**PROXY STATEMENT**

The Board of Directors of ViaSat, Inc. is soliciting the enclosed proxy for use at the annual meeting of stockholders to be held on September 20, 2012 at 8:30 a.m. Pacific Time at the corporate offices of ViaSat located at 6155 El Camino Real, Founders Hall, Carlsbad, California, and at any adjournments or postponements of the meeting, for the purposes set forth in the Notice of Annual Meeting of Stockholders.

**GENERAL INFORMATION**

**ABOUT THE ANNUAL MEETING AND VOTING**

**Why am I receiving this proxy statement?**

We sent you this proxy statement and the enclosed proxy card because ViaSat's Board of Directors is soliciting your proxy to vote at the 2012 annual meeting of stockholders. This proxy statement summarizes the information you need to know to vote at the annual meeting. All stockholders who find it convenient to do so are cordially invited to attend the annual meeting in person. However, you do not need to attend the meeting to vote your shares. Instead, you may simply sign, date and return the enclosed proxy card.

We intend to begin mailing this proxy statement, the attached notice of annual meeting and the enclosed proxy card on or about July 30, 2012 to all stockholders of record entitled to vote at the annual meeting. Only stockholders who owned ViaSat common stock on the record date, July 23, 2012, are entitled to vote at the annual meeting. On this record date, there were approximately 43,521,452 shares of ViaSat common stock outstanding. Common stock is our only class of stock entitled to vote. We are also sending along with this proxy statement our 2012 fiscal year annual report, which includes our financial statements.

**What am I voting on?**

The items of business scheduled to be voted on at the annual meeting are:

*Proposal 1:* The election of Robert Johnson and John Stenbit to serve as Class I Directors for a three-year term to expire at the 2015 annual meeting of stockholders.

*Proposal 2:* The ratification of the appointment of PricewaterhouseCoopers as ViaSat's independent registered public accounting firm for the 2013 fiscal year.

*Proposal 3:* The advisory vote on executive compensation.

## Edgar Filing: VIASAT INC - Form DEF 14A

*Proposal 4:* The amendment to the 1996 Equity Participation Plan.

We also will consider any other business that properly comes before the annual meeting.

### **How does the Board recommend that I vote?**

Our Board of Directors unanimously recommends that you vote:

**FOR** the election of the director nominees listed in this proxy statement (Proposal 1);

**FOR** the ratification of the appointment of PricewaterhouseCoopers as ViaSat's independent registered public accounting firm (Proposal 2);

**FOR** the approval of executive compensation (Proposal 3); and

**FOR** the amendment to the 1996 Equity Participation Plan (Proposal 4).

## **Table of Contents**

### **How many votes do I have?**

You are entitled to one vote for every share of ViaSat common stock that you own as of July 23, 2012.

### **How do I vote by proxy?**

Your vote is important. Whether or not you plan to attend the annual meeting in person, we urge you to sign, date and return the enclosed proxy card as soon as possible to ensure that your vote is recorded promptly. Returning the proxy card will not affect your right to attend the annual meeting or vote your shares in person.

If you complete and submit your proxy card, the persons named as proxies will vote your shares in accordance with your instructions. If you submit a proxy card but do not fill out the voting instructions on the proxy card, your shares will be voted as recommended by the Board of Directors.

If any other matters are properly presented for voting at the annual meeting, or any adjournments or postponements of the annual meeting, the proxy card will confer discretionary authority on the individuals named as proxies to vote your shares in accordance with their best judgment. As of the date of this proxy statement, we have not received notice of other matters that may properly be presented for voting at the annual meeting.

### **May I revoke my proxy?**

If you give us your proxy, you may revoke it at any time before your proxy is voted at the annual meeting. You may revoke your proxy in any of the following three ways:

you may send in another signed proxy card bearing a later date;

you may deliver a written notice of revocation to ViaSat's Corporate Secretary prior to the annual meeting; or

you may notify ViaSat's Corporate Secretary in writing before the annual meeting and vote in person at the meeting.

If your shares are held in street name, which means your shares are held of record by a broker, bank or other financial institution, you must contact your broker, bank or financial institution to revoke any prior instructions.

### **How do I vote in person?**

If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot when you arrive. Even if you plan to attend the annual meeting, we recommend that you also vote by proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

### **What if my shares are held by a broker, bank or other financial institution?**

If you are the beneficial owner of shares held by a broker, bank or other financial institution, then your shares are held in street name and the organization holding your shares is considered to be the stockholder of record for purposes of voting at the annual meeting. As the beneficial owner, you have the right to direct your broker, bank or other financial institution regarding how to vote your shares. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote in person at the meeting unless you bring to the meeting a legal proxy from the record holder of the shares (your broker, bank or other financial institution). The legal proxy will give you the right to vote the shares at the meeting.

### **Can I vote via the internet or by telephone?**

If your shares are registered in the name of a broker, bank or other financial institution, you may be eligible to vote your shares electronically over the internet or by telephone. A large number of banks and brokerage firms offer internet and telephone voting. If the broker, bank or other

## Edgar Filing: VIASAT INC - Form DEF 14A

financial institution holding your shares does not offer internet or telephone voting information, please complete and return your proxy card or voting instruction card in the self-addressed, postage-paid envelope provided.

## **Table of Contents**

### **How can I attend the annual meeting?**

You are entitled to attend the annual meeting only if you were a ViaSat stockholder or joint holder as of the record date, July 23, 2012, or you hold a valid proxy for the annual meeting. You should be prepared to present valid government issued photo identification for admittance. If you are a stockholder of record, your name will be verified against the list of stockholders of record on the record date prior to your admission to the annual meeting. If you are not a stockholder of record but hold shares in street name, you should provide proof of beneficial ownership by bringing either a copy of the voting instruction card provided by your broker or a copy of a brokerage statement showing your share ownership as of July 23, 2012. If you do not provide photo identification or comply with the other procedures outlined above, you will not be admitted to the annual meeting. The use of cell phones, smartphones, pagers, recording and photographic equipment and/or computers is not permitted at the annual meeting.

### **What constitutes a quorum?**

A quorum is present when at least a majority of the outstanding shares entitled to vote are represented at the annual meeting either in person or by proxy. This year, approximately 21,760,727 shares must be represented to constitute a quorum at the meeting and permit us to conduct our business.

### **What vote is required to approve each proposal?**

In the election of directors, the two nominees for director who receive the most votes will be elected. All other proposals require the favorable vote of a majority of those shares present, in person or by proxy, and entitled to vote on that proposal. Voting results will be tabulated and certified by our transfer agent, Computershare.

### **What will happen if I abstain from voting or fail to vote?**

Shares held by persons attending the annual meeting but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal will be counted as present for purposes of determining the presence of a quorum. Because the proposal relating to the election of directors is determined by a plurality of votes, abstentions will have no effect on the outcome of the vote. With respect to all other proposals, abstentions have the same effect as a vote **AGAINST** the proposal.

Shares represented by proxies that reflect a **broker non-vote** will be counted for purposes of determining whether a quorum exists. A broker non-vote occurs when a broker, bank or other financial institution holding shares in street name for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for a particular proposal. Under the rules of various national and regional securities exchanges, the organization that holds your shares in street name has discretionary authority to vote only on routine matters and cannot vote on non-routine matters. The only proposal at the meeting that is considered a routine matter under applicable rules is the proposal to ratify the appointment of PricewaterhouseCoopers as ViaSat's independent registered public accounting firm for the 2013 fiscal year. Therefore, unless you provide voting instructions to the broker, bank or other financial institution holding shares on your behalf, they will not have discretionary authority to vote your shares on any of the other proposals described in this proxy statement. Please vote your proxy or provide voting instructions to the broker, bank or other financial institution holding your shares so your vote on the other proposals will be counted.

In tabulating the voting results for each proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal. Thus, broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained.

### **What are the costs of soliciting these proxies?**

We will pay the entire cost of soliciting these proxies, including the preparation, assembly, printing and mailing of this proxy statement and any additional solicitation material that we may provide to stockholders. In addition to the mailing of the notices and these proxy materials, the solicitation of proxies or votes may be made

**Table of Contents**

in person, by telephone or by electronic communication by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We will reimburse brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy and solicitation materials to stockholders.

**I share an address with another stockholder, but we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?**

If you share an address with another stockholder, you may receive only one set of proxy materials unless you have provided contrary instructions. The rules promulgated by the Securities and Exchange Commission, or SEC, permit companies, brokers, banks or other financial institutions to deliver a single copy of a proxy statement and annual report to households at which two or more stockholders reside. This practice, known as householding, is designed to reduce duplicate mailings, save significant printing and postage costs, and conserve natural resources. Stockholders will receive only one copy of our proxy statement and annual report if they share an address with another stockholder, have been previously notified of householding by their broker, bank or other financial institution, and have consented to householding, either affirmatively or implicitly by not objecting to householding. If you would like to opt out of this practice for future mailings, and receive separate annual reports and proxy statements for each stockholder sharing the same address, please contact your broker, bank or financial institution. You may also obtain a separate annual report or proxy statement without charge by sending a written request to ViaSat, Inc., Attention: Investor Relations, 6155 El Camino Real, Carlsbad, California 92009, by email at [ir@viasat.com](mailto:ir@viasat.com) or by telephone at (760) 476-2633. We will promptly send additional copies of the annual report or proxy statement upon receipt of such request.

**Important notice regarding the availability of proxy materials for the ViaSat annual meeting of stockholders to be held on September 20, 2012.**

Under rules adopted by the SEC, we are also furnishing proxy materials to our stockholders via the internet. This process is designed to expedite stockholders' receipt of proxy materials, lower the cost of the annual meeting and help conserve natural resources. **This proxy statement and our annual report to stockholders are available on the Investor Relations section of our website at [investors.viasat.com](http://investors.viasat.com).** If you are a stockholder of record, you can elect to access future proxy statements and annual reports electronically by marking the appropriate box on your proxy card. Choosing to receive your future proxy materials electronically will help us conserve natural resources and reduce the costs of printing and distributing our proxy materials. If you choose this option, your choice will remain in effect until you notify our transfer agent, Computershare, by mail that you wish to resume mail delivery of these documents. If you hold your shares in street name, please refer to the information provided by your broker, bank or other financial institution for instructions on how to elect this option.

**CORPORATE GOVERNANCE PRINCIPLES AND BOARD MATTERS**

We are dedicated to maintaining the highest standards of business integrity. It is our belief that adherence to sound principles of corporate governance, through a system of checks, balances and personal accountability is vital to protecting ViaSat's reputation, assets, investor confidence and customer loyalty. Above all, the foundation of ViaSat's integrity is our commitment to sound corporate governance. Our corporate governance guidelines and Guide to Business Conduct can be found on the Investor Relations section of our website at [investors.viasat.com](http://investors.viasat.com).

**Board Responsibilities**

*Primary Responsibilities.* The Board is the company's governing body, responsible for overseeing ViaSat's Chief Executive Officer and other senior management in the competent and ethical operation of the company on a day-to-day basis and assuring that the long-term interests of the stockholders are being served. To satisfy its duties, directors are expected to take a proactive, focused approach to their position, and set standards to ensure that the company is committed to business success through the maintenance of high standards of responsibility and ethics.

*Risk Oversight.* We take a comprehensive approach to risk management which is reflected in the reporting processes by which our management provides timely and comprehensive information to the Board to support the Board's role in oversight, approval and decision-making. Our senior management is responsible for assessing and managing the company's various exposures to risk on a day-to-day basis, including the creation of appropriate risk management programs and policies. The Board is responsible for overseeing management in the execution of its responsibilities and for assessing the company's approach to risk management. The Board exercises these responsibilities periodically as part of its meetings and also through the Board's committees, each of which examines various components of enterprise risk as it pertains to the committee's area of oversight. In addition, an overall review of risk is inherent in the Board's consideration of the company's long-term strategies and in the transactions and other matters presented to the Board, including capital expenditures, acquisitions and divestitures, and financial matters.

**Board Leadership and Independence**

Mark Dankberg, our Chief Executive Officer, serves as the Chairman of the Board. Currently, the Board believes this leadership structure provides the most efficient and effective leadership model for ViaSat by enhancing the Chairman and Chief Executive Officer's ability to provide clear insight and direction of business strategies and plans to both the Board and management. The Board regularly evaluates its leadership structure and currently believes ViaSat can most effectively execute its business strategies and plans if the Chairman is also a member of the management team. A single person, acting in the capacities of Chairman and Chief Executive Officer, promotes unity of vision and leadership, which allows for a single, clear focus for management to execute the company's business strategies and plans. While we have not currently designated a lead independent director, we believe that ViaSat's unitary leadership structure is appropriately balanced by sound corporate governance principles, the effective oversight of management by non-employee directors and the strength of ViaSat's independent directors.

The criteria established by The Nasdaq Stock Market, or Nasdaq, for director independence include various objective standards and a subjective test. A member of the Board of Directors is not considered independent under the objective standards if, for example, he or she is (1) an employee of ViaSat, or (2) a partner in, or an executive officer of, an entity to which ViaSat made, or from which ViaSat received, payments in the current or any of the past three fiscal years that exceed 5% of the recipient's consolidated gross revenues for that year. The subjective test requires that each independent director not have a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

None of the directors was disqualified from independent status under the objective standards, other than Mr. Dankberg, who does not qualify as independent because he is a ViaSat employee. The subjective evaluation of director independence by the Board of Directors was made in the context of the objective standards by taking into account the standards in the objective tests, and reviewing and discussing additional information provided by

**Table of Contents**

the directors and the company with regard to each director's business and personal activities as they may relate to ViaSat and ViaSat's management. In conducting this evaluation, the Board considered the following relationship that did not exceed Nasdaq objective standards but was identified by the Corporate Governance, Nomination and Evaluation Committee for further consideration by the Board under the subjective standard: Mr. Stenbit is a non-employee director of Loral Space & Communications Inc., a company which we do business with and which is adverse to us in legal proceedings. The nature of these relationships and transactions are described in greater detail in the Certain Relationships and Related Transactions section of this proxy statement. Based on all of the foregoing, the Board made a subjective determination that Mr. Stenbit maintains the ability to exercise independent judgment in carrying out the responsibilities of a director.

As a result, the Board of Directors affirmatively determined that each member of the Board other than Mr. Dankberg is independent under the criteria established by Nasdaq for director independence. In addition to the Board level standards for director independence, all members of the Audit Committee, Compensation and Human Resources Committee, and Corporate Governance, Nomination and Evaluation Committee qualify as independent directors as defined by Nasdaq.

**Board Structure and Committee Composition**

As of the date of this proxy statement, our Board of Directors has six directors and the following four standing committees: (1) Audit Committee, (2) Compensation and Human Resources Committee, (3) Corporate Governance, Nomination and Evaluation Committee, and (4) Banking and Finance Committee. The membership during the last year and the function of each of the committees are described below. Each of the committees operates under a written charter which can be found on the Investor Relations section of our website at [investors.viasat.com](http://investors.viasat.com). During our fiscal year ended March 30, 2012, the Board held seven meetings, including telephonic meetings. During this period, all of the directors attended or participated in at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which each such director served. Although we do not have a formal policy regarding attendance by members of our Board at our annual meeting of stockholders, we encourage the attendance of our directors and director nominees at our annual meeting, and historically more than a majority have done so. Six of our directors attended last year's annual meeting of stockholders.

(2) Mr. Targoff resigned as a director on February 24, 2012.

*Audit Committee.* The Audit Committee reviews the professional services provided by our independent registered public accounting firm, the independence of such independent registered public accounting firm from our management, and our annual and quarterly financial statements. The Audit Committee also reviews such other matters with respect to our accounting, auditing and financial reporting practices and procedures as it may find appropriate or may be brought to its attention. The Board of Directors has determined that each of the four

members of our Audit Committee is an audit committee financial expert as defined by the rules of the SEC. The responsibilities and activities of the Audit Committee are described in greater detail in the Audit Committee Report.

*Compensation and Human Resources Committee.* The Compensation and Human Resources Committee is responsible for establishing and monitoring policies governing the compensation of executive officers. In carrying out these responsibilities, the Compensation and Human Resources Committee is responsible for advising and consulting with the officers regarding managerial personnel and development, and for reviewing and, as appropriate, recommending to the Board of Directors, policies, practices and procedures relating to the compensation of directors, officers and other managerial employees. The objectives of the Compensation and Human Resources Committee are to encourage high performance, promote accountability and assure that employee interests are aligned with the interests of our stockholders. For additional information concerning the Compensation and Human Resources Committee, see the Compensation Discussion and Analysis section of this proxy statement.

*Corporate Governance, Nomination and Evaluation Committee.* The Corporate Governance, Nomination and Evaluation Committee is responsible for the development and recommendation to the Board of a set of corporate governance guidelines and principles, provides oversight of the process for the self-assessment by the Board and each of its committees, reviews and recommends nominees for election as directors and committee members, conducts the evaluation of our Chief Executive Officer, and advises the Board with respect to Board and committee composition.

*Banking and Finance Committee.* The Banking and Finance Committee oversees certain aspects of corporate finance for the company, and reviews and makes recommendations to the Board about the company's financial affairs and policies, including short and long-term financing plans, objectives and principles, borrowings or the issuance of debt and equity securities.

### **Director Nomination Process**

The Corporate Governance, Nomination and Evaluation Committee is responsible for reviewing and assessing the appropriate skills and characteristics required of Board members in the context of the current size and membership of the Board. This assessment includes a consideration of personal and professional integrity, experience in corporate management, experience in our industry, experience as a board member of other publicly-held companies, diversity of expertise and experience, practical and mature business judgment, and with respect to current directors, performance on the ViaSat Board. These factors, and any other qualifications considered useful by the Corporate Governance, Nomination and Evaluation Committee, are reviewed in the context of an assessment of the perceived needs of the Board at a particular point in time. As a result, the priorities and emphasis of the Corporate Governance, Nomination and Evaluation Committee with regard to these factors may change from time to time to take into account changes in our business and other trends, as well as the portfolio of skills and experience of current and prospective Board members.

In recommending candidates for election to the Board of Directors, the Corporate Governance, Nomination and Evaluation Committee considers nominees recommended by directors, management and stockholders using the same criteria to evaluate all candidates. The Corporate Governance, Nomination and Evaluation Committee reviews each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Evaluations of candidates generally involve a review of background materials, internal discussions and interviews with selected candidates as appropriate. Upon selection of a qualified candidate, the Corporate Governance, Nomination and Evaluation Committee would recommend the candidate for consideration by the full Board of Directors. The Corporate Governance, Nomination and Evaluation Committee may engage consultants or third party search firms to assist in identifying and evaluating potential nominees.

The Corporate Governance, Nomination and Evaluation Committee will consider candidates recommended by any stockholder who has held our common stock for at least one year and who holds a minimum of 1% of our outstanding shares. When submitting candidates for nomination, stockholders must follow the notice procedures and provide the information specified in the section titled Other Matters. In addition, the recommendation must

include the following: (1) the name and address of the stockholder and the beneficial owner (if any) on whose behalf the nomination is proposed, (2) a detailed resumé of the nominee, and the signed consent of the nominee to serve if elected, (3) the stockholder's reason for making the nomination, including an explanation of why the stockholder believes the nominee is qualified for service on our Board, (4) proof of the number of shares of our common stock owned by the record owner and the beneficial owner (if any) on whose behalf the record owner is proposing the nominee, (5) a description of any arrangements or understandings between the stockholder, the nominee and any other person regarding the nomination, (6) a description of any material interest of the stockholder and the beneficial owner (if any) on whose behalf the nomination is proposed, and (7) information regarding the nominee that would be required to be included in our proxy statement by the rules of the SEC, including the nominee's age, business experience, directorships, and involvement in legal proceedings during the past ten years.

**Communications with the Board**

Any stockholder wishing to communicate with any of our directors regarding corporate matters may write to the director, c/o General Counsel, ViaSat, Inc., 6155 El Camino Real, Carlsbad, California 92009. The General Counsel will forward such communications to each member of our Board of Directors; provided that, if in the opinion of the General Counsel it would be inappropriate to send a particular stockholder communication to a specific director, such communication will only be sent to the remaining directors (subject to the remaining directors concurring with such opinion). Certain correspondence such as spam, junk mail, mass mailings, product complaints or inquiries, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material may be forwarded elsewhere within the company for review and possible response.

**Table of Contents****PROPOSAL 1:****ELECTION OF DIRECTORS****Overview**

The authorized number of directors is presently seven. Michael Targoff resigned from the Board on February 24, 2012, resulting in a vacancy on the Board. The Board has not nominated an individual to fill the vacancy at this time. In accordance with our certificate of incorporation, we divide our Board of Directors into three classes, with each class consisting, as nearly as may be possible, of one-third of the total number of directors. We elect one class of directors to serve a three-year term at each annual meeting of stockholders. At this year's annual meeting of stockholders, we will elect two Class I Directors to hold office until the 2015 annual meeting. Each elected director will continue to serve until his successor is duly elected or appointed.

The Board of Directors unanimously nominated Robert Johnson and John Stenbit as Class I nominees for election to the Board. At the annual meeting, proxies cannot be voted for a greater number of individuals than the two nominees named in this proxy statement. Unless proxy cards are otherwise marked, the persons named as proxies will vote all proxies received **FOR** the election of Dr. Johnson and Mr. Stenbit. The following table sets forth for each nominee to be elected at the annual meeting and for each director whose term of office will extend beyond the annual meeting, the age of each nominee or director, the positions currently held by each nominee or director with ViaSat, the year in which each nominee's or director's current term will expire, and the class of director of each nominee or director.

**RATIFICATION OF APPOINTMENT OF**

**INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

**Overview**

The Audit Committee has selected PricewaterhouseCoopers LLP as ViaSat's independent registered public accounting firm for our fiscal year ending March 29, 2013. PricewaterhouseCoopers has served as our independent registered public accounting firm since the fiscal year ended March 31, 1992. Representatives of PricewaterhouseCoopers are expected to be present at the annual meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of PricewaterhouseCoopers as our independent registered public accounting firm is not required by our bylaws or otherwise. However, we are submitting the selection of PricewaterhouseCoopers to the stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will reconsider whether or not to retain PricewaterhouseCoopers, and may retain that firm or another without re-submitting the matter to the stockholders. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different firm at any time during the year if it determines that such a change would be in the best interests of the company and its stockholders.

**Principal Accountant Fees and Services**

The following is a summary of the fees billed by PricewaterhouseCoopers for professional services rendered for the fiscal years ended March 30, 2012 and April 1, 2011:

**Pre-Approval Policy of the Audit Committee**

The Audit Committee has established a policy that all audit and permissible non-audit services provided by our independent registered public accounting firm will be pre-approved by the Audit Committee. These services may include audit services, audit-related services, tax services and other services. The Audit Committee considers whether the provision of each non-audit service is compatible with maintaining the independence of the independent registered public accounting firm. Pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent registered public accounting firm and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy, and the fees for the services performed to date. During fiscal 2012, the fees paid to PricewaterhouseCoopers shown in the table above were pre-approved in accordance with this policy.

**PROPOSAL 3:**

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

**Overview**

We are providing ViaSat stockholders with an opportunity to cast an advisory vote to endorse or not endorse the compensation of our Named Executive Officers (defined below) as disclosed in this proxy statement in accordance with the SEC's compensation disclosure rules. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on the design and effectiveness of our executive compensation program. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the compensation philosophy, policies and practices described in this proxy statement.

At our last annual meeting of stockholders held in January 2012, an overwhelming majority of the votes cast on the say-on-pay proposal were voted in favor of the proposal. We were gratified that, at our last annual meeting, approximately 98% of the votes cast by our stockholders supported our executive compensation program. Our Board of Directors believes this affirms stockholders' support of ViaSat's approach to executive compensation.

Consistent with ViaSat's compensation philosophy described more fully in the Compensation Discussion and Analysis section of this proxy statement, our executive compensation program has been designed to encourage high performance, promote accountability and align the interests of our executives with the interests of our stockholders by linking a substantial portion of compensation to the company's performance. The program is designed to reward superior performance and provide financial consequences for underperformance. The program is also designed to attract, retain and motivate a talented team of executives with superior ability, experience and leadership to grow the company's business and build stockholder value. We urge stockholders to read the Compensation Discussion and Analysis section of this proxy statement, which describes in more detail how our compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and disclosure, which provide detailed information on the compensation of our Named Executive Officers. We believe that our executive compensation program fulfills these objectives and that the compensation of our Named Executive Officers is instrumental in contributing to ViaSat's long-term success.

We request stockholder approval, on an advisory basis, of the compensation of ViaSat's Named Executive Officers, as disclosed in ViaSat's proxy statement for the 2012 annual meeting of stockholders pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related compensation tables and disclosure.

While this advisory vote is non-binding, our Board of Directors values the opinions that our stockholders express in their votes and will, as a matter of good corporate practice, take into account the outcome of the vote when considering future compensation decisions.

Consistent with the preference of our stockholders as reflected in our prior non-binding advisory vote on the frequency of future say-on-pay votes, this say-on-pay advisory vote will be presented on an annual basis unless otherwise disclosed. Following this year's advisory vote, the next scheduled say-on-pay advisory vote will take place at our 2013 annual meeting of stockholders.

**Recommendation of the Board**

The Board of Directors unanimously recommends that you vote **FOR** the approval of the compensation of the Named Executive Officers as disclosed in this proxy statement.

**PROPOSAL 4:  
AMENDMENT TO THE  
1996 EQUITY PARTICIPATION PLAN**

**Overview**

We are requesting that our stockholders vote in favor of the amendment and restatement of our existing 1996 Equity Participation Plan, or the Equity Plan. In this proxy statement, we sometimes refer to the proposed amended and restated 1996 Equity Participation Plan as the Restated Equity Plan. On June 14, 2012, our Board of Directors approved the Restated Equity Plan, subject to stockholder approval at the annual meeting.

*Increase in Share Reserve.* If approved by the stockholders, the Restated Equity Plan will provide for an increase of 4.0 million shares over the number of shares of common stock currently available for issuance under the Equity Plan. As of July 1, 2012 approximately 1,241,437 shares remained available for issuance under the Equity Plan, which is insufficient to meet our forecasted needs during the next year. After carefully forecasting our anticipated employee growth rate for the next few years, we believe that this increase will be sufficient for at least two years worth of equity-based grants under our current compensation program.

*Decrease in Fungible Share Ratio.* Under the terms of the Restated Equity Plan, the shares available for issuance may be used for all types of awards under a fungible pool formula. The Restated Equity Plan will provide for a decrease in the fungible share ratio used for purposes of counting full value awards granted under the Restated Equity Plan against the shares remaining available under such plan from 2.65:1 to 2:1. Pursuant to this fungible pool formula, the authorized share limit under the Restated Equity Plan will be reduced by one share for every one share subject to an option or a stock appreciation right, 2.65 shares for every one share subject to a full value award granted prior to the effective date of the Restated Equity Plan and 2 shares for every one share subject to a full value award granted on or after the effective date of the Restated Equity Plan. For purposes of the Restated Equity Plan, a full value award is an award pursuant to which shares of our common stock are issuable that is granted with a per-share purchase price less than 100% of the fair market value of a share of our common stock on the date of grant and that is settled by the issuance of shares of our common stock. The share counting and recycling provisions of the Restated Equity Plan have also been amended to reflect the foregoing decrease in the fungible share ratio.

*Approval of Material Terms of Performance Goals.* We are also seeking stockholder approval of the material terms of performance goals under the Restated Equity Plan. Stockholder approval of such terms would preserve our ability to deduct compensation associated with future performance-based awards made under the Restated Equity Plan to certain executives. Section 162(m) of the Internal Revenue Code, or the Code, limits the deductions a publicly-held company can claim for compensation in excess of \$1 million paid in a given year to its chief executive officer and its three other most highly-compensated executive officers (other than its chief financial officer) (these officers are generally referred to as the covered employees). Performance-based compensation that meets certain requirements is not counted against the \$1 million deductibility cap. Stock options and stock appreciation rights qualify as performance-based compensation. Other awards that we may grant under the Restated Equity Plan may qualify as performance-based compensation if the payment, retention or vesting of the award is subject to the achievement during a performance period of performance goals selected by the compensation committee. The Compensation and Human Resources Committee retains the discretion to set the level of performance for a given performance measure under a performance-based award. For such awards to qualify as performance-based compensation, the stockholders must approve the material terms of the performance goals every five years. For a discussion of the performance criteria for which approval is being sought, please see the discussion under Performance Criteria below.

If this proposal is not approved, the Restated Equity Plan will not become effective, but the existing Equity Plan will remain in effect.

**THE BOARD RECOMMENDS THAT  
YOU VOTE FOR THE AMENDMENT TO THE EQUITY PLAN**

**Table of Contents****Why You Should Vote for the Restated Equity Plan*****Equity Incentive Awards Are an Important Part of Our Compensation Philosophy***

Our equity compensation plans are critical to our ongoing effort to build stockholder value. As discussed in the Compensation Discussion and Analysis section of this proxy statement, equity incentive awards are central to our compensation program. Our Board of Directors and its Compensation and Human Resources Committee believe that our ability to grant equity incentive awards, including stock options and restricted stock units, to new and existing employees, directors and eligible consultants has helped us attract, retain and motivate world-class talent. Historically, we have primarily issued stock options and restricted stock units because these forms of equity compensation provide a strong retention value and incentive for employees to work to grow the business and build stockholder value, and are attractive to employees who share the entrepreneurial spirit that has made ViaSat a success.

We believe our strategy is working. During the last two years, our employee turnover rate, inclusive of both voluntary and involuntary turnover, has averaged below 8%, which is much lower than the annual 18% employee turnover rate for similar industries as reported in the 2012 Radford Trends Report. The equity incentive programs ViaSat has in place have worked to build stockholder value by attracting and retaining extraordinarily talented employees. We believe we must continue to offer a competitive equity compensation plan in order to attract, retain and motivate the world-class talent necessary for our continued growth and success.

Also, our equity incentive program is broad-based. The equity incentive programs ViaSat has in place have worked to build stockholder value by attracting and retaining extraordinarily talented employees. We believe we must continue to offer a competitive equity compensation plan in order to attract and motivate the world-class talent necessary for our continued growth and success.

***The Equity Plan Will No Longer Have Shares Available for Grant***

Under our current forecasts, the Equity Plan will run out of shares available for grant in the fall of 2012, and we will not be able to issue equity to our employees, directors and consultants unless our stockholders approve the Restated Equity Plan. While we could increase cash compensation if we are unable to grant equity incentives, we anticipate that we will have difficulty attracting, retaining and motivating our employees if we are unable to make equity grants to them. Equity-based grants are a more effective compensation vehicle than cash at a growth-oriented, entrepreneurial company because they align employee and stockholder interests with a smaller impact on current income and cash flow.

***We Manage Our Equity Incentive Award Use Carefully***

We manage our long-term stockholder dilution by limiting the number of equity awards granted annually. The Compensation and Human Resources Committee carefully monitors our total dilution and equity expense to ensure that we maximize stockholder value by granting only the appropriate number of equity awards necessary to attract, reward and retain employees. As of July 1, 2012, we had the following awards outstanding and shares available for grant under our existing equity compensation plans:

**Equity Compensation Plans as of July 1, 2012 (1)**

Options outstanding	3,246,525
Restricted stock units outstanding	1,591,832
Shares available for grant	1,241,437
Weighted average exercise price of outstanding options	\$ 26.00
Weighted average remaining term of outstanding options	2.38 years

- (1) This table excludes (a) the 4.0 million additional shares we are requesting, and (b) the shares available for grant under the ViaSat, Inc. Employee Stock Purchase Plan.

---

## **Table of Contents**

To continue to manage and control the amount of our common stock used for equity compensation, our Board of Directors previously adopted a burn rate policy for fiscal years 2011 through 2013. During this three-year period, our burn rate policy requires us to limit the number of shares that we grant subject to equity awards to no more than an adjusted annual average of 5.16% of our outstanding common stock. Our fiscal year 2011 and fiscal year 2012 burn rates as calculated in accordance with this commitment were significantly below this limit (3.66% and 4.04%, respectively).

In requesting approval of the Restated Equity Plan, we are asking stockholders for a projected two to three year pool of shares to comply with our burn rate policy and provide a predictable amount of equity for attracting, retaining and motivating employees, directors and consultants as we continue to grow.

### ***The Restated Equity Plan Combines Compensation and Governance Best Practices***

The Restated Equity Plan includes provisions that are designed to protect our stockholders' interests and to reflect corporate governance best practices including:

*Continued broad-based eligibility for equity awards.* We grant equity awards to a significant number of our employees. By doing so, we link employee interests with stockholder interests throughout the organization and motivate our employees to act as owners of the business.

*Stockholder approval is required for additional shares.* The Restated Equity Plan does not contain an annual evergreen provision. The Restated Equity Plan authorizes a fixed number of shares, so that stockholder approval is required to increase the maximum number of shares of our common stock which may be issued under the Restated Equity Plan.

*No discount stock options or stock appreciation rights.* All stock options and stock appreciation rights will have an exercise price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted. To date we have not granted any stock appreciation rights.

*Repricing is not allowed.* The Restated Equity Plan prohibits the repricing or other exchange of underwater stock options and stock appreciation rights without prior stockholder approval.

*Reasonable limit on full value awards.* For purposes of calculating the shares that remain available for issuance under the Restated Equity Plan, grants of options and stock appreciation rights will be counted as the grant of one share for each one share actually granted, as described above. However, to protect our stockholders from potentially greater dilutive effect of full value awards, all grants of full value awards following the effective date of the Restated Equity Plan will be deducted from the Restated Equity Plan's share pool as 2 shares for every one share actually granted, while full value awards granted prior to the effective date of the Restated Equity Plan will continue to count as 2.65 shares for every one share subject to such awards. The proposed decrease of our fungible share ratio from 2.65:1 to 2:1 with respect to full value awards granted after the effective date of the Restated Equity Plan is intended to more closely reflect the current relative fair value of our stock option and full value awards. We believe that, based on an external valuation methodology, the proposed amendment is necessary to reflect an equivalent fair value comparison of our stock option and full value awards.

*Reasonable share counting provisions.* In general, when awards granted under the Restated Equity Plan expire or are canceled, or are settled in cash, or when the shares subject to a full value award are forfeited by the holder or repurchased by us, including to satisfy any tax withholding obligation with respect to such full value award, the shares reserved for those awards will be returned to the share reserve and be available for future awards in an amount corresponding to the reduction in the share reserve previously made with respect to such award. However, the following shares will not be returned to the share reserve under the Restated Equity Plan: shares of common stock that are delivered by the grantee or withheld by us as payment of the exercise price in connection with the exercise of an option or payment of the tax withholding obligation in connection with any option or stock appreciation right; shares purchased on the

## Edgar Filing: VIASAT INC - Form DEF 14A

open market with the cash proceeds from the exercise of options; and shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on its exercise.

### **Summary of the Restated Equity Plan**

The following is a summary of the Restated Equity Plan, as amended pursuant to this proposal. This summary does not purport to be complete and is qualified in its entirety by reference to the full text of the Restated Equity Plan, a copy of which is attached as Appendix A to this proxy statement.

**General Nature and Purpose.** The Restated Equity Plan was adopted (1) to further our growth, development and financial success by providing additional incentives to some of our key employees who have been or will be given responsibility for the management or administration of our business affairs, by assisting them to become owners of our capital stock and thus to benefit directly from our growth, development and financial success, and (2) to enable us to retain the services of the type of professional, technical and managerial employees considered essential to our long-range success, by providing and offering them the opportunity to become owners of our capital stock. The Restated Equity Plan provides for the grant to our executive officers, other key employees, consultants and non-employee directors of a broad variety of stock-based compensation alternatives such as nonqualified stock options, incentive stock options, restricted stock, restricted stock units, dividend equivalents, stock payments, stock appreciation rights and performance awards.

**Administration.** The Compensation and Human Resources Committee of the Board of Directors will administer the Restated Equity Plan. In addition to administering the Restated Equity Plan, the Compensation and Human Resources Committee is also authorized to adopt, amend and rescind rules relating to the administration of the Restated Equity Plan.

**Shares Subject to Restated Equity Plan.** The Equity Plan currently provides for the issuance of up to 17,400,000 shares of our common stock (of which 1,241,437 shares remain available for issuance) and, if this proposal is approved, the Restated Equity Plan will provide for the issuance of up to 21,400,000 shares of our common stock. Under the terms of the Restated Equity Plan, the shares available for issuance may be used for all types of awards under a fungible pool formula. Pursuant to this fungible pool formula, the authorized share limit will be reduced by one share for every one share subject to an option or a stock appreciation right, 2.65 shares for every one share subject to a full value award granted prior to the effective date of the Restated Equity Plan and 2 shares for every one share subject to a full value award granted on or after the effective date of the Restated Equity Plan. The payment of dividend equivalents in cash in conjunction with any outstanding awards will not be counted against the shares available for issuance under the Restated Equity Plan.

If (1) any award under the Restated Equity Plan expires or is cancelled without having been fully exercised or paid or such award is settled for cash, (2) any shares subject to a full value award are forfeited by the holder or repurchased by us, or (3) any shares are tendered by the holder or withheld by us to satisfy any tax withholding obligation with respect to a full value award, then the shares subject to such award may, to the extent of such expiration, cancellation, cash settlement, forfeiture or repurchase, be used again for new grants under the Restated Equity Plan in an amount corresponding to the reduction in the share reserve previously made with respect to such award.

Notwithstanding the foregoing, the following shares will not be added to the shares authorized for grant under the Restated Equity Plan: (1) any shares tendered or withheld to satisfy the exercise price of an option or any tax withholding obligation with respect to an option or stock appreciation right, (2) any shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right on its exercise, and (3) any shares purchased on the open market with the cash proceeds from the exercise of options.

The number of shares subject to the Restated Equity Plan, and the limitations on the number of shares subject to grants and awards under the Restated Equity Plan, may in the discretion of the Compensation and Human Resources Committee (or the Board of Directors, in the case of awards to non-employee directors) be adjusted to reflect changes in our capitalization or certain corporate events which are described more fully in the Restated Equity Plan, but include stock splits, recapitalizations, reorganizations and reclassifications. In the event of an equity restructuring, (1) the number and type of securities subject to each outstanding award and the grant or exercise price per share for each outstanding award, if applicable, will be proportionately adjusted, and (2) the Compensation and Human Resources Committee (or the Board of Directors, in the case of awards to non-employee directors) will make proportionate adjustments to reflect such equity restructuring with respect to

the aggregate number and type of shares that may be issued under the Restated Equity Plan (including, but not limited to, adjustments of the number of shares available under the plan and the maximum number of shares which may be subject to awards to a participant during any calendar year).

Not more than 500,000 shares may be subject to options or stock appreciation rights for any one individual per fiscal year. The Restated Equity Plan also has an individual award limit of 150,000 shares per fiscal year for grants of restricted stock, performance awards, dividend equivalents, restricted stock units and stock payments (except for grants made upon initial service of an employee, which has an award limit of 300,000 shares). Individual awards designated to be paid in cash may not exceed \$1,000,000.

***Eligibility.*** Any employee, consultant or non-employee director selected by the Compensation and Human Resources Committee (or the Board of Directors, in the case of awards to non-employee directors) is eligible to receive equity awards under the Restated Equity Plan. The Compensation and Human Resources Committee (or the Board of Directors, in the case of awards to non-employee directors), in its absolute discretion, will determine (1) among the eligible participants the individuals to whom awards are to be granted, (2) the number of shares to be granted, and (3) the terms and conditions of the grants.

***Grant of Options.*** The Compensation and Human Resources Committee (or the Board of Directors, in the case of an option granted to a non-employee director) will from time to time, in its absolute discretion, determine (1) the number of shares to be subject to options granted to selected employees, consultants and non-employee directors, (2) whether the options are to be incentive stock options or non-qualified stock options, and (3) the terms and conditions of the options, in a manner consistent with the Restated Equity Plan.

***Purchase Price of Optioned Shares.*** The price per share of the shares subject to each option is set by the Compensation and Human Resources Committee (or the Board of Directors, in the case of an option granted to a non-employee director). However, the price per share cannot be less than fair market value on the date the option is granted. In the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat or any subsidiary or parent corporation of ViaSat, the price cannot be less than 110% of the fair market value of a share of common stock on the date the option is granted.

***Terms of Options.*** The term of an option is set by the Compensation and Human Resources Committee (or the Board of Directors, in the case of an option granted to a non-employee director) in its discretion. However, the term of an option cannot exceed six years under the Restated Equity Plan. In the case of incentive stock options granted to an individual then owning more than 10% of the total combined voting power of all classes of stock of ViaSat, the term may not exceed five years.

***Exercise of Options.*** Upon the exercise of an option under the Restated Equity Plan, the optionee must make full cash payment to the Corporate Secretary of ViaSat for the shares with respect to which the option, or portion of the option, is exercised. However, the Compensation and Human Resources Committee (or the Board of Directors, in the case of an option granted to a non-employee director) may in its discretion allow various forms of payment, which are described in the Restated Equity Plan.

***Other Stock Awards.*** The Restated Equity Plan allows for various other awards including restricted stock, performance awards, dividend equivalents, restricted stock units, stock payments and stock appreciation rights. Except as expressly permitted by the Restated Equity Plan, awards of restricted stock will have a minimum vesting schedule of three years (except for restricted stock performance awards, which will have a minimum vesting schedule of one year). The term of a stock appreciation right cannot exceed six years under the Restated Equity Plan and the exercise price per share of a stock appreciation right cannot be less than fair market value on the date the stock appreciation right is granted.

***Automatic Director Grants.*** During the term of the Restated Equity Plan, a person who is initially elected to the Board of Directors and who is a non-employee director at that time is automatically granted 3,000 restricted stock units and an option to purchase 9,000 shares of common stock. At each subsequent annual meeting of stockholders, each non-employee director will automatically be granted 1,600 restricted stock units and an option to purchase 5,000 shares of common stock. The initial equity grants to non-employee directors vest in three equal annual installments on the first three anniversaries of the date of grant. The annual equity grants to non-employee directors vest in full on the first anniversary of the date of grant.

**Performance Criteria.** The Compensation and Human Resources Committee may designate employees as covered employees whose compensation for a given fiscal year may be subject to the limit on deductible compensation imposed by Section 162(m) of the Code. The Compensation and Human Resources Committee may grant to such covered employees restricted stock, restricted stock units, stock appreciation rights, dividend equivalents, performance awards, cash bonuses and stock payments that are paid, vest or become exercisable upon the attainment of company performance criteria which are related to one or more of the following performance criteria as applicable to our performance or the performance of a division, business unit or an individual:

net earnings (either before or after one or more of the following: interest, taxes, depreciation and amortization),

gross or net sales or revenue,

net income (either before or after taxes),

operating earnings or profit,

cash flow (including, but not limited to, operating cash flow and free cash flow),

return on assets,

return on capital,

return on stockholders' equity,

return on sales,

gross or net profit or operating margin,

costs,

funds from operations,

expenses,

working capital, or

earnings per share.

**No Repricing.** The Restated Equity Plan prohibits the repricing or other exchange of underwater stock options or stock appreciation rights without prior stockholder approval.

**Amendment and Termination of the Plan.** The Restated Equity Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board of Directors or the Compensation and Human Resources Committee. However, without approval of the stockholders of ViaSat, the Restated Equity Plan may not be amended to (1) increase the maximum number of shares issuable upon exercise of equity awards granted under the Restated Equity Plan and (2) no action of the Board or the Compensation and Human Resources Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, regulation or rule. The Restated Equity Plan will continue until terminated by the Board of Directors or the Compensation and Human Resources Committee. No incentive stock options may be granted under the Restated Equity Plan after June 21, 2020.

#### **New Plan Benefits**

The number of awards that an employee may receive under the Restated Equity Plan is in the discretion of the Board of Directors or the Compensation and Human Resources Committee and therefore cannot be determined in advance. As noted above, the Restated Equity Plan provides for automatic grants of restricted stock units and options to non-employee directors. Other than these formula grants, neither the Compensation and Human Resources Committee nor the Board of Directors has made any determination to grant any awards to any persons under the Restated Equity Plan as of the date of this proxy statement. For illustrative purposes only, the following table sets forth the aggregate number of shares subject to restricted stock units and options granted under the Equity Plan during the last fiscal year.

<b>U.S. Federal Income Tax Consequences</b>		

The following is a general discussion of the principal tax considerations for both ViaSat and the recipients of the various awards under the Restated Equity Plan, and is based upon the tax laws and regulations of the United States existing as of the date hereof, all of which are subject to modification at any time. The following discussion is intended for general information only. The tax consequences described below are subject to the limitations of Section 162(m) of the Code, as discussed in further detail below. Alternative minimum tax and other federal taxes and foreign, state and local income taxes are not discussed, and may vary depending on individual circumstances and from locality to locality.

**Options**

*Consequences to Employees: Incentive Stock Options.* No income is recognized for federal income tax purposes by an optionee at the time an incentive stock option is granted, and, except as discussed below, no income is recognized by an optionee upon his or her exercise of an incentive stock option. If the optionee makes no disposition of the common stock received upon exercise of an incentive stock option within two years from the date such option was granted or one year from the date the option is exercised, the optionee will recognize capital gain or loss when he or she disposes of the common stock. This gain or loss generally will be measured by the difference between the exercise price of the option and the amount received for the common stock at the time of disposition. The exercise of an incentive stock option will give rise to an item of adjustment that may result in alternative minimum tax liability for the optionee. If the optionee disposes of the common stock acquired upon exercise of an incentive stock option within two years after being granted the option or within one year after acquiring the common stock, any amount realized from such disqualifying disposition will be taxable as ordinary income in the year of disposition to the extent that (1) the lesser of (a) the fair market value of the shares on the date the incentive stock option was exercised or (b) the fair market value at the time of such disposition exceeds (2) the incentive stock option exercise price. Any amount realized upon disposition in excess of the fair market value of the shares on the date of exercise will be treated as long or short-term capital gain, depending upon the length of time the shares have been held.

*Consequences to Employees: Non-Qualified Stock Options.* No income is recognized by an optionee at the time a non-qualified stock option is granted. In general, at the time shares of common stock are issued to an optionee pursuant to exercise of a non-qualified stock option, the optionee will recognize ordinary income equal to the excess of the fair market value of the shares on the date of exercise over the exercise price. An optionee will recognize gain or loss on the subsequent sale of common stock acquired upon exercise of a non-qualified stock option in an amount equal to the difference between the selling price and the tax basis of the common stock, which will include the price paid plus the amount included in the optionee's income by reason of the exercise of the non-qualified stock option. Provided the shares of common stock are held as a capital asset, any gain or loss resulting from a subsequent sale will be short-term or long-term capital gain or loss depending upon the length of time the shares have been held.

## **Table of Contents**

**Consequences to ViaSat: Incentive Stock Options.** We will not be allowed a deduction for federal income tax purposes at the time of the grant or exercise of an incentive stock option. There are also no federal income tax consequences to us as a result of the disposition of common stock acquired upon exercise of an incentive stock option if the disposition is not a disqualifying disposition. At the time of a disqualifying disposition by an optionee, we will be entitled to a deduction for the amount received by the optionee to the extent that such amount is taxable to the optionee as ordinary income.

**Consequences to ViaSat: Non-Qualified Stock Options.** Generally, we will be entitled to a deduction for federal income tax purposes in the year and in the same amount as the optionee is considered to have realized ordinary income in connection with the exercise of a non-qualified stock option.

**Restricted Stock.** Generally, a participant in the Restated Equity Plan will not be taxed upon the grant or purchase of restricted stock that is subject to a substantial risk of forfeiture, within the meaning of Section 83 of the Code, until such time as the restricted stock is no longer subject to the substantial risk of forfeiture. At that time, the participant will be taxed on the difference between the fair market value of the common stock and the amount the participant paid, if any, for such restricted stock. However, the recipient of restricted stock under the Restated Equity Plan may make an election under Section 83(b) of the Code to be taxed with respect to the restricted stock as of the date of transfer of the restricted stock rather than the date or dates upon which the restricted stock is no longer subject to a substantial risk of forfeiture and the participant would otherwise be taxable under Section 83 of the Code. ViaSat will be eligible for a tax deduction as a compensation expense at the time the participant recognizes ordinary income equal to the amount of income recognized.

**Stock Appreciation Rights.** A participant will not be taxed upon the grant of a stock appreciation right. Upon the exercise of the stock appreciation right, the participant will recognize ordinary income equal to the amount of cash or the fair market value of the stock received upon exercise. At the time of exercise, ViaSat will be eligible for a tax deduction as a compensation expense equal to the amount that the participant recognizes as ordinary income.

**Performance Awards, Dividend Equivalents, Restricted Stock Units and Stock Payments.** A participant will have ordinary income upon receipt of stock or cash payable under a performance award, dividend equivalents, restricted stock units and stock payments. ViaSat will be eligible for a tax deduction as a compensation expense equal to the amount of ordinary income recognized by the participant.

**Section 162(m).** Under Section 162(m) of the Code, in general, income tax deductions of publicly-traded companies may be limited to the extent total compensation (including base salary, annual bonus, stock option exercises and nonqualified benefits paid in 1994 and thereafter) for certain executive officers exceeds \$1 million in any one taxable year. However, under Section 162(m) of the Code, the deduction limit does not apply to certain performance-based compensation established by an independent compensation committee which conforms to certain restrictive conditions stated under the Code and related regulations. The Restated Equity Plan has been structured with the intent that awards granted under the Restated Equity Plan may meet the requirements for performance-based compensation under Section 162(m) of the Code. To the extent granted at a fair market value exercise price, options and stock appreciation rights granted under the Restated Equity Plan are intended to qualify as performance-based compensation under Section 162(m) of the Code.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, executive officers and holders of more than 10% of ViaSat common stock to file reports of ownership and changes in ownership with the SEC. These persons are required to furnish us with copies of all forms that they file. Based solely on our review of copies of these forms in our possession, or in reliance upon written representations from our directors and executive officers, we believe that all of our directors, executive officers and 10% stockholders complied with the Section 16(a) filing requirements during the fiscal year ended March 30, 2012, with the exceptions noted herein. Mr. Lippert filed a late report for the sale of common stock pursuant to a Rule 10b5-1 trading plan. A late report was also filed on behalf of Messrs. Baldrige, Dankberg, Estes, Hart, Lippert and Moore to report the acquisition of ViaSat common stock issued upon the vesting of restricted stock units, and the withholding of ViaSat common stock to satisfy the tax withholding obligation incident to the vesting of such restricted stock units. A late report was also filed on behalf of Dr. Johnson to report an annual equity grant to Dr. Johnson in the form of 1,600 restricted stock units and an option to purchase 5,000 shares of common stock.

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

The following Compensation Discussion and Analysis provides information regarding the compensation program in place for our executive officers, including the Named Executive Officers identified in the Summary Compensation Table, during our 2012 fiscal year. In particular, this Compensation Discussion and Analysis provides information related to each of the following aspects of our executive compensation program:

overview and objectives of our executive compensation program;

explanation of our executive compensation processes and criteria;

description of the components of our compensation program; and

discussion of how each component fits into our overall compensation objectives.

***Overview and Objectives of Executive Compensation Program***

The principal components of our executive compensation program include:

base salary;

short-term or annual awards in the form of cash bonuses;

long-term equity awards; and

other benefits generally available to all of our employees.

Our executive compensation program incorporates these components because our Compensation and Human Resources Committee considers a blend of these components to be necessary and effective in order to provide a competitive total compensation package to our executive officers while meeting the principal objectives of our executive compensation program. In addition, the Compensation and Human Resources Committee believes that our use of base salary, annual cash bonuses and long-term equity awards as the primary components of our executive compensation program is consistent with the executive compensation programs employed by technology companies of similar size and stage of growth.

Our overall compensation objectives are premised on the following three fundamental principles, each of which is discussed below: (1) a significant portion of executive compensation should be performance-based, linking the achievement of company financial objectives and individual objectives; (2) the financial interests of our executive management and our stockholders should be aligned; and (3) the executive compensation program should be structured so that we can compete in the marketplace in hiring and retaining top level executives in our industry with compensation that is competitive and fair. Because this compensation program is designed to reward prudent business judgment and promote disciplined progress towards longer-term company goals, we believe that our balanced compensation policies and practices do not encourage unnecessary and excessive risk-taking by employees that could reasonably be expected to have a material adverse effect on us.

*Performance-Based Compensation.* We strongly believe that a significant amount of executive compensation should be performance-based. In other words, our compensation program is designed to reward superior performance, and we believe that our executive officers should feel accountable for the overall performance of our business and their individual performance. In order to achieve this objective, we have structured

## Edgar Filing: VIASAT INC - Form DEF 14A

our compensation program so that executive compensation is tied, in large part, directly to both company-wide and individual performance. For example, and as discussed specifically below, annual cash bonuses are based on, among other things, pre-determined corporate financial performance metrics and operational targets.

*Alignment with Stockholder Interests.* We believe that executive compensation and stockholder interests should be linked, and our compensation program is designed so that the financial interests of our executive officers are aligned with the interests of our stockholders. We accomplish this objective in a couple of ways. First, as noted above, payments of annual cash bonuses are based on, among other things, pre-determined corporate financial performance metrics and operational targets that, if achieved, we believe enhance the value of our common stock.

---

## **Table of Contents**

Second, a significant portion of the total compensation paid to our executive officers is paid in the form of equity to further align the interests of our executive officers and our stockholders. In this regard, our executive officers are subject to the downside risk of a decrease in the value of their compensation in the event that the price of our common stock declines. We believe that a combination of restricted stock units and stock option awards, which each vest with the passage of time, provide meaningful long-term awards that are directly related to the enhancement of stockholder value. In addition, the time-vesting schedule of restricted stock units and stock option awards furthers the goal of executive retention.

*Structure Allows Competitive and Fair Compensation Packages.* We provide innovative satellite and other wireless communications and networking products, systems and services for commercial, military and civil government customers. We believe that our industry is highly specialized and competitive. Stockholders are best served when we can attract and retain talented executives with compensation packages that are competitive and fair. Therefore, we strive to create a compensation package for executive officers that delivers compensation that is comparable to the total compensation delivered by the companies with which we compete for executive talent.

### ***Compensation Processes and Criteria***

The Compensation and Human Resources Committee is responsible for determining our overall executive compensation philosophy, and for evaluating and recommending all components of executive officer compensation (including base salary, annual cash bonuses and long-term equity awards) to our Board of Directors for approval. The Compensation and Human Resources Committee acts under a written charter adopted and approved by our Board and may, in its discretion, obtain the assistance of outside advisors, including compensation consultants, legal counsel and accounting and other advisors. Three outside directors currently serve on the Compensation and Human Resources Committee. Each member qualifies as an outside director within the meaning of Section 162(m) of the Internal Revenue Code, a non-employee director within the meaning of Rule 16b-3 of the Securities Exchange Act of 1934, and as independent within the meaning of the corporate governance standards of Nasdaq. A copy of the Compensation and Human Resources Committee charter can be found on the Investor Relations section of our website at [investors.viasat.com](http://investors.viasat.com).

Because our executive compensation program relies on the use of three relatively straightforward components (base salary, annual cash bonuses and long-term equity awards), the process for determining each component of executive compensation remains fairly consistent across each component. The Compensation and Human Resources Committee determines compensation in a manner consistent with our primary objectives for executive compensation discussed above. In determining each component of executive compensation, the Compensation and Human Resources Committee generally considers each of the following factors:

industry compensation data;

individual performance and contributions;

company financial performance;

total executive compensation;

affordability of cash compensation based on ViaSat's financial results;

results of the most recent say-on-pay vote; and

availability and affordability of shares for equity awards.

*Industry Compensation Data.* The Compensation and Human Resources Committee reviews the executive compensation data of comparable technology companies and other companies which are otherwise relevant as part of the process of determining executive compensation. In fiscal

## Edgar Filing: VIASAT INC - Form DEF 14A

2012, the Compensation and Human Resources Committee engaged Compensia, independent compensation consultant to the Compensation and Human Resources Committee, to provide insight and advice on matters regarding trends in executive officer compensation and benefits practices. With the assistance of Compensia, the Compensation and Human Resources Committee reviewed the compensation practices of a peer group of companies consisting of a broad range of companies in the high technology industry. In 2012, our peer group consisted of the following companies: ADTRAN, ARRIS Group, Avid Technology, Brocade, Comtech Telecommunications, Cubic, FLIR Systems,

Heico, Loral Space & Communications, Orbital Sciences, Polycom, RF Micro Devices, Skyworks Solutions, Teledyne, Tellabs and Trimble Navigation. The peer group was selected based on industry, net income, revenues, earnings per share and market capitalization. The Compensation and Human Resources Committee believes that this group of companies provides an appropriate peer group because they consist of similar organizations against whom we compete to obtain and retain top quality talent. In addition to peer group data, the Compensation and Human Resources Committee also analyzed and incorporated market information from the Radford Global Technology Survey, a nationally recognized compensation survey containing market information of companies in the high technology industry. This survey was not compiled specifically for ViaSat but rather represents a database containing comparative compensation data and information for hundreds of other high technology companies, thereby permitting the Compensation and Human Resources Committee to review pooled compensation data for positions similar to those held by each executive officer, although the survey information provided to the Compensation and Human Resources Committee does not include the particular names of those companies whose pay practices are surveyed with respect to any particular position being reviewed. Unlike peer group compensation data, which is limited to publicly available information and does not provide precise comparisons by position, the more comprehensive survey data can be used to provide pooled compensation data for positions closely akin to those held by each executive officer. In addition, the pool of senior executive talent from which we draw and against which we compare ourselves extends beyond the limited community of ViaSat's immediate peer group and includes a wide range of other organizations in the technology sector outside ViaSat's traditional competitors, which range is represented by such surveys. As a result, the primary role of peer group compensation data historically has been to serve as verification that the industry survey data is consistent with ViaSat's direct publicly-traded peers in the United States, and the Compensation and Human Resources Committee continues to primarily rely on industry survey data in determining actual executive compensation.

*Individual Performance.* The Compensation and Human Resources Committee makes an assessment of individual executive performance and contributions. The individual performance assessments made by the Compensation and Human Resources Committee are based in part on input from executive management. As part of our executive compensation process, our Chief Executive Officer and President provide input to the Compensation and Human Resources Committee on individual executive performance and contributions. With respect to assessing the individual performance of our Chief Executive Officer, the Compensation and Human Resources Committee relies on an annual assessment completed by our Corporate Governance, Nomination and Evaluation Committee. While the Compensation and Human Resources Committee believes input from management and outside advisors is valuable, the Compensation and Human Resources Committee makes its recommendations and decisions based on its independent analysis and assessment.

*Company Financial Performance.* As previously discussed, a major component of our executive compensation program is the belief that a significant amount of executive compensation should be based on performance, including company financial performance. Although the Compensation and Human Resources Committee uses financial performance metrics as a basis for determining annual cash bonus compensation, company financial performance is also an important factor considered by the Compensation and Human Resources Committee in determining both base salary and equity awards.

*Total Executive Compensation.* As part of reviewing each component of executive officer compensation, the Compensation and Human Resources Committee also considers the total compensation of the executive. This review of total compensation is completed to assure that each executive's total compensation remains appropriately competitive and continues to meet the compensation objectives described above.

*Affordability.* Prior to completing the executive cash compensation (base salary and annual cash bonuses) process, the Compensation and Human Resources Committee confirms that the proposed cash compensation is affordable under and consistent with ViaSat's financial results. With respect to equity compensation, the Compensation and Human Resources Committee confirms the availability and affordability of shares prior to granting the equity awards to executives. To the extent the Compensation and Human Resources Committee determines that a component of executive compensation is not affordable, appropriate adjustments to that compensation component are made prior to final approval by the Compensation and Human Resources Committee and any subsequent recommendation to the Board.

---

## **Table of Contents**

*The Role of Stockholder Say-on-Pay Votes.* At our most recent annual meeting of stockholders, we conducted a non-binding advisory vote on the compensation of our Named Executive Officers, commonly referred to as a say-on-pay vote. Our stockholders overwhelmingly approved the compensation of our Named Executive Officers, with approximately 98% of stockholder votes cast in favor of our executive compensation program. As the Compensation and Human Resources Committee evaluated our executive compensation policies and practices throughout 2012, they were mindful of the strong support our stockholders expressed for our compensation philosophy and objectives. As a result, the Compensation and Human Resources Committee decided to retain our general approach to executive compensation, with an emphasis on incentive compensation that rewards our most senior executives when they deliver value for our stockholders, and as a result, made no significant changes to our executive compensation program. The Compensation and Human Resources Committee will continue to consider the outcome of say-on-pay advisory votes when making future compensation decisions for the Named Executive Officers.

*Determination of Compensation.* The Compensation and Human Resources Committee and the Board hold several meetings each year for the review, discussion and determination of executive compensation. After reviewing, analyzing and discussing each of the factors for executive compensation described above, the Compensation and Human Resources Committee determines (or makes a recommendation to the Board) regarding the appropriate compensation for each individual executive officer. However, the Compensation and Human Resources Committee does not believe that it is appropriate to establish compensation levels based solely on benchmarking. The Compensation and Human Resources Committee relies upon the judgment of its members in making compensation decisions, after reviewing the company's recent performance and carefully evaluating an executive officer's performance during the year against established goals, leadership qualities, operational results, business responsibilities, experience, career with the company, current compensation arrangements and long-term potential to enhance stockholder value. While competitive market compensation paid by other companies is one of the many factors that the Compensation and Human Resources Committee considers in assessing suitable levels of compensation, it does not attempt to maintain a certain target percentile within a peer group or otherwise rely entirely on that data to determine executive officer compensation. Instead, the Compensation and Human Resources Committee incorporates flexibility into our compensation programs and in the assessment process to respond to and adjust for the evolving business environment.

We strive to achieve an appropriate mix between equity incentive awards and cash payments in order to meet our objectives. Any apportionment goal is not applied rigidly and does not control our compensation decisions. Our mix of compensation elements is designed to reward recent results, align compensation with stockholder interests and fairly compensate executives through a combination of cash and equity incentive awards.

### ***Components of Our Compensation Program***

As discussed above, the components of our compensation program are the following: base salary, annual cash bonuses, long-term equity-based compensation and certain other benefits that are generally available to all of our employees.

*Base Salary.* In determining base salary, the Compensation and Human Resources Committee primarily considers (1) executive compensation survey results from Radford, which generally reports a compensation range for each position, (2) compensation data of our peer group companies prepared and analyzed by our independent compensation consultants, and (3) individual performance and contributions. In evaluating individual executive performance and contributions, the Compensation and Human Resources Committee also considers to what extent the executive:

sustains a high level of performance;

demonstrates leadership and success in contributing toward ViaSat's achievement of key business and financial objectives;

contributes significantly to the development and execution of ViaSat's long-term strategy;

has a proven ability to help create stockholder value; and

possesses highly developed skills and abilities critical to ViaSat's success.

**Table of Contents**

In assessing individual executive performance and contributions during fiscal 2012, the Compensation and Human Resources Committee considered the individual contributions to the attainment by the company of key strategic objectives, such as the successful launch of the ViaSat-1 satellite and the commencement of the associated Exede<sup>SM</sup> by high-speed broadband service. In determining fiscal 2013 base salaries for executive officers, the Compensation and Human Resources Committee also took into account other factors, including total executive compensation, ViaSat's recent corporate performance and confirmation of affordability under ViaSat's financial plan. In light of the foregoing, the Compensation and Human Resources Committee set new base salaries for each of the executive officers. The following table describes the base salaries for fiscal 2012 and fiscal 2013 for each of our Named Executive Officers.

**Annual Cash Bonuses.** Consistent with our overall compensation objectives of linking compensation to performance, aligning executive compensation with stockholder interests and attracting and retaining top level executive officers in our industry, our Compensation and Human Resources Committee approved annual cash bonuses for fiscal 2012. Under our executive compensation program, targets for cash bonuses are established as a percentage of base salary and actual award amounts are determined primarily based on the achievement of certain company financial results and individual performance metrics. For fiscal 2012, the target amount for annual cash bonuses was determined by the Compensation and Human Resources Committee primarily based on industry compensation surveys and validated with compensation data from peer group companies. Target bonuses, as a percentage of base salary, were unchanged for the executive officers from fiscal 2011 levels. In determining the target bonus amounts, the Compensation and Human Resources Committee also considered the expected individual contributions of each executive toward the overall success of the company. Consistent with our compensation philosophy discussed above, annual cash bonuses are subject to affordability criteria based on ViaSat's financial results.

For fiscal 2012, the metrics for determining annual cash bonuses placed equal emphasis on ViaSat's annual financial performance and individual performance. The financial objectives were set at the beginning of the 2012 fiscal year and were based on the year's internally-developed financial plan, which was approved by our Board. The individual performance objectives for the executive officers (excluding the Chief Executive Officer) were determined by the Compensation and Human Resources Committee based on input and recommendations from our Chief Executive Officer and President as well as input from the Compensation and Human Resources Committee. These individual performance objectives are qualitative in nature and not quantifiable. Each individual executive officer's attainment of individual performance objectives, while made in the context of such pre-established objectives, is based upon a subjective evaluation of individual performance by the Compensation and Human Resources Committee. The annual performance metrics for determining annual cash bonuses, both financial and individual, are intended to be challenging but achievable. The table below describes the financial and individual objectives (and weighting of each objective) used for determining annual cash bonuses for our executive officers (other than our Chief Executive Officer) for fiscal 2012.

For purposes of determining the annual cash bonus for our Chief Executive Officer in fiscal 2012, the Compensation and Human Resources Committee relied on an assessment of our Chief Executive Officer completed by the Corporate Governance, Nomination and Evaluation Committee. The criteria used by the Corporate Governance, Nomination and Evaluation Committee for our Chief Executive Officer's fiscal 2012 evaluation included the following (with approximately one-third of the weighting applied to each of the three main categories):

*Company Financial Performance.* Earnings per share, new contract awards, revenues and net operating asset turnover (at the same levels as set forth in the table above).

*Leadership.* Defining, managing and attaining corporate goals, exemplifying and promoting ethics and integrity throughout the company.

*Strategic.* Industry positioning, short-term and long-term strategies, measurable progress in key business areas and effective pursuit of growth strategies.

The performance metrics for determining the annual cash bonuses for our Chief Executive Officer consist of both objective and subjective criteria. Under the objective performance factors, the company must achieve quantifiable financial performance metrics, as described above. As is the case with our other executive officers, as described above, the attainment of our Chief Executive Officer's leadership and strategic individual performance factors, while made in the context of the objective criteria, is based upon a subjective evaluation of his individual performance by the Compensation and Human Resources Committee with input from the Corporate Governance, Nomination and Evaluation Committee. In coming to its determination, the Compensation and Human Resources Committee does not follow any guidelines nor are there any such standing guidelines regarding the exercise of such discretion.

The executive bonus program does not have any pre-established minimum or maximum payout. At the beginning of each fiscal year, the Board approves ViaSat's financial plan for the upcoming fiscal year and the Compensation and Human Resources Committee approves the target bonus pool (executives and employees) for the upcoming fiscal year. The Board and the Compensation and Human Resources Committee also retain the discretion to take additional factors into account (such as market conditions, total executive compensation, additional company financial metrics or extraordinary individual contributions) and make adjustments to executive bonus compensation to the extent appropriate.

Based upon ViaSat's financial results for fiscal 2012 relative to the pre-established financial objectives described above and the Compensation and Human Resources Committee's subjective evaluation of ViaSat's other corporate achievements during fiscal 2012 and individual executive performance, the Compensation and Human Resources Committee, acting under delegation of authority from the Board, approved the cash bonuses in the table below for our Named Executive Officers for fiscal 2012 (paid in fiscal 2013). The Compensation and Human Resources Committee determined that the company's achievement relative to the pre-established financial objectives described above was 85%. In making its overall determinations relative to the individual component of each executive's bonus, the Compensation and Human Resources Committee placed special emphasis on the strong leadership provided by the executive team in the achievement of critical non-financial and strategic business objectives during fiscal 2012, specifically including each executive's contributions during the fiscal year to the successful launch of the ViaSat-1 satellite and the commencement of the associated Exede by high-speed broadband service, key commercial infrastructure awards, and strong positioning and growth of the company's commercial and government mobile broadband service businesses resulting in the bonus awards reflected in the following table.

*Equity-Based Compensation.* Consistent with our belief that equity-based compensation is a key component of an effective executive compensation program at growth-oriented technology companies, our Board approved (upon recommendation of our Compensation and Human Resources Committee) long-term equity awards to our executive officers in fiscal 2012. Our Compensation and Human Resources Committee determined equity award levels for fiscal 2012 in a manner consistent with the determination of base salary and annual cash bonuses. The Compensation and Human Resources Committee considered (1) industry compensation data, (2) individual performance and contributions, (3) total executive compensation, and (4) the availability and affordability of shares for equity grants in determining equity compensation for executives. For fiscal 2012 equity compensation awards, the Compensation and Human Resources Committee engaged Compensia to assist the Compensation and Human Resources Committee in providing market data and recommendations related to equity compensation grants for our executive officers. In addition, the Compensation and Human Resources Committee relied on the equity compensation survey data from Radford described above, which reports an equity compensation range for comparable positions using various metrics. In determining the availability and affordability of shares for equity grants, the Compensation and Human Resources Committee considered the:

number of shares available for issuance under our equity plan;

number of shares budgeted for non-executive equity grants;

expected future retention and new hire grants to executives and non-executives;

annual dilution (burn) rate associated with the grant of equity awards;

ViaSat's equity overhang levels;

estimated accounting expense of potential equity grants; and

tax consequences associated with the grant of equity awards.

Based on the factors discussed above, our Board (upon recommendation from the Compensation and Human Resources Committee) approved equity incentive awards for our Named Executive Officers in November 2011, the values of which were near the 50<sup>th</sup> percentile based on industry survey data. For more information on these equity awards, see the Grants of Plan-Based Awards in Fiscal 2012 table below.

*Other Benefits.* We provide a comprehensive benefits package to all of our employees, including our executive officers, which includes medical, dental, vision care, disability insurance, life insurance benefits, flexible spending plan, 401(k) savings plan, educational reimbursement program, employee assistance program, employee stock purchase plan, holidays and personal time off which includes vacation and sick days. Certain executives also receive access to our sports and golf club memberships. We do not currently offer defined benefit pension, deferred compensation or supplemental executive retirement plans to any of our employees.

***Equity Grant Process***

Stock options and restricted stock units are part of the equity compensation program for many of our employees. Equity awards are granted in approximately 12 month cycles. Grant approval for executive officers occurs at meetings of the Board. Because of the more lengthy process for determining executive equity grants, executive equity grants are not always made at the same time as grants to all other eligible employees. The timing of grants is not coordinated with the release of material non-public information. Stock option awards are made at fair market value on the date of grant (as defined under our equity plan) and awards of restricted stock units are also made in accordance with the terms of our equity plan.

In addition to grants made as part of our annual equity grant process for our current employees, stock option and restricted stock unit grants may also be made during the year to newly-hired employees as part of the in-hire package, as well as to existing employees for purposes of retention

or in recognition of special achievements. In order to address the need to grant options at multiple times during the year, the Compensation and Human Resources Committee has delegated authority to our Chief Executive Officer, President and Vice President of Human Resources to make grants to employees other than executive officers, subject to certain guidelines and an overall share limitation. These senior executives are each authorized to identify the award recipient and the

number of shares subject to the option grant; the Compensation and Human Resources Committee sets all other terms of the awards. Grants made by these senior executives under delegation of authority from the Compensation and Human Resources Committee are generally made once per quarter. We do not grant re-load options, make loans to executives for any purpose, including to exercise stock options, nor do we grant stock options at a discount.

**Stock Ownership Guidelines**

To enhance our overall corporate governance practices and executive compensation program, in April 2012, our Board adopted stock ownership guidelines for our executive officers. These guidelines are designed to align our executive officers' interests with our stockholders' long-term interests by promoting long-term ownership of ViaSat common stock, which reduces the incentive for excessive short-term risk taking. These guidelines provide that, within five years of the later of the adoption of the guidelines or his or her first date of employment, our executive officers should attain an investment position in shares of ViaSat common stock having a value not less than the amounts specified below:

Executive Officer	Stock Ownership Guideline (as a multiple of base salary)
Chief Executive Officer	Three times
President and Chief Operating Officer	Three times
Other Executive Officers	One time

**Tax and Accounting Considerations**

We select and implement the components of our compensation program primarily for their ability to help us achieve the company's objectives and not on the basis of any unique or preferential financial tax or accounting treatment. However, when awarding compensation, the Compensation and Human Resources Committee is mindful of the level of earnings per share dilution that will be caused as a result of the compensation expense related to the Compensation and Human Resources Committee's actions. In addition, Section 162(m) of the Internal Revenue Code generally sets a limit of \$1.0 million on the amount of annual compensation (other than certain enumerated categories of performance-based compensation) that we may deduct for federal income tax purposes for certain covered individuals. While we have not adopted a policy requiring that all compensation be deductible, the Compensation and Human Resources Committee will continue to review the Section 162(m) issues associated with possible modifications to our compensation arrangements in fiscal 2013 and future years and will, where reasonably practicable and consistent with our business goals, seek to qualify variable compensation paid to our executive officers for an exemption from the deductibility limitations of Section 162(m) while maintaining a competitive, performance-based compensation program.

**Compensation Committee Report**

The Compensation and Human Resources Committee has reviewed and discussed the Compensation Discussion and Analysis with management and, based on such review and discussions, the Compensation and Human Resources Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

*The information contained in this Compensation Committee Report shall not be deemed to be soliciting material, to be filed with the SEC or be subject to Regulation 14A or Regulation 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, and shall not be deemed to be incorporated by reference into any filing of ViaSat, except to the extent that ViaSat specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.*

**Pension Benefits**

None of our Named Executive Officers participates in or has account balances in qualified or non-qualified defined benefit plans sponsored by us.

**Nonqualified Deferred Compensation**

None of our Named Executive Officers participates in or has account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us.

**Potential Payments Upon Termination**

ViaSat provides for certain severance benefits in the event that an executive's employment is involuntarily or constructively terminated within two months prior to or within 18 months following a change in control. We believe that reasonable severance benefits provide for a stable work environment by reinforcing and encouraging the continued attention and dedication of our key executives to their duties of employment without personal distraction or conflict of interest in circumstances which could arise from the occurrence of a change in control.

In July 2010, we entered into change in control severance agreements (Change in Control Agreements) with each of the Named Executive Officers. Under each Change in Control Agreement, in the event an executive's employment is terminated by ViaSat without cause or the executive resigns for good reason, in either case, within two months prior to or within 18 months following a change in control (as each term is defined in the Change in Control Agreement), the executive will be entitled to receive the following in lieu of any severance benefits to which such executive may otherwise be entitled under any severance plan or program:

the executive's fully earned but unpaid base salary, when due, through the date of termination, plus all other benefits to which the executive may be entitled for such period;

a lump sum cash payment based on a multiplier of the sum of the executive's then current annual base salary and target annual cash bonus (the multiplier used is 3.0 for the position of Chief Executive Officer and President, and 2.0 for the remaining Named Executive Officers);

continuation of health and other benefits for a period of 18 months following the date of termination; and

full vesting of any outstanding equity awards.

As a condition to the executive's receipt of any of the post-termination benefits described above, the executive must (1) execute a written general release of all claims against us, and (2) execute an employee proprietary information and inventions agreement. The severance benefits payable under the Change in Control Agreements will be reduced by any severance benefits payable by us to the executive under any other policy, plan, program, agreement or arrangement. The Change in Control Agreements continue for successive one-year terms unless ViaSat or the executive provides notice of non-renewal.

## Edgar Filing: VIASAT INC - Form DEF 14A

The following table sets forth the intrinsic values that the Named Executive Officers would derive in the event of a hypothetical (1) termination of employment by ViaSat without cause or as a result of the Named Executive Officer's resignation for good reason, and (2) such termination occurred within two months prior to or within 18 months following a change in control. The table assumes that the termination hypothetically occurred on March 30, 2012, the last day of fiscal 2012, and that the Change in Control Agreements were in effect as of such date.

(3) Mr. Targoff resigned as a director on February 24, 2012.

Directors who are employees of the company, such as Mr. Dankberg, do not receive any additional compensation for their services as directors. Non-employee directors are entitled to receive an annual retainer for their service in the amount of \$30,000 as a member of the Board, \$12,000 for the chair of the Audit Committee, \$8,000 for the chair of the Compensation and Human Resources Committee, \$3,000 for the chair of the other Board committees, \$6,000 as a non-chair member of the Audit Committee, \$4,000 as a non-chair member of the Compensation and Human Resources Committee, and \$2,000 as a non-chair member of the other Board committees. In addition, each non-employee director receives a meeting fee of \$2,000 for each Board meeting attended, \$1,500 for each committee meeting attended as the chair of such committee, and \$1,000 for each committee meeting attended as a non-chair member of such committee. The meeting fee paid to non-employee directors for participation via telephone for each Board meeting or committee meeting is one-half of the regular meeting fee. At the time of initial election to the Board, each non-employee director is granted 3,000 restricted stock units and an option to purchase 9,000 shares of our common stock, and at each subsequent annual meeting of stockholders, each non-employee director is entitled to receive an annual equity grant in the form of 1,600 restricted stock units and an option to purchase 5,000 shares of our common stock. Members of the Board of Directors are reimbursed for expenses incurred in attending Board and committee meetings, and in connection with Board related activities. In April 2012, the Board completed a review of compensation for non-employee directors. Based on this review, and the increased responsibility and time commitment associated with such service, the Board approved an increase in the annual retainer from \$30,000 to \$50,000 effective as of the date of the last annual meeting of stockholders.

To enhance our overall corporate governance practices and director compensation program, in April 2012, our Board adopted stock ownership guidelines for our non-employee directors. These guidelines are designed to align our non-employee directors' interests with our stockholders' long-term interests by promoting long-term ownership of ViaSat common stock. These guidelines provide that, within five years of the later of the adoption of the guidelines or his or her first date of election to our Board, our non-employee directors should attain an investment position in ViaSat common stock having a value not less than three times the value of their annual retainer for general Board service.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

**Review and Approval of Related Party Transactions**

The Audit Committee (or another independent body of the Board of Directors, such as the disinterested members of the Board) reviews transactions that may be related person transactions, which are transactions between ViaSat and related persons where the amount involved exceeds \$120,000 in a single fiscal year and in which a related person has a direct or indirect material interest. In the course of its review and approval or ratification of a disclosable related person transaction, the Audit Committee or the disinterested members of the Board may consider:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to the company;

whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the company; and

any other matters the Audit Committee or the Board deems appropriate.

**Related Party Transactions**

Michael Targoff, a director of ViaSat from February 2003 to February 2012, serves as the Chief Executive Officer, President and Vice Chairman of Loral Space & Communications Inc. (Loral), the parent of Space Systems/Loral, Inc. (SS/L), and is also a director of Telesat Holdings Inc., a joint venture company formed by Loral and the Public Sector Pension Investment Board to acquire Telesat Canada in October 2007. John Stenbit, a director of ViaSat since August 2004, also currently serves on the board of directors of Loral. In January 2008, we entered into several agreements with SS/L, Loral and Telesat Canada under which we purchased a new high-capacity Ka-band spot beam satellite (ViaSat-1) designed by us and constructed by SS/L. In addition, we entered into a beam sharing agreement with Loral, whereby Loral is responsible for contributing 15% of the total costs associated with the ViaSat-1 satellite project. On March 1, 2011, Loral entered into agreements with Telesat Canada pursuant to which Loral assigned to Telesat Canada all of Loral's rights and obligations with respect to the Canadian beams on ViaSat-1. In February 2010, we entered into an agreement with a subsidiary of Loral for the provision of certain RF equipment and services to be integrated into the Loral gateways to enable Loral to provide commercial service using the Loral payload on ViaSat-1. The contract is valued at approximately \$7.8 million before the exercise of options. Our agreements with SS/L, Loral and Telesat Canada were approved by the disinterested members of our Board of Directors, after a determination by the disinterested members of our Board that the terms and conditions of such agreements were fair to and in the best interests of ViaSat and its stockholders. During fiscal 2012, we paid \$4.2 million to SS/L for the construction of ViaSat-1 and, as of March 30, 2012, we had \$22.5 million in outstanding payables relating thereto for estimated satellite performance incentives. During fiscal 2012, we also received \$4.3 million from SS/L and \$9.2 million from Telesat Canada under the beam sharing agreement with Loral which was, as noted above, subsequently assigned to Telesat Canada. In the ordinary course of business, we recognized \$4.0 million of revenue and received \$1.2 million in cash related to SS/L during fiscal 2012 related to the contract with SS/L. In addition, in the ordinary course of business, we received \$2.9 million in cash from Telesat Canada, we recognized \$3.4 million of expense related to Telesat Canada and we paid \$7.6 million during fiscal 2012 to Telesat Canada. All other amounts related to SS/L and Telesat Canada were not material.

**Table of Contents**

On February 1, 2012, we filed a complaint against SS/L and Loral in the United States District Court for the Southern District of California for patent infringement and breach of contract relating to the manufacture of ViaSat-1. We allege, among other things, that SS/L and Loral infringed U.S. Patent Nos. 8,107,875, 8,010,043, 8,068,827 and 7,773,942 by making, using, offering to sell and/or selling other high-capacity broadband satellites, and have requested monetary damages, injunctive relief and other remedies. On June 15, 2012, SS/L filed counterclaims against ViaSat for patent infringement and declaratory relief. Specifically, SS/L seeks a judicial declaration that SS/L did not breach the parties' contract for the manufacture of ViaSat-1, that SS/L does not infringe the ViaSat patents described above, and that those patents are invalid and/or unenforceable. SS/L also alleges that ViaSat infringed U.S. Patent Nos. 6,879,808, 6,400,696 and 7,219,132 by providing broadband internet service by means of the Anik F2 satellite using ViaSat satellite gateways and satellite user terminals.

We entered into an indemnification agreement with several of the former stockholders of WildBlue Holding, Inc. (the Indemnitors) in connection with our acquisition of WildBlue in 2009. Pursuant to the terms of the indemnification agreement, the Indemnitors agreed to indemnify us for any damages relating to, among other things, an existing appraisal action regarding WildBlue's 2008 recapitalization (the Action). During the third quarter of fiscal 2012, the parties to the Action entered into a settlement agreement whereby the parties agreed to release all claims in exchange for a payment of \$20.5 million by WildBlue to the plaintiffs. Payment of this amount by WildBlue was expressly conditioned upon the Indemnitors fully funding an escrow account covering all amounts other than the \$0.5 million we were obligated to pay under the indemnification agreement. In January 2012, in accordance with the terms of the settlement agreement, we received \$20.0 million in cash from the Indemnitors and paid \$20.5 million to the plaintiffs in the Action. One of the former WildBlue stockholders and plaintiffs in the Action was TimesArrow Capital I, LLC. Thomas Moore, Senior Vice President of ViaSat, served as the administrative member of, and held 33.3% of the equity interests in, TimesArrow. Of the \$20.5 million paid to the plaintiffs in the Action, TimesArrow and Mr. Moore received \$3.0 million and \$1.0 million, respectively.

In July 2011, we entered into a development and service agreement with frog design, Inc. for user experience design services related to our satellite broadband network. We agreed to pay frog design \$175,000 for such services. The sister-in-law of Thomas Moore, Senior Vice President of ViaSat, serves as Chief Operating Officer of frog design.

A brother of Mark Dankberg, ViaSat's Chairman and Chief Executive Officer, is a tax partner with Deloitte & Touche LLP. In the ordinary course of business, we have engaged, and may in the future engage, Deloitte to provide tax consulting and other services. During fiscal 2012, we paid Deloitte approximately \$159,200 for these services. Another brother of Mr. Dankberg is employed by ViaSat as an information systems architect. He earned an aggregate of approximately \$170,000 in base salary and bonus during fiscal 2012, and participates in our equity award and benefit programs.

A brother of Mark Miller, ViaSat's Chief Technical Officer, is a software engineer at ViaSat. He earned an aggregate of approximately \$146,000 in base salary and bonus during fiscal 2012 with respect to his employment, and participates in our equity award and benefit programs.

The Audit Committee periodically meets with PricewaterhouseCoopers LLP, with and without management present, to discuss the results of their examinations, their evaluations of ViaSat's internal controls and the overall quality of ViaSat's financial reporting. The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management or the independent registered public accounting firm.

The Audit Committee has reviewed and discussed the audited consolidated financial statements for fiscal 2012 with management and PricewaterhouseCoopers LLP. Specifically, the Audit Committee reviewed with PricewaterhouseCoopers LLP, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just acceptability, of the accounting principles, reasonableness of significant judgments, and clarity of disclosures in the financial statements. The Audit Committee also discussed with PricewaterhouseCoopers LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

The Audit Committee has received from PricewaterhouseCoopers LLP the written disclosures and letter required by applicable requirements of the Public Company Accounting Oversight Board regarding PricewaterhouseCoopers LLP's communications with the Audit Committee concerning independence, and has discussed with PricewaterhouseCoopers LLP its independence from ViaSat.

In reliance on these reviews and discussions, the Audit Committee has recommended to the Board of Directors that ViaSat's audited financial statements be included in ViaSat's annual report on Form 10-K for the fiscal year ended March 30, 2012 for filing with the SEC.

The Committee, in its absolute discretion, shall determine the effect of all matters and questions relating to Termination of Consultancy, including, but not by way of limitation, the question of whether a Termination of Consultancy resulted from a discharge for good cause, and all questions of whether particular leaves of absence constitute Terminations of Consultancy. ARTICLE II.

SHARES SUBJECT TO PLAN

2.1 Shares Subject to Plan.

(a) The shares of stock subject to Options, awards of Restricted Stock, Performance Awards, Dividend Equivalents, awards of Restricted Stock Units, Stock Payments or Stock Appreciation Rights shall be Common Stock, initially shares of the Company's Common Stock, par value \$0.0001 per share. The aggregate number of such shares which may be issued upon exercise of such options or rights or upon any such awards under the Plan shall not exceed 21,400,000. The shares of Common Stock issuable upon exercise of such options or rights or upon any such awards may be either previously authorized but unissued shares or treasury shares.

(b) Any shares subject to Options or Stock Appreciation Rights shall be counted against the numerical limit of Section 2.1(a) as one share for every share subject thereto. Any shares subject to Full Value Awards granted prior to the Restatement Effective Date will be counted against the numerical limit of Section 2.1(a) as 2.65 shares for every one share subject thereto. Any shares subject to Full Value Awards granted on or after the Restatement Effective Date will be counted against the numerical limit of Section 2.1(a) as 2 shares for every one share subject thereto. To the extent that a share that was subject to a Full Value Award is recycled back into the Plan under Section 2.2, the Plan will be credited with a number of shares corresponding to the reduction in the share reserve previously made with respect to such Full Value Award in accordance with this Section 2.1(b).

---

**Table of Contents**

(c) The maximum number of shares which may be subject to awards granted under the Plan to any individual in any fiscal year, and the maximum aggregate amount of cash that may be paid in cash during any fiscal year with respect to awards designated to be paid in cash, shall not exceed the applicable Award Limit. To the extent required by Section 162(m) of the Code, shares subject to Options which are canceled continue to be counted against the Award Limit and if, after grant of an Option, the Company stockholders approve an option exchange program whereby the price of shares subject to such Option is reduced, the transaction is treated as a cancellation of the Option and a grant of a new Option and both the Option deemed to be canceled and the Option deemed to be granted are counted against the Award Limit. Furthermore, to the extent required by Section 162(m) of the Code, if, after grant of a Stock Appreciation Right, the base amount on which stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Company's Common Stock, the transaction is treated as a cancellation of the Stock Appreciation Right and a grant of a new Stock Appreciation Right and both the Stock Appreciation Right deemed to be canceled and the Stock Appreciation Right deemed to be granted are counted against the Award Limit.

**2.2 Add-Back of Shares.** If any award under this Plan expires or is canceled without having been fully exercised or paid, or an award is settled in cash without the delivery of shares of Common Stock to the award holder, the number of shares subject to such award shall, to the extent of such expiration, cancellation or cash settlement, again be available for future grants of awards and added back to the shares of Common Stock authorized for grant under Section 2.1(a) in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above with respect to such award, subject to the limitations of Section 2.1. Furthermore, any shares subject to awards which are adjusted pursuant to Section 10.3 and become exercisable with respect to shares of stock of another corporation shall be considered canceled and may again be optioned, granted or awarded hereunder, subject to the limitations of Section 2.1. Notwithstanding anything to the contrary contained herein, the following shares shall not be added back to the shares of Common Stock authorized for grant under Section 2.1(a) and will not be available for future grants of awards: (i) shares of Common Stock tendered by an Optionee or withheld by the Company in payment of the exercise price of an Option; (ii) shares of Common Stock tendered by an Optionee or Grantee or withheld by the Company to satisfy any tax withholding obligation with respect to an Option or a Stock Appreciation Right; (iii) shares of Common Stock subject to a Stock Appreciation Right not issued in connection with the stock settlement of the Stock Appreciation Right on exercise thereof; and (iv) shares of Common Stock purchased on the open market with the cash proceeds from the exercise of Options. Shares tendered by a Grantee or a Restricted Stockholder or withheld by the Company to satisfy any tax withholding obligation with respect to a Full Value Award shall be available for future grants of awards under the Plan in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above. Any shares of Common Stock forfeited by a Grantee or a Restricted Stockholder or repurchased by the Company under Section 6.6 or Article VII will again be available for awards in an amount corresponding to the reduction in the share reserve previously made in accordance with Section 2.1(b) above. The payment of Dividend Equivalents in cash in conjunction with any outstanding awards shall not be counted against the shares available for issuance under the Plan. Notwithstanding the provisions of this Section 2.2, no shares of Common Stock may again be optioned, granted or awarded if such action would cause an Incentive Stock Option to fail to qualify as an incentive stock option under Section 422 of the Code.

## ARTICLE III.

## GRANTING OF OPTIONS

**3.1 Eligibility.** Any Employee or consultant selected by the Committee pursuant to Section 3.4(a)(i) shall be eligible to be granted an Option. Each Independent Director of the Company shall be eligible to be granted Options at the times and in the manner set forth in Section 3.4(d).

**3.2 Disqualification for Stock Ownership.** No person may be granted an Incentive Stock Option under this Plan if such person, at the time the Incentive Stock Option is granted, owns stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any then existing Subsidiary or parent corporation (within the meaning of Section 422 of the Code) unless such Incentive Stock Option conforms to the applicable provisions of Section 422 of the Code.

---

**Table of Contents**

3.3 Qualification of Incentive Stock Options. No Incentive Stock Option shall be granted to any person who is not an Employee.

3.4 Granting of Options.

(a) The Committee shall from time to time, in its absolute discretion, and subject to applicable limitations of this Plan:

(i) Determine which Employees are key Employees and select from among the key Employees or consultants (including Employees or consultants who have previously received Options or other awards under this Plan) such of them as in its opinion should be granted Options;

(ii) Subject to the Award Limit, determine the number of shares to be subject to such Options granted to the selected key Employees or consultants;

(iii) Subject to Section 3.3, determine whether such Options are to be Incentive Stock Options or Non-Qualified Stock Options and whether such Options are to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code; and

(iv) Determine the terms and conditions of such Options, consistent with this Plan; provided, however, that the terms and conditions of Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall include, but not be limited to, such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code.

(b) Upon the selection of a key Employee or consultant to be granted an Option, the Committee shall instruct the Secretary of the Company to issue the Option and may impose such conditions on the grant of the Option as it deems appropriate. Without limiting the generality of the preceding sentence, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition on the grant of an Option to an Employee or consultant that the Employee or consultant surrender for cancellation some or all of the unexercised Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments or other rights which have been previously granted to him under this Plan or otherwise. An Option, the grant of which is conditioned upon such surrender, may have an option price lower (or higher) than the exercise price of such surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Option or other award; provided, however, except as permitted under Section 10.3 of the Plan, no Option or Stock Appreciation Right shall, without stockholder approval, be (i) repriced, exchanged for an Option or Stock Appreciation Right with a lower price or otherwise modified where the effect would be to reduce the exercise price of the Option or Stock Appreciation Right; or (ii) exchanged for cash or an alternate award under the Plan.

(c) Any Incentive Stock Option granted under this Plan may be modified by the Committee to disqualify such option from treatment as an incentive stock option under Section 422 of the Code.

(d) During the term of the Plan, each person who is initially elected or appointed to the Board and who is an Independent Director at the time of such initial election or appointment shall automatically be granted an Option to purchase Nine Thousand (9,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of such initial election or appointment, which Option will vest in three equal installments on each of the first three anniversaries of the date of grant, subject to the Independent Director's continued service as a Director on each such vesting date. In addition, during the term of the Plan, each Independent Director shall automatically be granted an Option to purchase Five Thousand (5,000) shares of Common Stock (subject to adjustment as provided in Section 10.3) on the date of each annual meeting of stockholders after his or her initial election or appointment to the Board at which directors are elected to the Board, which Option will vest on the first anniversary of the date of grant, subject to the Independent Director's continued service as a Director on such vesting date; provided, however, that a person who is initially elected to the Board at an annual meeting of stockholders and who is an Independent Director at the time of such initial election shall receive only an initial Option grant on the date of such election pursuant to the preceding sentence and shall not receive an Option grant

---

pursuant to this sentence until the date of the next annual meeting of stockholders following such initial election. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Option grant pursuant to the first sentence of this Section 3.4(d), but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Options as described in the second sentence of this Section 3.4(d).

ARTICLE IV.

TERMS OF OPTIONS

4.1 Option Agreement. Each Option shall be evidenced by a written Stock Option Agreement, which shall be executed by the Optionee and an authorized officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of Options granted to Independent Directors) shall determine, consistent with this Plan. Stock Option Agreements evidencing Options intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code. Stock Option Agreements evidencing Incentive Stock Options shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 422 of the Code.

4.2 Option Price. The price per share of the shares subject to each Option shall be set by the Committee; provided, however, that such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the Option is granted and in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code) such price shall not be less than 110% of the Fair Market Value of a share of Common Stock on the date the Option is granted.

4.3 Option Term. The term of an Option shall be set by the Committee in its discretion; provided, however, that no Option shall have a term longer than six (6) years from the date the Option is granted and in the case of Incentive Stock Options granted to an individual then owning (within the meaning of Section 424(d) of the Code) more than 10% of the total combined voting power of all classes of stock of the Company or any Subsidiary or parent corporation thereof (within the meaning of Section 422 of the Code) the term may not exceed five (5) years from the date the Option is granted. Except as limited by requirements of Section 422 of the Code and regulations and rulings thereunder applicable to Incentive Stock Options, the Committee may extend the term of any outstanding Option in connection with any Termination of Employment or Termination of Consultancy of the Optionee, or amend any other term or condition of such Option relating to such a termination.

4.4 Option Vesting.

(a) The period during which the right to exercise an Option in whole or in part vests in the Optionee shall be set by the Committee and the Committee may determine that an Option may not be exercised in whole or in part for a specified period after it is granted. At any time after grant of an Option, the Committee may, in its sole and absolute discretion and subject to whatever terms and conditions it selects, accelerate the period during which an Option (except an Option granted to an Independent Director) vests. The Committee may also provide that the vesting of an Option granted under the Plan which is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1.

(b) No portion of an Option which is unexercisable at Termination of Employment, Termination of Directorship or Termination of Consultancy, as applicable, shall thereafter become exercisable, except as may be otherwise provided by the Committee (or the Board, in the case of Options granted to Independent Directors) in the case of Options granted to Employees or consultants either in the Stock Option Agreement or by action of the Committee (or the Board, in the case of Options granted to Independent Directors) following the grant of the Option.

---

**Table of Contents**

(c) To the extent that the aggregate Fair Market Value of stock with respect to which incentive stock options (within the meaning of Section 422 of the Code, but without regard to Section 422(d) of the Code) are exercisable for the first time by an Optionee during any calendar year (under the Plan and all other incentive stock option plans of the Company and any Subsidiary) exceeds \$100,000, such Options shall be treated as Non-Qualified Options to the extent required by Section 422 of the Code. The rule set forth in the preceding sentence shall be applied by taking Options into account in the order in which they were granted. For purposes of this Section 4.4(c), the Fair Market Value of stock shall be determined as of the time the Option with respect to such stock is granted.

4.5 *Consideration.* In consideration of the granting of an Option, the Optionee shall agree, in the written Stock Option Agreement, to remain in the employ of (or to consult for or to serve as an Independent Director of, as applicable) the Company or any Subsidiary for a period of at least one year (or such shorter period as may be fixed in the Stock Option Agreement or by action of the Committee following grant of the Option) after the Option is granted (or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Stock Option Agreement hereunder shall confer upon any Optionee any right to continue in the employ of, or as a consultant for, the Company or any Subsidiary, or as a director of the Company, or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Optionee at any time for any reason whatsoever, with or without good cause.

ARTICLE V.

EXERCISE OF OPTIONS

5.1 *Partial Exercise.* An exercisable Option may be exercised in whole or in part. However, an Option shall not be exercisable with respect to fractional shares and the Committee (or the Board, in the case of Options granted to Independent Directors) may require that, by the terms of the Option, a partial exercise be with respect to a minimum number of shares.

5.2 *Manner of Exercise.* All or a portion of an exercisable Option shall be deemed exercised upon delivery of all of the following to the Secretary of the Company or his office:

(a) A written notice complying with the applicable rules established by the Committee (or the Board, in the case of Options granted to Independent Directors) stating that the Option, or a portion thereof, is exercised. The notice shall be signed by the Optionee or other person then entitled to exercise the Option or such portion;

(b) Such representations and documents as the Committee (or the Board, in the case of Options granted to Independent Directors), in its absolute discretion, deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act of 1933, as amended, and any other federal or state securities laws or regulations. The Committee or Board may, in its absolute discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and book entries and issuing stop-transfer notices to agents and registrars;

(c) In the event that the Option shall be exercised pursuant to Section 10.1 by any person or persons other than the Optionee, appropriate proof of the right of such person or persons to exercise the Option; and

(d) Full cash payment to the Secretary of the Company for the shares with respect to which the Option, or portion thereof, is exercised. However, the Committee (or the Board, in the case of Options granted to Independent Directors), may in its discretion, (i) allow a delay in payment up to thirty (30) days from the date the Option, or portion thereof, is exercised; (ii) allow payment, in whole or in part, through the delivery of shares of Common Stock owned by the Optionee, duly endorsed for transfer to the Company with a Fair Market Value on the date of delivery equal to the aggregate exercise price of the Option or exercised portion thereof; (iii) allow payment, in whole or in part, through the surrender of shares of Common Stock then issuable upon exercise of the Option having a Fair Market Value on the date of Option exercise equal to the aggregate exercise price of the Option or exercised portion thereof; (iv) allow payment, in whole or in part,

---

**Table of Contents**

through the delivery of property of any kind which constitutes good and valuable consideration; (v) allow payment, in whole or in part, through the delivery of a full recourse promissory note bearing interest (at no less than such rate as shall then preclude the imputation of interest under the Code) and payable upon such terms as may be prescribed by the Committee or the Board; (vi) allow payment, in whole or in part, through the delivery of a notice that the Optionee has placed a market sell order with a broker with respect to shares of Common Stock then issuable upon exercise of the Option, and that the broker has been directed to pay a sufficient portion of the net proceeds of the sale to the Company in satisfaction of the Option exercise price; or (vii) allow payment through any combination of the consideration provided in the foregoing subparagraphs (ii), (iii), (iv), (v) and (vi). In the case of a promissory note, the Committee (or the Board, in the case of Options granted to Independent Directors) may also prescribe the form of such note and the security to be given for such note. The Option may not be exercised, however, by delivery of a promissory note or by a loan or other extension of credit from the Company when or where such loan or other extension of credit is prohibited by law.

5.3 Conditions to Issuance of Shares. The Company shall not be required to issue or deliver any certificate or certificates, or make any book entries, for shares of stock purchased upon the exercise of any Option or portion thereof prior to fulfillment of all of the following conditions:

- (a) The admission of such shares to listing on all stock exchanges on which such class of stock is then listed;
- (b) The completion of any registration or other qualification of such shares under any state or federal law, or under the rulings or regulations of the Securities and Exchange Commission or any other governmental regulatory body which the Committee or Board shall, in its absolute discretion, deem necessary or advisable;
- (c) The obtaining of any approval or other clearance from any state or federal governmental agency which the Committee (or Board, in the case of Options granted to Independent Directors) shall, in its absolute discretion, determine to be necessary or advisable;
- (d) The lapse of such reasonable period of time following the exercise of the Option as the Committee (or Board, in the case of Options granted to Independent Directors) may establish from time to time for reasons of administrative convenience; and
- (e) The receipt by the Company of full payment for such shares, including payment of any applicable withholding tax.

Notwithstanding any other provision of the Plan, unless otherwise determined by the Committee (or the Board, in the case of Options granted to Independent Directors) or required by any applicable law, rule or regulation, the Company shall not deliver to any Optionee certificates evidencing shares of Common Stock issued in connection with any Option and instead such shares of Common Stock shall be recorded in the books of the Company (or, as applicable, its transfer agent or stock plan administrator).

5.4 Rights as Stockholders. The holders of Options shall not be, nor have any of the rights or privileges of, stockholders of the Company in respect of any shares purchasable upon the exercise of any part of an Option unless and until certificates representing such shares have been issued by the Company to such holders or book entries evidencing such shares have been made by the Company.

5.5 Ownership and Transfer Restrictions. The Committee (or Board, in the case of Options granted to Independent Directors), in its absolute discretion, may impose such restrictions on the ownership and transferability of the shares purchasable upon the exercise of an Option as it deems appropriate. Any such restriction shall be set forth in the respective Stock Option Agreement and may be referred to on the certificates or book entries evidencing such shares. The Committee may require an Employee to give the Company prompt notice of any disposition of shares of Common Stock acquired by exercise of an Incentive Stock Option within (i) two years from the date of granting such Option to such Employee or (ii) one year after the transfer of such shares to such Employee. The Committee may direct that the certificates or book entries evidencing shares acquired by exercise of an Option refer to such requirement to give prompt notice of disposition.

5.6 Limitations on Exercise of Options Granted to Independent Directors. No Option granted to an Independent Director may be exercised to any extent by anyone after the first to occur of the following events:

- (a) The expiration of twelve (12) months from the date of the Optionee's death;
- (b) The expiration of twelve (12) months from the date of the Optionee's Termination of Directorship, Termination of Consultancy or Termination of Employment by reason of his permanent and total disability (within the meaning of Section 22(e)(3) of the Code);
- (c) The expiration of three (3) months from the last to occur of the Optionee's Termination of Directorship, Termination of Consultancy or Termination of Employment, unless the Optionee dies within said three-month period; or
- (d) The expiration of six (6) years from the date the Option was granted.

ARTICLE VI.

AWARD OF RESTRICTED STOCK

6.1 Award of Restricted Stock.

- (a) The Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) may from time to time, in its absolute discretion:
  - (i) Select from among the key Employees, consultants or Independent Directors (including Employees, consultants or Independent Directors who have previously received other awards under this Plan) such of them as in its opinion should be awarded Restricted Stock; and
  - (ii) Determine the purchase price, if any, and other terms and conditions applicable to such Restricted Stock, consistent with this Plan.
- (b) The Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) shall establish the purchase price, if any, and form of payment for Restricted Stock; provided, however, that such purchase price shall be no less than the par value of the Common Stock to be purchased, unless otherwise permitted by applicable state law. In all cases, legal consideration shall be required for each issuance of Restricted Stock.
- (c) Upon the selection of a key Employee, consultant or Independent Director to be awarded Restricted Stock, the Committee (or the Board, in the case of Restricted Stock awarded to Independent Directors) shall instruct the Secretary of the Company to issue such Restricted Stock and may impose such conditions on the issuance of such Restricted Stock as it deems appropriate.

6.2 Restricted Stock Agreement. Restricted Stock shall be issued only pursuant to a written Restricted Stock Agreement, which shall be executed by the selected key Employee, consultant or Independent Director and an authorized officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall determine, consistent with this Plan. The issuance of any shares of Restricted Stock shall be made subject to satisfaction of all provisions of Section 5.3.

6.3 Consideration. As consideration for the issuance of Restricted Stock, in addition to payment of any purchase price, the Restricted Stockholder shall agree, in the written Restricted Stock Agreement, to remain in the employ of, to consult for, or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after the Restricted Stock is issued (or such shorter period as may be fixed in the Restricted Stock Agreement or by action of the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) following grant of the Restricted Stock or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Restricted Stock Agreement hereunder shall confer on any Restricted Stockholder any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly

reserved, to discharge any Restricted Stockholder at any time for any reason whatsoever, with or without good cause.

6.4 *Rights as Stockholders.* Upon delivery of the shares of Restricted Stock to the escrow holder pursuant to Section 6.7, the Restricted Stockholder shall have, unless otherwise provided by the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), all the rights of a stockholder with respect to said shares, subject to the restrictions in his Restricted Stock Agreement, including the right to receive all dividends and other distributions paid or made with respect to the shares; provided, however, that in the discretion of the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), any extraordinary distributions with respect to the Common Stock shall be subject to the restrictions set forth in Section 6.5.

6.5 *Restriction.* All shares of Restricted Stock issued under this Plan (including any shares received by holders thereof with respect to shares of Restricted Stock as a result of stock dividends, stock splits or any other form of recapitalization) shall, in the terms of each individual Restricted Stock Agreement, be subject to such restrictions as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall provide, which restrictions may include, without limitation, restrictions concerning voting rights and transferability and vesting restrictions based on duration of employment with the Company, Company performance and individual performance; provided, further, that by action taken after the Restricted Stock is issued, the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) may, on such terms and conditions as it may determine to be appropriate, remove any or all of the restrictions imposed by the terms of the Restricted Stock Agreement. The Committee may also provide that the vesting of Restricted Stock granted under the Plan which is intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Notwithstanding the foregoing, except as permitted under Section 10.3 of the Plan, shares of Restricted Stock will vest no more rapidly than ratably over a three (3) year period from the date of grant, unless the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) determines that the Restricted Stock award is to vest upon the achievement of one or more performance goals, in which case the period for measuring performance will be at least twelve (12) months. Restricted Stock may not be sold or encumbered until all restrictions are terminated or expire.

6.6 *Repurchase or Forfeiture of Restricted Stock.* The Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall provide in the terms of each individual Restricted Stock Agreement that the Company shall have the right to repurchase from the Restricted Stockholder the Restricted Stock then subject to restrictions under the Restricted Stock Agreement immediately upon a Termination of Employment, Termination of Consultancy or Termination of Directorship between the Restricted Stockholder and the Company, at a cash price per share equal to the price paid by the Restricted Stockholder for such Restricted Stock; provided, however, that provision may be made that no such right of repurchase shall exist in the event of a Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company or because of the Restricted Stockholder's retirement, death or disability, or otherwise. Unless provided otherwise by the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director), if no cash consideration was paid by the Restricted Stockholder upon issuance, a Restricted Stockholder's rights in unvested Restricted Stock shall lapse upon the last to occur of Termination of Employment, Termination of Consultancy or Termination of Directorship with the Company.

6.7 *Escrow.* The Secretary of the Company or such other escrow holder as the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) may appoint shall retain physical custody of each certificate representing Restricted Stock until all of the restrictions imposed under the Restricted Stock Agreement with respect to the shares evidenced by such certificate expire or shall have been removed.

6.8 *Legend.* In order to enforce the restrictions imposed upon shares of Restricted Stock hereunder, the Committee (or the Board, in the case of Restricted Stock granted to an Independent Director) shall cause a legend or legends to be placed on certificates or book entries representing all shares of Restricted Stock that are still subject to restrictions under Restricted Stock Agreements, which legend or legends shall make appropriate reference to the conditions imposed thereby.

ARTICLE VII.

PERFORMANCE AWARDS, DIVIDEND EQUIVALENTS, RESTRICTED STOCK UNITS, STOCK PAYMENTS

**7.1 Performance Awards.** Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted one or more Performance Awards. The Committee shall select the performance criteria (and any permissible adjustments) for each Performance Award for purposes of establishing the performance goal or performance goals applicable to such Performance Award for the designated performance period. The performance criteria that shall be used to establish such performance goals shall be limited to the following: (a) net earnings (either before or after one or more of the following: (i) interest, (ii) taxes, (iii) depreciation and (iv) amortization), (b) gross or net sales or revenue, (c) net income (either before or after taxes), (d) operating earnings or profit, (e) cash flow (including, but not limited to, operating cash flow and free cash flow), (f) return on assets, (g) return on capital, (h) return on stockholders equity, (i) return on sales, (j) gross or net profit or operating margin, (k) costs, (l) funds from operations, (m) expenses, (n) working capital, or (o) earnings per share, any of which may be measured either in absolute terms or as compared to any incremental increase or decrease or as compared to results of a peer group or to market performance indicators. The performance goals for a performance period shall be established in writing by the Committee (or the Board, in the case of an award to an Independent Director) based on one or more of the foregoing performance criteria, which goals may be expressed in terms of overall Company performance or the performance of a division, business unit or an individual. In making such determinations, the Committee (or the Board, in the case of an award to an Independent Director) shall consider (among such other factors as it deems relevant in light of the specific type of award) the contributions, responsibilities and other compensation of the particular key Employee, consultant or Independent Director.

**7.2 Dividend Equivalents.** Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted Dividend Equivalents based on the dividends declared on Common Stock, to be credited as of dividend payment dates, during the period between the date an Option, Stock Appreciation Right, Restricted Stock Unit or Performance Award is granted, and the date such Option, Stock Appreciation Right, Restricted Stock Unit or Performance Award is exercised, vests or expires, as determined by the Committee (or the Board, in the case of an award to an Independent Director). Such Dividend Equivalents shall be converted to cash or additional shares of Common Stock by such formula and at such time and subject to such limitations as may be determined by the Committee (or the Board, in the case of an award to an Independent Director). Notwithstanding the foregoing, no Dividend Equivalents shall be payable with respect to Options or Stock Appreciation Rights.

**7.3 Stock Payments.** Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may receive Stock Payments in the manner determined from time to time by the Committee. The number of shares shall be determined by the Committee (or the Board, in the case of an award to an Independent Director) and may be based upon the Fair Market Value, book value, net profits or other measure of the value of Common Stock or other specific performance criteria determined appropriate by the Committee (or the Board, in the case of an award to an Independent Director), determined on the date such Stock Payment is made or on any date thereafter. The Committee may provide that the vesting of Stock Payments granted under the Plan which are intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1.

**7.4 Restricted Stock Units.**

(a) Any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director) may be granted an award of Restricted Stock Units in the manner determined from time to time by the Committee. The number of shares subject to a Restricted Stock Unit award shall be determined by the Committee (or the Board, in the case of an award to an Independent Director). The Committee may provide that the vesting of Restricted Stock Units granted under the Plan which are intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall occur upon

the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Common Stock underlying a Restricted Stock Unit award will not be issued until the Restricted Stock Unit award has vested. Unless otherwise provided by the Committee (or the Board, in the case of an award to an Independent Director), a Grantee of Restricted Stock Units shall have no rights as a Company stockholder with respect to the shares of Common Stock underlying such Restricted Stock Units until such time as the award has vested and such Common Stock underlying the award has been issued.

(b) During the term of the Plan thereafter, each person who is initially elected or appointed to the Board and who is an Independent Director at the time of such initial election or appointment shall automatically be granted an award of Three Thousand (3,000) Restricted Stock Units (subject to adjustment as provided in Section 10.3) on the date of such initial election or appointment, which Restricted Stock Unit award will vest in three equal installments on each of the first three anniversaries of the date of grant, subject to the Independent Director's continued service as a Director on each such vesting date. In addition, during the term of the Plan thereafter, each Independent Director shall automatically be granted an award of One Thousand Six Hundred (1,600) Restricted Stock Units (subject to adjustment as provided in Section 10.3) on the date of each annual meeting of stockholders after his or her initial election or appointment to the Board at which directors are elected to the Board, which Restricted Stock Unit award will vest on the first anniversary of the date of grant, subject to the Independent Director's continued service as a Director on such vesting date; provided, however, that a person who is initially elected to the Board at an annual meeting of stockholders and who is an Independent Director at the time of such initial election shall receive only an initial Restricted Stock Unit award on the date of such election pursuant to the preceding sentence and shall not receive a Restricted Stock Unit award pursuant to this sentence until the date of the next annual meeting of stockholders following such initial election. Members of the Board who are employees of the Company who subsequently retire from the Company and remain on the Board will not receive an initial Restricted Stock Unit award pursuant to the first sentence of this Section 7.4(b), but to the extent that they are otherwise eligible, will receive, after retirement from employment with the Company, Restricted Stock Unit awards as described in the second sentence of this Section 7.4(b).

7.5 Performance Award Agreement, Dividend Equivalent Agreement, Restricted Stock Unit Agreement, Stock Payment Agreement. Each Performance Award, Dividend Equivalent, award of Restricted Stock Units and/or Stock Payment shall be evidenced by a written agreement, which shall be executed by the Grantee and an authorized Officer of the Company and which shall contain such terms and conditions as the Committee (or the Board, in the case of an award to an Independent Director) shall determine, consistent with this Plan.

7.6 Term. The term of a Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment shall be set by the Committee (or the Board, in the case of an award to an Independent Director) in its discretion.

7.7 Exercise Upon Termination of Employment. A Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment is exercisable or payable only while the Grantee is an Employee, consultant or Independent Director; provided that the Committee may (or the Board, in the case of an award to an Independent Director) determine that the Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment may be exercised or paid subsequent to Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

7.8 Payment on Exercise. Payment of the amount determined under Section 7.1 or 7.2 above shall be in cash, in Common Stock or a combination of both, as determined by the Committee (or the Board, in the case of an award to an Independent Director). To the extent any payment under this Article VII is effected in Common Stock, it shall be made subject to satisfaction of all provisions of Section 5.3.

7.9 Consideration. As consideration for the issuance of a Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment, the Grantee shall agree, in a written agreement, to remain in the employ of, to consult for, or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after such Performance Award, Dividend Equivalent, award of Restricted Stock Unit and/or Stock Payment is granted (or such shorter period as may be fixed in such agreement or by action of the Committee (or the Board, in the case of an award to an Independent Director) following such

grant or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any agreement hereunder shall confer on any Grantee any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Grantee at any time for any reason whatsoever, with or without good cause.

ARTICLE VIII.

STOCK APPRECIATION RIGHTS

8.1 *Grant of Stock Appreciation Rights.* A Stock Appreciation Right may be granted to any key Employee, consultant or Independent Director selected by the Committee (or the Board, in the case of an award to an Independent Director). A Stock Appreciation Right may be granted (i) in connection and simultaneously with the grant of an Option, (ii) with respect to a previously granted Option, or (iii) independent of an Option. A Stock Appreciation Right shall be subject to such terms and conditions not inconsistent with this Plan as the Committee (or the Board, in the case of an award to an Independent Director) shall impose and shall be evidenced by a written Stock Appreciation Right Agreement, which shall be executed by the Grantee and an authorized officer of the Company; provided, however, that no Stock Appreciation Right shall have a term longer than six (6) years from the date the Stock Appreciation Right is granted. The Committee, in its discretion, may determine whether a Stock Appreciation Right is to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code and Stock Appreciation Right Agreements evidencing Stock Appreciation Rights intended to so qualify shall contain such terms and conditions as may be necessary to meet the applicable provisions of Section 162(m) of the Code, including providing that the vesting of such Stock Appreciation Rights shall occur upon the satisfaction of one or more performance goals based on the performance criteria set forth in Section 7.1. Without limiting the generality of the foregoing, the Committee may, in its discretion and on such terms as it deems appropriate, require as a condition of the grant of a Stock Appreciation Right to an Employee, consultant or Independent Director that the Employee, consultant or Independent Director surrender for cancellation some or all of the unexercised Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, or other rights which have been previously granted to him under this Plan or otherwise. Subject to Section 3.4(b), a Stock Appreciation Right, the grant of which is conditioned upon such surrender, may have an exercise price lower (or higher) than the exercise price of the surrendered Option or other award, may cover the same (or a lesser or greater) number of shares as such surrendered Option or other award, may contain such other terms as the Committee deems appropriate, and shall be exercisable in accordance with its terms, without regard to the number of shares, price, exercise period or any other term or condition of such surrendered Option or other award.

8.2 *Coupled Stock Appreciation Rights.*

(a) A Coupled Stock Appreciation Right ( CSAR ) shall be related to a particular Option and shall be exercisable only when and to the extent the related Option is exercisable.

(b) A CSAR may be granted to the Grantee for no more than the number of shares subject to the simultaneously or previously granted Option to which it is coupled.

(c) A CSAR shall entitle the Grantee (or other person entitled to exercise the Option pursuant to this Plan) to surrender to the Company unexercised a portion of the Option to which the CSAR relates (to the extent then exercisable pursuant to its terms) and to receive from the Company in exchange therefor an amount determined by multiplying the difference obtained by subtracting the Option exercise price from the Fair Market Value of a share of Common Stock on the date of exercise of the CSAR by the number of shares of Common Stock with respect to which the CSAR shall have been exercised, subject to any limitations the Committee may impose.

8.3 *Independent Stock Appreciation Rights.*

(a) An Independent Stock Appreciation Right ( ISAR ) shall be unrelated to any Option and shall have a term set by the Committee. An ISAR shall be exercisable in such installments as the Committee may determine. An ISAR shall cover such number of shares of Common Stock as the Committee may determine; provided,

---

however, that unless the Committee otherwise provides in the terms of the ISAR or otherwise, no ISAR granted to a person subject to Section 16 of the Exchange Act shall be exercisable until at least six months have elapsed from (but excluding) the date on which the Option was granted. The exercise price per share of Common Stock subject to each ISAR shall be set by the Committee; provided, however, that such price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date the ISAR is granted. An ISAR is exercisable only while the Grantee is an Employee, consultant or Independent Director; provided that the Committee may determine that the ISAR may be exercised subsequent to Termination of Employment, Termination of Consultancy or Termination of Directorship without cause, or following a change in control of the Company, or because of the Grantee's retirement, death or disability, or otherwise.

(b) An ISAR shall entitle the Grantee (or other person entitled to exercise the ISAR pursuant to this Plan) to exercise all or a specified portion of the ISAR (to the extent then exercisable pursuant to its terms) and to receive from the Company an amount determined by multiplying the difference obtained by subtracting the exercise price per share of the ISAR from the Fair Market Value of a share of Common Stock on the date of exercise of the ISAR by the number of shares of Common Stock with respect to which the ISAR shall have been exercised, subject to any limitations the Committee may impose.

8.4 Payment and Limitations on Exercise.

(a) Payment of the amount determined under Sections 8.2(c) and 8.3(b) above shall be in cash, in Common Stock (based on its Fair Market Value as of the date the Stock Appreciation Right is exercised) or a combination of both, as determined by the Committee. To the extent such payment is effected in Common Stock it shall be made subject to satisfaction of all provisions of Section 5.3 above pertaining to Options.

(b) Grantees of Stock Appreciation Rights may be required to comply with any timing or other restrictions with respect to the settlement or exercise of a Stock Appreciation Right, including a window-period limitation, as may be imposed in the discretion of the Board or Committee.

8.5 Consideration. As consideration for the granting of a Stock Appreciation Right, the Grantee shall agree, in the written Stock Appreciation Right Agreement, to remain in the employ of, to consult for or to remain as an Independent Director of, as applicable, the Company or any Subsidiary for a period of at least one year after the Stock Appreciation Right is granted (or such shorter period as may be fixed in the Stock Appreciation Right Agreement or by action of the Committee (or the Board, in the case of an award to an Independent Director) following grant of the Stock Appreciation Right or, in the case of an Independent Director, until the next annual meeting of stockholders of the Company). Nothing in this Plan or in any Stock Appreciation Right Agreement hereunder shall confer on any Grantee any right to continue in the employ of, as a consultant for or as an Independent Director of the Company or any Subsidiary or shall interfere with or restrict in any way the rights of the Company and any Subsidiary, which are hereby expressly reserved, to discharge any Grantee at any time for any reason whatsoever, with or without good cause.

ARTICLE IX.

ADMINISTRATION

9.1 Compensation Committee. The Compensation Committee (or another committee or a subcommittee of the Board assuming the functions of the Committee under this Plan) shall consist solely of two or more Independent Directors appointed by and holding office at the pleasure of the Board, each of whom is both a non-employee director as defined by Rule 16b-3 and an outside director for purposes of Section 162(m) of the Code. Appointment of Committee members shall be effective upon acceptance of appointment. Committee members may resign at any time by delivering written notice to the Board. Vacancies in the Committee may be filled by the Board.

9.2 Duties and Powers of Committee. It shall be the duty of the Committee to conduct the general administration of this Plan in accordance with its provisions. The Committee shall have the power to interpret this Plan and the agreements pursuant to which Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments are granted or

awarded, and to adopt such rules for the administration, interpretation, and application of this Plan as are consistent therewith and to interpret, amend or revoke any such rules. Notwithstanding the foregoing, the full Board, acting by a majority of its members in office, shall conduct the general administration of the Plan with respect to awards granted to Independent Directors. Any such grant or award under this Plan need not be the same with respect to each Optionee, Grantee or Restricted Stockholder. Any such interpretations and rules with respect to Incentive Stock Options shall be consistent with the provisions of Section 422 of the Code. In its absolute discretion, the Board may at any time and from time to time exercise any and all rights and duties of the Committee under this Plan except with respect to matters which under Rule 16b-3 or Section 162(m) of the Code, or any regulations or rules issued thereunder, are required to be determined in the sole discretion of the Committee. To the extent permitted by applicable law, the Committee may from time to time delegate to a committee of one or more members of the Board or one or more officers of the Company the authority to grant or amend awards to Participants other than (a) senior executives of the Company who are subject to Section 16 of the Exchange Act, (b) any Employee who is, or could be, a covered employee within the meaning of Section 162(m) of the Code, or (c) officers of the Company (or members of the Board) to whom authority to grant or amend awards has been delegated hereunder. Any delegation hereunder shall be subject to the restrictions and limits that the Committee specifies at the time of such delegation, and the Committee may at any time rescind the authority so delegated or appoint a new delegatee. At all times, the delegatee appointed under this Section shall serve in such capacity at the pleasure of the Committee.

9.3 *Majority Rule; Unanimous Written Consent.* The Committee shall act by a majority of its members in attendance at a meeting at which a quorum is present or by a memorandum or other written instrument signed by all members of the Committee.

9.4 *Compensation; Professional Assistance; Good Faith Actions.* Members of the Committee shall receive such compensation for their services as members as may be determined by the Board. All expenses and liabilities which members of the Committee incur in connection with the administration of this Plan shall be borne by the Company. The Committee may, with the approval of the Board, employ attorneys, consultants, accountants, appraisers, brokers, or other persons. The Committee, the Company and the Company's officers and Directors shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee or the Board in good faith shall be final and binding upon all Optionees, Grantees, Restricted Stockholders, the Company and all other interested persons. No members of the Committee or Board shall be personally liable for any action, determination or interpretation made in good faith with respect to this Plan, Options, awards of Restricted Stock or Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, and all members of the Committee and the Board shall be fully protected by the Company in respect of any such action, determination or interpretation.

ARTICLE X.

MISCELLANEOUS PROVISIONS

10.1 *Not Transferable.* Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments under this Plan may not be sold, pledged, assigned, or transferred in any manner other than by will or the laws of descent and distribution or pursuant to a QDRO, unless and until such rights or awards have been exercised, or the shares underlying such rights or awards have been issued, and all restrictions applicable to such shares have lapsed. No Option, Restricted Stock award, Restricted Stock Unit award, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment or interest or right therein shall be liable for the debts, contracts or engagements of the Optionee, Grantee or Restricted Stockholder or his successors in interest or shall be subject to disposition by transfer, alienation, anticipation, pledge, encumbrance, assignment or any other means whether such disposition be voluntary or involuntary or by operation of law by judgment, levy, attachment, garnishment or any other legal or equitable proceedings (including bankruptcy), and any attempted disposition thereof shall be null and void and of no effect, except to the extent that such disposition is permitted by the preceding sentence.

---

**Table of Contents**

During the lifetime of the Optionee or Grantee, only he may exercise an Option or other right or award (or any portion thereof) granted to him under the Plan, unless it has been disposed of pursuant to a QDRO. After the death of the Optionee or Grantee, any exercisable portion of an Option or other right or award may, prior to the time when such portion becomes unexercisable under the Plan or the applicable Stock Option Agreement or other agreement, be exercised by his personal representative or by any person empowered to do so under the deceased Optionee's or Grantee's will or under the then applicable laws of descent and distribution.

10.2 Amendment, Suspension or Termination of this Plan. Except as otherwise provided in this Section 10.2, this Plan may be wholly or partially amended or otherwise modified, suspended or terminated at any time or from time to time by the Board or the Committee. However, without approval of the Company's stockholders given within twelve months before or after the action by the Board or the Committee, no action of the Board or the Committee may, except as provided in Section 10.3, increase the limits imposed in Section 2.1 on the maximum number of shares which may be issued under this Plan or modify the Award Limit, and no action of the Board or the Committee may be taken that would otherwise require stockholder approval as a matter of applicable law, or the rules and regulations of any stock exchange or national market system on which the Common Stock is then listed. No amendment, suspension or termination of this Plan shall, without the consent of the holder of Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments, alter or impair any rights or obligations under any Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments theretofore granted or awarded, unless the award itself otherwise expressly so provides. No Options, Restricted Stock, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments may be granted or awarded during any period of suspension or after termination of this Plan, and in no event may any Incentive Stock Option be granted under this Plan after June 21, 2020.

10.3 Changes in Common Stock or Assets of the Company, Acquisition or Liquidation of the Company and Other Corporate Events.

(a) Subject to Section 10.3(d), in the event that the Committee (or the Board, in the case of awards granted to Independent Directors) determines that any dividend or other distribution (whether in the form of cash, Common Stock, other securities, or other property) (other than normal cash dividends), recapitalization, reclassification, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, liquidation, dissolution, or sale, transfer, exchange or other disposition of all or substantially all of the assets of the Company (including, but not limited to, a Corporate Transaction), or exchange of Common Stock or other securities of the Company, issuance of warrants or other rights to purchase Common Stock or other securities of the Company, or other similar corporate transaction or event (other than an Equity Restructuring), in the Committee's sole discretion (or in the case of awards granted to Independent Directors, the Board's sole discretion), affects the Common Stock such that an adjustment is determined by the Committee to be appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to an Option, Restricted Stock award, Performance Award, Stock Appreciation Right, Dividend Equivalent, Restricted Stock Unit award or Stock Payment, then the Committee (or the Board, in the case of awards granted to Independent Directors) shall, in such manner as it may deem equitable, adjust any or all of:

(i) the number and kind of shares of Common Stock (or other securities or property) with respect to which Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments may be granted under the Plan, or which may be granted as Restricted Stock (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and kind of shares which may be issued, adjustments of the Award Limit and adjustments of the manner in which shares subject to Full Value Awards will be counted),

(ii) the number and kind of shares of Common Stock (or other securities or property) subject to outstanding Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, or Stock Payments, and in the number and kind of shares of outstanding Restricted Stock, and

**Table of Contents**

(iii) the grant or exercise price with respect to any Option, Restricted Stock Unit, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment, and

(iv) the number and kind of shares of Common Stock (or other securities or property) for which automatic grants of Options and Restricted Stock Units are subsequently to be made to new and continuing Independent Directors pursuant to Section 3.4(d) and Section 7.4(b), respectively.

(b) Subject to Sections 10.3(b)(vii), 10.3(d) and 10.3(e) in the event of any Corporate Transaction or other transaction or event described in Section 10.3(a) or any unusual or nonrecurring transactions or events affecting the Company, any affiliate of the Company, or the financial statements of the Company or any affiliate, or of changes in applicable laws, regulations, or accounting principles, the Committee (or the Board, in the case of awards granted to Independent Directors) in its discretion is hereby authorized to take any one or more of the following actions whenever the Committee (or the Board, in the case of awards granted to Independent Directors) determines that such action is appropriate in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Plan or with respect to any option, right or other award under this Plan, to facilitate such transactions or events or to give effect to such changes in laws, regulations or principles:

(i) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of the agreement or by action taken prior to the occurrence of such transaction or event and either automatically or upon the optionee's request, for either the purchase of any such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or any Restricted Stock or Restricted Stock Unit for an amount of cash equal to the amount that could have been attained upon the exercise of such option, right or award or realization of the optionee's rights had such option, right or award been currently exercisable or payable or fully vested or the replacement of such option, right or award with other rights or property selected by the Committee (or the Board, in the case of awards granted to Independent Directors) in its sole discretion;

(ii) In its sole and absolute discretion, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event that it cannot be exercised after such event;

(iii) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event, that for a specified period of time prior to such transaction or event, such option, right or award shall be vested and/or exercisable as to all shares covered thereby, notwithstanding anything to the contrary in (i) Section 4.4 or (ii) the provisions of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award;

(iv) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may provide, either by the terms of such Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit award or by action taken prior to the occurrence of such transaction or event, that upon such event, such option, right or award be assumed by the successor or survivor corporation, or a parent or subsidiary thereof, or shall be substituted for by similar options, rights or awards covering the stock of the successor or survivor corporation, or a parent or subsidiary thereof, with appropriate adjustments as to the number and kind of shares and prices;

(v) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee (or the Board, in the case of awards granted to Independent Directors) may make adjustments in

the number and type of shares of Common Stock (or other securities or property) subject to outstanding Options, Restricted Stock Units, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, or Stock Payments, and in the number and kind of outstanding Restricted Stock and/or in the terms and conditions of (including the grant or exercise price), and the criteria included in, outstanding options, rights and awards and options, rights and awards which may be granted in the future;

(vi) In its sole and absolute discretion, and on such terms and conditions as it deems appropriate, the Committee may provide either by the terms of a Restricted Stock award or by action taken prior to the occurrence of such event that, for a specified period of time prior to such event, the restrictions imposed under a Restricted Stock Agreement upon some or all shares of Restricted Stock may be terminated, and, some or all shares of such Restricted Stock may cease to be subject to repurchase under Section 6.6 or forfeiture under Section 6.5 after such event; and

(vii) None of the foregoing discretionary actions taken under this Section 10.3(b) shall be permitted with respect to awards granted to Independent Directors to the extent that such discretion would be inconsistent with the applicable exemptive conditions of Rule 16b-3. In the event of a Change in Control or a Corporate Transaction, to the extent that the Board does not have the ability under Rule 16b-3 to take or to refrain from taking the discretionary actions set forth in Section 10.3(b)(iii) above, each award granted to an Independent Director shall be vested and/or exercisable as to all shares covered thereby upon such Change in Control or during the five days immediately preceding the consummation of such Corporate Transaction and subject to such consummation, notwithstanding anything to the contrary in Section 4.4 or the vesting schedule of such awards. In the event of a Corporate Transaction, to the extent that the Board does not have the ability under Rule 16b-3 to take or to refrain from taking the discretionary actions set forth in Section 10.3(b)(ii) above, no Option granted to an Independent Director may be exercised following such Corporate Transaction unless such Option is, in connection with such Corporate Transaction, either assumed by the successor or survivor corporation (or parent or subsidiary thereof) or replaced with a comparable right with respect to shares of the capital stock of the successor or survivor corporation (or parent or subsidiary thereof).

(c) Subject to Sections 10.3(d) and 10.7, the Committee (or the Board, in the case of awards granted to Independent Directors) may, in its discretion, include such further provisions and limitations in any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, or Stock Payment, or Restricted Stock or Restricted Stock Unit agreement or certificate, as it may deem equitable and in the best interests of the Company.

(d) With respect to Incentive Stock Options and awards intended to qualify as performance-based compensation under Section 162(m), no adjustment or action described in this Section 10.3 or in any other provision of the Plan shall be authorized to the extent that such adjustment or action would cause the Plan to violate Section 422(b)(1) of the Code or would cause such award to fail to so qualify under Section 162(m), as the case may be, or any successor provisions thereto. Furthermore, no such adjustment or action shall be authorized to the extent such adjustment or action would result in short-swing profits liability under Section 16 or violate the exemptive conditions of Rule 16b-3 unless the Committee (or the Board, in the case of awards granted to Independent Directors) determines that the option or other award is not to comply with such exemptive conditions. The number of shares of Common Stock subject to any option, right or award shall always be rounded to the next whole number.

(e) In connection with the occurrence of any Equity Restructuring, and notwithstanding anything to the contrary in Sections 10.3(a) and 10.3(b):

(i) The number and type of securities subject to each outstanding award and the exercise price or grant price thereof, if applicable, shall be equitably adjusted. The adjustments provided under this Section 10(e) shall be nondiscretionary and shall be final and binding on the affected holder and the Company.

(ii) The Committee (or the Board, in the case of awards granted to Independent Directors) shall make such equitable adjustments, if any, as the Committee may deem appropriate to reflect such Equity Restructuring with respect to the aggregate number and kind of shares that may be issued under the Plan (including, but not limited to, adjustments of the limitations in Section 2.1 on the maximum number and

kind of shares which may be issued under the Plan or the Award Limit and adjustments of the manner in which shares subject to Full Value Awards will be counted).

10.4 *Tax Withholding.* The Company shall be entitled to require payment in cash or deduction from other compensation payable to each Optionee, Grantee or Restricted Stockholder of any sums required by federal, state or local tax law to be withheld with respect to the issuance, vesting or exercise of any Option, Restricted Stock, Restricted Stock Unit, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment. The Committee (or the Board, in the case of awards granted to Independent Directors) may in its discretion and in satisfaction of the foregoing requirement allow such Optionee, Grantee or Restricted Stockholder to elect to have the Company withhold shares of Common Stock otherwise issuable under such Option or other award (or allow the return of shares of Common Stock) having a Fair Market Value equal to the minimum amounts required to be withheld.

10.5 *Loans.* The Committee may, in its discretion, and to the extent permitted by law extend one or more loans to key Employees in connection with the exercise or receipt of an Option, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment granted under this Plan, or the issuance, vesting or distribution of Restricted Stock or Restricted Stock Units awarded under this Plan. The terms and conditions of any such loan shall be set by the Committee (or the Board, in the case of awards granted to Independent Directors). No loans will be made to key Employees if such loans would be prohibited by Section 402 of the Sarbanes-Oxley Act of 2002.

10.6 *Forfeiture Provisions.* Pursuant to its general authority to determine the terms and conditions applicable to awards under the Plan, the Committee (or the Board, in the case of awards granted to Independent Directors) shall have the right (to the extent consistent with the applicable exemptive conditions of Rule 16b-3) to provide, in the terms of Options or other awards made under the Plan, or to require the recipient to agree by separate written instrument, that (i) any proceeds, gains or other economic benefit actually or constructively received by the recipient upon any receipt or exercise of the award, or upon the receipt or resale of any Common Stock underlying such award, must be paid to the Company, and (ii) the award shall terminate and any unexercised portion of such award (whether or not vested) shall be forfeited, if (a) a Termination of Employment, Termination of Consultancy or Termination of Directorship occurs prior to a specified date, or within a specified time period following receipt or exercise of the award, or (b) the recipient at any time, or during a specified time period, engages in any activity in competition with the Company, or which is inimical, contrary or harmful to the interests of the Company, as further defined by the Committee (or the Board, as applicable).

10.7 *Limitations Applicable to Section 16 Persons and Performance-Based Compensation.* Notwithstanding any other provision of this Plan, this Plan, and any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent or Stock Payment granted, or Restricted Stock or Restricted Stock Unit awarded, to any individual who is then subject to Section 16 of the Exchange Act, shall be subject to any additional limitations set forth in any applicable exemptive rule under Section 16 of the Exchange Act (including any amendment to Rule 16b-3 of the Exchange Act) that are requirements for the application of such exemptive rule. To the extent permitted by applicable law, the Plan, Options, Performance Awards, Stock Appreciation Rights, Dividend Equivalents, Stock Payments, Restricted Stock and Restricted Stock Units granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such applicable exemptive rule. Furthermore, notwithstanding any other provision of this Plan, any Option, Performance Award, Stock Appreciation Right, Dividend Equivalent, Stock Payment, Restricted Stock or Restricted Stock Unit intended to qualify as performance-based compensation as described in Section 162(m)(4)(C) of the Code shall be subject to any additional limitations set forth in Section 162(m) of the Code (including any amendment to Section 162(m) of the Code) or any regulations or rulings issued thereunder that are requirements for qualification as performance-based compensation as described in Section 162(m)(4)(C) of the Code, and this Plan shall be deemed amended to the extent necessary to conform to such requirements.

10.8 *Effect of Plan Upon Options and Compensation Plans.* The adoption of this Plan shall not affect any other compensation or incentive plans in effect for the Company or any Subsidiary. Nothing in this Plan shall be construed to limit the right of the Company (i) to establish any other forms of incentives or compensation for Employees, Directors or Consultants of the Company or any Subsidiary or (ii) to grant or assume options or other

rights otherwise than under this Plan in connection with any proper corporate purpose including but not by way of limitation, the grant or assumption of options in connection with the acquisition by purchase, lease, merger, consolidation or otherwise, of the business, stock or assets of any corporation, partnership, limited liability company, firm or association.

10.9 Compliance with Laws. This Plan, the granting and vesting of Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments under this Plan and the issuance and delivery of shares of Common Stock and the payment of money under this Plan or under Options, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments granted or Restricted Stock or Restricted Stock Units awarded hereunder are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal securities law and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may, in the opinion of counsel for the Company, be necessary or advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions, and the person acquiring such securities shall, if requested by the Company, provide such assurances and representations to the Company as the Company may deem necessary or desirable to assure compliance with all applicable legal requirements. To the extent permitted by applicable law, the Plan, Options, Restricted Stock awards, Restricted Stock Unit awards, Performance Awards, Stock Appreciation Rights, Dividend Equivalents or Stock Payments granted or awarded hereunder shall be deemed amended to the extent necessary to conform to such laws, rules and regulations.

10.10 Titles. Titles are provided herein for convenience only and are not to serve as a basis for interpretation or construction of this Plan.

10.11 Governing Law. This Plan and any agreements hereunder shall be administered, interpreted and enforced under the internal laws of the State of California without regard to conflicts of laws thereof.

10.12 Section 409A. To the extent that the Committee (or the Board, in the case of awards granted to Independent Directors) determines that any award granted under the Plan is subject to Section 409A of the Code, the award agreement evidencing such award shall incorporate the terms and conditions required by Section 409A of the Code. To the extent applicable, the Plan and award agreements shall be interpreted in accordance with Section 409A of the Code and Department of Treasury regulations and other interpretive guidance issued thereunder. Notwithstanding any provision of the Plan to the contrary, in the event that the Committee (or the Board, in the case of awards granted to Independent Directors) determines that any award may be subject to Section 409A of the Code and related Department of Treasury guidance (including Department of Treasury guidance), the Committee (or the Board, in the case of awards granted to Independent Directors) may adopt such amendments to the Plan and the applicable award agreement or adopt other policies and procedures (including amendments, policies and procedures with retroactive effect), or take any other actions, that the Committee (or the Board, in the case of awards granted to Independent Directors) determines are necessary or appropriate to (a) exempt the award from Section 409A of the Code and/or preserve the intended tax treatment of the benefits provided with respect to the award, or (b) comply with the requirements of Section 409A of the Code and related Department of Treasury guidance.
