PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To Be Held On August 11, 2011

This Proxy Statement is furnished to the stockholders of Polo Ralph Lauren Corporation, a Delaware corporation, in connection with the solicitation by the Corporation's Board of Directors of proxies for the 2011 Annual Meeting of Stockholders of the Corporation to be held at the St. Regis Hotel, 20th Floor Penthouse, 2 East 55th Street, New York, New York on Thursday, August 11, 2011, at 9:30 a.m., local time, and at any adjournments or postponements thereof. This Proxy Statement and the accompanying proxy are being mailed to the Corporation's stockholders on or about July 7, 2011. In this Proxy Statement, we refer to Polo Ralph Lauren Corporation as the Corporation, we or us.

A proxy delivered pursuant to this solicitation may be revoked by the person executing the proxy at any time before it is voted by giving written notice to the Secretary of the Corporation, by delivering a later dated proxy, or by voting in person at the Annual Meeting of Stockholders. The address of the Corporation's principal executive offices is 650 Madison Avenue, New York, New York 10022.

Only holders of record of shares of the Corporation's Class A Common Stock and Class B Common Stock (together, the Common Stock) at the close of business on June 21, 2011, the record date for the Annual Meeting of Stockholders, are entitled to notice of, and to vote at, the Annual Meeting of Stockholders and adjournments or postponements thereof. The presence, in person or by proxy, of the holders of one-third of the total number of shares of Common Stock outstanding on the record date will constitute a quorum for the transaction of business at the Annual Meeting of Stockholders. Each owner of record of Class A Common Stock on the record date is entitled to one vote for each share. Each owner of record of Class B Common Stock on the record date is entitled to ten votes for each share. On June 21, 2011, there were 61,631,390 outstanding shares of Class A Common Stock and 30,831,276 outstanding shares of Class B Common Stock. Except for the election of directors, the Class A Common Stock and Class B Common Stock vote together as a single class on all matters presented for the consideration of the stockholders of the Corporation. The Class A Common Stock is publicly traded on the New York Stock Exchange (NYSE) under the symbol RL; the Class B Common Stock is owned by Ralph Lauren and entities owned by, or established for the benefit of, Mr. Lauren, or members of his family.

The Corporation's Board of Directors has by resolution fixed the number of directors at eleven. Three directors (the Class A Directors) will be elected by a plurality vote of the shares of Class A Common Stock present in person or by proxy at the Annual Meeting of Stockholders and eligible to vote, and eight directors (the Class B Directors) will be elected by a plurality vote of the shares of Class B Common Stock present in person or by proxy at the 2011 Annual Meeting of Stockholders and eligible to vote. The ratification of the appointment of Ernst & Young LLP (Ernst & Young) as the Corporation's independent registered public accounting firm for the fiscal year ending March 31, 2012, the approval, on an advisory basis, of the compensation of our named executive officers and the Corporation's compensation philosophy, policies and practices as described herein and the approval, on an advisory basis, of the frequency of holding future advisory votes on executive compensation will each require the affirmative vote of a majority of the total votes cast on the proposal by the shares of Common Stock present in person or by proxy at the 2011 Annual Meeting of Stockholders and eligible to vote. Because the vote on the frequency of holding future advisory votes on executive compensation is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by the stockholders. The approval of an amendment to the Corporation's Amended and Restated Certificate of Incorporation to change the name of the

Corporation to Ralph Lauren Corporation will require the affirmative vote of the holders of a majority of the outstanding shares of Common Stock on the record date. Stockholders should specify their choices on the enclosed form of proxy.

If no specific instructions are given with respect to the matters to be acted upon, the shares represented by a properly signed proxy will be voted FOR each nominee as a director to hold office until the 2012 Annual Meeting of Stockholders of the Corporation and until his or her successor is elected and qualified (Proposal 1), FOR the proposal to ratify the appointment of Ernst & Young as the Corporation's independent registered public accounting firm for the fiscal year ending March 31, 2012 (Proposal 2), FOR the proposal, on an advisory basis, approving the compensation of the Corporation's named executive officers and the Corporation's compensation philosophy, policies and practices as described herein (Proposal 3), FOR the proposal, on an advisory basis, approving the frequency of one year for holding future advisory votes on executive compensation (Proposal 4) and FOR the proposal of the amendment of the Corporation's Amended and Restated Certificate of Incorporation to effect a name change (Proposal 5).

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, the organization that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a broker non-vote.

The ratification of the appointment of the Corporation's independent registered public accounting firm for the fiscal year ending March 31, 2012 (Proposal 2) is a matter considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal 2.

The election of directors (Proposal 1), the advisory vote on executive compensation (Proposal 3), the advisory vote on the frequency of the advisory vote on executive compensation (Proposal 4) and the proposal to change our corporate name (Proposal 5) are matters considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters, and therefore there may be broker non-votes on Proposals 1, 3, 4 and 5.

Broker non-votes and abstentions are counted for purposes of determining whether a quorum is present. Only FOR and AGAINST votes, or, in the case of Proposal 4, votes for the options of ONE YEAR, TWO YEARS or THREE YEARS are counted for purposes of determining the votes cast in connection with each proposal. Therefore, broker non-votes and abstentions will not be counted as a vote FOR the election of directors in Proposal 1 or as a vote in favor of any of the frequency options in Proposal 4 and will have no effect on determining whether the affirmative vote constitutes a majority of the votes cast with respect to Proposals 2, 3 and 4. Because approval of Proposal 5 requires the affirmative vote of a majority of the shares of common stock outstanding, abstentions and broker non-votes will have the same effect as a vote against Proposal 5.

(PROPOSAL 1)

ELECTION OF DIRECTORS

The Corporation's Second Amended and Restated By-laws provide that its Board of Directors may fix the number of directors constituting the entire Board of Directors between six and twenty. The Board of Directors has currently fixed the number of directors constituting the entire Board of Directors at eleven. The Corporation's Board of Directors is presently divided into two classes, with all directors being elected annually. Pursuant to the Corporation's Amended and Restated Certificate of Incorporation, the three Class A Directors

will be elected by the holders of Class A Common Stock and the eight Class B Directors will be elected by the holders of Class B Common Stock, each to serve until the 2012 Annual Meeting of Stockholders and until his or her successor is elected and qualified.

Each of the Corporation's current directors have been nominated for re-election at the 2011 Annual Meeting of Stockholders. Joel L. Fleishman, Frank A. Bennack, Jr. and Steven P. Murphy have been nominated for election as Class A Directors, and Ralph Lauren, Roger N. Farah, Jackwyn L. Nemerov, John R. Alchin, Arnold H. Aronson, Joyce F. Brown, Hubert Joly and Robert C. Wright have been nominated for election as Class B Directors. The Corporation knows of no reason why any nominee would be unable or unwilling to serve. If any nominee becomes unable or unwilling to serve for any reason, the Board of Directors, based on the recommendation of the Nominating & Governance Committee, may either reduce the number of directors or designate a substitute nominee. If a substitute nominee is designated, the persons named in the enclosed proxy will vote all proxies that would otherwise be voted for the named nominee or nominees for the election of such substitute nominee or nominees.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR EACH NOMINEE AS A DIRECTOR TO HOLD OFFICE UNTIL THE 2012 ANNUAL MEETING OF STOCKHOLDERS AND UNTIL HIS OR HER SUCCESSOR IS ELECTED AND QUALIFIED. PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY IN THEIR PROXIES THAT AUTHORITY IS WITHHELD AS TO ONE OR MORE NOMINEES.

Edgar Filing: POLO RALPH LAUREN CORP - Form DEF 14A

The Corporation's Board of Directors believes that a majority of its directors should be independent, and has determined that all of its non-management directors, John R. Alchin, Arnold H. Aronson, Frank A. Bennack, Jr.,

Dr. Joyce F. Brown, Joel L. Fleishman, Hubert Joly, Steven P. Murphy and Robert C. Wright, are independent. In considering the independence of its non-management directors, the Corporation considered, among other factors, commercial transactions made from time to time in the ordinary course of business between the Corporation and certain entities affiliated with non-management directors. In each case, the transactions have substantially the same terms as are prevailing at the time for comparable businesses and the indirect interest of the non-management director in the transaction was found to be immaterial and in amounts that do not impair the independence of the relevant non-management director under the Corporation's Corporate Governance Policies and the NYSE's corporate governance listing standards. The Corporation also considered charitable contributions to entities affiliated with its non-management directors. The indirect interests of non-management directors in these charitable contributions were found to be immaterial and in amounts that do not impair the independence of the relevant non-management director under the NYSE's corporate governance listing standards. In one instance during fiscal 2011, contributions by the Corporation in fiscal 2010 to a tax-exempt organization affiliated with Mr. Bennack exceeded the amount provided in the Corporation's Corporate Governance Policy below. The Board of Directors determined that the relationship was not material and that Mr. Bennack's independence was not impaired. In making this determination, the Board of Directors recognized that, among other things, the excess was due to the timing of such payments (two payments that were made in separate calendar years fell into the same fiscal year for that tax-exempt organization) and that the contributions were within the NYSE's corporate governance listing standards. The Corporation's guidelines for determining directors' independence are set forth as Appendix A to this Proxy Statement.

At each of the Corporation's regularly scheduled Board of Directors and committee meetings, the independent directors participate in an executive session without the Chairman and CEO or any members of the Corporation's management present. In fiscal 2011, all of the Corporation's non-management directors met together as a full Board of Directors five times without any management representatives present. During these executive sessions of independent directors, the Chairs of each of the Audit Committee, the Compensation & Organizational Development Committee and the Nominating & Governance Committee preside on a rotating basis based on the topics to be discussed.

Board of Directors Oversight of Risk

The Corporation's management is responsible for understanding and managing the risks that the Corporation faces in its business, and the Board of Directors is responsible for overseeing management's overall approach to risk management. The involvement of the full Board of Directors in reviewing the Corporation's strategic objectives and business plans is a significant element of the Board of Directors' assessment of management's approach and tolerance for risk. In addition, the committees of the Board of Directors, primarily through the Audit Committee and Compensation & Organizational Development Committee, report to the full Board of Directors at regularly scheduled Board of Directors meetings on any identified material risks within that committee's area of responsibilities. The Audit Committee has responsibility for oversight of corporate finance and financial reporting related risks, including those related to the Corporation's accounting, auditing and financial reporting practices. The Compensation & Organizational Development Committee is responsible for the oversight of the Corporation's compensation policies and practices, including conducting annual risk assessments, and evaluating and approving the Corporation's executive compensation and benefit plans and programs.

Analysis of Risks Arising from Compensation Policies and Programs

The Compensation & Organizational Development Committee has reviewed an assessment by management of the Corporation's compensation programs and practices for its employees, including its executive and non-executive programs and practices. This assessment focused on program design features and controls to evaluate whether such programs encourage unnecessary or excessive risk taking, and how policies and programs are structured to mitigate any such risks.

Selected key elements of the Corporation's compensation programs that were reviewed include the following:

Pay Mix and Structure: The Corporation's executive compensation programs emphasize a balanced approach to both short-term and long-term performance through the Corporation's annual cash incentive bonus program and long-term equity awards. Equity awards generally include a mix of stock options and restricted performance share units (RPSUs) so that equity awards deliver value to executives through both stock price appreciation and company performance. In addition, a significant portion of variable pay is delivered through equity awards with vesting schedules and performance periods covering multiple years, thus emphasizing long-term company performance.

Incentive Caps: The Corporation's executive annual cash incentive bonus plan as well as its non-executive commission and bonus plans do not allow for unlimited payouts. The Corporation believes that the range of payouts should be capped to avoid encouraging decisions that maximize short-term gain at the expense of long-term viability. In addition to caps on all cash incentive bonus awards, Pro-Rata RPSUs cannot exceed target levels and Cliff RPSUs cannot exceed 150% of target levels.

Performance: To strengthen the relationship between pay and performance, the Corporation's executive annual cash incentive bonus plan, the Corporation's non-executive commission and bonus plans and RPSU awards are subject to the achievement of pre-established performance targets, which are established independently of plan participants. The Corporation believes that its incentive plan metrics are appropriately balanced between short-term incentives such as net income before taxes and long-term metrics such as a cumulative three-year net income figure for its Cliff RPSUs.

Change in Control Policy: The change in control arrangements for the Corporation's named executive officers provide for cash payments only upon actual termination of employment. Most executives with employment agreements are subject to double-trigger vesting so that (with the exception of awards under the Corporation's prior 1997 Long-Term Stock Incentive Plan (the 1997 Stock Incentive Plan)) acceleration of vesting does not occur unless the executive's employment is actually terminated under certain limited circumstances following a change in control. The Corporation's 2010 Long-Term Stock Incentive Plan (the 2010 Stock Incentive Plan) provides for double-trigger vesting for all participants.

Ownership Guidelines: The Corporation has adopted stock ownership guidelines for the named executive officers and select other members of the Corporation's senior management group that are intended to align the interests of these executives with the Corporation's stockholders. As a result, executives may be less likely to take short-term risk if a significant portion of their personal financial investment is linked to long-term Corporation holdings.

Clawback Policy: The Corporation has adopted a clawback policy applicable to its named executive officers. Under the Corporation's clawback policy, the Compensation & Organizational Development Committee may, in its reasonable discretion, require a named executive officer to reimburse the Corporation for the amount of any payment previously received by such officer under the Corporation's cash incentive bonus plan as well as equity plan if, as a result of such officer's intentional misconduct or gross negligence, the Corporation is required to restate its financial statements.

As a result of this review, the Compensation & Organizational Development Committee determined that any risks that may result from the Corporation's compensation policies and practices for its employees are not reasonably likely to have a material adverse effect on the Corporation.

Independent Committees of the Board of Directors

The Corporation's Board of Directors has established three committees consisting solely of independent directors: the Audit Committee, the Compensation & Organizational Development Committee and the Nominating & Governance Committee.

Audit Committee. The Audit Committee appoints the Corporation's independent registered public accounting firm, and approves in advance all audit and permitted non-audit services performed by them and the scope and cost of their annual audits. The Audit Committee reviews (i) the results of the independent registered public accounting firm's annual audits and quarterly reviews, (ii) management's compliance with the Corporation's major accounting and financial reporting policies, (iii) the adequacy of the Corporation's financial organization and management's procedures and policies relating to its internal control over financial reporting, and (iv) the Corporation's compliance with applicable laws relating to accounting practice. The Audit Committee met six times in fiscal 2011. The Board of Directors has determined that each member of the Audit Committee is financially literate and that at least two members of the Audit Committee, Mr. Bennack, its Chair, and Mr. Alchin, are audit committee financial experts, as defined by the SEC. The Audit Committee has adopted a formal policy for the approval of the performance of all audit and non-audit services of the independent registered public accounting firm. This policy is described under (PROPOSAL 2) RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Compensation & Organizational Development Committee. The Compensation & Organizational Development Committee reviews and approves the compensation of executive officers and certain key members of the Corporation's senior management and compensation plans and arrangements with respect to the Corporation's executive officers, and also administers the plans in which executive officers may participate, including the 2010 Stock Incentive Plan, which replaced the 1997 Stock Incentive Plan, and its Executive Officer Annual Incentive Plan. In addition, the Compensation & Organizational Development Committee maintains oversight in the development of succession plans for certain key executive positions within the Corporation's senior management and may review and provide guidance on certain of the Corporation's programs relating to the Corporation's diversity, talent review and leadership development. The Compensation & Organizational Development Committee met five times in fiscal 2011. None of the Corporation's executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers who serve on the Corporation's Board of Directors or Compensation & Organizational Development Committee.

Nominating & Governance Committee. The Nominating & Governance Committee identifies individuals qualified to become directors, recommends director nominees to the Board of Directors, develops and recommends corporate governance policies to the Board of Directors, exercises oversight of the evaluation of the

members of the Board of Directors and committees and recommends to the Board of Directors policies and principles for Chief Executive Officer succession, selection and performance reviews. The Nominating & Governance Committee met two times in fiscal 2011.

Director Nominating Procedures and Diversity

The Nominating & Governance Committee identifies and evaluates candidates for nomination as directors and submits its recommendations to the full Board of Directors for its consideration. The Nominating & Governance Committee, guided by the membership criteria established by the Board of Directors in the Corporation's Corporate Governance Policies, seeks highly qualified candidates who combine a broad spectrum of experience and expertise with a reputation for integrity. The Corporation seeks to maintain a majority of independent directors and the Board of Directors considers a number of factors in selecting director candidates. Although the Corporation does not have a formal policy concerning diversity considerations, the Nominating & Governance Committee does consider diversity with respect to viewpoint, skills and experience in determining the appropriate composition of the Board of Directors and identifying director nominees. In addition, the Board of Directors considers the contributions the individual can make to the Board of Directors and management as the Corporation strives for a body of directors reflecting different genders, ethnic backgrounds and professional experiences and expertise. In the Board of Directors' annual self-evaluation, one of the factors that the Board of Directors considers is whether the membership of the Board of Directors provides an adequate mix of characteristics, experience and skills to serve the Corporation and its stockholders effectively. The Nominating & Governance Committee solicits and receives suggestions for, as well as comments upon, director candidates from other directors, including the Chairman of the Board of Directors, and usually engages third parties either to assist in the search for director candidates or to assist in gathering information regarding director candidates' background and experience. If the Nominating & Governance Committee engages a third party to assist it, the Nominating & Governance Committee approves the fees that the Corporation pays for these services.

The Nominating & Governance Committee will consider candidates recommended by the Corporation's directors, members of management and stockholders, and will evaluate candidates recommended by stockholders on the same basis as other candidates. Candidates should have experience in positions with a high degree of responsibility and be leaders in the companies or institutions with which they are affiliated. Upon receiving a stockholder recommendation, the Nominating & Governance Committee will initially determine the need for additional or replacement members of the Board of Directors and then evaluate the candidate based on the information it receives with the stockholder recommendation or that it may otherwise acquire, and may, in its discretion, consult with the Chairman and other members of the Corporation's Board of Directors. If the Nominating & Governance Committee determines that a more comprehensive evaluation is warranted, it may obtain additional information about the director candidate's background and experience, including by means of interviews with the candidate.

The Corporation's stockholders may recommend candidates at any time, but the Nominating & Governance Committee requires recommendations for election at an annual meeting of stockholders to be submitted to the Nominating & Governance Committee no later than 120 days before the first anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's Annual Meeting of Stockholders in order to be considered for nomination by the Nominating & Governance Committee. The Nominating & Governance Committee believes this deadline is appropriate and in the best interests of the Corporation and the Corporation's stockholders because it ensures that it has sufficient time to evaluate properly all proposed candidates. Therefore, to submit a candidate for consideration for nomination at the 2012 Annual Meeting of Stockholders, a stockholder must submit the recommendation, in writing, by March 10, 2012. The written notice must include:

all information relating to each potential candidate whom the stockholder is recommending that would be required to be disclosed in a solicitation of proxies for the election of such person as a director pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (Exchange Act), including such person's written consent to being named in the proxy statement as a nominee and to serve as a director if elected;

the name and address of the stockholder giving the notice, as they appear on the Corporation's books, and of the beneficial owner of those shares; and

the class and number of shares which are owned beneficially or of record by the stockholder and the beneficial owner.

Recommendations must be sent to the Nominating & Governance Committee, Office of the Secretary, Polo Ralph Lauren Corporation, 625 Madison Avenue, New York, New York 10022.

The Corporation's stockholders may directly nominate an individual for election as a director at an annual meeting of stockholders by complying with the nominating procedures set forth in the Corporation's Second Amended and Restated By-laws, which are described below under the caption "Additional Matters - Stockholder Proposals for the 2012 Annual Meeting of Stockholders."

Director Communications

Stockholders and interested parties may contact any of the Corporation's directors, including the Chairman of the Board of Directors, the Chairs of the Board of Directors' independent committees, any committee of the Board of Directors, the Board of Directors' non-management directors as a group or the entire Board of Directors, by writing to them as follows: [Name(s)/Title(s)], c/o Legal Department and Office of the Corporate Secretary, Polo Ralph Lauren Corporation, 625 Madison Avenue, 12th Floor, New York, New York 10022. Communications received in this manner will be handled in accordance with the procedures approved by the Corporation's independent directors, who have also requested that certain items that are unrelated to the duties and responsibilities of the Board of Directors should be excluded, such as:

spam

junk mail and mass mailings

product complaints

product inquiries

new product suggestions

resumés and other forms of job inquiries

surveys

business solicitations or advertisements

In addition, material that is threatening, illegal or similarly unsuitable will be excluded, with the provision that any communication that is filtered out will be available to any non-management director upon request.

Audit Committee Communications

Complaints and concerns relating to accounting, internal control over financial reporting or auditing matters may be communicated to the Audit Committee, which consists solely of non-employee directors, through the Office of the Secretary as described above under "Director Communications." Any such communication may be anonymous.

Edgar Filing: POLO RALPH LAUREN CORP - Form DEF 14A

All complaints and concerns will be reviewed by the Audit Committee or a designated member of the Audit Committee. If the Audit Committee or its member designee determines that a reasonable basis exists for conducting a formal investigation, the Audit Committee will direct and supervise the investigation, and may retain independent legal counsel, accountants and other advisors as it deems necessary. Confidentiality will be maintained to the fullest extent consistent with the need to conduct an adequate review. Prompt and appropriate corrective action will be taken when and as warranted in the judgment of the Audit Committee.

The Corporation will not discharge, demote, suspend, threaten, harass or in any manner discriminate against any employee in the terms and conditions of his or her employment based upon any lawful actions of such employee with respect to good faith reporting of complaints regarding accounting, internal controls or auditing matters.

Audit Committee Report

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the Corporation's consolidated financial statements, the Corporation's compliance with legal and regulatory requirements, the Corporation's system of internal control over financial reporting and the qualifications, independence and performance of its internal and independent registered public accounting firm. The Audit Committee has the sole authority and responsibility to select, evaluate and, when appropriate, replace the Corporation's independent registered public accounting firm. The Audit Committee currently is composed of four independent directors and operates under a written charter adopted by the Audit Committee and ratified by the Board of Directors.

Management is responsible for the Corporation's financial reporting process, including the Corporation's internal control over financial reporting, and for the preparation of the Corporation's consolidated financial statements in accordance with generally accepted accounting principles. Ernst & Young, as the Corporation's independent registered public accounting firm for the fiscal year ending April 2, 2011, was responsible for auditing those financial statements and expressing its opinion as to the fairness of the financial statement presentation in accordance with generally accepted accounting principles, and the effectiveness of the Corporation's internal control over financial reporting. Our responsibility is to oversee and review these processes. The Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or generally accepted accounting principles or as to auditor independence. The Committee relies, without independent verification, on the information provided to us and on the representations made by management and the independent registered public accounting firm.

In this context, the Committee has met and held discussions with management and Ernst & Young, the Corporation's independent registered public accounting firm for the fiscal year ended April 2, 2011. Management represented to us that the Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Committee has reviewed and discussed with management, the Corporation's internal auditors and Ernst & Young the Corporation's consolidated financial statements for the fiscal year ended April 2, 2011 and the Corporation's internal control over financial reporting. The Committee also discussed with Ernst & Young the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). Ernst & Young provided to us the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees), and the Committee discussed their independence with them. In determining Ernst & Young's independence, the Committee considered whether their provision of non-audit services to the Corporation was compatible with maintaining independence. The Committee received regular updates on Ernst & Young's fees and the scope of audit and non-audit services it provided. All such services were provided consistent with applicable rules and our pre-approval policies and procedures.

Based on our discussions with management, our internal auditors and Ernst & Young and our review of the audited financial statements, including the representations of management and Ernst & Young with respect thereto, and subject in all cases to the limitations on our role and responsibilities referred to above and set forth in the Audit Committee Charter, the Committee recommended to the Board of Directors that the Corporation's audited consolidated financial statements for the fiscal year ended April 2, 2011 be included in the Corporation's Annual Report on Form 10-K. The Committee also approved, subject to stockholder ratification, the selection of Ernst & Young LLP as the Corporation's independent registered public accounting firm for the fiscal year ending March 31, 2012.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Corporation's directors and executive officers to file initial reports of ownership and reports of changes in ownership of the Corporation's Class A Common Stock with the SEC and to provide copies of these reports to the Corporation. These filing requirements also apply to certain beneficial owners of more than ten percent of the Corporation's Class A Common Stock. To the Corporation's knowledge, based solely on the Corporation's review of the copies of Section 16(a) reports furnished to the Corporation during and with respect to the fiscal year ended April 2, 2011 and on written representations from certain reporting persons that no Form 5s were required to be filed by such persons, all reportable transactions during that fiscal year were reported on a timely basis except for certain transactions for Ralph Lauren, Roger Farah, Jackwyn Nemerov, Tracey Travis and Mitchell Kosh that were inadvertently reported late.

DIRECTOR COMPENSATION

The compensation for non-employee directors is as follows:

an annual retainer fee for each non-employee director of \$45,000;

an annual retainer fee for each Committee Chair of \$15,000; and

an annual equity award for each non-employee director with a target equity value of \$94,000. One-half of the target equity value will be delivered in the form of options to purchase shares of the Corporation's Class A Common Stock and one-half will be delivered in the form of restricted shares of Class A Common Stock. The options and the restricted shares of Class A Common Stock will vest over three years in equal annual installments. The exercise term for stock options granted after August 11, 2006 is seven years.

Previously, the exercise term for such options was ten years.

The fee paid to non-employee directors for each meeting of a committee of the Board of Directors that a director attends is \$2,000 per committee meeting. The annual retainer and attendance fees are paid to the non-employee directors in quarterly installments in arrears.

A non-employee director also receives a grant of options to purchase 7,500 shares of the Corporation's Class A Common Stock at the time that the director joins the Board of Directors of the Corporation. These options will vest over three years in equal annual installments and the exercise term is seven years. The annual equity award to non-employee directors is awarded on April 1 of each year to those non-employee directors who have served as directors for at least half of the preceding fiscal year.

The Corporation's Board of Directors and Compensation & Organizational Development Committee believe it is important for key members of the Corporation's senior management team and its non-employee directors to build and maintain a long-term ownership position in the Corporation, to further align their financial interests with those of our stockholders and to encourage the creation of long-term value. As a result, on May 17, 2010, the Compensation & Organizational Development Committee established stock ownership guidelines for the Corporation's non-employee directors and the named executive officers and select other members of the Corporation's senior management group, to further link their interests with those of stockholders. The guidelines provide that non-employee directors and such executives must attain ownership of a specific number of shares by June 2015, which is approximately five years from the implementation of the guidelines. Non-employee directors and executives who join the Corporation after the implementation of the guidelines will have five years from the date that they joined the Corporation to attain the requisite numbers of shares specified in the guidelines. For directors, the guideline is based on a fixed share target of 2,400 shares. Further details on the guidelines for executive officers are provided in Compensation Discussion and Analysis.

The Corporation reimburses its non-employee directors for reasonable travel and other related expenses to attend Board of Directors and Committee meetings and for director education courses. Non-employee directors are also provided with a merchandise discount on most of the Corporation's products.

- (1) The annual retainer for each non-employee director is \$45,000 plus an additional \$15,000 for each Committee Chair. The fee paid to non-employee directors for each meeting of a committee of the Board of Directors that a director attends is \$2,000 per committee meeting.
- (2) The stock-based compensation amounts shown reflect the aggregate grant date fair value, assuming no risk of forfeiture, of awards granted during fiscal 2011. These amounts have been calculated in accordance with Accounting Standards Codification topic 718, Stock Compensation (ASC 718), as issued by the Financial Accounting Standards Board. The Corporation uses the Black-Scholes option pricing model to estimate the fair value of stock options granted, which requires the input of both subjective and objective assumptions. The Corporation determines the fair value of restricted stock using the average of the high/low stock price on the date of grant, as adjusted to reflect the absence of dividends for those restricted securities that are not entitled to dividends. The assumptions used in the valuation of stock-based awards are discussed in Note 20 to our audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year 2011.

The Corporation grants annual stock-based awards to non-employee directors on April 1 of each year. Awards granted for non-employee directors' service during fiscal 2011 were made on April 1, 2010 and disclosed in the Corporation's Proxy Statement for the fiscal year ended April 3, 2010. Awards granted in fiscal 2011 on April 1, 2011 are for non-employee directors' service during fiscal year 2012 and include the following for each non-employee director:

\$47,004 representing the aggregate grant date fair value of the annual grant of options to purchase 945 shares of the Corporation's Class A Common Stock; and

COMPENSATION DISCUSSION AND ANALYSIS
Summary of the Corporation's Performance and Impact on Compensation

The Corporation reported strong financial results for fiscal 2011, exceeding the financial targets it established at the beginning of the fiscal year and the strong performance it achieved in fiscal 2010. On May 25, 2011, the Corporation reported:

	2010 (\$ in millions except per share amounts)	2011 (\$ in millions except per share amounts)	Change %
Net Revenue	4,978.9	5,660.3	14%
Net Income	479.5	567.6	18%
Earnings Per			
Share (EPS)	4.73	5.75	22%

Improved Operating Income. For fiscal 2011, the Corporation reported record operating income of approximately \$845.1 million, representing an approximate 20% increase over fiscal 2010, which at that time was the highest profit level the Corporation had achieved. The Corporation's operating income figure has increased over seven-fold in the past ten years, representing an approximate 22% compound annual growth rate.

Strong Earnings Per Share. For fiscal 2011, the Corporation reported earnings per share of approximately \$5.75 (representing an approximate 22% increase over fiscal 2010), reflecting strength in its core products and strong performance across many of its channels.

Enhanced Stockholder Value With Increased Dividends and Share Repurchases. During fiscal 2011, the Corporation announced that it would double its quarterly dividend from \$0.10 per share to \$0.20 per share. The Corporation expects that over the next year, the annual dividend rate will be \$0.80 per share. In addition, during fiscal 2011, the Board of Directors authorized additional amounts under the Corporation's existing stock repurchase program. The Corporation is authorized to repurchase shares of its Class A Common Stock under its Common Stock repurchase program, subject to market conditions, in an aggregate amount of up to approximately \$472 million as of April 2, 2011.

Achievement of Strategic Objectives. The Corporation also successfully executed strategic initiatives of significant value to its stockholders, including:

expanding in international markets, particularly with the completion of its acquisition of assets in South Korea, the territory that was formerly licensed to Doosan Corporation;

increasing its direct-to-consumer reach, particularly with the launch of its e-commerce site in the United Kingdom;

continuing product innovation, particularly with the launch of its Lauren handbag collection; and

Edgar Filing: POLO RALPH LAUREN CORP - Form DEF 14A

extending merchandise offerings, particularly with the opening of new stores in New York City and Paris. The Corporation's operating results were reflected in the pay determination for its named executive officers as follows:

Annual Incentive Bonus Payments at Maximum. Participants in the Corporation's Executive Officer Annual Incentive Plan (the EOAIIP) are eligible for a bonus opportunity based 100% on the Corporation's financial performance. For fiscal 2011, the performance measure was net income before taxes and the maximum goals were set at a level that required meaningful improvement above the record results achieved for fiscal 2010. The Corporation's results for fiscal 2011 significantly exceeded the net income before taxes goal that was previously established and required for a maximum payout.

Equity Awards Performance Goals Achieved. The performance goal of net income before taxes for the fiscal 2011 Pro-Rata RPSUs was achieved. In addition, the performance goal of cumulative net earnings for the applicable performance period for the Cliff RPSUs, that was established in fiscal 2009 and were eligible for vesting at the end of fiscal 2011, was achieved at approximately 107% of target. A description of these equity awards, their applicable vesting schedules, performance measures and achievement levels are described in more detail beginning on p. 32.

No Changes in Fiscal 2011 Total Target Annual Compensation

No Base Salary Increase. None of the Corporation's named executive officers received an increase in their base salary in fiscal 2011.

No Change in Bonus Opportunity or Payout. The bonus opportunities established for fiscal 2011 for the Corporation's named executive officers were the same as those for fiscal 2010 and the bonus payouts were the same even though fiscal 2011 net income before taxes exceeded fiscal 2010 by approximately 20%.

No Change in Equity Awards. Equity awards granted to each of the Corporation's named executive officers had the same target grant value or target number of shares as their fiscal 2010 awards for each respective named executive officer even though the Corporation's performance in fiscal 2011 significantly exceeded its performance in fiscal 2010.

Fiscal 2011 Reduction in Perquisites

The following changes were made to the Corporation's executive benefits:

Elimination of Medical Executive Reimbursement Plan. In response to certain health care reform legislation, the Corporation's Medical Executive Reimbursement Plan, which had been previously provided to members of the Corporation's senior management, including the named executive officers, was discontinued as of January 1, 2011.

Reduction in the Corporation's Reimbursement for Mr. Lauren's Use of Private Aircraft. Commencing in fiscal 2011 and continuing for the remaining years of his employment agreement, the Corporation will no longer provide Mr. Lauren with unlimited reimbursement for expenses incurred as a result of his use of private aircraft for personal travel; such reimbursements shall be limited to a maximum of \$200,000 per year (which represents an approximate 60% reduction from the amount reimbursed for fiscal 2010).

Executive Compensation Program

Overview

The Corporation maintains executive compensation programs designed to promote sustained business growth and results. These programs, taken together, are designed to drive stockholder value through the following principles:

attract, motivate and retain qualified executives;

establish challenging goals balanced between short-term and long-term objectives;

award a meaningful portion of compensation in variable (versus fixed) pay, with a significant portion of variable compensation in the form of long-term equity awards;

promote collaborative leadership behavior designed to achieve goals in a complex global organization; and

avoid unnecessary or excessive risk-taking that would reward executives at the expense of stockholders.

The Corporation believes the effectiveness of its compensation philosophy and programs has contributed to notable achievements that exceed many of its industry peers and compares favorably to the S&P 500 Index as well as companies in the Fortune 500. The Corporation also believes in pay for performance by rewarding its executives for the achievement of superior financial and strategic performance.

To support its goals of attracting and retaining quality talent, the Corporation maintains its compensation at competitive levels while, at the same time, it seeks to avoid inequities within the Corporation. While the Corporation considers, among other things, competitive market compensation paid by other companies in establishing its compensation programs, it does not use a designated peer group as a primary comparative metric. The Corporation operates in three distinct but integrated business segments: Wholesale, Retail and Licensing, and the Corporation's various categories of products include apparel, accessories and fragrance collections for men and women as well as childrenswear and home furnishings. The Corporation believes that its breadth of product, multi-channel distribution and global reach is unique among luxury and apparel companies. As a result, the Corporation does not set executive compensation at, or near, any particular target percentile within a peer group. In addition, market data is only one of many factors that the Corporation considers in the determination of executive compensation levels. Such other factors may include internal pay equity, nature and scope of responsibility, an executive's current performance and expected future contributions, succession planning considerations relative to development and retention, and the Corporation's performance, financial plans and budget.

Roles for Determining Compensation for Executives

Role of the Compensation & Organizational Development Committee and Management. The Compensation & Organizational Development Committee of the Corporation's Board of Directors is responsible for reviewing and approving, on an annual basis, the corporate goals and objectives relevant to the compensation payable to Ralph Lauren, the Corporation's Chairman and Chief Executive Officer (CEO) and to set, subject to applicable contractual obligations previously approved by the Compensation & Organizational Development Committee, Mr. Lauren's compensation based on this evaluation. In determining the long-term incentive component of Mr. Lauren's compensation, the Compensation & Organizational Development Committee will also consider, among such other factors as it may deem relevant, the Corporation's performance, stockholder returns, the value of similar incentive awards to chief executive officers at comparable companies and the awards given to Mr. Lauren in past years.

The Compensation & Organizational Development Committee reviews and approves, on an annual basis, the compensation of key members of the Corporation's senior management, including the four other named executive officers who are listed in the Summary Compensation Table: Roger N. Farah, the Corporation's President and Chief Operating Officer, Jackwyn Nemerov, the Corporation's Executive Vice President, Tracey T. Travis, the Corporation's Senior Vice President and Chief Financial Officer, and Mitchell A. Kosh, the Corporation's Senior Vice President, Human Resources, subject to applicable contractual obligations previously approved by the Compensation & Organizational Development Committee for each officer. In addition, the Compensation & Organizational Development Committee regularly reviews the design and structure of all of the Corporation's compensation programs to ensure that management's interests are closely aligned with stockholders' interests and that the compensation programs are designed to further the Corporation's strategic priorities.

Role of Compensation Consultants. From time to time, in its discretion, the Compensation & Organizational Development Committee has utilized the services of an independent advisor to provide guidance in association with significant executive compensation decisions. In recent years, the Compensation & Organizational Development Committee has relied on the services of Exequity LLP (Exequity) to provide advisory services, although Exequity did not provide any services during fiscal 2011. The Compensation & Organizational Development Committee retains sole responsibility for engaging any advisor and meets with its advisor, as needed, in the Committee's sole discretion.

Separate from the Compensation & Organizational Development Committee's consultant, during fiscal 2011, the Corporation's management retained the services of Compensation Advisory Partners, LLC (CAP), as its independent compensation consultant. CAP's role is to assist management in the development and analysis of executive compensation recommendations to present to the Compensation & Organizational Development Committee for its review and consideration.

Components of Executive Compensation

The principal elements of our executive compensation program in fiscal 2011 are summarized in the following table and described in more detail below.

Compensation Element	Brief Description	Objectives
Base Salary	Fixed compensation	Provide a competitive, fixed level of cash compensation to attract and retain talented, skilled executives.
Annual Cash Bonus	Variable, performance-based cash compensation earned based on achieving pre-established annual goals.	Motivate and reward executives to achieve or exceed current-year Corporation financial goals.
Long-Term Equity Incentives	Variable equity compensation to promote achievement of longer-term goals.	
Stock Options	Stock options are granted at fair market value and generally have pro-rata three-year vesting and a seven-year term.	Align with stockholders' interests. Provide value to the extent stock price rises above grant price.
Pro-Rata RPSUs	Earned and eligible for payout ratably over three years based on achievement of a pre-established performance goal for the current fiscal year and continued employment with the Corporation until the second and third vesting dates.	Facilitate and reward achievement of annual Corporation financial goals through a combination of performance goal and time-based payouts. Aid in retention of key executives in a highly competitive market for talent.
Cliff RPSUs	Earned based on the Corporation's achievement of cumulative net earnings for a period of three fiscal years and continued employment.	Align executives' and stockholders' interests by linking rewards with achievement of goals for a multi-year period based on the Corporation's long-term growth plan. Aid in retention of key executives in a highly competitive market for talent.

Employment Agreements. The Corporation has a longstanding practice of entering into employment agreements with its corporate officers and select members of the Corporation's senior management. The Corporation believes that employment agreements provide greater assurance of continuity and retention of critical creative and operating talent in a highly competitive industry. Employment agreements for the CEO and the President and Chief Operating Officer (COO) are developed and approved by the Compensation & Organizational Development Committee in consultation with the Compensation & Organizational Development Committee's independent advisors. Employment agreements for the other three named executive officers are established by Messrs. Lauren and Farah in consultation with, and subject to the approval of, the Compensation & Organizational Development Committee.

The guidelines for salary, bonus and certain other compensation components for each named executive officer are set forth in his or her respective employment agreement. The agreements also provide certain benefits under various termination or change in control situations. The Corporation believes that these benefits enhance the value of the business by preserving the continuity of management during potential change in control situations and by focusing the Corporation's senior executives on the Corporation's long-term priorities. See Executive Employment Agreements, Summary Compensation Table and Potential Payments Upon Termination or Change in Control below for a more detailed description of the payments and benefits provided under each named executive officer's employment agreement.

During fiscal 2011, the Corporation amended Mr. Lauren's employment agreement. The amendment provides that, commencing in fiscal 2011 and continuing for the remaining fiscal years of his employment agreement, the Corporation will reimburse Mr. Lauren up to a maximum aggregate amount of \$200,000 for any expense incurred as a result of Mr. Lauren's use of his private aircraft, or other acceptable private aircraft, for personal travel. Prior to this amendment, Mr. Lauren was entitled to unlimited reimbursement of such aircraft expenses.

Base Salary. Base salaries for the named executive officers are set forth in their respective employment agreements and are designed to provide a fixed level of compensation. Periodically, however, the Compensation & Organizational Development Committee may consider proposals from the Corporation's management to approve increases to the base salaries for the named executive officers other than Mr. Lauren and Mr. Farah. The Corporation believes that a significant portion of an executive's compensation should be at risk and as a result, base salary increases for the named executive officers have been infrequent and the incremental amounts have been modest.

In fiscal 2011, none of the named executive officers received increases in their respective base salaries.

Annual Cash Incentive Bonuses (EOAIP). The Corporation's named executive officers participate in the EOAIP, a stockholder approved, short-term cash incentive bonus plan. The EOAIP is designed to promote achievement of the Corporation's key financial goals for the current year.

Key features of the EOAIP include:

Payouts are based on different levels of achievement, which include Threshold, Target and Maximum levels. The Compensation & Organizational Development Committee establishes the Threshold, Target and Maximum levels each year. In fiscal 2011, the Compensation & Organizational Development Committee determined the following levels:

Threshold: the minimum level of performance for which a bonus is paid and typically set at 80% of the Target level. No bonuses will be earned if the Threshold level of performance is not achieved.

Target: 100% achievement of financial goals.

Maximum: achievement at a superior level of performance of up to 110% of fiscal 2010 unadjusted actual results.

No payouts are made in any year in which the Corporation fails to earn a profit.

Participants are eligible for a bonus opportunity based 100% on the Corporation's overall performance without consideration of performance within a specific division, subject to adjustments, if applicable, as described further below.

Participants may have individual payout schedules based upon each such participant's existing employment agreement.

The Compensation & Organizational Development Committee has the authority to:

determine the EOAIP participants from among the Corporation's executive officers;

establish the required achievement levels against pre-determined performance goals under the EOAIP;

exercise discretion to reduce or eliminate, but not increase, the bonus amounts payable under the EOAIP; and

establish the financial performance goals (from the list of performance measures previously approved by stockholders) and payout schedules, including any adjustments to the extent permitted under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code) to omit, among other things, the effect of extraordinary items, any gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles.

The Corporation believes that maintaining the EOAIP for the Corporation's corporate officers provides the Compensation & Organizational Development Committee with the flexibility to maintain an incentive plan for these officers that is tightly aligned with their significant roles and broad responsibilities within the Corporation and reflects their contributions to the overall success of the Corporation.

Fiscal 2011 Cash Incentive Bonuses (EOAIP) Paid. Each year, the Corporation engages in an extensive and deliberate process to establish its budget, performance measures and performance targets which are then presented to the Compensation & Organizational Development Committee for approval.

After the Corporation's independent auditors issue their final audit opinion for the completed fiscal year, the Compensation & Organizational Development Committee determines and approves the annual cash incentive bonuses payable to each named executive officer under the EOAIP based strictly on the Corporation's achievement against pre-determined financial goals, established budget figures, performance measures and performance targets, without any discretionary performance factors taken into consideration. The Corporation believes that the performance of each of the named executive officers is represented by the Corporation's results and thus, individual performance is not considered in determining their bonuses. Each of Mr. Farah, Ms. Nemerov, Ms. Travis and Mr. Kosh have their respective bonuses adjusted from minus 10% to plus 10% based upon the degree of achievement of an additional strategic financial goal. The bonus payment for Mr. Lauren, pursuant to his employment agreement, is based solely on actual performance against the Corporation's overall performance measures as selected by the Compensation & Organizational Development Committee for the applicable fiscal year and is not adjusted based on performance against the specific strategic financial goal established by the Compensation & Organizational Development Committee. All bonuses under the EOAIP are capped. The specific application of these caps is subject to the respective employment agreements of each of the named executive officers. For more than a decade, the Corporation has used this process to motivate and stretch the performance of its senior management team.

For fiscal 2011, under the EOAIP, the performance measure selected was net income before taxes and the strategic financial goal performance measure selected was Corporation selling, general and administrative expenses (excluding expense for cash bonuses and expense for stock awards) as a percentage of net revenues. The Corporation believes that net income before taxes is a comprehensive indicator of the Corporation's annual performance and that managing selling, general and administrative expenses as a percentage of net revenues is an important part of the Corporation's ongoing strategic objectives.

In fiscal 2011, the target net income before taxes figure for payment of awards was approximately \$586.8 million. Following the Corporation's achievement of record earnings in fiscal 2010 during an incredibly challenging global economic environment, the Compensation & Organizational Development Committee established fiscal 2011 financial targets taking into consideration factors such as negative foreign exchange impacts, additional investment costs for new product development and the acquisition of certain licenses. As a result, the Compensation & Organizational Development Committee established the fiscal 2011 financial goals to require a substantially higher level of performance relative to budget in order to achieve maximum bonus payouts. These modified goals ensured that bonus payouts would be at maximum levels only if the Corporation exceeded its record fiscal 2010 results in a meaningful way. In fiscal 2011, the actual net income before taxes figure for payment of awards was approximately \$851.0 million, after giving effect to various adjustments approved by the Compensation & Organizational Development Committee in accordance with the rules previously established by the Compensation & Organizational Development Committee at the beginning of the fiscal year. Despite the anticipated and actual increase in negative foreign exchange impact and significant strategic investments, the Corporation's fiscal 2011 adjusted results increased approximately 18% over its fiscal 2010 adjusted net income before taxes figure for payment of awards. The Corporation's fiscal 2011 results were primarily influenced by the strength of its Men's, Women's and Footwear products as well as its e-commerce and international businesses which helped to offset the impacts of foreign exchange and strategic investments.

The Corporation's named executive officers were each eligible for a bonus in fiscal year 2011 when the Corporation reached 80% of the net income before taxes target which was previously established by the Compensation & Organizational Development Committee. The Corporation believes that the actual degree of achievement, which far exceeded target and fiscal 2010 results, represents outstanding performance and that the payment of bonuses at the maximum level is consistent with such performance. The table below sets forth the threshold bonus, target bonus, maximum bonus and actual fiscal 2011 bonus for each of the named executive officers:

Name	Threshold Bonus	Target Bonus	Maximum Bonus ²	Actual fiscal 2011 Bonus ³
Ralph Lauren(1)	\$ 6,500,000	\$ 13,000,000	\$ 19,500,000	\$ 19,500,000
Roger N. Farah(1)	\$ 3,000,000	\$ 6,000,000	\$ 9,000,000	\$ 9,900,000
Jackwyn L. Nemerov(1)	\$ 900,000	\$ 1,800,000	\$ 2,700,000	\$ 2,970,000
Tracey T. Travis	\$ 200,000	\$ 400,000	\$ 800,000	\$ 880,000
Mitchell A. Kosh	\$ 200,000	\$ 400,000	\$ 800,000	\$ 880,000

- (1) Threshold, target and maximum bonus amounts payable to Mr. Lauren, Mr. Farah and Ms. Nemerov are set forth in their respective employment agreements.
 - (2) Except for Mr. Lauren, the maximum bonus amount shown does not reflect adjustments up or down by 10% which may be made based on relative achievement of the strategic financial goals.
 - (3) Except for Mr. Lauren, this amount reflects upward adjustment of 10% to reflect the Corporation's performance against its strategic financial goal (the Corporation's selling, general and administrative expenses as a percentage of net revenues at the maximum level).
- Long-Term Equity-Based Incentives.** The Corporation maintains a program of long-term equity-based incentives that are intended to align executive and stockholder interests and encourage executive decision-making that maximizes stockholder value creation over the long term.

All equity awards to the named executive officers in fiscal 2011 were granted under the 1997 Stock Incentive Plan. On August 5, 2010, the Corporation's stockholders approved the 2010 Stock Incentive Plan and as of August 5, 2010, no further grants will be made under the 1997 Stock Incentive Plan.

Stock Options. In fiscal 2011, the Corporation granted non-qualified stock options that vest ratably over a three-year period subject to continued employment with the Corporation through the applicable vesting date, with the exception of Mr. Farah. Pursuant to Mr. Farah's employment agreement, one-third of the stock options granted to him on July 16, 2010 will vest on each of July 16, 2011 and July 16, 2012 and the remaining one-third will vest on March 30, 2013. Stock options are granted at an exercise price equal to the fair market value (calculated as the average of the high and low stock prices on the NYSE) of the Corporation's Class A Common Stock on the grant date. The Corporation has not issued stock options with accelerated vesting features except as specified in certain employment agreements. In addition, the Corporation has not re-priced or re-issued any stock options. Each of the 1997 Stock Incentive Plan and 2010 Stock Incentive Plan prohibits the re-pricing or re-issuing of stock options.

The vast majority of stock options are granted to the Corporation's eligible executives, including the Corporation's named executive officers, at or about the time of the regular Compensation & Organizational Development Committee meetings which are usually scheduled at least one year in advance of the actual meeting dates. In fiscal 2011, the Compensation & Organizational Development Committee set the grant date for this annual award of stock options approximately three weeks before the Corporation's first fiscal quarter earnings release date, making the grants effective in mid-July. In addition to these annual equity awards, grants may be made to certain newly hired or promoted executives at the end of each fiscal quarter. Such awards are typically granted and priced as of the last business day for the fiscal quarter following the hiring or promotion of an executive.

Restricted Performance Share Units (RPSUs). In fiscal 2011, the Corporation granted Cliff RPSUs and Pro-Rata RPSUs, both of which provide a recipient with the opportunity to receive shares of the Corporation's Class A Common Stock based on the Corporation's achievement of performance goals over a specified period. The Corporation's achievement of its performance goals is subject to adjustment to exclude the effect of certain events and transactions as permitted under the 1997 Stock Incentive Plan, in accordance with the rules established by the Compensation & Organizational Development Committee at the beginning of fiscal year 2011.

The performance measures for each kind of RPSU are set by the Compensation & Organizational Development Committee at the time of grant and may include one or more of the following factors:

net earnings or net income (before or after taxes);

basic or diluted earnings per share;

net operating profit;

net revenue or net revenue growth;

gross profit or gross profit growth; or

return on assets.

Cliff RPSUs. Cliff RPSUs granted in fiscal 2011 vest based on the Corporation's cumulative net earnings for the performance period fiscal years 2011-2013. The Corporation believes that cumulative net earnings is an appropriate performance measure since it is a comprehensive measure that assesses the overall performance of the Corporation over a significant period of time and is aligned with measures often used by the investment community.

The grant provides a target number of shares that will vest and be paid out subject to achievement of pre-established financial goals. The performance and payout levels are summarized as follows:

Performance	% of Goal	% of Target
Level	Achieved	Cliff RPSUs Vested
Threshold	70%	75%
Target	100%	100%
Maximum	110%	150%

No payout is earned for performance below Threshold and vesting is interpolated for performance between 70% and 100% of target, and for performance between 100% and 110% of target.

The Corporation believes the payout percentages provide an appropriate balance between the performance level required relative to the level of payout, based on targets that require significant effort for achievement over a multi-year period. Once an award is granted in any fiscal year, the pre-established performance measures, performance goals, vesting schedule or payout schedule cannot be modified for that grant, unless otherwise approved by the Compensation & Organizational Development Committee, during the applicable performance term.

In June 2011, Cliff RPSU awards that were granted in fiscal 2009 vested based upon the Corporation's achievement of pre-established financial goals. Typically, the performance period for Cliff RPSU awards is three years or 36 months. However, due to the economic uncertainty at the beginning of fiscal 2009, the Corporation took additional time to establish its three year business plan for fiscal years 2009 to 2011. The Board of Directors approved the Corporation's three-year business plan and financial goals for fiscal 2009 to 2011 on August 7, 2008, which resulted in a shorter performance period of 33 months while still maintaining deductibility of the fiscal 2009 Cliff RPSU awards under Section 162(m) of the Code. Cliff RPSUs granted in fiscal 2009 vested based on cumulative net earnings of the Corporation for the performance period of the second, third and fourth quarters of fiscal 2009 and fiscal years 2010-2011. The cumulative net earnings performance target of the Corporation for this 33-month performance period was approximately \$1,340.7 million. In establishing the targets for the fiscal 2009 Cliff RPSUs, the Corporation required ongoing performance improvement based on the 33-month plan in a volatile business environment. Actual performance for the 33-month period was approximately \$1,437.6 million, or approximately 107% of target, after giving effect to various adjustments approved by the Compensation & Organizational Development Committee in accordance with the terms of the awards. Based on this performance, the Cliff RPSUs that vested in June 2011 were paid out at approximately 135% of target.

Pro-Rata RPSUs. Pro-Rata RPSUs granted in fiscal 2011 vest one-third each year over three years. All three tranches of the fiscal 2011 Pro-Rata RPSUs were earned and available for vesting based on the Corporation's achievement of the fiscal 2011 performance goal. The performance level that had to be achieved in order for the fiscal 2011 Pro-Rata RPSUs to be earned and available for vesting was the Threshold level of approximately \$469.4 million, which, in this case, was approximately 80% of the target net income before taxes figure of approximately \$586.8 million (the same target level established under the Corporation's EOAIIP). As noted above in Fiscal 2011 Cash Incentive Bonuses (EOAIIP) Paid, the Corporation had achieved record earnings in fiscal 2010 during an incredibly challenging global economic environment. While the Corporation did not plan to achieve similar results during fiscal 2011, the Corporation greatly exceeded its plan and the target net income before taxes performance level, after giving effect to various adjustments approved by the Compensation & Organizational Development Committee in accordance with the terms of the awards. As a result, 100% of the target shares for the first tranche of the fiscal 2011 Pro-Rata RPSUs vested and were paid out. The second and third tranches of the fiscal 2011 Pro-Rata RPSUs will vest based solely on continuous service from the grant date to the respective vesting dates for the second and third tranches. If the performance goal had not been achieved in fiscal 2011, all three tranches of the fiscal 2011 Pro-Rata RPSU awards would have been forfeited. The

Corporation believes that the use of net income before taxes as a measure for the award of Pro-Rata RPSUs is, like the performance measure utilized under the EOAIP, a comprehensive indicator of the Corporation's annual performance. Unlike Cliff RPSUs, the Pro-Rata RPSUs do not provide for payouts above or below the target shares awarded.

The Compensation & Organizational Development Committee establishes guidelines annually for determining long-term equity-based incentive grants to its executives under the 1997 Stock Incentive Plan and, subsequent to August 5, 2010, under the 2010 Stock Incentive Plan. These guidelines generally provide that the type of awards and the number of shares to be granted to employees are based on their position levels within the Corporation. Messrs. Lauren and Farah and Ms. Nemerov receive long-term equity-based incentive awards as provided under their respective employment agreements and, in Mr. Lauren's case, under an amendment to his employment agreement effective June 29, 2009 with respect to the Corporation's 2010 and subsequent fiscal years. This amendment provides that Mr. Lauren will no longer be entitled to grants of time-based RSUs and will instead receive grants of Cliff RPSUs which are performance-based and similar in nature to those provided to the other named executive officers. In fiscal 2011, consistent with each of their respective employment agreements, Mr. Lauren and Mr. Farah received Cliff RPSUs and stock options and Ms. Nemerov received stock options, Pro-Rata RPSUs and Cliff RPSUs. Messrs. Lauren and Farah recommend annual equity awards for the two other named executive officers, which are subject to the approval of the Compensation & Organizational Development Committee. In fiscal 2011, Ms. Travis and Mr. Kosh received three types of long-term equity awards—stock options, Cliff RPSUs and Pro-Rata RPSUs.

Fiscal 2011 Long-Term Equity-Based Incentive Awards. In fiscal 2011, each of the named executive officers received the following long-term equity grants:

Name	Stock Options(1)	Cliff RPSUs	Pro-Rata RPSUs
Ralph Lauren	100,000	75,000	
Roger N. Farah	132,393	61,900	
Jackwyn L. Nemerov(2)	28,371	61,528	10,293
Tracey T. Travis	3,783	3,537	1,371
Mitchell A. Kosh	3,783	3,537	1,371

- (1) The stock options granted to each of the named executive officers have a term of seven years. All options vest ratably on the first three anniversaries of the date of grant, with the exception of Mr. Farah. Pursuant to Mr. Farah's employment agreement, his stock options vest one-third on each of July 16, 2011 and July 16, 2012 and the remaining one-third will vest on March 30, 2013.
- (2) Of the 61,528 Cliff RPSUs that Ms. Nemerov received, 35,000 of these Cliff RPSUs provide for payout between 75%-100% of target shares but unlike the Cliff RPSUs for the other executives, do not provide opportunity for a payout above 100% of target shares. In addition, these 35,000 Cliff RPSUs will be eligible to vest in full after the end of fiscal 2013, subject to the Corporation's achievement of the same cumulative, three-year net earnings performance goal as established and approved by the Compensation & Organizational Development Committee for the Cliff RPSUs issued to all other executives in fiscal 2011.

Employee Benefits. The Corporation provides a number of benefit plans to all eligible employees, including its named executive officers. These benefits include programs such as medical, dental, life insurance, business travel accident insurance, short and long-term disability coverage and a 401(k) plan. The Corporation's named executive officers are also eligible for an annual executive physical, financial counseling, an annual car allowance and until December 31, 2010, an executive medical plan covering such executives and their eligible dependents. Effective January 1, 2011, the executive medical plan was discontinued in response to newly enacted health care reform legislation.

Other Benefits. The Corporation provides its named executive officers with other benefits that it believes are reasonable, competitive and consistent with the Corporation's overall executive compensation program. The Corporation believes that these benefits generally allow its executives to work more efficiently, promote the Corporation's brand and are legitimate business expenses. The costs of these benefits constitute only a small percentage of each named executive officer's total compensation. The Corporation provides the use of an automobile and driver to Mr. Lauren and to Ms. Nemerov. Each of Mr. Farah, Ms. Travis and Mr. Kosh receives an annual car allowance. In addition, pursuant to their respective employment agreements and for security purposes, Mr. Lauren and Mr. Farah are required to use private aircraft for any travel and are reimbursed for the expense of such travel. In fiscal 2011, Mr. Farah did not receive any reimbursement for personal travel expenses. In fiscal 2011, the Corporation amended Mr. Lauren's employment agreement. Under this amendment, commencing in fiscal 2011 and continuing for the remaining fiscal years of his employment agreement, the Corporation will reimburse Mr. Lauren up to a maximum aggregate amount of \$200,000 for any expense incurred as a result of Mr. Lauren's use of his private aircraft, or other acceptable private aircraft, for personal travel. His employment agreement previously provided for unlimited reimbursement of such aircraft expenses. The Corporation's named executive officers are also permitted to use its aircraft for personal travel on a limited basis. The Corporation also provides a merchandise discount on most Corporation products to all of its employees, including its named executive officers. See the All Other Compensation column of the Summary Compensation Table and related footnotes for a discussion of all perquisites and other personal benefits provided to our named executive officers.

Deferred Compensation. The Corporation maintains a Supplemental Executive Retirement Plan (SERP) for certain of its executives, generally for those who had a title of Vice President and above when they were admitted to such plan. In October 2004, the Corporation ceased admitting new participants under the SERP. During fiscal 2009, the Corporation suspended annual contributions to the SERP, and participants were allowed to withdraw their balances in early fiscal 2010 if they no longer wished to remain a participant in the SERP. Participants who remain in the SERP continue to receive interest on SERP balances based on the mid-term Applicable Federal Rate. All of the 31 remaining participants in the SERP are 100% vested.

Of the three named executive officers who were participants in the SERP, only Mr. Kosh remains a participant.

The SERP account balance for remaining participants is payable upon termination of employment as follows:

Amount of Vested Balance	Payment Provision
\$200,000 or more	Payment is made in equal installments over 3 years
Less than \$200,000	Lump-Sum Payment

Other provisions consistent with IRS rules apply in the event of a participant's disability, retirement or death.

In addition, Mr. Farah is entitled to receive deferred compensation pursuant to the provisions of his employment agreement. See the Nonqualified Deferred Compensation table for a detailed description of these arrangements.

Stock Ownership Guidelines. The Corporation's Board of Directors and Compensation & Organizational Development Committee believe it is important for key members of the Corporation's senior management team and directors to build and maintain a long-term ownership position in the Corporation, to further align their financial interests with those of its stockholders and to encourage the creation of long-term value. The Corporation's compensation structure for these individuals provides for a significant percentage of compensation to be equity-based, which places a substantial portion of compensation at risk over a long-term period. As a result, early in fiscal 2011, the Compensation & Organizational Development Committee established stock ownership guidelines for the Corporation's non-employee directors, the named executive officers and select other

members of the Corporation's senior management group to further link the interests of these individuals with those of stockholders. The guidelines provide that non-employee directors and such executives must attain ownership of a specific number of shares by June 2015, which is approximately five years from the implementation of the guidelines. Non-employee directors and executives who join the Corporation after the implementation of the guidelines will have five years from the date that they joined the Corporation to attain the requisite numbers of shares specified in the guidelines. For executives, the guidelines are based on fixed share targets which vary depending on the executive's position and level within the Corporation. Further details on the guidelines for non-employee directors are provided in the Director Compensation section. If the executives do not meet these stock ownership guidelines as of June 2015, the guidelines will effectively function as minimum holding periods for shares acquired upon exercise of stock options and settlement of RPSUs, as the executives will not be permitted to dispose of such shares unless they satisfy the stock ownership guidelines immediately following such dispositions. In addition, certain shares underlying vested RSUs held by Messrs. Lauren and Farah are not scheduled to be distributed to them until their employment is terminated. See the Nonqualified Deferred Compensation table.

Stock ownership guidelines for the named executive officers are:

Name	Share Ownership Target
Ralph Lauren	80,000 shares
Roger N. Farah	45,000 shares
Jackwyn L. Nemerov	35,000 shares
Tracey T. Travis	18,000 shares
Mitchell A. Kosh	18,000 shares

Shares directly or beneficially owned by the executive count toward the achievement of ownership guidelines. The Compensation & Organizational Development Committee believes that this is the most consistent method of determining ownership, as unvested RPSUs and vested but unexercised stock options may not determine the actual number of shares that an individual owns until a future date.

Certain Tax Matters. Although Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to covered employees (which are defined as the Corporation's named executive officers, other than the Chief Financial Officer), qualifying performance-based compensation is not subject to the deduction limit if certain requirements are met. The Corporation's EOAIP, 1997 Stock Incentive Plan and 2010 Stock Incentive Plan are designed to permit the deductibility of awards payable to the Corporation's named executive officers for Federal income tax purposes even if the compensation paid to any such officer exceeds \$1,000,000. Under Mr. Lauren's employment agreement, a portion of his annual base salary will not be deductible since it exceeds \$1,000,000. See Executive Employment Agreements.

In assessing compensation proposals with respect to the named executive officers, the Compensation & Organizational Development Committee considers, among other things, the tax deductibility of such compensation, but reserves the right to compensate named executive officers in a manner commensurate with performance and the competitive environment for executive and creative talent. As a result, some portions of the compensation paid to a named executive officer whose compensation is subject to the deduction limits described above may not be deductible by the Corporation.

Accounting Matters. Each element of the compensation that the Corporation pays to its executives is expensed in the Corporation's financial statements as required by U.S. generally accepted accounting principles. The financial statement impact of various compensation awards is an important factor that the Compensation & Organizational Development Committee considers in determining the amount, form, and design of each pay component for the Corporation's executives.

Adjustment or Recovery of Awards. In August 2007, the Corporation amended the EOAIP to include adoption of a formal policy regarding the recovery of awards granted under the EOAIP in connection with a restatement of its financial statements. Under this policy, if, as a result of a named executive officer's intentional misconduct or gross negligence, the Corporation is required to prepare an accounting restatement due to the material noncompliance of the Corporation with any financial reporting requirement under the securities laws, the Compensation & Organizational Development Committee of the Corporation may, in its reasonable discretion, require such executive to promptly reimburse the Corporation for the amount of any payment previously received by the executive pursuant to the EOAIP that was earned or accrued during the twelve-month period following the earlier of the first public issuance or filing with the SEC of any financial document embodying such financial reporting requirement that required such accounting restatement. In May 2009, the Corporation also adopted this policy with regard to awards granted to its named executive officers under the 1997 Stock Incentive Plan (which policy continues to apply under the 2010 Stock Incentive Plan). The Corporation has not experienced any situations or occasions that could have resulted in a recovery of an award or payment under such policy. If the Corporation does experience a situation or occasion that could result in such a recovery in the future, the Compensation & Organizational Development Committee would assess the circumstances relating to the potential recovery and take such legally permissible actions as it believes to be appropriate in its discretion at such time. The Corporation may also seek repayment, in the reasonable discretion of the Compensation & Organizational Development Committee, of bonus payments or awards provided to executives based upon the occurrence of various events such as termination of employment for cause, a material violation of material written policies of the Corporation or a breach of any restrictive covenants.

Compensation & Organizational Development Committee Report

The Compensation & Organizational Development Committee, composed entirely of independent directors, reviewed and discussed the above Compensation Discussion and Analysis (CD&A) with the Corporation's management and with the other members of the Board of Directors. Based on these reviews and discussions, the Compensation & Organizational Development Committee recommended to the Board of Directors that the CD&A be included in the Corporation's Annual Report on Form 10-K and this Proxy Statement.

- (1) The amounts reported in this column represent base salaries paid to each of the named executive officers for the applicable fiscal year as provided for in each of their respective employment agreements. See Executive Employment Agreements.
- (2) The named executive officers did not receive any discretionary bonuses, sign-on bonuses, or other annual bonus payments that are not contingent on the achievement of stipulated performance goals. Cash bonus payments that are contingent on achieving pre-established, substantially uncertain and communicated goals, including payments under the EOAIP, appear in the column headed, Non-Equity Incentive Plan Compensation.
- (3) The stock-based compensation amounts shown in this column reflect the aggregate grant date fair value, assuming no risk of forfeiture, of RSU and RPSU (both Pro-Rata RPSU and Cliff RPSU) awards granted during fiscal 2011, fiscal 2010 and fiscal 2009, calculated in accordance with ASC 718. The Corporation determines the fair value of RSU and RPSU awards using the average of the high/low stock price on the date of grant, as adjusted to reflect the absence of dividends for those awards that are not entitled to dividend equivalents. For RPSUs, the amounts shown in the table reflect the aggregate grant date fair value at the Target achievement level.

Edgar Filing: POLO RALPH LAUREN CORP - Form DEF 14A

For Mr. Lauren, if performance were assumed to be at the Maximum level for Cliff RPSUs, the aggregate grant date fair value would increase by \$2,819,625 for fiscal 2011 and \$2,030,625 for fiscal 2010.

For Mr. Farah, if performance were assumed to be at the Maximum level for Cliff RPSUs, the aggregate grant date fair value would increase by \$2,290,610 for fiscal 2011 and \$2,240,754 for fiscal 2010.

For Ms. Nemerov, if performance were assumed to be at the Maximum level for Cliff RPSUs, the aggregate grant date fair value would increase by \$981,669 for fiscal 2011, \$960,340 for fiscal 2010 and \$736,667 for fiscal 2009.

For Ms. Travis, if performance were assumed to be at the Maximum level for Cliff RPSUs, the aggregate grant date fair value would increase by \$130,924 for fiscal 2011, \$136,524 for fiscal 2010 and \$122,264 for fiscal 2009.

For Mr. Kosh, if performance were assumed to be at the Maximum level for Cliff RPSUs, the aggregate grant date fair value would increase by \$130,924 for fiscal 2011, \$136,524 for fiscal 2010 and \$122,264 for fiscal 2009.

- (4) The stock-based compensation amounts shown reflect the aggregate grant date fair value, assuming no risk of forfeiture, of stock option awards granted during fiscal 2011, fiscal 2010 and fiscal 2009, calculated in accordance with ASC 718. The Corporation uses the Black-Scholes option pricing model to estimate the fair value of stock options granted, which requires the input of both subjective and objective assumptions. The assumptions used in the valuation of stock-based awards are discussed in Note 20 to our audited consolidated financial statements included in our Annual Report on Form 10-K for fiscal year 2011.
- (5) The amounts reported in this column represent payments made under the EOAP in June next following the expiration of the fiscal year to which the payments relate.
- (6) The named executive officers did not receive any above-market or preferential earnings on compensation deferred on a basis that is not tax qualified. See Non-Qualified Deferred Compensation.
- (7) The amounts reported in this column represent the aggregate dollar amount for each named executive officer of all other compensation for the year, including perquisites and other personal benefits. Executive Employment Agreements

Ralph Lauren's Employment Agreement. Ralph Lauren is employed as the Corporation's Chairman of the Board of Directors and CEO pursuant to an amended and restated employment agreement dated as of March 30, 2008, and amended as of June 29, 2009 and November 9, 2010. The key terms of Mr. Lauren's employment agreement are:

Term: Mr. Lauren's employment agreement, which commenced on March 30, 2008, provides for a five-year term ending on March 30, 2013, the last day in the Corporation's 2013 fiscal year.

Salary: Under Mr. Lauren's employment agreement, he is entitled to an annual base salary of \$1.25 million.

Bonus: Mr. Lauren's target bonus will be in the amount of \$13 million for each of the fiscal years during the term of his employment agreement. The maximum bonus provided for under his employment agreement in any fiscal year is 150% of that year's target bonus.

Options, RSUs and RPSUs: Under Mr. Lauren's employment agreement, he is entitled to annual grants of options to purchase 100,000 shares of Class A Common Stock. He also received a grant in fiscal 2009 of 75,000 RSUs under the 1997 Stock Incentive Plan. The options have an exercise term of seven years and vest ratably on the first three anniversaries of the date of grant, subject to accelerated vesting upon the termination of Mr. Lauren's employment in certain circumstances as discussed below in Potential Payments Upon Termination or Change in Control. The exercise price for any such options issued to Mr. Lauren was equal to the fair market value of the Common Stock as of the date of any options grant. The grant of RSUs will vest in its entirety on the fifth anniversary of the grant, subject to accelerated vesting upon Mr. Lauren's death, disability (as defined in his employment agreement) or termination of employment (except in the event of (i) termination by the Corporation for cause (as defined in his employment agreement and as described below in Potential Payments Upon Termination or Change in Control Ralph Lauren), or (ii) Mr. Lauren's voluntary resignation without good reason (as defined in his employment agreement and as described below in Potential Payments Upon Termination or Change in Control Ralph Lauren)) prior to the end of the term of Mr. Lauren's employment agreement and will be payable in shares of Common Stock as soon as practicable (but in no event later than 30 days) following the termination of Mr. Lauren's employment. With respect to each RSU he receives, Mr. Lauren is entitled to dividend equivalents in the form of additional RSUs in connection with the payment of cash dividends on the Common Stock. Pursuant to an amendment to Mr. Lauren's employment agreement effective June 29, 2009, and starting in the Corporation's 2010 fiscal year, Mr. Lauren no longer receives a grant of 75,000 time-based RSUs and instead receives a grant of 75,000 performance-based RPSUs. Each grant of RPSUs will vest at the end of a three-year performance period, subject to Mr. Lauren's continued employment with the Corporation and the Corporation achieving its performance goals (except in certain circumstances subject to accelerated vesting upon the termination of Mr. Lauren's employment as discussed below in Potential Payments Upon Termination or Change in Control Ralph Lauren). The grant of RPSUs will provide a target number of shares that will vest and be paid out subject to achievement of pre-established financial goals. Three levels of achievement are used to determine vesting with regard to Mr. Lauren's RPSU award: Threshold, Target and Maximum. The Threshold level, which is 70% of the financial goal, must be achieved in order for any RPSUs to vest and be provided to Mr. Lauren at the end of the applicable vesting period. If performance is at the Threshold level, 75% of Mr. Lauren's 75,000 RPSUs plus accrued dividends will vest and be paid out. If performance is at the Target level, which is 100% of the financial goal, then all of Mr. Lauren's 75,000 RPSUs plus accrued dividends will vest and be paid out. If performance is at the Maximum level, which is 110% or more of the financial goal, then 150% of the target shares plus accrued dividends will vest and be paid out. Vesting with respect to Mr. Lauren's RPSUs shall be interpolated for performance between 70% and 110% of target goal(s) and none of Mr. Lauren's RPSUs shall vest for performance below threshold goal(s). Further, with respect to each RPSU he receives, Mr. Lauren is entitled to dividend equivalents in the form of additional RSUs in

connection with the payment of cash dividends on Common Stock. In addition, with respect to Mr. Lauren's annual grants of options and RPSUs, the Compensation & Organizational Development Committee of the Board of Directors will have the authority, in its good faith discretion, to reduce the amount of Mr. Lauren's annual equity grants.

Other Benefits: Under Mr. Lauren's employment agreement, Mr. Lauren is required for security purposes to use his or other acceptable private aircraft for any travel. In addition to being entitled to reimbursement for any aircraft travel expenses he incurred which were business related, Mr. Lauren is also entitled to reimbursement for any personal aircraft travel expenses which he incurs, without any tax gross-up, up to a maximum aggregate amount of \$200,000 per fiscal year. Mr. Lauren is also provided with a Corporation paid car and driver. Mr. Lauren is eligible to participate in all employee benefit plans and arrangements of the Corporation for its senior executive officers.

Non-compete: Under Mr. Lauren's employment agreement, he may not compete with the Corporation anywhere in the world during the term of his employment and for a period of two years after the termination of his employment for any reason.

See Potential Payments Upon Termination or Change in Control for a discussion of severance and change of control payments payable to Mr. Lauren under Mr. Lauren's employment agreement.

Roger N. Farah's Employment Agreement. Roger Farah is employed as the Corporation's President and COO pursuant to an amended and restated employment agreement dated as of October 14, 2009 and amended as of March 29, 2010. The key terms of Mr. Farah's employment agreement are:

Term: Mr. Farah's employment agreement provides for Mr. Farah's employment as President and COO through March 30, 2013, the last day of the Corporation's 2013 fiscal year, subject to automatic, successive one-year extensions thereafter unless either party gives at least 180 days' prior notice that the term will not be extended.

Salary: Under Mr. Farah's employment agreement, Mr. Farah is entitled to an annual base salary of \$900,000.

Bonus: Pursuant to Mr. Farah's employment agreement, Mr. Farah is eligible to receive an annual incentive bonus ranging from \$3 million to \$9 million, subject to the Corporation's achievement of performance goals established by the Compensation & Organizational Development Committee under the EOAIP, with a target bonus of \$6 million.

Deferred Compensation: Pursuant to Mr. Farah's employment agreement, Mr. Farah receives deferred compensation of \$250,000 per year for fiscal years 2010-2013, which is credited on a monthly basis to a notional deferred compensation account on the books of the Corporation (which was originally established in 2003). Each month that an amount is credited to his notional deferred compensation account, the Corporation contributes in cash the amount of such monthly credit to a grantor trust (whose assets remain subject to the claims of the creditors of the Corporation) for the benefit of Mr. Farah. The trust assets attributable to the Corporation contributions on behalf of Mr. Farah are invested as directed by Mr. Farah, and the actual earnings (or losses) on such investments are deemed credited (debited) to Mr. Farah's notional deferred compensation account. Mr. Farah may choose to have the trust assets invested in any one or more of the mutual funds managed by the Vanguard Group of Investment Companies. On July 23, 2007, Mr. Farah became fully vested in the notional deferred compensation account. Amounts previously credited to the deferred compensation account for calendar years 2005-2008 were paid to Mr. Farah on October 30, 2009. Deferred compensation and any investment earnings credited in calendar 2009 will be paid to Mr. Farah on the earlier of January 1, 2017 or the 45th day following the termination of his employment. The then-current value of the notional deferred compensation account credited after calendar 2009 will be payable in a cash lump sum payment to Mr. Farah (or his estate) on the 45th day following termination of his employment.

The balance of the deferred compensation account as of December 31, 2004 will be paid as soon as practicable after the termination of Mr. Farah's employment. See Non-Qualified Deferred Compensation.

Options and RPSUs: Pursuant to Mr. Farah's employment agreement, and in accordance with the terms of the 1997 Stock Incentive Plan or 2010 Stock Incentive Plan, as applicable, Mr. Farah shall receive an annual stock award grant with a total value of \$7 million for fiscal years 2010-2012. Fifty percent of such annual stock award shall consist of Cliff RPSUs and fifty percent shall consist of stock options to purchase shares of the Corporation's Class A Common Stock. Under Mr. Farah's employment agreement, if the Corporation terminates Mr. Farah's employment without cause (as defined in Mr. Farah's employment agreement), or Mr. Farah terminates his employment for good reason (as defined in Mr. Farah's employment agreement), or his employment is terminated due to his death or disability, or either the Corporation or Mr. Farah elect not to extend the term of Mr. Farah's employment agreement, then (i) any Cliff RPSUs granted in fiscal years 2010 and 2011 will vest, subject to the Corporation's achievement of performance goals established by the Compensation & Organizational Development Committee of the Board of Directors under the 1997 Stock Incentive Plan; (ii) any RPSUs granted in fiscal 2012 will vest as of the end of fiscal 2014; and (iii) all outstanding stock options will vest and remain exercisable until the earlier of one year from the date of his termination of employment or the expiration date of the option, except in the event that Mr. Farah has elected not to renew his employment agreement, in which case, his stock options that were granted in fiscal 2013 will not become exercisable until the end of fiscal 2014 and shall remain exercisable for one year. Upon the termination of Mr. Farah's employment by the Corporation for cause or a voluntary resignation by Mr. Farah without good reason (and his resignation is not due to his election not to extend the term of his employment agreement), all outstanding unvested Cliff RPSUs and unvested stock options will be immediately cancelled and forfeited to the Corporation. If Mr. Farah resigns his employment due to early retirement (as defined in the 1997 Stock Incentive Plan or 2010 Stock Incentive Plan, as applicable), then he shall have one year from the date of resignation to exercise any vested stock options (or until the expiration of the original option term if earlier). If Mr. Farah's employment is terminated due to his death or disability, then Mr. Farah shall have three years to exercise his vested stock options (or until the expiration of the original option term if earlier).

Other Benefits: Mr. Farah is eligible to participate in all employee benefit plans and arrangements of the Corporation for its senior executive officers. For security purposes, Mr. Farah uses private aircraft for travel. Non-compete: Mr. Farah may not compete with the Corporation during the duration of Mr. Farah's employment with the Corporation and for 12 months after the termination of his employment for any reason.

Potential Payments Upon Termination or Change in Control

Ralph Lauren. Mr. Lauren's potential payments upon termination or change in control as described in this section are based upon his employment agreement, as amended.

If Mr. Lauren resigned for good reason (as defined in his employment agreement and as described below), or if the Corporation terminated Mr. Lauren's employment without cause (as defined in his employment agreement and as described below, including the Corporation electing not to renew the term of Mr. Lauren's employment agreement), Mr. Lauren would be entitled to receive within 30 days following the date of termination a lump sum cash payment equal to the sum of: (i) three years' base salary; (ii) any accrued and unpaid compensation for any prior fiscal year; and (iii) three times the average annual bonus paid to Mr. Lauren for the two fiscal years immediately preceding the year of his termination of employment. In addition, any unvested stock options would continue to vest on schedule, provided that Mr. Lauren complied with certain noncompete and other restrictive covenants (as described below), and all of his unvested RSUs and unvested RPSUs would vest and be payable in shares of Class A Common Stock no later than 30 days after the vesting date. In addition, any vested stock options held by Mr. Lauren, and any options that would continue to vest as described herein, would remain exercisable until the later of one year from the date of termination of his employment or thirty days from the date the options become vested and exercisable, but in no event later than the expiration date of the options, provided that Mr. Lauren complied with certain noncompete and other restrictive covenants (as described below). During the three-year severance period, the Corporation will be obligated to continue to provide Mr. Lauren with office facilities and secretarial assistance, welfare and medical plan coverage and use of a car and driver.

In the event Mr. Lauren's employment terminates due to his death or disability, Mr. Lauren or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability, including a pro-rated bonus for the fiscal year of termination, and with respect to Mr. Lauren's unvested stock options and unvested RSUs, and unvested RPSUs, such awards shall vest immediately and, in the case of his unvested stock options, shall be exercisable until the earlier of three years from the date of termination or the expiration date of the option, and in the case of his unvested RSUs and unvested RPSUs, shall be payable in shares of Class A Common Stock no later than 30 days after the vesting date.

Under Mr. Lauren's employment agreement, if Mr. Lauren terminates his employment for any reason, other than for good reason, death or disability, including his electing not to renew the term of the employment agreement, or if the Corporation terminates Mr. Lauren's employment for cause, then Mr. Lauren will only receive his base salary through the date of termination. In addition, under Mr. Lauren's employment agreement, if Mr. Lauren terminates his employment for any reason, other than for good reason, death or disability, including his electing not to renew the term of the employment agreement, any vested but unexercised stock options, unvested stock options, unvested RSUs, and unvested RPSUs held by Mr. Lauren pursuant to his employment agreement shall be forfeited.

In the event that a change of control precedes the termination of Mr. Lauren's employment, Mr. Lauren will continue to receive upon termination of employment the same amounts in the same manner as described above. In addition, any unvested stock options and unvested RSUs and RPSUs would immediately vest upon a change in control.

Under Mr. Lauren's employment agreement, the above described amounts payable to Mr. Lauren are subject to his compliance with the following restrictive covenants: (i) not to compete with the Corporation for two years following the termination of his employment; (ii) not to solicit any employee of the Corporation for three years following the termination of his employment; (iii) not to disparage the Corporation for three years following the termination of his employment; and (iv) not to disclose any confidential information of the Corporation.

Under Mr. Lauren's employment agreement, cause is defined as (A) the willful and continued failure by him to substantially perform his duties after demand for substantial performance is delivered by the Corporation that specifically identifies the manner in which the Corporation believes he has not substantially performed his duties;

or (B) his conviction of, or plea of *nolo contendere* to, a crime (whether or not involving the Corporation) constituting a felony; or (C) willful engaging by him in gross misconduct relating to his employment that is materially injurious to the Corporation or subjects the Corporation, monetarily or otherwise or which subjects, or if generally known, would subject the Corporation to public ridicule or embarrassment. Further, no act, or failure to act, shall be considered willful unless done, or omitted to be done, by Mr. Lauren not in good faith and without reasonable belief that his action or omission was in the best interest of the Corporation. Notwithstanding the forgoing, Mr. Lauren shall not be deemed to have been terminated for cause without (x) reasonable written notice to him setting forth the reasons for the Corporation's intention to terminate him for cause, (y) an opportunity for him, together with his counsel, to be heard before the Board of Directors, and (z) delivery to him of a specific termination notice from the Board of Directors that states that in the good faith opinion of the Board of Directors Mr. Lauren was guilty of the conduct set forth above in clauses (A), (B) or (C) above, and specifying the particulars thereof in detail. In addition, in the event that the Board of Directors has so determined in good faith that cause exists, the Board of Directors shall have no obligation to terminate Mr. Lauren's employment if the Board of Directors determines in its sole discretion that such a decision not to terminate his employment is in the best interest of the Corporation.

Under Mr. Lauren's employment agreement, good reason is defined to mean (A) a material diminution in Mr. Lauren's duties or the assignment to him of a title or duties inconsistent with his position as Chairman of the Board of Directors and CEO of the Corporation, (B) a material reduction in his salary, or (C) a failure of the Corporation to comply with any material provision of his employment agreement; provided that the events described in clauses (A), (B) and (C) above will not constitute good reason unless such diminution, reduction or failure (as applicable) has not been cured within thirty (30) days after notice of such noncompliance has been given by Mr. Lauren to the Corporation. In addition, under Mr. Lauren's employment agreement, termination of employment for good reason must be within one year following the occurrence of the basis for such good reason to terminate, and Mr. Lauren must notify the Corporation of the existence of such good reason within 90 days of its occurrence.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Roger N. Farah. If Mr. Farah resigns for good reason (as defined in his employment agreement and as described below) or if the Corporation terminates his employment for any reason other than an election on the part of the Corporation not to extend the term of his employment agreement, Mr. Farah's death or disability or for cause (as defined in his employment agreement and as described below), Mr. Farah will be entitled to receive a pro-rata portion, based on the number of days he worked in the fiscal year prior to the date of the termination of his employment, of the annual incentive bonus that he would have received based on the Corporation's performance for the fiscal year during which such termination occurred plus an amount, generally payable over Mr. Farah's severance period, equal to the sum of: (i) the applicable severance multiplier times his annual base salary and (ii) the applicable severance multiplier times \$6 million. Mr. Farah's severance multiplier is the greater of (i) the number of years (including fractions thereof), up to three, remaining in the term of his employment agreement and (ii) Mr. Farah's severance period is equal to the total number of months that is the result of multiplying twelve (12) times Mr. Farah's severance multiplier. In addition, with respect to Mr. Farah's stock awards, (i) any Cliff RPSUs granted in fiscal years 2010 and 2011 will vest, subject to the Corporation's achievement of performance goals established by the Compensation & Organizational Development Committee of the Board of Directors under the Corporation's 1997 Stock Incentive Plan; (ii) any Cliff RPSUs granted in fiscal 2012 will vest as of the end of fiscal 2014; and (iii) all outstanding stock options will vest and remain exercisable until the earlier of one year from the date of his termination of employment or the expiration date of the option. In addition, Mr. Farah will be entitled to continued participation in the Corporation's health benefit plans and continued payment of his automobile allowance until the earlier of the end of the severance period or until he secures new employment.

If either the Corporation or Mr. Farah elects not to extend the term of his employment agreement (the earliest nonrenewal of which would occur at the end of fiscal 2013), Mr. Farah will be entitled to receive his salary through the date of termination plus the annual incentive bonus he would have been entitled to receive for

the fiscal year in which the term ends, payable at the same time as bonuses are paid to other executives under the EOAIP. In addition, with respect to Mr. Farah's stock awards, (i) any Cliff RPSUs granted in fiscal years 2010 and 2011 will vest, subject to the Corporation's achievement of performance goals established by the Compensation & Organizational Development Committee of the Board of Directors under the 1997 Stock Incentive Plan; (ii) any Cliff RPSUs granted in fiscal 2012 will vest as of the end of fiscal 2014; and (iii) all outstanding stock options will vest and remain exercisable until the earlier of one year from the date of his termination of employment or the expiration date of the option, except in the event that Mr. Farah has elected not to renew his employment agreement, then his stock options that were granted in fiscal 2013 will not become exercisable until the end of fiscal 2014 and shall remain exercisable for one year. If the Corporation elects not to extend the term, Mr. Farah will also be entitled to receive an amount, payable in twelve equal monthly installments, equal to the sum of (i) his annual base salary and (ii) \$6 million.

If the Corporation terminates Mr. Farah for cause or Mr. Farah resigns other than for good reason (and his resignation is not due to his election not to extend the term of his employment agreement), he is entitled to receive only his base salary through the date of termination and all outstanding unvested Cliff RPSUs and unvested stock options will be immediately cancelled and forfeited to the Corporation. If Mr. Farah resigns his employment due to early retirement (as defined in the 1997 Stock Incentive Plan or 2010 Stock Incentive Plan, as applicable), then he shall have one year from the date of resignation to exercise any vested stock options (or upon the expiration of the original option term if earlier). In the event of Mr. Farah's termination due to his death or disability, Mr. Farah or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability, including a pro-rated target incentive bonus for the fiscal year of termination. In addition, with respect to Mr. Farah's stock awards, (i) any Cliff RPSUs granted in fiscal years 2010 and 2011 will vest, subject to the Corporation's achievement of performance goals established by the Compensation & Organizational Development Committee of the Board of Directors under the 1997 Stock Incentive Plan; (ii) any Cliff RPSUs granted in fiscal 2012 will vest as of the end of fiscal 2014; and (iii) all outstanding stock options will vest and remain exercisable until the earlier of three years from the date of his termination of employment or the expiration date of the option.

If the Corporation and Mr. Farah both determine that part or all of the payments under his employment agreement constitute parachute payments under Section 280G(b)(2) of the Code, then, if the aggregate present value of such parachute payments and all other parachute payments paid to Mr. Farah under any other plan, arrangement or agreement with the Corporation exceeds 2.99 times Mr. Farah's base amount, as defined in Section 280G(b)(3) of the Code, the payments to Mr. Farah constituting parachute payments will be reduced to the extent necessary so that the parachute payments equal 2.99 times Mr. Farah's base amount. However, such amounts will not be so reduced if Mr. Farah determines, based upon the advice of an independent nationally recognized public accounting firm, that without such reduction he would be entitled to receive and retain, on a net after-tax basis, a greater amount than he would be entitled to receive and retain after such reduction.

If a change of control (defined in his employment agreement to include a change in the ownership, effective control or a change in the ownership of a substantial portion of the assets, in each case, within the meaning of Section 409A of the Code and the regulations issued thereunder) of the Corporation occurs within two years prior to any termination of Mr. Farah's employment due to his resignation for good reason or due to any reason other than an election on the part of the Corporation or Mr. Farah not to extend the term of his employment agreement, Mr. Farah's death or disability or for cause, then Mr. Farah shall receive (i) the cash severance payments described above in the first paragraph of this section, in two equal lump sum installments, the first payable within forty-five (45) days after the date of termination and the second on the first anniversary of the date of termination; and (ii) instead of receiving a pro-rata portion of the annual incentive bonus he would receive for the year of termination based on the Corporation's achievement of performance goals, Mr. Farah shall instead receive a pro-rata portion of \$6 million based on the number of days he worked in the fiscal year prior to the date of the termination. In addition, Mr. Farah will be entitled to continued participation in the Corporation's health benefit plans and continued payment of his automobile allowance until the earlier of the end of the severance period or until he secures new employment. In addition, any unvested stock options and unvested RPSUs held by Mr. Farah would immediately vest.

Under his employment agreement, the above-described amounts and stock awards to be provided to Mr. Farah are subject to his compliance with the following restrictive covenants: (i) not to compete with the Corporation for twelve months following the termination of his employment; (ii) not to solicit any employee of the Corporation for two years following the termination of his employment and during the severance period; (iii) not to disparage the Corporation for two years following the termination of his employment and during the severance period; and (iv) not to disclose any confidential information of the Corporation.

Deferred compensation and any investment earnings credited to Mr. Farah's deferred compensation account in calendar 2009 will be paid on the earlier of January 1, 2017 or the 45th day following the termination of his employment. The then-current value of the deferred compensation account credited after calendar 2009 will be payable in a cash lump sum payment to Mr. Farah on the 45th day following termination of his employment. The balance of the deferred compensation account as of December 31, 2004 will be paid as soon as practicable after the termination of Mr. Farah's employment.

Under his employment agreement, cause is defined as (A) the willful and continued failure by Mr. Farah to substantially perform his duties after demand for substantial performance is delivered to him by the Corporation that specifically identifies the manner in which the Corporation believes he has not substantially performed his duties; (B) Mr. Farah's conviction of, or plea of *nolo contendere* to, a crime (whether or not involving the Corporation) constituting any felony; or (C) the willful engaging by Mr. Farah in gross misconduct relating to his employment that is materially injurious to the Corporation, monetarily or otherwise or which subjects, or if generally known would subject, the Corporation to public ridicule. Further, no act, or failure to act, on Mr. Farah's part will be considered willful unless done, or omitted to be done, by him not in good faith and without reasonable belief that his action or omission was in the best interest of the Corporation. Notwithstanding the foregoing, Mr. Farah's employment may be terminated for cause only by act of the Board of Directors and Mr. Farah's employment will not be deemed to have been terminated for cause without (x) reasonable written notice to him setting forth the reasons for the Corporation's intention to terminate for cause, (y) the opportunity to cure (if curable) within 30 days of such written notice of the event(s) giving rise to such notice and (z) an opportunity for Mr. Farah, together with his counsel, to be heard by the Board of Directors.

Under his employment, good reason is defined as (A) a material diminution in or adverse alteration to his title or duties, (B) a reduction in his salary or annual incentive bonus opportunity or deferred compensation or the Corporation's electing to eliminate its bonus plan without substituting a plan which provides for a reasonably comparable annual incentive bonus opportunity or Mr. Farah ceasing to be entitled to the payment of an annual incentive bonus as a result of the failure of the Corporation's stockholders to approve a plan or arrangement evidencing such annual incentive bonus in a manner that complies with the requirements of section 162(m) of the Code, (C) the relocation of Mr. Farah's principal office outside of the area which comprises a fifty (50) mile radius from New York City, (D) a failure of the Corporation to comply with any material provision of his employment agreement or (E) the Corporation requiring Mr. Farah to report to anyone other than Ralph Lauren and/or the Board of Directors; provided that the events described in clauses (A), (B), (C), (D) and (E) above shall not constitute good reason (1) until Mr. Farah provides notice to the Corporation of the existence of such diminution, change, reduction, relocation, failure or requirement within ninety (90) days of its occurrence and (2) unless such diminution, change, reduction, failure or requirement (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by Mr. Farah to the Corporation.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Jackwyn L. Nemerov. Under her employment agreement, if the Corporation terminates Ms. Nemerov's employment for any reason other than death, disability or cause (as defined in her employment agreement and as described below), including the Corporation electing not to renew her employment agreement, or Ms. Nemerov terminates her employment for good reason (as defined in her employment agreement and as described below), Ms. Nemerov shall be entitled to receive, in accordance with the Corporation's normal payroll practices, an amount equal to her base salary for a severance period equal to the longer of the remaining term of her

employment agreement or one year, plus a lump sum amount at the end of the severance period equal to the bonus paid to Ms. Nemerov for the fiscal year immediately preceding the fiscal year in which her termination of employment occurs. In addition, Ms. Nemerov will be entitled to continue to participate during the severance period in any group medical, dental or life insurance plans in which she participated prior to termination. With respect to Ms. Nemerov's stock awards, granted in fiscal 2010 and beyond, Ms. Nemerov shall vest in any unvested stock options and shall have one year from the date of termination to exercise such vested options (or until the expiration date of such options if earlier), and shall also vest in any unvested RPSUs at the end of the applicable performance period, subject to the Corporation achieving the applicable performance goals. With respect to Ms. Nemerov's stock awards granted prior to fiscal 2010, all unvested stock options and unvested RPSUs shall be forfeited, and Ms. Nemerov shall have ninety days from the date of termination to exercise any vested stock options.

If Ms. Nemerov voluntarily terminates her employment without good reason, or if the Corporation terminates her employment for cause, Ms. Nemerov will be entitled to receive only her base salary through the date of termination. In the event Ms. Nemerov's employment terminates due to her death or disability, Ms. Nemerov or her estate will be entitled to receive all payments due to her through the date of her death or termination due to disability. In the event Ms. Nemerov's employment terminates due to her death or disability, or she terminates her employment due to retirement, Ms. Nemerov will be entitled to receive a pro-rated amount, based on the percentage of time that has elapsed during the applicable performance periods, of the unvested RPSUs held by her, which shall vest at the end of the applicable performance period, subject to the Corporation's achievement of pre-established financial goals. For death or disability, unvested stock options continue to vest according to their original vesting schedule.

If the Corporation terminates her employment without cause within 12 months following a change of control of the Corporation (as defined in her employment agreement), then, in lieu of the foregoing amounts, Ms. Nemerov shall be entitled to receive a lump sum amount, payable within 15 days after the termination of her employment (unless required otherwise by Section 409A of the Code), equal to two times the sum of her annual base salary and two times the bonus she was paid for the fiscal year immediately prior to her termination. In addition, any unvested options and unvested RPSUs held by Ms. Nemerov will immediately vest, and all of her vested options will remain exercisable for six months. In addition, Ms. Nemerov will be entitled to continue to participate during the severance period in any group medical, dental or life insurance plans in which she participated prior to termination.

Under her employment agreement, the above-described amounts and stock awards to be provided to her are subject to her compliance with the following restrictive covenants: (i) in the event her employment is terminated by the Corporation due to disability, for cause or by her without good reason, not to compete with the Corporation for one year following the termination of her employment; (ii) not to solicit any employee of the Corporation for two years following the termination of her employment; (iii) not to disparage the Corporation following the termination of her employment; and (iv) not to disclose any confidential information of the Corporation.

Under her employment agreement, cause is defined as: (A) the willful and continued failure by Ms. Nemerov to substantially perform the duties of her employment agreement after demand for substantial performance is delivered to her by the Corporation that specifically identifies the manner in which the Corporation believes that she has not substantially performed her duties, (B) her conviction of, or plea of *nolo contendere* to, a crime (whether or not involving the Corporation) constituting any felony or (3) the willful engaging by her in gross misconduct relating to her employment that is materially injurious to the Corporation, monetarily or otherwise or which subjects, or if generally known would subject, the Corporation to public ridicule. Further, no act, or failure to act, on Ms. Nemerov's part shall be considered willful unless done, or omitted to be done, by her not in good faith and without reasonable belief that her action or omission was in the best interest of the Corporation. Notwithstanding the foregoing, Ms. Nemerov's employment may be terminated for cause only by act of the Board of Directors and, in any event, her employment shall not be deemed to have

been terminated for cause without (x) reasonable written notice to Ms. Nemerov setting forth the reasons for the Corporation's intention to terminate for cause, (y) the opportunity to cure (if curable) within 30 days of such written notice of the event(s) giving rise to such notice and (z) an opportunity for Ms. Nemerov, together with her counsel, to be heard by the Board of Directors.

Under her employment agreement, good reason is defined as a termination of employment by Ms. Nemerov within one (1) year following the occurrence of: (A) a material diminution in or adverse alteration to Ms. Nemerov's title, base salary, benefits, position, status, or duties, (B) the relocation of her principal office outside the area which comprises a fifty (50) mile radius from New York City, (C) a failure of the Corporation to comply with any material provision of her employment agreement or (D) the Corporation requires her to report to anyone other than Ralph Lauren or Roger Farah, provided that the events described in clauses (A), (B), (C) and (D) above shall not constitute good reason (1) until Ms. Nemerov provides written notice to the Corporation of the existence of such diminution, change, reduction, relocation or failure within ninety (90) days of its occurrence and (2) unless and until such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by Ms. Nemerov to the Corporation.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Tracey T. Travis. Under her employment agreement, if the Corporation terminates Ms. Travis' employment for any reason other than death, disability or cause (as defined in her employment agreement and as described below), or Ms. Travis voluntarily terminates her employment for good reason (as defined in her employment agreement and as described below), Ms. Travis will be entitled to continue to receive, in accordance with the Corporation's normal payroll practices, an amount equal to her base salary for a severance period equal to the longer of the remaining term of her employment agreement or one year, plus an amount, payable at the end of the severance period, equal to the bonus that Ms. Travis received for the fiscal year immediately preceding the fiscal year in which her employment terminates. In addition, Ms. Travis will be entitled to continue her participation during the severance period in any group medical or dental plans in which she participated prior to termination.

If Ms. Travis voluntarily terminates her employment without good reason, or if the Corporation terminates her employment for cause, Ms. Travis will be entitled to receive only her base salary through the date of termination. In the event Ms. Travis' employment terminates due to her death or disability, Ms. Travis or her estate will be entitled to receive all payments due to her through the date of her death or termination due to disability. In the event Ms. Travis' employment terminates due to her death or disability, or she terminates her employment due to retirement, Ms. Travis will be entitled to receive a pro-rated amount, based on the percentage of time that has elapsed during the applicable performance periods, of the unvested RPSUs held by her, which shall vest at the end of the applicable performance period, subject to the Corporation's achievement of pre-established financial goals. For death or disability, unvested stock options continue to vest according to their original vesting schedule.

If the Corporation terminates her employment without cause within 12 months following a change in control of the Corporation (as defined in her employment agreement), then in lieu of the foregoing amounts, Ms. Travis will be entitled to receive a lump sum amount, payable within 15 days after the termination of her employment (unless required otherwise by Section 409A of the Code), equal to twice the sum of her annual base salary and two times the bonus she received for the fiscal year immediately preceding the fiscal year in which her employment terminates. In addition, any unvested options and unvested RPSUs held by Ms. Travis will immediately vest, and all vested options held by Ms. Travis will remain exercisable for six months. In addition, Ms. Travis will be entitled to continue her participation during the severance period in any group medical or dental insurance plans in which she participated prior to termination.

Under her employment agreement, cause is defined as: (i) deliberate or intentional failure by Ms. Travis to substantially perform the material duties of her employment agreement (other than due to disability); or (ii) a deliberate or intentional act of fraud, embezzlement, theft, breach of fiduciary duty, dishonesty, or any other

misconduct or any violation of law (other than a traffic violation) committed by Ms. Travis; or (iii) intentional wrongful damage to material assets of the Corporation; or (iv) her intentional wrongful disclosure of the Corporation's confidential information; or (v) her intentional wrongful engagement in any competitive activity which would constitute a breach of her employment agreement and/or of her duty of loyalty; or (vi) her intentional breach of any material employment policy of the Corporation; or (vii) performance by Ms. Travis of her employment duties in a manner deemed by the Corporation, in its sole discretion, to be grossly negligent; or (viii) the commission of any act by her, whether or not performed in the workplace, which subjects or, if publicly known, would be likely to subject the Corporation to public ridicule or embarrassment, or would likely be detrimental or damaging to the Corporation's reputation, goodwill, or relationships with its customers, suppliers, vendors, or employees. Further, no act, or failure to act, on the part of Ms. Travis shall be deemed intentional if it was due primarily to an error in judgment or negligence, but shall be deemed intentional only if done, or omitted to be done, by her not in good faith and without reasonable belief that her action or omission was in, or not opposed to, the best interest of the Corporation. The definition of cause in her employment agreement explicitly excludes failure to meet performance standards or objectives of the Corporation.

Under her employment agreement, good reason is defined as a termination of employment by Ms. Travis within sixty (60) days following the occurrence of (A) a material diminution in or adverse alteration to Ms. Travis' title, base salary, position or duties, including no longer reporting to the Chairman & CEO, or the President & COO, (B) the relocation of her principal office outside the area which comprises a fifty (50) mile radius from New York City, or (C) a failure of the Corporation to comply with any material provision of her employment agreement provided that the events described in clauses (A), (B), and (C) shall not constitute good reason (1) until Ms. Travis provides written notice to the Corporation of the existence of such diminution, change, reduction, relocation or failure within thirty (30) days of its occurrence and (2) unless and until such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by Ms. Travis to the Corporation.

If necessary to comply with Section 409A of the Code, any severance payments will be subject to a six month delay in payment.

Mitchell A. Kosh. Under his employment agreement, if the Corporation terminates his employment for any reason other than death, disability or cause (as defined in his employment agreement and as described below), or Mr. Kosh voluntarily terminates his employment for good reason (as defined in his employment agreement and as described below), Mr. Kosh will be entitled to continue to receive, in accordance with the Corporation's normal payroll practices, an amount equal to his base salary for a severance period equal to the longer of the remaining term of his employment agreement or one year, plus an amount, payable at the end of the severance period, equal to the bonus that Mr. Kosh received for the fiscal year immediately preceding the fiscal year in which his employment terminates. In addition, Mr. Kosh will be entitled to continue his participation during the severance period in any group medical or dental insurance plans in which he participated prior to termination.

If Mr. Kosh voluntarily terminates his employment without good reason, or if the Corporation terminates his employment for cause, Mr. Kosh will be entitled to receive only his base salary through the date of termination. In the event of Mr. Kosh's termination due to his death or disability, Mr. Kosh or his estate will be entitled to receive all payments due to him through the date of his death or termination due to disability. In the event Mr. Kosh's employment terminates due to his death or disability, or he terminates his employment due to retirement, Mr. Kosh will be entitled to receive a pro-rated amount, based on the percentage of time that has elapsed during the applicable performance periods, of the unvested RPSUs held by him, which shall vest at the end of the applicable performance period, subject to the Corporation's achievement of pre-established financial goals. For death or disability, unvested stock options continue to vest according to their original vesting schedule.

If the Corporation terminates Mr. Kosh's employment without cause within 12 months following a change of control of the Corporation (as defined in his employment agreement), Mr. Kosh will be entitled to receive a lump sum amount, payable within 15 days after the termination of his employment (unless required otherwise by

Section 409A of the Code), equal to twice the sum of his annual base salary and two times the bonus paid to him for the fiscal year immediately preceding the fiscal year in which his employment terminates. In addition, any unvested options and unvested RPSUs held by Mr. Kosh will immediately vest, and all options held by him will remain exercisable for six months. In addition, Mr. Kosh will be entitled to continue his participation during the severance period in any group medical or dental insurance plans in which he participated prior to termination.

Under his employment agreement, the above described amounts and stock awards to be provided to him are subject to his compliance with the following restrictive covenants: (i) in the event his employment is terminated by the Corporation due to disability, for cause or the termination by him of his employment without good reason, not to compete with the Corporation for the remainder of his scheduled employment term; (ii) not to solicit any employee of the Corporation for the remainder of his scheduled employment term; (iii) not to disparage the Corporation following the termination of his employment; and (iv) not to disclose any confidential information of the Corporation.

Under his employment agreement, cause is defined as: (i) failure by Mr. Kosh to perform the duties of his employment agreement (other than due to disability), provided that the conduct shall not constitute cause unless such failure by him to perform his duties has not been cured to the satisfaction of the Corporation, in its sole discretion, within fifteen (15) days after notice of such failure has been given by the Corporation to Mr. Kosh; or (ii) an act of fraud, embezzlement, theft, breach of fiduciary duty, dishonesty, or any other misconduct or any violation of law (other than a traffic violation) committed by Mr. Kosh; or (iii) any action by him causing damage to or misappropriation of Corporation assets; or (iv) his wrongful disclosure of the Corporation's confidential information; or (v) his engagement in any competitive activity which would constitute a breach of his employment agreement and/or of his duty of loyalty; or (vi) his breach of any employment policy of the Corporation; or (vii) performance by him of his employment duties in a manner deemed by the Corporation, in its sole discretion, to be grossly negligent; or (viii) the commission of any act by him, whether or not performed in the workplace, which subjects or, if publicly known, would be likely to subject the Corporation to public ridicule or embarrassment, or would likely be detrimental or damaging to the Corporation's reputation, goodwill, or relationships with its customers, suppliers, vendors, licensees or employees.

Under his employment agreement, good reason is defined as a termination of employment by Mr. Kosh within sixty (60) days following the occurrence of: (A) a material diminution in or adverse alteration to his title, base salary, position or duties, including no longer reporting to Ralph Lauren, CEO, or Roger Farah, COO, (B) the relocation of his principal office outside the area which comprises a fifty (50) mile radius from New York City, or (C) a failure of the Corporation to comply with any material provision of his employment agreement provided that the events described in clauses (A), (B), and (C) above shall not constitute good reason (1) until Mr. Kosh provides written notice to the Corporation of the existence of such diminution, change, reduction, relocation or failure within thirty (30) days of its occurrence and (2) unless such diminution, change, reduction or failure (as applicable) has not been cured within thirty (30) days after written notice of such noncompliance has been given by Mr. Kosh to the Corporation.

- (6) Represents the in-the-money value of unvested stock options that continue to vest. To determine this amount, the NYSE closing price of Class A Common Stock on the last day of fiscal 2011 of \$126.63 was used. The actual value would depend upon the stock price on the date of exercise.

- (7) Represents the in-the-money value of unvested stock options that become vested upon a change in control under the terms of the 1997 Stock Incentive Plan and Mr. Kosh would have up to six months to exercise. The actual value would depend upon the stock price on the date of exercise.

For this purpose, target performance is assumed. Vesting for both Cliff RPSUs and Pro-Rata RPSUs occurs only if the applicable performance goal is achieved. In both cases, vesting occurs at the original vesting date. To determine this amount, the NYSE closing price of \$126.63 per share of Class A Common Stock on the last business day of fiscal 2011 was used. The actual value would not be known until the vesting date. Fiscal 2009 Cliff RPSUs, which vested and were paid out on June 8, 2011, are included at 135% of target, which represents actual performance.
- (9) Upon a change of control, the RPSUs granted under the 1997 Stock Incentive Plan will vest.

CERTAIN RELATIONSHIPS AND TRANSACTIONS

Written Related Party Transactions Policy

The Corporation has adopted a written related party transactions policy detailing the policies and procedures relating to transactions which may present actual, potential or perceived conflicts of interest and may raise questions as to whether such transactions are consistent with the best interests of the Corporation and the stockholders. The Nominating & Governance Committee must review and approve, or ratify any deemed related party transaction proposed to be entered into by the Corporation's executive officers or directors.

Under the Corporation's related party transactions policy, any relationship, arrangement or transactions between the Corporation and (i) a director, (ii) an executive officer, (iii) a person known by the Corporation to be a beneficial owner of more than 5% of the Corporation's common stock, or (iv) a person known by the Corporation to be an immediate family member of any of the foregoing (each of the foregoing clauses (i)-(iv) a Related Party), is deemed to be a related party transaction. Under the Corporation's related party transactions policy, the following transactions are not deemed to be a related party transaction:

Any transaction that involves the providing of compensation to a director or executive officer for his or her services in that capacity.

Any transaction in which the aggregate amount involved is expected to be less than \$120,000.

Any transaction between the Corporation and any entity in which a Related Party has a relationship solely as an employee (other than an executive officer), director or beneficial owner of less than 10% of such entity's equity, if the aggregate amount involved does not exceed the greater of \$1 million or 2% of the other entity's total annual revenues.

Any transaction where the Related Party's interest arises solely from the ownership of the Corporation's common stock and all holders of the Corporation's common stock receive the same benefit on a pro-rata basis (e.g., dividends).

Any transaction with a Related Party involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority.

Any transaction with a Related Party involving services as a bank depositary of funds, transfer agent, registrar, trustee under a trust indenture or similar services.

Registration Rights Agreements

Certain of the Lauren Family Members (as defined below) and the Corporation are parties to a Registration Rights Agreement (the Registration Rights Agreement) pursuant to which the Lauren Family Members have certain demand registration rights in respect of shares of Class A Common Stock (including the shares of Class A Common Stock issuable upon conversion of the shares of Class B Common Stock held by them). The Lauren Family Members may make a demand to register their shares once every nine months. The Lauren Family Members also have an unlimited number of piggyback registration rights in respect of their shares. The piggyback registration rights allow the holders to include all or a portion of the shares of Class A Common Stock issuable upon conversion of their shares of Class B Common Stock under any registration statement filed by the Corporation, subject to certain limitations.

On June 14, 2010, Ralph Lauren exercised demand registration rights in respect of up to 10,350,000 shares of Class A Common Stock, issuable upon conversion of an equal number of Class B Common Stock. Concurrent with this public offering, the Corporation repurchased from Mr. Lauren 1,000,000 shares of Class A Common Stock, which was also issuable upon conversion of an equal number of Class B Common Stock. The Corporation repurchased these shares of Class A Common Stock at the public offering price of \$81.00 per share.

The Corporation is required to pay all expenses (other than underwriting discounts and commissions of the Lauren Family Members and taxes payable by the Lauren Family Members) in connection with any demand

registration, as well as any registration pursuant to the exercise of piggyback rights. The Corporation must also indemnify the Lauren Family Members and any underwriters against certain liabilities, including liabilities arising under the Securities Act of 1933, as amended (the Securities Act).

As used in this Proxy Statement, the term **Lauren Family Members** includes only the following persons: (i) Ralph Lauren and his estate, guardian, conservator or committee; (ii) the spouse of Ralph Lauren and her estate, guardian, conservator or committee; (iii) each descendant of Ralph Lauren (a **Lauren Descendant**) and their respective estates, guardians, conservators or committees; (iv) each Family Controlled Entity (as defined below); and (v) the trustees, in their respective capacities as such, of each Lauren Family Trust (as defined below). The term **Family Controlled Entity** means (i) any not-for-profit corporation if at least a majority of its board of directors is composed of Ralph Lauren, Mr. Lauren's spouse and/or Lauren Descendants; (ii) any other corporation if at least a majority of the value of its outstanding equity is owned by Lauren Family Members; (iii) any partnership if at least a majority of the economic interest of its partnership interests are owned by Lauren Family Members; and (iv) any limited liability or similar company if at least a majority of the economic interest in the company is owned by Lauren Family Members. The term **Lauren Family Trust** includes trusts, the primary beneficiaries of which are Mr. Lauren, Mr. Lauren's spouse, Lauren Descendants, Mr. Lauren's siblings, spouses of Lauren Descendants and their respective estates, guardians, conservator or committees and/or charitable organizations, provided that if the trust is a wholly charitable trust, at least a majority of the trustees of such trust consist of Mr. Lauren, the spouse of Mr. Lauren and/or Lauren Family Members.

Other Agreements, Transactions and Relationships

In connection with the reorganization that preceded the Corporation's initial public offering in June 1997, the Corporation and its stockholders entered into a stockholders' agreement (the **Stockholders' Agreement**) which sets forth certain voting and other agreements for the period prior to completion of the initial public offering. All of the provisions of the **Stockholders' Agreement** terminated upon completion of the initial public offering, except for certain provisions relating to certain tax matters with respect to the Corporation's predecessor entities, certain restrictions on transfers of shares of Common Stock and indemnification and exculpation provisions.

The Corporation has entered into indemnification agreements with each of its directors and certain executives. The indemnification agreements require, among other things, that the Corporation indemnify its directors and executives against certain liabilities and associated expenses arising from their service as directors and executives of the Corporation and reimburse certain related legal and other expenses. In the event of a change of control (as defined therein), the Corporation will, upon request by an indemnitee under the agreements, create and fund a trust for the benefit of such indemnitee sufficient to satisfy reasonably anticipated claims for indemnification.

Under the Corporation's Code of Business Conduct and Ethics, all employees and officers of the Corporation are required to promptly report any potential relationships, actions or transactions, including those involving immediate family members, that reasonably could be expected to give rise to a conflict of interest to their manager and the Corporation's legal department. In addition, employees who intend to seek additional employment of any kind while remaining a Corporation employee are required to notify their managers of their interest and obtain approval from them before accepting such other employment. Directors of the Corporation are required to disclose any actual or potential conflicts of interest to the Chairman of the Board of Directors and the Corporation's General Counsel. All directors are required to recuse themselves from any Board of Directors discussion or decision affecting their personal, business or professional interests.

From time to time, both Mr. Lauren (who is required, under his employment agreement, to use a private aircraft for security purposes for any travel) and other executives use Mr. Lauren's personal aircraft on business for the Corporation. The Corporation reimburses Mr. Lauren for such use at market rates for the private aircraft. The Corporation reimbursed Mr. Lauren approximately \$117,631 for the use of his aircraft by executives of the Corporation in fiscal 2011.

In fiscal 2011, transactions for the sale of beef from Mr. Lauren's Double RL Company to SEMP s.a.r.l., a French limited liability company and the operator of the Corporation's restaurant in Paris, France were approximately \$131,701. The Corporation has an ownership interest in SEMP s.a.r.l.

In connection with the adoption of the RRL trademarks by the Corporation, pursuant to an agreement with the Corporation, Mr. Lauren retained the royalty-free right to use as trademarks Ralph Lauren, Double RL and RRL in perpetuity in connection with, among other things, beef and living animals. The trademarks Double RL and RRL are currently used by the Double RL Company, an entity wholly owned by Mr. Lauren. In addition, Mr. Lauren has reserved the right to engage in personal projects involving non-Corporation related film or theatrical productions through RRL Productions, Inc., a company wholly-owned by Mr. Lauren.

Jerome Lauren, the Corporation's Executive Vice President of Menswear Design, is the brother of Ralph Lauren, the Corporation's Chairman and Chief Executive Officer, and David Lauren, the Corporation's Executive Vice President of Global Advertising, Marketing and Communications, is Ralph Lauren's son. In fiscal 2011, Jerome Lauren received an aggregate of \$2,155,599 in base salary, bonus and other compensation payments from the Corporation. During such fiscal year, he also received stock-based awards with a total aggregate grant date fair value of \$391,675 calculated in accordance with ASC 718. Additionally, the Corporation transferred a vehicle valued at \$67,500 to him, for which he paid ordinary income taxes associated with such transfer. In fiscal 2011, David Lauren received an aggregate of \$1,168,000 in salary, bonus and other compensation payments from the Corporation. During such fiscal year, he also received stock-based awards with a total aggregate grant date fair value of \$391,675 calculated in accordance with ASC 718.

(PROPOSAL 2)**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed Ernst & Young as the Corporation's independent registered public accounting firm to audit the financial statements of the Corporation and its subsidiaries for the fiscal year ending March 31, 2012. A resolution will be presented at the meeting to ratify their appointment.

All services provided by Ernst & Young, the Corporation's independent registered public accounting firm for the fiscal year ending April 2, 2011, have been reviewed with the Audit Committee to confirm that the performance of such services was consistent with the regulatory requirements for auditor independence.

Independent Auditor Fees

The Audit Committee has adopted a policy governing the pre-approval by the Audit Committee of all services, audit and non-audit, to be provided to the Corporation by its independent registered public accounting firm. Under the policy, the Audit Committee has generally pre-approved the provision by the Corporation's independent registered public accounting firm of specific audit, audit related, tax and other non-audit services, subject to the fee limits established from time to time by the Audit Committee, as being consistent with auditor independence. The provision of all other services, and all generally pre-approved services in excess of the applicable fee limits, by the independent registered public accounting firm must be specifically pre-approved by the Audit Committee on a case-by-case basis. The Corporation's Chief Financial Officer is required to determine if any request or application for services proposed to be performed by the independent registered public accounting firm has the general pre-approval of the Audit Committee, and the Audit Committee must be updated at each regularly scheduled meeting of the generally pre-approved services performed by the independent registered public accounting firm since the Committee's last regularly scheduled meeting. Requests or applications to provide services that require the specific pre-approval of the Audit Committee must be submitted to the Audit Committee by both the independent registered public accounting firm and the Corporation's Chief Financial Officer, and both must advise the Audit Committee as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. The Audit Committee may delegate either type of pre-approval authority to one or more of its members, and has currently delegated such authority to the Audit Committee's Chair. All pre-approved decisions made by the delegated member or members must be reported to the full Audit Committee at its next scheduled meeting.

For fiscal 2011, the Audit Committee established fee limits on generally pre-approved services outside the scope of the pre-approved annual audit engagement of \$500,000 for tax services, \$500,000 for due diligence services in connection with acquisitions or dispositions, and \$250,000 for all other generally pre-approved non-audit services.

Aggregate fees, including expenses, for professional services rendered for the Corporation by Ernst & Young for fiscal 2011 and fiscal 2010 were:

	Fiscal 2011	Fiscal 2010
Audit fees	\$ 3,242,300	\$ 3,423,300
Audit-related fees	\$ 563,295	\$ 377,000
Tax fees	\$ 1,731,653	\$ 1,322,000
All other fees		
Total	\$ 5,537,248	\$ 5,122,300

Audit Fees. Audit fees are fees billed for professional services for the audit of the Corporation's annual financial statements and internal control over financial reporting. Audit fees also include fees billed for professional services for the review of financial statements included in the Corporation's Form 10-Qs and for services that are normally provided in connection with statutory and regulatory filings or engagements.

Audit-related Fees. Audit related fees are fees billed for assurance and related services that are related to the performance of the audit or review of the Corporation's financial statements. These services include employee benefit plan audits, contractually agreed upon audits, accounting consultations and due diligence services.

Tax Fees. Tax fees are fees billed for tax consulting and compliance services and tax acquisition and tax due diligence services, including tax consulting in connection with the operational consolidation of the Corporation's European and Japanese businesses.

All Other Fees. All other fees are fees billed for any services that did not constitute audit fees, audit-related fees or tax fees. No such services were provided to the Corporation in fiscal 2011 or fiscal 2010.

Representatives from Ernst & Young will be present at the meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions by stockholders.

The affirmative vote of a majority of the total votes cast at the Annual Meeting of Stockholders and entitled to vote is needed to ratify Ernst & Young's appointment. If the stockholders do not ratify the appointment of Ernst & Young, the selection of the independent auditor will be reconsidered by the Audit Committee of the Board of Directors.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF ERNST & YOUNG AS THE CORPORATION'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MARCH 31, 2012. PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

(PROPOSAL 3)

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act)) and the related rules of the SEC, a resolution will be presented at the Annual Meeting of Stockholders to enable our stockholders to approve, on a discretionary and non-binding basis, the compensation of our named executive officers and the Corporation's compensation philosophy, policies and practices as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in this Proxy Statement.

This proposal, commonly known as a Say on Pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Accordingly, you may vote on the following resolution at the 2011 Annual Meeting of Stockholders:

RESOLVED, that the stockholders approve, on an advisory basis, the Corporation's named executive officer compensation and the Corporation's compensation philosophy, policies and practices as described in the Compensation Discussion and Analysis and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in the Proxy Statement for this meeting.

In considering their vote, stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure. Although this vote is advisory, and therefore nonbinding, the Board of Directors and the Compensation & Organizational Development Committee expect to take into account the outcome of the vote when considering future executive compensation decisions, to the extent that they can determine the cause or causes of any significant negative voting results.

As described in detail under Compensation Discussion and Analysis, our compensation programs are designed to motivate our executives to achieve excellent results for the Corporation. The Corporation believes that its compensation program, with its balance of base salary, performance-based cash bonuses and performance conditions for awards of restricted stock units, encourages and rewards sustained performance that is aligned with long-term stockholder interests.

The affirmative vote of the holders of a majority of the votes represented at the 2011 Annual Meeting of Stockholders in person or by proxy is required to approve, on an advisory basis, the compensation of the Corporation's named executive officers and the Corporation's compensation philosophy, policies and practices as described herein.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR THE PROPOSAL, ON AN ADVISORY BASIS, APPROVING THE COMPENSATION OF THE CORPORATION'S NAMED EXECUTIVE OFFICERS AND THE CORPORATION'S COMPENSATION PHILOSOPHY, POLICIES AND PRACTICES AS DESCRIBED HEREIN. PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

(PROPOSAL 4)

**ADVISORY VOTE ON THE FREQUENCY OF
HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION**

In addition to providing our stockholders with the opportunity to cast an advisory vote on executive compensation, in accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Act) and the related rules of the SEC, a resolution will be presented at the Annual Meeting of Stockholders to enable our stockholders to recommend, on a discretionary and non-binding basis, whether a non-binding stockholder vote on executive compensation should occur every one, two or three years.

The proxy card, the Internet and the telephone proxy submission procedures each provide stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining). In voting on this resolution, stockholders are not voting whether to approve or disapprove the Board of Directors recommendation.

After careful consideration, the Board of Directors believes that a frequency of every year for the advisory vote on executive compensation is the optimal interval for conducting a Say on Pay vote. The Board of Directors believes that this frequency is appropriate as an annual vote would provide stockholders with the opportunity to express their views on a regular basis.

Although this advisory vote on the frequency of the Say on Pay vote is nonbinding, the Board of Directors expects to take into account the outcome of the vote when considering the frequency of future advisory votes on executive compensation.

When you vote in response to the resolution set forth below, you may cast your vote on your preferred voting frequency by choosing the option of one year, two years or three years, or abstaining from voting.

RESOLVED, that the option of every one year, two years or three years that receives the highest number of votes cast for this resolution will be determined to be the preferred frequency with which the Corporation is to hold a stockholder vote to approve, on an advisory basis, the compensation of the named executive officers, as disclosed at the time.

Generally, the affirmative vote of the holders of a majority of the votes cast is required to approve matters presented to the stockholders. However, because the vote is advisory and non-binding, if none of the frequency options receive a majority of the votes cast, the option receiving the greatest number of votes will be considered the frequency recommended by the stockholders.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR THE PROPOSAL, ON AN ADVISORY BASIS, APPROVING THE FREQUENCY OF ONE YEAR FOR HOLDING FUTURE ADVISORY VOTES ON EXECUTIVE COMPENSATION. PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

(PROPOSAL 5)

AMENDMENT OF THE CORPORATION S AMENDED AND RESTATED

CERTIFICATE OF INCORPORATION TO EFFECT A NAME CHANGE

The Corporation proposes to amend the Corporation s Amended and Restated Certificate of Incorporation to change the name of the Corporation from Polo Ralph Lauren Corporation to Ralph Lauren Corporation. The Board of Directors has determined that it would be in the best interests of the Corporation and its stockholders to seek approval for this name change, including the corresponding amendment to the Corporation s Amended and Restated Certificate of Incorporation.

For more than 44 years, the Corporation s corporate identity has developed across an expanding number of brands, products, images, shopping environments and international markets. Currently, the Corporation consists of a collection of brands and labels, many of which do not use the Polo name and logo. The process to clarify the Corporation s corporate identity began in 2003 when it changed the name on store locations and packaging to Ralph Lauren . This was followed by changing the name of the Corporation s online retail website from Polo.com to RalphLauren.com . Adopting this new corporate name, which fully encompasses the scope of the Corporation s brands, is the culmination of a strategic plan to provide consistency to the Corporation s customers throughout the world. The Corporation believes that the name Ralph Lauren Corporation fully reflects its strong tradition of luxury and quality as well as its growth and momentum worldwide.

If the proposal to amend the Corporation s Amended and Restated Certificate of Incorporation to change its name to Ralph Lauren Corporation is approved by its stockholders at the Annual Meeting of Stockholders, a Certificate of Amendment to the Corporation s Amended and Restated Certificate of Incorporation will be filed with the Secretary of State of the State of Delaware to effect the name change as soon as practicable after the Annual Meeting of Stockholders. The Certificate of Amendment would specify that Article First of the Corporation s Amended and Restated Certificate of Incorporation shall be amended to read as follows:

FIRST: The Corporation s name is Ralph Lauren Corporation.

The affirmative vote of the holders of a majority of the outstanding shares of Common Stock on the record date is required to approve the amendment of the Corporation s Amended and Restated Certificate of Incorporation.

THE BOARD OF DIRECTORS OF THE CORPORATION RECOMMENDS A VOTE FOR THE PROPOSAL OF THE AMENDMENT OF THE CORPORATION S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO EFFECT A NAME CHANGE. PROXIES RECEIVED BY THE BOARD OF DIRECTORS WILL BE SO VOTED UNLESS STOCKHOLDERS SPECIFY A CONTRARY CHOICE IN THEIR PROXIES.

PROXY PROCEDURE AND EXPENSES OF SOLICITATION

The Corporation will retain an independent tabulator to receive and tabulate the proxies and independent inspectors of election to certify the results.

All expenses incurred in connection with the solicitation of proxies will be borne by the Corporation. The Corporation will reimburse brokers, fiduciaries, custodians and other nominees for their costs in forwarding proxy materials to beneficial owners of Common Stock held in their names.

Solicitation may be undertaken by mail, telephone, personal contact or other similar means by directors, officers and employees of the Corporation without additional compensation.

The Corporation must receive such proposals no later than March 10, 2012. It is suggested that proposals be submitted by certified mail, return receipt requested.

Stockholders intending to present a proposal at the 2012 Annual Meeting of Stockholders without inclusion of the proposal in the Corporation's proxy statement, or to nominate a person for election as a director, must comply with the requirements set forth in the Corporation's By-laws. The By-laws require, among other things, that the Corporation receive written notice from the stockholder of the intent to present such proposal or nomination no more than 90 days and no less than 60 days prior to the scheduled date of the meeting (or, if less than 70 days' notice or prior public disclosure of the date of the meeting is given, by the tenth day following the earlier of (i) the day such notice was mailed or (ii) the day such public disclosure was made).

A stockholder's notice to the Corporation must include a full description of such proposal (including all information that would be required in connection with such proposal under the SEC's proxy rules if such proposal were the subject of a proxy solicitation and the written consent of each nominee for election to the Board of Directors named therein (if any) to serve if elected) and the name, address and number of shares of Common Stock held of record or beneficially as of the record date for such meeting by the person proposing to bring such proposal before the meeting.

Nothing in this section shall be interpreted or construed to require the inclusion of information about any stockholder proposal in the Corporation's Proxy Statement.

Other Business

As of the mailing date of this Proxy Statement, the Board of Directors knows of no matters other than those referred to in the accompanying Notice of Annual Meeting of Stockholders that may properly come before the meeting. If any stockholder proposal or other matter were to properly come before the meeting, including voting for the election of any person as a director in place of a nominee named herein who becomes unable to serve or for good cause will not serve or voting on a proposal omitted from this Proxy Statement pursuant to the rules of the SEC, all proxies received will be voted in accordance with the discretion of the proxy holders, unless a stockholder specifies otherwise in his or her proxy.

The form of proxy and the Proxy Statement have been approved by the Board of Directors and are being mailed and delivered to stockholders by its authority.

APPENDIX A

Polo Ralph Lauren Corporation

Definition of Independent Directors

The Board of Directors has established these guidelines to assist it in determining whether or not directors have a material relationship with the Corporation for purposes of determining independence under the NYSE Corporate Governance Rules. In each case, the Board of Directors will broadly consider all relevant facts and circumstances and shall apply the following standards (in accordance with the guidance, and subject to the exceptions provided by, the NYSE in its Commentary to its Corporate Governance Rules where applicable).

1. Employment and Commercial Relationships Affecting Independence.

A director will not be independent if: (i) the director is, or has been within the last three years, an employee of the Corporation or any member of the Lauren Group; (ii) an immediate family member of the director is, or has been within the last three years, an executive officer of the Corporation; (iii) (A) the director or an immediate family member is a current partner of a firm that is the Corporation's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the listed Corporation's audit within that time; (iv) the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Corporation or any member of the Lauren Group, other than (x) director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service) and (y) compensation received by an immediate family member for service as an employee of the Corporation (other than as an executive officer); (v) the director or an immediate family member of the director is, or has been within the last three years, employed as an executive officer of another company where any of the Corporation's present executive officers at the same time serves or served on that company's compensation committee; or (vi) the director is a current employee, or an immediate family member of the director is a current executive officer, of a company that makes payments to, or receives payments from, the Corporation for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of such other company's consolidated gross revenues.

In addition, a director will not be independent if his or her spouse, parent, sibling or child is employed by the Corporation.

2. Relationships Not Deemed to Impair Independence.

Subject to Section (1) above, the following relationships are not deemed to be material relationships that would impair a director's independence.

Non-management Directors. The director is a non-management director of another company that does business with the Corporation.

Commercial Relationships. The director is an employee or executive officer, or an immediate family member of the director is an executive officer, of another company that does business with the Corporation; provided in either case that

(i) such business was entered into in the ordinary course of the Corporation's business and on substantially the same terms as those prevailing at the time for comparable business with unaffiliated third parties; and

(ii) termination of the relationship in the normal course of business would not reasonably be expected to have a material adverse effect on the financial condition, results of operations or business of the other company.

Tax-Exempt Organization Relationships. The director (or an immediate family member of the director) serves as a director, officer or trustee of a tax-exempt organization, and the Corporation's discretionary charitable contributions to the organization and the charitable contributions of the Lauren Group to the organization do not, in the aggregate, exceed the greater of \$100,000 or 1% of the organization's aggregate annual charitable receipts during the organization's preceding fiscal year. (Any automatic matching by the Corporation of employee charitable contributions are not included in the Corporation's contributions for this purpose.)

3. Disclosure.

For relationships that are either not covered by, or do not satisfy, these guidelines, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors satisfying all the independence guidelines set forth above. The Corporation will explain in its next proxy statement thereafter the basis for any Board of Directors determination that any such relationship was immaterial.

4. Definitions.

For purposes of these guidelines, the (i) term "immediate family member" shall have the meaning ascribed to it by the NYSE Corporate Governance Rules (including the Commentary thereto), (ii) the term "the Corporation" includes any entity in the Corporation's consolidated group, (iii) the "Lauren Group" consists of Ralph Lauren, any member of his immediate family or any entity controlled by Ralph Lauren or members of his immediate family, and (iv) the term "executive officer" has the same meaning specified for the term "officer" in Rule 16a-1(f) under the Securities Exchange Act of 1934, as amended.
