PROXY STATEMENT FOR ANNUAL MEETING

OF SHAREHOLDERS

To Be Held on May 12, 2010

This Proxy Statement is being furnished to the shareholders of Mastech Holdings, Inc., a Pennsylvania corporation (Mastech or the Company), in connection with the solicitation by the Board of Directors of the Company (the Board of Directors or the Board) of proxies to be voted at the Annual Meeting of Shareholders (the Annual Meeting) scheduled to be held on Wednesday, May 12, 2010, at 8:30 a.m. Eastern Time, at the Four Points by Sheraton Pittsburgh Airport, One Industry Lane, Pittsburgh, Pennsylvania, 15275, or at any adjournment or postponement thereof. This Proxy Statement is being mailed to shareholders on or about April 12, 2010.

PURPOSE OF THE MEETING

The specific proposal to be considered and acted upon at the Annual Meeting is summarized in the accompanying Notice of Annual Meeting of Shareholders. The proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION

VOTING

Only holders of record of Mastech Common Stock, par value \$0.01 per share (the Common Stock), as of the close of business on April 2, 2010 (the Record Date) are entitled to notice of and to vote at the Annual Meeting and any adjournments or postponements thereof. On April 2, 2010, there were 3,654,372 shares of Common Stock outstanding.

The presence in person or by proxy of the shareholders entitled to cast at least a majority of all the votes that are entitled to be cast at the meeting is required to constitute a quorum for the transaction of business at the Annual Meeting. The holders of Common Stock have one vote for each share held by them as of the Record Date. Shareholders may not cumulate votes in the election of directors.

Your shareholder vote is important. Please vote as soon as possible to ensure that your vote is recorded promptly, even if you plan to attend the annual meeting in person. You have three options for submitting your vote before the annual meeting: via the Internet, by phone or by mail. If you have Internet access, we encourage you to record your vote on the Internet. It is convenient, it saves your company significant printing and processing costs and your vote is recorded immediately. Internet and telephonic voting will be available until 11:59 p.m. Eastern Time on May 11, 2010. If you hold your shares in your name as a registered holder and not through a bank or brokerage firm, you may submit your vote in person. The vote you cast in person will supersede any previous votes that you submitted, whether by Internet, phone or mail. If you have any questions about submitting your vote, call our Investor Relations department at (800) 627-8323.

Table of Contents

PROXIES

All shares of Common Stock represented by proxies that are properly signed, completed and returned to the Corporate Secretary of the Company at 1000 Commerce Drive, Pittsburgh, PA 15275 at or prior to the Annual Meeting will be voted as specified in the proxy. If a proxy is signed and returned but does not provide instructions as to the shareholder's vote, the shares will be voted FOR the election of the Board's nominees to the Board of Directors. We are not aware of any business for consideration at the Annual Meeting other than as described in the Proxy Statement; however, if matters are properly brought before the Annual Meeting or any adjournment or postponement thereof, then the persons appointed as proxies will have the discretion to vote or act thereon according to their best judgment. A shareholder giving a proxy has the power to revoke it at any time prior to its exercise by delivering to the Secretary of the Company a written revocation or a duly executed proxy bearing a later date (although no revocation shall be effective until notice thereof has been given to the Secretary of the Company), or by attendance at the meeting and voting his or her shares in person.

Under Pennsylvania law, proxies marked ABSTAIN are not considered to be cast votes and thus, although they will count for purposes of determining whether there is a quorum and for purposes of determining the voting power and number of shares entitled to vote at the Annual Meeting, such abstentions will have no effect on the approval of any matter to come before the meeting. Broker non-votes will be counted for purposes of determining whether there is a quorum at the Annual Meeting, but will have no effect on the approval of any matter to come before the meeting.

SOLICITATION OF PROXIES

All costs of solicitation of proxies will be borne by the Company. In addition to solicitations by mail, the Company's directors, officers and regular employees, without additional remuneration, may solicit proxies by telephone, facsimile and personal interviews. Copies of solicitation material will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners and the Company will reimburse them for reasonable out-of-pocket expenses in connection with the distribution of proxy solicitation material.

Important Notice Regarding the Internet Availability of Proxy Materials for the Annual Meeting of Shareholders to be Held on May 12, 2010.

consideration, shareholders should submit the candidate's name and qualifications in writing to John J. Cronin, Jr., Corporate Secretary, Mastech Holdings, Inc., 1000 Commerce Drive, Pittsburgh, PA 15275. The Company's Articles of Incorporation (Articles) address the proper submission of a person to be nominated and sets forth the proper form for a notice of nomination. Please refer to the 2011 SHAREHOLDER PROPOSALS OR NOMINATIONS section in this document for a summary of the procedures to request a person(s) to be nominated for election as a director of the Company.

The Committee will consider and evaluate candidates submitted by shareholders in accordance with the procedures set forth in the Company's Nominating and Corporate Governance Committee Charter and Corporate Governance Guidelines the same as if such candidates were submitted by the Board of Directors. The Committee screens all potential candidates in the same manner regardless of the source of the recommendation. This assessment will include consideration of background, skill needs, diversity, personal characteristics and business experience, as set forth in the Nominating and Corporate Governance Charter. The Board believes that its current leadership structure, with Messrs. Wadhvani and Trivedi serving as Co-Chairmen and Mr. Moran serving as the President and Chief Executive Officer, is appropriate given each of their respective past experiences.

In its oversight role, the Board of Directors annually reviews the Company's strategic plan, which addresses, among other things, the risks and opportunities facing the Company. The Board also has overall responsibility for executive officer succession planning and reviews succession plans each year. The Board has delegated certain risk management responsibility to the Board committees. As part of the responsibilities set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures, including the Company's risk assessment and risk management policies. The Company's management regularly evaluates these controls, and the chief financial officer periodically reports to the Audit Committee regarding their design and effectiveness. COMPENSATION DISCUSSION AND ANALYSIS

The following compensation discussion and analysis summarizes the Company's philosophy and objectives regarding the compensation of its named executive officers, including how the Company determines elements and amounts of executive compensation. The following discussion and analysis should be read in conjunction with the tabular disclosures regarding the compensation of named executive officers in fiscal 2009 and the report of the Compensation Committee of the Board of Directors, which immediately follows below.

Compensation Philosophy

The Compensation Committee (Committee) has adopted a compensation philosophy with respect to the named executive officers of the Company that is intended to align compensation with the Company's overall business strategy. The core objective guiding our executive officer compensation program is to link compensation levels to long-term shareholder value. Our executive officer compensation program is designed to attract, motivate and retain high-quality executives by providing total compensation that is performance-based and competitive with the markets and industries in which we compete for talent. Accordingly, we provide incentives to advance the interest of shareholders by targeting key financial and operation objectives for our named executive officers and deliver levels of compensation that are commensurate with the achievement of such performance measurements. Our goals are:

to support our business strategy and financial plan by clearly communicating our goals and objectives to executives and by rewarding achievement;

to create a strong performance alignment with shareholders' interests; and

to attract and retain highly qualified executive talent.

The Compensation Committee has established a compensation structure to achieve these goals through a combination of three key compensation elements:

a base salary;

an annual performance-based cash bonus; and

grants of equity-based compensation, such as stock options and/or other stock awards, which may be subject to time-based and/or performance-based vesting requirements.

The Compensation Committee believes that this three-part approach best serves the interests of our shareholders and safeguards against excessive risk taking by our executives. This approach enables us to meet the requirements of the competitive environment in which we operate, while ensuring that executives are compensated in a manner that advances both the short and long-term interests of our shareholders. Under this program design, compensation for our executive officers involves a high proportion of pay that is at risk, namely the annual performance-based cash bonus and the value of stock options and/or other stock awards. As an example, for fiscal year 2009, the Compensation Committee decided to suspend annual performance-based cash bonuses for all executive officers employed at January 1, 2009, in light of current market conditions. Additionally, stock options and/or other stock awards align a significant portion of executive officer remuneration directly to the appreciation realized by our shareholders.

Opportunities for excessive risk-taking by our executive officers, for short-term financial gain, are limited by the nature of our business. The element of compensation most exposed to self serving actions by our executive officers is the annual performance-based cash bonus. In establishing specific performance criteria for the Company's executive officers, consideration is given to trade-off criteria which would mitigate self serving actions by individual executives. By way of illustration, our sales executives' bonus criterion is gross profit dollars related to their specific sales channel; recruitment executives are measured on new order activity and productivity of their recruiting team; and the CEO and

CFO's bonus criteria is largely tied to revenue growth and

Table of Contents

earnings per share. Organizational interaction and formal approval processes make it difficult for self serving actions to be undertaken by any individual executive. While there is always the opportunity in every organization to manage for the short-term, the Compensation Committee believes that the equity-based component of compensation is a strong deterrent of such actions.

The Compensation Committee's policy is to structure compensation arrangements with named executive officers in a manner that will avoid certain tax deduction limitations imposed by Section 162(m) of the Internal Revenue Code of 1986, as amended. In general, Section 162(m) prohibits a Company from deducting, for federal income tax purposes, compensation in excess of \$1,000,000 for any given year paid to a named executive officer, except to the extent such excess constitutes performance-based compensation. The Compensation Committee does reserve the discretion to pay compensation that does not qualify for the exemption under Section 162(m) in situations where the Committee believes that such action to be in the best interests of our shareholders.

Compensation Committee Roles and Responsibilities

The Compensation Committee is responsible for reviewing and approving matters involving the compensation of directors and named executive officers of the Company, periodically reviewing management development plans and making recommendations to the full Board on these matters, as well as matters involving the Company's Stock Incentive Plan.

It is the responsibility of the Compensation Committee to ensure that the total compensation paid to the named executives is fair, reasonable and competitive. The Committee is composed entirely of independent directors and functions in accordance with the provisions of the Compensation Committee Charter, which is available on the Company's website at www.mastech.com, under Investor Relations.

Key Elements of and Factors Affecting Compensation

As discussed above, the three key elements of executive officer compensation are: (a) base salary; (b) annual performance-based cash bonus; and (c) equity compensation. While each of these elements is discussed separately below, the Compensation Committee does consider and reviews the full compensation package afforded by the Company to its named executive officers. The Compensation Committee also reviews all employment contracts and annual performance-based goals and objectives of all named executives officers.

Compensation Consultants

In fiscal year 2009, the Compensation Committee did not use any compensation consultants in determining or recommending the amount or form of executive or director compensation.

Base Salaries for Named Executive Officers

The Company provides its named executive officers with a base salary to provide them with a minimum guaranteed compensation level for their services. A named executive officer's base salary is determined by evaluating the responsibilities of the position held, the individual's experience and, to the extent possible, the competitive marketplace for executive talent. The base salary is intended to be competitive with base salaries paid to executive officers at peer group companies with comparable qualifications, experience and responsibilities. However, we acknowledge that the current compensation levels are largely subjective, as outlined below, and no formal evaluation of peer group compensation has been conducted.

In setting base salaries, the Compensation Committee considers the following:

the nature and responsibility of the position and, to the extent available, salary norms for persons in similar positions and comparable companies;

the expertise, experience and effectiveness of the individual executive;

Table of Contents

the competitiveness of the market for the executive's services;

for executives who were hired prior to the Distribution, the executive's salary history under iGATE; and

the recommendations of our Chief Executive Officer (except as to his own compensation).

In the staffing industry, many industry peers have operational attributes that are very different from Mastech. For this reason, we historically have not engaged in compensation benchmarking. The Company looks to various third-party reports and projections regarding the staffing industry, such as Staffing Industry Analysts (SIA), in establishing the Company's annual profit plan and operational objectives.

Annual Bonuses for Named Executive Officers

In addition to a base salary, each named executive officer is eligible for an annual performance-based cash bonus. The Company has chosen to include annual performance-based cash bonuses as a material element in its compensation plan. The bonus component is designed to motivate individual and team performance in attaining the current year's financial plan and business objectives.

In 2009, annual performance-based cash bonuses were suspended due to challenging market conditions and a significant decline in revenue levels during the preceding year. Mr. Moran, who was appointed as Mastech's CEO in July 2009, was entitled to an annual performance-based cash bonus of \$69,000 (\$150,000 annual bonus pro-rated for 2009 service) based upon the achievement of certain operational objectives as disclosed in Mr. Moran's employment agreement. The Compensation Committee assessed the achievement of Mr. Moran's 2009 objectives and approved a bonus payment of \$57,807, which was paid in March 2010.

For the year 2010, with economic conditions in the U.S. showing increasing signs of stabilization, the Company reinstated the annual performance-based cash bonus of compensation for its named executive officers. The objective of the annual performance-based cash bonus is to provide an incentive to its named executive officers for achieving certain profitability and operational performance objectives in 2010, which are critical to the Company's return to sustainable future growth.

Specifically, Mr. Moran and Mr. Cronin's annual performance-based cash bonus is tied to the achievement of the Company's Revenue and Earnings Per Share targets for 2010 and the completion of inorganic growth objectives during the year. Mr. Meindl and Mr. Kutzavitch's annual performance-based cash bonus objectives relate to the achievement of certain gross profit and billable consultant headcount growth, within the sales channels that each manages. Mr. Balasubramanyam's annual performance-based cash bonus is tied to achieving placement activity and recruitment productivity levels that support the Company's 2010 financial goals. All financial objectives represent meaningful improvements from the Company's positions as of December 31, 2009. The at goal bonus amount for each of our named officers is as follows: Mr. Moran \$160,000; Mr. Cronin \$120,000; Mr. Meindl \$90,000; Mr. Kutzavitch \$90,000; and Mr. Balasubramanyam \$90,000. In accordance with the plan design, in the event that individuals' objectives are exceeded or not fully met, there are provisions for a prorated portion of the at goal bonus amount. Generally, no bonus is paid should actual results achieved in 2010 be less than 75% of such objectives. Bonus payments in excess of the at goal bonus amount for the over-achievement of financial objectives vary for each of our executives.

Stock Incentive Plan and Awards to Named Executive Officers

The Company's long-term incentives are in the form of equity awards, such as stock options, stock appreciation rights, restricted or unrestricted stock awards and performance share grants, in accordance with the Stock Incentive Plan (the Plan). The objective of this compensation element is to align compensation over a multi-year period directly with the interests of our shareholders, by motivating and rewarding actions that create or increase long-term shareholder value. The Committee believes that this compensation component also provides a deterrent from excessive risk-taking to achieve short-term financial rewards.

Table of Contents

In determining the size and types of awards to be granted, the Compensation Committee considers an evaluation of competitive factors in conjunction with total compensation provided to the named executive officer, as well as performance levels and the patterns and impact of prior awards. The type of equity award favored by the Compensation Committee has been stock options. All equity grants subsequent to the spin-off from iGATE have taken the form of stock options. The Committee believes that stock options provide sufficient incentive to the recipient, while limiting financial rewards to incremental value creation, thus strongly aligning our named executive officers interests to those of our shareholders .

During 2009, the Company granted 392,000 stock options to directors, executive officers and key employees at varying exercise prices. These awards typically vest over a four year period. Our named executive officers received the following awards during 2009:

Mr. Moran received 200,000 stock options on July 20, at an exercise price of \$2.90.

Mr. Cronin received 25,000 stock options on December 18, at an exercise price of \$4.95.

Mr. Balasubramanyam received 25,000 stock options on December 18, at an exercise price of \$4.95.

Mr. Meindl received 25,000 stock options on December 18, at an exercise price of \$4.95.

Mr. Kutzavitch received 26,500 stock options; 25,000 on December 18, at an exercise price of \$4.95; and 1,500 on September 21 at an exercise price of \$4.45. The September award was based on a short-term production incentive program instituted during the second quarter of 2009 and had immediate vesting provisions.

Mr. Moran's grant was made in accordance with the terms of his employment as the Company's President and Chief Executive Officer, as of July 20, 2009. Grants made to the Company's other named executive officers were largely based on the assessment and recommendation of Mr. Moran to the Compensation Committee.

At December 31, 2009, there were 92,000 shares of Common Stock available for issuance under the Plan. Further details of the Company's stock option awards are set forth in the table entitled "Grant of Plan-Based Awards".

EMPLOYMENT AGREEMENTS

Prior to the Distribution, our named executive officers, with the exception of Mr. Moran, had entered into employment agreements with iGATE or Mastech, Inc. After the Distribution, following a review of such agreements by our Compensation Committee, these named executive officers executed new employment agreements or amendments to existing agreements with Mastech Holdings, Inc. and/or Mastech, Inc. which were not materially different than the previous agreements. Detailed below are the terms and conditions of the employment agreements currently in place with our named executive officers.

On July 20, 2009, Mr. Moran, Mastech, Inc., and the Company entered into an employment agreement (the "Agreement") concurrent with Mr. Moran's appointment as President and Chief Executive Officer, and Director of the Company. The agreement provides for an annual base salary of \$300,000 plus an acquisition adder for the first year of his employment term. Thereafter, the base salary shall be determined in good faith by the Board of Directors. The acquisition adder will equal \$25,000 of additional base salary for each acquisition completed by the Company. The maximum compensation available to Mr. Moran with respect to the acquisition adder is \$100,000. Mr. Moran is also entitled to an annual performance-based bonus of \$150,000 based upon achieving certain goals and objectives set by the Company's Compensation Committee. In addition, Mr. Moran was granted 200,000 non-qualified stock options at an exercise price equal to the fair market value of the Company's stock on the grant date. These options vest equally over four years, on each anniversary of the grant date.

If an executive's employment is terminated due to death or disability, by the Company with cause or by the executive without good reason, the executive is entitled to payment of base salary through the date of death, disability or termination of employment.

Table of Contents**POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL**

The following table shows the potential incremental payments and benefits which the named executive officers would be entitled to receive upon termination of employment under their respective agreements. The amounts shown in the table are based on an assumed termination as of December 31, 2009, exclude payments and benefits that are provided on a non-discriminatory basis to our employees generally upon termination of employment and represent estimates of the incremental amounts that would be paid to each executive upon his termination based on 2009 base salary and our current premium costs for medical and welfare benefits.

Name	Salary	Bonus	Options	Healthcare
Thomas B. Moran (1)	\$ 149,913	\$	\$	\$ 2,462
John J. Cronin, Jr. (2)	89,948		15,531	2,462
Murali Balasubramanyam (2)	92,446		13,309	2,462
Kevin Kutzavitch (2)	86,450		4,437	2,462
Edward Meindl (2)	89,948		8,873	2,462

All calculations were estimated based upon a termination scenario. The measurement date for the estimated Company stock option awards was based upon a closing price of \$4.70 at December 31, 2009. The discount rate used for estimating these awards was approximately 0.3% at December 31, 2009.

- Upon termination other than for cause, Mr. Moran would receive six (6) months severance totaling \$150,000 paid over 13 bi-weekly periods. Mr. Moran would continue to vest in outstanding stock options for a six (6) month period from such termination date. Upon termination for any reason, Mr. Moran would be subject to nondisclosure, noncompetition and nonsolicitation agreements for a period of one (1) year after termination. Upon a change in control, Mr. Moran's unvested stock options would immediately vest at a total value of \$360,000, based on our December 31, 2009 closing stock price.
- All other named executive officers, upon termination other than for cause, would receive six (6) months of severance. The other named executive officers would continue to vest in outstanding stock options for a six (6) month period from such termination date. Upon termination for any reason, all executive officers are subject to nondisclosure, noncompetition and nonsolicitation agreements for a period of one (1) year after termination. In certain circumstances upon a Change in Control, the unvested stock options of our named executive officers would immediately vest. Based on our December 31, 2009 closing stock price, the total value would be as follows: Mr. Cronin \$93,188; Mr. Balasubramanyam \$79,875; Mr. Kutzavitch \$26,625; and Mr. Meindl \$53,250.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee reviews the Company's financial reporting process on behalf of the Board. In addition, the Committee selects the Company's independent public accountants. The Company's management was previously granted authority by the Audit Committee to hire the Company's audit firm for permissible, non-audit service projects under \$10,000 in fees per engagement and to notify the Audit Committee at the next regularly scheduled meeting of any such project awarded to the audit firm. Projects expected to be greater than \$10,000 must be pre-approved by the Audit Committee in advance of the commencement of any work.

Management is responsible for the Company's internal controls and the financial reporting process. The independent public accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted accounting standards and to issue a report thereon. The Committee's responsibility is to oversee these processes.

In this context, the Committee has met and held discussions with management and the independent public accountants. Management represented to the Committee that the Company's financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed the audited financial statements with management and the independent public accountants. The Committee discussed with the independent public accountants the matters required to be discussed by Statement on Auditing Standards No. 114 (The Auditor's Communication with those Charged with Governance).

During 2009, Company management documented, tested and evaluated the Company's internal control over financial reporting pursuant to the requirements of Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee was kept apprised of the Company's progress by management. At the conclusion of the assessment, management provided the Audit Committee with its report on the effectiveness of the Company's evaluation that was included in the Company's Annual Report on Form 10-K for the year ended December 31, 2009. Company management concluded that the Company did maintain effective internal control over financial reporting at December 31, 2009.

In addition, the Committee has discussed with the independent public accountants the auditor's independence from the Company and its management and has received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accountants communications with the Audit Committee concerning independence. The Company paid its independent public accountants \$134,129 for services provided in 2009.

The Committee discussed with the Company's independent public accountants the overall scope and plans for their audits. The Committee meets with the independent public accountants, with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

Based upon the Committee's discussions with management and independent public accountants and the Committee's review of the representations of management and the report of the independent public accountants to the Committee, the Committee recommended that the Board include the audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2009, to be filed with the Securities and Exchange Commission.

Respectfully submitted,

The Audit Committee

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditors

The Audit Committee's policy is to pre-approve all audit and non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one-year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. Management is required to periodically report to the full Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. Of the total fees paid to the independent auditors in 2009, 100% of the 2009 audit fees were pre-approved by the Audit Committee.

CERTAIN RELATED PARTY TRANSACTIONS**Relationships Between iGATE and Mastech Holdings, Inc.**

On September 30, 2008, the Company completed the distribution to its shareholders of all of the outstanding shares of common stock of Mastech Holdings, Inc. (Mastech) in a tax free spin-off (the entire transaction, including the Distribution, is collectively referred to as the Spin-Off). The Spin-Off was paid in the amount of one share of our common stock for every fifteen shares outstanding of iGATE common stock. Following the

Table of Contents

Spin-Off, Mr. Wadhvani and Mr. Trivedi continue to each own approximately 28% of the outstanding common stock of iGATE and to serve as Co-Chairmen of the Board of Directors of iGATE. Mr. Wadhvani and Mr. Trivedi each own approximately 28% of our outstanding common stock and serve as our Co-Chairmen.

In connection with the Spin-Off, we entered into certain agreements with iGATE, which govern the terms of the Spin-Off and define our ongoing relationship with iGATE. These agreements include, among others:

a Separation and Distribution Agreement;

a Tax Sharing Agreement;

an Employee Matters Agreement; and

a Transition Services Agreement (collectively, the Spin-Off Agreements).

The transactions with iGATE, pursuant to the Spin-Off Agreements, for the period from January 1, 2009 to December 31, 2009 were as follows:

	Dollars in thousands
Outsourcing services rendered to us by iGATE	\$ 764
Rents and reimbursable expenses incurred on our behalf by iGATE	\$ 311
<i>Separation and Distribution Agreement</i>	

The Separation and Distribution Agreement sets forth the agreement between iGATE and Mastech with respect to the principal transactions necessary to separate Mastech from iGATE as well as other agreements that govern certain aspects of iGATE's relationship with Mastech (including a prohibition on Mastech's usage of the word iGATE as part of its trade name) after the completion of the Spin-Off.

Transfer of Assets and Assumption of Liabilities

The Separation and Distribution Agreement identifies assets transferred, liabilities assumed and contracts assigned to each of iGATE and Mastech as part of the reorganization of iGATE, and describes when and how these transfers, assumptions and assignments occur. In particular, the Separation and Distribution Agreement provides that, subject to the terms and conditions contained in the Separation and Distribution Agreement:

All of the assets and liabilities (including whether accrued, contingent or otherwise) associated with the Professional Services business of iGATE will be retained by or transferred to Mastech or one of Mastech's subsidiaries.

All other assets and liabilities (including whether accrued, contingent or otherwise) of iGATE will be retained by or transferred to iGATE or one of its subsidiaries (other than us or one of our subsidiaries).

Liabilities (including whether accrued, contingent or otherwise) related to, arising out of or resulting from businesses of iGATE that were previously terminated or divested will be allocated among the parties to the extent formerly owned or managed by or associated with such parties or their respective businesses.

Edgar Filing: Mastech Holdings, Inc. - Form DEF 14A

Each party or one of its subsidiaries will assume or retain any liabilities (including under applicable federal and state securities laws) relating to, arising out of or resulting from any registration statement or similar disclosure document that offers for sale by such party any security after the separation.

Each party or one of its subsidiaries will assume or retain any liabilities (including under applicable federal and state securities laws) relating to, arising out of or resulting from any registration statement

or similar disclosure document that offers for sale any security prior to the separation to the extent such liabilities arise out of, or result from, matters related to their respective businesses.

iGATE will assume or retain any liability relating to, arising out of or resulting from any registration statement or similar disclosure document related to the separation (including Mastech's registration statement on Form 10 and the related Mastech information statement), but only to the extent such liability derives from a material misstatement or omission contained in the portions of the Mastech information statement that relate to iGATE. Mastech will assume or retain any other liability relating to, arising out of or resulting from any registration statement or similar disclosure document related to the separation (including the Form 10 and the related Mastech information statement).

Except as otherwise provided in the Separation and Distribution Agreement or any ancillary agreement, iGATE will be responsible for any costs or expenses incurred by Mastech or iGATE in connection with the separation other than costs and expenses relating to legal counsel, financial advisors and accounting advisory work incurred after the separation.

The allocation of liabilities with respect to taxes was solely covered by the Tax Sharing Agreement between iGATE and Mastech, as described below. Except as may expressly be set forth in the Separation and Distribution Agreement or any ancillary agreement, all assets will be transferred on an as is, where is basis and the respective transferees will bear the economic and legal risks that any conveyance will prove to be insufficient to vest in the transferee good title, free and clear of any security interest, that any necessary consents or governmental approvals are not obtained and that any requirements of laws or judgments are not complied with.

The Distribution

In connection with the Spin-Off, each iGATE shareholder received .06667 of a share of Mastech's common stock for every share of iGATE common stock such shareholder owned as of the record date of the Spin-Off. No fractional shares of Mastech's common stock were distributed in the distribution.

Releases and Indemnification

Except as otherwise provided in the Separation and Distribution Agreement or any ancillary agreement executed in connection with the Spin-Off, each party agreed to release and forever discharge the other party and its subsidiaries and affiliates from all liabilities existing or arising from any acts or events occurring or failing to occur or alleged to have occurred or to have failed to occur or any conditions existing or alleged to have existed on or before the Spin-Off. The releases do not extend to obligations or liabilities under any agreements between the parties that remain in effect following the Spin-Off pursuant to the Separation and Distribution Agreement or any ancillary agreement.

In addition, the Separation and Distribution Agreement provides for cross-indemnities that, except as otherwise provided in the Separation and Distribution Agreement, are principally designed to place financial responsibility for the obligations and liabilities of our business with us and financial responsibility for the obligations and liabilities of Mastech's business with Mastech. Specifically, each party will, and will cause its subsidiaries and affiliates to, indemnify, defend and hold harmless the other party, its affiliates and subsidiaries and each of its officers, directors, employees and agents for any losses arising out of or otherwise in connection with:

The liabilities each such party assumed or retained pursuant to the Separation and Distribution Agreement;

The operation of each such party's business, whether prior to or after the distribution;

Any breach by such party of the Separation and Distribution Agreement or ancillary agreement; and

Indemnification with respect to taxes will be governed solely by the Tax Sharing Agreement.

Table of Contents

Legal Matters

Except as otherwise set forth in the Separation and Distribution Agreement (or as further described below), each party to the Separation and Distribution Agreement has assumed the liability for, and control of, all pending and threatened legal matters related to its own business or assumed or retained liabilities and will indemnify the other party for any liability arising out of or resulting from such assumed legal matters. Each party to a claim will cooperate in defending any claims against the other party for events that took place prior to, on or after the date of the Spin-Off.

Insurance

Following the Spin-Off, Mastech was responsible for obtaining and maintaining its own insurance coverage and no longer is an insured party under iGATE's insurance policies, except in specified circumstances as set forth in the Transition Services Agreement.

Tax Sharing Agreement

The Tax Sharing Agreement generally governs iGATE's and Mastech's respective rights, responsibilities and obligations after the Spin-Off with respect to taxes, including ordinary course of business taxes and taxes, if any, incurred as a result of any failure of the distribution of all of Mastech's stock to qualify as a tax-free distribution for U.S. federal income tax purposes within the meaning of Section 355 of the Internal Revenue Code of 1986, as amended. Under the Tax Sharing Agreement, Mastech generally will be liable for, and indemnify iGATE and its subsidiaries against, taxes incurred as a result of the distribution of Mastech common stock not qualifying as tax-free for U.S. federal income tax purposes where such taxes do not result from certain actions undertaken by iGATE, any of iGATE's subsidiaries or any of iGATE's shareholders after such distribution. Mastech will also assume liability for and indemnify iGATE and its subsidiaries against taxes attributable to Mastech, Mastech's subsidiaries or any of Mastech's assets or operations for all tax periods. iGATE generally will be liable for and indemnify Mastech against taxes attributable to iGATE, its subsidiaries or any of its assets or operations for all tax periods other than taxes arising as a result of the Spin-Off or related transactions that are described above as payable by us. In addition, to the extent certain taxes pertaining to a period prior to the separation are not specifically attributable to Mastech or iGATE, both Mastech and iGATE will be responsible for a share of such pre-separation taxes based upon our relative profits before taxes for the relevant period.

Employee Matters Agreement

The Employee Matters Agreement allocates liabilities and responsibilities relating to employee compensation and benefit plans and programs and other related matters in connection with the separation, including the treatment of outstanding incentive awards and certain retirement and welfare benefit obligations, both in and outside of the United States. The Employee Matters Agreement also provided the manner in which outstanding iGATE stock options and restricted stock units will be treated in connection with the distribution.

Transition Services Agreement

We entered into a Transition Services Agreement with iGATE to provide for an orderly transition to being an independent company. Under the Transition Services Agreement, iGATE will provide Mastech with various services, including services relating to accounting, tax compliance, telecommunications services and information technology services.

Under the Transition Services Agreement, the cost of each transition service, for the most part, is based on either a flat fee or an allocation of the incremental cost incurred by the company providing the service. We will pay a fee to iGATE for these services, which fee is generally intended to allow iGATE to recover all of our direct and indirect costs, generally without profit. However, there are certain pre-separation joint assets that have been retained by iGATE in accordance with the Separation and Distribution Agreement. The use of such assets in

Table of Contents

conjunction with services related to such assets will be permitted to us for a limited time at no cost. The Transition Services Agreement was negotiated in the context of a parent-subsiary relationship and in the context of the separation of iGATE into two companies.

All services to be provided under the Transition Services Agreement will be provided for a specified period of time as set forth below:

Coverage under iGATE Employee Benefit Plans through December 31, 2008. Mastech has paid iGATE premiums for services and coverages under the plans in accordance with prior practices and internal costing rates. Effective January 1, 2009, all Mastech employees converted to a Mastech sponsored benefits plan. Should for any reason iGATE continue to incur costs for Mastech employees after December 31, 2008, Mastech will reimburse iGATE for actual costs incurred.

Apportionment of PeopleSoft and Oracle Licenses and related prepaid support fees: both parties intend to secure new PeopleSoft and Oracle arrangements by March 31, 2009. iGATE's incremental cost associated with the purchase of additional licenses prior to apportionment has been allocated between iGATE and us. This incremental charge to Mastech has been invoiced by iGATE and was paid by Mastech.

Access to desktop software: until 90 days after the distribution date. There was no charge to Mastech for this service.

Telecommunications services: Mastech will use iGATE's current service agreement until both parties agree otherwise and will reimburse iGATE for actual cost.

Sarbanes-Oxley compliance and financial reporting assistance: through the first anniversary of the distribution date. Mastech will reimburse iGATE for the incremental costs of this service.

As of December 31, 2009 all services in this agreement have been completed.

Transaction Between Mr. William Gorman, Former Vice President of Mastech, and Mastech Holdings, Inc.

On January 11, 2010, the Company sold its Brokerage Operations business, Global Financial Services of Nevada (GFS), to Mr. William Gorman, former Vice President of Brokerage Operations. The sale was structured as a stock purchase, for up to \$800,000 of contingent cash consideration based upon the profitability level of GFS over a three-year period ending January 11, 2013. The Stock Purchase Agreement included two-year non-competition clauses which prohibits Mastech from selling and marketing brokerage operations staffing services and GFS from selling and marketing IT staffing services.

POLICIES AND PROCEDURES FOR APPROVING RELATED PERSON TRANSACTIONS

Pursuant to the charter of the Audit Committee, all material transactions relating to related person transactions are to be approved by the Audit Committee, which is comprised of disinterested members of the Board of Directors. The spin-off was approved in a joint meeting of the Boards of iGATE and Mastech on September 4, 2008, which included all independent directors and members of the Audit Committees of both companies. The transaction with Mr. Gorman was approved by the Mastech Audit Committee on January 7, 2010.
