#### UNITED STATES CELLULAR CORPORATION AND SUBSIDIARIES

#### NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

#### Basis of Presentation

The accounting policies of United States Cellular Corporation (U.S. Cellular) conform to accounting principles generally accepted in the United States of America (U.S. GAAP). The consolidated financial statements include the accounts of U.S. Cellular, its majority-owned subsidiaries since acquisition, general partnerships in which U.S. Cellular has a majority partnership interest and any entity in which U.S. Cellular has a variable interest that requires U.S. Cellular to recognize a majority of the entity s expected gains or losses. All material intercompany accounts and transactions have been eliminated. Certain prior year amounts have been reclassified to conform to the 2007 presentation.

The consolidated financial statements included herein have been prepared by U.S. Cellular, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (SEC). Certain information and disclosures normally included in financial statements prepared in accordance with U.S. GAAP have been condensed or omitted pursuant to such rules and regulations. However, U.S. Cellular believes that the disclosures included herein are adequate to make the information presented not misleading. It is suggested that these consolidated financial statements be read in conjunction with the consolidated financial statements and the notes thereto included in U.S. Cellular s Annual Report on Form 10-K for the year ended December 31, 2006 (Form 10-K).

The accompanying unaudited consolidated financial statements contain all adjustments (consisting of only normal recurring items unless otherwise disclosed) necessary to present fairly the financial position as of June 30, 2007 and December 31, 2006, the results of operations for the three and six months ended June 30, 2007 and 2006, and the cash flows for the six months ended June 30, 2007 and 2006. The results of operations for the three and six months ended June 30, 2007 are not necessarily indicative of the results to be expected for the full year.

#### 2. Summary of Significant Accounting Policies

#### Pension Plan

U.S. Cellular participates in a qualified noncontributory defined contribution pension plan sponsored by Telephone and Data Systems, Inc. (TDS), U.S. Cellular sparent organization. The plan provides pension benefits for the employees of U.S. Cellular and its subsidiaries. Under this plan, pension benefits and costs are calculated separately for each participant and are funded currently. Pension costs were \$2.0 million and \$4.1 million for the three and six months ended June 30, 2007, respectively, and \$2.5 million and \$4.3 million for the three and six months ended June 30, 2006, respectively.

#### Amounts Collected from Customers and Remitted to Governmental Authorities

U.S. Cellular records amounts collected from customers and remitted to governmental authorities net within a tax liability account if the tax is assessed upon the customer and U.S. Cellular merely acts as an agent in collecting the tax on behalf of the imposing governmental authority. If the tax is assessed upon U.S. Cellular, then amounts collected from customers as recovery of the tax are recorded in revenues and amounts remitted to governmental authorities are recorded in expenses. The amounts recorded gross in revenues that are billed to customers and remitted to governmental authorities totaled \$33.5 million and \$60.9 million for the three and six months ended June 30, 2007, respectively, and \$20.3 million for the three and six months ended June 30, 2006, respectively.

#### **Recent Accounting Pronouncements**

In September 2006, the FASB issued Statement of Financial Accounting Standards (SFAS) No. 157, Fair Value Measurements (SFAS 157). This Statement defines fair value as used in numerous accounting pronouncements, establishes a framework for measuring fair value in U.S. GAAP and expands disclosure related to the use of fair value measures in financial statements. SFAS 157 does not expand the use of fair value measures in financial statements, but standardizes its definition and guidance in U.S. GAAP. The Statement emphasizes that fair value is a market-based measurement and not an entity-specific measurement, based on an exchange transaction in which the entity sells an asset or transfers a liability (exit price). SFAS 157 establishes a fair value hierarchy, from observable market data as the highest level to fair value based on an entity sown fair value assumptions as the lowest level. The Statement is effective for U.S. Cellular s 2008 financial statements. U.S. Cellular is currently reviewing the requirements of SFAS 157 and has not determined the impact, if any, on its financial position or results of operations.

In September 2006, FASB ratified Emerging Issues Task Force Issue No. 06-1, *Accounting for Consideration Given by a Service Provider to Manufacturers or Resellers of Equipment Necessary for an End-Customer to Receive Service from the Service Provider* (EITF 06-1). This guidance requires the application of EITF 01-9, *Accounting for Consideration Given by a Vendor to a Customer* (EITF 01-9), when consideration is given to a reseller or manufacturer for benefit to the service provider s end customer. EITF 01-9 requires the consideration given be recorded as a liability at the time of the sale of the equipment and also provides guidance for the classification of the expense. EITF 06-1 is effective for U.S. Cellular s 2008 financial statements. U.S. Cellular is currently reviewing the requirements of EITF 06-1 and has not yet determined the impact, if any, on its financial position or results of operations.

SFAS No. 159, The Fair Value Option for Financial Assets and Financial Liabilities, Including an Amendment of FASB Statement No. 115 (SFAS 159), was issued in February 2007. SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value at specified election dates. Unrealized gains and losses on items for which the fair value option has been elected shall be reported in earnings at each subsequent reporting date. SFAS 159 also establishes presentation and disclosure requirements designed to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. SFAS 159 is effective for U.S. Cellular s 2008 financial statements. U.S. Cellular is currently reviewing the requirements of SFAS 159 and has not yet determined the impact, if any, on its financial position or results of operations.

### 3. Acquisitions, Divestitures and Exchanges

U.S. Cellular assesses its existing wireless interests on an ongoing basis with a goal of improving competitiveness of its operations and maximizing its long-term return on investment. As part of this strategy, U.S. Cellular reviews attractive opportunities to acquire additional operating markets and wireless spectrum. In addition, U.S. Cellular may seek to divest outright or include in exchanges for other wireless interests those markets and wireless interests that are not strategic to its long-term success.

In the first six months of 2007, U.S. Cellular received \$4.3 million from an escrow that was set up in the fourth quarter of 2006 in conjunction with the sale of Midwest Wireless Communications to ALLTEL Corporation. U.S. Cellular had owned an interest in Midwest Wireless Communications prior to the purchase by ALLTEL.

On February 1, 2007, U.S. Cellular purchased 100% of the membership interests of Iowa 15 Wireless, LLC ( Iowa 15 ) and obtained the 25 megahertz Federal Communications Commission ( FCC ) cellular license to provide wireless service in Iowa Rural Service Area ( RSA ) 15 for approximately \$18.2 million in cash. This acquisition increased investments in licenses, goodwill and customer lists by \$7.9 million, \$5.9 million and \$1.6 million, respectively. Goodwill of \$5.9 million is deductible for income tax purposes.

U.S. Cellular is a limited partner in Barat Wireless, L.P. ( Barat Wireless ), an entity which participated in the auction of wireless spectrum designated by the FCC as Auction 66. Barat Wireless was qualified to receive a 25% discount available to very small businesses which were defined as having annual gross revenues of less than \$15 million. At the conclusion of the auction on September 18, 2006, Barat Wireless was the high bidder with respect to 17 licenses and had bid \$127.1 million, net of its discount. On April 30, 2007, the FCC granted Barat Wireless applications with respect to the 17 licenses for which it was the winning bidder.

Barat Wireless is in the process of developing its long-term business and financing plans. As of June 30, 2007, U.S. Cellular had made capital contributions and advances to Barat Wireless and/or its general partner of \$127.2 million. Barat Wireless used the funding to pay the FCC an initial deposit of \$79.9 million on July 14, 2006 to allow it to participate in Auction 66. On October 18, 2006, Barat Wireless paid the balance due at the conclusion of the auction for the licenses with respect to which Barat Wireless was the high bidder; such amount totaled \$47.1 million. For financial statement purposes, U.S. Cellular consolidates Barat Wireless and Barat Wireless, Inc., the general partner of Barat Wireless, pursuant to the guidelines of FASB Interpretation No. 46(R), *Consolidation of Variable Interest Entities*, an interpretation of ARB No. 51, (FIN 46(R)), as U.S. Cellular anticipates benefiting from or absorbing a majority of Barat Wireless expected gains or losses. Pending finalization of Barat Wireless permanent financing plan, and upon request by Barat Wireless, U.S. Cellular may agree to make additional capital contributions and advances to Barat Wireless and/or its general partner.

In April 2006, U.S. Cellular purchased the remaining ownership interest in a Tennessee wireless market, in which it had previously owned a 16.7% interest, for approximately \$18.8 million in cash. This acquisition increased investments in licenses, goodwill and customer lists by \$5.5 million, \$4.0 million and \$2.0 million, respectively. The \$4.0 million of goodwill is not deductible for income tax purposes.

U.S. Cellular is a limited partner in Carroll Wireless, an entity which participated in the auction of wireless spectrum designated by the FCC as Auction 58. Carroll Wireless was qualified to bid on closed licenses -spectrum that was available only to companies included under the FCC definition of entrepreneurs, which are small businesses that have a limited amount of assets and revenues. In addition, Carroll Wireless bid on open licenses that were not subject to restriction. With respect to these licenses, however, Carroll Wireless was qualified to receive a 25% discount available to very small businesses which were defined as having average annual gross revenues of less than \$15 million. Carroll Wireless was a successful bidder for 17 license areas in Auction 58, which ended on February 15, 2005. The aggregate amount paid to the FCC for the 17 licenses was \$129.9 million, net of the discounts to which Carroll Wireless was entitled. These 17 license areas cover portions of 12 states and are in markets which are either adjacent to or overlap current U.S. Cellular licensed areas.

On January 6, 2006, the FCC granted Carroll Wireless applications with respect to 16 of the 17 licenses for which it had been the successful bidder and dismissed one application, relating to Walla Walla, Washington. Following the completion of Auction 58, the FCC determined that a portion of the Walla Walla license was already licensed to another party and should not have been included in Auction 58. Accordingly, in 2006, Carroll Wireless received a full refund of the \$228,000 previously paid to the FCC with respect to the Walla Walla license.

Carroll Wireless is in the process of developing its long-term business and financing plans. As of June 30, 2007, U.S. Cellular had made capital contributions and advances to Carroll Wireless and/or its general partner of approximately \$129.9 million; \$129.7 million of this amount is included in Licenses in the Consolidated Balance Sheets. For financial statement purposes, U.S. Cellular consolidates Carroll Wireless and Carroll PCS, Inc., the general partner of Carroll Wireless, pursuant to the guidelines of FIN 46(R), as U.S. Cellular anticipates benefiting from or absorbing a majority of Carroll Wireless expected gains or losses. Pending finalization of Carroll Wireless permanent financing plan, and upon request by Carroll Wireless, U.S. Cellular may make additional capital contributions and advances to Carroll Wireless and/or its general partner. In November 2005, U.S. Cellular approved additional funding of \$1.4 million of which \$0.1 million was provided to Carroll Wireless through June 30, 2007.

#### 4. Fair Value Adjustments of Derivative Instruments

Fair value adjustments of derivative instruments resulted in losses of \$17.8 million and \$5.4 million in the three and six months ended June 30, 2007, respectively, and a loss of \$0.9 million and a gain of \$3.9 million in the three and six months ended June 30, 2006, respectively. Fair value adjustments of derivative instruments for the period reflect the change in the fair value of the bifurcated embedded collars within the forward contracts related to the Vodafone marketable equity securities not designated as a hedge. See Note 9 Marketable Equity Securities and Forward Contracts and Note 12 Long-Term Debt and Forward Contracts for additional information related to the forward contracts.

The accounting for the embedded collars as derivative instruments not designated as a hedge resulted in increased volatility in the results of operations, as fluctuations in the market price of the underlying Vodafone marketable equity securities resulted in changes in the fair value of the embedded collars being recorded in the Consolidated Statements of Operations.

#### 5. Income Taxes

The overall effective tax rate on income before income taxes and minority interest for the three and six months ended June 30, 2007 was 37.9% and 37.2%, respectively, and 38.9% and 39.4% for the three and six months ended June 30, 2006, respectively. The effective tax rate for the 2007 period is lower than 2006 primarily due to lower state income tax expense.

Effective January 1, 2007, U.S. Cellular adopted Financial Accounting Standards Board Interpretation No. 48 (FIN 48), *Accounting for Uncertainty in Income Taxes*. In accordance with FIN 48, U.S. Cellular recognized a cumulative-effect adjustment of \$1.3 million, increasing its liability for unrecognized tax benefits, interest, and penalties and reducing the January 1, 2007 balance of Retained earnings.

At January 1, 2007, U.S. Cellular had \$25.8 million in unrecognized tax benefits, which, if recognized, would reduce income tax expense by \$19.3 million (\$12.6 million, net of the federal benefit from state income taxes). Included in the balance of unrecognized tax benefits at January 1, 2007, is an immaterial amount related to tax positions for which it is possible that the total amounts could change during the next twelve months. At June 30, 2007 U.S. Cellular had \$28.9 million in unrecognized tax benefits, which, if recognized, would reduce income tax expense by \$14.5 million, net of the federal benefit from state income taxes.

U.S. Cellular recognizes accrued interest and penalties related to unrecognized tax benefits in income tax expense. This amount totaled \$0.8 million and \$2.2 million for the three and six months ended June 30, 2007, respectively. Accrued interest and penalties were \$6.2 million and \$8.4 million as of January 1, 2007 and June 30, 2007, respectively.

U.S. Cellular is included in a consolidated federal income tax return with other members of the TDS consolidated group. TDS and U.S. Cellular are parties to a Tax Allocation Agreement which provides that U.S. Cellular and its subsidiaries be included with the TDS affiliated group in a consolidated federal income tax return and in state income or franchise tax returns in certain situations. For financial statement purposes, U.S. Cellular and its subsidiaries calculate their income, income taxes and credits as if they comprised a separate affiliated group. Under the Tax Allocation Agreement, U.S. Cellular remits its applicable income tax payments to TDS. U.S. Cellular had a tax payable balance with TDS of \$24.6 million as of June 30, 2007 and \$3.7 million as of December 31, 2006.

U.S. Cellular and its subsidiaries file federal and various state income tax returns. With few exceptions, U.S. Cellular is no longer subject to Federal, state and local income tax examinations by tax authorities for years prior to 2002. TDS s consolidated federal income tax returns for the years 2002 - 2005, which include U.S. Cellular, are currently under examination by the Internal Revenue Service. U.S. Cellular and its subsidiaries are also under examination by various state taxing authorities.

#### 6. Earnings per Share

Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during the period. Diluted earnings per share is computed using net income and weighted average common shares adjusted to include the effect of potentially dilutive securities.

The net income amounts used in computing earnings per share and the effects on the weighted average number of common shares and earnings per share of potentially dilutive securities are as follows:

	Three Months En June 30,	ded	Six Months Ender June 30,	d
	2007	2006	2007	2006
		(Dollars and shares in t	housands, except earnings p	er share)
Net income	\$ 147,571	\$ 50,064	\$ 221,972	\$ 89,510
