For Reference

1. Japanese secondary offering by way of over-allotment and other matters

The Japanese secondary offering by way of over-allotment as mentioned in 2. Secondary Offering of Shares (Secondary offering by way of over-allotment) , is a secondary offering in Japan to be made in relation to the Japanese Offering mentioned in 1. Issuance of New Shares by way of Public Offering for shares of common stock of the Company (up to a maximum of 34,000,000 shares) that will be borrowed by the Borrowing Japanese Underwriter from certain shareholders of the Company, taking into account market demand for the Japanese Offering and other conditions. The number of shares to be offered in the Japanese secondary offering by way of over-allotment is scheduled to be 34,000,000 shares; however, this is the maximum number of shares to be sold, and such number may decrease, or the Japanese secondary offering by way of over-allotment may be cancelled entirely, depending on market demand for the Japanese Offering and other conditions.

In connection with the Japanese secondary offering by way of over-allotment, the Executive Management Board of the Company has resolved, at the meeting held on Thursday, September 24, 2009, that the Company will issue 34,000,000 shares of its common stock to the Borrowing Japanese Underwriter by way of third-party allotment (the Capital Increase by way of Third-Party Allotment), with the payment date scheduled to be Tuesday, October 27, 2009, in order for the Borrowing Japanese Underwriter to obtain the number of shares necessary to return the shares of such common stock of the Company to certain shareholders of the Company, as mentioned above (the Borrowed Shares).

The Borrowing Japanese Underwriter may also purchase shares of common stock of the Company (the Syndicate Cover Transactions) on the Tokyo Stock Exchange (up to a maximum of the number of shares to be offered in the Japanese secondary offering by way of over-allotment) for the purpose of returning the Borrowed Shares. Such Syndicate Cover Transactions would be made during the period from (a) the day immediately following the last day of the subscription period for the Japanese Offering and the Japanese secondary offering by way of over-allotment to (b) Tuesday, October 20, 2009 (the Syndicate Cover Transaction Period). All of the shares of common stock of the Company purchased by the Borrowing Japanese Underwriter during the Syndicate Cover Transaction Period will be used to return the Borrowed Shares. In addition, the Borrowing Japanese Underwriter may decide not to conduct any Syndicate Cover Transactions or may decide to terminate the Syndicate Cover Transactions before the number of shares purchased reaches the number of shares offered in the Japanese secondary offering by way of over-allotment.

This press release does not constitute an offer of securities in the United States. The shares of Nomura Holdings common stock referred to above have not been, and will not be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration thereunder or an applicable exemption from registration requirements.

Table of Contents

The Borrowing Japanese Underwriter may conduct stabilizing transactions along with the Japanese Offering and the Japanese secondary offering by way of over-allotment. The shares of common stock of the Company purchased through such stabilizing transactions may be used, in part or in whole, to return the Borrowed Shares.

In addition to the above, if the Japanese Underwriters do not receive subscriptions for a portion of the shares of common stock of the Company during the subscription period for the Japanese Offering and the Japanese secondary offering by way of over-allotment, such shares of such common stock may be used, in part or in whole, to return the Borrowed Shares.

With respect to the number of shares in the Japanese secondary offering by way of over-allotment after deduction of (a) the number of shares of common stock of the Company not receiving subscriptions during the subscription period to be used to return the Borrowed Shares and (b) the number of shares purchased through stabilizing transactions and Syndicate Cover Transactions to be used to return the Borrowed Shares (the Number of Shares due to be Acquired), the Borrowing Japanese Underwriter is due to acquire such shares of common stock of the Company by accepting the allotment of the Capital Increase by way of Third-Party Allotment. As a result, the shares to be issued for the Capital Increase by way of Third-Party Allotment may, in part or in whole, not be subscribed for and the number of shares to be issued for the Capital Increase by way of Third-Party Allotment may decrease to that extent due to forfeiture of the right to subscription, or the Third-Party Allotment may be cancelled entirely.

If the Borrowing Japanese Underwriter subscribes for the Capital Increase by way of Third-Party Allotment, the Borrowing Japanese Underwriter shall use the funds obtained from the Japanese secondary offering by way of over-allotment as payment for the Number of Shares due to be Acquired.

Whether or not the Japanese secondary offering by way of over-allotment is to be conducted, as well as the number of shares to be sold in connection with the execution of the Japanese secondary offering by way of over-allotment, shall be determined on the Determination Date. If the Company does not conduct the Japanese secondary offering by way of over-allotment, the shares will not be borrowed by the Borrowing Japanese Underwriter from certain shareholders of the Company. Accordingly, shares will not be newly issued by way of third-party allotment as a result of such forfeiture, since the Borrowing Japanese Underwriter will not accept the allotment of the Capital Increase by way of Third-Party Allotment and subscribe for shares to be issued therefor. Further, the Syndicate Cover Transactions will not be made on the Tokyo Stock Exchange.

This press release does not constitute an offer of securities in the United States. The shares of Nomura Holdings common stock referred to above have not been, and will not be, registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration thereunder or an applicable exemption from registration requirements.
