BIRKS & MAYORS REPORTS MID-YEAR RESULTS

Montreal, Quebec, November 18, 2010 Birks & Mayors Inc. (the Company or Birks & Mayors) (NYSE AMEX:BMJ), which operates 64 luxury jewelry stores across Canada, Florida and Georgia, reported results for the twenty-six week period ended September 25, 2010.

For the 26 Weeks Ended September 25, 2010 compared to the 26 Weeks Ended September 26, 2009

Net sales increased 8.8% to \$111.2 million from \$102.2 million in the prior-year period;

Comparable store sales were up 5% as compared to the prior-year period; and

A net loss of \$9.5 million, or \$0.84 per share, was recognized for the period compared to a net loss of \$12.9 million, or \$1.13 per share, in the prior-year period.

Six-Month Fiscal 2011 Results

Net sales for the 26-week period ended September 25, 2010 increased 8.8% to \$111.2 million from \$102.2 million for the 26-week period ended September 26, 2009. The increase in reported net sales for the current 26-week period is primarily attributable to comparable store sales growth of 5% and \$5.8 million of higher sales associated with foreign currency translation of the Company's Canadian operations into U.S. dollars due to the stronger Canadian dollar. The comparable store sales increase of 5% reflects a 6% comparable store sales increase in Canada and a 2% increase in the U.S. The increase in comparable store sales in both Canada and the U.S. is primarily attributable to an increase in store traffic in both the Company's Canadian and U.S. markets and an increase in the average sale transaction in the U.S.

Gross profit was \$47.5 million, or 42.7% of net sales in the first six months of fiscal 2011, as compared to \$43.5 million, or 42.5% of net sales, in the prior year period. The 20 basis point increase was primarily attributable to a reduction in promotional pricing pressures in the U.S.

Selling, general and administrative expenses (SG&A) for the period was \$48.6 million, or 43.7% of net sales, as compared to \$48.1 million, or 47.1% of net sales, in the prior-year period. The \$0.5 million increase in SG&A was primarily attributable to \$2.3 million of higher expenses related to foreign currency translation resulting from the translation of Canadian expenses into U.S. dollars with a relatively stronger Canadian dollar, net of \$1.8 million of lower operating expenses.

Inventory totaled \$140.8 million at September 25, 2010, as compared to \$158.6 million at September 26, 2009, a decrease of \$17.8 million or 11.2%. Excluding the impact of \$4.0 million of

foreign currency translation, the Company's inventory is lower than last fiscal year by \$21.8 million, due primarily to lower retail inventory as comparable store inventory decreased by 10.4% as well as the impact of the Company's closure of four store locations since September 26, 2009, partially offset by the opening of one new store.

Bank indebtedness decreased \$13.8 million from September 26, 2009. Excluding the impact of \$1.3 million of foreign currency translation, bank indebtedness is lower than the prior fiscal year by \$15.1 million. The decrease in bank indebtedness is primarily associated with the reduction in inventory.

Tom Andruskevich, President and Chief Executive Officer of Birks & Mayors, commented: During the first half of the fiscal year we experienced modest improvements in our performance as the economies of both Canada and, to a lesser extent, the U.S. began to improve. We are encouraged by the continued improvement in sales and gross margin performance so far this year and will continue to focus on generating increases in sales and gross profits throughout the all important holiday season. In addition, we will continue to diligently control expenses, manage the level and productivity of our inventory and limit capital expenditures while continuing to focus on providing superior customer service and maintaining strong client relationships.
