**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 1: Business and Basis of Presentation**

***Business***

Asta Funding, Inc., together with its wholly owned significant operating subsidiaries Palisades Collection LLC, Palisades Acquisition XVI, LLC ( Palisades XVI ), VATIV Recovery Solutions LLC ( VATIV ) and other subsidiaries, not all wholly owned, and not considered material (the Company , we or us ) is engaged in the business of purchasing, managing for its own account and servicing distressed consumer receivables, including charged-off receivables, semi-performing receivables and performing receivables. The primary charged-off receivables are accounts that have been written-off by the originators and may have been previously serviced by collection agencies. Semi-performing receivables are accounts where the debtor is currently making partial or irregular monthly payments, but the accounts may have been written-off by the originators. Performing receivables are accounts where the debtor is making regular monthly payments that may or may not have been delinquent in the past. Distressed consumer receivables are the unpaid debts of individuals to banks, finance companies and other credit providers. A large portion of the Company's distressed consumer receivables are MasterCard®, Visa®, other credit card accounts, and telecommunication accounts which were charged-off by the issuers for non-payment. The Company acquires these portfolios at substantial discounts from their face values. The discounts are based on the characteristics (issuer, account size, debtor residence and age of debt) of the underlying accounts of each portfolio.

On December 28, 2011, the Company, through a newly-formed indirect subsidiary, ASFI Pegasus Holdings, LLC ( APH ), entered into a joint venture (the Venture ) with Pegasus Legal Funding, LLC ( PLF ). The Venture was formed to purchase interests in personal injury claims from claimants who are a party to personal injury litigation with the expectation of a settlement in the future. The personal injury claims are purchased by Pegasus Funding, LLC ( Pegasus ), a newly-formed subsidiary in which APH owns 80% and PLF owns 20% of the outstanding membership interests. Pegasus will advance to each claimant funds on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by Pegasus in each claim consists of the right to receive from such claimant part of the proceeds or recoveries which such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

***Basis of Presentation***

The condensed consolidated balance sheet as of March 31, 2012, the condensed consolidated statements of operations for the six and three month periods ended March 31, 2012 and 2011, the condensed consolidated statement of stockholders' equity as of and for the six months ended March 31, 2012 and the condensed consolidated statements of cash flows for the six month periods ended March 31, 2012 and 2011 are unaudited. The September 30, 2011 financial information included in this report has been extracted from our audited financial statements included in our Annual Report on Form 10-K for the fiscal year ended September 30, 2011. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly our financial position at March 31, 2012 and September 30, 2011, the results of operations for the six and three month periods ended March 31, 2012 and 2011 and cash flows for the six month periods ended March 31, 2012 and 2011 have been made. The results of operations for the six and three month periods ended March 31, 2012 and 2011 are not necessarily indicative of the operating results for any other interim period or the full fiscal year.

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with Rule 10-01 of Regulation S-X promulgated by the Securities and Exchange Commission and, therefore, do not include all information and note disclosures required under generally accepted accounting principles. The Company suggests that these financial statements be read in conjunction with the financial statements and notes thereto included in its Annual Report on Form 10-K for the fiscal year ended September 30, 2011 filed with the Securities and Exchange Commission.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates including management's estimates of future cash flows and the resulting rates of return.

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 1: Business and Basis of Presentation** *(continued)*

***Recent Accounting Pronouncements***

In December 2011, the Financial Accounting Standards Board ( FASB ) issued Accounting Standards Update ( ASU ) No. 2011-12, amended ASC Topic 220 Comprehensive Income. The amendments defer certain disclosure requirements regarding reclassifications within ASU No. 2011-05, until the FASB can deliberate further on these requirements. The amendments in this update are effective for the annual period beginning on or after December 15, 2012 and must be applied retrospectively. The implementation of ASU 2011-12 is not expected to have a material effect on the Company's consolidated financial statements.

In September 2011, the FASB issued Accounting Standards Update ( ASU ) No. 2011-08, *Intangibles - Goodwill and Other (Topic 350)*, which amends and simplifies the rules related to testing goodwill for impairment. The revised guidance allows an entity to make an initial qualitative evaluation, based on the entity's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. The results of this qualitative assessment determine whether it is necessary to perform the currently required two-step impairment test. The new guidance is effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. As allowed by ASU 2011-08, the Company chose to early adopt this guidance for its fiscal year 2011 goodwill impairment test. Adoption of this guidance did not have a material effect on the Company's result of operations or financial condition.

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220)*, in order to improve the comparability, consistency and transparency of financial reporting and to increase the prominence of items reported in other comprehensive income. This standard eliminates the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity. This update requires that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In the two-statement approach, the first statement should present total net income and its components followed consecutively by a second statement that should present total other comprehensive income, the components of other comprehensive income, and the total of comprehensive income. This update is effective for public companies for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted because compliance with the amendments is already permitted. Adoption of this update did not have a material effect on the Company's results of operations or financial condition.

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820)*, which results in common fair value measurement and disclosure requirements for US GAAP and International Financial Reporting Standards. ASU No. 2011-04 is effective for the first annual period beginning on or after December 15, 2011. Adoption of this update is not expected to have a material effect on the Company's results of operations or financial condition but may have an effect on disclosures.

In December 2010, the FASB issued ASU No. 2010-29, *Business Combinations (Topic 805)*, to improve consistency in how the pro forma disclosures are calculated. Additionally, ASU 2010-29 enhances the disclosure requirements and requires description of the nature and amount of any material, nonrecurring pro forma adjustments directly attributable to a business combination. The guidance became effective for us with the reporting period beginning October 1, 2011, and should be applied prospectively to business combinations for which the acquisition date is after the effective date. Early adoption is permitted. Other than requiring disclosures for prospective business combinations, the adoption of this guidance is not expected to have a material effect on the Company's results of operations or financial condition.

In January 2010, the FASB issued ASU No. 2010-06, which amends the authoritative accounting guidance under ASC Topic 820, Fair Value Measurements and Disclosures. The update requires the following additional disclosures:

a. Separately disclose the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers;

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

b. Information about purchases, sales, issuances and settlements need to be disclosed separately in the reconciliation for fair value measurements using Level 3.

The update provides for amendments to existing disclosures as follows:

a. Fair value measurement disclosures are to be made for each class of assets and liabilities;

- 8 -

**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 1: Business and Basis of Presentation** *(continued)*

***Recent Accounting Pronouncements*** *(continued)*

b. Disclosures about valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements. The update also includes conforming amendments to guidance on employers' disclosures about postretirement benefit plan assets.

The update is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years.

The adoption in fiscal year 2011 did not have a material effect and future adoption is not expected to have a material effect on the Company's results of operations or financial condition.

In December 2009, the FASB issued ASU 2009-17, *Consolidations (Topic 810)*, which represents a revision to former FASB Interpretation No. 46 (Revised December 2003), Consolidation of Variable Interest Entities, and changes how a reporting entity determines when an entity that is insufficiently capitalized or is not controlled through voting (or similar rights) should be consolidated. ASU 2009-17 also requires a reporting entity to provide additional disclosures about its involvement with variable interest entities and any significant changes in risk exposure due to that involvement. ASU 2009-17 is effective for fiscal years beginning after November 15, 2009 and for interim periods within the first annual reporting period. The Company adopted ASU 2009-17 as of October 1, 2010, which did not have a significant effect on its financial statements.

***Subsequent Events***

The Company has evaluated events and transactions occurring subsequent to the Condensed Balance Sheet date of March 31, 2012, for items that should potentially be recognized or disclosed in these financial statements. The Company did not identify any items which would require disclosure in or adjustment to the Financial Statements.

***Reclassifications***

Certain items in the prior period's financial statements have been reclassified to conform to the current period's presentation.

**Note 2: Principles of Consolidation**

The condensed consolidated financial statements include the accounts of the Company and its wholly owned subsidiaries. All significant intercompany balances and transactions have been eliminated in consolidation.

**Note 3: Investments**

***Available-for-Sale***

Investments classified as available-for-sale at March 31, 2012 and September 30, 2011 consist of the following:

# Edgar Filing: ASTA FUNDING INC - Form 10-Q

Mutual

Funds	Amortized Cost	Unrealized Gains	Unrealized Losses	Fair Value
March 31, 2012	\$ 25,912,000	\$ 51,000	\$	\$ 25,963,000
September 30, 2011	\$ 14,000,000	\$	\$ (485,000)	\$ 13,515,000

The available-for-sale investments did not have any contractual maturities. There was one sale during the second quarter of fiscal year 2012, resulting in a realized gain of approximately \$117,000.

At March 31, 2012, there were two investments in an unrealized gain position. At September 30, 2011, there were three investments in an unrealized loss position. All of these securities are considered to be acceptable credit risks.

Certificates of deposit consist of the following:

	March 31, 2012	September 30, 2011
Certificates of deposits in banks	\$ 2,766,000	\$ 9,060,000

Certificates are generally nonnegotiable and nontransferable, and may incur substantial penalties for withdrawal prior to maturity, which will be within one year. Of the amounts shown above, the following amounts are classified as brokered certificates of deposits:

	March 31, 2012	September 30, 2011
Brokered certificates of deposits	\$ 250,000	\$ 1,483,000

Brokered certificates of deposit are subject to market fluctuations if sold prior to maturity; however, it is the Company's intention to hold all certificates of deposit to maturity. All of the brokered securities referenced above are FDIC insured for the principal investment.

**Note 4: Consumer Receivables Acquired for Liquidation**

Accounts acquired for liquidation are stated at their net estimated realizable value and consist primarily of defaulted consumer loans to individuals throughout the country and in Central and South America.

The Company accounts for its investments in consumer receivable portfolios, using either:

the interest method; or

the cost recovery method.

The Company accounts for its investment in finance receivables using the interest method under the guidance of FASB Accounting Standards Codification (ASC), Receivables—Loans and Debt Securities Acquired with Deteriorated Credit Quality, (ASC 310). Under the guidance of ASC 310, static pools of accounts are established. These pools are aggregated based on certain common risk criteria. Each static pool is recorded at cost and is accounted for as a single unit for the recognition of income, principal payments and loss provision.

Once a static pool is established for a quarter, individual receivable accounts are not added to the pool (unless replaced by the seller) or removed from the pool (unless sold or returned to the seller). ASC 310 requires that the excess of the contractual cash flows over expected cash flows not be recognized as an adjustment of revenue or expense or on the balance sheet. ASC 310 initially freezes the internal rate of return, referred to as IRR, estimated when the accounts receivable are purchased, as the basis for subsequent impairment testing. Significant increases in actual or

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

expected future cash flows may be recognized prospectively through an upward adjustment of the IRR over a portfolio's remaining life. Any increase to the IRR then becomes the new benchmark for impairment testing. Rather than lowering the estimated IRR if the collection estimates are not received or projected to be received, the carrying value of a pool would be impaired, or written down to maintain the then current IRR. Under the interest method, income is recognized on the effective yield method based on the actual cash collected during a period and future estimated cash flows and timing of such collections and the portfolio's cost. Revenue arising from collections in excess of anticipated amounts attributable to timing differences is deferred until such time as a review results in a change in the expected cash flows. The estimated future cash flows are reevaluated quarterly.

The Company uses the cost recovery method when collections on a particular pool of accounts cannot be reasonably predicted. Under the cost recovery method, no income is recognized until the cost of the portfolio has been fully recovered. A pool can become fully amortized (zero carrying balance on the balance sheet) while still generating cash collections. In such case, all cash collections are recognized as revenue when received.

**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 4: Consumer Receivables Acquired for Liquidation** *(continued)*

The Company has liquidating experience in the fields of distressed credit card receivables, telecommunication receivables, consumer loan receivables, retail installment contracts, consumer receivables, litigation-related medical accounts, and auto deficiency receivables. The Company uses the interest method for accounting for asset acquisitions within these classes of receivables when it believes it can reasonably estimate the timing of the cash flows. In those situations where the Company diversifies its acquisitions into other asset classes in which the Company does not possess the same expertise or history, or the Company cannot reasonably estimate the timing of the cash flows, the Company utilizes the cost recovery method of accounting for those portfolios of receivables. At March 31, 2012, approximately \$24.9 million of the consumer receivables acquired for liquidation are accounted for using the interest method, while approximately \$76.9 million are accounted for using the cost recovery method, of which \$72.2 million is concentrated in one portfolio, a \$300 million portfolio purchase in March 2007 (the Portfolio Purchase ).

- 11 -

**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 4: Consumer Receivables Acquired for Liquidation** *(continued)*

The Company aggregates portfolios of receivables acquired sharing specific common characteristics which were acquired within a given quarter. The Company currently considers for aggregation portfolios of accounts, purchased within the same fiscal quarter, that generally meet the following characteristics:

same issuer/originator;

same underlying credit quality;

similar geographic distribution of the accounts;

similar age of the receivable; and

same type of asset class (credit cards, telecommunication, etc.)

The Company uses a variety of qualitative and quantitative factors to estimate collections and the timing thereof. This analysis includes the following variables:

the number of collection agencies previously attempting to collect the receivables in the portfolio;

the average balance of the receivables, as higher balances might be more difficult to collect while low balances might not be cost effective to collect;

the age of the receivables, as older receivables might be more difficult to collect or might be less cost effective. On the other hand, the passage of time, in certain circumstances, might result in higher collections due to changing life events of some individual debtors;

past history of performance of similar assets;

time since charge-off;

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

payments made since charge-off;

the credit originator and its credit guidelines;

our ability to analyze accounts and resell accounts that meet our criteria for resale;

the locations of the debtors, as there are better states to attempt to collect in and ultimately the Company has better predictability of the liquidations and the expected cash flows. Conversely, there are also states where the liquidation rates are not as favorable and that is factored into our cash flow analysis;

financial condition of the seller;

jobs or property of the debtors found within portfolios. In our business model, this is of particular importance. Debtors with jobs or property are more likely to repay their obligation and, conversely, debtors without jobs or property are less likely to repay their obligation; and

the ability to obtain timely customer statements from the original issuer.

- 15 -

**Table of Contents****ASTA FUNDING, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****Note 4: Consumer Receivables Acquired for Liquidation** *(continued)*

During the three and six month periods ended March 31, 2012, the Company purchased \$2.9 million and \$6.0 million, respectively, of face value of charged-off consumer receivables at a cost of \$1.3 million and \$2.7 million, respectively.

The following table summarizes collections on a gross basis as received by our third-party collection agencies and attorneys, less commissions and direct costs for the six and three month periods ended March 31, 2012 and 2011, respectively:

	<b>For the Six Months Ended March 31,</b>	
	<b>2012</b>	<b>2011</b>
Gross collections (1)	\$ 55,357,000	\$ 67,007,000
Commissions and fees (2)	19,674,000	24,004,000
Net collections	\$ 35,683,000	\$ 43,003,000

	<b>For the Three Months Ended March 31,</b>	
	<b>2012</b>	<b>2011</b>
Gross collections (1)	\$ 29,392,000	\$ 33,623,000
Commissions and fees (2)	10,679,000	11,725,000
Net collections	\$ 18,713,000	\$ 21,898,000

- (1) Gross collections include: collections by third-party collection agencies and attorneys, collections from our internal efforts and collections represented by account sales.
- (2) Commissions and fees are the contractual commission earned by third party collection agencies and attorneys, and direct costs associated with the collection effort, generally court costs. Includes a 3% fee charged by a servicer on gross collections received by the Company in connection with the Portfolio Purchase. Such arrangement was consummated in December 2007. The fee is charged for asset location, skip tracing and ultimately suing debtors in connection with this portfolio purchase.

**Note 5: Other Investments**

On December 28, 2011, the Company, through a newly-formed indirect subsidiary, ASFI Pegasus Holdings, LLC ( "APH" ), entered into a joint venture (the "Venture" ) with Pegasus Legal Funding, LLC ( "PLF" ). The Venture purchases interests in personal injury claims from claimants who are a party to a personal injury litigation with the expectation of a settlement in the future. The personal injury claims are purchased by Pegasus Funding, LLC ( "Pegasus" ), a newly-formed subsidiary in which APH owns 80% and PLF owns 20% of the outstanding membership interests, which resulted in \$49,000 of net income attributable to non-controlling interest during the three and six month period ended March 31, 2012. The Venture advances to each claimant funds on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by the Venture in each claim will consist of the right to receive from such claimant part of the proceeds or recoveries which

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

The Company invested in \$8.3 million in personal injury claims through March 31, 2012, through Pegasus and individual portfolios prior to the closing of the Venture. The investment in the Venture and individual cases invested in before the closing of the Venture, earned \$492,000 in interest and fees through the six month period ended March 31, 2012. As of March 31, 2012 the Company's invested balance in personal injury claims was \$7.7 million including interest and fees receivable.

**Table of Contents****ASTA FUNDING, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****Note 6: Furniture and Equipment**

Furniture and equipment consist of the following as of the dates indicated:

	<b>March 31, 2012</b>	<b>September 30, 2011</b>
Furniture	\$ 310,000	\$ 310,000
Equipment	3,350,000	3,290,000
Software	180,000	180,000
Leasehold improvements	99,000	99,000
	3,939,000	3,879,000
Less accumulated depreciation	3,576,000	3,316,000
Furniture and equipment balance at end of period, net	\$ 363,000	\$ 563,000

**Note 7: Non Recourse Debt*****Receivables Financing Agreement***

In March 2007, Palisades XVI borrowed approximately \$227 million under the Receivable Financing Agreement, as amended in July 2007, December 2007, May 2008, February 2009 and October 2010, in order to finance the Portfolio Purchase. The Portfolio Purchase had a purchase price of \$300 million (plus 20% of net payments after Palisades XVI recovers 150% of its purchase price plus cost of funds, which recovery has not yet occurred). Prior to the modification, discussed below, the debt was full recourse only to Palisades XVI and accrued interest at the rate of approximately 170 basis points over LIBOR. The original term of the agreement was three years. This term was extended by each of the Second, Third, Fourth and Fifth Amendments to the Receivables Financing Agreement as discussed below. Proceeds received as a result of the net collections from the Portfolio Purchase are applied to interest and principal of the underlying loan. The Portfolio Purchase is serviced by Palisades Collection LLC, which has engaged unaffiliated subservicers for a majority of the Portfolio Purchase.

Since the inception of the Receivables Financing Agreement amendments have been signed to revise various terms of the Receivables Financing Agreement. Currently the Fifth Amendment is in effect.

On October 26, 2010, Palisades XVI entered into the Fifth Amendment to the Receivables Financing Agreement (the "Fifth Amendment"). The effective date of the Fifth Amendment was October 14, 2010. The Fifth Amendment (i) extended the expiration date of the Receivables Financing Agreement to April 14, 2014; (ii) reduced the minimum monthly total payment to \$750,000; (iii) accelerated the Company's guaranty credit enhancement of \$8,700,000, which was paid upon execution of the Fifth Amendment; (iv) eliminated the Company's limited guaranty of repayment of the loans outstanding by Palisades XVI; and (v) revised the definition of "Borrowing Base Deficit", as defined in the Receivables Financing Agreement, to mean the excess, if any, of 105% of the loans outstanding over the borrowing base.

In connection with the Fifth Amendment, on October 26, 2010, the Company entered into the Omnibus Termination Agreement (the "Termination Agreement"). The limited recourse subordinated guaranty, discussed under the Fourth Amendment, was eliminated upon signing the Termination Agreement.

The aggregate minimum repayment obligations required under the Fifth Amendment, including interest and principal for fiscal years ending September 30, 2012 through 2014, is \$4.5 million, \$9.0 million and \$53.4 million, respectively.

---

**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 7: Non Recourse Debt** *(continued)*

***Receivables Financing Agreement*** *(continued)*

On March 31, 2012 and September 30, 2011, the outstanding balance on this loan was approximately \$66.9 million and \$71.6 million, respectively. The applicable interest rate at March 31, 2012 and September 30, 2011 was 3.74% and 3.72%, respectively. The average interest rate of the Receivable Financing Agreement was 3.76% and for the six month period ended March 31, 2012 as compared to a 3.75% average interest rate for the fiscal year ended September 30, 2011.

The Company's average debt obligation for the six and three month periods ended March 31, 2012, was approximately \$69.1 million as compared to a \$77.2 million average debt obligation for the fiscal year ended September 30, 2011. The average interest rate for the three month period ended March 31, 2012 was 3.77%.

Other significant amendments to the Receivable Financing Agreement are as follows:

**Second Amendment** Receivables Financing Agreement, dated December 27, 2007, revised the amortization schedule of the loan from 25 months to approximately 31 months. BMO charged Palisades XVI a fee of \$475,000 which was paid on January 10, 2008.

**Third Amendment** Receivables Financing Agreement, dated May 19, 2008, extended the payments of the loan through December 2010. The lender also increased the interest rate from 170 basis points over LIBOR to approximately 320 basis points over LIBOR, subject to automatic reduction in the future if additional capital contributions are made by the parent of Palisades XVI.

**Fourth Amendment** Receivables Financing Agreement, dated February 20, 2009, among other things, (i) lowered the collection rate minimum to \$1 million per month (plus interest and fees) as an average for each period of three consecutive months, (ii) provided for an automatic extension of the maturity date from April 30, 2011 to April 30, 2012 should the outstanding balance be reduced to \$25 million or less by April 30, 2011 and (iii) permanently waived the previous termination events. The interest rate remained unchanged at approximately 320 basis points over LIBOR, subject to automatic reduction in the future should certain collection milestones be attained.

As additional credit support for repayment by Palisades XVI of its obligations under the Receivables Financing Agreement and as an inducement for BMO to enter into the Fourth Amendment, the Company provided BMO a limited recourse, subordinated guaranty, secured by the assets of the Company, in an amount not to exceed \$8.0 million plus reasonable costs of enforcement and collection. Under the terms of the guaranty, BMO could not exercise any recourse against the Company until the earlier of (i) five years from the date of the Fourth Amendment and (ii) the termination of the Company's then-existing senior lending facility or any successor senior facility.

***Senior Secured Discretionary Credit Facility***

On December 30, 2011, the Company and certain of its subsidiaries obtained a \$20,000,000 Senior Secured Discretionary Credit Facility (the "Credit Facility") from Bank Leumi pursuant to a Loan Agreement (the "Loan Agreement") between certain of the Company's subsidiaries and Bank Leumi. Under the Loan Agreement, certain subsidiaries issued a Revolving Note (the "Note") to Bank Leumi in the principal amount of up to \$20,000,000. Any outstanding balance under the Credit Facility accrues interest at an annual rate equal to the Prime Rate plus 50 basis points. The Company and certain subsidiaries have agreed to serve as guarantors of the obligations of the borrower subsidiaries and have entered into Guaranty Agreements. Pursuant to a series of Security Agreements and Pledge Agreements, the Credit Facility is collateralized by first priority perfected liens on substantially all of the Company's assets and the assets of its subsidiaries, except those of Palisades XVI. The Credit Facility is

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

subject to an administrative fee of \$75,000 upon the first drawdown of the Credit Facility. The Loan Agreement contains standard and customary representations and warranties, covenants, events of default and other provisions including financial covenants that require us to: (i) maintain a minimum net worth of \$150 million; and (ii) incur no net loss in any fiscal year. The term of the Credit Facility is through February 23, 2013. As of March 31, 2012, the Company has not utilized this facility.

**Note 8: Commitments and Contingencies**

***Employment Agreements***

In January 2007, the Company entered into an employment agreement (the "Employment Agreement") with Gary Stern, its Chairman, President and Chief Executive, which expired on December 31, 2009. This Employment Agreement was not renewed and Mr. Stern is continuing in his current roles at the discretion of the Board of Directors until a new agreement is signed. The Company intends to negotiate a new employment agreement with Mr. Stern during fiscal year 2012.

***Leases***

The Company leases its facilities in Englewood Cliffs, New Jersey and Houston, Texas. Please refer to our consolidated financial statements and notes thereto in our Annual Report on Form 10-K, as filed with the Securities and Exchange Commission, for additional information.

***Litigation***

In the ordinary course of its business, the Company is involved in numerous legal proceedings. The Company regularly initiates collection lawsuits against consumers, using its network of third party law firms. In addition, consumers occasionally initiate litigation against the Company, alleging that the Company has violated a federal or state law in the process of collecting their account. The Company does not believe that these matters are material to its business and financial condition. The Company is not involved in any material litigation in which it is a defendant.

**Note 9: Income Recognition and Impairments**

***Income Recognition***

The Company accounts for its investment in consumer receivables acquired for liquidation using the interest method under the guidance of ASC 310. In ASC 310 static pools of accounts are established. These pools are aggregated based on certain common risk criteria. Each static pool is recorded at cost and is accounted for as a single unit for the recognition of income, principal payments and loss provision.

Once a static pool is established for a quarter, individual receivable accounts are not added to the pool (unless replaced by the seller) or removed from the pool (unless sold or returned to the seller). ASC 310 requires that the excess of the contractual cash flows over expected cash flows not be recognized as an adjustment of revenue or expense or on the balance sheet. ASC 310 initially freezes the internal rate of return ("IRR"), estimated when the accounts receivable are purchased, as the basis for subsequent impairment testing. Significant increases in actual, or expected future cash flows may be recognized prospectively through an upward adjustment of the IRR over a portfolio's remaining life. Any increase to the IRR then becomes the new benchmark for impairment testing. Under ASC 310, rather than lowering the estimated IRR if the collection estimates are not received or projected to be received, the carrying value of a pool would be written down to maintain the then current IRR.

Finance income is recognized on cost recovery portfolios after the carrying value has been fully recovered through collections or amounts written down.

The Company accounts for its investment in personal injury claims on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by the Venture in each claim will consist of the right to receive from such claimant part of the proceeds or recoveries which such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

**Note 9: Income Recognition and Impairments *(continued)***

***Impairments***

The Company accounts for its impairments in accordance with ASC 310, which provides guidance on how to account for differences between contractual and expected cash flows from an investor's initial investment in loans or debt securities acquired in a transfer if those differences are attributable, at least in part, to credit quality. Increases in expected cash flows are recognized prospectively through an adjustment of the internal rate of return while decreases in expected cash flows are recognized as impairments. ASC 310 makes it more likely that impairment losses and accretable yield adjustments for portfolios' performances which exceed original collection projections will be recorded, as all downward revisions in collection estimates will result in impairment charges, given the requirement that the IRR of the affected pool be held constant. An impairment of \$611,000 was recorded during the three and six month periods ended March 31, 2012. An impairment of \$49,000 was recorded during the same prior year periods. Finance income is not recognized on cost recovery method portfolios until the cost of the portfolio is fully recovered. Collection projections are performed on both interest method and cost recovery method portfolios. With regard to the cost recovery portfolios, if collection projections indicate the carrying value will not be recovered, a write down in value is required.

The Company's analysis of the timing and amount of cash flows to be generated by our portfolio purchases are based on the following attributes:

the type of receivable, the location of the debtor and the number of collection agencies previously attempting to collect the receivables in the portfolio. The Company has found that there are better states to try to collect receivables and factors this in when establishing initial cash flow expectations;

the average balance of the receivables influences the analysis in that lower average balance portfolios tend to be more collectible in the short-term and higher average balance portfolios are more appropriate for lawsuit strategy and thus yield better results over the longer term. As the Company has significant experience with both types of balances, it is able to factor these variables into the initial expected cash flows;

the age of the receivables, the number of days since charge-off, any payments since charge-off, and the credit guidelines of the credit originator also represent factors taken into consideration in the estimation process. For example, older receivables might be more difficult and/or require more time and effort to collect;

past history and performance of similar assets acquired. As the Company purchases portfolios of like assets, it accumulates a significant historical database on the tendencies of debtor repayments and factor this into initial expected cash flows;

the Company's ability to analyze accounts and resell accounts that meet its criteria;

jobs or property of the debtors found within portfolios. This is of particular importance with the business model. Debtors with jobs or property are more likely to repay their obligation through the lawsuit strategy and, conversely, debtors without jobs or property are

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

less likely to repay their obligation. The Company believes that debtors with jobs or property are more likely to repay because courts have mandated the debtor must pay the debt. Ultimately, the debtor will pay to clear title or release a lien. The Company also believes that these debtors generally might take longer to repay and that is factored into the initial expected cash flows; and

credit standards of the issuer.

The Company acquires accounts that have experienced deterioration of credit quality between origination and the date of our acquisition of the accounts. The amount paid for a portfolio of accounts reflects our determination that it is probable collecting all amounts due according to the portfolio of accounts contractual terms will not occur. The Company considers the expected payments and estimate the amount and timing of undiscounted expected principal, interest and other cash flows for each acquired portfolio, coupled with expected cash flows from accounts available for sales. The excess of this amount over the cost of the portfolio, representing the excess of the accounts cash flows expected to be collected over the amount paid, is accreted into income recognized on finance receivables over the expected remaining life of the portfolio.

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 9: Income Recognition and Impairments *(continued)***

The Company believes it has significant experience in acquiring certain distressed consumer receivable portfolios at a significant discount to the amount actually owed by underlying debtors. The Company acquires these portfolios only after both qualitative and quantitative analyses of the underlying receivables are performed and a calculated purchase price is paid. The Company believes the estimated cash flow offers it an adequate return on its acquisition costs after its servicing expenses. Additionally, when considering larger portfolio purchases of accounts, or portfolios from issuers with whom the Company has limited experience, the Company has the added benefit of soliciting the Company's third party servicers for their input on liquidation rates and, at times, incorporates such input into the estimates it uses for its expected cash flows. As a result of the recent and current challenging economic environment and the impact it has had on the collections, for portfolio purchases acquired since the beginning of fiscal year 2009, the Company has extended the time frame of the expectation of recovering 100% of the invested capital to within a 24-29 month period from an 18-28 month period, and the expectation of recovering 130-140% of invested capital to a period of seven years. Portfolios acquired during the first six months of fiscal year 2012 and 2011 include semi-performing litigation-related medical accounts receivable portfolios whereby the Company is assigned the revenue stream. As a portion of the accounts are performing, the cost of the portfolio is higher than the traditional charged off non-performing assets. The expectation of recovering 130% of the investment is projected to be over a three year period. The Company monitors expectations routinely against the actual cash flows and, in the event the cash flows are below the expectations and the Company believes there are no reasons relating to mere timing differences or explainable delays (such as can occur particularly when the court system is involved) for the reduced collections, an impairment would be recorded as a provision for credit losses. Conversely, in the event the cash flows are in excess of the expectations and the reason is due to timing, we would defer the excess collection as deferred revenue.

***Commissions and Fees***

Commissions and fees are the contractual commissions earned by third party collection agencies and attorneys, and direct costs associated with the collection effort- generally court costs. The Company expects to continue to purchase portfolios and utilize third party collection agencies and attorney networks.

**Note 10: Income Taxes**

Deferred federal and state taxes principally arise from (i) recognition of finance income collected for tax purposes, but not yet recognized for financial reporting; (ii) provision for impairments/credit losses; and (iii) stock based compensation for stock option grants and restricted stock awards recorded in the statement of operations for which no cash distribution has been made. Other components consist of state net operating loss ( NOL ) carryforwards. The provision for income tax expense for the three month periods ending March 31, 2012 and 2011, respectively, reflects income tax expense at an effective rate of 40.0% and 40.5%. The provision for income tax expense for the six month periods ending March 31, 2012 and 2011, respectively, reflects income tax expense at an effective rate of 40.2% and 40.5%.

The corporate federal income tax returns of the Company for 2007, 2008, 2009 and 2010 are subject to examination by the IRS, generally for three years after they are filed. The state income tax returns and other state filings of the Company are subject to examination by the state taxing authorities, for various periods generally up to four years after they are filed.

In April 2010, the Company received notification from the IRS that the Company's 2008 and 2009 federal income tax returns would be audited. This audit is currently in progress. In addition, the Company's 2010 federal income tax return has been included in the ongoing audit.

**Table of Contents****ASTA FUNDING, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****Note 11: Net Income Per Share attributable to Asta Funding, Inc.**

Basic per share data is determined by dividing net income by the weighted average shares outstanding during the period. Diluted per share data is computed by dividing net income by the weighted average shares outstanding, assuming all dilutive potential common shares were issued. With respect to the assumed proceeds from the exercise of dilutive options, the treasury stock method is calculated using the average market price for the period.

The following table presents the computation of basic and diluted per share data for the six and three months ended March 31, 2012 and 2011:

Six Months Ended March 31,						
	Net Income	2012 Weighted Average Shares	Per Share Amount	Net Income	2011 Weighted Average Shares	Per Share Amount
Basic	\$ 5,437,000	14,640,800	\$ 0.37	\$ 5,521,000	14,619,917	\$ 0.38
Effect of Dilutive Stock		239,413			205,143	(0.01)
Diluted	\$ 5,437,000	14,880,213	\$ 0.37	\$ 5,521,000	14,825,060	\$ 0.37

At March 31, 2012, options to purchase 1,303,408 shares at a weighted average exercise price of \$11.97 were not included in the diluted earnings per share calculation as they were antidilutive.

At March 31, 2011, options to purchase 914,646 shares at a weighted average exercise price of \$13.55 were not included in the diluted earnings per share calculation as they were antidilutive.

Three Months Ended March 31,						
	Net Income	2012 Weighted Average Shares	Per Share Amount	Net Income	2011 Weighted Average Shares	Per Share Amount
Basic	\$ 2,460,000	14,642,174	\$ 0.17	\$ 2,855,000	14,633,655	\$ 0.20
Effect of Dilutive Stock		237,306			242,782	(0.01)
Diluted	\$ 2,460,000	14,879,480	\$ 0.17	\$ 2,855,000	14,876,437	\$ 0.19

At March 31, 2012, options to purchase 1,450,075 shares at a weighted average exercise price of \$11.55 were not included in the diluted earnings per share calculation as they were antidilutive.

At March 31, 2011, options to purchase 1,021,049 shares at a weighted average exercise price of \$12.93 were not included in the diluted earnings per share calculation as they were antidilutive.

**Note 12: Stock Based Compensation**

The Company accounts for stock-based employee compensation under ASC 718, *Compensation - Stock Compensation* ( ASC 718 ). ASC 718 requires that compensation expense associated with stock options and other stock based awards be recognized in the statement of operations, rather than a disclosure in the notes to the Company's consolidated financial statements.

In December 2011, the Compensation Committee of the Board of Directors of the Company ( Compensation Committee ) granted 360,000 stock options, of which 150,000 options were awarded to the Chief Executive Officer, and 30,000 stock options were awarded to both the Chief Financial Officer and the Senior Vice President. Additionally, an aggregate of 60,000 shares were issued to five non-employee directors of the Company. The exercise price of these options, issued on December 13, was at the market price on that date. The weighted average assumptions used in the option pricing model were as follows:

Risk-free interest rate	0.08 %
Expected term (years)	10.0
Expected volatility	103.9%
Dividend yield	1.03%

On December 22, 2011, the remaining 90,000 stock options were granted to selected full time employees of the Company, who had been employed at the Company for at least six months prior to the date of grant. The exercise price of all stock options was at the market price on the date of the grant.

The weighted average assumptions used in the option pricing model were as follows:

Risk-free interest rate	0.08 %
Expected term (years)	10.0
Expected volatility	95.7%
Dividend yield	1.03%

In June 2011, the Compensation Committee granted 50,000 stock options to a consultant of the Company. The exercise price of these options was \$11.50 with a term of three years. The weighted average assumptions used in the option pricing model were as follows:

Risk-free interest rate	0.09 %
Expected term (years)	3.0
Expected volatility	105.4%
Dividend yield	0.95%

In March 2011, the Compensation Committee of the Board of Directors of the Company (the Compensation Committee ) granted 10,000 stock options to an employee. The exercise price of these options was at the market price on the date of the grant. The weighted average assumptions used in the option pricing model were as follows:

Risk-free interest rate	0.10 %
-------------------------	--------

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

Expected term (years)	10.0
Expected volatility	106.2%
Dividend yield	0.94%

In December 2010, the Compensation Committee granted 324,800 stock options, of which 30,000 options were issued to each non-employee independent director for a total of 150,000 stock options. 60,000 stock options were awarded to the Chief Executive Officer and 30,000 stock options were awarded to the Chief Financial Officer and the Senior Vice President. The remaining 54,800 stock options were granted to full time employees of the Company, who had been employed at the Company for at least six months prior to the date of grant. The grants to employees excluded officers of the Company. The exercise price of these options was at the market price on the date of the grant. Additionally, in December 2010, the Compensation Committee issued 32,765 shares of restricted stock to the Chief Executive Officer. The exercise price of all stock options was at the market price on the date of the grant. The weighted average assumptions used in the option pricing model were as follows:

Risk-free interest rate	0.17%
Expected term (years)	10.0
Expected volatility	106.9%
Dividend yield	0.98%

**Note 13: Stock Option Plans**

***2012 Stock Option and Performance Award Plan***

On February 7, 2012, the Board of Directors adopted the Company's 2012 Stock Option and Performance Award Plan (the "2012 Plan"), which was approved by the stockholders of the Company on March 21, 2012. The 2012 Plan replaces the Equity Compensation Plan. The 2012 Plan allows the Company flexibility with respect to equity awards by also providing for grants of stock awards (i.e. restricted or unrestricted), stock purchase rights and stock appreciation rights. Two million shares were authorized for issuance under the 2012 Plan. The following description does not purport to be complete and is qualified in its entirety by reference to the full text of the 2012 Plan, which is included as an exhibit to the Company's reports filed with the SEC.

The general purpose of the 2012 Plan is to provide an incentive to the Company's employees, directors and consultants, including executive officers, employees and consultants of any subsidiaries, by enabling them to share in the future growth of the business. The Board of Directors believes that the granting of stock options and other equity awards promotes continuity of management and increases incentive and personal interest in the welfare of the Company by those who are primarily responsible for shaping and carrying out our long range plans and securing growth and financial success of the Company.

The Board believes that the 2012 Plan will advance the interests of the Company by enhancing the Company's ability to (a) attract and retain employees, directors and consultants who are in a position to make significant contributions, (b) reward employees, directors and consultants for these contributions; and (c) encourage employees, directors and consultants to take into account the long-term interests of the Company through ownership of the Company's shares. No awards have been issued under the 2012 Plan. As such, there are 2,000,000 shares available as of March 31, 2012. As of March 31, 2012, approximately 83 of the Company's employees were eligible to participate in the 2012 Plan.

***Equity Compensation Plan***

On December 1, 2005, the Board of Directors adopted the Company's Equity Compensation Plan (the "Equity Compensation Plan"), which was approved by the stockholders of the Company on March 1, 2006. The Equity Compensation Plan was adopted to supplement the Company's existing 2002 Stock Option Plan. In addition to permitting the grant of stock options as permitted under the 2002 Stock Option Plan, the Equity Compensation Plan allowed the Company flexibility with respect to equity awards by also providing for grants of stock awards (i.e. restricted or unrestricted), stock purchase rights and stock appreciation rights. One million shares were authorized for issuance under the Equity Compensation Plan. The following description does not purport to be complete and is qualified in its entirety by reference to the full text of the Equity Compensation Plan, which is included as an exhibit to the Company's reports filed with the SEC.

The general purpose of the Equity Compensation Plan was to provide an incentive to the Company's employees, directors and consultants, including executive officers, employees and consultants of any subsidiaries, by enabling them to share in the future growth of the Company's business. The Board of Directors believes that the granting of stock options and other equity awards promotes continuity of management and increases incentive and personal interest in the welfare of the Company by those who are primarily responsible for shaping and carrying out our long range plans and securing our growth and financial success.

The Company authorized 1,000,000 shares of Common Stock for issuance under the Equity Compensation Plan. All but 265,569 shares were utilized. As of March 21, 2012, no more awards could be issued under this plan.

***2002 Stock Option Plan***

On March 5, 2002, the Board of Directors adopted the Asta Funding, Inc. 2002 Stock Option Plan (the "2002 Plan"), which plan was approved by the Company's stockholders on May 1, 2002. The 2002 Plan was adopted in order to attract and retain qualified directors, officers and employees of, and consultants to, the Company. The following description does not purport to be complete and is qualified in its entirety by reference to the full text of the 2002 Plan, which is included as an exhibit to the Company's reports filed with the SEC.

The 2002 Plan authorized the granting of incentive stock options (as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code")) and non-qualified stock options to eligible employees of the Company for a ten-year period, including officers and directors of the Company (whether or not employees) and consultants of the Company.

The Company authorized 1,000,000 shares of Common Stock for issuance under the 2002 Plan. All but 6,034 shares were utilized. As of March 5, 2012, no more awards could be issued under this plan.

***1995 Stock Option Plan***

The 1995 Stock Option Plan expired on September 14, 2005. The plan was adopted in order to attract and retain qualified directors, officers and employees of, and consultants, to the Company. The following description does not purport to be complete and is qualified in its entirety by reference to the full text of the 1995 Stock Option Plan, which is included as an exhibit to the Company's reports filed with the SEC.

The 1995 Stock Option Plan authorized the granting of incentive stock options (as defined in Section 422 of the Code) and non-qualified stock options to eligible employees of the Company, including officers and directors of the Company (whether or not employees) and consultants to the Company.

The Company authorized 1,840,000 shares of Common Stock for issuance under the 1995 Stock Option Plan. All but 96,002 shares were utilized. As of September 14, 2005, no more awards could be issued under this plan.

**Table of Contents****ASTA FUNDING, INC. AND SUBSIDIARIES****NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****Note 13: Stock Option Plans** *(continued)*

The Company recognized \$43,000 and \$21,000 of compensation expense related to the restricted stock awards during the six month and three month periods ended March 31, 2012. The Company recognized \$288,000 and \$142,000 of compensation expense related to restricted stock awards during the six and three month periods ended March 31, 2011. As of March 31, 2012, there was \$59,000 of unrecognized compensation cost related to unvested restricted stock.

**Note 14: Stockholders' Equity**

For the six months ended March 31, 2012, the Company declared dividends of \$584,000, or \$.02 per share. Of this amount \$292,000 was paid during the six months ended March 31, 2012 and \$292,000 was accrued as of March 31, 2012 and paid May 1, 2012. As of March 31, 2012, stockholders' equity includes an amount for other comprehensive income of \$30,000, which relates to unrealized gains. In addition, \$49,000 related to the non-controlling interest in the Venture, has been included in Stockholders' Equity. On March 9, 2012, the Company adopted a Rule 10b5-1 Plan in conjunction with its share repurchase program. The Board of Directors approved the repurchase of up to \$20 million of the Company's common stock, which is effective through March 11, 2013. This share repurchase authorization supersedes the authorization to repurchase shares in June 2011, pursuant to which the Company purchased approximately 59,000 shares of its common stock for an aggregate purchase price of \$455,000. The Company has purchased approximately 66,000 shares at an aggregate purchase price of approximately \$538,000 under the new plan.

**Note 15: Fair Value of Financial Instruments*****Disclosures about Fair Value of Financial Instruments***

FASB ASC 825, *Financial Instruments*, (ASC 825), requires disclosure of fair value information about financial instruments, whether or not recognized on the balance sheet, for which it is practicable to estimate that value. Because there are a limited number of market participants for certain of the Company's assets and liabilities, fair value estimates are based upon judgments regarding credit risk, investor expectation of economic conditions, normal cost of administration and other risk characteristics, including interest rate and prepayment risk. These estimates are subjective in nature and involve uncertainties and matters of judgment, which significantly affect the estimates.

The estimated fair value of the Company's financial instruments is summarized as follows:

	March 31, 2012		September 30, 2011	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Financial assets				
Cash and cash equivalents (Level 1)	\$ 87,635,000	\$ 87,635,000	\$ 84,347,000	\$ 84,347,000
Available-for-sale investments (Level 1)	25,963,000	25,963,000	13,515,000	13,515,000
Certificates of deposit (Level 1)	2,766,000	2,766,000	9,060,000	9,060,000
Consumer receivables acquired for liquidation (Level 3)	101,836,000	119,701,000	115,195,000	135,234,000
Financial liabilities				
Non Recourse Debt (Level 2)	66,874,000	66,874,000	71,604,000	71,604,000

**Table of Contents**

**ASTA FUNDING, INC. AND SUBSIDIARIES**

**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**

**(Unaudited)**

**Note 15: Fair Value Of Financial Measurements and Disclosures** *(continued)*

*Disclosures about Fair Value of Financial Instruments (continued)*

Disclosure of the estimated fair values of financial instruments often requires the use of estimates. The Company uses the following methods and assumptions to estimate the fair value of financial instruments:

Cash and cash equivalents The carrying amount approximates fair value.

Available-for-sale investments The available-for-sale securities consist of mutual funds that are valued based on quoted prices in active markets.

Certificates of deposit The carrying amount approximates fair value.

Consumer receivables acquired for liquidation The Company computed the fair value of the consumer receivables acquired for liquidation using its proprietary forecasting model. The Company's forecasting model utilizes a discounted cash flow analysis. The Company's cash flows are an estimate of collections for consumer receivables based on variables fully described in Note 4: Consumer Receivables Acquired for Liquidation. These cash flows are discounted to determine the fair value.

Debt and subordinated debt (related party) The carrying value of debt and subordinated debt (related party) approximates fair value as the majority of these loan balances are variable rate and short-term in nature.

*Fair Value Hierarchy*

The Company recorded its available-for-sale investments at estimated fair value on a recurring basis. The accompanying consolidated financial statements include estimated fair value information regarding its available-for sale investments as of September 30, 2011, as required by FASB ASC 820, *Fair Value Measurements and Disclosures* (ASC 820). There were no available-for-sale investments as of September 30, 2011. ASC 820 defines fair value as the price that would be received to sell an asset or paid to transfer a liability (an exit price) in an orderly transaction between market participants on the measurement date. ASC 820 also establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's level within the fair value hierarchy is based on the lowest level of input significant to the fair value measurement.

Level 1 Quoted prices (unadjusted) in active markets for identical assets or liabilities that the Company has the ability to assess at the measurement date.

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities in active markets; quoted prices in markets that are not active for identical or similar assets or liabilities; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the asset or liability.

Level 3- Unobservable inputs that are supported by little or no market activity and significant to the fair value of the assets or liabilities that are developed using the reporting entities' estimates and assumptions, which reflect those that market participants would use.

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

The Company's available-for-sale investments are classified as Level 1 financial instruments based on the classifications described above. There have been no transfers in or out of Level 1. Additionally, there have been no investments in Level 2 or Level 3 to date.

### **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations** **Caution Regarding Forward Looking Statements**

This Quarterly Report on Form 10-Q contains certain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts included or incorporated by reference in this annual report on Form 10-K, including without limitation, statements regarding our future financial position, business strategy, budgets, projected revenues, projected costs and plans and objective of management for future operations, are forward-looking statements. Forward-looking statements generally can be identified by the use of forward-looking terminology such as may, will, expects, intends, plans, projects, estimates, anticipates, or negative thereof or any variation there on or similar terminology or expressions.

We have based these forward-looking statements on our current expectations and projections about future events. These forward-looking statements are not guarantees and are subject to known and unknown risks, uncertainties and assumptions about us that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by such forward-looking statements. Important factors which could materially affect our results and our future performance include, without limitation, our ability to purchase defaulted consumer receivables at appropriate prices, changes in government regulations that affect our ability to collect sufficient amounts on our defaulted consumer receivables, our ability to employ and retain qualified employees, changes in the credit or capital markets, changes in interest rates, deterioration in economic conditions, negative press regarding the debt collection industry which may have a negative impact on a debtor's willingness to pay the debt we acquire, and statements of assumption underlying any of the foregoing, as well as other factors set forth under Item 1A. Risk Factors in our annual report on Form 10-K for the fiscal year ended September 30, 2011.

All subsequent written and oral forward-looking statements attributable to us, or persons acting on our behalf, are expressly qualified in their entirety by the foregoing. Except as required by law, we assume no duty to update or revise any forward-looking statements.

#### **Overview**

Asta Funding, Inc., together with its wholly owned significant operating subsidiaries Palisades Collection LLC, Palisades Acquisition XVI, LLC ( Palisades XVI ), VATIV Recovery Solutions LLC ( VATIV ) and other subsidiaries, not all wholly owned, including Pegasus Funding, LLC, and others not considered material (collectively, the Company, we or us ), is primarily engaged in the business of acquiring, managing, servicing and recovering on portfolios of consumer receivables, and through Pegasus Funding, LLC, funding of personal injury litigation claims.

#### **Consumer Receivables**

The consumer receivable portfolios generally consist of one or more of the following types of consumer receivables:

charged-off receivables accounts that have been written-off by the originators and may have been previously serviced by collection agencies;

semi-performing receivables accounts where the debtor is currently making partial or irregular monthly payments, but the accounts may have been written-off by the originators; and

performing receivables accounts where the debtor is making regular monthly payments that may or may not have been delinquent in the past.

We acquire these consumer receivable portfolios at a significant discount to the amount actually owed by the borrowers. We acquire these portfolios after a qualitative and quantitative analysis of the underlying receivables and calculate the purchase price so that our estimated cash flow offers us an adequate return on our acquisition costs and servicing expenses. After purchasing a portfolio, we actively monitor its performance and review and adjust our collection and servicing strategies accordingly.

We purchase receivables from credit grantors and others through privately negotiated direct sales and auctions in which sellers of receivables seek bids from several pre-qualified debt purchasers. We pursue new acquisitions of consumer receivable portfolios on an ongoing basis through:

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

our relationships with industry participants, collection agencies, investors and our financing sources;

brokers who specialize in the sale of consumer receivable portfolios; and

other sources.

- 30 -

## **Table of Contents**

### **Personal Injury Litigation Funding Business**

We have recently entered into a joint venture with Pegasus Legal Funding, LLC, forming Pegasus Funding, LLC, pursuant to which we purchase interests in personal injury claims from claimants who are a party to personal injury litigation with the expectation of a settlement in the future. Through the joint venture, we advance to each personal injury claimant funds on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by us in each claim consists of the right to receive from such claimant part of the proceeds or recoveries which such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

### **Critical Accounting Policies**

We account for our investments in consumer receivable portfolios, using either:

the interest method; or

the cost recovery method.

As we believe our liquidating experience in certain asset classes such as distressed credit card receivables, telecom receivables, consumer loan receivables, litigation-related medical accounts and mixed consumer receivables has matured, we use the interest method when we believe we can reasonably estimate the timing of the cash flows. In those situations where we diversify our acquisitions into other asset classes and we do not possess the same expertise, or we cannot reasonably estimate the timing of the cash flows, we utilize the cost recovery method of accounting for those portfolios of receivables.

We account for our investment in finance receivables using the interest method under the guidance of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 310, *Receivables - Loans and Debt Securities Acquired with Deteriorating Credit Quality*, (ASC 310). Static pools of accounts are established. These pools are aggregated based on certain common risk criteria. Each static pool is recorded at cost and is accounted for as a single unit for the recognition of income, principal payments and loss provision. We currently consider for aggregation portfolios of accounts, purchased within the same fiscal quarter, that generally have the following characteristics:

same issuer/originator;

same underlying credit quality;

similar geographic distribution of the accounts;

similar age of the receivable; and

same type of asset class (credit cards, telecommunications, etc.).

After determining that an investment will yield an adequate return on our acquisition cost after servicing fees, including court costs which are expensed as incurred, we use a variety of qualitative and quantitative factors to determine the estimated cash flows. As previously mentioned, included in our analysis for purchasing a portfolio of receivables and determining a reasonable estimate of collections and the timing thereof, the following variables are analyzed and factored into our original estimates:

the number of collection agencies previously attempting to collect the receivables in the portfolio;

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

the average balance of the receivables;

the age of the receivables (as older receivables might be more difficult to collect or might be less cost effective);

past history of performance of similar assets as we purchase portfolios of similar assets, we believe we have built significant history on how these receivables will liquidate and cash flow;

number of months since charge-off;

payments made since charge-off;

the credit originator and their credit guidelines;

- 31 -

---

**Table of Contents**

the locations of the debtors as there are better states to attempt to collect in and ultimately we have better predictability of the liquidations and the expected cash flows. Conversely, there are also states where the liquidation rates are not as good and that is factored into our cash flow analysis;

financial wherewithal of the seller;

jobs or property of the debtors found within portfolios-with our business model, this is of particular importance as debtors with jobs or property are more likely to repay their obligation and conversely, debtors without jobs or property are less likely to repay their obligation; and

the ability to obtain customer statements from the original issuer.

We will obtain and utilize as appropriate input including, but not limited to, monthly collection projections and liquidation rates, from our third party collection agencies and attorneys, as further evidentiary matter, to assist us in developing collection strategies and in modeling the expected cash flows for a given portfolio.

We acquire accounts that have experienced deterioration of credit quality between origination and the date of our acquisition of the accounts. The amount paid for a portfolio of accounts reflects our determination that it is probable we will be unable to collect all amounts due according to the portfolio of accounts' contractual terms. We consider the expected payments and estimate the amount and timing of undiscounted expected principal, interest and other cash flows for each acquired portfolio coupled with expected cash flows from accounts available for sales. The excess of this amount over the cost of the portfolio, representing the excess of the accounts' cash flows expected to be collected over the amount paid, is accreted into income recognized on finance receivables over the expected remaining life of the portfolio.

We believe we have significant experience in acquiring certain distressed consumer receivable portfolios at a significant discount to the amount actually owed by underlying debtors. We acquire these portfolios only after both qualitative and quantitative analyses of the underlying receivables are performed and a calculated purchase price is paid so that we believe our estimated cash flow offers us an adequate return on our costs, including servicing expenses. Additionally, when considering portfolio purchases of accounts, or portfolios from issuers from whom we have little or limited experience, we have the added benefit of soliciting our third party collection agencies and attorneys for their input on liquidation rates and, at times, incorporate such input into the price we offer for a given portfolio and the estimates we use for our expected cash flows.

As a result of the recent and current challenging economic environment and the impact it has had on the collections, for the non medical account portfolio purchases acquired since the beginning of fiscal year 2009, we have extended our time frame of the expectation of recovering 100% of our invested capital to within a 24-29 month period from an 18-28 month period, and the expectation of recovering 130-140% of invested capital to a period of seven years, which is an increase from the previous five year expectation. The medical accounts have a shorter three year collection curve based on the nature of these accounts. We routinely monitor these expectations against the actual cash flows and, in the event the cash flows are below our expectations and we believe there are no reasons relating to mere timing differences or explainable delays (such as can occur particularly when the court system is involved) for the reduced collections, an impairment would be recorded as a provision for credit losses. Conversely, in the event the cash flows are in excess of our expectations and the reason is due to timing, we would defer the excess collection as deferred revenue.

We use the cost recovery method when collections on a particular pool of accounts cannot be reasonably predicted. Under the cost recovery method, no income is recognized until the cost of the portfolio has been fully recovered. A pool can become fully amortized (zero carrying balance on the balance sheet) while still generating cash collections. In this case, all cash collections are recognized as revenue when received.

We account for the investment in personal injury claims on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by Pegasus Funding, LLC in each claim consists of the right to receive from such claimant part of the proceeds or recoveries which such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

**Table of Contents****Results of Operations****The six-month period ended March 31, 2012, compared to the six-month period ended March 31, 2011**

*Finance income.* For the six month period ended March 31, 2012, finance income decreased \$1.6 million or 7.5% to \$20.3 million from \$21.9 million for the six month period ended March 31, 2011. Finance income has decreased primarily due to the lower level of portfolio purchases and, as a result, the increased percentage of our portfolio balances are in the later stages of their yield curves. We purchased \$6.0 million in face value of new portfolios at a cost of \$2.7 million in the first six months of fiscal year 2012 as compared to purchased \$13.7 million in face value at a cost of \$5.0 million, in the same prior year period.

During the first six months of fiscal year 2012, gross collections decreased 17.4% to \$55.4 million from \$67.0 million for the six months ended March 31, 2011, reflecting the lower level of purchases, and the age of our portfolios. Commissions and fees associated with gross collections from our third party collection agencies and attorneys decreased \$4.3 million, or 18.0% for the six months ended March 31, 2012 as compared to the same period in the prior year and averaged 35.5% of collections for the six months ended March 31, 2012 as compared to 35.8% in the same prior year period. Net collections decreased 17.0% to \$35.7 million from \$43.0 million for the six months ended March 31, 2011. Income recognized from fully amortized portfolios (zero based revenue) was \$17.8 million for the six month periods ended March 31, 2012 and 2011, respectively.

*Other income.* The following table summarizes Other income for the six month periods ended March 31, 2012 and 2011

	2012	2011
Interest and dividend income	\$ 803,000	\$ 238,000
Personal injury fee income	492,000	
Realized gain	117,000	
Service fee income	54,000	33,000
Other	183,000	(95,000)
	\$ 1,649,000	\$ 176,000

*General and administrative expenses.* During the six months ended March 31, 2012, general and administrative expenses decreased \$334,000 or 3% to \$10.8 million from \$11.1 million for the six months ended March 31, 2011. The decrease in general and administrative expenses is attributable to, among other items, the decrease in compensation expenses, including stock based compensation expense, lower collection expenses and technology costs.

*Interest expense.* During the six month period ended March 31, 2012, interest expense decreased \$298,000 or 18% to \$1.3 million from \$1.6 million in the same prior year period. The decrease in interest expense is primarily the result of the continued repayment of our non-recourse debt.

*Impairments.* Impairments of \$611,000 were recorded in the six month period ended March 31, 2012 as compared to an impairment of \$49,000 recorded during the six month period ended March 31, 2011.

*Income tax expense.* Income tax expense, consisting of federal and state income taxes, was \$3.7 million for the six months ended March 31, 2012, as compared to income tax expense of \$3.8 million for the comparable 2011 period.

*Income attributable to non-controlling interest.* The income attributable to non-controlling interest of \$49,000 in fiscal year 2012 related to Pegasus Legal Funding, LLC's 20% interest in Pegasus Funding, LLC.

*Net income attributable to Asta Funding, Inc.* For the six months ended March 31, 2012, net income was \$5.4 million, as compared to net income of \$5.5 million for the six month period ended March 31, 2011.

## **Table of Contents**

### **The three-month period ended March 31, 2012, compared to the three-month period ended March 31, 2011**

*Finance income.* For the three month period ended March 31, 2012, finance income was \$10.5 million as compared to \$11.1 million for the three month period ended March 31, 2011. Although portfolio purchases have been limited and has produced lower finance income, this lower level of finance income was offset by increased zero based income. The Company purchased \$2.9 million in face value of new portfolios at a cost of \$1.3 million in the second quarter of fiscal year 2012 as compared to the purchase of portfolios with a face value of \$6.1 million at a cost of \$2.1 million in the same prior year period.

During the second quarter of fiscal year 2012, gross collections decreased 12.6% to \$29.4 million from \$33.6 million for the three months ended March 31, 2011. Commissions and fees associated with gross collections from our third party collection agencies and attorneys decreased \$1.0 million, or 8.9%, for the three months ended March 31, 2012 as compared to the same period in the prior year and averaged 36.3% of collections during the three-month period ended March 31, 2012. Net collections decreased by 14.5% to \$18.7 million from \$21.9 million for the three months ended March 31, 2011. Income recognized from fully amortized portfolios (zero based revenue) was \$9.2 million and \$9.0 million for the three months ended March 31, 2012 and 2011, respectively.

*Other income.* The following table summarizes Other income for the three month periods ended March 31, 2012 and 2011

	<i>2012</i>	<i>2011</i>
Interest and dividend income	\$ 358,000	\$ 144,000
Personal injury fee income	492,000	
Realized gain	117,000	
Service fee income	30,000	16,000
Other	3,000	(63,000)
	\$ 1,000,000	\$ 97,000

*General and administrative expenses.* During the three-month period ended March 31, 2012, general and administrative expenses increased \$381,000 or 6.7% to \$6.0 million from \$5.7 million for the three months ended March 31, 2011. The increase in general & administrative expenses in the second quarter of fiscal year 2012 was related to an increase in non-cash related stock based compensation expense, depreciation expense and expenses related to the new joint venture, Pegasus Funding, LLC.

*Interest expense.* During the three-month period ended March 31, 2012, interest expense was \$647,000 compared to \$739,000 in the same period in the prior year. The decrease in interest expense is the result of the continued repayment of our non-recourse debt.

*Impairments.* Impairments of \$611,000 were recorded in the three month period ended March 31, 2012 as compared to an impairment of \$49,000 recorded during the three month period ended March 31, 2011.

*Income tax expense.* Income tax expense was \$1.7 million for the three month period ended March 31, 2012 as compared to \$1.9 million for the three month period ended March 31, 2011.

*Income attributable to non-controlling interest.* The income attributable to non-controlling interest of \$49,000 in fiscal year 2012 related to Pegasus Legal Funding, LLC's 20% interest in Pegasus Funding, LLC.

*Net income attributable to Asta Funding, Inc.* Net income was \$2.5 million for the three month period ended March 31, 2012 as compared to \$2.9 million for the three month period ended March 31, 2011.

## **Table of Contents**

### **Liquidity and Capital Resources**

Our primary source of cash from operations is collections on receivable portfolios we have acquired. Our primary uses of cash include repayments of debt, investment in personal injury claims through Pegasus Funding, LLC, interest payments, costs involved in the collections of consumer receivables, taxes and dividends, if approved. In the past, we relied significantly upon our lenders to provide the funds necessary for the purchase of consumer receivables acquired for liquidation.

### ***Receivables Financing Agreement***

In March 2007, Palisades XVI entered into a receivables financing agreement (the *Receivables Financing Agreement*) with the Bank of Montreal (BMO), as amended in July 2007, December 2007, May 2008, February 2009 and October 2010 in order to finance the Portfolio Purchase. The Portfolio Purchase had a purchase price of \$300 million (plus 20% of net payments after Palisades XVI recovers 150% of its purchase price plus cost of funds, which recovery has not yet occurred). Prior to the modifications, discussed below, the debt was full recourse only to Palisades XVI and accrued interest at the rate of approximately 170 basis points over LIBOR. The original term of the agreement was three years. This term was extended by each of the Second, Third Fourth and Fifth Amendments to the Receivables Financing Agreement as discussed below. Proceeds received as a result of the net collections from the Portfolio Purchase are applied to interest and principal of the underlying loan. The Portfolio Purchase is serviced by Palisades Collection LLC, our wholly-owned subsidiary, which has engaged unaffiliated subservicers for a majority of the Portfolio Purchase.

Since the inception of the Receivables Financing Agreement amendments have been signed to revise various terms of the Receivables Financing Agreement. The following is a summary of the material amendments:

**Second Amendment** Receivables Financing Agreement, dated December 27, 2007 revised the amortization schedule of the loan from 25 months to approximately 31 months. BMO charged Palisades XVI a fee of \$475,000 which was paid on January 10, 2008.

**Third Amendment** Receivables Financing Agreement, dated May 19, 2008 extended the payments of the loan through December 2010. The lender also increased the interest rate from 170 basis points over LIBOR to approximately 320 basis points over LIBOR, subject to automatic reduction in the future if additional capital contributions are made by the parent of Palisades XVI.

**Fourth Amendment** Receivables Financing Agreement, dated February 20, 2009, among other things, (i) lowered the collection rate minimum to \$1 million per month (plus interest and fees) as an average for each period of three consecutive months, (ii) provided for an automatic extension of the maturity date from April 30, 2011 to April 30, 2012 should the outstanding balance be reduced to \$25 million or less by April 30, 2011 and (iii) permanently waived the previous termination events. The interest rate remained unchanged at approximately 320 basis points over LIBOR, subject to automatic reduction in the future should certain collection milestones be attained.

As additional credit support for repayment by Palisades XVI of its obligations under the Receivables Financing Agreement and as an inducement for BMO to enter into the Fourth Amendment, we provided BMO a limited recourse, subordinated guaranty, secured by our assets of the Company, in an amount not to exceed \$8.0 million plus reasonable costs of enforcement and collection. Under the terms of the guaranty, BMO cannot exercise any recourse against us until the earlier of (i) five years from the date of the Fourth Amendment and (ii) the termination of our existing senior lending facility or any successor senior facility.

On October 26, 2010, Palisades XVI entered into the Fifth Amendment to the Receivables Financing Agreement (the *Fifth Amendment*). The effective date of the Fifth Amendment was October 14, 2010. The Fifth Amendment (i) extended the expiration date of the Receivables Financing Agreement to April 14, 2014; (ii) reduced the minimum monthly payment to \$750,000; (iii) accelerated our guaranty credit enhancement of \$8,700,000, which was paid upon the execution of the Fifth Amendment; (iv) eliminated our limited guaranty of repayment of the loans outstanding by Palisades XVI; and (v) revised the definition of *Borrowing Base Deficit*, as defined in the Receivables Financing Agreement, to mean the excess, if any, of 105% of the loans outstanding over the borrowing base.

In connection with the Fifth Amendment, on October 26, 2010, we entered into the Omnibus Termination Agreement (the *Termination Agreement*). The Termination Agreement provides that, upon payment of \$8,700,000 to the Lender and execution of the Fifth Amendment, the following agreements, which were entered into by us and certain of our affiliated entities in connection with the guaranty of the outstanding loans under the Receivables Financing Agreement, were terminated: (i) the Subordinated Limited Recourse Guaranty Agreement, dated February 20, 2009, among us, our subsidiaries, and BMO; (ii) the Subordinated Guarantor Security Agreement, dated February 20, 2009; (iii) the Limited Recourse Guaranty Agreement, dated as of February 20, 2009; and (iv) the Intercreditor Agreement, dated February 20, 2009. The Termination Agreement was effective as of October 14, 2010.

## Edgar Filing: ASTA FUNDING INC - Form 10-Q

The aggregate minimum repayment obligations required under the Fifth Amendment, including interest and principal, for fiscal years ending September 30, 2012 through 2014, is \$4.5 million, \$9.0 million and \$53.4 million, respectively.

- 35 -

## **Table of Contents**

On March 31, 2012 and 2011, the outstanding balance on this loan was approximately \$66.9 million and \$76.9 million, respectively. The applicable interest rate at March 31, 2012 and 2011 was 3.74% and 3.76%, respectively. The average interest rate of the Receivable Financing Agreement was 3.76 and 3.77% for the six-month periods ended March 31, 2012 and 2011, respectively. We were in compliance with all covenants that support the Receivables Financing Agreement at March 31, 2012.

### ***Senior Secured Discretionary Credit Facility***

On December 30, 2011, we and certain of our subsidiaries obtained a \$20,000,000 Senior Secured Discretionary Credit Facility (the "Credit Facility") from Bank Leumi pursuant to a Loan Agreement (the "Loan Agreement") between certain of our subsidiaries and Bank Leumi. Under the Loan Agreement, certain of our subsidiaries issued a Revolving Note (the "Note") to Bank Leumi in the principal amount of up to \$20,000,000. Any outstanding balance under the Credit Facility accrues interest at an annual rate equal to the Prime Rate plus 50 basis points. We and certain of our subsidiaries have agreed to serve as guarantors of the obligations of the borrower subsidiaries and have entered into Guaranty Agreements. Pursuant to a series of Security Agreements and Pledge Agreements, the Credit Facility is collateralized by first priority perfected liens on substantially all of our assets and the assets of our subsidiaries, except those of Palisades XVI. The Credit Facility is subject to an administrative fee of \$75,000 upon the first drawdown of the Credit Facility. The Loan Agreement contains standard and customary representations and warranties, covenants, events of default and other provisions including financial covenants that require us to: (i) maintain a minimum net worth of \$150 million; and (ii) incur no net loss in any fiscal year. The term of the Credit Facility is through February 23, 2013. As of March 31, 2012, we have not utilized the Credit Facility.

## **Table of Contents**

### ***Other Investments Pegasus Funding, LLC***

On December 28, 2011, we, through ASFI Pegasus Holdings, LLC ( APH ), our newly-formed indirect subsidiary, entered into a joint venture (the Venture ) with Pegasus Legal Funding, LLC ( PLF ). The Venture purchases interests in personal injury claims from claimants who are a party to a personal injury litigation with the expectation of a settlement in the future. The personal injury claims are purchased by Pegasus Funding, LLC ( Pegasus ), a newly-formed subsidiary in which APH owns 80% and PLF owns 20% of the outstanding membership interests. Pegasus will advance to each claimant funds on a non-recourse basis at an agreed upon interest rate in anticipation of a future settlement. The interest purchased by Pegasus in each claim will consist of the right to receive from such claimant part of the proceeds or recoveries which such claimant receives by reason of a settlement, judgment or award with respect to such claimant's claim.

In connection with the Venture, pursuant to a Revolving Credit Agreement (the Credit Agreement ), Security Agreement (the Security Agreement ) and Secured Revolving Credit Note (the Note ), Fund Pegasus, LLC, our indirect wholly-owned subsidiary ( Fund Pegasus ), agreed to fund Pegasus an aggregate of up to \$109 million over a five (5) year period, payable in one or more installments up to a maximum of \$21.8 million per year, consisting of up to \$20,000,000 to purchase claims and up to \$1.8 million to cover Pegasus' overhead expenses (which amount includes a 4% management fee payable by Pegasus to PLF). The amounts shall accrue interest at the annual rate of 1%, which interest shall be paid monthly to Fund Pegasus by Pegasus.

The rights, duties and obligations of APH and PLF with respect to Pegasus are set forth in an Operating Agreement (the Operating Agreement ), which provides, among other things, that all profits and losses of Pegasus will be allocated to APH and PLF on a pro rata basis in accordance with their respective ownership interests, subject to certain exceptions including the repayment of the loan made to Pegasus by Fund Pegasus prior to the distribution of profits. We have agreed, among other things, to guarantee the funding obligations of Fund Pegasus to Pegasus. The Operating Agreement also provides that Fund Pegasus has the right to suspend financing to Pegasus, and APH has the right to terminate the Operating Agreement, if there is a material change in the applicable laws or case law affecting Pegasus's business. In addition, if returns for any consecutive twelve month period after the first year of operations do not exceed 15%, APH may terminate the Operating Agreement without penalty. If we enter into new personal injury claim funding ventures in the future, PLF shall have the right to participate in such ventures by purchasing up to 20% of the equity in such ventures.

Any cash received by Pegasus ( Distributable Cash Flow ) from the payment to Pegasus with respect to all or part of a purchased claim upon the adjudication or settlement of such claim ( Liquidation ), shall be distributed by Pegasus within ten days following the end of each calendar month, subject to certain exceptions, in the following order:

- (i) First, to Fund Pegasus, until Fund Pegasus has received an amount equal to the funds provided to Pegasus corresponding to each claim for which a Liquidation has been received by Pegasus during the prior 90 day period;
- (ii) Next, to Fund Pegasus in the amount equal to 9% of the amount paid to Fund Pegasus under Section (i) above; and
- (iii) Next, to APH and PLF in accordance with their respective percentage interests in Pegasus.

PLF has granted to APH an option to purchase 50% of the outstanding equity interests of PLF. The option is exercisable within 18 months of the effective date of the Operating Agreement. If APH chooses to exercise this option, the percentage interests of Pegasus owned by APH and PLF shall automatically adjust such that APH and PLF will each own 50% of the outstanding membership interests of Pegasus. Moreover, APH has a right to purchase PLF's current investment portfolio at a discount within fourteen days of the effective date of the Operating Agreement, at APH's discretion and subject to applicable third party consents.

Max Alperovich and Alexander Khanas, who are members of PLF, will manage the day-to-day operations of Pegasus. In addition to paying to PLF a 4% management fee on funds advanced to purchase claims, Pegasus will also pay to each of Messrs. Alperovich and Khanas the sum of \$100,000 per annum pursuant to consulting agreements entered into by Messrs. Alperovich and Khanas, respectively, and Pegasus.

In addition, A.L. Piccolo & Co., Inc., which is owned by Louis Piccolo, a director of the Company, will receive a fee from Pegasus which is calculated at \$350,000 per \$10,000,000 loaned to Pegasus by Fund Pegasus up to a maximum of \$700,000, which fee is payable over eight years from Pegasus's operating expenses during the term of the Operating Agreement and thereafter by PLF and its affiliates.

## **Table of Contents**

### **Cash Flow**

During the six month period ended March 31, 2012, our cash and cash equivalents increased \$3.3 million compared to \$7.6 million during the same prior year period as reductions in cash used in financing in the current year period were more than offset by increases in cash used in investing activities. Net cash provided by operations for the two six month periods was essentially flat.

Net cash provided by operating activities was \$10.2 million during the six month period ended March 31, 2012, compared to \$10.4 million for the six months ended March 31, 2011. The slight decrease in net cash provided by operating activities is primarily attributable to lower net income. Net cash used in investing activity was \$1.5 million during the six months ended March 31, 2012 compared to net cash provided by investing activities of \$15.9 million for the six months ended March 31, 2011. The reduction in net cash provided by investing activity is primarily attributable to investments in available-for-sale securities in the current period and also a reflection of lower collections, largely resulting from reduced purchase levels compared to recent years. Net cash used in financing activities decreased to \$5.4 million for the six months ended March 31, 2012 from \$18.7 million for the same prior year period. The decrease reflects the prior fiscal year payment associated with the Fifth Amendment to the Receivable Financing Agreement and the final payments of the subordinated debt in the prior fiscal year.

Our cash requirements have been and will continue to be significant and have, in the past, depended on external financing to acquire consumer receivables and operate the business. Significant requirements include repayments under our debt facilities, investment in the Venture, interest payments, costs involved in the collections of consumer receivables, and taxes. In addition, dividends are paid if approved by the Board of Directors. Acquisitions have been financed primarily through cash flows from operating activities and a credit facility. We believe we will be less dependent on a credit facility in the short-term as our cash flow from operations will be sufficient to purchase portfolios and operate the business. However, as the collection environment remains challenging, we may borrow funds under our Credit Facility or seek additional financing.

We are cognizant of the current market fundamentals in the debt purchase and company acquisition markets which, because of significant supply and tight capital availability, could result in increased buying opportunities. Accordingly, we filed a \$100 million shelf registration statement with the SEC which was declared effective during the third quarter of 2010. As of the date of this report, we have not issued any securities under this registration statement. The outcome of any future transaction(s) is subject to market conditions. Our business model affords us the ability to sell accounts on an opportunistic basis; however, account sales have been immaterial in recent quarters.

## Table of Contents

The following tables summarize the changes in the balance sheet of the investment in consumer receivables acquired for liquidation during the following periods:

For the Six Months Ended March 31, 2012			
	Interest Method	Cost Recovery Method	Total
Balance, beginning of period	\$ 31,193,000	\$ 84,002,000	\$ 115,195,000
Acquisitions of receivable portfolios, net	1,278,000	1,397,000	2,675,000
Net cash collections from collection of consumer receivables acquired for liquidation	(25,878,000)	(9,727,000)	(35,605,000)
Net cash collections represented by account sales of consumer receivables acquired for liquidation	(78,000)		(78,000)
Impairment	(611,000)		(611,000)
Finance income recognized (1)	18,993,000	1,267,000	20,260,000
Balance, end of period	\$ 24,897,000	\$ 76,939,000	\$ 101,836,000
Finance income as a percentage of collections	73.2%	13.0%	56.8%

(1) Includes approximately \$17.8 million derived from fully amortized portfolios.

For the Six Months Ended March 31, 2011			
	Interest Method	Cost Recovery Method	Total
Balance, beginning of period	\$ 46,348,000	\$ 100,683,000	\$ 147,031,000
Acquisitions of receivable portfolios, net	4,530,000	473,000	5,003,000
Net cash collections from collection of consumer receivables acquired for liquidation	(32,281,000)	(10,479,000)	(42,760,000)
Net cash collections represented by account sales of consumer receivables acquired for liquidation	(243,000)		(243,000)
Impairment	(49,000)		(49,000)
Effect of foreign currency translation		26,000	26,000
Finance income recognized (1)	20,509,000	1,387,000	21,896,000
Balance, end of period	\$ 38,814,000	\$ 92,090,000	\$ 130,904,000
Finance income as a percentage of collections	63.1%	13.2%	50.9%

(1) Includes approximately \$17.8 million derived from fully amortized portfolios.

**Table of Contents****For the Three Months Ended March 31, 2012**

	<b>Interest Method</b>	<b>Cost Recovery Method</b>	<b>Total</b>
Balance, beginning of period	\$ 28,559,000	\$ 80,807,000	\$ 109,366,000
Acquisitions of receivable portfolios, net	421,000	903,000	1,324,000
Net cash collections from collections of consumer receivables acquired for liquidation	(13,180,000)	(5,486,000)	(18,666,000)
Net cash collections represented by account sales of consumer receivables acquired for liquidation	(47,000)		(47,000)
Impairment	(611,000)		(611,000)
Finance income recognized (1)	9,755,000	715,000	10,470,000
Balance, end of period	\$ 24,897,000	\$ 76,939,000	\$ 101,836,000
Finance income as a percentage of collections	72.6%	13.0%	50.9%

(1) Includes approximately \$9.2 million derived from fully amortized portfolios.

**For the Three Months Ended March 31, 2011**

	<b>Interest Method</b>	<b>Cost Recovery Method</b>	<b>Total</b>
Balance, beginning of period	\$ 43,338,000	\$ 96,241,000	\$ 139,579,000
Acquisitions of receivable portfolios, net	1,871,000	249,000	2,120,000
Net cash collections from collections of consumer receivables acquired for liquidation	(16,702,000)	(5,108,000)	(21,810,000)
Net cash collections represented by account sales of consumer receivables acquired for liquidation	(88,000)		(88,000)
Impairments	(49,000)		(49,000)
Effect of foreign currency translation		15,000	15,000
Finance income recognized (1)	10,444,000	693,000	11,137,000
Balance, end of period	\$ 38,814,000	\$ 92,090,000	\$ 130,904,000
Finance income as a percentage of collections	62.2%	13.6%	50.9%

(1) Includes approximately \$9.0 million derived from fully amortized portfolios.

**Off Balance Sheet Arrangements**

As of March 31, 2012, we did not have any relationships with unconsolidated entities or financial partners, such as entities often referred to as structured finance or special purpose entities, established for the purpose of facilitating off-balance sheet arrangements or other contractually narrow or limited purposes. As such, we are not materially exposed to any financing, liquidity, market or credit risk that could arise if we had engaged in such relationships.

**Table of Contents****Additional Supplementary Information:**

We do not anticipate collecting the majority of the purchased principal amounts. Accordingly, the difference between the carrying value of the portfolios and the gross receivables is not indicative of future revenues from these accounts acquired for liquidation. Since we purchased these accounts at significant discounts, we anticipate collecting only a small portion of the face amounts. During the six months ended March 31, 2012, we purchased portfolios with a face value of \$6.0 million for an aggregate purchase price of \$2.7 million.

For additional information regarding our methods of accounting for our investment in finance receivables, the qualitative and quantitative factors we use to determine estimated cash flows, and our performance expectations of our portfolios, see **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations** **Critical Accounting Policies** above.

**Collections Represented by Account Sales**

Period	Collections Represented By Account Sales	Finance Income Earned
Six months ended March 31, 2012	\$ 78,000	\$ 31,000
Three months ended March 31, 2012	\$ 47,000	\$ 19,000
Six months ended March 31, 2011	\$ 243,000	\$ 91,000
Three months ended March 31, 2011	\$ 88,000	\$ 36,000

**Table of Contents****Portfolio Performance (1)***(Interest method portfolios only)*

Purchase Period	Purchase Price	Cash Collections Including Cash Sales (3)	Estimated Remaining Collections (4)	Total Estimated Collections (5)	Total estimated Collections as a Percentage of Purchase Price
2001	\$ 65,120,000	\$ 105,656,000	\$	\$ 105,656,000	162%
2002	36,557,000	48,269,000		48,269,000	132%
2003	115,626,000	220,121,000		220,121,000	190%
2004	103,743,000	189,596,000	49,000	189,645,000	183%

2009	19,127,000	32,926,000	3,182,000	36,108,000	189%
2010	7,698,000	16,198,000	1,092,000	17,290,000	225%
2011	6,619,000	2,488,000	6,378,000	8,866,000	134%
2012	1,278,000	162,000	1,477,000	1,639,000	128%

- (1) Total collections do not represent full collections of the Company with respect to this or any other year.
- (2) Purchase price refers to the cash paid to a seller to acquire a portfolio less the purchase price refunded by a seller due to the return of non-compliant accounts (also defined as put-backs).
- (3) Net cash collections include: net collections from our third-party collection agencies and attorneys, net collections from our in-house efforts and collections represented by account sales.
- (4) Does not include estimated collections from portfolios that are zero basis.
- (5) Total estimated collections refers to the actual net cash collections, including cash sales, plus estimated remaining net collections.

**Recent Accounting Pronouncements**

In December 2011, Financial Accounting Standards Board ( FASB ) FASB Accounting Standards Update ( ASU ) No. 2011-12, amended ASC Topic 220 Comprehensive Income. The amendments defer certain disclosure requirements regarding reclassifications within ASU No. 2011-05, until the FASB can deliberate further on these requirements. The amendments in this update are effective for the annual period beginning on or after December 15, 2012 and must be applied retrospectively. The implementation of ASU 2011-12 is not expected to have a material effect on our consolidated financial statements.

In September 2011, the FASB issued Accounting Standards Update ( ASU ) No. 2011-08, *Intangibles – Goodwill and Other (Topic 350)*, which amends and simplify the rules related to testing goodwill for impairment. The revised guidance allows an entity to make an initial qualitative evaluation, based on the entity's events and circumstances, to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. The results of this qualitative assessment determine whether it is necessary to perform the currently required two-step impairment test. The new guidance is effective for annual and interim goodwill impairment tests performed for fiscal years beginning after December 15, 2011. As allowed by ASU 2011-08, we adopted this guidance for its fiscal year 2011 goodwill impairment test. Adoption of this guidance did not have a material effect on our result of operations or financial condition.

## **Table of Contents**

In June 2011, the FASB issued ASU No. 2011-05, *Comprehensive Income (Topic 220)*, in order to improve the comparability, consistency and transparency of financial reporting and to increase the prominence of items reported in other comprehensive income. This standard eliminates the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity. This update requires that all non-owner changes in stockholders' equity be presented either in a single continuous statement of comprehensive income or in two separate but consecutive statements. In the two-statement approach, the first statement should present total net income and its components followed consecutively by a second statement that should present total other comprehensive income, the components of other comprehensive income, and the total of comprehensive income. This update is effective for public companies for fiscal years, and interim periods within those years, beginning after December 15, 2011. Early adoption is permitted because compliance with the amendments is already permitted. Adoption of this update did not have a material effect on our results of operations or financial condition.

In May 2011, the FASB issued ASU No. 2011-04, *Fair Value Measurement (Topic 820)*, which results in common fair value measurement and disclosure requirements for US GAAP and International Financial Reporting Standards. ASU No. 2011-04 is effective for the first annual period beginning on or after December 15, 2011. Adoption of this update is not expected to have a material effect on our results of operations or financial condition but may have an effect on disclosures.

In December 2010, the FASB issued ASU No. 2010-29, *Business Combinations (Topic 805)*, to improve consistency in how the pro forma disclosures are calculated. Additionally, ASU 2010-29 enhances the disclosure requirements and requires description of the nature and amount of any material, nonrecurring pro forma adjustments directly attributable to a business combination. The guidance will become effective for us with the reporting period beginning October 1, 2011, and should be applied prospectively to business combinations for which the acquisition date is after the effective date. Early adoption is permitted. Other than requiring disclosures for prospective business combinations, the adoption of this guidance is not expected to have a material effect on our results of operations or financial condition.

In January 2010, the FASB issued ASU No. 2010-06, which amends the authoritative accounting guidance under ASC Topic 820, *Fair Value Measurements and Disclosures*. The update requires the following additional disclosures:

- a. Separately disclose the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and describe the reasons for the transfers;
- b. Information about purchases, sales, issuances and settlements need to be disclosed separately in the reconciliation for fair value measurements using Level 3.

The update provides for amendments to existing disclosures as follows:

- a. Fair value measurement disclosures are to be made for each class of assets and liabilities;
  - b. Disclosures about valuation techniques and inputs used to measure fair value for both recurring and nonrecurring fair value measurements.
- The update also includes conforming amendments to guidance on employers' disclosures about postretirement benefit plan assets.

The update is effective for interim and annual reporting periods beginning after December 15, 2009, except for the disclosures about purchases, sales, issuances and settlements in the roll forward of activity in Level 3 fair value measurements. Those disclosures are effective for fiscal years beginning after December 15, 2010, and for interim periods within those fiscal years.

The adoption in fiscal year 2011 did not have a material effect and future adoption is not expected to have a material effect on our results of operations or financial condition.

In December 2009, the FASB issued ASU 2009-17, *Consolidations (Topic 810)*, which represents a revision to former FASB Interpretation No. 46 (Revised December 2003), *Consolidation of Variable Interest Entities*, and changes how a reporting entity determines when an entity that is insufficiently capitalized or is not controlled through voting (or similar rights) should be consolidated. ASU 2009-17 also requires a reporting entity to provide additional disclosures about its involvement with variable interest entities and any significant changes in risk exposure due to that involvement. ASU 2009-17 is effective for fiscal years beginning after November 15, 2009 and for interim periods within the first annual reporting period. We adopted ASU 2009-17 as of October 1, 2010, which did not have a significant effect on our financial statements.

## **Table of Contents**

### **Item 3. Quantitative and Qualitative Disclosures about Market Risk**

We are exposed to various types of market risk in the normal course of business, including the impact of interest rate changes and changes in corporate tax rates. A material change in these rates could adversely affect our operating results and cash flows. At March 31, 2012, our Receivable Financing Agreement, which is variable debt, had an outstanding balance of \$66.9 million. A 25 basis-point increase in interest rates would have increased our interest expense for the six month period ended March 31, 2012 by approximately \$86,000 based on the average debt outstanding during the period. We do not currently invest in derivative financial or commodity instruments.

### **Item 4. Controls and Procedures**

#### *a. Disclosure Controls and Procedures.*

As of March 31, 2012, we carried out an evaluation, with the participation of our management, including our Chief Executive Officer and Chief Financial Officer, of the effectiveness of our disclosure controls and procedures pursuant to Securities Exchange Act Rule 13a-15. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of March 31, 2012 are effective in providing reasonable assurance that information required to be disclosed by us in the reports that we file or submit under the Securities Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms and is accumulated and communicated to our management, including our principal executive officers and our principal financial officer, or persons performing similar functions, as appropriate, to allow timely decisions regarding required disclosure.

#### *b. Changes in Internal Controls Over Financial Reporting.*

There have been no changes in our internal controls over financial reporting that occurred during our fiscal quarter ended March 31, 2012 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## Table of Contents

### PART II. OTHER INFORMATION

#### Item 1. Legal Proceedings

In the ordinary course of our business, we are involved in numerous legal proceedings. We regularly initiate collection lawsuits, using our network of third party law firms, against consumers. Also, consumers occasionally initiate litigation against us, in which they allege that we have violated a federal or state law in the process of collecting their account. We do not believe that these ordinary course matters are material to our business and financial condition. As of the date of this Form 10-Q, we are not involved in any material litigation in which we are a defendant.

#### Item 1A. Risk factors

There were no material changes in any risk factors previously disclosed in the Company's Report on Form 10-K filed with the Securities & Exchange Commission on December 14, 2011.

#### Item 2. Unregistered Sales of Equity Securities and Use of Proceeds Purchases of Common Stock

We have a share repurchase program that authorizes us to purchase up to \$20.0 million of shares of our common stock through March 11, 2013. The share repurchases may occur from time-to-time through open market purchases at prevailing market prices or through privately negotiated transactions as permitted by securities laws and other legal requirements. The following table sets forth information regarding our repurchases or acquisitions of common stock during the second quarter of the fiscal year ended September 30, 2012.

Period	Total Number of Shares (or Units) Purchased	Average Price Paid per Share (or Unit)	Total Number of Shares Purchased as Part of Publicly Announced Plans or Programs	Maximum Number (or Approximate Dollar Value) of Shares that May Yet Be Purchased Under the Plans or Programs(1)
Repurchases from January 1, 2012 through January 31, 2012	-0-	-0-	-0-	\$ 19,930,000
Repurchases from February 1, 2012 through February 29, 2012	33,207	\$ 7.69	33,207	\$ 19,675,000
Repurchases from March 1, 2012 through March 31, 2012	83,231	\$ 8.01	83,231	\$ 19,007,000

- (1) On March 9, 2012, our board of directors authorized the repurchase of up to \$20.0 million of shares of our common stock through a non-discretionary stock repurchase plan.
