Preliminary Offering Memorandum

Dated April 19, 2010

Notwithstanding the above, any TELINT shares so withdrawn may be subsequently retendered in connection with the Offer at any time prior to the Expiration Date, subject to the satisfaction of the conditions set forth in Section 5(k)(ii) of this Offering Memorandum. Any question as to the form and validity (including the time of receipt) of any withdrawal notice will be decided by AMX through the Underwriter, and such decision will be final and binding. AMX may waive any right, defect or irregularity in connection with the withdrawal of any acceptance by any TELINT shareholder, depending upon its significance.

The exercise of the Withdrawal Rights will not be subject to any penalty. Any TELINT shareholder may exercise his/her Withdrawal Right in the manner prescribed in this Offering Memorandum and, particularly, in Section 5(n) hereof.

Opinion of TELINT's Board of Directors: As disclosed by TELINT on March 19, 2010, its Board of Directors, taking into consideration the independent expert opinion of Merrill Lynch, Pierce, Fenner & Smith Incorporated or its affiliates (Merrill Lynch), who was engaged by TELINT's Board of Directors, and the opinion of TELINT's Audit and Corporate Governance Committee, determined that the exchange ratio and the Purchase Price determined for purposes of the Offer are fair and reasonable from a financial perspective. For additional information, see Section 17 of this Offering Memorandum.

Opinion of TELINT's Independent Expert Advisor: As disclosed by TELINT on March 19, 2010, TELINT's Audit and Corporate Governance Committee confirmed Merrill Lynch's appointment as independent expert engaged by TELINT's Board of Directors for purposes of the issuance of an opinion as to the financial fairness of the exchange ratio and the Purchase Price proposed in connection with the Offer. Based upon the facts disclosed thereto, and the other considerations described in its opinion, a copy of which is attached hereto as Exhibit 26(b), Merrill Lynch advised TELINT's Board of Directors that the exchange ratio and the Purchase Price offered to TELINT's shareholders are reasonable. Recipients of this Offering Memorandum are advised to review Exhibit 26(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

Opinion of AMX's Financial Advisor, and Independent Expert for Mexican law purposes: On January 13, 2010, AMX's Board of Directors issued a favorable opinion with respect to the commencement of the Offer by AMX, and resolved, among other things, to authorize AMX to retain a financial advisor as independent expert for purposes of the Offer (and also to act as independent expert for purposes of, and in accordance with, Mexican law). On February 9, 2010, AMX's Audit and Corporate Governance Committee issued a favorable opinion with respect to the commencement of the Offer by AMX. Likewise, it resolved, among other things, to ratify the appointment of Credit Suisse Securities (USA) LLC (Credit Suisse). Said appointment was approved by AMX's Board of Directors on January 13, 2010. In connection with the Offer, Credit Suisse was requested (in its capacity as independent expert advisor engaged by AMX's Board of Directors, in accordance with, and for purposes of, Mexican law) to issue for the information of AMX's Board of Directors its opinion, from a financial perspective, as to the financial fairness of the consideration, in cash or in AMX Shares, offered by AMX to TELINT's shareholders in connection with the Offer. On March 9, 2010, Credit Suisse issued its opinion to AMX Board of Directors, stating that, as of the date thereto and, based upon the facts disclosed therein, and on other considerations included therein, a copy of which is attached hereto as Exhibit 26(a), the consideration, in cash or in AMX Shares offered to TELINT's shareholders is reasonable from a financial perspective to AMX. The opinion was issued solely for the information of AMX's Board of Directors for purposes of evaluating the Offer from a financial perspective and not for the benefit of shareholders and is subject to several presumptions, qualifications, limitations and considerations. The opinion does not deal in any way with other aspects of the Offer, and does not purport to be a recommendation, and shall not be understood as a recommendation to the shareholders in connection with their participation in the Offer or any other matter.

Cancellation of Registration: Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends to purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with Mexico's National Securities Registry (*RNV Nacional de Valores*) (RNV) and their registration for trading on the Mexican Stock Exchange (*Bolsa Mexicana de Valores, S.A.B. de C.V.*) (BMV), subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. Contingent upon the outcome of the Offer, following the consummation thereof and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

Edgar Filing: Telmex Internacional, S.A.B. de C.V. - Form 425

Tax Considerations: The sale of the TELINT Shares to AMX, and the concurrent subscription of the Series L shares of stock of AMX, are subject to the provisions contained in Articles 60, 109(XXVI) and 190 of Mexico's Income Tax Law and other applicable tax laws. The summary of tax considerations included in this Offering Memorandum does not purport to contain a complete or detailed description of the Mexican tax provisions applicable to TELINT's shareholders. In addition, such summary may not be applicable to certain shareholders in light of their particular circumstances. Accordingly, TELINT's shareholders are advised to consult with their own independent tax experts as to the tax consequences associated with their participation in the Offer, including those arising as a result of their particular circumstances.

Prospective Participants: The Offer is extensive to all holders of TELINT's Series A and Series L shares as of the last day of the Offering Period. Section 5(k) of this Offering Memorandum establishes the procedure in accordance with which the holders of TELINT's Series AA shares will be able to participate in the Offer.

Use of Proceeds: N/a.

Depository: Indeval.

Over-allotment Options: None.

Other Transactions: Concurrently with the Offer, AMX intends to commence the TELECOM Offer and a tender offer to purchase in the United States the Series A and Series L shares currently placed therein, including any securities representing such shares, in substantially the same terms as in the Offer, subject to the applicable U.S. laws.

AMX Shares: The shares being offered by AMX in exchange for the TELECOM Shares, in lieu of the purchase price in cash, in connection with the Offer, consist of Series L limited-voting shares of the capital stock AMX. See sections 15 and 16 of this Offering Memorandum.

Preliminary Offering Memorandum

Dated April 19, 2010

S. Is there any agreement regarding the participation of TELINT's former controlling shareholders in the Offer?

AMX did not enter into any arrangement or agreement with any other buyer or any shareholder or director of TELINT prior to the announcement of the Offer.

On March 19, 2010, TELECOM's Board of Directors resolved that TELECOM will not participate in the purchase and subscription offer extended to TELINT's shareholders by AMX. On the other hand, and as TELECOM announced on March 19, 2010, those members of TELECOM's Board of Directors who are also TELECOM shareholders, revealed their decision, as well as their related parties' decision, to participate in the TELECOM Offer.

Based upon Merrill Lynch's opinion as independent expert advisor engaged by TELINT's Board of Directors, and the opinion of TELINT's Audit and Corporate Governance Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, TELINT's Board of Directors determined that such financial ratio and Purchase Price are reasonable.

In addition, all members of TELINT's Board of Directors holding TELINT Shares, have informed AMX that they and their related parties intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. To the best of AMX's knowledge, TELINT's Chief Executive Officer, Mr. Oscan Von Hauske, does not hold any TELINT Shares.

For additional information regarding the opinion of TELINT's Board of Directors, see Section 17 of this Offering Memorandum.

T. If I properly tender my TELINT Shares within the Offering Period, will they all be accepted?

Yes.

U. Will the Offer be consummated if AMX acquires only a small portion of the TELINT Shares?

Yes. The Offer will be consummated regardless of the number of TELINT Shares acquired by AMX.

V. Who is the Underwriter, and what is the Indeval account number where my TELINT Shares must be deposited?

The Underwriter is Inversora Bursátil, S.A. de C.V., Casa de Bolsa, Grupo Financiero Inbursa. Its account number at Indeval is 2501, which is referred to herein as the Global Account.

W. How can I participate in the Offer if my TELINT Shares are held through a Custodian?

You must instruct your Custodian, in writing within the Offering Period, to transfer your TELINT Shares to the Global Account not later than by 4:00 p.m., Mexico City time, on the Expiration Date. For additional information, see Section 5(j) of this Offering Memorandum.

X. What should I do if I wish to sell a portion but not all of my TELINT Shares in connection with the Offer?

If you wish to participate in the Offer with only a portion of your TELINT interest, you must inform your Custodian of the number of TELINT Shares to be transferred to the Global Account in accordance with the procedure described in Section 5(k) of this Offering Memorandum. You will remain the owner of any TELINT Shares not tendered in connection with the Offer.

Y. Can I withdraw any TELINT Shares previously tendered and, if so, until when?

Yes. Any shareholder who may have accepted the Offer will have the right to withdraw his/her acceptance at any time prior to the Expiration Date, including as a result of any relevant change in the terms of the Offer. For additional information thereon, see Section 5(n) of this Offering Memorandum.

Z. How can I withdraw any TELINT Shares previously tendered?

To withdraw any TELINT Shares previously tendered, you will be required to give written notice of such withdrawal to your Custodian prior to 4:00 p.m., Mexico city time, on the Expiration Date.

AA. Is the consummation of the Offer subject to any condition?

Yes. The Offer is subject to various conditions, as described in Section 8 of this Offering Memorandum. Such conditions include, among others, the receipt of certain corporate and regulatory approvals, some of which have been heretofore obtained by AMX and/or TELINT. Among other things, the Offer is conditioned upon the successful acquisition by AMX of at least 51% (fifty one percent) of the shares of stock of TELECOM in connection with the TELECOM Offer; provided, that AMX will only invoke such condition upon TELECOM's shareholders becoming subject to any regulatory or other restriction precluding their participation in the Offer; and provided, further, that the satisfaction of such condition will not be subject to the sole discretion of TELECOM's shareholders. In addition, the TELECOM Offer is conditioned upon the absence of any legal or other restriction precluding TELINT's shareholders' ability to participate in the TELECOM Offer. In the event that the conditions set forth in this Offering Memorandum are not met and/or waived by AMX, the Offer shall have no legal effect whatsoever.

BB. Will TELINT remain a public company following the consummation of the Offer?

Assuming that TELINT's shareholders will elect to tender their shares in connection with the Offer, AMX intends purchase up to 100% (one hundred percent) of the TELINT Shares and may file a petition to cancel the registration of such shares with the RNV and the BMV, subject to the consent of at least 95% (ninety five percent) of TELINT's shareholders. Contingent upon the outcome of the Offer, and subject to the satisfaction of all the conditions set forth in the applicable laws to ensure the protection of the public's interests, and the approval of the requisite corporate actions, AMX intends to file with the CNBV a petition to cancel the registration of the TELINT Shares with the RNV and the BMV, so that such shares will no longer trade therein.

In any event, AMX will observe all applicable legal provisions to ensure the protection of the public's interests and the market generally, as required by the LMV.

AMX cannot determine at this time whether the TELINT Shares will remain registered with the RNV and listed for trading on the BMV, as such determination is contingent upon, among other things, the outcome of the Offer. For additional information, see Section 18 of this Offering Memorandum.

A copy of such opinion is attached to this Offering Memorandum as Exhibit 26(b). Recipients of this Offering Memorandum are advised to review Exhibit 26(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

In addition, AMX's Audit and Corporate Governance Committee resolved to retain Credit Suisse as independent expert advisor engaged by AMX's Board of Directors (for purposes of, and in accordance with, Mexican law), as described further in Section 9 of this Offering Memorandum.

FF. Has TELINT's Board of Directors issued any opinion in connection with the Offer?

As disclosed by TELINT on March 19, 2010, based upon Merrill Lynch's opinion as independent expert advisor to TELINT's Board of Directors, and the opinion of TELINT's Audit and Corporate Governance Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, TELINT's Board of Directors determined that such financial ratio is reasonable from a financial perspective.

HH. Should I participate in the Offer, or would I be better off holding on to my TELINT Shares?

Each investor must make his/her own decision as to how to his/her TELINT Shares in light of his/her particular situation and publicly available information.

II. Will AMX create a trust to subsequently purchase any TELINT Shares not acquired in connection with the Offer?

The creation of the Trust (as such term is defined in this Offering Memorandum) referred to in Article 108(I)(c) of the LMV and Section 18 of this Offering Memorandum, and the transfer thereto of a number of Series L shares of AMX sufficient to exchange any TELINT Shares not purchased by AMX in connection with the Offer, is contingent upon, among other things, the outcome of the Offer. Accordingly, AMX cannot guarantee that such a trust will be established. For additional information, see sections 17 and 19 of this Offering Memorandum.

JJ. If a trust is established, would the exchange ratio remain the same as in the Offer?

Yes. If the Trust is established, AMX will transfer thereto a number of Series L shares sufficient to acquire the TELINT shares, based upon the same exchange ratio used in connection with the Offer, which is 0.373 Series L shares of AMX or Ps.11.66 for each TELINT share.

KK. What consequences will I suffer if I forget or decide not to participate in the Offer, or if my Custodian does not transfer my TELINT Shares to the Global Account prior to the Expiration Date?

You will retain your TELINT Shares. The market for the TELINT Shares not tendered in connection with the Offer may be less liquid than the market for such shares prior to the Offer, and the market value of such shares could be significantly lower than their value prior to the Expiration Date, particularly if the TELECOM Shares are effectively cancelled with the RNV and delisted from the BMV.

LL. What are the tax implications of the sale of my TELINT Shares in connection with the Offer?

The sale of the TELINT shares to AMX and the concurrent subscription of the Series L shares of stock of AMX, are subject to the provisions contained in Articles 60, 109(XXVI) and 190 of Mexico's Income Tax Law and other applicable tax laws. According to TELINT's Annual Report, TELINT's capital is represented by Series A shares, Series AA shares, and Series L shares, no par value. All such shares are fully subscribed and paid-in. The Series AA and Series A shares are full-voting shares. Holders of the Series L shares are entitled to vote only with respect to certain limited matters. All series of shares carry identical rights except for the ownership restrictions imposed by the Series AA shares, which cannot be held by non-Mexican nationals. The Series AA must represent at all times at least 51% of the aggregate number of Series AA and Series A shares, and in accordance with TELINT's bylaws may only be acquired by Mexican investors.

According to TELINT's Annual Report, each Series AA and Series A share can be converted into a Series L share at the election of its holder, so long as the Series AA shares represent not less than 20% of the outstanding shares of stock or 51% of the aggregate number of Series AA and Series A shares. As of December 31, 2008, the Series AA shares represented 44.29% of the outstanding shares of stock and 95.13% of the aggregate number of Series AA and Series A shares.

In addition, according to TELINT's Annual Report, TELINT has American Depositary Shares (ADSs) outstanding. Each ADS represents 20 Series A or 20 Series L shares and are listed for trading on NASDAQ and the NYSE, respectively. TELINT's Series L shares are also listed for trading on Spain's Exchange for Latin American Securities (*Mercado de Valores Latinoamericanos*, or LATIBEX), whose operating currency is the euro.

4. RELATIONSHIP BETWEEN AMX AND THE ISSUER

AMX was organized in September 2000, as a result of a spin-off of TELMEX.

According to TELINT's Annual Report, the Issuer was also organized as a result of a spin-off of TELMEX on December 26, 2007.

In the normal course of business, AMX enters into a number of contractual relationships with TELMEX, TELINT and their respective subsidiaries, including some foreign subsidiaries.

According to the beneficial ownership reports filed with the SEC, TELINT and AMX may for certain purposes be deemed to have certain common directors.

According to TELINT's Annual Report, through its subsidiaries in Brazil, Colombia, Argentina, Chile, Peru and Ecuador, TELINT provides a wide range of telecommunications services, including voice, data and video transmission, Internet access and integrated telecommunications solutions; pay cable and satellite television; and print and Internet-based yellow pages directories in Mexico, the United States, Argentina and Peru.

For additional information regarding TELINT's services, see Section 4 of TELINT's Annual Report. For additional information regarding AMX's business and principal shareholders, see sections 4 and 7 of AMX's Annual Report, respectively.

Given that AMX and TELINT provide telecommunication services in some of the same regions, they maintain close business relations with each other. These relations include network interconnections, facility sharing arrangements, private circuit usage, the provision of long-distance services to AMX's subscribers, and the provision of various services to AMX. These relations are governed by a vast number and array of contracts, the most important of which relate to AMX's operating subsidiaries in Brazil and EMBRATEL (a TELINT subsidiary engaged in the provision of fixed-line telephony services). Many of these contracts are also subject to telecommunications industry-specific laws. The terms of these contracts are similar to those governing each such company's relations with unrelated third parties. All these relations are of material significance to AMX's financial performance.

For additional information concerning AMX's and TELINT's operations, see Section 7 Principal Shareholders and Related Party Transactions, of AMX's Annual Report.

As of the date hereof, AMX does not have any equity interest in TELINT.

Mr. Rayford Wilkins, Jr. serves as a director for both of AMX and TELINT.

AMX and TELINT have not entered into any agreement or arrangement in connection with the Offer. However, on January 13, 2010, AMX informed TELINT's Board of Directors of its decision to commence the procedure towards the completion of the Offer and requested TELINT's authorization in connection therewith pursuant to Article Twelve of TELINT's bylaws.

In addition, on January 14, 2010, the secretary of TELINT's Board of Directors informed AMX that all of TELINT's directors had acknowledge receipt of AMX's notice of its decision to commence the procedure towards the completion of the Offer and had resolved to authorize the Offer in accordance with Article Twelve of TELINT's bylaws. For additional information regarding the actions taken in anticipation of the Offer, see Section 9 of this Offering Memorandum.

For additional information regarding TELECOM and TELMEX, see Exhibits 26(h) and 26(i) of this Offering Memorandum.

The percentage of AMX's capital to be subscribed in connection with the Offer is approximately [8.2]% ([eight point two] percent) of the shares outstanding as of the date hereof. The Offer does not include an over-allotment option.

e. Purchase Price and Basis for the Determination Thereof

Basis for Determination

The purchase price was determined based upon market prices. AMX is offering to purchase up to 100% (one hundred percent) of the outstanding shares of TELINT, provided that each TELINT shareholder may elect to receive (i) AMX Shares, or (ii) the Purchase Price in cash.

Those TELINT's shareholders who may decide to participate in the offer may elect to receive (i) 0.373 AMX Shares in exchange for each TELINT Share, it being understood that the AMX Shares are not subject and shall not be deemed subject to the Offer but shall be deemed to constitute an integral element of the Offer, or (ii) the Purchase Price, or Ps.11.66 in cash per TELINT Share.

The financial terms for the Offer were determined based upon the average closing price of the AMX Shares, the Series L TELINT Shares and the Series L TELMEX Shares (the TMX Shares) during the 10 (ten) trading-day period immediately preceding AMX's announcement of its intent to commence the procedure towards the completion of the Offer, which period ended January 12, 2010 (the Valuation Period). The price per share so determined is referred to herein the Average Price for the Valuation Period.

In particular, in the Offer (1) the price per share is equal to the Average Price for the Valuation Period of each Series L TELINT Share, and (2) the value of the shares to be subscribed is equal to the Average Price for the Valuation Period of each Series L TELINT Share, divided by the Average Price for the Valuation Period of each AMX Share.

The price of the TELECOM Shares for purposes of the TELECOM Offer was determined based upon the market value of TELECOM's primary assets, which consist of the TMX Shares and the TELINT Shares, and its net debt, which as of December 31, 2009, amounted to approximately 22 billion Pesos.

The above was determined based upon market prices. AMX determined the exchange ratio in connection with the Offer based upon the average of the closing prices of the AMX Shares and the Series L TELINT Shares during the 10 trading-day period immediately preceding AMX's announcement of its intent to conduct the Offers, which period ended January 12, 2010. The determination as of January 12, 2010, took into

consideration the following:

Average price per TELINT Share/average price per AMX Share = exchange ratio

Table of Contents

[THIS ENGLISH TRANSLATION IS PROVIDED FOR CONVENIENCE PURPOSES ONLY. IN THE EVENT OF CONFLICT BETWEEN THE ENGLISH AND SPANISH VERSIONS OF THIS INFORMATION MEMORANDUM, THE SPANISH VERSION WILL PREVAIL.]

Preliminary Offering Memorandum

Dated April 19, 2010

Average price per TELINT Share = Purchase Price

Approximate prices as of January 12, 2010:

Average price per TELINT Share during the 10 trading day period preceding the announcement of the Offer = Ps.11.66

Average price per AMX Share = Ps.31.25800 during the previous 10-trading day period

Exchange ratio = 0.373

Purchase Price = Ps.11.66

Premium

There is no premium payable on either the purchase price of the TELINT Shares or the subscription price of the AMX Shares in connection with the Offer. Payment of any such premium would be in violation of the applicable Mexican laws. In addition, the price/net income ratio represented by the Purchase Price for the TELINT Shares is higher than the price/net income of the AMX Shares.

AMX represents under penalty of perjury that it will not make any payment other than the consideration described in this Offering Memorandum, and that it has not undertaken any commitment or affirmative or negative covenant pursuant to Article 100 of the LMV, for the benefit of either the Issuer or the holders of the securities it intends to purchase in connection with the Offer.

Cancellation of Registration

Subject to the satisfaction of the applicable legal requirements, AMX intends to cancel the registration of the TELINT Shares and the TELECOM Shares with the RNV. See Section 17 Maintenance or Cancellation of the Registration.

Pursuant to the procedure set forth to such effect in Article 108(I)(b) of the LMV, the reference price for purposes of the cancellation of the registration will be the highest of the weighted average price per share during the 30 trading-day period immediately preceding the Offer, and the book value per TELECOM Share or TELINT Share, as the case may be.

Although Mexican law does not permit price distinctions among the different series of stock of an issuer, AMX has only taken into consideration the price of the Series L shares of each of Telmex and TELINT, with the exclusion of any other series of stock thereof, because the Series L shares of each of Telmex and TELINT are the most liquid among all the series of stock thereof. In addition, TELINT's Series AA shares are not publicly traded, and its Series A shares account for less than 2% of the aggregate number of shares outstanding, are traded infrequently, and have limited or no liquidity as with respect to its Series L shares. As a matter of fact, the BMV's Price and Quotations Index includes only the Series L shares and not the shares of any other series of stock.

The exchange ratio for purposes of the Offer and the TELECOM Offer has been determined by AMX based upon the above methodology and not pursuant to Article 108(I)(b) of the LMV, considering:

The Public Interest: The basis for the determination of the exchange ratio in the Offer and the TELECOM Offer fully ensures the protection of the public's interest;

Table of Contents

[THIS ENGLISH TRANSLATION IS PROVIDED FOR CONVENIENCE PURPOSES ONLY. IN THE EVENT OF CONFLICT BETWEEN THE ENGLISH AND SPANISH VERSIONS OF THIS INFORMATION MEMORANDUM, THE SPANISH VERSION WILL PREVAIL.]

Preliminary Offering Memorandum

Dated April 19, 2010

Liquidity Factors: the exchange ratio is justified by the fact that it takes into consideration the price of the more liquid Series L shares of each of Telmex and TELINT;

Corporate Approvals: The exchange ratio has been approved by the boards of directors of AMX, TELINT and TELECOM;

Confirmation: The Purchase Price of Ps.11.66 will be ratified by TELINT's Board of Directors and Audit and Corporate Governance Committee, and by TELINT's shareholders upon approval of the cancellation of the registration of the TELINT Shares subject to its authorization by the CNBV;

Improvement Over the Statutory Ratio: The exchange ratio, as determined by AMX taking into consideration the date of announcement of its intention to commence the Offer, is higher than the product obtained from the application of the methodology set forth in the LMV. The two benchmarks referred to in Article 108 of the LMV, i.e., the book value per share according to the financial statements published prior to the Offer, and the average trading price prior to the announcement of the Offer by AMX's Board of Directors, are both lower than the exchange ratio;

Uncertainty: The commencement of the exclusion offer, as the case may be, is uncertain. See Section 17 of this Offering Memorandum, Maintenance or Cancellation of the Registration .

As described above, subject to the satisfaction of the applicable requirements AMX intends to cancel the registration of the TELINT Shares and the TELECOM Shares with the RNV. Such cancellation is subordinated to the primary purpose of the Offer and the TELECOM Offer, which is for AMX to acquire up to 100% (one hundred percent) of the outstanding shares of TELINT and TELECOM. In other words, in conducting the Offer and the TELINT Offer AMX does not primarily seek to obtain the cancellation of the registration of the TELECOM Shares and the TELINT Shares with the RNV, and such cancellation will be a consequence of the acquisition of the TELECOM Shares and the TELINT Shares by AMX and will be subject to the satisfaction of all applicable legal requirements and the receipt of all the requisite corporate approvals. By way of example, if the cancellation of the registration of the TELINT Shares is approved by the affirmative vote of the holders of 95% (ninety five percent) of the TELINT Shares but the purchase price payable in respect of the remaining TELINT Shares is less than 300,000 UDIs, TELINT would be required to establish a trust to purchase such shares in accordance with the applicable law.

f. Aggregate Amount of the Offer

It will depend upon the number of purchased shares and up to 2,638,509,332 Series L shares, representing AMX capital stock which are currently held as treasury shares, assuming TELECOM will no participate in the Offer, as it has announced, and the remaining TELINT shareholders elect to receive AMX's Series L shares; and up to approximately Ps.82.5 billion, assuming TELECOM will no participate in the Offer, as it has announced, and the remaining TELINT shareholders elect to receive cash.

g. Recent Price/Book Value Multiples

2.19x the TELINT's book value per share, or its majority stockholders' equity as of December 31, 2009.

h. Recent Price/Net Income Multiples

23.07x the Issuer's majority net income according to its income statement as of December 31, 2009.

i. Market Multiples

The offering price is equal to 1.02x the closing price of Ps.11.40 per TELINT Share on the BMV on January 13, 2010.

On January 13, 2010, all members of the Board of Directors of AMX, with the exception of Messrs. Patrick Slim Domit and Daniel Hajj Aboumrada, who abstained from voting thereon but accepted the outcome of the voting proceedings, adopted, among others, the following resolutions:

It is hereby resolved to commence the procedures towards the potential completion of two voluntary, simultaneous and conditional public purchase and concurrent subscription offers, the first such offer for up to all of the shares of stock of Carso Global Telecom, S.A.B. de C.V., and the second such offer for up to all of the outstanding shares of stock of Telmex Internacional, S.A.B. de C.V. not presently held by Carso Global Telecom, S.A.B. de C.V., and to approve Mr. García Moreno's proposal to retain a recognized investment banking institution as independent expert advisor for purposes of the issuance of an opinion as to the fairness of the proposed exchange ratio for the purchase and concurrent subscription of shares in connection with the aforementioned offers. The above, in order to provide the shareholders of the aforementioned entities with additional elements based upon which to make a decision with respect to such offers.

Among other things, both offers will be conditioned upon the receipt of all the requisite governmental, corporate and third-party approvals, and to their concurrent closing and settlement. In addition, the voluntary purchase of the shares of stock of Telmex Internacional, S.A.B. de C.V. will be conditioned upon the successful acquisition of not less than 51% of the shares of stock of Carso Global Telecom, S.A.B. de C.V. The aforementioned transactions will be structured as efficiently as practicable, taking into consideration, among other things, various corporate, tax and regulatory considerations.

It is hereby resolved to authorize the secretary of the Board of Directors to call one or more shareholders' meetings to approve all the necessary procedures and amendments to the bylaws so as to implement the exchange and/or conversion of shares entailed by the offers described in the immediately preceding resolution, and to publish any and all necessary notices to such effect. The above, on the understanding that such shareholders' meetings will consider, among other things, the confirmation of the transactions hereby approved, and any necessary amendments to the bylaws, including, among others, the amendment of the Company's nationality clause.

It is hereby resolved to authorize the Company, through its officers and/or legal representatives and/or the secretary of the Board of Directors, to give notice of its intent to purchase the aforementioned shares through a public purchase and concurrent subscription offer, in the terms set forth herein, to the shareholders and/or boards of directors of Carso Global Telecom, S.A.B. de C.V. and Telmex Internacional, S.A.B. de C.V., respectively.

9. ARRANGEMENTS PREDATING THE OFFER

a. Preliminary Discussions and Analysis

In November 2009, the chief executive officers of AMX and TELINT, Messrs. Daniel Hajj and Oscar Von Hauske, respectively, began discussing a potential arrangement for the joint provision of telecommunications services to their customers in Brazil in order to match the offerings available from their competitors in the integrated fixed-line and wireless telephony sector. Subsequent discussions between Messrs. Hajj and Von Hauske expanded to include other potential synergies or business opportunities, not only in Brazil but in some of the other countries in which both companies operate.

The preliminary discussions led to a series of meetings in late December 2009. Such meetings were held as part of the ongoing quest for business opportunities to maximize the use of the 3G technology developed by AMX in the region, and to provide converging services based upon the technologies implemented by both AMX and TELINT. These meetings in turn led to a more comprehensive approach towards the integration of services, including through the potential merger or overall reorganization of some of their operating companies in the region, including those in Brazil and Colombia.

In early January 2010, Mr. Daniel Hajj began discussing with the Slim Family and other TELECOM's directors the possibility of combining the operations of AMX, TELECOM and TELINT, in lieu of a more limited merger or combination of some of AMX's and TELINT's operating subsidiaries. These discussions led to the conclusion that such a combination would provide the shareholders of both companies not only with an integrated service but also with significant long-term synergies among AMX's and TELINT's business operations, licenses, infrastructure and managements in various Latin American countries. They developed a proposal pursuant to which AMX would offer shares of its capital stock as consideration in connection with any such transaction, based upon an exchange ratio that would take into consideration the relative market prices of each of AMX's and TELINT's Series L shares, given their high market liquidity. As with respect to TELECOM, they discussed the possibility of using the market price of the Series L shares of each of AMX, TELINT and TELMEX, and TELECOM's net debt.

Following the aforementioned discussions, in early January 2010, Messrs. Hajj and Von Hauske, together with certain members of the Slim Family and TELECOM directors, concluded that the proposed combination should be analyzed from a corporate and regulatory standpoint in order to submit a formal proposal for its consideration by AMX's Board of Directors. Such conclusion was based, among other things, on (i) the fact that the evolution in the telecommunications industry has led to the existence of concurrent technological platforms for voice, data and video streaming services, (ii) the recent development in terms of applications, functionalities and equipment, (iii) the increased demand for services in Latin America, (iv) the advantages derived from offering integrated communication services in the region, regardless of the platform of origin of such services, and (v) the opportunity to create long-term synergies.

Over the weekend of January 9 and 10, 2010, Mr. Hajj contacted several of AMX's executive officers, principal shareholders and outside counsel, and the Slim Family, to discuss the viability and potential structure of such a business combination. He also contacted certain representatives of AT&T, which is one of TELINT's and AMX's principal shareholders, to inform such shareholder of AMX's plans in connection with the proposed transaction. Over the same weekend, the General Counsel and Secretary of the Board of Directors of AMX, Mr. Alejandro Cantú Jiménez, and the company's outside counsel, discussed and devised a preliminary structure for the proposed combination. On January 11, 2010, a working group comprised by various executive offices and advisors informed Mr. Hajj that the preferred structure for such combination would be a concurrent purchase and subscription offer targeted towards TELECOM's and TELINT's shareholders, given that any merger or other alternatives to achieve such combination would under Mexican law give rise to adverse tax consequences and involve cumbersome regulatory approval processes in Mexico and the rest of Latin America.

Preliminary Offering Memorandum

Dated April 19, 2010

Over the course of the following week, AMX's Executive Director of Administration and Finance, Mr. Carlos García Moreno, and Mr. Cantú, held numerous telephone conferences and meetings with AMX's outside counsel and tax advisors, and with its financial advisor, Grupo Financiero Inbursa, S.A.B. de C.V. They further met and held several discussions with various representatives of AT&T, Inc., regarding the proposed combination.

The meeting of the Board of Directors took place as scheduled, on January 13. In attendance thereat were Messrs. García Moreno, Cantú Jiménez, as well as various representatives of Grupo Financiero Inbursa, S.A.B. de C.V., its financial advisor. Mr. Hajj submitted the proposed combination to the Board of Directors for its approval, which moved to authorize the company's executive officers to initiate the processes leading to the possible completion of proceed with the transaction in the proposed terms. The Board of Directors' decision was unanimous, except that Messrs. Hajj and Patrick Slim Domit abstained from voting thereon to avoid any appearance of a conflict of interests, but were nevertheless in agreement with the resolution adopted by the remaining directors.

Immediately after the board meeting, AMX issued a notice of disclosure of the occurrence of a relevant event and announced its intention to conduct the Offer and the TELINT Offer. On the same date, AMX delivered a letter to each member of TELECOM's and TELINT's boards, requesting their authorization for AMX to commence the process towards the consummation of the Offer and the TELINT Offer, as required by Article Twelve of TELINT's bylaws and Article Thirteen of TELECOM's bylaws. Such letters contained all the additional information required to be disclosed to any person interested in the acquisition of 10% (ten percent) or more of the issued and outstanding shares of stock of TELECOM and TELINT, in accordance with their respective bylaws.

b. Approval by AMX's Board of Directors

As mentioned in subsection (a) above, on January 13, 2010, the members of AMX's Board of Directors resolved, by unanimous consent, to commence the process towards the consummation of the Offer in the terms set forth below, which terms were disclosed to the public and the Board of Directors of TELECOM:

Pursuant to Article 48 of the LMV and Article 130 of the General Corporations Law, Article Twelve of TELINT's bylaws incorporates protections against the acquisition, directly or indirectly, of a controlling ownership position in TELINT by any shareholder, group of related shareholders acting in concert, or third party. Pursuant to such provisions, any acquisition of TELINT's shares or other securities the underlying instruments of which are TELINT Shares or any rights thereto, representing 10% (ten percent) or more of TELINT's voting capital, in a single transaction or a series of successive transactions, is subject to the prior approval of TELINT's Board of Directors.

Any person or group of persons intending to acquire 10% (ten percent) or more of the outstanding voting shares of TELINT, must request in writing the aforementioned authorization to the Chairman and the Secretary of TELINT's Board of Directors.

If the Board of Directors declines such request, it must designate one or more buyers, and such buyers will be required to pay to the seller the most recent price reported by the BMV. In addition, TELINT's bylaws provide that for so long as TELINT's shares are registered with the RNV, any such transaction carried out through the BMV will be subject, in addition, to the provisions contained in the LMV or any resolution issued by the CNBV.

TELINT's bylaws further provide that in the event of any acquisition required to be made through a tender offer in terms of the LMV, the prospective buyer must (i) satisfy all applicable legal requirements, (ii) obtain all the requisite regulatory approvals, and (iii) secure the Board of Directors' authorization prior to the commencement of the applicable offering period. In any event, any person intending to acquire 10% (ten percent) or more of TELINT's capital stock must disclose any action taken thereby to secure the authorization of the Board of Directors in accordance with TELINT's bylaws.

e. Engagement of AMX's Financial Advisor and Independent Expert for Mexican law purposes

On February 9, 2010, AMX's Audit and Corporate Governance Committee issued a favorable opinion with respect to the commencement of the Offer by AMX. Likewise, it resolved, among other things, to ratify the appointment of Credit Suisse. Said appointment was approved by AMX's Board of Directors on January 13, 2010. In connection with the Offer, Credit Suisse was requested (in its capacity as independent expert advisor engaged by AMX's Board of Directors, in accordance with, and for purposes of, Mexican law) to issue for the information of AMX's Board of Directors its opinion, from a financial perspective, as to the financial fairness of the consideration, in cash or in AMX Shares, offered by AMX to TELINT's shareholders in connection with the Offer.

f. Opinion of AMX's Financial Advisor and Independent Expert for Mexican law purposes

During the meeting of the Board of Directors of AMX held on March 9, 2010, Credit Suisse issued its opinion to AMX's Board of Directors, stating that, as of the date thereto and, based upon the facts disclosed therein, and on other considerations included therein, a copy of which is attached hereto as Exhibit 26(a), the consideration in cash or in AMX Shares offered to TELINT's shareholders is reasonable from a financial perspective to AMX. The opinion was issued solely for the information of AMX's Board of Directors for purposes of evaluating the Offer from a financial perspective and not for the benefit of shareholders and is subject to several presumptions, qualifications, limitations and considerations. The opinion does not deal in any way with other aspects of the Offer, and does not purport to be a recommendation, and shall not be understood as a recommendation to the shareholders in connection with their participation in the Offer or any other matter.

g. Opinion of the Independent Expert Retained by TELINT's Audit and Corporate Governance Committee

As disclosed by TELINT on March 19, 2010, TELINT's Audit and Corporate Governance Committee confirmed Merrill Lynch's appointment as independent expert advisor engaged by TELINT's Board of Directors for purposes of the issuance of an opinion as to the financial fairness of the exchange ratio and the Purchase Price proposed in connection with the Offer. Based upon the facts disclosed thereto, and the other considerations described in its opinion, a copy of which is attached hereto as Exhibit 23(b), Merrill Lynch advised TELINT's Board of Directors that the exchange ratio and the Purchase Price offered to TELINT's shareholders are reasonable from a financial perspective. Recipients of this Offering Memorandum are advised to review Exhibit 26(b) hereto to fully understand such opinion, including the facts upon which it is based and any qualifications thereto.

h. Approval by TELINT's Board of Directors

As disclosed by TELINT on March 19, 2010, pursuant to Article 101 of the LMV its Board of Directors, taking into consideration Merrill Lynch's independent expert opinion and the opinion of TELINT's Audit and Corporate Governance Committee, both to the effect that the exchange ratio and the Purchase Price offered by AMX in connection with the Offer are justified from a financial perspective and, accordingly, are fair to TELINT's shareholders, determined that the exchange ratio and the Purchase Price for purposes of the Offer are fair and reasonable from a financial perspective.

In addition, pursuant to Article 101 of the LMV, all members of TELINT's Board of Directors holding TELINT Shares, have informed AMX that they intend to participate in the Offer in the terms proposed by AMX, assuming that the economic situation and market conditions remain stable. TELINT's Chief Executive Officer, Mr. Oscar Von Hauske, does not hold any TELINT Shares.

Finally, the members of TELINT's Board of Directors indicated that, notwithstanding the fact that in their opinion they have no conflicts of interests in connection with the Offer, in order to avoid any potential perception as to the existence of any such conflict Messrs. Arturo Elías Ayub and Carlos Slim Domit decided to abstain from participating in any discussion with respect to the Offer, but were nevertheless in agreement with the resolution adopted by the remaining directors.

Preliminary Offering Memorandum

11. PURPOSE AND FUTURE PLANS

Primary Purpose

The primary purpose of the Offer is for AMX to acquire all of the outstanding shares of stock of TELECOM available in the open market, and for TELECOM's participating shareholders to subscribe AMX Shares.

Consolidation of Operations and Creation of Synergies between AMX and TELINT

The purpose of the Offer and the TELECOM Offer is for AMX to acquire, directly or indirectly, substantially all of the outstanding shares of stock of TELINT and TELECOM, so as to integrate AMX's wireless communication services with TELINT's voice, data and video transmission, Internet access and other telecommunications services in Brazil, Colombia and certain Latin American countries where both AMX and TELINT currently operate. AMX believes that the evolution of the telecommunications industry in the past few years has resulted in the development of integrated technological platforms capable of providing combined voice, data and video transmission services. This circumstance, coupled with the most recent advances in applications, functionalities and equipment, points towards an exponential increase in the demand for data services throughout Latin America. AMX believes that the proposed business combination would enable it to provide integrated communication services to its customers in the two companies' operating regions, regardless of their platform of origin at any given time.

AMX and TELINT have significant operations in seven countries. AMX provides wireless voice and data services in each such country. The following table contains a description of the services offered by TELINT in each such country:

* Through its subsidiaries, TELINT offers double- and triple-play services in Brazil, Chile, Colombia, Peru and Ecuador. TELINT also offers double-play services in Argentina.

AMX anticipates that upon completion of the Offer and the TELECOM Offer it will be able to create synergies and opportunities for growth throughout Latin America and, particularly, in these seven countries. The proposed business combination will facilitate the use of the operating companies' networks, information systems, management and personnel, and will enable them to provide more universally integrated services to

their customers. AMX expects that the combined entity will enjoy of a strengthened position towards the major suppliers and will be better able to implement new technologies.

AMX has identified several areas where it may develop specific plans in terms of its consolidation and the creation of synergies: (1) operations, networking and IT; (2) legal, taxation and finance; (3) marketing and distribution; and (4) organization. Upon consummation of the Offer and the TELECOM Offer, AMX expects to work closely with TELINT towards the achievement of results in these four primary areas. AMX has not prepared any estimates as to the specific financial effects of any of these measures.

AMX has not committed to any disposition, liquidation or restructuring of the business assets of either TELINT or TELECOM. AMX does not currently anticipate being required to make any such disposition of assets by the competent regulatory or antitrust authorities as a result of the Offer and/or the TELECOM Offer. Depending on the business structure it may implement in each particular country, AMX may be required to obtain certain authorizations or consents from the competent regulatory or antitrust authorities thereof. Consistent with its past practice, AMX will continue to explore potential acquisition opportunities that may enhance the value of its business portfolio, and may decide to carry out any such acquisition directly, through TELINT and/or through any of their respective subsidiaries.

AMX provides services in many of the same countries where TELINT has significant business operations, including wireless telecommunication services in Paraguay and Uruguay, fixed-line and wireless telecommunication services in Guatemala, El Salvador, Honduras, Nicaragua and Panama, fixed-line, wireless and broadband services in the Dominican Republic and Puerto Rico, and wireless telecommunication and value added services in Jamaica.

Plans with Respect to TELINT

Upon completion of the Offer and the TELECOM Offer, and assuming that AMX will successfully acquire a substantial majority of the TELINT Shares (other than the TELINT Shares currently owned by TELECOM), AMX will hold a controlling interest in TELINT. AMX's immediate priority will be to ensure that both companies can continue providing high-quality services to their subscribers and working efficiently to achieve the generation of synergies and opportunities for growth throughout Latin America.
