**3.2 Warning and Explanation of the Forecast of a Possible Loss for the Period from the Beginning of the Year to the End of the Next Reporting Period, or a Significant Change in Profit or Loss Compared with the Corresponding Period of the Previous Year**

The Group suffered quite a significant loss during the nine-month period ended 30 September 2012. Although the losses were much less in the third quarter compared to those of the second quarter, the fourth quarter still sees a great deal of uncertainties both in the domestic and international economic environment, and weakening growth in downstream demand. As a result, it is unlikely that there will be a significant improvement in the results for the fourth quarter of 2012. In view of this, the Group is expected to continue to incur a loss in the operating results for the year ending 31 December 2012.

**3.3 Implementation of Dividend Policy during the Reporting Period**

The profit distribution plan for 2011 was considered and approved at the Company's 2011 annual general meeting convened on 27 June 2012. The plan is: distributing a dividend of RMB0.50 per 10 shares (tax inclusive) based on the total share capital of RMB7.2 billion as at 31 December 2011. The share registration date for the distribution of dividends to holders of A shares was 20 July 2012. The ex-dividend date was 23 July 2012. The dividend payment date for H shares and social public A shares was 27 July 2012. The profit distribution plan has been implemented as scheduled.
