**Item 1.01. Entry into a Material Definitive Agreement.**

On June 17, 2011, WD-40 Company (the Company) entered into an unsecured Credit Agreement (the Agreement) with Bank of America, N.A. (the Bank). The Agreement consists of a new \$75.0 million three-year revolving credit facility (the Credit Facility). The proceeds of the Credit Facility will be used for the Company's stock repurchases and general working capital needs. Under the terms of the Agreement, the Company may borrow loans in U.S. dollars or in foreign currencies from time to time during the three-year period expiring June 17, 2014. All loans denominated in U.S. dollars will accrue interest at Bank's Prime rate or at LIBOR plus a margin of 0.90 percent. All loans denominated in foreign currencies will accrue interest at LIBOR plus 0.90 percent (together with any applicable mandatory liquid asset costs imposed by non-U.S. banking regulatory authorities). Interest on outstanding loans is due and payable on a quarterly basis through the maturity date of June 17, 2014. The Company may also borrow against the Credit Facility through the issuance of standby letters of credit (Letters of Credit). Outstanding Letters of Credit are subject to a fee equal to 0.90 percent per annum applied to amounts available to be drawn on outstanding Letters of Credit. The Company will incur commitment fees for the Credit Facility at an annual rate of 0.15 percent applied to the portion of the total Credit Facility commitment that has not been borrowed until outstanding loans and Letters of Credit exceed \$37.5 million. As of June 17, 2011, the Company had no outstanding borrowing under the Agreement.

The Agreement includes representations, warranties and covenants customary for credit facilities of this type as well as customary events of default and remedies. The Agreement requires the Company to maintain the same financial covenants governing the Company's existing \$75.0 million term loan financed through Prudential Capital (the Prudential Loan) until the Prudential Loan is paid in full. Such financial covenants include a maximum Debt to EBITDA Ratio, a minimum Consolidated Net Worth and a minimum Fixed Charge Coverage Ratio. The Prudential Loan was originated in October 2001 and has a maturity date in October 2011. The Prudential Loan has an unpaid principal balance due in the amount of \$10.7 million. After the Prudential Loan is paid in full, the Agreement requires the Company to maintain a minimum Consolidated EBITDA of \$40.0 million, measured on a trailing twelve month basis, at each reporting period.

The Credit Facility replaces the Company's existing \$10.0 million unsecured credit line with Union Bank, N.A. (Union Bank) executed in September 2008. As of June 17, 2011 the Company had no outstanding borrowing under the Union Bank credit facility. The Union Bank credit facility was terminated on June 17, 2011.

The foregoing summary of the material terms of the Agreement is qualified in its entirety by reference to the Agreement which is filed as Exhibit 10(a) to this current report on Form 8-K. Capitalized terms used but not defined herein have the meanings given to such terms in the Agreement, inclusive of Exhibit 8.11 thereto with reference to the financial covenants of the Prudential Loan.
