed on May 10, 2007 and can be viewed and downloaded from

Table of Contents

the Corporate Governance section of the Investor Relations section of our website at www.wms.com. Under Section 14, among other requirements, the submission must generally be delivered no later than 90 days nor earlier than 120 days prior to the anniversary of the prior year's Annual Meeting of Stockholders. This year, that period was from August 15, 2008 to September 14, 2008, and we did not receive any submissions from stockholders. Next year, the submission period will extend from August 13, 2009 to September 12, 2009. The submission must include information about the proposed nominee, including his or her age, business and residence addresses, principal occupation, the class and number of shares beneficially owned and such other information as would be required to be included in a proxy statement soliciting proxies for the election of the proposed nominee, and information about the stockholder recommending the nomination of that person. Submissions from our stockholders must also include information about the stockholder making the submission such as (1) the stockholder's name and address, (2) the class and number of shares held by the stockholder, (3) a representation that the stockholder is entitled to vote at the meeting in person or by proxy and (4) a representation concerning the stockholder's plan to solicit proxies in support of the proposal. Our stockholders should refer to the By-laws for a complete description of the requirements.

Under the Nominating and Corporate Governance Committee's policy, the recommendation must also be accompanied by the consent of the proposed nominee to serve if nominated, to be identified in the proxy statement and to be interviewed by the Nominating and Corporate Governance Committee, if it chooses to do so. The submission must include the proposed nominee's contact information for this purpose. It must also describe all relationships between the proposed nominee and (1) any of our competitors, customers, suppliers or other persons with interests regarding us and (2) the recommending stockholder, as well as any agreements or understandings between the recommending stockholder and the proposed nominee regarding the recommendation. Furthermore, the submission must state the basis for the recommender's views that the proposed nominee (1) possesses the minimum qualifications prescribed by the Nominating and Corporate Governance Committee for nominees, briefly describing the contributions that the nominee would be expected to make to the board and to our governance and (2) would represent all stockholders and not serve for the purpose of advancing or favoring any particular stockholder or other constituency. The submission, if by a holder of over 5% of our common stock, must state whether or not the stockholder submitting the recommendation consents to be identified in the proxy statement.

The Process of Identifying and Evaluating Candidates for Directors. Our directors' terms on the Board expire annually. We are of the view that the continuing service of a substantial number of qualified incumbents promotes stability and continuity in the boardroom. In selecting candidates for nomination for election to the Board at our Annual Meetings of Stockholders, the Nominating and Corporate Governance Committee begins by determining whether the incumbent directors desire to continue their service on the Board. The Nominating and Corporate Governance Committee then considers whether our incumbent directors who desire to remain on the board continue to satisfy the qualifications for director candidates described above. The Nominating and Corporate Governance Committee also considers our director succession plan and assesses the directors' performance during the preceding term.

If there are Board positions for which the Nominating and Corporate Governance Committee will not be re-nominating an incumbent, the Committee will solicit recommendations for nominees from persons whom the Committee believes are likely to be familiar with qualified candidates, including members of the Board and senior management. The Nominating and Corporate Governance Committee may also engage a search firm to assist in identifying qualified candidates. The Nominating and Corporate Governance Committee will evaluate candidates recommended by stockholders in the same manner as candidates recommended by other persons, except that the Committee may consider, as one of the factors in its evaluation of stockholder-recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in our equity securities.

The Nominating and Corporate Governance Committee will review and evaluate each candidate whom it believes merits serious consideration, assemble and review the available relevant information concerning the candidate, the qualifications for Board membership established by the Committee, the contribution that the

Table of Contents

candidate can be expected to make to the overall functioning of the Board and other factors that it deems relevant. The Nominating and Corporate Governance Committee may solicit the views of management and other members of the Board. Every candidate who, in the Nominating and Corporate Governance Committee's opinion, merits serious consideration will be interviewed by members of the Board.

Gaming Compliance Committee

Six (6) meetings in fiscal year 2008

In addition to the standing Board Committees, we also have a Gaming Compliance Committee that is composed of Messrs. Neil Nicastro, Bobby Siller, and Steve DuCharme (Chairman). Mr. DuCharme, who is not a member of our Board of Directors, has served on our Gaming Compliance Committee since December 2004 and has served as a gaming compliance consultant to us since January 2002. Mr. DuCharme previously served as a member of the Nevada State Gaming Control Board for ten years (from 1991 to 2001), including two years as Chairman. Mr. DuCharme holds a degree in Criminal Justice from the University of Nevada Las Vegas and served 20 years on the Las Vegas Metropolitan Police Department, including as Commander of the Crime Prevention Bureau, prior to his appointment to the Nevada Gaming Control Board in January 1991. Mr. DuCharme also serves as Chairman of the Compliance Committee for Penn National Gaming, Inc., the Hard Rock Casino in Las Vegas, Nevada and for Exber, Inc., and is the Chairman of the Pokagon Band Gaming Commission in Michigan. The Gaming Compliance Committee is governed by the WMS Industries Inc. General Gaming Compliance Review and Reporting Plan that has been approved by certain of our gaming regulators such as the Nevada State Gaming Control Board, as required from time to time.

Director Attendance at Annual Meetings of Stockholders

Directors are expected to attend our Annual Meetings of Stockholders. At last year's Annual Meeting of Stockholders, all of our directors who were standing for election at that meeting attended in person.

Director Compensation

In September 2007, based on the recommendation of our Compensation Committee with the advice of Steven Hall & Partners, the independent compensation consulting firm retained by the Committee, the Board of Directors increased the amount of the annual retainer paid to our non-employee directors, other than Mr. Louis J. Nicastro, from \$30,000 to \$50,000 per year payable monthly for each month during which the director serves on our Board. The compensation of our committee members and committee chairmen remained unchanged.

Table of Contents

Mr. Louis J. Nicastro received an annual retainer of \$500,000 for his service as our Chairman through June 30, 2008, in recognition of his extensive experience with and knowledge of, and the time and effort he commits to, our Company. Upon Mr. Nicastro's retirement as Chairman, effective July 1, 2008, Mr. Nicastro became entitled to receive the same annual retainer as other non-employee directors and we entered into a three-year Advisory Agreement with him whereby we pay Mr. Nicastro \$450,000 per year in fees in equal monthly installments. Annual committee fees, including additional fees for a director serving as a chairman of a committee, are paid monthly for each month during which the director serves on such committee. Committee fees vary from \$5,000 to \$25,000 as set forth below in footnote (2) to the Director Compensation Table. Our Lead Director, appointed effective July 1, 2008, will receive an annual retainer of \$50,000 payable in monthly installments.

Each non-employee director receives equity compensation pursuant to the Amended and Restated 2005 Plan consisting of:

- Ø An option to purchase 25,000 shares of our common stock; such option is granted on the effective date of his or her initial election or appointment to the Board of Directors and becomes exercisable upon the first anniversary of its grant date.

- Ø An annual award of options and/or restricted stock valued at \$225,000 on the date of grant.

Prior to September 2007, 50% of this award was made in the form of options which vested over a two year period and 50% was made in the form of restricted stock which vested upon the director's departure from the Board. The exercise price of any options granted to non-employee directors was 100% of the fair market value of the shares measured at the closing trading price on the grant date. Beginning in September 2007, in keeping with national trends in director compensation favoring restricted stock and based on the recommendation of our compensation consultants, the Board determined that 100% of this annual award would be made in restricted stock, which will vest in equal installments on the first and second anniversary of the grant date. In September 2008, the Board again granted 100% of the annual award in restricted stock.

The following table and accompanying narrative disclosures provide compensation information for our non-employee directors for fiscal year 2008 that was recorded by us as an expense in our fiscal year 2008 Statements of Income in our Annual Report on Form 10-K. Mr. Louis J. Nicastro served as our Chairman throughout fiscal year 2008. Upon Mr. Nicastro's retirement as our Chairman on July 1, 2008, Mr. Gamache, our Chief Executive Officer, became our Chairman. Mr. Gamache, is our sole employee director and receives no separate compensation for serving as our Chairman or a director. For information concerning Mr. Gamache's compensation as our Chief Executive Officer see Executive Compensation beginning on page 23.

- (1) *Service for Less than the Fiscal Year:* Mr. Bahash, Ms. Nazemetz and Mr. Siller served on the Board of Directors since September 2007, December 2007 and January 2008, respectively. Mr. Reich retired from our Board in December 2007.
- (2) *Fees Earned or Paid in Cash:* This column reflects annual cash fees paid in monthly installments to directors while they serve as a director. Beginning in September 2007, the annual retainer paid to each non-employee director, except Mr. Louis J. Nicastro, was increased from \$30,000 to \$50,000 per year (paid in equal monthly installments). Prior to his retirement as our Chairman of the Board effective July 1, 2008, Mr. Nicastro was paid an annual retainer of \$500,000 for fiscal year 2008. Non-employee directors serving in committee positions receive additional annual cash compensation, with the chairman of the committee receiving fees at a higher annual rate. All such annual fees are paid in monthly installments as services are rendered. The annual rates for such services for fiscal year 2008 are set forth below:

Position	Audit and Ethics Committee Fees	Compensation Committee Fees	Nominating and Corporate Governance Committee Fees	Gaming Compliance Committee Fees
Chairman	\$ 30,000	\$ 10,000	\$ 7,500	N/A
Member	25,000	\$ 5,000	\$ 5,000	\$ 10,000

- (3) *Stock Awards:* The amounts shown in this column reflect the dollar amount recognized as an expense for financial statement reporting purposes for fiscal year 2008, in accordance with Statement No. 123(R) of the Financial Accounting Standards Board, Share Based Payment (SFAS No. 123R), and thus include expenses relating to grants of restricted stock made prior to as well as during fiscal year 2008 consisting of grants of restricted stock made on August 14, 2006 of 6,636 shares, and on September 18, 2007 of 7,336 shares, to each director serving on such dates. Because Mr. Siller and Ms. Nazemetz joined the Board after the other

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

directors listed above, they did not receive the restricted stock for which SFAS No. 123R expense was recognized for the other directors for fiscal year 2008. Additionally, the amount listed for Mr. Louis J.

Nicastro includes a grant of restricted stock awarded to him on December 9, 2004, which expense was recognized for financial statement reporting purposes for fiscal year 2008 in accordance with SFAS No. 123R.

- (4) *Option Awards:* The amounts shown in this column reflect the dollar amount recognized as an expense for financial statement reporting purposes for fiscal year 2008, in accordance with SFAS No. 123R, and thus include expenses relating to grants of stock options made prior to as well as during fiscal year 2008. Most of the directors received the same stock option grants at the same time and therefore the expense under SFAS No. 123R is the same. However, Mr. Reich received an additional stock option grant in December 2007 upon retiring from our board and becoming a Director Emeritus. Because Messrs. Bahash and Siller and Ms. Nazemetz joined the Board after the other directors listed above, they did not receive some of the stock option grants for which SFAS No. 123R expense is recognized for the other directors, but each received an initial grant of stock options to acquire 25,000 shares upon joining our Board.
- (5) *All Other Compensation:* Amounts shown in this column consist of (1) amounts reimbursed under a medical reimbursement plan made available to our directors and their spouses at our expense that is supplementary to their primary medical insurance which in the case of Mr. Reich amounted to \$29,280 for fiscal year 2008 (and, in the case of Messrs. Louis Nicastro and Neil Nicastro and their spouses, also includes amounts paid as primary insurance), (2) life insurance premiums, (3) travel and entertainment expenses of directors spouses and family members in connection with Board meetings and company-sponsored events and (4) for Mr. Reich, also includes \$18,750 paid to him under our Director Emeritus program after he retired as a director.

Director Emeritus Program

We implemented a Director Emeritus program in 2004 as part of our director succession planning. The program provides that new directors elected after August 2004 will be subject to mandatory retirement from the Board at age 75 or after 20 years of service on the Board, provided that the Board may waive a director's mandatory retirement by action of 75% of the other directors. Members of the Board who were members when the program was adopted and who have reached the age of 75 or have served for at least 20 years will gradually be replaced by new directors in order to maintain continuity and avoid losing the benefit of valuable experience.

Each director leaving the Board for any reason who has reached at least 75 years of age, or who has served for at least 20 years on the Board, will be designated a Director Emeritus for four years after leaving the Board if the individual (1) is willing to assist the Board from time to time upon request by the Board, (2) agrees not to use our trade secrets or confidential information and (3) agrees not to solicit our employees on behalf of competitors. For each year or partial year of service on the Board or as an executive officer of ours or our predecessors (up to a maximum of 25 years), a Director Emeritus will receive each of the following:

- Ø A fee of \$1,500 per year of service, paid in each of the first two years after leaving the Board.
- Ø A fee of \$750 per year of service, paid in each of years three and four after leaving the Board.
- Ø Three months of continuing supplemental health coverage per year of service.
- Ø A fully vested five year option to purchase 1,500 shares per year of service exercisable at 100% of the market price on the day the director leaves the Board.

EXECUTIVE COMPENSATION

The rules of the Securities and Exchange Commission require us to disclose information regarding the compensation of our named executive officers who are defined as our principal executive officer, principal financial officer and the three other most highly compensated executive officers serving as an executive officer at the end of the fiscal year and also includes up to two additional individuals who would have been considered a named executive officer but for the fact that he or she was not serving as an executive officer at the end of the fiscal year. For our fiscal year ended June 30, 2008, our named executive officers were Brian R. Gamache (our principal executive officer), Orrin J. Edidin, Scott D. Schweinfurth (our principal financial officer), Patricia C. Barten and Kathleen J. McJohn.

Compensation Discussion and Analysis

Goals of our Executive Compensation Program. The goals of our Compensation Committee in developing compensation packages for our named executive officers include the following:

- Ø *Provide competitive compensation:* Executive compensation is a method for us to retain talented individuals by providing compensation in amounts and structure competitive with compensation paid to individuals in similar positions at comparable businesses with similar performance.
- Ø *Align the interests of our executive officers with our stockholders:* We use long-term incentives such as stock options, restricted stock and equity-based performance units to encourage our executive officers to build long-term value for our stockholders.
- Ø *Reward corporate performance:* Our compensation packages for our highest compensated named executive officers are designed to motivate them to devote their full energies to our success by rewarding them for company-wide achievements against pre-determined goals.
- Ø *Reward individual performance:* Compensation packages for our executive officers have components linked to individual performance goals.
- Ø *Provide a mix of long-term and short-term compensation to promote both long-term and short-term goals:* Our executive officers are encouraged to focus on both long-term and short-term goals by receiving compensation in the form of both equity compensation as a long-term incentive and cash compensation as a short-term incentive.
- Ø *Provide a mix of fixed compensation and variable compensation:* We use fixed compensation to provide our executive officers with a competitive base compensation, such as salary, while encouraging peak performance with other compensation that is variable based on company-wide performance and individual performance.

Resources Utilized by the Compensation Committee. From time to time, the Compensation Committee has retained independent compensation consulting firms to research the market-place, suggest new forms of compensation and evaluate the individual elements and total compensation packages for our executive officers and our directors. The independent consulting firm utilized by the Compensation Committee is selected by the Compensation Committee and performs no other services for us. Beginning in 2007, for compensation payable in fiscal year 2008, the Compensation Committee retained Steven Hall & Partners to provide compensation advice. Pearl Meyer & Partners provided advice to the Compensation Committee for prior years, including fiscal year 2007.

Additionally, the Compensation Committee invites our Chief Executive Officer and Chief Financial Officer to provide their perspectives on compensation alternatives and seeks input from the Chief Financial Officer on the accounting and tax ramifications of different compensation structures.

Development of our Executive Compensation Program. As described under *Committees of the Board of Directors Compensation Committee* on page 12, the Compensation Committee is charged with developing

Table of Contents

compensation programs for our executive officers. The Compensation Committee presents its recommendations to our Board of Directors for approval. Although Mr. Gamache is a member of our Board, he abstains from voting on compensation matters before the Board when such matters relate to non-employee directors or himself.

For compensation to be paid in fiscal year 2008, our Compensation Committee retained Steven Hall & Partners to review our compensation practices and to assist the Committee in assessing whether our compensation program was meeting our goals, including analyzing whether the amounts and structure of our executives' compensation was appropriate relative to compensation provided by comparable companies and relative to various management positions within WMS. Steven Hall & Partners was advised that our Compensation Committee sought to provide total remuneration for each of our executives comparable to total remuneration provided by comparable companies for individuals in similar positions for similar market performance. Steven Hall & Partners assisted the Committee to select a comparator group of companies based on industry compatibility and revenue size. The group selected consisted of six game manufacturing companies and casino suppliers (Aristocrat Leisure Limited, Bally Technologies Inc., Global Cash Access Holdings, International Game Technology, Scientific Games Corporation and Shuffle Master Inc.), three video game companies (Atari, Inc., Marvel Entertainment, Inc. and THQ Inc.) and three casino companies (Ameristar Casinos, Inc., Isle of Capri Casinos, Inc., and Pinnacle Entertainment, Inc.). Steven Hall & Partners reports to the Compensation Committee provided data with respect to our comparator group in terms of revenue growth, operating income growth, diluted earnings per share growth, total asset growth, return on equity and return on assets, as well as data with respect to how the compensation provided to our named executive officers related to the compensation provided to executives with similar functions at our comparator group companies. The median total revenues, net income and market capitalization of all companies in our comparator group was \$808 million, \$30.4 million and \$1,712 million, respectively, compared to our revenues of \$451 million, net income of \$33.3 million and market capitalization of \$1,582 million for a comparable period.

After reviewing the Steven Hall & Partners report and meeting with Mr. Hall, our Compensation Committee recommended to our Board, and our Board adopted, our executive compensation packages for fiscal year 2008.

Components of our Executive Compensation Program. Our compensation packages for our named executive officers consist of four components:

- Ø *Salary* we pay a salary to provide our named executive officers, like our other employees, with financial stability, and that salary acts as a base upon which performance-based compensation may be layered;
- Ø *Cash Bonus* we provide an opportunity to earn an annual cash bonus in order to provide our named executive officers, like our other employees, with short-term performance incentives;
- Ø *Equity Compensation* we use equity compensation to provide our named executive officers with long-term performance incentives; and
- Ø *Severance Packages* certain named executive officers have employment agreements which contain severance provisions in order to:

Provide them with a transition package in the case of termination by us without cause or by them with good reason;

Address the needs of their families in the event of death or disability;

Compensate them for the continuing non-competition provisions in such agreements; and

Retain our executives and ensure their objectivity in the event of a potential change-in-control.

Allocation Among Forms of Compensation.

Executives, such as Messrs. Gamache, Edidin and Schweinfurth, with a high degree of influence on our performance, have a lower percentage of compensation that is fixed or short term and a greater percentage that is variable or longer-term based on growth of our stock price and/or dependent on individual performance or our

Table of Contents

Company's performance. Mses. Barten's and McJohn's percentage of long-term or variable compensation as a component of total compensation is also a greater portion of their total compensation compared to other employees with less responsibility and direct influence on corporate policy and strategy.

The below table divides the total compensation expense of our named executive officers that we recorded as an expense in our fiscal year 2008 Statements of Income in our Annual Report on Form 10-K as set forth in the Summary Compensation Table appearing on page 33 between long-term or variable compensation consisting of bonus, stock awards, option awards, non-equity incentive plan compensation awards, and change in pension value versus short-term and fixed compensation consisting of salary and all other compensation.

Name	Total Compensation	Variable or Longer Term Compensation		Fixed and Shorter Term Compensation	
		\$ Amount	% of Total	\$ Amount	% of Total
Brian R. Gamache	\$ 4,524,521	\$ 3,581,489	79%	\$ 943,032	21%

Salary

For our 2007 and 2008 fiscal years, increases in annual base salaries for our named executive officers were made on a calendar year basis by our Board of Directors pursuant to the recommendations of our Compensation Committee and were effective January 1, 2007 and 2008. 80% of each such officer's salary increase was calculated in accordance with performance goals relating to revenue, earnings per share, cash conversion cycle, inventory turns and return on equity. 20% of each such officer's salary increase was based on individual performance pursuant to certain pre-established personal goals set for each named executive officer by the Chief Executive Officer, or, in the case of Mr. Gamache, by the independent members of the Board based on the recommendation of the Compensation Committee. The 80% of the salary increases for our named executive officers that were effective January 1, 2008 were based on corporate financial performance goals for the twelve months ended September 30, 2007 of revenue of \$480 million to \$571 million; earnings per share of \$0.79 to \$0.93; a cash conversion cycle of 176 to 156 days; inventory turns of 2.6 to 3.6 and return on equity of 10.7% to 12.8%.

The results of individual performance reviews that evaluate performance against the personal goals of each officer, as well as leadership and core competencies among other criteria, were used to calculate the 20% of the respective officer's salary increase that is based on individual performance. Based on our actual results and individual achievements, the dollar amount of the salaries and the percentage salary increases were as follows:

Name	Calendar Year 2007 Salary	Calendar Year 2008 Salary	Total % Increase
Brian R. Gamache	\$ 809,000	\$ 863,615	6.75
Orrin J. Edidin	513,000	549,685	7.15
Scott D. Schweinfurth	471,000	503,739	6.95
Patricia Barten	299,000	319,783	6.95
Kathleen J. McJohn	325,000	346,941	6.75

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

Based on the advice of Steven Hall & Partners, the Compensation Committee has recommended to our Board that rather than specific performance matrices being used to determine future salary increases, the Committee would assess base salary increases from year-to-year on a discretionary basis. In connection with their promotions on July 1, 2008, Mr. Edidin's and Ms. Barten's salaries were increased by the Board, upon recommendation of the Compensation Committee with the advice of our compensation consultant, to \$600,000 and \$350,000, respectively. The Board also determined that executive officer merit increases should coincide

Table of Contents

with merit increases awarded to all employees generally which are effective the first pay period in October 2008 and therefore, effective September 29, 2008, upon recommendations of the Compensation Committee, the Board increased Messrs. Gamache's and Schweinfurth's and Ms. McJohn's salaries to \$898,160, \$523,889 and \$360,819, respectively.

Cash Bonus

Annual cash bonuses are intended to provide short-term incentives to our executives to exceed certain pre-established performance goals. Cash bonuses are paid from a bonus pool for distribution to all employees, including our named executive officers. The bonus pool accrues over the fiscal year based on our actual financial performance compared to our budget which has been previously approved by our Board. After the close of the fiscal year, the accrued bonus pool is allocated first to pay contractual, guaranteed by law and non-discretionary bonuses, including the bonuses due to each of our named executive officers pursuant to the Board-approved corporate financial performance objectives. The residual is then allocated to pay bonuses to the remaining employees including the discretionary component of the bonuses payable to certain of our executive officers. In order for our other employees to achieve their maximum bonus potential, the employees would have to perform in an outstanding manner as to each of their individual performance objectives and the Company would have to significantly exceed its financial performance goals.

For fiscal year 2008, we paid cash bonuses to our named executive officers which were calculated pursuant to financial performance matrices based on corporate financial performance compared to pre-established goals relating to (a) earnings per share with a threshold of \$0.83, a target of \$0.94 and a maximum of \$1.30 and (b) revenues with a threshold of \$498, a target of \$561 million and a maximum of \$779 million, which goals were set by our Board of Directors based on the recommendation of the Compensation Committee. Mr. Gamache's bonus was entirely determined based on the corporate financial performance goals and set as a percentage of his base salary ranging from 0% if either of the thresholds was not met, 73% if the threshold goals were met, 100% if the target goals were met, and up to 280% if the maximum goals were met or exceeded. For Messrs. Edidin and Schweinfurth, their potential bonuses were entirely determined based on the corporate financial performance goals and set as a percentage of salary ranging from 0% if either of the thresholds was not met, 55% if the threshold goals were met, 75% if the target goals were met, and up to 225% if the maximum goals were met or exceeded.

For Meses. Barten and McJohn, 75% of their potential bonus was calculated based on the corporate financial performance goals and 25% as a discretionary bonus based on achievement of pre-established personal goals set by our Chief Executive Officer. For the 75% portion of their potential bonus, such bonus was set as a potential bonus amount equal to 40% of their respective base salary times a performance matrix percentage ranging from 0% if either of the thresholds was not met, 73% if the threshold goals were met, 100% if the target goals were met, and up to 300% if the maximum goals were met or exceeded.

The Compensation Committee and Board of Directors approved the discretionary portion of the bonuses and the calculation of the matrix-based bonuses awarded to all of our executive officers. The dollar amount of the bonuses awarded to our named executive officers for fiscal year 2008, reflected as a dollar amount and a percentage of their base salaries, were as follows:

Name	Bonus Amount	Percentage of Salary
Brian R. Gamache	\$ 1,614,027	187%
Orrin J. Edidin	770,859	140
Scott D. Schweinfurth	706,426	140
Patricia C. Barten	214,969	67
Kathleen J. McJohn	233,533	67

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

In September 2008, our Compensation Committee recommended that our Board approve corporate financial performance goals and various bonus matrices for fiscal year 2009 that will constitute the basis for 100% of the

Table of Contents

bonuses for Messrs. Gamache, Edidin and Schweinfurth and 75% of the bonuses for Mses. Barten and McJohn. For Mses. Barten and McJohn, the other 25% of their bonus will be determined based on achievement of pre-established personal goals set by our Chief Executive Officer.

The fiscal year 2009 bonus matrices for Messrs. Gamache, Edidin and Schweinfurth provide for Mr. Gamache to receive a bonus from 0% up to 280% of his base salary, and Messrs. Edidin and Schweinfurth and Ms. Barten to receive bonuses from 0% up to 225% of their base salaries. For Ms. McJohn, 75% of her potential bonus will be determined by multiplying her potential bonus amount of 40% of her base salary times a performance matrix percentage ranging from 0% to 299%. All bonus payouts will be based on revenue and earnings per share performance goals for the period ending June 30, 2009 which were established based upon our fiscal year 2009 budget prepared by our management and reviewed and adopted by our Compensation Committee and Board of Directors. We believe the minimum threshold goals for these periods are likely to be met which would result in a bonus equal to 73% of his base salary for Mr. Gamache and for Messrs. Edidin and Schweinfurth and Ms. Barten, 50% of their base salaries and the non-discretionary 75% of Ms. McJohn's bonus being calculated based on 70% of her potential bonus amount. We believe that the target goals are achievable based upon our expected financial performance. The maximum potential value available under these bonus matrices will only be achieved by extraordinary performance.

Long-Term Incentives

We have implemented a long-term incentive program covering rolling three-year periods to coincide with our three-year business plans. Long-term incentives to our executive officers are granted under our Amended and Restated 2005 Incentive Plan. We use various types of long-term incentives to align the interests of our executives with our stockholders' interests, reward future performance and encourage retention. We have granted the following types of awards as long-term incentives:

- Ø *Stock options*, which typically vest over 3 or 4 years, increase in value only if our common stock increases in value and may terminate within 90 days if an executive leaves our Company.
- Ø *Restricted stock and restricted stock unit grants*, which typically vest over 3 or 4 years, provide greater value if our common stock increases in value and may be forfeited if an executive voluntarily leaves our Company before vesting.
- Ø *Equity-based performance units*, which are only payable following the performance measurement date set at the time of grant to be, typically three years in the future, provide a payout which varies based on our Company's actual performance against certain pre-established financial goals, increase in value as our stock increases in value and may be forfeited if an executive leaves our Company before the performance measurement date. Equity-based performance units are payable in stock in an amount equal to a percentage of the number of units granted, which payout may range from: (1) nothing to the extent certain minimum threshold goals are not met, (2) a percentage from 10% to 99% to the extent the threshold goals, but not the target goals, are met but not exceeded, (3) 100% of the granted amount if the target goals are met, to (4) a percentage more than 100% and up to 200% of the granted amount to the extent the target goals are exceeded. The Compensation Committee may in its discretion elect to issue any payout under the equity-based performance units in cash based on the value of our stock on the performance measurement date.

Prior to fiscal 2008, the Compensation Committee determined, with the advice of our compensation consultants, that annual long-term incentive grants made to our key management team, including our executive officers, would consist of 50% stock options vesting equally over three years and 50% equity-based performance units with financial performance goals related to revenues and cash flow over a three year period. For fiscal 2008, after considering the advice of Steven Hall & Partners, our Compensation Committee recommended, and our Board approved, (a) an increase of the maximum potential value of the plan for each participant based on

Table of Contents

data with respect to our comparator group, (b) changes to the payout thresholds and (c) a division of the value being granted into (1) one third in stock options vesting 33% each year over three years, (2) one third in equity-based performance units with a performance measurement date of June 30, 2010 and performance goals which were based on earnings per share and revenues and (3) one third represented by restricted stock vesting 25% each year over four years. This new structure is intended to:

- Ø Increase the overall percentage of executive compensation represented by performance related and time-vesting equity;
- Ø Increase the target of executive compensation to a range more appropriate in relationship to comparable companies; and
- Ø Increase the retention value of the plan.

In September 2007, our Board of Directors acting upon the recommendation of the Compensation Committee, awarded options, restricted stock and performance units to the named executive officers equal in value to a percentage of his or her respective current salary, which percentage was dependent on the individual's position and level of responsibility, as set forth in the following table. The amounts of compensation provided under our long-term incentive plan are determined by our Board, pursuant to recommendations of our Compensation Committee and compensation consultants, taking into account the same factors used to establish our cash bonuses. We used the Black-Scholes option pricing model based on the closing price of our common stock on the grant date to calculate the number of options and the closing stock price on the date of grant to calculate the number of shares of restricted stock and the number of equity-based performance units equal to the approved grant value.

Based upon the applicable performance criteria achieved in the thirty-six month period ended June 30, 2008, no payout was made with respect to equity-based performance units with a measurement period ending June 30, 2008. The thresholds for a payout under these equity-based performance units with a performance measurement period of the thirty-six months ended June 30, 2008 were revenues of \$1.516 billion and free cash flow of \$149 million. Our actual revenues for the period were \$1.641 billion and our actual free cash flow was \$131 million, resulting in our named executive officers receiving no shares pursuant to these performance units. Free cash flow is a non-GAAP financial measure that we calculate as earnings before interest, taxes, depreciation and amortization, plus equity compensation cost, less taxes paid, less capital expenditures and plus or minus changes in working capital.

In fiscal 2008, we recorded a \$2.7 million provision for equity-based performance units outstanding that relate to the thirty-six month periods ending June 30, 2009 and 2010 based on our current assessment of the probability of achievement of the performance goals. The revenue, free cash flow and earnings per share performance goals for the thirty-six month periods ended June 30, 2009 and 2010, were established based upon our three-fiscal year business plan prepared by our management and reviewed and adopted by our Compensation Committee and Board of Directors. For the equity-based performance units with a performance measurement period ending June 30, 2009, we believe the minimum threshold goals are likely to be met, but that the target or maximum goals will only be achieved by extraordinary performance. For the equity-based performance units with a performance measurement period ending June 30, 2010, we believe the minimum threshold goals are

Table of Contents

likely to be met, that the target goals are achievable, and that the maximum potential value available under these plans for participants will only be achieved by extraordinary performance. Common stock equal to 10% of the units issued will be paid out under the equity-based performance units with a performance measurement period of the three years ended June 30, 2009 if the threshold goals of revenues of \$1.347 billion and free cash flow of \$121 million for such period are met and common stock equal to 60% of the units issued will be paid out under the equity-based performance units with a performance measurement period of the three years ended June 30, 2010 if the threshold goals of revenues of \$1.7 billion and earnings per share aggregate \$2.98 for such period are met. Greater performance will result in a greater percentage payout.

In September 2008, the Board of Directors granted fiscal year 2009 long-term incentive plan awards consisting of stock options, restricted stock units and equity-based performance units to our key management, including the named executive officers equal in value to a percentage of his or her respective salary, which percentage was dependent on the individual's position and level of responsibility. This grant was consistent with the fiscal year 2008 approach and 60% of the units issued will be paid out if the threshold goals are met. The Compensation Committee, in accordance with the advice of Steven Hall & Partners, recommended the award to our Board.

Executive Succession Grants

In September 2008, in connection with our executive succession planning efforts, our Board, acting on the recommendation of its Compensation Committee with the advice of Steven Hall & Partners, determined to make one-time equity grants to certain executive officers, including certain of our named executive officers, namely, Messrs. Gamache, Edidin, and Schweinfurth and Ms. Barten. The grants consisted of a combination of stock options and/or performance-based restricted stock units as detailed below:

Name	Options	Performance-based Restricted Stock Units
Brian R. Gamache		34,072
Orrin J. Edidin	50,000	15,000
Scott D. Schweinfurth	25,000	
Patricia C. Barten	25,000	

The stock options granted will vest equally over three years. The vesting of the performance-based restricted stock units is conditioned on both continued employment for a designated period and the achievement of specific performance criteria. The performance-based restricted stock units awarded to Messrs. Gamache and Edidin will vest equally over two and four years, respectively, subject to achieving any one performance criteria relating to revenue growth, increased earnings per share, or improvements in customer and employee satisfaction in the first two years. We believe that the continued employment requirement for vesting which is designed to promote executive retention is the material element of these performance-based restricted stock unit grants.

Policy Regarding Grant of Stock Options

In October 2006, our Board, acting on the recommendation of its Compensation Committee, adopted the following policy governing the grant of stock options to help the Board and the Compensation Committee in the exercise of their responsibilities and to promote the efficient and accurate grant of stock options under our equity compensation plan.

Ø

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

All grants of stock options are made only at a meeting, which may be held in person or by telephone, and not by unanimous written consent. Our counsel will attend all meetings where stock options are granted and will promptly prepare minutes of the meeting.

- Ø Except for grants of stock options which may be made in connection with hiring or promoting an employee or when deemed necessary by the Compensation Committee for retention purposes, grants to employees (other than the chief executive officer, president, chief operating officer or chief financial officer as provided below) will not be made more frequently than quarterly and will be made within a short period of time after the release of quarterly financial results.

Table of Contents

- Ø Except for grants of stock options which may be made to a newly hired or newly promoted chief executive officer, president, chief operating officer or chief financial officer, or to a new director, grants to such executive officers and directors will be made annually within a short period of time after the release of annual financial results.
- Ø No grants of stock options will be made when the Compensation Committee or Board is advised by our General Counsel that our executives are in possession of material favorable non-public information concerning our Company.
- Ø Stock option agreements evidencing grants will be sent to recipients within two weeks of the date of grant for prompt return. Any stock option grant not accepted within the deadline set for such grant will be cancelled.

Policy Regarding Adjustment of Awards or Payments

We have not made any adjustments to any performance criteria for merit increases, cash bonuses or equity-based performance units. We have not repriced any stock options. When the impact of unforeseen market conditions, as occurred with the impact of Hurricane Katrina and the unanticipated regulatory challenges in Russia, became apparent, our Compensation Committee evaluated what action should be taken as a result of the impact of these conditions on our performance. Rather than adjust the impacted equity-based performance units, our Board determined to grant additional equity-based performance units in the fiscal year 2007 long-term incentive plan grant to provide our executive officers with an opportunity to earn additional compensation based on future performance.

All of our equity awards are subject to adjustment to reflect the impact of certain corporate events, such as the 3-for-2 stock-split effected in June 2007. Our equity-based performance units also provide for adjustment for any changes to our Company's accounting policies that would otherwise impact the measurement of the predetermined financial performance criteria.

Stock Ownership Guidelines

In order to keep our executive officers' interests aligned with our stockholders, our Board has adopted stock ownership guidelines for our top executive officers. These guidelines provide:

- Ø Our Chief Executive Officer is expected to own stock equal in value to his base annual salary.
- Ø Our President and Chief Financial Officer are each expected to own stock equal in value to 50% of their respective base salaries.

Under the guidelines, restricted stock, restricted stock units and performance-based restricted units count toward meeting the requirements, but unexercised stock options and equity-based performance units do not. The guidelines were adopted in September 2006. Based on the closing market price of our stock on October 16, 2008, \$23.96, all of our top executives currently comply with these guidelines:

Name	Shares Owned		Required Ownership	
	Number of Shares	Value of Shares	Value	Percent of Salary

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

Brian R. Gamache	125,968	\$ 3,018,193	\$ 898,160	100%
Orrin J. Edidin	48,814	1,169,583	300,000	50
Scott D. Schweinfurth	30,237	724,479	261,944	50

The guidelines allow our current officers four years to comply and any new top executive officers four years from their appointment to such positions to comply. In accordance with a policy set by our Board of Directors, no executive officer may trade in our common stock without first notifying our General Counsel.

Change-in-Control, Retirement or Other Post-Employment Benefits

As part of our compensation package, we allow our executive officers to participate in a qualified 401(k) deferred compensation plan and a non-qualified deferred compensation plan, both of which provide for post-employment benefits. For our Chief Executive Officer, President and Chief Financial Officer, under certain circumstances, we also provide severance payments and accelerated vesting of equity compensation awards. Ms. McJohn's employment agreement also provides for severance payments in the event of the termination of her employment without cause.

A change-in-control may trigger certain benefits to our executive officers. It is our belief that providing benefits to our executive officers in the face of a change-in-control will help us retain these executives and ensure their objectivity in connection with any potential transaction. Certain of our equity compensation plans and related grant agreements provide for accelerated vesting of equity compensation awards in the event of a change-in-control. Furthermore, pursuant to our employment agreements with our Chief Executive Officer, President and Chief Financial Officer, as a result of a change-in-control, we may accelerate their equity compensation awards and make certain payments to them, including income tax gross up payments. These payments and benefits are described in more detail under *Potential Payments Upon Termination or Change-in-Control* beginning on page 43. In connection with its evaluation of executive compensation, Steven Hall & Partners delivered to our Compensation Committee and Board an analysis of the severance arrangements provided by the twelve comparator companies listed above under *Development of our Executive Compensation Program*.

Tally Sheets

In connection with their advice to the Compensation Committee, Steven Hall & Partners prepared executive compensation tally sheets for fiscal 2008 compensation for each of Messrs. Gamache, Edidin and Schweinfurth. These tally sheets set forth total remuneration granted and realized, special benefits, severance costs and values of stock holdings, and for Messrs. Gamache and Schweinfurth also provide a comparative tally sheet analysis for the Chief Executive Officers and Chief Financial Officers of Bally Technologies, Inc. and International Game Technology. The Committee considered the tally sheet information as part of the data available to it in determining its compensation recommendation.

Other Considerations

When determining the types and amount of compensation awarded to our executive officers, our Compensation Committee and Board of Directors considers not only the needs of the employees and our goals as a company, but also the accounting and tax ramifications of such compensation on our Company.

Accounting Ramifications

The impact of accounting for stock-based compensation is considered by the Compensation Committee when evaluating our compensation plans. Beginning on July 1, 2005, we began accounting for stock-based payments, including awards granted under our Amended and Restated 2005 Incentive Plan, in accordance with the requirements of Statement No. 123(R) of the Financial Accounting Standards Board, *Share Based Payment*.

Tax Ramifications

Section 162(m) of the Code generally provides that publicly-held corporations will only be able to deduct, for income tax purposes, compensation paid to the chief executive officer or other named executive officers (excluding our chief financial officer) in excess of one million dollars per year if it is paid under qualifying performance-based compensation plans approved by stockholders. Compensation as defined by Section 162(m) includes, among other things, base salary, incentive compensation and gains on stock option transactions when the exercise price on the grant date is below the fair market value of the underlying stock on that date. Under our

Table of Contents

Amended and Restated 2005 Incentive Plan, which has been approved by our stockholders, equity-based performance units and performance based incentive compensation including cash bonuses that have been granted or paid to our executive officers under the plan should qualify under Section 162(m) and be fully deductible by us. All stock options granted to date have an exercise price at least equal to 100% of the fair market value of the underlying stock at the date of grant, and all equity-based incentive awards, except time-vested restricted stock and restricted stock units, have been conditioned on achievement of performance goals intended to qualify as performance-based compensation. In addition, we believe the performance-based annual cash bonus plan for Messrs. Gamache, Edidin and Schweinfurth and, beginning in fiscal year 2008, the performance-based portion of the annual cash bonus plan for our other named executive officers also should qualify as performance-based compensation as granted under our Amended and Restated 2005 Incentive Plan. However, total compensation of some of our officers may be paid under plans or agreements that have not been approved by stockholders, or may not meet the Code's definition of performance-based compensation and may exceed one million dollars in a particular fiscal year. We will not be able to deduct the portion of these payments which exceed one million dollars for income tax purposes.

The Compensation Committee considers, on a case-by-case basis, how Section 162(m) will affect our compensation plans and contractual and discretionary cash compensation. The Compensation Committee also considers it important to retain flexibility to design compensation programs that recognize a full range of criteria important to our success, even where compensation payable under the programs may not be fully deductible.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis that appear herein. Based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated into our Annual Report on Form 10-K for fiscal year 2008.

This report is respectfully submitted by the Compensation Committee of the Board of Directors:

Barten and McJohn for fiscal year 2008 performance included in the Summary Compensation Table under the

Non-Equity Incentive Plan Compensation Awards were made pursuant to our Amended and Restated 2005 Incentive Plan and bonus matrices based on revenues and earnings per share approved by our Board in September 2007. The potential threshold, target and maximum amounts of the cash bonuses are also included under **Estimated Future Payout Under the Non-Equity Incentive Plan Awards** column in the Grants of Plan-Based Awards Table. This award is reported in both tables in accordance with the rules of the Securities and Exchange Commission because the award was granted and earned in the same fiscal year. The matrices, goals and bonus amounts for fiscal year 2008 for Messrs. Gamache, Edidin, and Schweinfurth and Mses. Barten and McJohn are described in more detail in our Compensation Discussion and Analysis above. For Mses. Barten and McJohn, the bonuses included in the Summary Compensation Table under the **Bonus** column represent the 25% discretionary bonus awarded based on the achievement of personal objectives pre-established by our Chief Executive Officer.

Stock Awards

The Stock Awards column in the Summary Compensation Table discloses the portion of the fair value of shares of restricted stock and equity-based performance units that was recognized as an expense for financial accounting purposes for fiscal year 2008 and also includes value relating to awards made in prior fiscal years. For both the restricted stock and equity-based performance units, the expense reported in the Summary Compensation Table was calculated using the closing trading price on the date of grant.

Restricted Stock

The following table provides additional information as of June 30, 2008, including the closing price on the date of each grant and the vesting schedules of each grant, concerning the shares of restricted stock which are reflected in the Summary Compensation Table and the Grants of Plan-Based Awards Table. All of these shares were granted under our Amended and Restated 2005 Incentive Plan.

Table of Contents*Equity-Based Performance Units*

As of June 30, 2008, three grants of equity-based performance units were outstanding, units with performance measurement periods of (1) thirty-six months ending June 30, 2008, (2) thirty-six months ending June 30, 2009 and (3) thirty-six months ending June 30, 2010. At the time of grant, our Board based upon the recommendation of the Compensation Committee set performance goals for these performance units dependent on total revenue and free cash flow for the grants with measurement periods ending June 30, 2008 and 2009 and dependent on total revenue and earnings per share for the grants with the measurement period ending June 30, 2010. Based upon the applicable performance criteria achieved in the thirty-six month period ended June 30, 2008, no payout was made with respect to equity-based performance units with a measurement period ending June 30, 2008.

The final determination of the number of shares of stock awarded to participants under our equity-based performance unit grants is dependent upon the extent the specified financial performance goals during the thirty-six month performance period are achieved or exceeded. As indicated above under Grants of Plan-Based Awards, our equity-based performance units have a minimum threshold performance level which must be achieved before any shares are issued. Under our agreements, depending on which goal is met, a variable amount of shares will be issued after the performance measurement date:

Goal	Number of Shares Issued as a Percentage of the Units Granted	
	6/30/2009 performance measurement date	6/30/2010 performance measurement date
Threshold	10%	60%
Target	100%	100%
Maximum	200%	200%

The equity-based performance units with a thirty-six month performance measurement period ending June 30, 2010 were granted in fiscal year 2008 and are reflected under Estimated Future Payouts Under Equity Incentive Plan Awards column in the Grants of Plan-Based Awards Table. The following table provides additional information, including the closing price on the date of each grant and the vesting schedules of each grant, concerning the equity-based performance units which are reflected in the Summary Compensation Table and the Grants of Plan-Based Awards Table. Our executive officers may participate in two company-sponsored deferred compensation plans. The first plan, the WMS Industries Inc. 401(k) Plan (the "401(k) Plan"), is a tax qualified deferred compensation plan available to all employees. Because the amount some of our employees, including our named executive officers, may contribute to the 401(k) may be limited by Section 415 of the Internal

Revenue Code, we offer the second plan, the WMS Industries Non-Qualified Deferred Compensation Plan, to provide them with the same benefits offered under the 401(k) Plan to our other employees. Through these two plans, each year, we match 100% of the first 3% of annual compensation contributed by our employees, including our named executive officers, and 50% of the second 3% contributed by our employees, including our named executive officers, to these plans. The company match contributions for fiscal year 2008 for our named executive officers were as follows:

POTENTIAL PAYMENTS UPON TERMINATION

OR CHANGE-IN-CONTROL

Mr. Brian R. Gamache, Chairman and Chief Executive Officer

Effective July 1, 2008, Mr. Gamache's employment agreement was amended to revise the terms of certain retirement benefits such that those benefits will consist of four annual payments equal to fifty percent (50%) of his annual base salary at the time of termination of his employment, but not less than \$432,000, payable in equal monthly installments. Such monthly payments will continue for four years, at the conclusion of which we will pay Mr. Gamache a lump sum payment determined by discounting each monthly installment that would have been paid to Mr. Gamache had the equal monthly installment continued for a period of time equal to the period of time after March 21, 2000 that Mr. Gamache was employed by us. His employment agreement was also amended to revise the timing of certain retirement benefits in order to satisfy exemptions available under Internal Revenue Code Section 409A or otherwise satisfy the requirements of Section 409A. The rules of the SEC indicate that our quantitative disclosure concerning potential payments upon termination or change-in-control should be made assuming termination of employment as of the last business day of our last completed fiscal year, June 30, 2008, which was prior to this amendment.

As of June 30, 2008, upon the termination of Mr. Gamache's employment for any reason, whether by us or Mr. Gamache, he would have received the retirement benefits, payable in installments, specified under his employment agreement which were equal to one-half of Mr. Gamache's salary at the time of termination, but not less than \$350,000 or more than \$500,000 per year, for a term that is the lesser of: (1) 10 years, or (2) the time period Mr. Gamache is employed by WMS, beginning March 21, 2000.

If Mr. Gamache were disabled for more than 90 consecutive days or 6 months in any 12-month period during the term of the agreement and was not able to resume his duties within 30 days of notice of disability, Mr. Gamache's employment would terminate, and he would receive the retirement benefits specified under the agreement which are described under "Pension Benefits" above. In the event of Mr. Gamache's death, his designated beneficiaries would continue to receive salary payments for a period of six months after the date of his death and would receive the retirement benefits that would otherwise have been paid to Mr. Gamache. In addition, in the case of Mr. Gamache's death or disability, all of Mr. Gamache's unvested stock options and stock equity grants would immediately vest.

We may terminate Mr. Gamache's employment agreement for cause, which includes dishonesty or failure to follow the reasonable direction of our Board. Upon any termination for cause, Mr. Gamache would receive the retirement benefits, payable in installments, specified under his employment agreement.

Table of Contents

Mr. Gamache may terminate his employment agreement for good reason upon the occurrence of: (1) a material breach by us of any material provision of the agreement, (2) the placement of Mr. Gamache in a position of lesser status, (3) the assignment to Mr. Gamache of duties inconsistent with his current position, (4) the reduction of the compensation to which he is entitled under the agreement, (5) his removal from the Board or (6) the relocation of our headquarters to a location more than 40 miles farther from his current place of residence than the present location of our headquarters.

Upon any termination by Mr. Gamache for good reason, or by us without cause, we would be obligated to pay Mr. Gamache: (w) a lump sum payment equal in amount to Mr. Gamache's base salary through the date of termination, less any payments previously made; (x) the pro rata bonus which would have been payable for the current fiscal year; (y) an amount equal to three times the sum of (1) his base salary and (2) a bonus amount equal to the average annual cash bonus earned by Mr. Gamache over the immediately preceding two fiscal years; and (z) the retirement benefits which would have been payable in the event of termination on the date of termination. In addition, all of Mr. Gamache's unvested stock options and stock equity grants would immediately vest.

Mr. Gamache also may terminate the agreement if either of the following change-in-control events occurs: (1) the individuals who presently constitute our Board of Directors, or successors approved by these Board members or their successors, cease for any reason to constitute at least a majority of the Board or (2) both of the following occur (a) any person or entity or group of affiliated persons or entities who are not the owner of at least 15% of our outstanding voting securities on December 27, 2004, acquire more than 25% of our outstanding voting securities and (b) Mr. Gamache remains employed by us for a period of 180 days thereafter. As of June 30, 2008, if either such a change-in-control event occurs and Mr. Gamache gives timely notice: (a) all of Mr. Gamache's unvested stock options and stock equity grants will immediately vest; (b) we will be required to pay him a lump sum of three times the sum of (1) his base salary and (2) a bonus amount equal to the average annual cash bonus earned by Mr. Gamache over the immediately preceding two fiscal years; (c) all of his retirement benefits would be payable as if he had retired on the date of such change-in-control; and (d) all health benefits provided to Mr. Gamache under his employment agreement will continue for 18 months thereafter. Effective July 1, 2008, Mr. Gamache's employment agreement was amended to provide that all health benefits will continue for his lifetime.

If payments made to Mr. Gamache under his employment agreement after a change-in-control were considered excess parachute payments under Section 280G of the Code, additional compensation would be required to be paid to Mr. Gamache to the extent necessary to eliminate the economic effect on him of the resulting excise tax. Under Section 4999 of the Code, in addition to income taxes, the recipient of excess parachute payments is subject to a 20% nondeductible excise tax on these payments. An excess parachute payment is a payment in the nature of compensation which is contingent on a change of ownership or effective control and which exceeds the portion of the base amount (i.e., the average compensation for the five-year period prior to the change-in-control) allocable to the payment. These rules apply only if the present value of all payments of compensation contingent on the change-in-control (including non-taxable fringe benefits) is at least equal to three times the base amount. Excess parachute payments are not tax deductible by us. In addition, in the case of a change-in-control, all of Mr. Gamache's unvested stock options and stock equity grants would immediately vest.

Table of Contents

The following table provides quantitative disclosure of the incremental payments and value that Mr. Gamache would have received or realized as a result of the employment termination events described below pursuant to agreements or arrangements that apply to him only and not to employees of the company generally. The calculations assume (1) a termination date of June 30, 2008 and (2) for the valuation of shares underlying stock options, restricted stock and shares issued under performance units for which vesting would have been accelerated, the closing price of our common stock on June 30, 2008, the last trading day in our fiscal year, \$29.77. Information concerning Mr. Gamache's benefits under the Non-Qualified Deferred Compensation Plan is set forth above in the Non-Qualified Deferred Compensation Table.

- (1) By assuming that such termination occurs at the end of the fiscal year, we also assume that all base salary through the date of termination and bonus amounts payable for fiscal year 2008 have been previously paid on the termination date.
- (2) Assuming achievement of the target, triggering 100% payout.
- (3) Payable over 8.25 years.
- (4) Mr. Gamache's employment agreement provides for accelerated vesting of equity grants upon a change-in-control. Certain equity grants made to other employees may also accelerate under the terms of the Amended and Restated 2005 Incentive Plan or the related equity grant agreements. Because the definition of the term change-in-control may differ in these documents, Mr. Gamache's equity grants may accelerate upon a change-in-control while those of other employees do not.
- (5) Payable over 6 months.
- (6) Payable in a lump sum.

Mr. Orrin J. Edidin, President, and Mr. Scott D. Schweinfurth, Executive Vice President, Chief Financial Officer and Treasurer

We may terminate either Mr. Edidin's or Mr. Schweinfurth's agreement upon 30 days written notice for cause, which includes dishonesty or failure to follow a reasonable direction of our Chief Executive Officer or our Board of Directors. Both Mr. Edidin's and Mr. Schweinfurth's agreements may be terminated by either party upon two years notice.

Mr. Edidin and Mr. Schweinfurth may also terminate their respective agreements upon 30 days written notice for good reason, which means the occurrence of a material breach by us of any material provision of the agreement, including a material diminution of responsibility or base salary, or, in the event of a change-in-control, the relocation of his primary office to a location more than 40 miles farther from his current place of residence than the present location of our Waukegan and Chicago, Illinois offices.

Upon any termination by Mr. Edidin or Mr. Schweinfurth for good reason, or by us without cause, under each employment agreement, we would be obligated to pay: (a) a lump sum payment equal in amount to their base salary through the date of termination less any payments previously made, (b) within 30 days after the end of the fiscal year in which such termination occurred, a pro rata amount of the bonus payable for the fiscal year in which such termination occurs to the extent not already paid, (c) base salary and a pro rata amount of one year's

Table of Contents

bonus over the next twelve months at normal payroll intervals and (d) within 30 days after the first anniversary of such termination, a lump sum payment equal in amount to two times the sum of (1) his base salary and (2) one year's bonus. The agreement defines one year's bonus as the average annual cash bonus paid to such officer over the immediately preceding two fiscal years. Effective July 1, 2008, Messrs. Edidin's and Schweinfurth's employment agreements were amended to revise the timing of certain termination benefits in order to satisfy exemptions available under Internal Revenue Code Section 409A or otherwise satisfy the requirements of Section 409A. The rules of the SEC indicate that our quantitative disclosure concerning potential payments upon termination or change-in-control should be made assuming termination of employment as of the last business day of our last completed fiscal year, June 30, 2008.

As of June 30, 2008, if the agreement terminated by reason of the officer's death or his absence from his duties on a full-time basis for 90 consecutive business days as a result of incapacity due to mental or physical illness which was determined to be total and permanent by a physician, we would be required to pay the officer or his legal representatives: (a) a lump sum payment equal in amount to their base salary through the date of termination less any payments previously made, (b) the pro rata bonus which would have been payable during the current year had he remained employed; and (c) a lump sum equal to one-half the sum of (1) his base salary and (2) one year's bonus.

Mr. Edidin's or Mr. Schweinfurth's employment agreement may also be terminated if either of the following change-in-control events occurs: (1) the individuals who presently constitute our Board of Directors, or successors approved by these Board members, cease for any reason to constitute at least a majority of the Board, and the officer gives written notice of his election to terminate his employment within sixty days of such event or (2) any person or entity or group of affiliated persons or entities who were not the owners of at least 15% of the outstanding shares of our voting securities as of January 1, 2005, acquires more than 25% of our outstanding shares, and the officer gives written notice of his election to terminate his employment for good reason or our Company terminates his employment not for cause, death or disability within 180 days of such acquisition. In the event of such a termination of Mr. Edidin's or Mr. Schweinfurth's employment agreement, then in lieu of any other rights under his agreement, we will be required to pay him (a) any accrued base salary and the pro rata bonus to the extent not already paid; and (b) a lump sum of three times the sum of (1) his base salary and (2) one year's bonus. If payments made to Mr. Edidin or Mr. Schweinfurth under their respective agreements after a change-in-control are considered excess parachute payments under Section 280G of the Code, additional compensation is required to be paid to them to the extent necessary to eliminate the economic effect on him of the resulting excise tax.

In addition, upon a change-in-control event, all of Mr. Edidin's and Mr. Schweinfurth's unexpired unvested options and stock equity grants will immediately vest.

With respect to excess parachute payments made to either Mr. Edidin or Mr. Schweinfurth, under Section 4999 of the Code, in addition to income taxes, the recipient of excess parachute payments is subject to a 20% nondeductible excise tax on these payments. An excess parachute payment is a payment in the nature of compensation which is contingent on a change of ownership or effective control and which exceeds the portion of the base amount (i.e., the average compensation for the five-year period prior to the change-in-control) allocable to the payment. These rules apply only if the present value of all payments of compensation contingent on the change-in-control (including non-taxable fringe benefits) is at least equal to three times the base amount. Excess parachute payments are not tax deductible by us.

Non-Competition and Non-Solicitation

Under his employment agreement, as amended effective July 1, 2008, Mr. Gamache has agreed not to compete with us for a period of four years following termination of his employment. Additionally, he has agreed not to try to solicit our employees for employment elsewhere for a period of the greater of four years following termination of his employment or during the period he is receiving termination benefits from us. Under their respective employment agreements, each of Messrs. Edidin and Schweinfurth have agreed not to compete with us for a period of two years from termination of their employment by the Company for cause or by them without good reason and for a period of one year if they terminate their employment with us for good reason. Each has agreed not to solicit our employees for a period of two years following termination of his employment for any reason.

Ms. Patricia C. Barten, Executive Vice President, Continuous Improvement and Ms. Kathleen J. McJohn, Vice President, General Counsel and Secretary

Ms. Barten is not contractually entitled to any payments that would differ from what other employees may receive if her employment had been terminated. We may terminate Ms. Barten's employment at any time with or without cause. We may terminate Ms. McJohn's agreement with or without cause. If we terminate the agreement without cause, Ms. McJohn is entitled to a continuation of her salary for six months, the cost of which to our Company would have been \$180,409 if her employment had been terminated as of June 30, 2008. Aside from this salary continuation, Ms. McJohn is not contractually entitled to any termination payments that would differ from what other employees may receive.

**PROPOSAL 2 APPROVAL OF THE
WMS INDUSTRIES INC. EMPLOYEE STOCK PURCHASE PLAN**

On October 20, 2008, upon recommendation of the Compensation Committee, our Board of Directors adopted the WMS Industries Inc. Employee Stock Purchase Plan (the "ESPP"), subject to the approval of our stockholders. The purpose of the ESPP is to provide our eligible employees with an opportunity to acquire an ownership interest in us through the purchase of shares of our common stock. We are asking our stockholders to approve the ESPP because we believe the ESPP will align the interests of our employees and stockholders and aid in the recruitment and retention of employees.

The ESPP is intended to be an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code. A description of the material provisions of the ESPP is set forth below. The statements made in this Proposal 2 concerning the terms and provisions of the ESPP are summaries and do not purport to be a complete recitation of the ESPP provisions. These statements are qualified in their entirety by express reference to the full text of the ESPP, a copy of which is attached to this proxy statement as Annex A and is incorporated by reference herein.

Administration and Eligibility

The ESPP will be administered by our Plan Administration Committee (the "Committee"). Employees, including our executive officers designated by the Committee from time to time who satisfy the eligibility criteria which may be established by the Committee will be eligible to participate in the ESPP. As of October 16, 2008, approximately 1,100 employees would be eligible to participate in the ESPP if it were then in place. Non-employee directors are not eligible to participate in the ESPP.

Shares Available for Issuance

The maximum number of shares of our common stock that may be purchased under the ESPP is 500,000, subject to adjustment in the case of any change in our shares, including by reason of a stock dividend, stock split, share combination, recapitalization, reorganization, merger, consolidation or change in corporate structure. As of October 16, 2008, the closing price of our common stock was \$23.96.

Purchase of Shares

An eligible employee may elect to participate in the ESPP for any six month offering period through payroll deduction. The minimum contribution that an eligible employee may make under the ESPP is 1% of the employee's eligible compensation and the maximum is 15% of the employee's eligible compensation (or such higher amount as the Committee determines). At the end of each calendar quarter of the six-month offering period for which the employee has elected to participate, the total amount of each employee's payroll deduction will be used to purchase shares of our common stock. The purchase price per share will be equal to 85% of the fair market value of a share of common stock on the date of purchase.

No employee may be permitted to purchase common stock during any calendar year with an aggregate fair market value greater than \$25,000 (based on the fair market value of the stock on the first day of the offering period). In addition, an employee will not be permitted to participate in the ESPP for an offering period if, as a result of such participation, the employee (and any other person whose stock would be attributed to the employee under the attribution rules of the Internal Revenue Code) would own shares and/or hold options to purchase shares possessing 5% or more of our total combined voting power.

Amendment or Termination

The Committee may terminate, amend or suspend the ESPP at any time. An amendment to the ESPP will be submitted for stockholder approval to the extent required by the Internal Revenue Code, the Securities Exchange Act of 1934 or any other applicable laws. If not earlier terminated by the Committee, the ESPP will terminate on June 30, 2019.

Table of Contents**Federal Income Tax Consequences**

The ESPP is intended to be an employee stock purchase plan within the meaning of Section 423 of the Internal Revenue Code.

An employee's payroll deductions to purchase shares of common stock under the ESPP are made on an after-tax basis. No federal income tax is imposed on an employee, and we are not entitled to a deduction, on the grant of the right to purchase common stock under the ESPP. Generally, no federal income tax is imposed on an employee, and we are not entitled to a deduction, as a result of an employee's purchase of common stock under the ESPP.

If a participant disposes of shares of common stock purchased under the ESPP within two years after the beginning of the offering period during which the shares were purchased or within one year of the date of purchase (the statutory holding period), the participant will recognize ordinary income in the year the shares are disposed of equal to the amount by which the fair market value of the shares on the date of purchase exceeds the purchase price for the shares. A participant will be considered to have disposed of a share if the participant sells, exchanges, makes a gift or transfers (except by death) the share. We will be entitled to a deduction at the same time and in the same amount as any ordinary income recognized by the employee.

If a participant disposes of the purchased shares after the expiration of the statutory holding period, then the participant will recognize ordinary income in the year of disposition equal to the amount by which the fair market value of the shares on the date of disposition exceeds the purchase price. We will not be entitled to a deduction with respect to shares disposed of after the expiration of the statutory holding period. In addition, the difference between the initial purchase price, increased by any ordinary income recognized by the participant, and the selling price of the shares, will be long-term capital gain or loss to the participant.

**PROPOSAL 3 RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

We propose that the stockholders ratify the appointment of Ernst & Young as our independent registered public accounting firm for fiscal year 2009 by the Audit and Ethics Committee of the Board of Directors. We expect that representatives of Ernst & Young will be present at the Annual Meeting of Stockholders and that they will be available to respond to appropriate questions submitted by stockholders at the meeting. Ernst & Young will have the opportunity to make a statement if they desire to do so.

Ernst & Young served as our independent registered public accounting firm for fiscal years 2007 and 2008 and billed us for services rendered in fiscal years 2007 and 2008 as follows:

Audit Fees. The aggregate fees billed by Ernst & Young for professional services rendered for the audit of our annual financial statements for fiscal years 2007 and 2008, including the review of the financial statements included in our Quarterly Reports on Form 10-Q, required audit of internal controls over financial reporting and statutory audits required of the financial statements of certain of our international subsidiaries, were \$913,625 and \$849,550, respectively.

Audit-Related Fees. The aggregate fees for audit-related services for the same periods were \$154,000 and \$122,750, respectively. These audit related services generally included fees for the annual audit of our employee benefit plans and agreed-upon procedures relating to wide area progressive systems.

Tax Fees. The aggregate fees for tax services for the same periods were \$176,260 and \$174,625, respectively. These tax services include fees for domestic and foreign tax advice and planning.

All Other Fees. We did not retain Ernst & Young for any other services during fiscal year 2008.

Pre-Approval Policies and Procedures. Our Audit and Ethics Committee has adopted a policy for pre-approving all audit and permitted non-audit services rendered to us by our auditors. All audit services must be approved by the full Committee. Under the policy, any permitted non-audit services must be pre-approved by either the full Committee or by a designated member of the Audit and Ethics Committee and our internal audit director. If a designated member and our internal audit director approve any non-audit services, the full Committee will be informed of such services at its next regularly scheduled meeting. Our independent registered public accounting firm will verify to our Audit and Ethics Committee annually that they have not performed and will not perform any prohibited non-audit services.

Percentage of Services Approved under Regulation S-X 2-01(c)(7)(i)(C). None.

Vote Required for Ratification

Ratification by the stockholders of the appointment of an independent registered public accounting firm is not required, but the Board believes that it is desirable to submit this matter to the stockholders. If holders of a majority of our common stock present in person or by proxy do not ratify the selection of Ernst & Young at the meeting, the selection of an independent registered public accounting firm will be reconsidered by the Audit and Ethics Committee.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

AUDIT AND ETHICS COMMITTEE REPORT

The Audit and Ethics Committee of our Board of Directors is composed of four independent directors in accordance with the listing standards of the New York Stock Exchange. The Audit and Ethics Committee operates under a written charter adopted by the Board. A copy of the charter is available and can be viewed and downloaded from the Corporate Governance section of the Investor Relations section of our website at www.wms.com.

Our management is primarily responsible for our financial statements, the reporting process and our internal accounting controls. Our independent registered public accounting firm, Ernst & Young, is responsible for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. Our independent registered public accounting firm are responsible for expressing an opinion on the conformity of our audited financial statements with generally accepted accounting principles and their judgments as to the quality, not just the acceptability, of our accounting principles. The Audit and Ethics Committee's responsibility is to monitor and oversee these processes.

In keeping with that responsibility, the Audit and Ethics Committee has reviewed and discussed with management and with our independent registered public accounting firm our audited and interim consolidated financial statements, including Management's Discussion and Analysis, that have been included in our reports on Form 10-K and 10-Q. The Audit and Ethics Committee and the independent registered public accounting firm regularly discuss the results of their audit of our financial statements, their examination of internal controls and their opinion of the appropriateness of our accounting principles. In addition, the Audit and Ethics Committee has discussed with our independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communications with Audit Committees, as amended by Statement on Auditing Standards No. 90, Communication with Audit Committees, as adopted by the Public Company Accounting Oversight Board (PCAOB), other standards of the PCAOB, rules of the Securities and Exchange Commission and other applicable regulations.

The Audit and Ethics Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the PCAOB regarding the independent registered public accounting firm's communications with the Audit and Ethics Committee concerning independence, and has discussed with the independent registered public accounting firm their independence. The Audit and Ethics Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm is consistent with maintaining auditor independence.

Based on the Audit and Ethics Committee's discussions with management and the independent registered public accounting firm and the Audit and Ethics Committee's review of the representations of management and the report of the independent registered public accounting firm, the Audit and Ethics Committee recommended to our Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended June 30, 2008 for filing with the Securities and Exchange Commission. The Audit and Ethics Committee and the Board also have recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2009.

OTHER MATTERS

Stockholder Proposals

As of the date of this proxy statement, the Board has not received notice of, and does not intend to propose, any other matters for stockholder action. However, if any other matters are properly brought before the meeting, it is intended that the persons voting the accompanying proxy will vote the shares represented by the proxy in accordance with their best judgment.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who beneficially own more than 10% of a registered class of our equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. These persons are required by regulation to furnish us with copies of all Section 16(a) reports that they file. Based on our review of copies of these reports that we have received and on representations from reporting persons that no Form 5 report was required to be filed by them, we believe that during fiscal year 2008 our officers, directors and 10% beneficial owners complied with all of their Section 16(a) filing requirements.

It is important that you return the accompanying proxy card promptly. Therefore, whether or not you plan to attend the meeting in person, you are requested to mark, date, sign and return your proxy in the enclosed postpaid envelope. You may revoke the proxy at any time before it is exercised. If you attend the meeting in person, you may withdraw the proxy and vote your own shares.

Section 3. Eligibility.

(a) **General Rule.** With respect to any Offering period, any Employee on the Offering Date for such Offering Period shall be eligible to participate in the Plan during such Offering Period subject to the requirements of Section 5(b) and any limitations imposed by Code Section 423.

(b) **Exceptions to the General Rule.** Notwithstanding anything to the contrary under the Plan, no Employee shall be granted an option under the Plan for an Offering Period if:

(i) immediately after the grant, such Employee (or any other person whose stock would be attributed to such Employee pursuant to Section 424(d) of the Code) would own Shares and/or hold outstanding options to purchase Shares possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of any Subsidiary of the Company, or

(ii) such option would permit the Employee to purchase Common Stock under all employee stock purchase plans (within the meaning of Section 423 of the Code) of the Company and its Subsidiaries at a rate that exceeds twenty-five thousand dollars (\$25,000) of the Fair Market Value of such Common Stock (determined as of the Offering Date) for each calendar year in which such option is outstanding at any time.

(a) **Non-Employee Directors.** Non-employee directors of the Company are not eligible to participate in the Plan.

Section 4. Offering Periods. The Plan shall be implemented by a series of Offering Periods of six (6) months duration, with new Offering Periods commencing on January 1 and July 1 of each calendar year (or at such other time or times as may be determined by the Committee). The first Offering Period shall commence on the Effective Date of the Plan and continue until December 31, 2009. Offering Periods shall continue until either (i) the Committee decides, in its sole discretion, that there will be no further Offering Periods because the Common Stock remaining available under the Plan is insufficient to make offerings to all Employees, or (ii) the Plan is terminated in accordance with Section 18 of the Plan.

Section 5. Participation.

(a) **Initial Participation.** An Employee may become a Participant on the first Offering Date by delivering to the Company's payroll office a Subscription Agreement indicating the Employee's election to participate in the Plan and authorizing payroll deductions. The Subscription Agreement must be delivered to the Company's payroll office no later than the Subscription Date. The Subscription Agreement and its submission may be electronic, as directed by the Company. An Employee who does not deliver a Subscription Agreement to the Company's payroll office on or before the Subscription Date shall not participate in the Plan for that Offering Period and shall not participate for any subsequent Offering Period unless such Employee subsequently files a Subscription Agreement with the Company by the requisite Subscription Date for any such subsequent Offering Period. An Employee who becomes eligible to participate in the Plan after an Offering Period has commenced shall not be eligible to participate during that Offering Period but may participate in any subsequent Offering Period provided such Employee files a Subscription Agreement and is still eligible to participate in the Plan as of the commencement of any subsequent Offering Period. The Committee may, from time to time, change the Subscription Date as deemed advisable in its sole discretion for proper administration of the Plan.

Edgar Filing: WMS INDUSTRIES INC /DE/ - Form DEF 14A

(b) ***Continued Participation.*** A Participant shall automatically participate in the next Offering Period commencing immediately following each Offering Period in which the Participant participates unless he or she:

- (i) ceases to be eligible as provided in Section 3 above,
- (ii) withdraws from the Plan pursuant to Section 10(a) below, or
- (iii) terminates employment as provided in Section 10(b).

A-3

Table of Contents

If a Participant automatically participates in a subsequent Offering Period pursuant to this Section 5(b), then the Participant is not required to file any additional Subscription Agreement for any such subsequent Offering Period in order to continue participation in the Plan. However, a Participant may file a Subscription Agreement with respect to a subsequent Offering Period if the Participant desires to change any of the Participant's elections contained in the Participant's then effective Subscription Agreement.

(c) ***Payroll Deductions.*** The Subscription Agreement shall set forth the percentage of the Participant's Compensation (subject to Section 6(a) below) to be paid as Contributions pursuant to the Plan. Payroll deductions shall commence on the first full payroll following the Offering Date and shall end on the last payroll paid on or prior to the Purchase Date of a given Offering Period, unless sooner terminated by the Participant as provided in Section 10 of the Plan.

Section 6. *Method of Payment of Contributions.*

(a) ***Limitations on Payroll Deduction Elections.*** The exercise of any option during an Offering Period may be paid for only by means of payroll deductions accumulated during the Offering Period from the Participant's pay checks. A Participant shall elect to have payroll deductions made on each payday during the Offering Period in an amount not less than one percent (1%) and not more than fifteen percent (15%) (or such greater percentage as the Committee may establish from time to time before an Offering Date) of such Participant's Compensation on each payday during the Offering Period.

(b) ***Participant Accounts.*** All Contributions authorized by a Participant shall be credited to the Account established under the Plan for the Participant. The monies represented by such Account shall be held as part of the Company's general assets, usable for any corporate purpose, and the Company shall not be obligated to segregate such monies. A Participant may not make any separate cash payment or contribution to such Account.

(c) ***Changes or Discontinuation of Payroll Deductions.*** The Participant may not increase or decrease his or her Contributions during an Offering Period. However, any Subscription Agreement filed by the Participant and delivered to the Company's payroll office no later than the Subscription Date which elects a different Contribution amount per pay check (whether increasing or decreasing such amount) shall take effect as of the Offering Date for the next following Offering Period. A Participant may discontinue his or her participation in the Plan as provided in Section 10.

(d) ***Company's Rights to Adjust Payroll Deductions.*** Notwithstanding anything to the contrary, to the extent necessary to comply with Section 423(b)(8) of the Code and Section 3(b)(ii) above, a Participant's payroll deductions may be decreased during any Offering Period scheduled to end during the current calendar year to a percentage less than that elected by the participant including to 0%. Payroll deductions shall recommence at the rate provided in such Participant's Subscription Agreement at the beginning of the first Offering Period that is scheduled to end in the following calendar year, unless terminated by the Participant as provided in Section 10.

Section 7. *Grant of Options.* On each Offering Date, each eligible Employee participating in such Offering Period shall be granted an option to purchase on each Purchase Date that number of full Shares determined by dividing such Employee's Account balance as of such Purchase Date by the applicable Purchase Price; provided, however, that such purchase shall be subject to the limitations set forth in Sections 3(b) and 12. Any Contributions that cannot be used to purchase Shares during such Offering Period will be carried forward in the Participant's Account until the next Offering Period.

Section 8. *Exercise of Option.*

(a) ***General Rule.*** Unless a Participant withdraws from the Plan as provided in Section 10, his or her option for the purchase of Shares will be exercised automatically on each Purchase Date of an Offering Period, and the maximum number of full Shares subject to the option will be purchased at the applicable Purchase Price with the Participant's Account balance as of the relevant Purchase Date. Any portion of the Participant's Account

A-4

Table of Contents

Balance that is not applied to the purchase of shares of Common Stock on any Purchase Date because such portion is not sufficient to purchase a whole Share of Common Stock shall be held for the purchase of Common Stock on the next Purchase Date (or continued to be carried over to successive Offering Periods), unless the Participant has elected not to participate during the next Offering Period, in which case the Participant's entire remaining Account Balance shall be refunded to the Participant as soon as administratively feasible. The Shares purchased upon exercise of a purchase right hereunder shall be deemed to be transferred to the Participant on the Purchase Date. During his or her lifetime, a Participant's purchase right to purchase Shares hereunder is exercisable only by him or her.

(b) ***Pro Rata Allocation.*** If the total number of Shares to be purchased by Participants under the Plan exceeds the number of Shares then available under the Plan, the Board shall make a pro rata allocation of the Shares remaining available in a uniform and non-discriminatory manner. In such event, the payroll deductions to be made pursuant to the authorizations therefor shall be reduced accordingly and the Board shall give written notice of such reduction to each affected Participant.

Section 9. *Delivery.* As soon as administratively practicable after a Purchase Date, the number of Shares purchased by each Participant upon exercise of his or her option shall be registered in the name of each Participant, as appropriate, and deposited into an account established in the Participant's name with the Designated Broker.

Section 10. *Voluntary Withdrawal; Termination of Employment.*

(a) ***Withdrawal During an Offering Period.*** A Participant may withdraw all but not less than all of his or her Account balance under the Plan at any time prior to a Purchase Date by submitting a completed Notice of Withdrawal form to the Company's payroll office or electronically completing the required documentation provided by the Company through the designated Broker, as directed by the Company's payroll office. The Participant's Account Balance will be paid to him or her promptly after receipt of his or her Notice of Withdrawal and his or her option for the current period will be automatically terminated, and no further payroll deductions for the purchase of Shares will be made during the Offering Period. The termination of such Option shall be irrevocable, and the Participant may not subsequently rejoin that same Offering Period for which the terminated Option was granted.

(b) ***Termination of Employment.*** Upon termination of the Participant's Continuous Status as an Employee *prior* to the Purchase Date of an Offering Period for any reason, whether voluntary or involuntary, including retirement or death, his or her Account balance will be returned to him or her or, in the case of his or her death, to the person or persons entitled thereto under Section 14, and his or her purchase right will be automatically terminated. In the event an Employee fails to remain in Continuous Status as an Employee of the Company for at least twenty (20) hours per week during the Offering Period in which the Employee is a Participant, he or she will be deemed to have elected to withdraw from the Plan and his or her Account Balance will be returned to him or her as soon as administratively practicable and his or her purchase right terminated.

(c) ***Subsequent Participation.*** A Participant's withdrawal during an Offering Period will not have any effect upon his or her eligibility to participate in a succeeding Offering Period or in any similar plan that may hereafter be adopted by the Company.

Section 11. *Interest.*

No interest shall accrue on the Contributions (reflecting payroll deductions) of a Participant in the Plan.

Section 12. *Stock.*

(a) ***Stock Subject to the Plan.*** The maximum number of shares of Common Stock which may be sold under the Plan is (i) five hundred thousand (500,000). Such shares of Common Stock may be either authorized and unissued shares or issued shares heretofore or hereafter acquired and held as treasury shares, as the Board

A-5

may from time to time determine. In the event that there is an increase or decrease in the number of issued shares of Common Stock by reason of any cause such as a stock split, reorganization, recapitalization, combination or exchange of stock, merger, consolidation, or any other change in the corporate structure without receipt or payment of consideration by the Company (see Section 17 below), the number of Shares then remaining for issue under the Plan shall, in each such event, be adjusted by the Board in proportion to the change in issued Common Stock resulting from such cause.

(b) ***Stockholder Rights.*** The Participant shall have no interest or voting right in Shares covered by his or her purchase right until such purchase right has been exercised.

(c) ***Registering of Shares.*** Shares to be delivered to a Participant under the Plan will be registered in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse.

Section 13. Administration.

(a) ***General.*** The Plan shall be administered by the Committee.

(b) ***Authority of the Board.*** The Committee shall have the authority:

(i) to construe and interpret the Plan;

(ii) to determine eligibility for participation under the Plan;

(iii) to establish, amend or waive rules, procedures and regulations for its administration (including, but not limited to, prescribing the forms and terms of instruments for Participants' Common Stock subscriptions and beneficiary designations); and

(iv) to take any such actions as may be necessary in order to comply with the requirements of Section 423 of the Code.

Offerings under the Plan may be subject to such provisions as the Committee shall deem advisable, and may be amended by the Committee from time to time. Decisions of the Committee shall be final and binding on all parties having an interest in the Plan.

(c) ***Powers of the Committee.*** The Committee may employ such legal counsel, consultants and agents as it may deem desirable for the administration of the Plan and may rely upon any opinion received from any such counsel or consultant and any computation received from any such consultant or agent.

(d) **Indemnification.** No member of the Committee shall be liable for any action or determination made in good faith with respect to the Plan or any Common Stock offering made under it. To the maximum extent permitted by applicable law, each member of the Committee shall be indemnified and held harmless by the Company against any cost or expense (including legal fees) or liability (including any sum paid in settlement of a claim with the approval of the Company) arising out of any act or omission to act in connection with the Plan unless arising out of such member's own fraud or bad faith.

Section 14. Designation of Beneficiary. A Participant may file a written designation of a beneficiary or beneficiaries who are to receive any of the benefits under this Plan in the form of shares of Common Stock and/or cash in the event of such Participant's death prior to delivery of such benefits. Such designation of beneficiary or beneficiaries may be changed by the Participant at any time by written notice. Upon the death of a Participant and upon receipt by the Committee of proof of the identity and existence at the Participant's death of a beneficiary validly designated by the Participant, the Committee shall deliver such benefits to such beneficiary. In the event of the death of a Participant and in the absence of a beneficiary validly designated under the Plan who is living at the time of such Participant's death, the Committee shall deliver such benefits to the executor or administrator of the estate of the Participant, or if no such executor or administrator has been appointed (to the

Table of Contents

knowledge of the Committee), the Committee, in its discretion, may deliver such benefits to the spouse or to any one or more dependents or relatives of the participant, or if no spouse, dependent or relative is known to the Committee, then to such other person as the Committee may designate. No designated beneficiary shall, prior to the death of the Participant by whom he has been designated, acquire any interest in such benefits credited to the Participant under the Plan.

Section 15. *Transferability.* Neither Contributions credited to a Participant's Account nor any rights with regard to the exercise of an option or to receive Shares under the Plan may be assigned, transferred, pledged or otherwise disposed of in any way (other than by will, the laws of descent and distribution, or as provided in Section 14) by the Participant. Any such attempt at assignment, transfer, pledge or other disposition shall be without effect, except that the Company may treat such act as an election to withdraw funds in accordance with Section 10.

Section 16. *Reports.* Statements of Account will be provided to participants by the Company or the Designated Broker at least annually, which statements will set forth the amounts of Contributions, the per Share Purchase Price, the number of Shares purchased and the remaining cash balance, if any, in the Participant's Account

Section 17. *Adjustments Upon Changes in Capitalization; Corporate Transactions.* Subject to any required action by the stockholders of the Company, in the event of a stock split, stock dividend, reorganization, recapitalization, reclassification or combination of shares, merger, consolidation, spinoff, sale of assets or similar event, the Committee, in its sole discretion and without liability to any person may make such substitution or adjustment, if any, as it deems equitable, including but not limited to the following:

- (i) the number and kind of shares or other securities that are reserved for issuance under the Plan,
- (ii) the number and kind of share or other securities that are subject to outstanding purchase rights,
- (iii) the appropriate Fair Market Value and other price determination applicable to the purchase rights, and/or,
- (iv) any other affected term of such purchase right.

The Committee shall make all determination under this Section 17, and all such determinations shall be conclusive and binding.

Section 18. *Amendment or Termination.*

(a) The Plan may be amended by the Committee from time to time to the extent that the Committee deems necessary or appropriate in light of, and consistent with, Section 423 of the Code, or otherwise; provided, however, that no such amendment shall be effective, without approval of the stockholders of the WMS, if stockholder approval of the amendment is required by Rule 16b-3 under the Exchange Act or any successor rule or Section 423 of the Code. The Committee also may terminate the Plan or the granting of options pursuant to the Plan at any time; provided,

however, that the Committee shall not have the right to modify, cancel, or amend any outstanding option granted pursuant to the Plan before such termination unless each Participant consents in writing to such modification, amendment or cancellation.

(b) Without stockholder consent and without regard to whether any Participant rights may be considered to have been adversely affected, the Committee shall be entitled to change the Offering Periods, limit the frequency and/or number of changes in the amount withheld during an Offering Period, establish the exchange ratio applicable to amounts withheld in a currency other than U.S. dollars, permit payroll withholding in excess of the amount designated by a participant in order to adjust for delays or mistakes in the Company's processing of properly completed withholding elections, establish reasonable waiting and adjustment periods and/or accounting and crediting procedures to ensure that amounts applied toward the purchase of Common Stock for each

Participant properly correspond with amounts withheld from the Participant's Compensation, and establish such other limitations or procedures as the Committee determines in its sole discretion advisable that are consistent with the Plan.

Section 19. Notices. All notices or other communications by a Participant to the Company under or in connection with the Plan shall be deemed to have been duly given when received in the form specified by the Company at the location, or by the person, designated by the Company for the receipt thereof.

Section 20. Conditions for Issuance of Shares. Shares shall not be issued with respect to the Plan unless such Shares and the issuance and delivery of such Shares pursuant to the Plan shall comply with all applicable provisions of law, domestic or foreign, including, without limitation, the Securities Act of 1933, as amended, the Exchange Act, the rules and regulations promulgated thereunder, applicable state securities laws and the requirements of any stock exchange upon which the Shares may then be listed, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

As a condition to the exercise of an option, the Company may require the person exercising such purchase right to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any of the aforementioned applicable provisions of law.

Section 21. Term of Plan; Effective Date. The Plan shall become effective on July 1, 2009, subject to approval by the Company's stockholders. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 18.

Section 22. Additional Restrictions of Rule 16b-3. The terms and conditions of purchase rights granted hereunder to, and the purchase of Shares by, persons subject to Section 16 of the Exchange Act shall comply with the applicable provisions of Rule 16b-3. This Plan shall be deemed to contain, and such purchase rights shall contain, and the Shares issued upon exercise thereof shall be subject to, such additional conditions and restrictions as may be required by Rule 16b-3 to qualify for the maximum exemption from Section 16 of the Exchange Act with respect to Plan transactions.

Section 23. Notice of Disposition of Shares. Each Participant shall give prompt notice to the Company of any disposition or other transfer of Shares purchased during an Offering Period under this Plan if such disposition or transfer is made: (i) within two (2) years from the Offering Date of the Offering Period in which such shares were purchased or (ii) within one (1) year after the Purchase Date on which such shares were purchased. Such notice shall specify the date of such disposition or other transfer and the amount realized by the Participant, in cash, other property, assumption of indebtedness or other consideration, by the Participant in such disposition or other transfer.

Section 24. Merger or Asset Sale. In the event of a proposed sale of all or substantially all of the assets of the Company, or the merger of the Company with or into another corporation, each outstanding option under the Plan shall be assumed or an equivalent option substituted by the successor corporation or a parent corporation or subsidiary corporation of the successor corporation (as such terms are defined in Code Sections 424(e) and (f)). In the event that the successor corporation refuses to assume or substitute for the option, any Offerings Period then in progress shall be shortened by setting a new Subscription Date and any Offering Period then in progress shall end on the new Subscription Date. The new Subscription Date shall be before the date of the Company's proposed sale or merger. The Company shall notify each Participant in writing, at least ten (10) business days prior to the new Subscription Date, that the Subscription Date for the Participant's option has been changed to the new Subscription Date and that the Participant's option shall be exercised automatically on the new Subscription Date, unless prior to such date the Participant has withdrawn from the Offering Period as provided in Section 10 hereof.

(d) ***Successors.*** All obligations of the Company under the Plan, with respect to purchase rights thereunder, shall be binding on any successor to the Company, whether the existence of such successor is the result of a direct or indirect purchase, merger, consolidation or otherwise, of all or substantially all of the business and/or assets of the Company.

(e) ***Severability.*** In the event that any provision of the Plan shall be determined to be invalid or unenforceable for any reason, the remaining provisions of the Plan shall be unaffected thereby and shall remain in full force and effect in such jurisdiction, and any such invalid or unenforceable provision shall not be considered invalid and unenforceable in any other jurisdiction.

Section 27. *Non-Exclusivity of the Plan.* Neither the adoption of this Plan by the Board nor the submission of the Plan to the stockholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including without limitation, the granting of stock options otherwise than under this Plan, and such other incentive arrangements may be either generally applicable or applicable only in specific cases.
