The Business

We are a full-service regional provider of data and voice communications services over wireline and wireless networks and a full-service provider of data center operations, related managed services and equipment. We provide telecommunications service to businesses and consumers in the Greater Cincinnati and Dayton areas primarily on our owned wireline and wireless networks with a well-regarded brand name and reputation for service. We also provide business customers with outsourced data center operations including related managed services in world class, state-of-the-art data center facilities located in Ohio, Kentucky, Illinois, Indiana and Texas.

We are an Ohio corporation. Our principal executive offices are located at 221 East Fourth Street, Cincinnati, Ohio 45202, and our telephone number is (513) 397-9900.

Recent Events The CyrusOne Transaction

On June 11, 2010, we and our wholly owned subsidiary Cincinnati Bell Technology Solutions Inc. acquired the equity interests of Cyrus Networks, LLC, which we refer to as "CyrusOne". The acquisition was funded with borrowings under our senior credit facilities. We intend to use the net proceeds from the sale of the notes to repay outstanding borrowings under our senior credit facilities. See "Use of Proceeds."

Founded in 2000 and based in Houston, Texas, CyrusOne is a premium carrier-neutral provider of data center services. CyrusOne provides collocation services through seven premium data center facilities with approximately 176,000 square feet of space, which it operates in the Houston, Dallas and Austin markets. Colocation services enable customers to colocate their servers and other telecommunications equipment within CyrusOne's data centers to run critical applications and processes.

CyrusOne currently has approximately 220 global and domestic enterprise customers, including some of the largest companies in the world. CyrusOne has long-term contracts with most of its customers, with a contract term of generally three to five years. Historically, CyrusOne has experienced high contract renewal rates with annual churn of less than 1%. As a result of these characteristics, approximately 98% of CyrusOne's revenue base is recurring in nature and approximately 60% of new sales come from existing customers.

Acquisition Rationale

Leveraging Existing Core Competencies. Over the course of our 135-year history, we believe we have developed a reputation for managing highly reliable telecommunications networks and providing high-quality services for our customers. We believe that providing data center services is a natural extension of our expertise in our wireline business and that we have demonstrated this by organically building our Technology Solutions segment into a business with revenues of \$303.1 million in 2009.

Table of Contents

Diversifying Revenue Sources. The acquisition of CyrusOne diversifies our revenue sources. Giving effect to the Acquisition as of January 1, 2009, the Acquisition would have increased the contribution of revenue from our Technology Solutions segment to our total revenue (before intercompany eliminations) to 26% from 22% in 2009. In addition, the Acquisition will enable us to continue our expansion outside our traditional geographic territory and reduce our reliance on our wireline and wireless businesses.

Attractive Growth Characteristics. The data center industry has attractive industry fundamentals in terms of growth rates relative to the wireline and wireless industries in which we also operate. Growth in the data center sector is driven by favorable secular trends including the rapid growth in digital information traffic and the increased demand from enterprises to outsource their information technology needs.

Enhancing the Scale and Reach of the Technology Solutions Segment. The acquisition provides us with entry into new geographic markets. To date, our Technology Solutions segment has been primarily focused on serving customers in the Cincinnati, Ohio area. We believe that the enhanced scale and geographic reach will better position the Technology Solutions segment for future success as customers seek data center solutions in multiple geographies.

Outstanding Management Team. The 6 members of the senior management team of CyrusOne collectively have approximately 115 years of relevant industry experience. Under the leadership of the existing senior management team, CyrusOne has experienced revenue growth at a compound annual growth rate of approximately 60% between 2005 and 2009.

Corporate Structure

The chart below depicts our summary and simplified corporate structure and our outstanding indebtedness, adjusted to reflect this offering and the intended use of proceeds as set forth in *Use of Proceeds*, as of June 30, 2010.

RISK FACTORS

Investing in the notes involves risks. Before purchasing any notes, you should carefully consider the specific factors discussed below, together with all the other information contained in this prospectus supplement, the accompanying prospectus or the documents incorporated by reference herein or therein. For a further discussion of the risks, uncertainties and assumptions relating to our business, please see the discussion under the caption "Risk Factors" included on page 3 of the accompanying prospectus, in the Company's Annual Report on Form 10-K for the year ended December 31, 2009 and in the Company's Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2010 as these reports are updated by annual, quarterly and other reports and documents we file with the SEC, which are incorporated by reference in this prospectus supplement and the accompanying prospectus (excluding any portions of such documents which are deemed furnished and not filed).

Risks Relating to the Notes

Our substantial debt could limit our ability to fund operations, expose us to interest rate volatility, limit our ability to raise additional capital and have a material adverse effect on our ability to fulfill our obligations under the notes and on our business and prospects generally.

We have a substantial amount of debt and have significant debt service obligations. As of June 30, 2010, after giving effect to the offering of the notes and the application of the proceeds as set forth in "Use of Proceeds", our aggregate outstanding indebtedness would have been \$2,516.2 million (net of unamortized discount), and our total shareowner's deficit would have been \$640.3 million. In addition, at June 30, 2010, after giving effect to the offering of the notes and the application of the proceeds as set forth in "Use of Proceeds", we would have had the ability to borrow an additional \$185.2 million under our senior credit facilities (which reflects a reduction in availability as a result of \$24.8 million of outstanding letters of credit) and \$80.9 million under our receivables facility, subject to compliance with certain conditions. We may also incur additional debt from time to time, subject to the restrictions contained in our senior credit facilities and other debt instruments.

Our substantial debt could have important consequences to you, including the following:

we will be required to use a substantial portion of our cash flow from operations to pay principal and interest on our debt, thereby reducing the availability of our cash flow to fund working capital, capital expenditures, strategic acquisitions, investments and alliances and other general corporate requirements;

our interest expense could increase if interest rates, in general, increase because, as of June 30, 2010, after giving effect to the offering of the notes and the application of the proceeds as set forth in "Use of Proceeds", approximately 11% of our indebtedness is based on variable interest rates;

the interest rate on our revolving credit facility depends on the level of our specified financial ratios, and therefore could increase if our specified financial ratios require a higher rate;

our substantial debt will increase our vulnerability to general economic downturns and adverse competitive and industry conditions and could place us at a competitive disadvantage compared to those of our competitors that are less leveraged;

our debt service obligations could limit our flexibility to plan for, or react to, changes in our business and the industry in which we operate;

our level of debt and shareowners' deficit may restrict us from raising additional financing on satisfactory terms to fund working capital, capital expenditures, strategic acquisitions, investments and joint ventures and other general corporate requirements;

Edgar Filing: CINCINNATI BELL ANY DISTANCE INC - Form 424B5

our level of debt may prevent us from raising the funds necessary to repurchase all of the notes tendered to us upon the occurrence of a change of control, which would constitute an event of default under the notes; and

S-8

Table of Contents

a potential failure to comply with the financial and other restrictive covenants in our debt instruments, which, among other things, require us to maintain specified financial ratios could, if not cured or waived, have a material adverse effect on our ability to fulfill our obligations under the notes and on our business and prospects generally.

The servicing of our indebtedness requires a significant amount of cash, and our ability to generate cash depends on many factors beyond our control.

Our ability to generate cash is subject to general economic, financial, competitive, legislative, regulatory and other factors, many of which are beyond our control. We cannot provide assurance that our business will generate sufficient cash flow from operations, that additional sources of debt financing will be available or that future borrowings will be available under our senior credit facilities, in each case, in amounts sufficient to enable us to service our indebtedness, including the notes, or to fund our other liquidity needs. If we cannot service our indebtedness, we will have to take actions such as reducing or delaying capital expenditures, strategic acquisitions, investments and joint ventures, or selling assets, restructuring or refinancing indebtedness or seeking additional equity capital, which may adversely affect our shareholders, debtholders and customers. We may not be able to negotiate remedies on commercially reasonable terms, or at all. In addition, the terms of existing or future debt instruments, including the indenture governing the notes, may restrict us from adopting some or any of these alternatives.

We have the ability to incur substantial additional debt, which may intensify the risks associated with our substantial existing debt, including our ability to service the notes and other debt.

Our senior credit facilities and other debt instruments will permit us, subject to compliance with certain covenants, to incur a substantial amount of additional indebtedness, including senior secured indebtedness. As of June 30, 2010, after giving effect to the offering of the notes and the application of the proceeds as set forth in Use of Proceeds, our aggregate outstanding indebtedness would have been approximately \$2,516.2 million (net of unamortized discount) and we would have had the ability to borrow an additional \$185.2 million under our senior credit facilities (which reflects a reduction in availability as a result of \$24.8 million of outstanding letters of credit) and \$80.9 million under our receivables facility, subject to compliance with certain conditions. We may also incur additional debt from time to time, including under our receivables financing facility, subject to restrictions contained in our senior credit facilities and other debt instruments. If we incur additional debt above the levels in effect upon the closing of the offering, the risks associated with our substantial existing debt, including our ability to service our debt, could intensify.

Cincinnati Bell Inc. will depend on the receipt of dividends or other intercompany transfers from its subsidiaries to pay the principal of, and interest on, the notes. Claims of creditors of these subsidiaries may have priority over the claims of the noteholders with respect to the assets and earnings of these subsidiaries.

Cincinnati Bell Inc. conducts substantially all of its operations through its subsidiaries, and substantially all of the operating assets of the Company are held directly by its subsidiaries. Cincinnati Bell Inc., as the issuer of the notes, will therefore be dependent upon dividends or other intercompany transfers of funds from these subsidiaries in order to pay the principal of, and interest on, the notes and to meet its other obligations.

Although the note guarantees will provide holders of notes with a direct claim against the subsidiaries of Cincinnati Bell Inc. that are note guarantors, enforcement of the note guarantees against any note guarantor may be challenged in a bankruptcy or reorganization case or a lawsuit by or on behalf of creditors of the note guarantor and could be subject to the defenses available to guarantors generally. To the extent that the note guarantees are not enforceable against any or all guarantors, the notes would be effectively subordinated to all liabilities of the applicable note guarantors, including trade payables and contingent liabilities, and any preferred stock of such note guarantors.

Table of Contents

In any event, the notes will be effectively subordinated to all liabilities of the subsidiaries of Cincinnati Bell Inc. that are non-guarantors. After giving effect to the offering of the notes and the application of the proceeds as set forth in "Use of Proceeds", the non-guarantors would have had:

assets of \$817.6 million (excluding intercompany receivables), or 31% of our total assets, as of June 30, 2010;

liabilities of \$330.8 million (excluding intercompany liabilities), or 10% of our total liabilities, as of June 30, 2010;

revenue of \$637.3 million and \$309.2 million, or 46% and 45% of our consolidated revenue (excluding intercompany eliminations), for the year ended December 31, 2009 and for the six months ended June 30, 2010, respectively; and

operating income of \$253.4 million and \$121.1 million, or 86% and 80% of our consolidated operating income, for the year ended December 31, 2009 and for the six months ended June 30, 2010, respectively.

Accordingly, in the event of dissolution, bankruptcy, liquidation or reorganization of Cincinnati Bell Inc., amounts may not be available to its creditors, including holders of the notes, until after the payment in full of the claims of creditors of its subsidiaries. Amounts available for distribution to creditors of Cincinnati Bell Inc. will be available first to holders of secured debt and only second to holders of unsecured debt, including holders of the notes, all as described below.

Although the indenture governing the notes limits the ability of Cincinnati Bell Inc.'s subsidiaries to enter into contractual restrictions on their ability to pay dividends and make other payments to Cincinnati Bell Inc., these limitations have a number of significant qualifications and exceptions. In addition, certain of Cincinnati Bell Inc.'s material subsidiaries, specifically (but not limited to) Cincinnati Bell Telephone Company LLC, are subject to debt obligations or regulatory schemes that potentially restrict their ability to distribute funds or assets to Cincinnati Bell Inc. Specifically, the various state public utility commissions with jurisdiction over Cincinnati Bell Telephone Company LLC may seek to exercise control over the payment of dividends to Cincinnati Bell Inc., including in cases where there has been a degradation of service quality at Cincinnati Bell Telephone Company LLC. If Cincinnati Bell Inc.'s subsidiaries were to be prohibited from paying dividends and making distributions to Cincinnati Bell Inc., it would have a material adverse effect on Cincinnati Bell Inc. and its ability to meet its obligations under the notes.

The notes are unsecured obligations, and our assets may be insufficient to pay amounts due on the notes.

The notes and note guarantees are our unsecured obligations that will be effectively subordinated in right of payment to all of Cincinnati Bell Inc.'s and each note guarantor's secured debt to the extent of the value of the collateral securing such debt. Debt outstanding under our senior credit facilities is secured by perfected first priority pledges of and security interests in (1) substantially all of the equity interests of Cincinnati Bell Inc.'s U.S. subsidiaries (other than subsidiaries of Cincinnati Bell Telephone Company LLC, Cincinnati Bell Funding LLC and certain immaterial subsidiaries) and 66% of the equity interests in foreign subsidiaries held by Cincinnati Bell Inc. and the guarantors under our senior credit facilities and (2) certain personal property and intellectual property of Cincinnati Bell Inc. and its subsidiaries (other than that of Cincinnati Bell Telephone Company LLC, Cincinnati Bell Funding LLC, Cincinnati Bell Extended Territories LLC, foreign subsidiaries and certain immaterial subsidiaries) with a total carrying value of approximately \$500 million at June 30, 2010. Cincinnati Bell Inc.'s 7/4% Senior Notes due 2023 and obligations under various swap agreements entered into by Cincinnati Bell Inc. are equally and ratably secured with the lenders under our senior credit facilities by the assets of Cincinnati Bell Inc., including the capital stock of its direct subsidiaries. In addition, debt incurred under the Company's receivables financing facility is secured by perfected first priority security interests in certain receivables of the Company.

Table of Contents

As of June 30, 2010, after eliminating intercompany activity and after giving effect to the offering of the notes and the application of the proceeds as set forth in *Use of Proceeds*, we would have had \$308.1 million of senior secured debt, excluding our receivables financing facility (which is incurred by an unrestricted non-guarantor subsidiary), capital lease obligations and unused commitments of \$185.2 million under our revolving credit facility (which reflects a reduction in availability as a result of \$24.8 million of outstanding letters of credit) and \$80.9 million under our receivables facility. In addition, we and our subsidiaries may incur additional secured debt.

Because the notes and the note guarantees will be our unsecured obligations, the noteholders' right of repayment may be compromised if any of the following events were to occur:

a bankruptcy, liquidation, reorganization or other winding-up involving us or any of our subsidiaries;

a default in payment under our senior credit facilities or other secured debt; or

an acceleration of any debt under our senior credit facilities or any other secured debt.

If any of these events were to occur, the secured lenders could foreclose on the pledged stock of our subsidiaries and on our and our subsidiaries assets in which they have been granted a security interest, in each case to your exclusion, even if an event of default exists under the indenture governing the notes at that time. As a result, upon the occurrence of any of these events, there may not be sufficient funds to pay amounts due on the notes and note guarantees.

The indenture governing the notes, our senior credit facilities and other debt instruments contain covenants which impose significant operational and financial restrictions on us, and the failure to comply with these covenants would result in an event of default under these instruments.

Our debt instruments impose, and the terms of any future debt may impose, on us operating and other restrictions. These restrictions affect, and in many respects limit or prohibit, among other things, our and our restricted subsidiaries' ability to:

incur additional indebtedness;

create liens;

make investments;

enter into transactions with affiliates;

sell assets;

guarantee indebtedness;

declare or pay dividends or other distributions to shareholders;

repurchase equity interests;

redeem debt that is junior in right of payment to certain debt instruments;

enter into agreements that restrict dividends or other payments from subsidiaries;

issue or sell capital stock of certain of our subsidiaries; and

consolidate, merge or transfer all or substantially all of our assets and the assets of our subsidiaries on a consolidated basis.

In addition, our senior credit facilities include restrictive covenants that may materially limit our ability to prepay other debt, including the notes. The agreement governing our senior credit facilities also requires us to achieve and maintain compliance with specified financial ratios.

S-11

Table of Contents

The restrictions contained in our senior credit facilities and our other debt instruments could:

limit our ability to plan for or react to market conditions or meet capital needs or otherwise restrict our activities or business plans;
and

adversely affect our ability to finance our operations, strategic acquisitions, investments or alliances or other capital needs or to engage in other business activities that would be in our interest.

A breach of any of these restrictive covenants or our inability to comply with the required financial ratios would result in a default under some or all of the debt agreements. During the occurrence and continuance of a default, lenders under our senior credit facilities may elect to declare all outstanding borrowings, together with accrued interest and other fees, to be immediately due and payable, which would result in an event of default under the notes. The lenders also have the right in these circumstances to terminate any commitments they have to provide further borrowings. Additionally, our debt instruments contain cross-acceleration provisions, which generally cause each instrument to accelerate upon a qualifying acceleration of any other debt instrument. If we are unable to repay outstanding borrowings when due, the lenders under our senior credit facilities and holders of our other secured debt also have the right to proceed against the collateral, including our pledged assets and those of our subsidiaries, granted to them to secure the indebtedness. We cannot provide assurance that, if the indebtedness under our senior credit facilities and the notes were to be accelerated, our assets would be sufficient to repay in full that indebtedness and our other indebtedness. If not cured or waived, such default could have a material adverse effect on our business and our prospects. We depend upon our senior credit facilities to provide for our financing requirements in excess of amounts generated by operations.

We may be unable to repurchase notes tendered pursuant to an offer to repurchase, which the indenture governing the notes requires us to make if a change of control occurs, because we may not have, or may not be able to raise, sufficient funds.

If we experience certain changes of control, the noteholders will have the right to require us to repurchase the notes at a purchase price in cash equal to 101% of the principal amount of the notes plus accrued and unpaid interest, if any. Our ability to repurchase the notes upon a change of control is limited by the terms of our senior credit facilities and other debt instruments. Upon a change of control, we may be required immediately to repay the outstanding principal, any accrued interest and any other amounts owed by us under our senior credit facilities and other debt instruments. We cannot provide assurance that we would be able to repay the required amounts or obtain the necessary consents to repurchase the notes. Our senior credit facilities provide that certain change of control events with respect to us constitute a default thereunder. Any future credit agreement or other agreements relating to indebtedness to which we become a party may contain similar provisions. Our failure to repurchase tendered notes at a time when the repurchase is required by the indenture governing the notes would constitute an event of default under the indenture, which, in turn, would constitute an event of default under our senior credit facilities and may constitute an event of default under other indebtedness. See [Description of Notes](#) [Change of Control](#) and [Certain Covenants](#).

In addition, the change of control provisions in the indenture governing the notes will not necessarily afford the noteholders protection in the event of a highly leveraged transaction that may adversely affect the noteholders, including by way of a reorganization, restructuring, merger or other similar transaction involving us. These transactions may not involve a change in voting power or beneficial ownership, or, even if they do, may not involve a change of the magnitude required under the definition of change of control in the indenture governing the notes to trigger these provisions. Furthermore, the definition of [change of control](#) in the indenture governing the notes includes a phrase relating to the sale of [all](#) or substantially [all](#) of the assets of the Issuer. There is no precise, established definition of the phrase [substantially all](#) under applicable law. Accordingly, the ability of a holder of notes to require us to repurchase its notes as a result of a sale of less than all of the assets of the Issuer to another person may be uncertain.

Table of Contents

Under federal bankruptcy or state fraudulent conveyance laws, a court could void obligations under the notes or note guarantees or subordinate the notes or the note guarantees to other obligations of the Issuer or the note guarantors.

The incurrence of indebtedness by us or the note guarantors, such as the notes or the note guarantees, may be subject to review under federal bankruptcy law or relevant state fraudulent conveyance laws if a bankruptcy case or lawsuit is commenced by or on behalf of unpaid creditors. Under these laws, if in such a case or lawsuit a court were to find that, at the time we or any note guarantor incurred indebtedness (including indebtedness under the notes or the note guarantees):

we or any note guarantor, as applicable, incurred such indebtedness with the intent of hindering, delaying or defrauding current or future creditors; or

(1) we or any note guarantor, as applicable, received less than reasonably equivalent value or fair consideration for incurring such indebtedness, and (2) we or any note guarantor, as applicable, (a) were insolvent or were rendered insolvent by reason of any of the transactions, (b) were engaged, or about to engage, in a business or transaction for which the assets remaining with us or such note guarantor constituted unreasonably small capital to carry on our or its business, (c) intended to incur, or believed that we or such note guarantor would incur, debts beyond our or its ability to pay as such debts matured (as all of the foregoing terms are defined in or interpreted under the relevant fraudulent transfer or conveyance statutes), or (d) were a defendant in an action for money damages, or had a judgment for money damages docketed against us or such note guarantor (in either case, if, after final judgment, the judgment is unsatisfied);

then such court could avoid or subordinate the amounts owing under the notes or the note guarantees to our or such note guarantor's presently existing and future indebtedness and take other actions detrimental to you.

The measure of insolvency for purposes of the foregoing considerations will vary depending upon the law of the jurisdiction that is being applied in any such proceeding. Generally, however, a debtor would be considered insolvent if, at the time such debtor incurred the indebtedness, either (1) the sum of its debts (including contingent liabilities) is greater than its assets, at fair valuation, or (2) the present fair saleable value of its assets is less than the amount required to pay the probable liability on its total existing debts and liabilities (including contingent liabilities) as they become absolute and matured. There can be no assurance as to what standards a court would use to determine whether we or any note guarantor were solvent at the relevant time, or whether, whatever standard is used, the notes or note guarantees would not be avoided or subordinated on another of the grounds set forth above.

Additionally, under federal bankruptcy or applicable state insolvency law, if certain bankruptcy or insolvency proceedings were initiated by us or any note guarantor within 90 days after any payment by us with respect to the notes or by such note guarantor under the applicable note guarantee or if we or such note guarantor anticipated becoming insolvent at the time of such payment, all or a portion of such payment could be avoided as a preferential transfer, and the recipient of such payment could be required to return such payment.

The notes may be issued with original issue discount for U.S. federal income tax purposes.

The notes may be issued with original issue discount (OID) for U.S. federal income tax purposes. In such an event, U.S. Holders (as defined in Material United States Federal Income Tax Considerations - General) will be required to include OID in income as it accrues for U.S. federal income tax purposes in advance of receiving the cash that corresponds to that income. See Material United States Federal Income Tax Considerations.

Table of Contents

If the notes are issued with OID and a bankruptcy petition were filed by or against us, a holder may receive a lesser amount for its claim than it would be entitled to receive under the indenture governing the notes.

If the notes are issued with OID and a bankruptcy petition were filed by or against us under the U.S. Bankruptcy Code after the issuance of the notes, the claim by any holder of the notes for the principal amount of the notes may be limited to an amount equal to the sum of:

the original issue price for the Notes; and

that portion of the OID that does not constitute unmaturred interest for purposes of the U.S. Bankruptcy Code. Any OID that was not amortized as of the date of the bankruptcy filing would constitute unmaturred interest. Accordingly, holders of the notes under these circumstances may receive a lesser amount than they would be entitled to under the terms of the indenture governing the notes, even if sufficient funds are available.

If an active trading market does not develop for the notes, a holder may not be able to resell them.

Currently, there is no established trading market for the notes. If no active trading market develops, a holder may not be able to resell the notes at their fair market value or at all. We do not intend to apply for listing of the notes on any securities exchange. The underwriters of the offering of the notes have informed us that they intend to make a market in the notes. However, they are not obligated to do so and may discontinue any such market-making at any time without notice.

The liquidity of any market for the notes will depend upon various factors, including:

the number of holders of the notes;

the interest of securities dealers in making a market for the notes;

our financial performance or prospects; and

the prospects for companies in our industry generally.

Accordingly, we cannot assure you that a market or liquidity will develop for the notes.

USE OF PROCEEDS

We expect to receive net proceeds of approximately \$ from the sale of the notes to the underwriters, after deducting the underwriters discounts and commissions, original issue discount, if any, and other offering expenses payable by us. We intend to use the net proceeds from the sale of the notes to repay outstanding borrowings under our senior credit facilities and to pay the transaction fees and expenses incurred by us in connection with this offering. Affiliates of certain of the underwriters are agents and/or lenders under our senior credit facilities and will receive a portion of the proceeds from this offering. See Underwriting Other Relationships .

We computed the ratio of earnings to fixed charges by dividing fixed charges into the sum of earnings (after certain adjustments) and fixed charges. Earnings used in computing the ratio of earnings to fixed charges consisted of income from continuing operations before income taxes, adjustment for noncontrolling/minority interests, income or loss from equity method investees and fixed charges except for capitalized interest. Fixed charges consist of interest expensed and capitalized and the portion of rent expense representative of interest.

DESCRIPTION OF NOTES

Definitions of certain terms used in this Description of Notes may be found under the heading Certain Definitions. For purposes of this section, the term Issuer refers only to Cincinnati Bell Inc. and not to any of its subsidiaries. Certain of the Issuer's subsidiaries will guarantee the Notes and therefore will be subject to many of the provisions contained in this Description of Notes. Each subsidiary which guarantees the Notes is referred to in this section as a Note Guarantor. Each such guarantee is termed a Note Guarantee.

The Issuer will issue the Notes under an Indenture, to be dated as of _____, 2010 (as used in this section, the Indenture), among the Issuer, the Note Guarantors and The Bank of New York Mellon, as Trustee (the Trustee), a copy of which is available upon request to the Issuer. The Indenture contains provisions which define your rights under the Notes. In addition, the Indenture governs the obligations of the Issuer and of each Note Guarantor under the Notes. The terms of the Notes include those stated in the Indenture and those made part of the Indenture by reference to the TIA.

The following description is meant to be only a summary of certain provisions of the Indenture. It does not restate the terms of the Indenture in their entirety. We urge that you carefully read the Indenture as it, and not this description, governs your rights as a Holder.

Overview of the Notes and the Note Guarantees

The Notes:

will be general unsecured obligations of the Issuer;

will rank equally in right of payment with all existing and future senior Indebtedness of the Issuer;

will be senior in right of payment to all existing and future Subordinated Indebtedness of the Issuer;

will be effectively subordinated to any Secured Indebtedness of the Issuer and its Subsidiaries to the extent of the value of the assets securing such Indebtedness; and

will be effectively subordinated to all liabilities (including trade payables) and Preferred Stock of each Subsidiary of the Issuer that is not a Note Guarantor.

The Note Guarantors

The Notes will be guaranteed by each Restricted Subsidiary of the Issuer that Guarantees borrowings under the Credit Agreement.

The Note Guarantee of each Note Guarantor:

will be a general unsecured obligation of such Note Guarantor;

will rank equally in right of payment with all existing and future senior Indebtedness of such Note Guarantor;

will be senior in right of payment to all existing and future Subordinated Indebtedness of such Note Guarantor; and

Edgar Filing: CINCINNATI BELL ANY DISTANCE INC - Form 424B5

will be effectively subordinated to any Secured Indebtedness of such Note Guarantor and its Subsidiaries to the extent of the value of the assets securing such Indebtedness.

The Notes will not be guaranteed by Restricted Subsidiaries of the Issuer that do not Guarantee borrowings under the Credit Agreement or by Unrestricted Subsidiaries. None of Cincinnati Bell Telephone Company LLC, its Subsidiary, Cincinnati Bell Extended Territories LLC, Cincinnati Bell Funding LLC, our Mutual Subsidiaries, our foreign subsidiaries or certain immaterial subsidiaries will be a guarantor. Accordingly, for so long as these Subsidiaries remain non-guarantors under the Credit Agreement, these Subsidiaries will not be Note Guarantors.

S-18

Table of Contents

After giving effect to the issuance of the Notes and the application of proceeds as set forth in Use of Proceeds , the non-guarantors would have had (1) assets of \$817.6 million (excluding intercompany receivables), or 31% of our total assets, as of June 30, 2010, (2) liabilities of \$330.8 million (excluding intercompany liabilities), or 10% of our total liabilities, as of June 30, 2010, (3) revenue of \$637.3 million and \$309.2 million, or 46% and 45% of our consolidated revenue (excluding intercompany eliminations), for the year ended December 31, 2009 and for the six months ended June 30, 2010, respectively, and (4) operating income of \$253.4 million and \$121.1 million, or 86% and 80% of our consolidated operating income, for the year ended December 31, 2009 and for the six months ended June 30, 2010, respectively.

Unrestricted Subsidiaries

Cincinnati Bell Funding LLC (CBF), MVNO Holdings LLC and the Mutual Subsidiaries are Unrestricted Subsidiaries of the Issuer. Under certain circumstances, the Issuer is able to designate other current or future direct or indirect Subsidiaries of the Issuer as Unrestricted Subsidiaries. An Unrestricted Subsidiary is not a Note Guarantor or subject to the restrictive covenants of the Indenture. After giving effect to the issuance of the Notes and the application of proceeds as set forth in Use of Proceeds , the Unrestricted Subsidiaries of the Issuer would have had (1) assets of \$164.4 million, or 6% of our total assets, as of June 30, 2010, (2) liabilities of \$10.0 million (excluding intercompany liabilities), or 0.3% of our total liabilities, as of June 30, 2010, (3) no revenue for the year ended December 31, 2009 or the six months ended June 30, 2010 and (4) operating loss of \$0.1 million for each of the year ended December 31, 2009 and for the six months ended June 30, 2010. At June 30, 2010, CBF had the ability to borrow an additional \$80.9 million under its receivables facility.

Principal, Maturity and Interest

We will initially issue Notes in an aggregate principal amount of \$500 million. The Notes will mature on , 2020. We will issue the Notes in fully registered form, without coupons, in denominations of \$2,000 and any integral multiple of \$1,000 in excess thereof.

Each Note we issue will bear interest at a rate of % per annum beginning on , 2010 or from the most recent date to which interest has been paid or provided for. We will pay interest semiannually to Holders of record at the close of business on the or immediately preceding the interest payment date on and of each year. We will begin paying interest to Holders on , 2011.

Indenture May Be Used For Future Issuances

We may issue an unlimited amount of additional Notes having identical terms and conditions to the Notes we are currently offering (the Additional Notes). We will only be permitted to issue such Additional Notes if at the time of such issuance we are in compliance with the covenants contained in the Indenture. Any Additional Notes will be part of the same issue as the Notes that we are currently offering and will vote on all matters with such Notes.

Paying Agent and Registrar

We will pay the principal of, premium, if any, and interest on the Notes at any office of ours or any agency designated by us which is located in the Borough of Manhattan, The City of New York. We have initially designated the corporate trust office of the Trustee to act as the agent of the Issuer in such matters. The location of the corporate trust office is 101 Barclay Street, New York, New York 10286. We, however, reserve the right to pay interest to Holders by check mailed directly to Holders at their registered addresses.

Table of Contents

Holders may exchange or transfer their Notes at the same location given in the preceding paragraph. No service charge will be made for any registration of transfer or exchange of Notes. We, however, may require Holders to pay any transfer tax or other similar governmental charge payable in connection with any such transfer or exchange.

Optional Redemption

Except as set forth in the following two paragraphs, we may not redeem the Notes prior to _____, 2015. On and after this date, we may redeem the Notes, in whole or in part, on not less than 30 nor more than 60 days prior notice, at the following redemption prices (expressed as percentages of principal amount), plus accrued and unpaid interest thereon, if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on _____ of the years set forth below:

Year	Redemption Price
2015	%
2016	%
2017	%
2018 and thereafter	100.000%

At any time prior to _____, 2015, we may redeem all or part of the Notes upon not less than 30 nor more than 60 days prior notice at a redemption price equal to the sum of (i) 100% of the principal amount thereof, plus (ii) the Applicable Premium as of the date of redemption, plus (iii) accrued and unpaid interest, if any, to the date of redemption.

Prior to _____, 2013, we may, on one or more occasions, also redeem up to a maximum of 35% of the aggregate principal amount of the Notes (calculated giving effect to any issuance of Additional Notes) with the Net Cash Proceeds of one or more Equity Offerings by the Issuer, at a redemption price equal to _____ % of the principal amount thereof, plus accrued and unpaid interest thereon, if any, to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date); *provided, however*, that after giving effect to any such redemption:

- (1) at least 65% of the original aggregate principal amount of the Notes (calculated giving effect to any issuance of Additional Notes) remains outstanding; and
- (2) any such redemption by the Issuer must be made within 60 days of such Equity Offering and must be made in accordance with certain procedures set forth in the Indenture.

Selection

If we partially redeem Notes, the Trustee will select the Notes to be redeemed on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion shall deem to be fair and appropriate, although no Note of \$2,000 in original principal amount or less will be redeemed in part. If we redeem any Note in part only, the notice of redemption relating to such Note shall state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original Note. On and after the redemption date, interest will cease to accrue on Notes or portions thereof called for redemption so long as we have deposited with the Paying Agent funds sufficient to pay the principal of, plus accrued and unpaid interest thereon, if any, the Notes to be redeemed.

future Subordinated Indebtedness of the Issuer. The Notes also will be effectively subordinated to any Secured Indebtedness of the Issuer and its Subsidiaries to the extent of the value of the assets securing such Indebtedness.

The Note Guarantees will be unsecured senior Indebtedness of the applicable Note Guarantor, will rank equally in right of payment with all existing and future senior Indebtedness of such Note Guarantor and will be senior in right of payment to all existing and future Subordinated Indebtedness of such Note Guarantor. The Note Guarantees also will be effectively subordinated to any Secured Indebtedness of the applicable Note Guarantor and its Subsidiaries to the extent of the value of the assets securing such Secured Indebtedness.

The Indebtedness represented by the Notes and the Note Guarantees will be Designated Senior Indebtedness for the purposes of the Issuer's existing Subordinated Indebtedness and any related Permitted Refinancing Indebtedness.

The Issuer currently conducts all its operations through its Subsidiaries. To the extent such Subsidiaries are not Note Guarantors, creditors of such Subsidiaries, including trade creditors, and preferred stockholders, if any, of such Subsidiaries generally will have priority with respect to the assets and earnings of such Subsidiaries over the claims of creditors of the Issuer, including Holders. The Notes, therefore, will be effectively subordinated to the claims of creditors, including trade creditors, and preferred stockholders, if any, of Subsidiaries of the Issuer that are not Note Guarantors.

With respect to the Notes and the Note Guarantees, after giving effect to the issuance of the Notes and the application of proceeds as set forth in Use of Proceeds, as of June 30, 2010, there would have been outstanding:

- (1) \$1,555.7 million in aggregate principal amount of senior Indebtedness of the Issuer, of which \$308.1 million in aggregate principal amount would have been Secured Indebtedness (excluding unused commitments under the Credit Agreement);
- (2) no senior Indebtedness of the Note Guarantors (excluding the Guarantees of the Credit Agreement, the 7% Notes, the 8¹/₄% Notes and the Notes and \$129.2 million of capital leases and other debt);
- (3) \$225.7 million in aggregate principal amount of Indebtedness of Subsidiaries that are not Note Guarantors effectively ranking senior to the Notes and the Note Guarantees to the extent of the value of the assets of such Subsidiaries;
- (4) \$832.5 million in aggregate principal amount of Indebtedness of the Issuer that is subordinated or junior in right of payment to the Notes (consisting of \$625.0 million in aggregate principal amount of the 8³/₄% Notes and \$207.5 million in aggregate principal amount of the Issuer's subordinated Guarantees of the Cincinnati Bell Telephone Notes); and
- (5) no Indebtedness of the Note Guarantors that is subordinated or junior in right of payment to the Note Guarantees (excluding the Guarantees of the 8³/₄% Notes).

Although the Indenture will limit the Incurrence of Indebtedness by the Issuer and the Restricted Subsidiaries and the issuance of Preferred Stock by the Restricted Subsidiaries, such limitation is subject to a number of significant qualifications. The Issuer and its Subsidiaries may be able to incur substantial amounts of Indebtedness in certain circumstances. Such Indebtedness may be senior Indebtedness.

The Notes will rank equally in all respects with all other senior Indebtedness of the Issuer. Unsecured Indebtedness is not deemed to be subordinate or junior to Secured Indebtedness merely because it is unsecured.

Note Guarantees

The Restricted Subsidiaries of the Issuer that Guarantee borrowings under the Credit Agreement, and certain future Subsidiaries of the Issuer (as described below), as primary obligors and not merely as sureties, will jointly

and severally irrevocably and unconditionally Guarantee on an unsecured senior basis, the performance and full and punctual payment when due, whether at Stated Maturity, by acceleration or otherwise, of all obligations of the Issuer under the Indenture (including obligations to the Trustee) and the Notes, whether for payment of principal of or interest on the Notes, expenses, indemnification or otherwise (all such obligations guaranteed by such Note Guarantors being herein called the **Guaranteed Obligations**). Such Note Guarantors will agree to pay, in addition to the amount stated above, any and all costs and expenses (including reasonable counsel fees and expenses) incurred by the Trustee or the Holders in enforcing any rights under the Note Guarantees. Each Note Guarantee will be limited in amount to an amount not to exceed the maximum amount that can be Guaranteed by the applicable Note Guarantor without rendering the Note Guarantee, as it relates to such Note Guarantor, voidable under applicable law relating to fraudulent conveyance or fraudulent transfer or similar laws affecting the rights of creditors generally. After the Closing Date, the Issuer will cause each Restricted Subsidiary that Guarantees borrowings under the Credit Agreement to execute and deliver to the Trustee a supplemental indenture pursuant to which such Restricted Subsidiary will Guarantee payment of the Notes. See **Certain Covenants Future Note Guarantors** below.

Each Note Guarantee is a continuing guarantee and shall (a) remain in full force and effect until payment in full of all the Guaranteed Obligations, (b) be binding upon each Note Guarantor and its successors and (c) inure to the benefit of, and be enforceable by, the Trustee, the Holders and their successors, transferees and assigns.

The Note Guarantee of a Note Guarantor will be released:

- (1) in connection with any sale of all of the Capital Stock of such Note Guarantor (including by way of merger or consolidation) to a Person or a group of Persons that is not (either before or after giving effect to such transaction) an Affiliate of the Issuer, if the sale complies with the covenant described under **Certain Covenants Asset Dispositions** and, to the extent applicable, complies with the provisions described under **Merger and Consolidation** ;
- (2) if the Issuer designates such Restricted Subsidiary that is a Note Guarantor as an Unrestricted Subsidiary in accordance with the applicable provisions of the Indenture; or
- (3) if such Note Guarantor is released from its Guarantee of borrowings under the Credit Agreement.

Change of Control

Upon the occurrence of any of the following events (each a **Change of Control**), each Holder will have the right to require the Issuer to purchase all or any part of such Holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date):

- (1) the sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or more related transactions, of all or substantially all of the properties and assets of the Issuer and its Subsidiaries, taken as a whole, to any Person unless: (x) pursuant to such transaction such assets are changed into or exchanged for, in addition to any other consideration, securities of such Person that represent immediately after such transaction at least a majority of the aggregate voting power of the Voting Stock of such Person and (y) no person (as such term is used in Section 13(d)(3) of the Exchange Act) or group (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act) is the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that such person or group shall be deemed to have beneficial ownership of all shares that any such person or group has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of such Person;
- (2) the adoption of a plan relating to the liquidation or dissolution of the Issuer;

- (3) any person (as such term is used in Section 13(d)(3) of the Exchange Act) or group (within the meaning of Rules 13d-3 and 13d-5 under the Exchange Act) is or becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act, except that such person or group shall be deemed to have beneficial ownership of all shares that any such person or group has the right to acquire, whether such right is exercisable immediately or only after the passage of time), directly or indirectly, of more than 35% of the total voting power of the Voting Stock of the Issuer;
- (4) during any period of two consecutive years, individuals who at the beginning of such period constituted the Board of Directors of the Issuer (together with any new directors whose election by such Board of Directors of the Issuer or whose nomination for election by the shareholders of the Issuer was approved by a majority vote of the directors of the Issuer then still in office who were either directors at the beginning of such period or whose election or nomination for election was previously so approved) cease for any reason to constitute a majority of the Board of Directors of the Issuer then in office; or
- (5) the merger or consolidation of the Issuer with or into another Person or the merger of another Person with or into the Issuer and the securities of the Issuer that are outstanding immediately prior to such transaction and which represent 100% of the aggregate voting power of the Voting Stock of the Issuer are changed into or exchanged for cash, securities or property, unless pursuant to such transaction such securities are changed into or exchanged for, in addition to any other consideration, securities of the surviving Person that represent, immediately after such transaction, at least a majority of the aggregate voting power of the Voting Stock of the surviving Person;

provided, however, that notwithstanding the occurrence of a Change of Control, the Issuer shall not be obligated to purchase the Notes pursuant to this section in the event that it has exercised its right to redeem all the Notes under the terms of the section titled "Optional Redemption".

In the event that at the time of such Change of Control the terms of the Credit Agreement restrict or prohibit the repurchase of Notes pursuant to this covenant, then prior to the mailing of the notice to Holders provided for in the immediately following paragraph but in any event within 30 days following any Change of Control, the Issuer shall:

- (1) repay in full all Indebtedness under the Credit Agreement or, if doing so will allow the purchase of Notes, offer to repay in full all Indebtedness under the Credit Agreement and repay the Indebtedness under the Credit Agreement of each lender who has accepted such offer; or
- (2) obtain the requisite consent under the Credit Agreement to permit the repurchase of the Notes as provided for in the immediately following paragraph.

Within 30 days following any Change of Control, the Issuer shall mail a notice to each Holder with a copy to the Trustee (the "Change of Control Offer") stating:

- (1) that a Change of Control has occurred and that such Holder has the right to require the Issuer to purchase all or a portion of such Holder's Notes at a purchase price in cash equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest, if any, on the relevant interest payment date);
- (2) the circumstances and relevant facts and financial information regarding such Change of Control;
- (3) the purchase date (which shall be no earlier than 10 Business Days nor later than 60 days from the date such notice is mailed); and

The Issuer will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Issuer and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer. Any Change of Control Offer may be conditioned on the consummation of a Change of Control.

In addition, Holders may not be entitled to require us to purchase their Notes in certain circumstances involving a significant change in the composition of the Board of Directors of the Issuer, including in connection with a proxy contest where such Board of Directors does not endorse a dissident slate of directors but approves them as directors.

The Issuer will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the purchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

The Change of Control purchase feature is a result of negotiations between the Issuer and the underwriters. Management has no present intention to engage in a transaction involving a Change of Control, although it is possible that the Issuer would decide to do so in the future. Subject to the limitations discussed below, the Issuer could, in the future, enter into certain transactions, including acquisitions, refinancings or recapitalizations, that would not constitute a Change of Control under the Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect the Issuer's capital structure or credit ratings. Restrictions on the ability of the Issuer to incur additional Indebtedness are contained in the covenants described under Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, and Certain Covenants Limitation on Liens. Such restrictions can only be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding. Except for the limitations contained in such covenants, however, the Indenture will not contain any covenants or provisions that may afford Holders protection in the event of a highly leveraged transaction.

The occurrence of certain of the events which would constitute a Change of Control would constitute a default under the Credit Agreement and would require the Issuer to offer to purchase the 7% Notes and the 8 1/4% Notes on terms comparable to those described above. Future Indebtedness of the Issuer may contain prohibitions of certain events which would constitute a Change of Control or require such Indebtedness to be repurchased or repaid upon a Change of Control. Moreover, the exercise by the Holders of their right to require the Issuer to purchase the Notes could cause a default under such Indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on the Issuer. Finally, the Issuer's ability to pay cash to the Holders upon a purchase may be limited by the Issuer's then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required purchases. The provisions under the Indenture relative to the Issuer's obligation to make an offer to purchase the Notes as a result of a Change of Control may be waived or modified with the written consent of the Holders of a majority in principal amount of the Notes then outstanding.

Certain Covenants

The Indenture will contain covenants including, among others, the following:

Incurrence of Indebtedness and Issuance of Preferred Stock. (a) The Issuer will not, and will not permit any Restricted Subsidiary to, incur, directly or indirectly, any Indebtedness (including Acquired Indebtedness) and shall not permit any of its Restricted Subsidiaries that is not a Note Guarantor to issue any Preferred Stock; provided, however, that the Issuer and its Restricted Subsidiaries may incur Indebtedness (including Acquired Indebtedness), and the Restricted Subsidiaries that are not Note Guarantors may issue Preferred Stock, if on the

date of such Incurrence or issuance and after giving effect thereto (x) the Consolidated Adjusted Debt to EBITDA Ratio is less than 6.00 to 1.00 and (y) the Consolidated Adjusted Senior Debt to EBITDA Ratio is less than 4.00 to 1.00 (this test being referred to herein as the Leverage Test). For the purpose of the calculation of the Leverage Test, with respect to any period included in such calculation, Consolidated EBITDA, the components of Consolidated Interest Expense and Consolidated Adjusted Debt shall be calculated with respect to such period by the Issuer in good faith on a pro forma basis (including and consistent with Permitted Adjustments), giving effect to any Permitted Acquisition, Asset Disposition or Incurrence or redemption or repayment of Indebtedness that has given rise to the need for such calculation, has occurred during such period or has occurred after such period and on or prior to the date of such calculation.

(b) The foregoing paragraph (a) shall not apply to:

- (4) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Permitted Refinancing Indebtedness in exchange for, or the net proceeds of which are used to extend, Refinance, renew, replace, defease or refund, Indebtedness that was permitted by the Indenture to be Incurred by the Issuer or such Restricted Subsidiary;

- (6) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Interest Swap Obligations that are Incurred for the purpose of fixing or hedging interest rate risk with respect to any Indebtedness that is permitted by the terms of the Indenture to be outstanding;
- (7) Indebtedness of the Issuer or any Restricted Subsidiary under the Credit Agreement in an aggregate amount at any time outstanding not to exceed \$900 million, less, to the extent a permanent repayment and/or commitment reduction is required thereunder as a result of such application, the aggregate amount of Net Proceeds applied to repayments under the Credit Agreement in accordance with the covenant described under Asset Dispositions ;

 - (10) the Incurrence by the Issuer or any of its Restricted Subsidiaries of Indebtedness in respect of performance bonds, bankers' acceptances, workers' compensation claims, completion guarantees, letters of credit surety or appeal bonds, payment obligations in connection with self-insurance or similar obligations Incurred in the Ordinary Course of Business;

 - (13) Indebtedness of a Restricted Subsidiary Incurred and outstanding on or prior to the date on which such Restricted Subsidiary was acquired by the Issuer (other than Indebtedness Incurred in contemplation of, in connection with, as consideration in, or to provide all or any portion of the funds or credit support utilized to consummate, the transaction or series of related transactions pursuant to which such Restricted Subsidiary became a Subsidiary of or was otherwise acquired by the Issuer); *provided, however*, that on the date that such Restricted Subsidiary is acquired by the Issuer, the Issuer would have been able to Incur \$1.00 of additional Indebtedness under the first paragraph of this covenant pursuant to the Leverage Test after giving effect to the Incurrence of such Indebtedness pursuant to this clause (13);
 - (14) (i) Indebtedness represented by Capital Lease Obligations (other than Capital Lease Obligations described in the following clause (ii)) and Synthetic Lease Obligations hereafter Incurred by the Issuer or any of its Restricted Subsidiaries in an aggregate principal amount that, when taken together with the Remaining Present Value of such outstanding Capital Lease Obligations and Synthetic Lease Obligations relating to Sale and Leaseback Transactions, does not exceed \$150.0 million at any time outstanding and (ii) Indebtedness represented by Capital Lease Obligations in connection with the Data Center Sale and Leaseback Transactions and the Wireless Tower Sale and Leaseback Transactions and in each case otherwise in compliance with the conditions set forth in the applicable definition thereof; *provided* that (x) the aggregate outstanding Remaining Present Value of (A) all leases entered into in connection with all Data Center Sale and Leaseback Transactions, plus (B) all leases entered into in connection with all Wireless Tower Sale and Leaseback Transactions, plus (y) all Indebtedness represented by Capital Lease Obligations and Synthetic Lease Obligations entered into under clause (i) does not at any time exceed \$250.0 million in the aggregate;

immediately preceding paragraph or is entitled to be Incurred pursuant to paragraph (a) of this covenant, the Issuer shall, in its sole discretion, classify (or later reclassify) such item of Indebtedness in any manner that complies with this covenant and will only be required to include the amount and type of such Indebtedness in one of such clauses of the immediately preceding paragraph or pursuant to paragraph (a) of this covenant; *provided* that Indebtedness outstanding under the Credit Agreement as of the Closing Date shall be deemed to have been Incurred pursuant to clause (7) of paragraph (b) of this covenant. Accrual of interest, accretion of accreted value, amortization of original issue discount, the payment of interest on any Indebtedness in the form of additional Indebtedness with the same terms as the Indebtedness on which such interest is being paid and any other issuance of securities paid-in-kind shall not be deemed to be Incurrence of Indebtedness for purposes of this covenant, but such amounts shall be included in Consolidated Adjusted Debt to the extent provided for in such definition. In addition, the Issuer may, at any time, change the classification of an item of Indebtedness (or any portion thereof) to any other clause of the immediately preceding paragraph or to Indebtedness properly Incurred under paragraph (a) of this covenant, *provided* that the Issuer would be permitted to Incur such item of Indebtedness (or portion thereof) pursuant to such other clause of the immediately preceding paragraph or paragraph (a) of this covenant, as the case may be, at such time of reclassification.

Restricted Payments. (a) The Issuer will not, and will not permit any Restricted Subsidiary, directly or indirectly, to:

- (1) declare or make any dividend payment or other distribution of assets, properties, cash, rights, obligations or securities on account of any shares of any class of Capital Stock (including any payment in connection with a merger or consolidation involving the Issuer or any of its Restricted Subsidiaries), except (x) dividends or distributions payable solely in its Capital Stock (other than Disqualified Capital Stock or Capital Stock convertible into or exchangeable for Disqualified Capital Stock) and (y) dividends or distributions payable to the Issuer or to a Restricted Subsidiary (and, if the Restricted Subsidiary making such dividend or distribution has equityholders other than the Issuer or another Restricted Subsidiary, to such equityholders on a pro rata basis),

- (A) no Default or Event of Default will have occurred and be continuing (or would result therefrom);

- (1) the defeasance, redemption or repurchase of (x) Subordinated Indebtedness of the Issuer properly Incurred under the Indenture with the net cash proceeds from an Incurrence of Permitted Refinancing Indebtedness or the substantially concurrent sale (other than to a Subsidiary of the Issuer) of Capital Stock of the Issuer or (y) Convertible Preferred Stock or other Capital Stock of the Issuer with the Net Cash Proceeds from the substantially concurrent sale (other than to a Subsidiary of the Issuer) of Capital Stock of the Issuer (other than Disqualified Capital Stock);

Dividend and Other Payment Restrictions Affecting Subsidiaries. The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, create or otherwise cause or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions to the Issuer with respect to any Capital Stock of such Restricted Subsidiary or any other interest or participation in, or measured by, such Restricted Subsidiary's profits, or pay any Indebtedness or other obligations owed to the Issuer or the Issuer's other Restricted Subsidiaries;
- (2) make loans or advances to the Issuer or the Issuer's other Restricted Subsidiaries; or

 - (A) existing Indebtedness and agreements as in effect at or entered into on the Closing Date;
 - (B) the Credit Agreement as in effect as of the Closing Date, and any amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or Refinancings thereof permitted under the Indenture; *provided, however,* that such amendments, modifications, restatements, renewals, increases, supplements, refundings, replacements or Refinancings are not materially more restrictive with respect to such provisions than those contained in the Credit Agreement on the Closing Date;
 - (C) the Indenture and the Notes;
 - (D) Applicable Law;
 - (E) any encumbrance or restriction
 - (i) that restricts in a customary manner the subletting, assignment or transfer of any property or asset that is subject to a lease, license or similar contract, or

Asset Dispositions. (a) The Issuer will not, and will not permit any Restricted Subsidiary to, consummate any Asset Disposition (provided that the sale, lease, conveyance or other disposition of all or substantially all of the assets of the Issuer and its Restricted Subsidiaries as a whole is governed by the provisions described under Merger and Consolidation herein and not by the provisions of this covenant) unless:

- (1) the consideration received is at least equal to the fair market value of such assets (except as the result of (x) any foreclosure or sale by the lenders under the Credit Agreement or (y) Net Proceeds received from an insurer or a Governmental Authority, as the case may be, in the event of loss, damage, destruction or condemnation); and

(b) Within 365 days after the receipt of any Net Proceeds from an Asset Disposition, the Issuer or the Restricted Subsidiary making such Asset Disposition, as the case may be, may, at its option, apply such Net Proceeds (i) to permanently reduce Indebtedness Incurred by the Issuer under the Credit Agreement or any

Indebtedness of the Restricted Subsidiaries of the Issuer which are not Note Guarantors, or to purchase the Notes (with the consent of the Holders thereof to the extent required) or Indebtedness ranking *pari passu* with the Notes (and to correspondingly reduce commitments with respect thereto, to the extent applicable) or (ii) to the acquisition of a controlling interest in another business, the making of Capital Expenditures or the investment in or acquisition of other long-term assets, in each case, in the same or a similar line of business as the Issuer and its Subsidiaries engaged in at the time such assets were sold or in a business reasonably related, complementing or ancillary thereto or a reasonable expansion thereof. Pending the final application of any such Net Proceeds, the Issuer may temporarily reduce revolving credit Indebtedness under the Credit Agreement or otherwise invest such Net Proceeds in any manner that is not prohibited by the Indenture. Any Net Proceeds from Asset Dispositions that are not applied or invested as provided in the first sentence of this paragraph shall be deemed to constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$25 million, the Issuer shall make an offer (an Asset Sale Offer) to purchase the maximum principal amount of Notes that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the outstanding principal amount thereof, plus accrued and unpaid interest thereon to the date of purchase, in accordance with the procedures set forth in the Indenture; *provided, however*, that if the Issuer elects (or is required by the terms of any other Indebtedness (other than Subordinated Indebtedness or Disqualified Capital Stock) of the Issuer), such Asset Sale Offer may be made ratably to purchase the Notes and other Indebtedness (other than Subordinated Indebtedness or Disqualified Capital Stock) of the Issuer. Upon completion of such offer to purchase, the amount of Excess Proceeds shall be reset at zero.

(c) The Issuer will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Issuer will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under this covenant by virtue thereof.

Transactions with Affiliates. (a) The Issuer will not, and will not permit any Restricted Subsidiary to, directly or indirectly, enter into or permit to exist any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any management, consulting, investment banking, advisory or other services) with any Affiliate of the Issuer (each an Affiliate Transaction) except:

- (1) the performance of any agreements as in effect as of the Closing Date or the consummation of any transaction contemplated thereby (including pursuant to any amendment thereto as long as any such amendment is not disadvantageous to the Holders of the Notes in any material respect);
- (2) transactions (i) the terms of which are not materially less favorable to the Issuer or such Restricted Subsidiary than would be obtained in a comparable arm's length transaction with a Person that is not an Affiliate of the Issuer and (ii) with respect to which the Issuer delivers to the Trustee (A) with respect to any Affiliate Transaction involving aggregate consideration in excess of \$25 million, a resolution of the Board of Directors of the Issuer set forth in an Officers' Certificate certifying that such Affiliate Transaction complies with clause (i) above and that such Affiliate Transaction has been approved by a majority of the disinterested members of the Board of Directors of the Issuer, and (B) with respect to any Affiliate Transaction or series of Affiliate Transactions involving in excess of \$50 million, an opinion as to the fairness of such Affiliate Transaction to the Issuer from a financial point of view issued by an Independent Qualified Party;
- (3) payment of customary compensation to officers, employees, consultants and investment bankers for services actually rendered to the Issuer or such Restricted Subsidiary, including indemnity;

- (7) transactions (x) between or among the Issuer and its Restricted Subsidiaries, (y) between or among the Restricted Subsidiaries and (z) between or among the Issuer and/or its Subsidiaries pursuant to a Centralized Cash Management System;
- (8) any licensing agreement or similar agreement entered into in the Ordinary Course of Business relating to the use of technology or intellectual property between any of the Issuer and its Subsidiaries, on the one hand, and any company or other Person which is an Affiliate of the Issuer or its Subsidiaries by virtue of the fact that the Issuer or any of its Subsidiaries has made an Investment in or owns any Capital Stock of such company or other Person, on the other hand, which is fair to the Issuer or its Restricted Subsidiaries, in the reasonable determination of the Board of Directors, or is on terms at least as favorable as might reasonably have been obtained at such time from an unaffiliated party;
- (9) the issuance of payments, awards or grants, in cash or otherwise, pursuant to, or the funding of, employment arrangements approved by the Board of Directors of the Issuer in good faith and customary loans and advances to employees of the Issuer, or any Restricted Subsidiary of the Issuer to the extent otherwise permitted in the Indenture;
- (10) transactions permitted under the indenture governing the 7% Notes, the 8 1/4% Notes or the 8 3/4% Notes; and
- (11) sales, contributions, conveyances and other transfers of Receivables and related assets of the type specified in the definition of Qualified Receivables Transaction to a Receivables Subsidiary or any other similar transactions in connection with any Qualified Receivables Transaction.

Limitation on Issuance and Sales of Capital Stock of Subsidiaries. The Issuer shall not, and shall not permit any Restricted Subsidiary to, transfer, convey, sell, issue, lease or otherwise dispose of any Capital Stock of any Restricted Subsidiary to any Person (other than to the Issuer or another Restricted Subsidiary of the Issuer), unless such transfer, conveyance, sale, lease or other disposition shall be made in accordance with the covenant described under Certain Covenants Asset Dispositions , including the provision of such covenant governing the application of Net Proceeds from such transfer, conveyance, sale, lease or other disposition; *provided, however*, that this covenant shall not restrict any pledge of Capital Stock of the Issuer and its Restricted Subsidiaries securing Indebtedness under the Credit Agreement or other Indebtedness permitted to be secured under the covenant described under Certain Covenants Limitation on Liens .

Limitation on Liens. The Issuer shall not, and shall not permit any Restricted Subsidiary to, directly or indirectly, incur or permit to exist any Lien (other than (a) Liens securing Guarantees and Obligations Incurred pursuant to clause (7) of paragraph (b) of the covenant described under Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock and (b) Permitted Liens) on any asset now owned or hereafter acquired to secure any Indebtedness of the Issuer or such Restricted Subsidiary; *provided* that the Issuer or any Restricted Subsidiary may create, incur or assume Liens to secure any Indebtedness or a Guarantee thereof, so long as concurrently with the incurrence or assumption of such Lien the Issuer or such Restricted Subsidiary effectively provides that the Notes shall be secured equally and ratably with (or prior and senior to, in the case of Liens with respect to Subordinated Indebtedness) such Indebtedness, so long as such Indebtedness shall be so secured.

Commission Reports. Whether or not required by the reporting requirements of Section 13 or 15(d) of the Exchange Act, so long as the Notes are outstanding, the Issuer shall file with the Commission and provide the Trustee, Holders and prospective Holders (upon request) within 15 days after it files or is required to file them with the Commission, copies of its annual report and the information, documents and other reports that are specified in Sections 13 and 15(d) of the Exchange Act. In addition, the Issuer shall furnish to the Trustee and the Holders, promptly upon their becoming available, copies of the annual report to shareholders and any other information provided by the Issuer to its public shareholders generally. The Issuer also will comply with the other provisions of Section 314(a) of the TIA.

Future Note Guarantors. The Issuer shall cause each Restricted Subsidiary that becomes a guarantor of borrowings of the Issuer under the Credit Agreement to become a Note Guarantor, and, if applicable, to execute and deliver to the Trustee a supplemental guarantee pursuant to which such Restricted Subsidiary will guarantee payment of the Notes.

Limitation on Lines of Business. The Issuer shall not, and shall not permit any of its Subsidiaries directly or indirectly to, engage in any business other than business of the type engaged in at the date hereof and any business reasonably related, complementing or ancillary thereto or a reasonable expansion thereof.

Fall Away Event. In the event of the occurrence of a Fall Away Event

(a) The covenants described under Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock, Certain Covenants Restricted Payments, Certain Covenants Dividend and Other Payment Restrictions Affecting Subsidiaries, Certain Covenants Asset Dispositions, Certain Covenants Transactions with Affiliates, Certain Covenants Limitation on Issuance and Sales of Capital Stock of Subsidiaries, Certain Covenants Limitation on Liens, Certain Covenants Future Note Guarantors, Certain Covenants Limitation on Lines of Business and clause (3)

Merger and Consolidation and the definitions relevant thereto shall each no longer be in effect for the remaining term of the Notes and any Note Guarantees then in effect shall be automatically released.

(b) From and after the date of the Fall Away Event, the Issuer will not, and will not permit any Subsidiary of the Issuer to, issue, assume or guarantee any Indebtedness of the type described in clauses (1), (2), (5), (6) (to the extent applicable to clauses (1), (2) or (5)) or (7) (to the extent applicable to clauses (1), (2), (5) or (6) (as previously limited in scope)) of the definition thereof (herein referred to as Debt) if such Debt is secured by any Lien upon any Principal Property of the Issuer or any Subsidiary of the Issuer, whether owned at the date of the Fall Away Event or thereafter acquired, without effectively securing the Notes equally and ratably with such Debt. The foregoing restriction does not apply to:

- (1) (i) Liens on any property acquired, constructed or improved after the date of the Fall Away Event (including Liens on Capital Stock) which are created or assumed within 24 months after such acquisition, construction or improvement (or within six months thereafter pursuant to a firm commitment for financing arrangements entered into within such 24 month period) to secure or provide for the payment of the purchase price or cost thereof incurred after the date of the Fall Away Event, or (ii) existing Liens on property acquired (including Liens on Capital Stock), provided such Liens shall not apply to any property (or Capital Stock) theretofore owned by the Issuer or a Subsidiary of the Issuer;
- (2) Liens existing on any property (including Liens on Capital Stock) acquired from a Person merged with or into the Issuer or a Subsidiary of the Issuer;
- (3) Liens on property (including Liens on Capital Stock) of any Person existing at the time it becomes a Subsidiary;
- (4) Liens securing Debt owed by a Subsidiary of the Issuer to the Issuer or to another Subsidiary of the Issuer;
- (5) Liens in favor of governmental bodies to secure advances or other payments pursuant to any contract or statute or to secure Indebtedness Incurred to finance the purchase price or cost of constructing or improving the property subject to such Liens;
- (6) Liens securing tax exempt debt of the Issuer or a Subsidiary of the Issuer;
- (7) banker's Liens and rights of offset of the holders of Indebtedness of the Issuer or a Subsidiary of the Issuer on monies deposited by the Issuer or a Subsidiary of the Issuer with such holders of Indebtedness in the Ordinary Course of Business of the Issuer or any such Subsidiary of the Issuer; or

Table of Contents

- (8) Liens for extending, renewing or replacing Debt secured by any Lien referred to in the foregoing clauses (1) to (7) inclusive or in this clause or any Lien existing on the date of the Fall Away Event, *provided, however*, that the principal amount of Debt secured thereby shall not exceed the principal amount of Debt so secured at the time of such extension, renewal or replacement, and that such extension, renewal or replacement shall be limited to all or a part of the property which secured the Lien so extended, renewed or replaced (plus improvements on such property).

Such restriction does not apply to the issuance, assumption or guarantee by the Issuer or any Subsidiary of the Issuer of Debt secured by a Lien which would otherwise be subject to the foregoing restriction up to an aggregate amount which, together with all other secured Debt (not including secured Debt permitted under the foregoing exceptions) and the Value of Significant Sale and Leaseback Transactions existing at such time (other than Significant Sale and Leaseback Transactions the proceeds of which have been applied to the retirement of the Notes or of Funded Debt or to the purchase of other Principal Property, and other than Significant Sale and Leaseback Transactions in which the property involved would have been permitted to be subject to a Lien under clause (1) above), does not exceed 15% of Consolidated Net Tangible Assets.

(c) From and after the date of the Fall Away Event, the Issuer will not, and will not permit any Subsidiary of the Issuer to, enter into any Significant Sale and Leaseback Transactions (except for leases between the Issuer and a Subsidiary of the Issuer or between Subsidiaries of the Issuer) unless the net proceeds of such sale are at least equal to the fair market value of the subject Principal Property and:

- (1) the Issuer or such Subsidiary of the Issuer would be entitled to incur Debt secured by a Lien on the property to be leased without securing the Notes pursuant to clause (1) of clause (b) above or
- (2) the Value thereof would be an amount permitted under the last sentence of clause (b) above or
- (3) the Issuer or any of its Subsidiaries applies an amount equal to the fair market value of such Principal Property
 - (a) to the retirement of Funded Debt of the Issuer or a Subsidiary of the Issuer or
 - (b) to the purchase of Principal Property (other than that involved in such Sale and Leaseback Transaction).

(d) Notwithstanding the preceding clauses (b) and (c), any Liens incurred or Significant Sale and Leaseback Transactions entered into prior to the date of the Fall Away Event shall be deemed permitted under such clauses whether or not such Liens and Significant Sale and Leaseback Transactions would otherwise be permitted to exist.

(e) For the purposes of clauses (a), (b), (c) and (d) above, the following definitions apply:

Consolidated Net Tangible Assets means the total of all the assets appearing on the consolidated balance sheet of the Issuer and its Subsidiaries less the following: (1) current liabilities, including liabilities for indebtedness maturing more than 12 months from the date of the original creation thereof but maturing within 12 months from the date of determination; (2) reserves for depreciation and other asset valuation reserves; (3) intangible assets such as goodwill, trademarks, trade names, patents, and unamortized debt discount and expense carried as an asset on said balance sheet; and (4) appropriate adjustments on account of minority interests of other Persons holding stock in any Subsidiary of the Issuer.

Fall Away Event means the Notes shall have achieved Investment Grade status and the Issuer delivers to the Trustee an Officers Certificate certifying the satisfaction of such condition.

Funded Debt means any Debt which by its terms matures at or is extendable or renewable at the sole option of the obligor without requiring the consent of the obligee to a date more than twelve months after the date of the creation of such Debt.

Table of Contents

Investment Grade means, with respect to the Notes, a credit rating of (i) at least Baa3 (or the equivalent) by Moody's Investors Service, Inc., and (ii) at least BBB- (or the equivalent) by Standard & Poor's Ratings Group, a division of McGraw Hill, Inc.; *provided* that neither of such entities shall have announced a negative or similar outlook or announced or informed the Issuer that it is reviewing the rating of the Notes for possible downgrading of the rating thereof.

Principal Property means any asset (including Capital Stock of a Subsidiary), whether owned at the date of the Fall Away Event or thereafter acquired, having a gross book value (without deductions of any applicable depreciation reserves) on the date as of which the determination is being made of more than 2.5% of Consolidated Net Tangible Assets.

Significant Sale and Leaseback Transaction means any arrangement with any Person providing for the leasing to the Issuer or any Subsidiary of the Issuer of any Principal Property (except for temporary leases for a term, including any renewal thereof, of not more than three years and except for leases between the Issuer and a Subsidiary of the Issuer or between Subsidiaries of the Issuer), which Principal Property has been or is to be sold or transferred by the Issuer or such Subsidiary of the Issuer to such Person.

Value means with respect to a Significant Sale and Leaseback Transaction, as of any particular time, the amount equal to the greater of (1) the net proceeds from the sale or transfer of the property leased pursuant to such Sale and Leaseback Transaction or (2) the fair market value in the opinion of the Board of Directors of the Issuer of such property at the time of entering into such Sale and Leaseback Transaction, in either case divided first by the number of full years of the terms of the lease and then multiplied by the number of full years of such term remaining at the time of determination, without regard to any renewal or extension options contained in the lease.

Merger and Consolidation

The Issuer will not consolidate with or merge with or into (whether or not the Issuer is the surviving entity), or directly and/or indirectly through its Subsidiaries sell, assign, transfer, lease, convey or otherwise dispose of all or substantially all of the properties and assets of the Issuer and the Restricted Subsidiaries taken as a whole in one or more related transactions, to any other Person, unless:

- (1) the resulting, surviving or transferee Person (the **Successor Company**) shall be a corporation or other legal entity organized and existing under the laws of the United States of America, any State thereof or the District of Columbia and the Successor Company (if not the Issuer) shall expressly assume, by a supplemental indenture, executed and delivered to the Trustee, in form satisfactory to the Trustee, all the obligations of the Issuer under the Notes and the Indenture;
- (2) immediately after giving effect to such transaction (and treating any Indebtedness which becomes an obligation of the Successor Company or any Restricted Subsidiary as a result of such transaction as having been Incurred by the Successor Company or such Restricted Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;
- (3) immediately after giving effect to such transaction, either (i) the Successor Company would be able to Incur an additional \$1.00 of Indebtedness under paragraph (a) of the covenant described under **Certain Covenants Incurrence of Indebtedness and Issuance of Preferred Stock** or (ii) the Consolidated Adjusted Debt to EBITDA Ratio would be equal to or less than such ratio immediately prior to giving effect to such transaction; and
- (4) the Issuer shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indenture (if any) are permitted by and comply with the Indenture.

The Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Indenture, but the predecessor Company in the case of a conveyance, transfer or lease of all or substantially all its assets will not be released from the obligation to pay the principal of and interest on the Notes.

Table of Contents

Notwithstanding the foregoing:

- (A) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to the Issuer or any Note Guarantor and
- (B) the Issuer may merge with an Affiliate incorporated solely for the purpose of reincorporating the Issuer in another jurisdiction to realize tax or other benefits.

Defaults

Each of the following is an Event of Default:

- (1) a default in any payment of interest on any Note when due and payable, continued for 30 days;
- (2) a default in the payment of principal of any Note when due and payable at its Stated Maturity, upon required redemption or repurchase, upon declaration or otherwise;
- (3) the failure of the Issuer or any Subsidiary to comply with its obligations under the covenant described under Merger and Consolidation above;
- (4) the failure by the Issuer or any Subsidiary to comply for 60 days after notice with any of its obligations under the covenants described under Change of Control (other than a failure to purchase Notes), or Certain Covenants above;
- (5) the failure by the Issuer or any Subsidiary to comply for 60 days after notice with its other agreements contained in the Notes or the Indenture;
- (6) the failure by the Issuer or any Subsidiary to pay any Indebtedness within any applicable grace period after final maturity or the acceleration of any such Indebtedness by the holders thereof because of a default if the total amount of such Indebtedness unpaid or accelerated exceeds \$35 million or its foreign currency equivalent (the cross acceleration provision);
- (7) the rendering of any judgment or decree for the payment of money in excess of \$35 million or its foreign currency equivalent against the Issuer or a Subsidiary if such judgment or decree remains outstanding for a period of 60 days following such judgment and is not discharged, waived or stayed, and is not adequately covered by insurance or indemnities which have been cash collateralized (the judgment default provision); and
- (8) certain events of bankruptcy, insolvency or reorganization of the Issuer or a Significant Subsidiary (the bankruptcy provisions).

The foregoing will constitute Events of Default whatever the reason for any such Event of Default and whether it is voluntary or involuntary or is effected by operation of law or pursuant to any judgment, decree or order of any court or any order, rule or regulation of any administrative or governmental body.

However, a default under clauses (4) or (5) will not constitute an Event of Default until the Trustee notifies the Issuer or the Holders of at least 25% in principal amount of the outstanding Notes notify the Issuer and the Trustee of the default and the Issuer does not cure such default within

Edgar Filing: CINCINNATI BELL ANY DISTANCE INC - Form 424B5

the time specified in clauses (4) or (5) hereof after receipt of such notice.

If an Event of Default (other than an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Issuer) occurs and is continuing, the Trustee or the Holders of at least 25% in principal amount of the outstanding Notes by notice to the Issuer may declare the principal of and accrued but unpaid interest on all the Notes to be due and payable. Upon such a declaration, such principal and interest will be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Issuer occurs, the principal of and interest on all the Notes will become immediately due and payable without any declaration or other act on the part of the Trustee or any Holders. Under certain circumstances, the Holders of a majority in principal amount of the outstanding Notes may rescind any such acceleration with respect to the Notes and its consequences.

S-36

Table of Contents

Subject to the provisions of the Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee indemnity or security satisfactory to the Trustee against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no Holder may pursue any remedy with respect to the Indenture or the Notes unless:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of the outstanding Notes have requested the Trustee in writing to pursue the remedy;
- (3) such Holders have offered the Trustee security or indemnity satisfactory to the Trustee against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) the Holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of the outstanding Notes will be given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

If a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder notice of the Default within 30 days after it is actually known to a Trust Officer or written notice of it is received by the Trustee. Except in the case of a Default in the payment of principal of, premium (if any) or interest on any Note (including payments pursuant to the redemption provisions of such Note), the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is in the interests of the Holders. In addition, the Issuer will be required to deliver to the Trustee, within 90 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Issuer shall also comply with Section 314(a)(4) of the TIA.

Amendments and Waivers

Subject to certain exceptions, the Indenture or the Notes may be amended with the written consent of the Holders of a majority in principal amount of the Notes then outstanding and any past default or compliance with any provisions may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding. However, without the consent of each Holder of an outstanding Note affected, no amendment may, among other things:

- (1) reduce the amount of Notes whose Holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any Note;
- (3) reduce the principal of or change the Stated Maturity of any Note;

- (4) reduce the premium payable upon the redemption of any Note or change the time at which any Note may be redeemed as described under Optional Redemption above;

- (5) make any Note payable in money other than that stated in the Note;

S-37

Table of Contents

- (6) impair the right of any Holder to receive payment of principal of, and interest on, such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
- (7) make any change in the amendment provisions which require each Holder's consent or in the waiver provisions;
- (8) make any change in the ranking or priority of any Note or Note Guarantee that would adversely affect the Holders; or
- (9) release, other than in accordance with the Indenture, any Note Guarantee or collateral securing the Notes.

Without the consent of any Holder, the Issuer, the Note Guarantors and the Trustee may amend the Indenture to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for the assumption by a successor entity of the obligations of the Issuer under the Indenture;
- (3) provide for uncertificated Notes in addition to or in place of certificated Notes (*provided, however*, that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f)(2)(B) of the Code);
- (4) add additional Guarantees with respect to the Notes;
- (5) secure the Notes;
- (6) add to the covenants of the Issuer for the benefit of the Holders or to surrender any right or power conferred upon the Issuer;
- (7) make any change that does not adversely affect the rights of any Holder, subject to the provisions of the Indenture;
- (8) provide for the issuance of the Additional Notes;
- (9) comply with any requirement of the Commission in connection with the qualification of the Indenture under the TIA;
- (10) change the name or title of the Notes, and any conforming changes related thereto; or
- (11) conform the text of the Indenture, the Notes or the Note Guarantees to any provision of this Description of Notes, to the extent that such provision in the Indenture, the Notes or the Note Guarantees was intended to be a verbatim recitation of a provision of this Description of Notes.

The consent of the Holders will not be necessary to approve the particular form of any proposed amendment. It will be sufficient if such consent approves the substance of the proposed amendment.

Edgar Filing: CINCINNATI BELL ANY DISTANCE INC - Form 424B5

After an amendment becomes effective, the Issuer is required to mail to Holders a notice briefly describing such amendment. However, the failure to give such notice to all Holders, or any defect therein, will not impair or affect the validity of the amendment.

Transfer and Exchange

A Holder will be able to transfer or exchange Notes. Book Entry, Delivery and Form

The Notes offered hereby will be issued in the form of a fully registered Global Note (the "Global Note"). The Global Note will be deposited on or about the Closing Date with, or on behalf of, The Depository Trust Company (the "Depository") and registered in the name of Cede & Co., as nominee of the Depository (such nominee being referred to herein as the "Global Note Holder").

The Depository is a limited-purpose trust company which was created to hold securities for its participating organizations (collectively, the "Participants" or the "Depository's Participants") and to facilitate the clearance and settlement of transactions in such securities between Participants through electronic book-entry changes in accounts of its Participants. The Depository's Participants include securities brokers and dealers (including the underwriters), banks and trust companies, clearing corporations and certain other organizations. Access to the Depository's system is also available to other entities such as banks, brokers, dealers and trust companies (collectively, the "Indirect Participants" or the "Depository's Indirect Participants") that clear through or maintain a custodial relationship with a Participant, either directly or indirectly. Persons who are not Participants may beneficially own securities held by or on behalf of the Depository only through the Depository's Participants or the Depository's Indirect Participants.

The Issuer expects that pursuant to procedures established by the Depository (i) upon deposit of the Global Note, the Depository will credit the accounts of Participants designated by the underwriters with portions of the principal amount of the Global Note and (ii) ownership of the Notes will be shown on, and the transfer of ownership thereof will be effected only through, records maintained by the Depository (with respect to the interests of the Depository's Participants), the Depository's Participants and the Depository's Indirect

Table of Contents

Participants. Prospective purchasers are advised that the laws of some states require that certain Persons take physical delivery in definitive form of securities that they own. Consequently, the ability to transfer Notes will be limited to such extent.

So long as the Global Note Holder is the registered owner of any Notes, the Global Note Holder will be considered the sole owner or Holder of such Notes outstanding under the Indenture. Except as provided below, owners of Notes will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive form, and will not be considered the Holders thereof under the Indenture for any purpose, including with respect to the giving of any directions, instructions or approvals to the Trustee thereunder. As a result, the ability of a Person having a beneficial interest in Notes represented by the Global Note to pledge such interest to Persons or entities that do not participate in the Depository's system or to otherwise take actions in respect of such interest may be affected by the lack of a physical certificate evidencing such interest.

Neither the Issuer, the Trustee, the Paying Agent nor the Notes Registrar will have any responsibility or liability for any aspect of the records relating to or payments made on account of Notes by the Depository, or for maintaining, supervising or reviewing any records of the Depository relating to such Notes.

Payments in respect of the principal, premium, if any, and interest on any Notes registered in the name of a Global Note Holder on the applicable record date will be payable by the Trustee to or at the direction of such Global Note Holder in its capacity as the registered Holder under the Indenture. Under the terms of the Indenture, the Issuer and the Trustee may treat the Persons in whose names the Notes, including the Global Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes whatsoever. Consequently, neither the Issuer nor the Trustee has or will have any responsibility or liability for the payment of such amounts to beneficial owners of Notes (including principal, premium, if any, and interest).

The Issuer believes, however, that it is currently the policy of the Depository to immediately credit the accounts of the relevant Participants with such payment, in amounts proportionate to their respective holdings in principal amount of beneficial interests in the relevant security as shown on the records of the Depository. Payments by the Depository's Participants and the Depository's Indirect Participants to the beneficial owner of Notes will be governed by standing instructions and customary practice and will be the responsibility of the Depository's Participants or the Depository's Indirect Participants.

As long as the Notes are represented by a Global Note, the Depository's nominee will be the Holder of the Notes and therefore will be the only entity that can exercise a right to repayment or repurchase of the Notes. Notice by Participants or Indirect Participants or by owners of beneficial interests in a Global Note held through such Participants or Indirect Participants of the exercise of the option to elect repayment of beneficial interests in Notes represented by a Global Note must be transmitted to the Depository in accordance with its procedures on a form required by the Depository and provided to Participants. In order to ensure that the Depository's nominee will timely exercise a right to repayment with respect to a particular Note, the beneficial owner of such Note must instruct the broker or the Participant or Indirect Participant through which it holds an interest in such Note to notify the Depository of its desire to exercise a right to repayment. Different firms have cut-off times for accepting instructions from their customers and, accordingly, each beneficial owner should consult the broker or other Participant or Indirect Participant through which it holds an interest in a Note in order to ascertain the cut-off time by which such an instruction must be given in order for timely notice to be delivered to the Depository. The Issuer will not be liable for any delay in delivery of notices of the exercise of the option to elect repayment.

Certificated Securities

Subject to certain conditions, any Person having a beneficial interest in the Global Note may, upon request to the Issuer or the Trustee, exchange such beneficial interest for Notes in the form of Certificated Securities.

Table of Contents

Upon any such issuance, the Trustee is required to register such Notes in the name of, and cause the same to be delivered to, such Person or Persons (or the nominee of any thereof). In addition, if the Issuer notifies the Trustee in writing that the Depository is no longer willing or able to act as a depository and the Issuer is unable to locate a qualified successor within 90 days, then, upon surrender by the relevant Global Note Holder of its Global Note, Notes in such form will be issued to each Person that such Global Note Holder and the Depository identify as the beneficial owner of the related Notes.

Neither the Issuer nor the Trustee shall be liable for any delay by the related Global Note Holder or the Depository in identifying the beneficial owners of Notes and each such Person may conclusively rely on and shall be protected in relying on, instructions from the Global Note Holder or of the Depository for all purposes (including with respect to the registration and delivery, and the respective principal amounts of the Notes to be issued).

Same-Day Settlement and Payment

The Indenture will require that payments in respect of the Notes (including principal, premium, if any, and interest) be made by wire transfer of immediately available funds to the accounts specified by the Global Note Holders. The Issuer expects that secondary trading in the Certificated Notes also will be settled in immediately available funds.

Transfer and Exchange

A Holder may transfer or exchange the Notes in accordance with the procedures set forth in the Indenture. The Registrar may require a Holder, among other things, to furnish appropriate endorsements and transfer documents, and to pay any taxes and fees required by law or permitted by the Indenture. The Registrar is not required to transfer or exchange any Note selected for redemption. Also, the Registrar is not required to transfer or exchange any Note for a period of 15 days before a selection of the Notes to be redeemed.

The registered Holder of a Note will be treated as the owner of it for all purposes.

Table of Contents**MATERIAL UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS****General**

The following discussion summarizes the material U.S. federal income tax consequences of the purchase, ownership and disposition of the notes by a holder of the notes who buys them at original issuance at the price indicated on the cover of this prospectus supplement. This summary is based upon U.S. federal income tax law as of the date hereof, which is subject to change or differing interpretations, possibly with retroactive effect. This summary does not discuss all aspects of U.S. federal income taxation that may be important to particular investors in light of their individual circumstances, such as investors subject to special tax rules (e.g., financial institutions, insurance companies, broker-dealers and tax-exempt organizations) or to persons that will hold the notes as a part of a straddle, hedge, conversion, constructive sale or other integrated transaction for U.S. federal income tax purposes, partnerships (including entities or arrangements treated as partnerships for U.S. federal income tax purposes) or U.S. Holders (as defined below) that have a functional currency other than the United States dollar or are subject to the alternative minimum tax, all of whom may be subject to tax rules that differ materially from those summarized below. In addition, this summary does not discuss any foreign, state or local tax considerations or any tax consequences resulting from the newly enacted Medicare tax on investment income. This summary is written for investors that will hold their notes as capital assets under the Internal Revenue Code of 1986, as amended. We are not seeking a ruling from the Internal Revenue Service (the IRS) regarding the U.S. federal income tax consequences of the purchase, ownership or disposition of the notes. Accordingly, there can be no assurance that the IRS will not successfully challenge one or more of the conclusions stated herein. Each prospective investor is urged to consult its tax advisor regarding the U.S. federal, state, local and foreign income and other tax consequences of the purchase, ownership or disposition of the notes.

For purposes of this summary, a U.S. Holder is a beneficial owner of a note that is, for U.S. federal income tax purposes, (i) an individual who is a citizen or resident of the United States, (ii) a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created in or organized under the law of the United States, any state thereof or the District of Columbia, (iii) an estate the worldwide income of which is subject to U.S. federal income tax, or (iv) a trust (A) the administration of which is subject to the primary supervision of a United States court and with respect to which one or more United States persons have the authority to control all substantial decisions, or (B) that has in effect a valid election under applicable United States Treasury regulations to be treated as a United States person. A beneficial owner of a note that is not a partnership (or entity or arrangement treated as a partnership for U.S. federal income tax purposes) or a U.S. Holder is referred to herein as a Non-U.S. Holder.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of notes, the treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A holder of notes that is a partnership, and partners in such a partnership, are urged to consult their tax advisors about the U.S. federal income tax consequences of holding and disposing of the notes.

U.S. Holders

Interest Income. Generally, stated interest on a note will be taxable to a U.S. Holder as ordinary interest income (in accordance with the holder's regular method of accounting) at the time such payments are accrued or received.

Original Issue Discount. The notes may be issued with original issue discount (OID) for U.S. federal income tax purposes. The amount of OID on a note will generally equal the excess of the principal amount of a note over its issue price. The issue price of a note will equal the first price at which a substantial amount of notes are sold for money, excluding sales to underwriters, placement agents or wholesalers. If the amount of OID is less than 0.25% (1/4 of 1%) of the principal amount multiplied by the number of full years from the issue date of the note to the maturity date of the note, then the note will be treated under a de minimis rule as having zero OID.

Table of Contents

A U.S. Holder will be required to include in taxable income for any particular taxable year the sum of the daily portions of the OID described in the preceding paragraph that accrues on the note for each day during the taxable year on which such holder holds the note, whether reporting on the cash or accrual basis of accounting for U.S. federal income tax purposes. Thus, a U.S. Holder will be required to include OID in income in advance of the receipt of the cash to which such OID is attributable. The daily portion is determined by allocating to each day of an accrual period (generally, the period between interest payments or compounding dates) a pro rata portion of the OID allocable to such accrual period. The amount of OID that will accrue during an accrual period is the product of the adjusted issue price of the note at the beginning of the accrual period multiplied by the yield to maturity of the note less the amount of any stated interest allocable to such accrual period. The adjusted issue price of a note at the beginning of an accrual period will equal its issue price, increased by the aggregate amount of OID that has accrued on the note in all prior accrual periods, and decreased by any payments made on the notes during all prior accrual periods other than payments of stated interest.

A U.S. Holder may elect to be taxed on the income from the note in a different manner than described above. Under the election, a U.S. Holder treats all interest on a note as OID and calculates the amount includible in gross income under the constant yield method described above. For purposes of this election, interest includes stated interest and OID (including *de minimis* OID). A U.S. Holder's tax basis is increased by all accruals of income and decreased by all payments such holder receives on the note. The election is to be made for the taxable year in which a U.S. Holder acquires a note and may not be revoked without the consent of the IRS. U.S. Holders should consult with their own tax advisors about this election. The remainder of this discussion assumes that a U.S. Holder has not made this election.

Sale, Exchange, Retirement or Other Disposition of the Notes. Upon a sale or other taxable disposition of notes, a U.S. Holder generally will recognize gain or loss in an amount equal to the difference between the amount realized on the disposition (other than an amount attributable to accrued but unpaid stated interest, which will be taxable as ordinary income (as described above under Interest Income) to the extent not previously included in income) and the U.S. Holder's adjusted tax basis in such notes. A U.S. Holder's adjusted tax basis in a note generally will be equal to the cost of the note to such holder, increased by any OID included in the U.S. Holder's income prior to the disposition of the note (if any) and decreased by any payments received on the note other than stated interest. Any such gain or loss generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder's holding period for the note is more than one year at the time of disposition. For non-corporate U.S. Holders, long-term capital gain generally will be subject to reduced rates of taxation. The deductibility of capital losses is subject to certain limitations.

Non-U.S. Holders

Interest. All payments of interest (including OID, if any) on the notes made to a Non-U.S. Holder will be exempt from U.S. federal income and withholding tax, provided that: (i) such Non-U.S. Holder does not own, actually or constructively, 10% or more of the total combined voting power of all classes of our stock entitled to vote, (ii) such Non-U.S. Holder is not a controlled foreign corporation related, directly or indirectly, to us through stock ownership, (iii) such Non-U.S. Holder is not a bank receiving certain types of interest, (iv) the beneficial owner of the notes certifies, under penalties of perjury, to us or our paying agent on IRS Form W-8BEN (or appropriate substitute form) that it is not a United States person and provides its name, address and certain other required information or certain other certification requirements are satisfied and (v) such payments and gain are not effectively connected with such Non-U.S. Holder's conduct of a trade or business in the United States.

If a Non-U.S. Holder cannot satisfy the requirements described above, payments of interest will be subject to the 30% U.S. federal withholding tax, unless such Non-U.S. Holder provides us with a properly executed (i) IRS Form W-8BEN (or appropriate substitute form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (ii) IRS Form W-8ECI (or appropriate substitute form) stating that interest paid or accrued on the notes is not subject to withholding tax because it is effectively

Table of Contents

connected with the conduct of a trade or business in the United States (in which case it will be taxed as discussed below under **Income Effectively Connected with a U.S. Trade or Business** .

Sale, Exchange, Retirement or Other Disposition of the Notes. Subject to the discussion below concerning backup withholding and except with respect to accrued but unpaid interest (including OID, if any), which will be taxable as described above under **Interest**, a Non-U.S. Holder generally will not be subject to U.S. federal income or withholding tax on the receipt of payments of principal on a note, or on any gain recognized upon the sale, exchange, retirement or other disposition of a note, unless in the case of gain (i) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States and, if a treaty applies (and the holder complies with applicable certification and other requirements to claim treaty benefits), is attributable to a permanent establishment maintained by the Non-U.S. Holder within the United States or (ii) such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition, and certain other conditions are met.

Income Effectively Connected with a U.S. Trade or Business. If a Non-U.S. Holder of notes is engaged in a trade or business in the United States, and if interest on the notes (including OID, if any), or gain realized on the sale, exchange or other disposition of the notes is effectively connected with the conduct of such trade or business, the Non-U.S. Holder generally will be subject to regular U.S. federal income tax on such income or gain in the same manner as if the Non-U.S. Holder were a U.S. Holder. If the Non-U.S. Holder is eligible for the benefits of an income tax treaty between the United States and the holder's country of residence, any effectively connected income or gain generally will be subject to U.S. federal income tax only if it is also attributable to a permanent establishment or fixed base maintained by the holder in the United States. Payments of interest that are effectively connected with a U.S. trade or business will not be subject to the 30% withholding tax provided that the holder claims exemption from withholding. To claim exemption from withholding, the holder must certify its qualification, which can be done by filing a properly executed IRS Form W-8ECI. In addition, if such a Non-U.S. Holder is a foreign corporation, such holder may also be subject to a branch profits tax equal to 30% (or such lower rate provided by an applicable treaty) of its effectively connected earnings and profits for the taxable year, subject to certain adjustments.

Information reporting and backup withholding

U.S. Holders. Payments of principal and interest (including OID, if any) on, or the proceeds of the sale or other disposition of, a note are generally subject to information reporting unless the U.S. Holder is an exempt recipient. Such payments may also be subject to U.S. federal backup withholding at the applicable rate if the recipient of such payment fails to supply a taxpayer identification number, certified under penalties of perjury, as well as certain other information or otherwise fails to establish an exemption from backup withholding. Any amounts withheld under the backup withholding rules will be allowed as a refund or credit against that U.S. Holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS.

Non-U.S. Holders. A Non-U.S. Holder may be required to comply with certain certification procedures to establish that the holder is not a United States person in order to avoid backup withholding with respect to our payment of principal and interest (including OID, if any) on, or the proceeds of the sale or other disposition of, a note. Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against that Non-U.S. Holder's U.S. federal income tax liability provided the required information is timely furnished to the IRS. In certain circumstances, the name and address of the beneficial owner and the amount of interest paid on a note (including OID, if any), as well as the amount, if any, withheld, may be reported to the IRS. Copies of these information returns may also be made available under the provisions of a specific treaty or agreement to the tax authorities of the country in which the Non-U.S. Holder resides.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions set forth in a firm commitment underwriting agreement to be entered into among us and the underwriters, we have agreed to sell to the underwriters listed below, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of notes set forth opposite its name below.

Underwriters	Principal Amount of Notes
Barclays Capital Inc.	\$
RBS Securities Inc.	
Morgan Stanley & Co. Incorporated	
Banc of America Securities LLC	
Deutsche Bank Securities Inc.	
Wells Fargo Securities, LLC	
Fifth Third Securities, Inc.	
PNC Capital Markets LLC	
	\$ 500,000,000

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the notes sold under the underwriting agreement if any of these notes are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the non-defaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the notes, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the notes, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

Commissions and Discounts

The underwriters have advised us that the underwriters propose initially to offer the notes to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price less a concession not in excess of % of the principal amount of the notes. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount or commission, are estimated at \$1,000,000 and are payable by us.

New Issue of Notes

The notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the notes on any national securities exchange or for inclusion of the notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the notes after completion of the offering. However, they are under no obligation to do so and may discontinue any

Table of Contents

market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the notes or that an active public market for the notes will develop. If an active public trading market for the notes does not develop, the market price and liquidity of the notes may be adversely affected. If the notes are traded, they may trade at a discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

Short Positions

In connection with the offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the notes or preventing or retarding a decline in the market price of the notes. As a result, the price of the notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the notes. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Other Relationships

In the ordinary course of business, the underwriters and their affiliates have provided, are providing and may in the future provide financial advisory, investment banking and general financing and banking services for us for customary fees and commissions. Affiliates of certain of the underwriters are agents and/or lenders under our senior credit facilities and will receive a portion of the proceeds from this offering.

RISK FACTORS

Investing in our securities involves risks. Potential investors are urged to read and consider the risk factors and other disclosures relating to an investment in securities issued by Cincinnati Bell described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008 and our Quarterly Reports on Form 10-Q for the fiscal quarters ended March 31, 2009 and June 30, 2009, as updated by annual, quarterly and other reports and documents we file with the SEC after the date of this prospectus and that are incorporated by reference herein (excluding those portions of such reports that are deemed furnished and not filed). These forward-looking statements are found at various places throughout this prospectus and the other documents incorporated herein by reference. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this prospectus or the date of the other documents incorporated by reference herein. Readers also should understand that it is not possible to predict or identify all such factors and that the risk factors as listed in our filings with the SEC should not be considered a complete statement of all potential risks and uncertainties. USE OF PROCEEDS

Unless otherwise indicated in a prospectus supplement, we intend to use the net proceeds from the sale of our securities for general corporate purposes, possible future repayments of indebtedness or for such other purposes as may be specified in the applicable prospectus supplement.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth the unaudited consolidated ratios of earnings to fixed charges for Cincinnati Bell on a historical basis:

	Six Months Ended		Year Ended December 31,			
	June 30, 2009	2008	2007	2006	2005	2004
Ratio of Earnings to Fixed Charges	2.3	2.2	1.8	1.9		1.5
Coverage Deficiency	n/a	n/a	n/a	n/a	\$ 21.7	n/a

We computed the ratio of earnings to fixed charges by dividing fixed charges into the sum of earnings (after certain adjustments) and fixed charges. Earnings used in computing the ratio of earnings to fixed charges consisted of income from continuing operations before income taxes, adjustment for noncontrolling/minority interests, income or loss from equity method investees and fixed charges except for capitalized interest. Fixed charges consist of interest expensed and capitalized and the portion of rent expense representative of interest.

Table of Contents

In connection with the distribution of the securities covered by this prospectus or otherwise, we may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with us. We may also sell securities short and deliver the securities offered by this prospectus to close out our short positions. We may also enter into option or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. We may also from time to time pledge our securities pursuant to the margin provisions of our customer agreements with our brokers. Upon our default, the broker may offer and sell such pledged securities from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

At any time a particular offer of the securities covered by this prospectus is made, a revised prospectus or prospectus supplement, if required, will be distributed which will set forth the aggregate amount of securities covered by this prospectus being offered and the terms of the offering, including the name or names of any underwriters, dealers, brokers or agents, any discounts, commissions, concessions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers. Such prospectus supplement, and, if necessary, a post-effective amendment to the registration statement of which this prospectus is a part, will be filed with the SEC to reflect the disclosure of additional information with respect to the distribution of the securities covered by this prospectus. In order to comply with the securities laws of certain states, if applicable, the securities sold under this prospectus may only be sold through registered or licensed broker-dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from registration or qualification requirements is available and is complied with.

In connection with an underwritten offering, we would execute an underwriting agreement with an underwriter or underwriters. Unless otherwise indicated in the revised prospectus or applicable prospectus supplement, such underwriting agreement would provide that the obligations of the underwriter or underwriters are subject to certain conditions precedent, and that the underwriter or underwriters with respect to a sale of the covered securities will be obligated to purchase all of the covered securities, if any such securities are purchased. We may grant to the underwriter or underwriters an option to purchase additional securities at the public offering price, less any underwriting discount, as may be set forth in the revised prospectus or applicable prospectus supplement. If we grant any such option, the terms of that option will be set forth in the revised prospectus or applicable prospectus supplement.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the underwriters, agents, brokers or dealers may be required to make.
