LETTER FROM THE BOARD OF DIRECTORS TO OUR STOCKHOLDERS

Each of us takes special pride this year in acknowledging the leadership of Portfolio Recovery Associates, Inc. (PRA) and its U.S. and U.K. employees who helped the Company deliver yet another year of record results in 2012. As a result, PRA stock significantly outperformed the leading stock indices as well as the Company's peers, ending 2012 with a 58% return.

As you know, our role as members of your Board of Directors is to continue to maintain the high standards of governance, ethics and transparency that you've come to expect of PRA. And we remain accessible and accountable to each of you. As we do each year, this letter outlines some of the steps that the Board has taken to ensure that in 2012 we acted responsibly and appropriately to protect the integrity and long-term security of the Company.

We note that with increasing federal and state regulatory scrutiny over financial institutions, PRA must remain focused on compliance. We believe PRA's employees are adhering to the highest standards in the debt collection industry. The Board continues to do its part to ensure that governance concerns are promptly and meaningfully addressed, and continues to review governance policies so that PRA serves the best interests of the Company's stockholders at all times.

The following are highlights from our activities and initiatives in 2012, which can be found in greater detail in our proxy statement:

Compliance Oversight: The Consumer Financial Protection Bureau began its supervision of larger consumer debt collectors in 2013. While PRA has always maintained a strong focus on compliance, the Board believed it was prudent to dedicate additional resources in 2012 to this effort, creating a separate Compliance Department. The objective of PRA's Compliance Department is to assist the Company in maintaining the highest standards of integrity and ethical conduct, while maintaining its focus on compliance with the variety of laws and regulations that have an impact on our business. This department has direct and regular access to the Board of Directors.

Risk Oversight: In 2012, the Risk Management Group continued on its agenda to formally document known risks, assess the sufficiency of risk identification, and recommend the appropriate manner in which to control or mitigate those risks. In addition, the Compensation Committee, as part of reviewing the Company's compensation programs, considered the potential impact such programs have on incentivizing the Company's officers and directors to take risks.

Strategic Guidance: It is the Board's responsibility to provide strategic guidance to management on the long-term direction and sustainability of the Company. The Company's record results are a testament to the strategic and operational goals established for 2012. We remain pleased with the focus that management places on long-term growth in earnings as opposed to short-term quarterly results. We believe this strategy continues to benefit the Company and its stockholders.

Engaging with our Stockholders: PRA provides a variety of channels to communicate and engage with our stockholders including the annual report, quarterly reports, news releases, presentations at the annual meeting of stockholders, and one-on-one as well as group meetings at industry and investor conferences. Management also holds conference calls following the public disclosure of quarterly earnings. These calls are accessible to the public and remain archived for seven days at the Company's website. In 2012, we once again sought an annual advisory vote to approve named executive officer compensation (which is also referred to as a Say on Pay vote). Stockholders who participated in the Say on Pay vote in 2012 indicated their satisfaction with our approach to executive compensation. We hope you continue to fully understand and value our approach to named executive officer compensation and

provide your endorsement when voting your proxy.

Talent Management and Succession Planning: We believe that PRA has a strong team of talented leaders, and we go to great lengths to recruit and retain top executives. We are actively involved in oversight of the Company's talent management strategies and

programs. While succession planning is a component of the Nominating and Corporate Governance Committee's Charter, each year the full Board participates in a thorough review of the succession plans for all key leadership positions. We also fully review the Company's talent management plans in support of its business strategy at least once each year. In 2012, we embarked on identifying the necessary competencies for success for Non-Employee directors and for each member of our Executive Leadership team.

We encourage your feedback and support on these or any of our other initiatives, and we invite you to send your ideas and suggestions to Judith Scott, EVP, General Counsel and Secretary of PRA, at jsscott@portfoliorecovery.com. Or, if you would prefer to write to us via postal mail, our contact information can be found in the section of the Proxy Statement entitled Communication with Directors.

As always, we are committed to serving you, our stockholders, and we thank you for your continued support.

PRA's financial performance was also recognized publicly in 2012. The company was named one of Fortune's 100 Fastest Growing Companies in 2012, one of Forbes' Top 25 Best Small Companies in America in 2012, and continued its ranking as one of Forbes' 100 Best Small Companies, which it has been named each year since 2007.

Strategic Acquisitions: In January 2012, we completed the acquisition of Mackenzie Hall Holdings Limited (Mackenzie Hall), a leading UK debt collection and purchasing group based in Kilmarnock, Scotland for approximately \$51 Million. Mackenzie Hall is one of the UK's fastest-growing businesses in consumer debt recovery, and with this acquisition, PRA expanded into the global market, giving us opportunities to continue to diversify revenue and services.

In December 2012, we completed the acquisition of certain finance receivables and other operating assets of National Capital Management, LLC (NCM) for \$107 Million. With this acquisition, we increased our presence in the bankruptcy market by acquiring expertise in secured bankruptcy receivables.

Business and Government Services: In October 2012, Steven C. Roberts was hired as our President, Business and Government Services to improve sales and profitability of our Business and Government services.

COMPENSATION HIGHLIGHTS

The consistent, strong performance summarized on the previous page is reflected in the compensation that our senior executives earned in 2012, as described in the Compensation Discussion and Analysis in this Proxy Statement.

The Board awarded Steven D. Fredrickson, our CEO, incentive compensation for 2012 which was tied to business results, including a non-equity incentive plan award of \$1,300,000 and a Long-Term Equity Program incentive equity award valued at \$1,500,000. The compensation of our other senior Named Executive Officers (to whom, along with our CEO, we collectively refer as NEOs) further reflects both our strong 2012 performance and our compensation philosophy. Consistent with our executive compensation philosophy, a significant portion of both our CEO's and other NEOs' total compensation is incentive-based and at risk, as illustrated in the following graphs:

Comparing PRA to our peer group (as listed on page 40 of this Proxy Statement) on a one, three and five year basis, our percentile ranking in terms of total stockholder return significantly exceeds the percentile ranking of our CEO's target and realizable pay.

	One Year	Three Years	Five Years
Total Stockholder Return ¹	93rd Percentile	86th Percentile	64th Percentile
CEO Target Pay ²	55th Percentile	35th Percentile	36th Percentile
CEO Realizable Pay ³	70th Percentile	51st Percentile	43rd Percentile

(1) As of December 31, 2012; assumes reinvestment of dividends.

(2) CEO target pay is based on compensation information reported in the most recently filed proxy statements of the Company's 2012 compensation peer companies listed on page 40 of this proxy statement; target pay was calculated as the sum of (a) annual base pay, (b) target bonus, (c) grant date fair value of stock options, (d) grant date fair value of stock awards and (e) target long-term cash awards.

(3) CEO realizable pay is based on compensation information reported in the most recently filed proxy statements of the Company's 2012 compensation peer companies listed on page 40 of this proxy statement; realizable pay was calculated as the sum of (a) annual base pay, (b) actual bonus, and for long-term incentive awards granted during the measurement period, (c) intrinsic value of stock options as of December 31, 2012, (d) value of restricted stock as of the vesting date or December 31, 2012, if not vested, (e) performance shares earned or target shares if the performance period ends after December 31, 2012 (based on the stock price at the vesting date or December 31, 2012, if not vested), (h) earned performance cash awards or target values if the performance period ends after December 31, 2012.

Further detail on the total compensation for our CEO and all other NEOs can be found in the Compensation Discussion and Analysis and the corresponding tables and narratives in this Proxy Statement.

STOCKHOLDER ACTIONS

Described below are the proposals that are included on the enclosed proxy card and will be on the ballot at the Annual Meeting, and any adjournments or postponements thereof.

PROPOSAL 1

ELECTION OF DIRECTORS

The Company's Bylaws provide for the annual election of Directors. The Company's Bylaws also provide that the number of Directors shall be determined by the Board, which is currently set at seven Directors in three classes. At the Annual Meeting, the term of the class of directors consisting of John H. Fain, John E. Fuller and David N. Roberts will expire, and the names of John H. Fain and David N. Roberts will be placed on the ballot for re-election. John E. Fuller will not be seeking re-election. To be elected as a Director, a nominee must receive the affirmative vote of a plurality of the votes cast. In an uncontested election, any nominee for Director who receives a greater number of withheld votes than for votes is required to tender his or her resignation for consideration by the Nominating and Corporate Governance Committee of the Board of Directors.

PROPOSAL 2

ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

The Company will again be presenting a proposal which gives stockholders the opportunity to approve, on a non-binding advisory basis, the compensation of its NEOs as described in the Proxy Statement. The affirmative vote of a majority of the shares of common stock presented, in person or by proxy, at a meeting at which a quorum is present, is required to approve the compensation of the Company's NEOs as disclosed in the Proxy Statement. Under Delaware law, abstentions are counted as shares present and entitled to vote at the meeting. Therefore, abstentions will have the same effect as a vote against the advisory vote to approve. While this vote is advisory in nature and therefore will not bind the Company to take any particular action, the Compensation Committee of the Board will continue to consider the results from this year's and future advisory votes regarding executive compensation.

PROPOSAL 3

RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ratification of the appointment of the Company's independent registered public accounting firm for the year ending December 31, 2013 requires the affirmative vote of a majority of the shares of common stock presented, in person or by proxy, at a meeting at which a quorum is present. Under Delaware law, abstentions are counted as shares present and entitled to vote at the meeting. Therefore, abstentions will have the same effect as a vote against the ratification of the Company's independent registered public accounting firm. The Audit Committee evaluates the performance of the Company's independent registered public accounting firm each year and determines whether to reengage the current audit firm or consider other audit firms. In doing so, the Audit Committee considers the quality and efficiency of the services provided by the auditors, the auditors' technical expertise and their knowledge of the Company's global operations and industry.

PROPOSAL 4

APPROVAL OF 2013 OMNIBUS INCENTIVE PLAN

The Board of Directors has approved, subject to stockholder approval, an Omnibus Incentive Plan. The 2013 Omnibus Incentive Plan as proposed is attached as [Appendix A](#) to this Proxy Statement. The purpose of the 2013 Omnibus Incentive Plan is to allow the Company to provide key employees incentives in the form of long-term compensation awards, such as stock options, deferred stock units and restricted stock. Approval of the 2013 Omnibus Incentive Plan requires the affirmative vote of a majority of the shares of common stock represented, in person or by proxy, at a meeting at which a quorum is present.

PROPOSAL 5

APPROVAL OF 2013 NON-EQUITY INCENTIVE PLAN

Edgar Filing: PORTFOLIO RECOVERY ASSOCIATES INC - Form DEF 14A

The Board of Directors has approved, subject to stockholder approval, the 2013 Annual Non-Equity Incentive Plan (the 2013 Non-Equity Incentive Plan). Pursuant to our 2013 Non-Equity Incentive Plan, we may provide annual performance-incentive bonuses to our NEOs. Non-equity incentive awards paid, if any, are tied to the achievement of certain pre-defined financial and other business performance goals. The 2013 Non-Equity Incentive Plan is a mechanism to provide annual incentive compensation tied to performance and to preserve the deductibility of this compensation in accordance with Section 162(m) of the Internal Revenue Code and related regulations. The 2013 Non-Equity Incentive Plan as

proposed is attached as Appendix B to this Proxy Statement. Approval of the 2013 Non-Equity Incentive Plan proposal requires the affirmative vote of a majority of the shares of common stock represented, in person or by proxy, at a meeting at which a quorum is present. Abstentions and broker non-votes will not be counted in determining the number of votes cast for this proposal.

If you intend to vote at the Annual Meeting, you also will need to bring to the Annual Meeting a proxy from your broker, bank or other similar organization that authorizes you to vote the shares that the holder of record holds for you in its name.

Revoking Your Proxy

You may change or revoke your proxy at any time before it is voted at the Annual Meeting by sending a written notice of revocation of your proxy to the Corporate Secretary so that it is received before the completion of voting at the Annual Meeting. You can also attend the Annual Meeting and vote in person, unless you are a beneficial owner, without a legal proxy. Your attendance at the Annual Meeting will not in and of itself revoke your proxy. In order to revoke your proxy, you must also notify the Corporate Secretary of your intent to vote in person, and then vote your shares at the Annual Meeting. If you require assistance in changing or revoking your proxy, please contact the Corporate Secretary at 140 Corporate Blvd, Norfolk, Virginia 23502, Attention: Judith Scott, EVP, General Counsel and Corporate Secretary or by email at jsscott@portfoliorecovery.com.

Quorum and How Votes Are Counted

A quorum is required to transact business at the Annual Meeting. A majority of holders of the issued and outstanding shares of common stock of the Company entitled to vote, who are represented in person or by proxy, will constitute a quorum. Abstentions and broker non-votes are included in determining whether a quorum is present, which are explained below. Continental Stock Transfer and Trust Company has been appointed by the Board to act as the inspector of election. The inspector of election will tabulate the votes cast by proxy or in person at the Annual Meeting, and will determine whether or not a quorum is present. In the event that a quorum is not present, the Annual Meeting will likely be adjourned or postponed in order to solicit additional proxies.

Voting Your Proxy

Shares represented by proxy will be voted as directed on the proxy form and, if no direction is given, will be voted as follows:

1. **FOR** the election of each of the Director nominees;
2. **FOR** the approval, on a non-binding advisory basis, of the compensation of the Company's NEOs;
3. **FOR** the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for fiscal year 2013;
4. **FOR** the approval of the Company's 2013 Omnibus Incentive Plan;
5. **FOR** the approval of the Company's 2013 Annual Non-Equity Incentive Plan; and
6. In the best judgment of the persons named in the proxies, with respect to any other matters that may properly come before the meeting.

Broker Non-Votes

Brokers, banks or other similar organizations holding shares in street name for customers who are beneficial owners of such shares are prohibited from voting such customers' shares on non-routine matters in the absence of specific instructions from such customers. The absence of a specific instruction is commonly referred to as a broker non-vote. If your shares are held in street name, it is critical that you vote or provide specific instructions to your broker, bank or similar organization if you want your vote to count. The ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm is considered a routine matter. Therefore, the organization that holds your shares may vote on this matter without instructions from you and no broker non-votes will occur with respect to this matter. On the other hand, the election of directors, the approval, on a non-binding advisory basis, of the compensation of the Company's NEOs, the approval of our 2013 Omnibus Incentive Plan and the approval of our 2013 Non-Equity Incentive Plan are all considered non-routine matters. If you hold your shares through a bank, broker or other similar organization, the organization may not vote your shares on these non-routine matters absent specific instructions from you and absent specific instructions, the shares held by such organization are not counted as shares present and entitled to be voted with respect to such non-routine matters. Therefore, broker non-votes will exist with respect to such non-routine matters but will have no impact on the outcome of such non-routine matters.

If you received more than one proxy card, you may hold shares in more than one account. To ensure that all of your shares are voted, you must sign and return each card that you receive. Alternatively, if you vote online via the Internet, you will need to vote once for each proxy card you receive. As a holder of common stock of the Company, you are always invited to attend the Annual Meeting and vote your shares in person.

Voting By Mail

If you do not expect to attend the Annual Meeting in person, and choose to vote on the proposals on the agenda by mail, simply complete the proxy card, sign and date it, and return it in the postage-paid envelope provided. If you are a stockholder whose shares are held in street name (i.e., in the name of a broker, bank or other similar organization), you may obtain a proxy, executed in your favor, from the record holder. You may sign the proxy card and return it to the Company, or you may direct the record holder of your shares to vote your proxy in the manner you specify. Further, if your shares are held in street name, you must communicate your instructions respecting the voting of your shares to the record holder, or your broker will be prohibited from voting your shares. Voting by mail will not affect your right to vote in person if you decide to attend the Annual Meeting; however, if you wish to revoke your proxy, you must first notify the Corporate Secretary of your intent to vote in person, and must actually vote your shares at the Annual Meeting.

Voting and Viewing Proxy Materials via the Internet

Under rules approved by the Securities and Exchange Commission (SEC), the Company is furnishing proxy materials on the Internet in addition to mailing paper copies of the materials to each stockholder of record. Instructions on how to access and review the proxy materials on the Internet can be found on your proxy card and on the Notice of Internet Availability of Proxy Materials which is sent to stockholders who hold their shares in street name (i.e. in the name of a broker, bank or other similar organization). Voting over the Internet will not affect your right to vote in person if you decide to attend the Annual Meeting; however, if you wish to revoke your proxy, you must first notify the Corporate Secretary of your intent to vote in person, and vote your shares at the Annual Meeting. In addition, stockholders may request proxy materials in printed form by mail or electronically by email on an ongoing basis. This process provides stockholders with needed information in a timely manner, while conserving natural resources and lowering the costs of printing and distributing proxy materials.

Voting Results

The results of voting at the Annual Meeting will be filed with the SEC within four business days after the Annual Meeting and will be available on the SEC's website www.sec.gov or on our website www.portfoliorecovery.com. If the final results are not available at that time, we will provide preliminary voting results in a Form 8-K and will provide the final voting results in an amendment to the Form 8-K as soon as they are available.

Table of Contents

PROPOSAL 1 ELECTION OF DIRECTORS

The Board currently consists of seven members in three classes. Each Director serves a three year term. One class of Directors is elected at each annual meeting of stockholders. Nominees for Director who receive the affirmative votes of a plurality of the shares represented and voting in person or by proxy at the Annual Meeting will be elected. The names of David N. Roberts and John H. Fain will be placed on the ballot for election to the Board in 2013. Mr. Roberts currently serves as Lead Director. John E. Fuller will not be seeking re-election. Accordingly, his term will effectively expire at the 2013 Annual Meeting, and if Messrs Roberts and Fain are elected, the Board will consist of six members.

Each of the nominees has consented to serve as Director if elected. We have no reason to believe that any of the current Directors will be unable or unwilling for good cause to serve. However, if any Director should become unable for any reason or unwilling for good cause to serve, proxies may be voted for another person nominated as a substitute by the Board, or the Board may reduce the number of Directors.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES.

Director Orientation, Education and Preparation

The Company conducts a formal orientation program for all new Directors, which includes one-on-one meetings with each of our executives and senior management, as well as the provision of extensive written material about the Company, its operating units and departments, and the industries in which the Company and its subsidiaries operate. Senior management reports and meetings with Directors involve operating performance overviews, strategic plans and significant financial, accounting and risk management issues. Directors visit the Company's departments and subsidiaries in order to gain additional knowledge about their operations. Further, all Directors participate as a group in ongoing continuing education through director education sessions that are held on a regular Board meeting date at least once per year. The Company also affords Directors the opportunity and funds to attend additional external director education programs. Management ensures that the Board is fully informed about the Company's business by providing regular written financial reports, reports of operations, compliance reports and updates and other relevant reports at Board meetings at least quarterly, as well as between meetings and at committee meetings. Board materials related to agenda items are provided sufficiently in advance of Board meetings to allow the Directors time to prepare for meaningful discussion. All Board members also receive comprehensive quarterly financial reports and budget briefings from the Chief Financial Officer (CFO). Members of senior management attend regular Board meetings, or portions thereof, for the purpose of participating in discussions and providing management reports on business unit operations and operational developments and risks. Directors also have access to members of management and employees of the Company between meetings and, as necessary and appropriate, may consult with and engage, at the Company's expense, independent legal, compensation, financial and accounting advisors to assist them in performing their duties to the Company and its stockholders.

Director Qualifications

The responsibility of service as a Director requires highly-skilled individuals with various qualities, skills, attributes, and professional experience. The Board believes that there are general requirements for service on the Board that are applicable to all Directors and that there are other skills and experiences that should be represented on the Board as a whole, but not necessarily by each Director. The Board and the Nominating and Corporate Governance Committee consider the qualifications of Directors and Director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

Qualifications for all Directors

The Board and the Nominating and Corporate Governance Committee require that each Director be a recognized person of high integrity and ethical standards with a proven record of success in his or her field. Directors (other than the CEO) should also be independent, as defined in NASDAQ Rule 5605(a)(2). Each Director must also have a familiarity with and respect for corporate governance requirements and practices as well as an appreciation for diversity. While the Board does not have a specific diversity policy, they do consider diversity of race, ethnicity, gender, age, cultural background, and professional experiences in evaluating candidates for Board membership. All Directors should have sufficient time to properly discharge the duties associated with serving as a Director and to attend and participate in Board and committee meetings. The Nominating and Corporate Governance Committee also prefers that Director candidates have intangible qualities including the ability to ask difficult questions while continuing to work collegially with the other Directors and members of management.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee ensures that the Board has an effective corporate governance program in place by reviewing the Company's corporate governance practices and related public issues important to the Company, and making recommendations to the Board on such issues. As more fully described in its charter, the Nominating and Corporate Governance Committee is responsible for

Conducting annual reviews of the composition of all committees;

Making recommendations concerning Board dynamics;

For more information on the procedures for submission of stockholder proposals, see the

Submission of Stockholder Proposals section. The Nominating and Corporate Governance Committee uses the same criteria in evaluating any candidates nominated by a stockholder, current Directors and officers of the Company.

The Nominating and Corporate Governance Committee seeks to determine whether a candidate meets the Company's general Board membership qualifications, possesses the skills required of a Director and will contribute to the diversity of talent represented on the Board. The Nominating and Corporate Governance Committee arranges and conducts personal interviews of candidates, as appropriate. In addition, the Nominating and Corporate Governance Committee will consider whether the candidate assists in achieving a mix of members that represents a diversity of backgrounds and experience, including with respect to age, gender, international background, race and specialized experience.

The Nominating and Corporate Governance Committee recommended to the Board the candidates for re-election who are included on the ballot for this Annual Meeting. Any nominee for Director who receives a greater number of votes withheld from or against his or her election than votes for his or her election shall tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will then consider the best interests of the Company and its stockholders and will recommend to the full Board the action to be taken with respect to the tendered resignation. The duties and responsibilities of the Nominating and Corporate Governance Committee are specified in its charter. The charter of the Nominating and Corporate Governance Committee, which was amended in February, 2013 is available at the Investor Relations page of the Company's website, at www.portfoliorecovery.com, and will be mailed to any stockholder who sends a request to the Corporate Secretary at the Company's mailing address.

At the conclusion of the Board and committee assessments, the Board uses the information obtained to evaluate and refine its processes and committee charters, as necessary.

DIRECTOR ATTENDANCE

During 2012, the Board held 17 meetings: 5 regular and 12 special meetings. The majority of the Board attended 100% of the regular meetings of the Board in 2012. Each Director attended at least 75% of the aggregate number of meetings of the Board and committees on which he or she served during 2012. All Directors are encouraged, but not required, to attend our Annual Meeting of stockholders. All of our incumbent directors attended the 2012 Annual Meeting of stockholders with the exception of Mr. Fuller.

DIRECTOR INDEPENDENCE

The Board currently consists of seven Directors, one of whom is currently employed by the Company (Steven D. Fredrickson, CEO). The Board has established guidelines which conform to the independence requirements of the NASDAQ listing standards to assist it in determining director independence. In February 2013, the Directors completed Directors' and Officers' questionnaires in accordance with current proxy disclosure requirements. These included updated information concerning their qualifications and experience, as well as any conflicts of interest, job changes, and any material transactions, relationships, and other arrangements between the Company and the Directors or immediate family members of the Directors. A Director's immediate family members include the Director's spouse, parents, children, siblings, in-laws, and anyone (other than domestic employees) who shares the Director's home. Based on the responses received and other available information, it was determined that all of the non-employee Directors of the Company lack material relationships with the Company, and are independent Directors under applicable securities law requirements and NASDAQ rules. The Board has also concluded that each of the members of the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee meet the NASDAQ independence tests. These determinations were made based upon a number of facts, including, but not limited to, the following:

Except for Steven D. Fredrickson, the Chairman of the Board and CEO, no Director is, or has ever been, an executive officer of the Company or employed by the Company or its subsidiaries, or has an immediate family member who is an employee or officer of the Company or its subsidiaries or has any current or past material relationships with the Company;

No Director, other than the CEO has ever received any compensation from, worked for, been retained by, or received anything of substantial value from the Company, other than Director compensation;

No Director or any member of any Director's immediate family is, or ever was, employed by the Company's independent registered public accounting firm, or ever worked on the Company's audit at any time;

Edgar Filing: PORTFOLIO RECOVERY ASSOCIATES INC - Form DEF 14A

No NEO serves on the board of directors of any company that employs a Director or any member of the immediate family of a Director, none sits on a board of directors of any company at which a Director is the chief executive officer or chief operating officer, and no Director or any member of the immediate family of a Director has been an executive officer of any entity having a compensation committee on which one or more of the Company's executive officers has concurrently served;

Table of Contents

None of the independent Directors, their respective affiliates or members of their immediate family, directly or indirectly, has engaged in any transaction with the Company or its affiliates or has any relationship with the Company or its affiliates which, in the judgment of the Board, is inconsistent with a determination that the Director is independent;

No Director and no immediate family member of any Director is a partner or controlling stockholder, director or executive officer of any entity from which the Company purchases goods or services, or to which the Company makes charitable contributions in excess of 5% of the entity's consolidated gross revenues for that year, or \$200,000, whichever is greater; and

There is no family relationship among any of the Directors or executive officers of the Company.
We do not have any related person transactions to report for fiscal year 2012.

INDEPENDENT DIRECTOR MEETINGS

Non-employee Directors meet at least quarterly in executive session without management present, as part of each regularly scheduled Board meeting. The Lead Director acts as chairman of these sessions, at which the independent Directors have the opportunity to frankly discuss management's performance.

BOARD LEADERSHIP

The structure of our Board Leadership consists of a Chairman (who is also our CEO), strong independent committee chairs and a Lead Independent Director, who is elected by the independent Directors. Our Board believes that the current Board leadership structure, in which the roles of Chairman and Chief Executive Officer are held by one person, is best for the Company and its stockholders at this time. As Chairman and Chief Executive Officer, Mr. Fredrickson is able to utilize the in-depth focus and perspective gained in running the Company to effectively and efficiently guide our Directors, while also working closely with Mr. Roberts, the Lead Director. However, the Board does review the appropriateness of this structure on a regular basis. Our Lead Director coordinates the activities of the other independent Directors to ensure strong independent oversight of management; facilitates information flow and communication by acting as a liaison between the Directors and management; chairs all meetings of the Board during executive session; and is authorized to call meetings of the independent Directors and retain any outside advisors and consultants who report directly to the Board. The Board believes that strong, independent Board leadership is a critical aspect of effective corporate governance; therefore the independent Directors meet in executive session at each regular Board meeting.

BOARD RISK OVERSIGHT

The Board, as a whole and through its committees, is responsible for overseeing PRA's risk profile and management's processes for assessing and managing risk, and management is responsible for day-to-day risk management. The Board recognizes that the Company faces a broad range of risks, including financial, regulatory, operational, political, reputational, governance, and legal, that may affect the Company's ability to execute corporate strategies and fulfill business objectives. The Board operates within a climate of transparency and uninhibited dialog with senior management. Consistent with this approach, senior management attends the regular meetings of the Board and routinely reports on their activities. These reports include risk considerations and discussions concerning actions and strategies for monitoring, managing and mitigating any risks identified. The Board meets regularly to discuss the strategic direction of the Company; a consideration of key risks is essential to the Company's strategic planning process. The Company's Risk Management Group documents known risks, assesses the sufficiency of risk identification, and recommends the appropriate manner in which to control or mitigate those risks. This group provides quarterly risk management reports to the Audit Committee.

Certain important categories of risk are assigned to committees that review, evaluate and receive management reports on risk. These include the following:

The Audit Committee is responsible for direct oversight of the Company's Risk Management Group. The Company's Risk Management Group provides the Audit Committee with quarterly risk management updates. Additionally, the Audit Committee receives quarterly reports from the Company's CFO and the Company's external auditors on financial risks, compliance with reporting requirements, and internal controls. The Audit Committee also receives quarterly reports from the Company's Director of Internal Audit on the results of internal audit testing; and

The Compensation Committee takes measures to prevent the Company's compensation programs and incentives from leading to decisions that encourage or promote excessive risk-taking.

The Compensation Committee, with assistance from FW Cook, has reviewed the Company's compensation policies and practices for all employees, including our NEOs, as they relate to risk management practices and risk-taking incentives, and has determined that there are no risks arising from these policies and practices that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee considers that our compensation programs incorporate several features which promote the creation of long-term value and reduce the likelihood of excessive risk-taking by our employees. These features include: (i) a balanced mix of cash and equity, annual and longer-term incentives, and types of performance metrics, (ii) the ability of the Compensation Committee to exercise negative discretion over all incentive program payouts, (iii) performance targets for incentive compensation that include objective Company goals and allow for individual levels of achievement toward those goals, (iv) time-based vesting of long-term equity program awards that encourages long-term retention, (v) a bonus pool for the majority of non-executive employees that is capped at an amount equal to a percentage of each employee's annual base pay and (vi) executive stock ownership guidelines to further align executives with the Company's stockholders.

POLICIES FOR APPROVAL OF RELATED PERSON TRANSACTIONS

The Company requires disclosure of any relationships and transactions in which the Company, its Directors, its executives or their immediate family members are participants, and conducts a review of transactions of the Company with any stockholders owning five percent (5%) or greater of the Company's outstanding common stock, to determine whether there are any such transactions in amounts at or exceeding the minimum threshold for disclosure in this Proxy Statement under the relevant SEC rules (generally, transactions involving amounts exceeding \$120,000) in which a related person has a direct or indirect material interest. The Company's General Counsel is primarily responsible for developing and implementing the policy and procedures relative to the review and approval of related party transactions. The complete details of any proposed transaction must be presented to the Company's General Counsel by the party intending to enter into the transaction. The Company's General Counsel will make an initial materiality determination, and when appropriate, will prepare a written analysis and recommendation to the Nominating and Corporate Governance Committee based on: (i) the nature of the proposed transaction; (ii) the related person's interest in the transaction; (iii) the dollar value of the transaction; (iv) the importance of the transaction to the business of the Company; (v) the material terms of the transaction; and (vi) the overall fairness of the transaction to the Company. Based on the foregoing factors, the Nominating and Corporate Governance Committee will decide whether or not to recommend that the proposed transaction be brought before the full Board for consideration. If the matter is presented to the Board for a vote, and a related party is involved in the transaction, he or she will not be allowed to participate in any discussions and decisions concerning the transaction. If the Board approves the transaction, the Company's General Counsel will ensure that a written arm's length contract between the parties is appropriately executed by all parties. There were no reportable related party transactions with the Company in 2012, and no such transactions are currently proposed or being considered.

PROPOSAL 2 ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Pursuant to Section 14A of the Exchange Act, the Company's stockholders are being asked to approve, on a non-binding advisory basis, the compensation of the Company's NEOs as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Summary Compensation Table and related tables and disclosures. This vote, provides stockholders with the opportunity each year to express their positive or negative vote on the Company's overall executive compensation program, policies and procedures. Our Board believes that annual advisory votes on a resolution to approve NEO compensation will allow the Company's stockholders to provide more regular input to the Company on our compensation philosophy, policies and practices as disclosed in our proxy statements.

An objective of the Company is to retain highly qualified and talented executives and to provide appropriate incentives to encourage their high performance, which creates value for the Company's stockholders. As described in detail in this Proxy Statement, the Company seeks to closely align the interests of its NEOs with the interests of its stockholders and appropriately reward executive performance while avoiding the encouragement of unnecessary or excessive risk-taking. Stockholders are encouraged to read this Proxy Statement's Compensation Discussion and Analysis for a more detailed discussion of the Company's executive compensation programs, philosophy and principles. A vote on this matter will not address any specific item of compensation, but rather the overall compensation of the Company's NEOs. Accordingly, stockholders are asked to indicate their support for the Company's compensation of its NEOs by casting their votes **FOR** the following resolution:

RESOLVED, that the stockholders of Portfolio Recovery Associates, Inc. approve, on an advisory basis, the compensation of the NEOs whose names are listed in the Summary Compensation Table on page 54 herein, as disclosed in this Proxy Statement, including the Compensation Discussion and Analysis, the Summary Compensation Table and related compensation tables and narrative.

This vote is advisory and non-binding, but will provide information to the Company and the Compensation Committee regarding stockholder sentiment about the Company's executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of 2013 and beyond. The Compensation Committee values the opinions of its stockholders and will take into consideration any concerns they may raise when making future executive compensation decisions.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE APPROVAL, ON A NON-BINDING ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

Table of Contents**PROPOSAL 3 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Upon the recommendation of the Audit Committee, the Board has appointed KPMG LLP as its independent registered public accounting firm, to audit its consolidated financial statements for the year ending December 31, 2013, and to audit the effectiveness of its internal control over financial reporting as of December 31, 2013. The Board considers the selection of the Company's independent registered public accounting firm to be a matter of stockholder concern and is therefore submitting the selection of KPMG LLP for ratification by the Company's stockholders as a matter of good corporate practice. The Audit Committee is not required to take any action as a result of the outcome of the vote on this Proposal 3. However, if our stockholders do not ratify the appointment of KPMG LLP, the Audit Committee may investigate the reasons for such stockholder rejection and may consider whether to select a different independent registered public accounting firm. Even if the selection of KPMG LLP is ratified by the stockholders, the Audit Committee, in its discretion, may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders. KPMG LLP representatives are expected to attend the 2013 annual meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate stockholder questions.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee's policy is to pre-approve all audit and permitted non-audit services provided by the Company's independent registered public accounting firm. These services may include audit services, audit-related services, tax services, services related to internal controls and other services. The independent registered public accounting firm and the Company's CFO periodically report to the Audit Committee regarding the services provided by the independent registered public accounting firm in accordance with this pre-approval policy. During 2012 the Audit Committee pre-approved all of the services provided by KPMG LLP. The Audit Committee has considered the provisions of these services by KPMG LLP and has determined that the services are compatible with maintaining KPMG LLP's independence.

PROPOSAL 4 APPROVAL OF 2013 OMNIBUS INCENTIVE PLAN

On March 28, 2013, the Board of Directors approved the Company's 2013 Omnibus Incentive Plan (the Omnibus Incentive Plan or Plan), subject to the approval of the stockholders at this Annual Meeting. The following summary of the principal features of the Omnibus Incentive Plan is qualified in its entirety by reference to the full text of the Omnibus Incentive Plan which is attached to this proxy statement as Appendix A.

The Omnibus Incentive Plan, if approved, will allow us to continue to provide our key employees compensation in the form of long-term equity incentive awards, such as stock options, restricted stock units, stock appreciation rights and restricted stock. Equity incentives form an integral part of the compensation paid to many of our employees, particularly those in positions of key importance. Approval of the Plan is therefore critical to our ability to continue to attract, retain, engage and focus highly motivated and qualified employees. After the date of the approval of the Omnibus Incentive Plan by stockholders, no awards may be granted under our 2010 Stock Plan.

SUMMARY OF THE OMNIBUS INCENTIVE PLAN

Purpose of the Omnibus Incentive Plan

The purpose of the Omnibus Incentive Plan is to assist the Company in attracting and retaining selected individuals who, serving as our employees, directors, consultants and/or advisors, are expected to contribute to our success and to achieve long-term objectives which will benefit our stockholders through the additional incentives inherent in the awards under the Plan.

Shares Available

The maximum number of shares of the Company's common stock that are available for awards under the Omnibus Incentive Plan (subject to the adjustment provisions described under Adjustments upon Changes in Capitalization below) is 1,800,000 shares, less one (1) share of common stock for every one (1) share of common stock that was subject to a stock option or other award granted after December 31, 2012 under our 2010 Stock Plan. Any shares of common stock that are subject to stock options or other award granted under the Plan shall be counted against this limit as one (1) share of common stock for every one (1) share of common stock granted.

If any shares of common stock subject to an award under the Omnibus Incentive Plan or, after December 31, 2012, any shares of common stock subject to an award under the 2010 Stock Plan (i) are forfeited or expire or (ii) an award terminates, is settled for cash or otherwise does not result in the issuance of all of the shares subject to the award (including payment in shares when a stock appreciation right (SAR) is exercised), the shares subject to the award may be used again for awards under the Omnibus Incentive Plan to the extent of the forfeiture, expiration, termination, cash settlement or non-issuance. The following shares of common stock will also be added to the shares available for issuance under the Plan: (i) shares tendered by the participant or withheld by us in payment of the exercise price of an option under the Omnibus Incentive Plan or, after December 31, 2012 under the 2010 Stock Plan, and (ii) shares tendered by the participant or withheld by us to satisfy tax withholding with respect to an award under the Plan or, after December 31, 2012 under the 2010 Stock Plan.

Shares of common stock subject to awards made under the Omnibus Incentive Plan in substitution or exchange for awards granted by a company acquired by us or a subsidiary, or with which we or a subsidiary combine (Substitute Awards), do not reduce the maximum number of shares that are available for awards under the Plan. In addition, the available shares under the Plan may be increased in connection with an acquisition or merger in accordance with NASDAQ Listing Rule 5635-IM; i.e., by the shares remaining available under a pre-existing, stockholder approved plan of an acquired or merged company (adjusted to reflect the exchange or valuation ratio in the acquisition or merger) subject to other requirements of that rule.

The maximum number of shares of common stock that may be issued under the Plan pursuant to the exercise of incentive stock options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the Code), is 1,800,000 shares.

Eligibility. Options, SARs, restricted stock awards, restricted stock unit awards, other share-based awards and performance awards may be granted under the Omnibus Incentive Plan. Options may be either incentive stock options, or nonstatutory stock options. Awards may be granted under the Plan to any employee and non-employee member of the Board, and any consultant or advisor who is a natural person and provides services to us; incentive stock options may be granted only to our employees.

Table of Contents

Awards to be Granted to Certain Individuals and Groups. As of March 31, 2013, 3,082 employees and non-employee directors would have been eligible to participate in the Omnibus Incentive Plan had it been effective. The Compensation Committee in its discretion, selects the persons to whom awards may be granted, determines the type of awards, determines the times at which awards will be made, determines the number of shares subject to each such award (or the dollar value of certain performance awards), and determines the other terms and conditions relating to the awards. For this reason, it is not possible to determine the benefits or amounts that will be received by any particular person in the future.

Limits on Awards to Participants. The Omnibus Incentive Plan provides that no participant may be granted (i) options or SARs in any calendar year to purchase more than 250,000 shares of common stock, (ii) restricted stock awards, restricted stock unit awards, performance awards or other share based awards in any calendar year that are intended to be performance-based compensation under Section 162(m) of the Code covering more than 150,000 shares or (iii) performance-based awards in any calendar year that are intended to be performance-based compensation under Section 162(m) of the Code and are denominated in cash under which more than \$5,000,000 may be earned (\$10,000,000 for awards that have a multi-year performance period). The limitations in the prior sentence are multiplied by two for awards granted to a participant in the first calendar year in which the participant commences employment with us.

Limit on Awards to Directors. Under the Omnibus Incentive Plan, in no event may any non-employee Director of the Company receive awards in any calendar year with an aggregate grant date fair value of more than \$400,000. This limit is increased to \$600,000 in the first year. Grant date fair value for this purpose will be computed as of the grant date for an award in accordance with the applicable financial accounting rules.

Administration. The Omnibus Incentive Plan will be administered by the Compensation Committee (or a subcommittee) which shall consist of at least two members of the Board, each of whom must qualify as a non-employee director under Rule 16b-3 under the Securities Exchange Act of 1934 (Exchange Act), an outside director under Section 162(m) of the Code and an independent Director under the rules of the principal U.S. national securities exchange on which the common stock is traded (the Principal Exchange), to the extent required by such rules. The Compensation Committee has the authority to determine the terms and conditions of awards, and to interpret and administer the Plan. The Compensation Committee may, to the extent not inconsistent with applicable law, including Section 162(m) of the Code, and the rules of the Principal Exchange (i) delegate to a committee of one or more Directors the right to make awards and to cancel or suspend awards and otherwise take action on its behalf under the Omnibus Incentive Plan, and (ii) authorize one or more officers to make awards to employees who are not Directors or officers and cancel or suspend awards under the Plan to such employees. The authorization must specify the total number of shares that may be awarded.

Stock Options. The Compensation Committee may grant either non-qualified stock options or incentive stock options. A stock option entitles the recipient to purchase a specified number of shares of common stock at a fixed exercise price subject to terms and conditions set by the Compensation Committee, including conditions for exercise that must be satisfied, which typically will be based solely on continued provision of services. The exercise price of shares of common stock covered by a stock option cannot be less than 100% of the fair market value of the common stock on the date the option is granted (except for Substitute Awards). Fair market value of the common stock is generally equal to the closing price for the common stock on the Principal Exchange on the date the option is granted (or if there was no closing price on that date, on the last preceding date on which a closing price was reported), except for Substitute Awards. As of March 28, 2013, the closing price of the common stock as reported on the NASDAQ Stock Exchange was \$126.92 per share.

The Omnibus Incentive Plan permits payment of the exercise price of stock options to be made by cash or cash equivalents, shares of Common stock previously acquired by the participant, any other form of consideration approved by the Compensation Committee and permitted by applicable law (including withholding of shares of Common stock that would otherwise be issued on exercise), or any combination thereof. A participant who is subject to Section 16 of the Exchange Act may direct the Company to withhold shares of Common stock that would otherwise be issued on exercise to pay the exercise price and/or withholding taxes due on exercise. Options granted under the Plan expire no later than 10 years from the date of grant.

Stock Appreciation Rights. The Compensation Committee is authorized to grant SARs in conjunction with a stock option or other award granted under the Omnibus Incentive Plan, and to grant SARs separately. The grant price of a SAR may not be less than 100% of the fair market

Table of Contents

value of a share of Common stock on the date the SAR is granted (except for Substitute Awards). The term of a SAR may be no more than 10 years from the date of grant. SARs are subject to terms and conditions set by the Compensation Committee, including conditions for exercise that must be satisfied, which typically will be based solely on continued provision of services.

Upon exercise of a SAR, the participant will have the right to receive the excess of the fair market value of the shares covered by the SAR on the date of exercise over the grant price. Payment may be made in cash, shares of our Common stock or other property, or any combination thereof, as the Compensation Committee may determine. Shares issued upon the exercise of SARs are valued at their fair market value as of the date of exercise.

Restricted Stock Awards. Restricted stock awards may be issued either alone or in addition to other awards granted under the Omnibus Incentive Plan, and are also available as a form of payment of performance awards and other earned cash-based incentive compensation. The Compensation Committee determines the terms and conditions of restricted stock awards, including the number of shares of Common stock granted, and conditions for vesting that must be satisfied, which may be based principally or solely on continued provision of services, and also may include a performance-based component. Unless otherwise provided in the award agreement, the holder of a restricted stock award will have the rights of a stockholder from the date of grant of the award, including the right to vote the shares of Common stock and the right to receive cash dividends and share and property distributions on the shares (subject to the requirements for dividends on restricted stock that vest on the attainment of performance goals as described under *Dividends; Dividend Equivalents* below).

Restricted Stock Unit Awards. Awards of restricted stock units having a value equal to an identical number of shares of Common stock may be granted either alone or in addition to other awards granted under the Omnibus Incentive Plan, and are also available as a form of payment of performance awards granted thereunder and other earned cash-based incentive compensation. The Compensation Committee determines the terms and conditions of restricted stock units, including conditions for vesting that must be satisfied, which may be based principally or solely on continued provision of services, and also may include a performance-based component. The holder of a restricted stock unit award will not have any of the rights of a stockholder, including voting rights with respect to the award (provided that dividend equivalents may be granted). Any cash dividends and share and other property distributed with respect to the award will be subject to the requirements for dividend equivalents on restricted stock units that vest on the attainment of performance goals as described under *Dividends; Dividend Equivalents* below. Payment of restricted stock units in shares (unless otherwise determined by the Committee in the award agreement) will be made within 30 days after the units vest.

Other Share-Based Awards. The Omnibus Incentive Plan also provides for the award of shares of Common stock and other awards that are valued by reference to Common stock or other property (*Other Share-Based Awards*). Such awards may be granted alone or in addition to other awards under the Plan. Other Share-Based Awards may be paid in cash, shares of Common stock or other property, or a combination thereof, as determined by the Compensation Committee. The Compensation Committee determines the terms and conditions of Other Share-Based Awards, including any conditions for vesting that must be satisfied.

Performance Awards. Performance awards provide participants with the opportunity to receive shares of Common stock, cash or other property based on performance and other vesting conditions. Performance awards may be granted from time to time as determined at the discretion of the Compensation Committee. Subject to the share limit and maximum dollar value set forth above under *Limits on Awards to Participants*, the Compensation Committee has the discretion to determine (i) the number of shares of common stock under, or the dollar value of, a performance award and (ii) the conditions that must be satisfied for grant or for vesting, which typically will be based principally or solely on achievement of performance goals. The performance period for performance awards will not be shorter than one year unless the award is not payable in shares. Performance awards may be paid in a lump sum or in installments, or on a deferred basis subject to the requirements of Section 409A of the Code.

Performance Criteria. At the Compensation Committee's discretion, performance goals for restricted stock awards, restricted stock units, performance awards or other share-based awards may be based on the attainment of specified levels of one or more of the following criteria (which may incorporate pre-defined adjustments): revenue, net revenue, product revenue or system-wide revenue (including growth of such revenue measures); operating income (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead

and bonus); earnings or loss per share; net income or loss (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of the price of the shares or any other publicly-traded securities of the Company; market share; gross profits; gross or net profit margin; gross profit growth; net operating profit (before or after taxes); operating earnings; earnings or losses or net earnings or losses (including earnings or losses before taxes, before interest and taxes, or before interest, taxes, depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reductions in costs; cash flow (including operating cash flow and free cash flow) or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; cash flow return on capital; improvement in or attainment of expense levels or working capital levels, including cash, inventory and accounts receivable; general and administrative expense savings; inventory control; operating margin; gross margin; year-end cash; cash margin; debt reduction; stockholders equity; operating efficiencies; cost reductions or savings; market share; customer satisfaction; customer growth; employee satisfaction; productivity or productivity ratios; regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents; strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; co-development, co-marketing, profit sharing, joint venture or other similar arrangements); financial ratios, including those measuring liquidity, activity, profitability or leverage; cost of capital or assets under management; financing and other capital raising transactions (including sales of the Company's equity or debt securities; debt level year-end cash position; book value; competitive market metrics; timely completion of new product roll-outs; sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally; or through partnering transactions); royalty income; implementation, completion or attainment of measurable objectives with respect to research, development, commercialization, products or projects, acquisitions and divestitures, succession and hiring projects, reorganization and other corporate transactions, expansions of specific business operations and meeting divisional or project budgets; and recruiting and maintaining personnel. The performance goals may be determined solely by reference to our performance or the performance of one or more of our subsidiaries, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Compensation Committee may also exclude under the terms of the performance awards (to the extent permitted by Section 162(m) of the Code) the impact of an event or occurrence which the Committee determines should appropriately be excluded, including (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (ii) an event either not directly related to our operations or not within the reasonable control of our management, or (iii) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

Adjustments to Awards Subject to Performance Criteria. The Compensation Committee may make downward, but not upward, adjustments with respect to any amount payable pursuant to any restricted stock award, restricted stock unit award, performance award or other share-based payment award that is subject to performance criteria and is intended to be treated as performance-based compensation under Section 162(m) of the Code. The Compensation Committee may not waive achievement of performance goals for such awards, except in the case of death or disability.

Dividends; Dividend Equivalents. Awards other than options and SARs may, if determined by the Compensation Committee, provide that the participant will be entitled to receive, currently or on a deferred basis, cash, stock or other property dividends, or cash payments in amounts equivalent to cash, stock, or other property dividends declared with respect to shares of Common stock covered by an award. Except as otherwise provided in an award agreement, the Compensation Committee may provide that such amounts will be deemed to have been reinvested in additional shares of common stock or otherwise, and that they are subject to the same vesting or performance conditions as the underlying award. Any dividends or dividend equivalents provided with respect to performance awards or restricted stock, restricted stock unit or other share-based awards that are subject to the attainment of performance goals will be subject to the same restrictions and risk of forfeiture as the underlying awards.

No Repricing. The Omnibus Incentive Plan prohibits option and SAR repricings (other than to reflect stock splits, spin-offs or other corporate events described under Adjustments upon Changes in Capitalization below, or in connection with a change in control of the Company) unless stockholder approval is obtained. For purposes of the Plan, a repricing means a reduction in the exercise price of an option or the grant price of a SAR, the cancellation of an option or SAR in exchange for cash or another award under the Plan if the exercise price or grant price of the option or SAR is greater than the fair market value of the Common stock, or any other action with respect to an option or SAR that may be treated as a repricing under the rules of the Principal Exchange.

Table of Contents

Nontransferability of Awards. No award under the Omnibus Incentive Plan, and no shares subject to awards that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, is transferable other than by will or the laws of descent and distribution, and an award may be exercised during the participant's lifetime only by the participant or the participant's guardian or legal representative, except that the Compensation Committee may provide in an award agreement that a participant may transfer an award without consideration to certain family members, family trusts, or other family-owned entities, or for charitable donations under such terms and conditions determined by the Compensation Committee.

Adjustments upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a non-extraordinary cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in our corporate structure affecting our Common stock or the value thereof, adjustments to the Omnibus Incentive Plan and awards shall be made (in accordance with Sections 409A and 424 of the Code, as applicable) in order to prevent dilution or enlargement of the rights of participants that would otherwise result from such transaction or change, including adjustments in the number and class of shares of stock available for awards under the Plan, the number, class and exercise or grant price of shares subject to awards outstanding under the Plan, and the limits on the number of awards that any person may receive.

Termination of Employment. The Compensation Committee will determine and set forth in the award agreement whether any awards will continue to be exercisable on and after the date the participant ceases to be employed by, or to otherwise provide services to, us, whether by reason of death, disability, voluntary or involuntary termination of employment or service, or otherwise.

Clawback. The Omnibus Incentive Plan provides that in the event of a restatement of the Company's financial statements which reduces the amount of the awards that would have been paid or vested had the financial results been properly reported, the Compensation Committee may cancel or clawback all or any portion of awards or the gain realized on the award. In addition, all awards (and the benefits derived from the awards) are subject to recovery by the Company if required by rules adopted by the SEC or the NASDAQ Stock Exchange to implement Section 10D of the Exchange Act, the Dodd-Frank Wall Street Reform and Consumer Protection Act, or any other applicable rule, regulation or law.

Amendment and Termination. The Omnibus Incentive Plan may be amended or terminated by the Board except that stockholder approval is required for any amendment to the Plan which increases the number of shares of Common stock available for awards thereunder, expands the types of awards available, materially expands the class of persons eligible to participate in the Plan, permits the grant of options or SARs with an exercise or grant price of less than 100% of fair market value on the date of grant, amends the provisions prohibiting the repricing of stock options and SARs as described above under "No Repricing," increases the limits on shares subject to awards or the dollar value payable with respect to performance awards, or takes any action with respect to an option or SAR that may be treated as a repricing under the rules of the Principal Exchange. No amendment or termination may materially impair a participant's rights under an award previously granted under the Plan without the written consent of the participant.

The Omnibus Incentive Plan will expire on the 10th anniversary of the date of its approval by stockholders, except with respect to awards then outstanding, and no further awards may be granted thereafter.

Federal Income Tax Consequences

The following discussion summarizes certain federal income tax considerations of awards under the Omnibus Incentive Plan. However, it does not purport to be complete and does not describe the state, local or foreign tax considerations or the consequences for any particular individual.

Stock Options. A participant does not realize ordinary income on the grant of a stock option. Upon exercise of a non-qualified stock option, the participant will realize ordinary income equal to the excess of the fair market value of the shares of Common stock over the option exercise price. The cost basis of the shares acquired for capital gain treatment is their fair market value at the time of exercise. Upon exercise of an incentive stock option, the excess of the fair market value of the shares of Common stock acquired over the option exercise price will be an item of tax preference to the participant, which may be subject to an alternative minimum tax for the year of exercise. If no disposition of the shares is made

Table of Contents

within two years from the date of granting of the incentive stock option or within one year after the transfer of the shares to the participant, the participant does not realize taxable income as a result of exercising the incentive stock option; the tax basis of the shares received for capital gain treatment is the option exercise price; any gain or loss realized on the sale of the shares is long-term capital gain or loss. If the participant disposes of the shares within the two-year or one-year periods referred to above, the participant will realize ordinary income at that time in an amount equal to the excess of the fair market value of the shares at the time of exercise (or the net proceeds of disposition, if less) over the option exercise price. For capital gain treatment on such a disposition, the tax basis of the shares will be their fair market value at the time of exercise.

Stock Appreciation Rights. No ordinary income will be realized by a participant in connection with the grant of a SAR. When the SAR is exercised, the participant will realize ordinary income in an amount equal to the sum of the amount of any cash received and the fair market value of the shares of Common stock or other property received upon the exercise.

Restricted Stock, Performance and Restricted Stock Unit Awards. The participant will not realize ordinary income on the grant of a restricted stock award (or a performance award if the shares of Common stock are issued on grant), but will realize ordinary income when the shares subject to the award become vested in an amount equal to the excess of (i) the fair market value of the shares on the vesting date over (ii) the purchase price, if any, paid for the shares. The participant may, however, elect under Section 83(b) of the Code to include as ordinary income in the year the shares are granted an amount equal to the excess of (i) the fair market value of the shares on the date of issuance, over (ii) the purchase price, if any, paid for the shares. If the Section 83(b) election is made, the participant will not realize any additional taxable income when the shares become vested.

The participant will not realize ordinary income on the grant of a restricted stock unit award, (or a performance award under which shares of Common stock are not issued on grant), but will realize ordinary income when the shares subject to the award are issued to the participant after they become vested. The amount of ordinary income will be equal to the excess of (i) the fair market value of the shares on the date they are issued over (ii) the purchase price, if any, paid for the award.

Upon disposition of shares of Common stock acquired under a restricted stock award, performance award or restricted stock unit award, the participant will realize a capital gain or loss equal to the difference between the selling price and the sum of the amount paid for the shares plus any amount realized as ordinary income upon grant (or vesting) of the shares.

Company Tax Deduction. The Company generally will be entitled to a tax deduction in connection with an award under the Omnibus Incentive Plan, subject to the provisions of Section 162(m) of the Code, in an amount equal to the ordinary income realized by a participant at the time the participant realizes such income (for example, on the exercise of a nonqualified stock option). Section 162(m) of the Code may limit the deductibility of compensation paid to the Company's CEO and to each of the next three most highly compensated executive officers other than the CFO. Under Section 162(m), the annual compensation paid to any of these executives will be deductible to the extent that it does not exceed \$1,000,000 or if the compensation is treated as performance-based compensation under Section 162(m) of the Code. Compensation attributable to stock options and SARs under the Plan should qualify as performance-based compensation if the awards are made by the Compensation Committee and the exercise or grant price of the award is no less than the fair market value of the Common stock on the date of grant. Compensation attributable to restricted stock awards, restricted stock unit awards and performance awards should qualify as performance-based compensation if (i) the compensation is approved by the Compensation Committee, (ii) the compensation is paid only upon the achievement of an objective performance goal established in writing by the Compensation Committee while the outcome is substantially uncertain, and (iii) the Compensation Committee certifies in writing prior to the payment of the compensation that the performance goal has been satisfied.

PROPOSAL 5 APPROVAL OF 2013 ANNUAL NON-EQUITY INCENTIVE PLAN

Background

We are asking stockholders to approve the Portfolio Recovery Associates, Inc. 2013 Annual Non-Equity Incentive Plan (the 2013 Non-Equity Incentive Plan), which was approved by the Board on March 28, 2013, subject to stockholder approval.

The 2013 Non-Equity Incentive Plan is designed so that the awards under the Plan will satisfy the requirements for performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). Under Section 162(m) of the Code, we may not deduct for federal income tax purposes the compensation paid to our CEO or any of the next three most highly compensated executive officers (other than our CFO) to the extent that it exceeds \$1,000,000 in any year, unless it qualifies as performance-based compensation.

One of the requirements for compensation to be treated as performance-based compensation is that the material terms of the performance goals under which compensation may be paid be disclosed to and approved by our stockholders. For purposes of Code Section 162(m) the material terms are (i) the employees eligible to receive compensation, (ii) a description of the criteria on which the performance goal will be based and (iii) the maximum amount of compensation that can be paid to an employee under the 2013 Non-Equity Incentive Plan. Stockholder approval of the 2013 Non-Equity Incentive Plan is intended to constitute approval of each of the material terms, which are discussed below.

The following summary of the principal features of the 2013 Non-Equity Incentive Plan is qualified in its entirety by reference to the full text of the 2013 Non-Equity Incentive Plan, which is attached to this proxy statement as Appendix B.

Summary of the 2013 Non-Equity Incentive Plan

Purpose of the 2013 Non-Equity Incentive Plan. The purposes of the 2013 Non-Equity Incentive Plan are to advance the interests of the Company and its stockholders and assist the Company in attracting and retaining executive officers of the Company and its affiliates who, because of the extent of their responsibilities can make significant contributions to the Company's success by their ability, industry, loyalty and exceptional services, by providing incentives and financial rewards to such executive officers upon the achievement of certain financial and other business performance goals.

Administration; Amount of Awards. The Compensation Committee of the Board (or a subcommittee thereof) will administer the 2013 Non-Equity Incentive Plan. The Compensation Committee (or subcommittee) must consist solely of two or more Directors of the Company who qualify as outside directors under Section 162(m) of the Code.

The Compensation Committee will interpret and determine all questions relating to the 2013 Non-Equity Incentive Plan and take any action it deems necessary or advisable for its proper administration. All decisions of the Compensation Committee shall be final, conclusive and binding on the Company, participants and any person who claims a benefit or right to an award under the 2013 Non-Equity Incentive Plan.

Subject to the terms of the 2013 Non-Equity Incentive Plan, the Compensation Committee has the sole discretion to determine the amounts, terms and conditions of each award. The maximum amount payable to a participant under an award under the 2013 Non-Equity Incentive Plan for a Performance Period (as defined below) is \$5,000,000. The maximum amount payable will be proportionately adjusted if the Performance Period is shorter or longer than 12 months.

Eligibility. Our CEO and any other executive officer of the Company or of any affiliate may be selected by the Compensation Committee to receive an award under the 2013 Non-Equity Incentive Plan for any year. The selection must occur within 90 days after the beginning of the Performance Period or, if the Performance Period is less than 12 months, prior to the expiration of 25% of the Performance Period.

Performance Goals. Under the 2013 Non-Equity Incentive Plan, the Compensation Committee will determine whether the fiscal year or some other performance period will be used for measuring actual performance (each a Performance Period). The Compensation Committee will establish for each Performance Period (a) the performance goals based on business and financial criteria (which may incorporate pre-defined adjustments) and (b) a formula for calculating a participant's award based on actual performance compared to the pre-established performance goals. The actions of the Compensation Committee described in the prior two sentences must take place within 90 days after the beginning of the Performance Period (or, if the Performance Period is less than 12 months, prior to the expiration of 25% of the Performance Period).

Table of Contents

Performance goals will be based on one or more of the following business and financial criteria: revenue, net revenue, product revenue or system-wide revenue (including growth of such revenue measures); operating income (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead and bonus); earnings or loss per share; net income or loss (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; gross or net profit margin; gross profit growth; net operating profit (before or after taxes); operating earnings; earnings or losses or net earnings or losses (including earnings or losses before taxes, before interest and taxes, or before interest, taxes, depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reductions in costs; cash flow (including operating cash flow and free cash flow) or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; cash flow return on capital; improvement in or attainment of expense levels or working capital levels, including cash, inventory and accounts receivable; general and administrative expense savings; inventory control; operating margin; gross margin; year-end cash; cash margin; debt reduction; stockholders equity; operating efficiencies; cost reductions or savings; market share; customer satisfaction; customer growth; employee satisfaction; productivity or productivity ratios; regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents; strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; co-development, co-marketing, profit sharing, joint venture or other similar arrangements); financial ratios, including those measuring liquidity, activity, profitability or leverage; cost of capital or assets under management; financing and other capital raising transactions (including sales of the Company's equity or debt securities; debt level year-end cash position; book value; competitive market metrics; timely completion of new product roll-outs; sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally; or through partnering transactions); royalty income; implementation, completion or attainment of measurable objectives with respect to research, development, commercialization, products or projects, acquisitions and divestitures, succession and hiring projects, reorganization and other corporate transactions, expansions of specific business operations and meeting divisional or project budgets; and recruiting and maintaining personnel.

The performance goals may be based solely by reference to our performance or the performance of one or more of our affiliates, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Compensation Committee may also exclude under the terms of the performance awards the impact of an event or occurrence which the Compensation Committee determines should appropriately be excluded, including (i) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (ii) an event either not directly related to our operations or not within the reasonable control of our management, or (iii) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles.

After the end of each Performance Period, the Compensation Committee will determine the extent to which the performance goals for participants were achieved. The Compensation Committee will determine and certify the actual award (if any) for each participant based on the level of actual performance achieved. However, the Compensation Committee retains discretion to eliminate or reduce the actual award payable to any participant below that which otherwise would be payable. The Compensation Committee may not waive achievement of performance goals, except in the case of death, disability or change in control. Awards under the 2013 Non-Equity Incentive Plan will be payable in cash unless the Compensation Committee in its discretion decides to make payment in the form of a stock-based award to the extent permissible under a Company stock plan.

Table of Contents

Clawback. The Compensation Committee has discretion to require repayments of an award in the event of a restatement of the Company's financial statements within three years after the award is paid to correct a material error that the Compensation Committee determines is the result of fraud or intentional misconduct. In addition, all awards (and the benefits derived from the awards) are subject to recovery by the Company if required by rules adopted by the SEC or the NASDAQ Stock Exchange to implement Section 10D of the Exchange Act, the Dodd-Frank Wall Street Reform and Consumer Protection Act, or any other applicable rule, regulation or law.

Amendment and Termination of the 2013 Non-Equity Incentive Plan. The Board may amend or terminate the 2013 Non-Equity Incentive Plan at any time. In order to maintain the plan's qualification under Section 162(m), material amendments of the 2013 Non-Equity Incentive Plan must be approved by stockholders. No amendment or termination may impair the rights of a participant under the terms of an award previously made to the participant without the participant's consent.

Federal Income Tax Consequences. Participants will realize ordinary income equal to the amount of any cash award paid to them in the year it is received. A stock-based award made under a stockholder approved stock plan may have different tax consequences depending on the type of award.

The Company will be entitled to a deduction for the amount of ordinary income realized by participants unless the awards under the 2013 Plan fail to qualify as performance-based compensation under the requirements of Section 162(m) of the Code.

Approval

Approval of the 2013 Non-Equity Incentive Plan requires the affirmative vote of a majority of the total votes cast on this proposal at the Annual Meeting. No awards will be payable under the 2013 Non-Equity Incentive Plan for the 2013 fiscal year or thereafter if the Plan is not approved by stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE 2013 ANNUAL NON-EQUITY INCENTIVE COMPENSATION PLAN.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act of 1934 (Exchange Act) requires the Company's NEOs and Directors as well as persons who beneficially own ten percent (10%) or more of the Company's common stock to file initial reports of ownership and changes in ownership of such common stock

with the SEC and NASDAQ. As a practical matter, the Company typically assists its Directors and officers with these transactions by completing and filing Section 16 reports on their behalf. The Company also reviews Directors' and officers' questionnaires and written representations from the NEOs and Directors. Based on a review of the Section 16(a) reports filed by the Company on behalf of its Directors and NEOs or furnished to the Company by beneficial owners of 10% or more of its common stock (if applicable) and a review of written representations from certain reporting persons, the Company believes that all such filing requirements of its Directors and NEOs were complied with on a timely basis during 2012, with the exception of a late Form 4 for Ms. Kyle (6/1/12), Mr. Fain (6/1/12), Mr. Fuller (6/1/12), Mr. Tabakin (6/1/12), Mr. Voss (6/1/12), Mr. Roberts (6/4/12) and Mr. Petit (10/5/12).

Table of Contents**COMPENSATION OF DIRECTORS**

The Board, upon the recommendation of the Compensation Committee, sets the compensation for non-employee Directors so as to fairly compensate them for the work required of them, based on the Company's size and scope. The Company also makes annual equity awards to non-employee Directors in order to align each Director's interests with the long-term interests of the Company's stockholders. At the end of 2012, FW Cook provided the Compensation Committee with a peer group analysis of the compensation of the directors of companies in the Compensation Peer Group listed on page 40 of this Proxy Statement. The peer group analysis indicated that the compensation of the Company's non-employee Directors was significantly below the median. Based on this analysis, the Compensation Committee recommended an adjustment in the Directors' compensation, effective as of January 1, 2013.

The chart below provides a summary and comparison of total non-employee Director compensation in 2012 and proposed 2013 compensation. The Company makes annual equity awards as part of non-employee Director compensation. These awards were increased for 2013 and will remain at the 2013 level until reviewed at a future date.

Nominating and Corporate Governance Committee	\$ 5,000	\$ 5,000
Lead Director Retainer	\$ 15,000	\$ 15,000

On the date of the 2012 annual meeting of stockholders, each non-employee Director was awarded non-vested shares valued at approximately \$65,000. Annual Director stock awards become fully vested one year after the grant date. This vesting schedule, combined with the targeted Director stock ownership policy described below, advances the alignment of Directors' economic interests with those of stockholders. Recognizing that each Director should have a substantial personal investment in the Company, the Board has adopted a target stock ownership policy which applies to each Director, requiring a personal holding by each Director of a number of shares valued at not less than two times the Director's annual Board retainer, exclusive of Committee retainers. The Compensation Committee increased the required personal holding by each Director to five times the Director's annual Board retainer, exclusive of Committee retainers, effective January 1, 2013. Directors are expected to acquire and maintain this share ownership threshold within two years after joining the Board. This expectation to acquire and maintain share ownership has increased to five years effective January 1, 2013. In 2012, the Company offered no compensation to its Directors other than their annual retainers and stock awards; however, each Director is reimbursed for travel expenses in connection with attendance at Board meetings and for all reasonable expenses associated with continuing education programs. The Company offers no retirement benefits or other perquisites to Directors. The Company maintains policies of Directors' and officers' liability insurance covering all Directors. The Company's CEO received no additional compensation for his service as a Director and Chairman of the Board.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the material elements of compensation awarded to, earned by, and paid in 2012 to our NEOs identified in the Summary Compensation Table and other compensation tables contained in this Proxy Statement. We also provide an overview of our executive compensation philosophy and our executive compensation programs. In addition, we explain how and why the Compensation Committee of our Board arrives at specific compensation policies and decisions involving the NEOs.

EXECUTIVE SUMMARY

Our Business

PRA is a specialized financial and business services company. We are a market leader in the consumer debt purchase and collection industry. The Company also provides a broad range of fee-based services to include revenue enhancement for local governments; vehicle location, skip-tracing and collateral recovery for auto lenders, governments, and law enforcement; contingent consumer debt recovery on behalf of banks, credit providers, and debt purchasers; and filing of class action claims on behalf of institutional investors, manufacturers, and retailers. PRA was founded in 1996 and has been public since 2002. We are distinguished by our strong customer focus, continuous innovation, and culture of integrity and compliance. We have approximately 3,100 employees in the United States and the United Kingdom. For more information about our businesses, please refer to our Annual Report on Form 10-K filed with the SEC on February 28, 2013.

2012 Business Highlights

In 2012, we were able to deliver another consecutive year of strong performance. Our performance in 2012 was significant and continued to reflect our attention on driving the top line, identifying and improving operational efficiencies, and maintaining a strong and flexible capital structure. Due to our steady leadership, even in this economy, we continue to be strong in cash collections from both bankruptcy and core portfolios, supported by impressive performance in our call centers.

During 2012, we had the following significant accomplishments:

In 2012, we experienced net income growth of 26% from 2011. Net income finished 2012 at \$126.6 million, comparable to \$100.8 million in 2011. Diluted earnings per share (EPS) totaled \$7.39 for the year, compared with EPS of \$5.85 in 2011, representing an increase of 26%;

We increased revenue by 29% to \$592.8 million as cash collections grew 29% to a record \$908.7 million; and

Table of Contents

Portfolio acquisitions totaled \$522 million⁽¹⁾, compared with \$408 million in the prior year.

⁽¹⁾ Total acquisitions were \$522 million and do not include \$16 million for UK Acquisitions.

In January 2012 we acquired Mackenzie Hall, a leading UK debt collection and purchase group based in Kilmarnock, Scotland for approximately \$51 Million. Mackenzie Hall is one of the UK's fastest-growing businesses in consumer debt recovery, and this acquisition has expanded PRA into the global market providing opportunities to continue to diversify revenue and services.

In December 2012 we completed the purchase of certain finance receivables and other operating assets from National Capital Management, LLC (NCM) for \$107 Million. With this transaction, we expanded our presence within the bankruptcy market by acquiring expertise in secured bankruptcy receivables.

2012 Executive Compensation Highlights

The Compensation Committee believes that the compensation programs and performance incentives in place in 2012, as more fully described herein, contributed to the achievement of the Company's financial and operational outcomes. The total compensation paid to the Company's NEOs in 2012 reflects the Compensation Committee's recognition of their contributions to the Company's financial performance.

In 2012, we took the following compensation actions:

We increased the base salaries of our NEOs to be more consistent with the market median (as determined in consultation with FW Cook) while taking individual performance into consideration;

We reviewed the risk profile of all incentive plan designs company-wide in addition to our annual risk assessment; and

We took an opportunity to revamp several important Compensation Committee documents, including its Charter and philosophy, outside of our normal annual updates, to ensure they remained current with our pay practices and our growing business.

In January 2013, the Compensation Committee also took the following actions:

We approved 2012 cash non-equity incentive awards above the market median consistent with above-target Company performance as compared to its peers;

We reviewed the stockholding targets of our Executives and Board, and increased the stockholding requirements for our Board to five times their cash retainers; and

We approved grants of shares under the 2013 LTI Program taking into consideration market median, Company and individual performance, future contributions, and any related retention concerns.

2012 Corporate Governance Highlights as Related to the Compensation Committee

We work hard to maintain good governance standards with regard to our executive compensation policies and practices. The following practices were in effect during 2012:

The Compensation Committee is composed solely of independent Directors;

The Committee has established ways to communicate with stockholders regarding their views on our executive compensation program as previously described in the Communication with Directors section as found on page 17 in this Proxy Statement;

Table of Contents

The Compensation Committee's independent compensation consultant, FW Cook, is retained directly by the Compensation Committee and performs no other consulting or other services for us;

The Compensation Committee conducts an annual review and approval of our compensation strategy and programs, and works to assess the risks of these programs. This work is done to reduce the likelihood of any of our compensation programs having a material adverse effect on the Company;

We maintain stock ownership guidelines for our NEOs and progress towards those guidelines is monitored annually. The Compensation Committee reserves the right to pay out cash bonuses in equity in the event that an NEO has not made significant progress towards meeting or exceeding the established guidelines. The Committee reviewed the levels of ownership guidelines compared to our Compensation Peer Group (as described on page 40) in 2012 and made adjustments to the required Board ownership levels;

Our NEOs do not receive perquisites other than reimbursement for a comprehensive physical examination every five years; and

The Company does not provide excise tax gross-ups and requires a double trigger (a change in control of the Company combined with termination of the NEOs' employment) for activating the NEOs' right to a severance payment in the change of control component of the NEOs' Employment Agreements.

PHILOSOPHY AND OBJECTIVES OF OUR EXECUTIVE COMPENSATION PROGRAM

Our compensation philosophy is to align our NEOs' pay with performance, while ensuring that our executive compensation is attractive, flexible, market based and closely synchronized with the interests of our stockholders. Our compensation objectives are to attract, hire, and retain the caliber of executive officers necessary to deliver sustained high performance to our stockholders; to ensure that our compensation programs pay for performance; that we reward both short and long-term performance; that our pay programs are aligned with stockholder interests; and that corporate governance best practices are taken into consideration. Our executive compensation program is an important component in each of these compensation goals. Equally important, we view compensation practices as a means for communicating our goals and standards of conduct and performance and for motivating and rewarding employees in relation to their achievements. Within this framework, we observe the following principles:

Attract, retain, and motivate highly skilled executives: We believe our NEOs should have compensation and benefits programs that are market competitive to our peer group and that permit us to hire top caliber individuals at all levels;

Pay for performance: A significant portion of the annual compensation of our NEOs should vary with annual business performance and each individual's contribution to that performance;

Drive the attainment of short-term and long-term financial and strategic objectives: Our compensation programs are built to link directly to our short and long-term performance goals. Our Annual Non-Equity Incentive Plan is directly tied to annual performance whereas our long-term equity incentive programs (LTI Programs) are designed to focus on a three year performance and retention period;

Align compensation with stockholder interests: The interests of our NEOs should be linked with those of our stockholders by tying realized compensation directly to changes in stockholder value;

Consider corporate governance best practices: The overall compensation program should take into consideration corporate governance best practices as well as the results of the Company's annual advisory vote on NEO compensation; and

Be competitive against peer companies and differentiate by individual contribution: Compensation programs are built to be competitive with our peer companies and the actual awards take into consideration individual contributions to the Company to differentiate internally between NEOs.

Executive compensation should be linked, directly and materially, to the Company's overall performance and each NEO's individual performance, and should reward past performance and motivate future performance.

HOW WE MAKE COMPENSATION DECISIONS

Role of the Compensation Committee

The Compensation Committee, which is currently made up of four independent Directors, is responsible to our Board for overseeing our executive compensation and benefits policies and programs. Mr. Fuller, who is currently a member of the Compensation Committee, will no longer serve as a Director when his term expires effective at the Annual Meeting. Among its duties, the Compensation Committee is responsible for formulating the compensation recommendations for our CEO and approving all compensation for the CEO's direct reports (including the other NEOs). Although the Compensation Committee considers the CEO's recommendations, the Compensation Committee independently evaluates the recommendations and makes all final compensation decisions within the parameters of its compensation philosophy. This includes the following:

Evaluating the competitiveness of each NEO's total compensation package including base pay, annual non-equity incentive and LTI;

Reviewing and approving corporate incentive goals and objectives;

Evaluating individual performance results in light of these goals and objectives;

Approving any changes to the total compensation package; and

Overseeing employment agreements including the renewal process.

The Compensation Committee is supported in its work by an executive compensation consultant (as described herein), the CEO, and the Senior Vice President of Human Resources and her staff. The Company continued its compensation practices without substantial change in 2012, in light of the favorable results of the 2012 advisory vote to approve the Company's executive compensation. At the Company's 2012 annual meeting, 99.2% of stockholder votes cast approved on a non-binding advisory basis the compensation program for the Company's NEOs.

Role of the Chief Executive Officer

Within the framework of the compensation and benefits programs approved by the Compensation Committee and based on a review of market competitive data completed annually, our CEO recommends the mix of annual base pay, annual non-equity incentive and long-term incentive awards that the Company's key executives (including the other NEOs) should receive as both target and actual total direct compensation. These recommendations are based upon his assessment of each executive officer's performance, the performance of the individual's respective business or function, and any employee retention considerations. The Compensation Committee reviews our CEO's recommendations and approves any compensation changes affecting our NEOs as it determines in its sole discretion. Our CEO does not play any role with respect to any matter affecting his own compensation. The Compensation Committee may delegate to the CEO duties and responsibilities as the Compensation Committee deems to be in the best interests of the Company, provided such delegation is not prohibited by applicable law, rule or regulation. Delegated duties include, but are not limited to the ability of the CEO to grant a specified number of non-vested shares of the Company's stock to newly hired, recently promoted or other employees in accordance with specified parameters.

Role of the Compensation Consultant

The Compensation Committee has retained FW Cook as its executive compensation consultant. The Compensation Consultant reports directly to the Compensation Committee. The Compensation Committee may replace the Compensation Consultant or hire additional consultants at any time. A representative of the Compensation Consultant attends meetings of the Compensation Committee and communicates with the Committee Chair between meetings, as requested.

In connection with its work for the Compensation Committee, FW Cook provides various executive compensation services to the Compensation Committee pursuant to a written consulting agreement. Generally, these services include advising the Compensation Committee on the principal

aspects of our executive compensation program and evolving industry practices and providing market information and analysis regarding the competitiveness of our program design and our award values in relationship to performance.

During 2012, FW Cook performed the following services for the Compensation Committee:

Provided an annual competitive evaluation of total compensation for the CEO and his direct reports (including the other NEOs) versus Compensation Peer Group (as disclosed on page 40) and other survey data;

Provided recommendations to the Compensation Committee on selection of companies for inclusion in the Compensation Peer Group;

Provided an annual competitive evaluation of share usage, dilution, and fair value transfer versus Compensation Peer Group data;

Assisted with the design of the Company's incentive compensation programs;

Reviewed and provided advice on the CD&A for the proxy statement and related compensation tables;

Reviewed committee materials and provided commentary when appropriate;

Participated in extensive risk analysis of all incentive pay programs at the Company; and

Provided a competitive review of the Company's director compensation program versus Compensation Peer Group data. FW Cook provided no services to management during 2012. The Compensation Committee retains sole authority to hire the Compensation Consultant, approve its compensation, determine the nature and scope of its services, evaluate its performance, and terminate its engagement. The total amount of fees paid to the Compensation Consultant for services to the Compensation Committee in 2012 was \$101,333. The Company has assessed the independence of FW Cook pursuant to SEC rules and has determined that no known conflict of interest exists that would prevent FW Cook from serving as an independent consultant to the Compensation Committee.

Use of Competitive Data

Executive compensation should assist the Company in attracting and retaining high quality talent, and should be reasonable in comparison to like positions in like companies. In order to appropriately incentivize and retain the management team, compensation packages for the Company's executives should be responsive to the current environment and competitive in comparison to peer companies. Consequently, the Compensation Committee strives to provide executive compensation packages that include a combination of base pay and incentives that are appropriate in the relevant marketplace.

While the Compensation Committee does not believe that it is appropriate to establish compensation levels based solely on benchmarking, the Compensation Committee believes that information regarding pay practices at other companies comparable to the Company is nevertheless useful as a tool as it recognizes that compensation practices must be competitive in the marketplace. Accordingly, the Compensation Committee engages FW Cook to assist and make recommendations in connection with the selection of and periodic review of companies to be included in the peer group (as disclosed on page 40, the Compensation Peer Group), as well as related analysis in connection with updates made with the approval of the Compensation Committee. We believe the Compensation Peer Group represents the organizations that most closely correlate with us and therefore lean toward the business services industry with a focus on specialized finance. The companies who are included in the Compensation Peer Group were included based on certain metrics, principally revenue, income, market capitalization and complexity, comparable to those of the Company.

The total target direct executive compensation approximates the median of the Compensation Peer Group. Actual cash compensation may be above or below this range based on actual performance. Realized LTI and total direct compensation will vary from the median based on actual

Edgar Filing: PORTFOLIO RECOVERY ASSOCIATES INC - Form DEF 14A

financial and stock price performance. In making its year-end compensation decisions, the Compensation Committee noted that the Company performed comparatively well in difficult economic conditions, and on a relative basis in comparison to the industry as a whole, while exceeding its 2012 financial performance targets.

- (1) The 2012 Compensation Peer Group is the same peer group reported in last year's Proxy Statement.
- (2) The 2013 Compensation Peer Group has been updated and no longer includes Asset Acceptance Capital Corp and EPIQ Systems because their market capitalization and net income were no longer comparable with the rest of the peer group and PRAA. To keep a meaningful number of peers, the Company and FW Cook evaluated other possibilities and added HMS Holdings due to their closely aligned market capitalization and net income to the peer group and PRAA.

In addition to Compensation Peer Group data, the Compensation Committee reviews, but does not place as much emphasis on, financial services compensation survey data developed by the compensation consulting firm of Towers Watson. The primary focus on the Compensation Peer Group data relates to the more direct matches in terms of company size and business mix. The Compensation Committee uses this data to ascertain the competitive market for our NEOs, to determine whether the Company's compensation levels are competitive, and to make any necessary adjustments to reflect executive performance and Company performance. As a part of this process, FW Cook measures actual pay levels within each compensation component and in the aggregate. We also review the mix of our compensation components with respect to fixed versus variable, short-term versus long-term and cash versus equity-based pay. This information is then presented to the Compensation Committee for its review and use.

The Compensation Committee generally compares the compensation of its CEO and other NEOs to the median of the Compensation Peer Group. In addition, the Compensation Committee also considers factors such as our performance within the Compensation Peer Group, the unique characteristics of the individual NEO's position, and any succession and retention considerations. The Compensation Committee also uses benchmarks of its executive compensation against the Compensation Peer Group to enhance its ability to remain competitive in attracting executives.

Table of Contents**COMPONENTS OF OUR EXECUTIVE COMPENSATION PROGRAM**

The primary components of our executive compensation program and the purpose of each component are presented in the table below. The Compensation Committee measures the competitiveness of our programs by looking at the median of the Compensation Peer Group and the Towers Watson data for each compensation component. The Compensation Committee considers the recommendations of its consultant, FW Cook, in the process of allocating the mix of total compensation among each element of compensation, so as to provide the right balance of short-term and long-term compensation. The compensation of executives who have the greatest ability to influence the Company's financial performance is predominately performance-based and at risk, which is consistent with the Company's overall compensation philosophy.

Table of Contents**DIRECT COMPENSATION COMPONENTS APPROACH**

The following section contains information regarding certain performance measures and goals. These measures and goals are disclosed in the limited context of our executive compensation program. Investors should not apply these performance measures and goals to other contexts.

Annual Base Pay

Annual base pay is, in most instances, set on an individual basis at the time the employee enters into employment with the Company, or upon promotion or other change in job responsibilities. However, it is reviewed annually and the Compensation Committee considers the relative importance of the position, the competitive marketplace, and the individual's performance and contributions prior to making any adjustments.

Annual Non-Equity Incentive Plan Awards

In 2012, the annual incentive program provided for a cash bonus based on financial performance. The financial goals for all of the NEOs were set by the Compensation Committee. Each NEO was assigned a non-equity incentive target established by the Compensation Committee in January 2012. Although financial goals are the main component in the annual non-equity incentive plan awards, individual contribution is also taken into consideration.

Long-Term Equity Program Incentives

Our practice is to grant long-term equity incentive (LTI) shares to our NEOs and other executives as a mix of performance-based restricted shares and time-based restricted shares in amounts that are consistent with competitive practice. These awards are made after a regularly scheduled Board meeting, upon the Compensation Committee's recommendation and Board approval. The grant date is determined by the date of the Compensation Committee's vote. Any LTI shares so earned will be awarded in fully paid shares of the common stock of the Company.

In determining the amount of an individual LTI award, the Compensation Committee considers an NEO's performance during the preceding year, potential future contributions, and retention considerations, as well as market data for the NEO's position in the Peer Group.

LTI shares may also be granted when an employee is promoted to recognize the increase in the scope of his or her role and responsibilities. From time to time, we may also make special awards in the form of restricted stock to commemorate major milestones, or selective awards in situations involving a leadership transition. The Compensation Committee may also approve equity grants to new hires at the time of their hire in order to align them as quickly as possible to stockholder interests, if circumstances warrant.

Annual Base Pay

The Compensation Committee made a determination to increase annual base pay for all of our NEOs to further align their base compensation with the market median. These adjustments were communicated to the NEOs in their 2012-2014 employment agreements and went into effect on January 1, 2012.

Annual Non-Equity Incentive Plan Awards

The annual non-equity incentive awards granted to our NEOs under the Annual Bonus Plan s are designed to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code. For 2012, the Committee established a formula equal to two percent of operating income as the amount payable to each NEO (but in no event more than the Annual Bonus Plan s limit of \$2 million). The formula establishes the maximum award for each NEO; the actual payouts are determined by the Committee exercising negative discretion, taking into consideration the financial measures and factors discussed below. No payment would be made if the Company does not have positive operating income and there is no minimum actual payment.

In order to establish a direct link between the interests of our NEOs and our stockholders, the Compensation Committee assesses Company performance relative to a series of financial measures as well as strategic and qualitative factors to arrive at the non-equity incentive bonus pool to be used for the payment of annual incentive awards for the current year. The Compensation Committee may adjust this non-equity incentive bonus pool and the individual non-equity incentive bonus amounts awarded based on corporate and individual performance, both financial and non-financial. When corporate performance is strong, the Compensation Committee approves higher non-equity incentive awards in the aggregate than it does when corporate performance is weaker. The Compensation Committee also takes into consideration mitigating factors affecting financial performance, and does not apply a strictly formulaic approach in determining either the individual or financial performance portions of the non-equity incentive award.

For 2012 performance, the primary metric used to determine the non-equity incentive bonus pool continued to be Net Operating Income. We believe this is most indicative of the Company s financial success during the fiscal year and what we want the executives to focus on achieving. Net Operating Income is the income from operations after subtracting costs and expenses associated with those operations. It can be found on our income statement in the line called Income from Operations.

Annual non-equity incentive payments for 2012 performance were determined based on recommendations from the CEO (other than his own, which is established by the Compensation Committee). In preparing his recommendation, the CEO considered both the financial performance of the Company and each of the other NEO s individual and departmental contributions, while keeping an open view towards market data. The CEO and the Compensation Committee then met to discuss the CEO s recommendations, the Committee made such adjustments as it determined necessary and then all of the other NEOs non-equity incentive payments are finalized and approved through a Compensation Committee vote. The Compensation Committee fully determined and approved the amount of our CEO s award based on similar criteria.

The Compensation Committee evaluated 2012 Net Operating Income against the 2012 goals and determined that the Company s financial performance had exceeded expectations. The Compensation Committee also took into account significant revenue growth, growth in cash receipts and cash collections, net operating income growth, and record levels of debt buying in 2012.

Table of Contents

The table below sets forth the financial targets for 2012 Company performance set by the CEO and the Board. The 2012 financial targets were aggressively set, with growth in revenue of 18%, net operating income of 8%, Operating Expenses to Cash Receipts of 6%, Cash Collections of 17% and Diluted Earnings Per Share of 10%. The Company's actual financial results were substantially above these targets, as indicated in the table below.

Goal	2011 Actual	2012 Target	2012 Actual	2011 vs. 2012
Revenue	\$ 458.9 million	\$ 541.6 million	\$ 592.8 million	129.2%
Net Operating Income	\$ 178.0 million	\$ 192.4 million	\$ 216.1 million	121.4%
Operating Expenses to Cash Receipts Ratio	37.0%	39.2%	38.8%	104.9%
Cash Collections	\$ 705.5 million	\$ 826.7 million	\$ 908.7 million	128.8%
Diluted Earnings Per Share	\$ 5.85	\$ 6.41	\$ 7.39	126.3%

In addition to the above financial targets, the Committee also took into consideration the following factors:

Business Achievement**Description**

Portfolio Acquisitions	Record levels of debt buying, finishing at \$538 million
PRA's Stock Performance	Total return finished up 58% for 2012
Mackenzie Hall Ltd. Acquisition	Successful integration of Mackenzie Hall Ltd., a leading UK debt collection and purchase group
Acquisition of NCM Assets	Successful acquisition of certain NCM finance receivables and other operating assets

Based on these factors and individual performance, the Compensation Committee approved the following non-equity incentive payouts for 2012 performance:

Name	2011 Actual Non-Equity Incentive Awarded	2012 Non-Equity Incentive Target	2012 Actual Non-Equity Incentive Awarded ⁽¹⁾
Steven D. Fredrickson	\$ 1,185,000	\$ 650,000	\$ 1,300,000
Kevin P. Stevenson	\$ 800,000	\$ 475,000	\$ 950,000
Michael J. Petit	\$ 1,300,000	\$ 365,000	\$ 1,299,989
Neal Stern	\$ 600,000	\$ 335,000	\$ 670,000
P. Kent McCammon	\$ 500,000	\$ 355,000	\$ 355,000

⁽¹⁾ All bonuses were awarded in cash except for \$299,989 for Mr. Petit which was awarded as a three-year time-based equity grant.

Table of Contents**Long-Term Equity Program**

In January 2012, the NEOs received a LTI grant with multi-year financial performance measures. In determining the amount of an individual LTI award, the Compensation Committee considers an NEO's performance during the preceding year, potential future contributions and retention considerations, as well as market data for the NEO's position in the peer group.

The 2012 LTI Program is identical in design to the 2011 LTI Program and focuses on four key elements, each representing 25% of the total award: (i) continued Company service, (ii) Adjusted EBITDA, (iii) Return on Equity (ROE), and (iv) Total Stockholder Return (TSR). Each component within the program is independent of the others and shares can be earned in any of these categories based on the requirements within that category. The continued Company service element, is a time-based restricted stock grant that vests ratably over three years. The incorporation of the time-based element is to retain high caliber executives and reward for past performance. The Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) element is defined as pre-tax, pre-interest Net Operating Income, adding back depreciation, amortization of intangibles, and amortization of finance receivables and excluding any company acquisitions completed during 2012. The Adjusted EBITDA element is based on the achievement of the 2012 Adjusted EBITDA target and is incorporated because the Committee believes EBITDA is an important metric to measure business success. Once the percentage of target shares earned for this element is determined, the awards then vest ratably over the next two years (on December 31, 2013 and December 31, 2014). The Return on Equity (ROE) component is based on the extent to which the Company achieves a three year annualized ROE goal, calculated quarterly over the ROE 2012-2014 performance period. The Compensation Committee believes ROE is a good long-term measure that NEOs should be measured against when evaluating the sustained profitability of the Company. The TSR component is based upon the Company's achievement of relative stockholder value, calculated quarterly over the TSR 2012-2014 performance period using as a comparison one-third of the TSR of the NASDAQ Composite and two-thirds of the TSR of the compensation peer group. The TSR element further aligns the NEO's interests to stockholder interests. The amount of target shares that may be earned in each year range from zero to 200% as detailed, using linear interpolation, in the following tables:

2012 Adjusted EBITDA		2012-2014 ROE		2012-2014 Relative TSR	
Value (\$M)	Target Shares Earned (%)	Value	Target Shares Earned (%)	Value	Target Shares Earned (%)
Less than \$500	Zero	Less than 14.5%	Zero	Below 35 th percentile	Zero
\$525	50%	15.5%	50%	35 th percentile	50%
\$555	100%	16.5%	100%	50 th percentile	100%
\$585	150%	17.5%	150%	90 th percentile	200%
\$615 or more	200%	18.5% or more	200%		

Supplemental Long-Term Equity Program

In December 2011, the Compensation Committee approved the Supplemental Long-Term Equity Program (the Supplemental LTI Program). The Supplemental LTI Program is specifically designed to reward, motivate, and retain Mr. Petit as he leads the Bankruptcy Division through an anticipated period of continued, exceptional profitability. This Supplemental LTI Program is in addition to the normal executive compensation plans now in place, is completely performance-based and designed to reward Mr. Petit only in the case of continued exceptional levels of revenue, as it is designed to supplement, not replace other elements of compensation (Mr. Petit continues to participate fully in the Company's Non-Equity Incentive and LTI plans). This program is also designed as an added retention method. Shares of the Company's stock may be earned in each of 2012, 2013, and 2014 through the achievement of high levels of the Bankruptcy Department's revenue. The target payout in each performance year is \$750,000, for a total three year program target payout of \$2,250,000.

Table of Contents

The amount of target shares that may be earned in each year ranges from zero to 200% as detailed, using linear interpolation, in the following table:

(\$ in millions)

2012 Revenue	2013 Revenue	2014 Revenue	Percentage of Target Shares Earned
\$ 140	\$ 145	\$ 150	Zero
\$ 150	\$ 155	\$ 160	50%
\$ 160	\$ 165	\$ 170	100%
\$ 175	\$ 180	\$ 185	150%
\$ 190	\$ 195	\$ 200	200%

The first portion of the Supplemental LTI Program concluded at the end of 2012 when, based on Bankruptcy results, Mr. Petit attained 166% achievement for 2012 Bankruptcy Department revenue of \$179.6 Million. One-half of this award will vest on March 31, 2013 and the other half will vest on December 31, 2013, so long as Mr. Petit remains employed and no provisions of the clawback rules (described below) have been triggered. The 2013 and 2014 tranches have similar vesting provisions with one-half on March 31 and the second half on December 31 vesting in their respective years should performance warrant it.

The payouts to be made on December 31, 2013, as well as those in all of 2014 and 2015, will be subject to a reduction in shares awarded if allowance charges, recorded in accordance with U.S. GAAP are taken in subsequent periods as a result of underperformance of pools bought during or prior to the respective test periods. In such a case the amount of the allowance charge taken for pools purchased in the subsequent period will be subtracted from the revenue for the prior period and the amount of shares earned will be recomputed and paid on December 31 of the year in question.

For example, if during 2014, allowance charges are realized from pools acquired in 2011, 2012, and 2013, the 2013 amount earned and payable at December 31, 2014 will be reduced (if required) after recalculating the qualifying revenue using the matrix set forth above. If in any period more has been paid out in the March 31 remittance than should have been paid in the entire year as a result of the reduction in shares, then the remaining amount will be subtracted from the next payment earned under the plan, if any.

Decisions for 2013

In December 2012, the Compensation Committee established new 2013 Annual Base Pay rates as well as reviewed, and in some instances revised, the 2013 approved target non-equity incentive levels. These adjustments were made after reviewing market data and taking into consideration future individual contributions to the organization. The following chart reflects the adjustments that went into effect on January 1, 2013:

Name	2012 Annual Base Pay	2013 Annual Base Pay	2012 Non-Equity Incentive Target	2013 Non-Equity Incentive Target
Steven D. Fredrickson	\$ 725,000	\$ 750,000	\$ 650,000	\$ 800,000
Kevin P. Stevenson	\$ 375,000	\$ 400,000	\$ 475,000	\$ 500,000
Michael J. Petit	\$ 325,000	\$ 400,000	\$ 365,000	\$ 500,000
Neal Stern	\$ 325,000	\$ 350,000	\$ 335,000	\$ 350,000
P. Kent McCammon	\$ 300,000	\$ 307,000	\$ 355,000	\$ 355,000

Additionally, in January 2013 the Compensation Committee granted LTI shares to the NEOs based on its assessment of their 2012 performance and the market data for each NEOs position in the Peer Group. The LTI shares granted in January 2013 were granted pursuant to the 2013 LTI program as described below. The Compensation Committee determined that the long-term incentive would appropriately motivate and reward the NEOs to work towards achieving the Company's long-term objectives, and further reinforce the link between their interests and the interests of our stockholders. These awards were granted in the form of one-third time-based restricted shares for retention

Table of Contents

and two-thirds performance-vesting shares to reward and encourage high performance. The time-based restricted shares of the Company's common stock are designed to motivate the Company's executives to remain employed by the Company, and to properly focus on long-term stockholder value. The performance-based shares are designed to provide executives with the potential to earn additional shares of the Company's stock and provide them with specific financial goals that are tied to stockholder value. The Compensation Committee establishes both the grant value and the program parameters at the start of the plan year.

The 2013 LTI Program was modified in order to increase the focus on long-term performance (by removing our historical 1 year Adjusted EBITDA measure) and to align it closer with the market practices of our peer group. The 2013 LTI Program focuses on three key elements: (i) continued Company service, (ii) ROE, and (iii) TSR. Each component within the program is independent of the others and shares can be earned in any of these categories based on the requirements within that category. The continued Company service element, which represents one-third of the total award, is a time-based restricted stock grant that vests ratably over three years.

The second element, ROE, is defined as net income divided by average monthly equity as defined and publicly disclosed in our quarterly releases. The award value for this element is determined at the end of the three year performance period (in 2015) and reflects a three-year annualized ROE goal. ROE is calculated quarterly during the performance period, with the final award being made in the first quarter of 2016.

The following table demonstrates how the ROE award values are determined (any award earned between performance levels will be determined using linear interpolation):

Value	Percentage of Target Shares Earned
Less than 14.5%	Zero
15.5%	50%
16.5%	100%
17.5%	150%
18.5% or more	200%

The third and final element of our performance-based equity plan is relative TSR. Relative TSR is defined as the change in the Company's stock price for a given period plus dividends paid during the period divided by the beginning of the period stock price in comparison to the same calculation of the Compensation Peer Group.

The award value for this performance element will be determined at the end of 2015 upon achievement of a three year calculation of relative stockholder value, using as a comparison one-half of the TSR of the companies in the NASDAQ Composite and one-half of the TSR for the 2013 Compensation Peer Group described in this Proxy Statement.

The following table demonstrates how the relative TSR award values are determined (any award earned between performance levels will be determined using linear interpolation):

Value	Percentage of Target Shares Earned
Below 35 th percentile	Zero
35 th percentile	50%
50 th percentile	100%
65 th percentile	150%
80 th percentile	200%

The following table presents the incentive awards for each NEO granted under our 2013 LTI Program in January 2013. Awards are expressed as compensation values in the table but are granted as performance-based restricted shares and time-based restricted shares under the program. These awards generally will not be reported in the Summary Compensation Table until next year.

POST-EMPLOYMENT COMPENSATION***Tax-Qualified Plans***

The Company sponsors the Portfolio Recovery Associates, Inc. 401(k) Plan for its employees, including the NEOs, who are at least eighteen years of age or over. This plan is a long-term savings vehicle that enables all employees to make pre-tax contributions via payroll deductions, and receive tax-deferred earnings on the contributions made. Employees are eligible to make voluntary contributions to the plan of up to 100% of their compensation, subject to Internal Revenue Code limitations, after completing six months of service with the Company. The Company makes matching cash contributions of up to 4% to each participating employee's annual base pay. Employees are able to direct their own investments, among a wide array of choices, in the Company's 401(k) plan.

We periodically compare the competitiveness of our benefits programs for all our employees, including retirement benefits, against other employers with whom we broadly compete for talent. It is our objective to provide our employees with a benefits package that is at or around the median when compared to other employers.

Nonqualified Plans

The Company does not offer any nonqualified plans to any of its employees, including its NEOs.

Deferred Compensation Plan

The Company does not offer any deferred compensation plans to any of its employees, including its NEOs.

Severance and Change in Control Arrangements

Pursuant to their employment agreements with the Company, our NEOs are all eligible for annual base pay continuation and/or severance provisions providing for payments to the executive, the executive's beneficiaries or to their estates for the following reasons:

Death;

Disability;

Termination for Reasons other than Cause;

Constructive Termination;

Change in Control Double Trigger Termination; and

Nonrenewal of an Employment Agreement

In the case of a termination for Cause, no severance payments will be made. We find each of these practices to be typical among our peers and they are strongly tied to non-compete/non-solicitation agreements in exchange for the severance benefits. In no instance will the organization provide excise tax reimbursements to any of our NEOs.

For detailed information on the estimated potential payments and benefits payable to the NEOs in the event of their termination of employment, including following a change in control of the Company, see the heading Post Employment Compensation Arrangements.

PERQUISITES AND OTHER PERSONAL BENEFITS

We do not provide our executive officers, including the NEOs, with perquisites or other personal benefits, except for comprehensive physical examinations. The NEOs are required by policy to submit to comprehensive physical examinations every 5 years (if over 40 years of age) at the Company's expense, at a cost of up to approximately \$5,000 each. This perquisite is provided because we believe it serves a necessary business purpose and protects the interests of the organization and stockholders by requiring each NEO to receive high-quality preventative care and thereby increasing the likelihood of early detection for any serious illness that would prevent them from serving the Company to the best of their ability.

OTHER COMPENSATION POLICIES

In addition to the other components of our executive compensation program, we maintain a Stock Ownership Guideline Policy as described below. This policy is consistent with evolving best practices and helps ensure that our executive compensation program does not encourage our NEOs to engage in behaviors that are beyond our ability to effectively identify and manage risk.

Stock Ownership Guidelines

To encourage our NEOs to acquire and hold shares of our common stock, we have adopted the following Stock Ownership Guidelines. In order to further align the Company's NEOs' interests with those of the Company's stockholders and assure that management focuses on the appropriate long-term initiatives designed to increase stockholder value, the Compensation Committee has established stock ownership guidelines for certain key executives. Ownership by executive officers of equity in the Company serves to align their interests with those of the Company's stockholders and demonstrates to the investing public and to all of the Company's other employees, senior management's commitment to the Company. The Company's targeted executive share ownership policy establishes for each NEO, as well as other executives and managers in key leadership roles, individual equity ownership goals.

In the first quarter of each year, the Compensation Committee is provided with a report showing the extent to which executives have met the applicable ownership guidelines. This report also includes targeted share ownership, actual share ownership, increase or decrease in actual share ownership during the year, and the amount of both vested and non-vested shares. The Compensation Committee may determine whether, based on the executive's success in achieving their stockholding targets, the executive's annual non-equity incentive, if any, is paid in stock, rather than in cash. The specific share requirements for each executive only include shares that are beneficially owned, directly or indirectly by the executive, but do not include any shares that have been granted to the executive that have not yet vested. In accordance with the revised policy, executives must retain 100% of after-tax equity compensation until a pre-determined multiple of annual base pay ownership guidelines is met. Ownership targets are set as a multiple of annual base pay as indicated on the following chart. In order to permit consistent long-term planning by an executive, once established, these targets are not reset except upon the approval of the Compensation Committee in the event of a significant promotion of an executive, exceptional equity grants, or other considerations. If the stock value falls below \$50.46 or over \$151.37 (50% movement up or down) the share requirement for each executive will be re-computed using the new three month average. The following chart details the equity ownership targets established for the executives listed in the Summary Compensation Table.

IMPACT OF TAX POLICIES***Deductibility of Executive Compensation***

One of our compensation objectives is to structure and administer our annual and long-term incentive compensation plans for our CEO and the other NEOs to maximize the tax deductibility of the payments as performance-based compensation under Section 162(m) to the extent practicable. However, while the Compensation Committee is mindful of the potential impact upon the Company of Section 162(m) of the Code, it reserves the right to adopt such compensation arrangements as may from time to time be necessary to retain or attract top-quality management even if payments may not be deductible under Section 162(m).

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During fiscal 2012, our Compensation Committee consisted of David N. Roberts, Scott M. Tabakin, John H. Fain and John E. Fuller. All of the members of the Compensation Committee were independent Directors, no member was an employee or former employee of the Company and no member has had any related party transactions which would require disclosure under SEC rules. During fiscal 2012, no NEO of the Company served on any compensation committee (or its equivalent) or board of directors of any other company whose executive officer served on our Compensation Committee or Board. Mr. Fuller will no longer serve as a Director when his term expires, effective as of the Annual Meeting, and as a result, he will no longer serve as a member of the Board or any committee thereof, including the Compensation Committee.

OPPORTUNITY FOR STOCKHOLDER FEEDBACK

The Compensation Committee values feedback from our stockholders regarding our executive compensation programs. Stockholders are invited to express their thoughts to the Compensation Committee through the means described under the heading "Communication with Directors" in this Proxy Statement. In addition, the advisory vote on the Compensation of the NEOs, which we hold annually, provides stockholders with an opportunity to communicate their thoughts on our executive compensation program.

At the 2011 Annual Meeting the Company's stockholders voted in favor of conducting an annual non-binding advisory stockholder vote on the Company's executive compensation. Based on that vote, a proposal to approve, on a non-binding advisory basis, NEO compensation has been included in this Proxy Statement.

This Compensation Discussion and Analysis is intended to provide all of the necessary and relevant information to assist in your voting decision. In light of the very strong stockholder support of our executive compensation in 2012, the Committee concluded that no significant revisions were necessary to our NEOs' compensation program.

The shares awarded vest pursuant to the terms of Company's long-term equity program consisting of awards that vest based on continued service with the Company and awards that vest if stated performance goals are met as well as on continued service with the Company (see pages 46-50 for a more complete description of the LTI Programs). The actual amount of compensation that will be realized by the NEO at the time the stock award vests, if at all, will depend upon the market price of the Company's common stock at the vesting date. The maximum award opportunity for each NEO as of the grant date for awards that are subject to performance goals is as follows: Mr. Fredrickson, \$2,249,972; Mr. Stevenson, \$674,943; Mr. Petit, \$5,174,887; Mr. Stern, \$599,896; and Mr. McCammon, \$449,922.

POST-EMPLOYMENT COMPENSATION ARRANGEMENTS

In 2012, we established new employment agreements with each of our NEOs. These employment agreements contain minimal annual base pay continuation and/or severance provisions providing for payments which may/may not include non-equity incentive and immediate vesting of unvested equity to the executives, the executive's beneficiaries or to their estates for the following reasons:

Death;

Disability;

Termination for Reasons Other than Cause;

Constructive Termination;

Change in Control Double Trigger Termination; and

Nonrenewal of an Employment Agreement.

The Estimated Post-Employment Payments and Benefits Table that follows this narrative summarizes such payments and benefits. In the case of a termination for Cause, no severance payments will be made. Severance payments are conditioned on the executive's execution of a full release of all claims against the Company, and are payable in accordance with Section 409A regulations following termination. While the Employment Agreements provide executives with certain benefits upon their involuntary termination (not for cause), the agreements also provide protections to the Company in the forms of Non-Competition, Non-Solicitation, and Confidentiality restrictive covenants. None of the NEOs are provided with any type of golden parachute or excise tax gross-up.

The amounts in this table were calculated based upon employment agreements in effect as of December 31, 2012 and based upon an assumed termination of December 31, 2012. All of the named executive officers executed three-year employment agreements with the Company effective January 1, 2012. The amounts reported in the following table are hypothetical amounts based on the disclosure of compensation information about the NEOs. Actual payments will depend on the circumstances and timing of any termination of employment or other triggering event. For illustration purposes we have used the full year target non-equity incentive award for each NEO.

(c) To the extent not inconsistent with applicable law, including Section 162(m) of the Code and Section 16 of the Exchange Act, with respect to Awards intended to comply with the performance-based compensation exception under Section 162(m), or the rules and regulations of the principal U.S. national securities exchange on which the Shares are traded, the Committee may (i) delegate to a committee of one or more directors of the Company any of the authority of the Committee under the Plan, including the right to grant, cancel or suspend Awards and (ii) authorize one or more officers to do one or more of the following with respect to Employees who are not directors or officers of the Company (A) designate Employees to be recipients of Awards, (B) determine the number of Shares subject to such Awards to be received by such Employees and (C) cancel or suspend Awards to such Employees; provided that (x) any resolution of the Committee authorizing such officer(s) must specify the total number of Shares subject to Awards that such officer(s) may so award and (y) the Committee may not authorize any officer to designate himself or herself as the recipient of an Award.

5. OPTIONS

5.1. Grant. Options may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Any Option shall be subject to the terms and conditions of this Section 5 and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall deem desirable.

5.2. Award Agreements. All Options shall be evidenced by an Award Agreement in such form and containing such terms and conditions as the Committee shall determine which are not inconsistent with the provisions of the Plan. The terms and conditions of Options need not be the same with respect to each Participant. Granting an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Section 5 may hold more than one Option granted pursuant to the Plan at the same time.

5.3. Exercise Price. Other than in connection with Substitute Awards, the exercise price per each Share purchasable under any Option granted pursuant to this Section 5 shall not be less than 100% of the Fair Market Value of one Share on the date of grant of such Option; provided,

however, that in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing

more than 10% of the voting power of all classes of stock of the Company or any Subsidiary, the exercise price per share shall be no less than 110% of the Fair Market Value of one Share on the date of grant. Other than pursuant to Section 12.2, the Committee shall not without the approval of the Company's stockholders (a) lower the exercise price per Share of an Option after it is granted, (b) cancel an Option when the exercise price per Share exceeds the Fair Market Value of one Share in exchange for cash or another Award (other than in connection with a Change in Control as defined in Section 11.3), or (c) take any other action with respect to an Option that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Shares are listed.

5.4. Option Term. The term of each Option shall be fixed by the Committee in the applicable Award Agreement in its sole discretion; provided that no Option shall be exercisable after the expiration of ten (10) years from the date the Option is granted, except in the event of death or disability if specified in the Award Agreement when the Option is granted; provided, however, that the term of the Option shall not exceed five (5) years from the date the Option is granted in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Subsidiary. Notwithstanding the foregoing, in the event that on the last day of the term of an Option (other than an Incentive Stock Option and to the extent permitted by Section 409A of the Code) (i) the exercise of the Option is prohibited by applicable law or (ii) Shares may not be purchased or sold by certain employees or directors of the Company due to the black-out period of a Company policy or a lock-up agreement undertaken in connection with an issuance of securities by the Company, the term of the Option shall be extended for a period of thirty (30) days following the end of the legal prohibition, black-out period or lock-up agreement.

5.5. Exercise of Options.

(a) The Award Agreement shall specify when applicable Options vest and become exercisable. Vested Options granted under the Plan shall be exercised by the Participant (or by a Permitted Assignee thereof or the Participant's executors, administrators, guardian or legal representative, to the extent provided in an Award Agreement) as to all or part of the Shares covered thereby, by giving notice of exercise to the Company or its designated agent, specifying the number of Shares to be purchased. The notice of exercise shall be in such form, made in such manner, and shall comply with such other requirements consistent with the provisions of the Plan as the Committee may prescribe from time to time.

(b) Unless otherwise provided in an Award Agreement, full payment of such purchase price shall be made at the time of exercise and shall be made (i) in cash or cash equivalents (including certified check or bank check or wire transfer of immediately available funds), (ii) by tendering previously acquired Shares (either actually or by attestation) valued at their then Fair Market Value, (iii) with the consent of the Committee, by delivery of other consideration having a Fair Market Value on the exercise date equal to the total purchase price, (iv) with the consent of the Committee, by withholding Shares otherwise issuable in connection with the exercise of the Option, (v) through any other method specified in the applicable Award Agreement (including same-day sales through a broker), or (vi) any combination of any of the foregoing; provided, however, that, to the extent required by applicable law, the Participant must pay in cash an amount not less than the aggregate par value (if any) of the Shares being acquired. The notice of exercise, accompanied by payment, shall be delivered to the Company at its principal business office or such other office as the Committee may from time to time direct, and shall be in such form, containing such further provisions consistent with the provisions of the Plan, as the Committee may from time to time prescribe. In no event may any Option granted hereunder be exercised for a fraction of a Share (and any fractional Share shall be settled in cash). A Participant who is subject to Section 16 of the Exchange Act may direct the Company to withhold Shares otherwise to be delivered upon the issuance or exercise of an Award in order to pay the exercise price and/or withholding taxes due on such Award, as applicable.

(c) Notwithstanding the foregoing, an Award Agreement may provide that if, on the last day of the term of an Option the Fair Market Value of one Share exceeds the exercise price per Share, the Participant has not exercised the Option (or a tandem Stock Appreciation Right, if applicable) and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Participant the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total purchase price and required withholding taxes; provided, however, that any fractional Share shall be settled in cash.

5.6. Form of Settlement. In its sole discretion, the Committee may provide at the date of grant of an Option that the Shares to be issued upon such Option's exercise shall be in the form of Restricted Stock or other similar securities.

5.7. Incentive Stock Options. The Committee may grant Incentive Stock Options to any employee of the Company or any subsidiary (within the meaning of Section 424(f) of the Code), subject to the requirements of Section 422 of the Code. Solely for purposes of determining whether Shares are available for the grant of Incentive Stock Options under the Plan, the maximum aggregate number of Shares that may be issued pursuant to Incentive Stock Options granted under the Plan shall be 1,800,000 Shares, subject to adjustment as provided in Section 12.2.

6.2. Terms and Conditions. Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) The Committee shall determine in its sole discretion in the applicable Award Agreement the date or dates on which such Stock Appreciation Rights vest and become exercisable.

(d) The terms and conditions of Stock Appreciation Rights need not be the same with respect to each recipient.

(e) The Committee may impose such other terms and conditions on the exercise of any Stock Appreciation Right, as it shall deem appropriate. A Stock Appreciation Right shall (i) have a grant price per Share of not less than the Fair Market Value of one Share on the date of grant or, if applicable, on the date of grant of an Option with respect to a Stock Appreciation Right granted in exchange for or in tandem with, but subsequent to, the Option (subject to the requirements of Section 409A of the Code) except in the case of Substitute Awards or in connection with an adjustment provided in Section 12.2, and (ii) have a term not greater than ten (10) years, except in the event of death or disability if specified in the Award Agreement when the Stock Appreciation Right is granted. Notwithstanding clause (ii) of the preceding sentence and to the extent permitted by Section 409A of the Code, in the event that on the last day of the term of a Stock Appreciation Right (x) the exercise of the Stock Appreciation Right is prohibited by applicable law or (y) Shares may not be purchased or sold by certain employees or directors of the Company due to the black-out period of a Company policy or a lock-up agreement undertaken in connection with an issuance of securities by the Company, the term shall be extended for a period of thirty (30) days following the end of the legal prohibition, black-out period or lock-up agreement.

(f) An Award Agreement may provide that if on the last day of the term of a Stock Appreciation Right the Fair Market Value of one Share exceeds the grant price per Share of the Stock Appreciation Right, the Participant has not exercised the Stock Appreciation Right or the tandem Option (if applicable), and the Stock Appreciation Right has not otherwise expired, the Stock Appreciation Right shall be deemed to have been exercised by the Participant on such day. In such event, the Company shall make payment to the Participant in accordance with this Section 6.2, reduced by the number of Shares (or cash) required for withholding taxes; any fractional Share shall be settled in cash.

(g) Without the approval of the Company's stockholders, other than pursuant to Section 12.2, the Committee shall not (i) reduce the grant price of any Stock Appreciation Right after the date of grant (ii) cancel any Stock Appreciation Right when the grant price per Share exceeds the Fair Market Value of one Share in exchange for cash or another Award, or (iii) take any other action with respect to a Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the principal U.S. national securities exchange on which the Shares are listed.

7.1. Grants. Awards of Restricted Stock and of Restricted Stock Units may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan (a Restricted Stock Award or Restricted Stock Unit Award respectively), and such Restricted Stock Awards and Restricted Stock Unit Awards shall also be available as a form of payment of Performance Awards and other earned cash-based incentive compensation. Except as otherwise provided in an Award Agreement, any Shares or any other property distributed as a dividend or otherwise with respect to any Restricted Stock Award or Restricted Stock Unit Award as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Stock Award or Restricted Stock Unit Award, and the Committee shall have the sole discretion to determine whether, if at all, any cash-denominated amount that is subject to such restrictions shall earn interest and at what rate. Notwithstanding the provisions of this Section 7.3, cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Award or Restricted Stock Unit Award that vests based on achievement of performance goals shall either (i) not be paid or credited or (ii) be accumulated, shall be subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock or Restricted Stock Units with respect to which such cash, stock or other property has been distributed and shall be paid at the time such restrictions and risk of forfeiture lapse.

Any such certificate or certificates shall be registered in the name of the Participant and shall bear an appropriate legend referring to the restrictions applicable to such Restricted Stock. Other Share-Based Awards shall also be available as a form of payment of other Awards granted under the Plan and other earned cash-based compensation.

8.2. Award Agreements. The terms of Other Share-Based Awards granted under the Plan shall be set forth in an Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The terms of such Awards need not be the same with respect to each Participant. Notwithstanding the provisions of this Section 8.2, Dividend Equivalents with respect to the Shares covered by an Other Share-Based Award that vests based on achievement of performance goals shall be subject to restrictions and risk of forfeiture to the same extent as the Shares covered by an Other Share-Based Award with respect to which such Dividend Equivalents have been credited.

8.3. Vesting Period. The Award Agreement shall specify the Vesting Period, if any, for Other Share-Based Awards.

8.4. Payment. 9.3. Terms and Conditions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, that a Performance Period shall not be shorter than one year unless the Award is not payable in Shares. The amount of the Award to be distributed shall be conclusively determined by the Committee.

9.4. Payment. Except as provided in Section 11, as provided by the Committee or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period (and in all events by December 31st of the year in which such Award becomes vested or within two and one half months after vesting, if later). Performance Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee. If the Committee determines that a Restricted Stock Award, a Restricted Stock Unit, a Performance Award or an Other Share-Based Award is intended to be subject to this Section 10, the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, which shall be based on the attainment of specified levels of one or any combination of the following (which may incorporate pre-defined adjustments): revenue, net revenue, product revenue or system-wide revenue (including growth of such revenue measures); operating income (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead and bonus); earnings or loss per share; net income or loss (before or after taxes); return on equity; total stockholder return; return on assets or net assets; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; gross or net profit margin; gross profit growth; net operating profit (before or after taxes); operating earnings; earnings or losses or net earnings or losses (including earnings or losses before taxes, before interest and taxes, or before interest, taxes, depreciation and amortization); economic value-added models or equivalent metrics; comparisons with various stock market indices; reductions in costs; cash flow (including operating cash flow and free cash flow) or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; cash flow return on capital; improvement in or attainment of expense levels or working capital levels, including cash, inventory and accounts receivable; general and administrative expense savings; inventory control; operating margin; gross margin; year-end cash; cash margin; debt reduction; stockholders equity; operating efficiencies; cost reductions or savings; market share; customer satisfaction; customer growth; employee satisfaction; productivity or productivity ratios; regulatory achievements (including submitting or filing applications or other documents with regulatory authorities or receiving approval of any such applications or other documents; strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property; co-development, co-marketing, profit sharing, joint venture or other similar arrangements); financial ratios, including those measuring liquidity, activity, profitability or leverage; cost of capital or assets under management; financing and other capital raising transactions (including sales of the Company's equity or debt securities; debt level year-end cash position; book value; competitive market metrics; timely completion of new product roll-outs; sales or licenses of the Company's assets, including its intellectual property, whether in a particular jurisdiction or territory or globally; or through partnering transactions); royalty income; implementation, completion or attainment of measurable objectives with respect to research, development, commercialization, products or projects, acquisitions and divestitures, succession and hiring projects, reorganization and other corporate transactions, expansions of specific business operations and meeting divisional or project budgets; and recruiting and maintaining personnel. Such performance goals also may be determined solely by reference to the Company's performance or the performance of a Subsidiary, division, business segment or business unit of the Company or any Subsidiary, or based upon performance relative to performance of other companies or upon comparisons of any of the indicators of performance relative to performance of other companies. To the extent permitted by Section 162(m) of the Code, the Committee may also determine, at the time the applicable performance goals are established, to exclude charges related to an event or occurrence which the Committee determines should appropriately be excluded, including, without limitation, (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event not directly related to the operations of the Company, Subsidiary, division, business segment or business unit, or (c) the cumulative effects of tax or

accounting changes in accordance with U.S. generally accepted accounting principles. Such performance goals (and any exclusions) shall (i) be set by the Committee prior to the earlier of (i) 90 days after the commencement of the applicable Performance Period and the expiration of 25% of the Performance Period, and (ii) otherwise comply with the requirements of Section 162(m) of the Code and the regulations thereunder, including, without limitation, that the achievement of such performance goals shall be substantially uncertain at the time the performance goals are established.

10.3. Adjustments; Certification. Notwithstanding any provision of the Plan (other than Section 11), with respect to any Restricted Stock Award, Restricted Stock Unit Award, Performance Award or Other Share-Based Award that is subject to this Section 10, the Committee may adjust downwards, but not upwards, the amount payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance goals except in the case of the death or disability of the Participant. The Committee must certify, in writing the amount of the Award for each Participant for such Performance Period before payment of the Award is made.

10.4. Restrictions. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 10 as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m) of the Code.

11. CHANGE IN CONTROL PROVISIONS

11.1. Impact on Certain Awards. Unless otherwise provided in an Award Agreement, the Committee shall have the right to provide that in the event of a Change in Control of the Company (as defined in Section 11.3): (i) Options and Stock Appreciation Rights outstanding as of the date of the Change in Control shall be cancelled and terminated without payment if the Fair Market Value of one Share as of the date of the Change in Control is less than the per Share Option exercise price or Stock Appreciation Right grant price, and (ii) all Performance Awards shall be (x) considered to be earned and payable based on achievement of performance goals or based on target performance (either in full or pro rata based on the portion of Performance Period completed as of the date of the Change in Control), and any limitations or other restrictions shall lapse and such Performance Awards shall be immediately settled or distributed or (y) converted into Restricted Stock or Restricted Stock Unit Awards based on achievement of performance goals or based on target performance (either in full or pro rata based on the portion of Performance Period completed as of the date of the Change in Control) that are subject to Section 11.2.

11.2. Assumption or Substitution of Certain Awards.

(a) Unless otherwise provided in an Award Agreement, in the event of a Change in Control in which the successor company assumes or substitutes for an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award (or in which the Company is the ultimate parent corporation and continues the Award), if a Participant's employment with such successor company (or the Company) or a subsidiary thereof terminates within 24 months following such Change in Control (or such other period set forth in the Award Agreement) and under the circumstances specified in the Award Agreement or otherwise: (i) Options and Stock Appreciation Rights outstanding as of the date of such termination of employment will immediately vest, become fully exercisable, and will thereafter remain exercisable for 36 months (or such other period of time set forth in the Award Agreement, but in no event beyond the stated term of the Option or Stock Appreciation Right), (ii) the restrictions, limitations and other conditions applicable to Restricted Stock and Restricted Stock Units outstanding as of the date of such termination of employment shall lapse and the Restricted Stock and Restricted Stock Units shall become free of all restrictions, limitations and conditions and become fully vested, and (iii) the restrictions, limitations and other conditions applicable to any Other Share-Based Awards shall lapse, and such Other Share-Based Awards shall become free of all restrictions, limitations and conditions and become fully vested and transferable to the full extent of the original grant. For the purposes of this Section 11.2, an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award shall be considered assumed or substituted for if following the Change in Control the Award confers the right to purchase or receive, for each Share subject to the Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award immediately prior to the Change in Control, the consideration (whether stock, cash or other securities or property) received in the transaction constituting the Change in Control by holders of Shares for each Share held on the effective date of such transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the transaction constituting a Change in Control is not solely common stock of the successor company, the Committee may, with the consent of the successor company, provide that the consideration to be received upon the exercise or vesting of an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award, for each Share subject thereto, will be solely common stock of the successor company with a fair market value substantially equal to the per Share consideration received by holders of Shares in the transaction constituting a Change in Control. The determination of whether fair market value is substantially equal shall be made by the Committee in its sole discretion and its determination shall be conclusive and binding.

(b) Unless otherwise provided in an Award Agreement, in the event of a Change in Control to the extent the successor company does not assume or substitute for an Option, Stock Appreciation Right, Restricted Stock Award, Restricted Stock Unit Award or Other Share-Based Award (or in which the Company is the ultimate parent corporation and does not continue the Award), then immediately prior to the Change in Control:

(i) those Options and Stock Appreciation Rights outstanding as of the date of the Change in Control that are not assumed or substituted for (or continued) shall immediately vest and become fully exercisable, (ii) restrictions, limitations and other conditions applicable to Restricted Stock and Restricted Stock Units that are not assumed or substituted for (or continued) shall lapse and the Restricted Stock and Restricted Stock Units shall become free of all restrictions, limitations and conditions and become fully vested, and (iii) the restrictions, other limitations and other conditions applicable to any Other Share-Based Awards or any other Awards that are not assumed or substituted for (or continued) shall lapse, and such Other Share-Based Awards or such other Awards shall become free of all restrictions, limitations and conditions and become fully vested and transferable to the full extent of the original grant.

(c) The Committee, in its discretion, may determine that, upon the occurrence of a Change in Control, each Option and Stock Appreciation Right outstanding shall terminate within a specified number of days after notice to the Participant, and/or that each Participant shall receive, with respect to each Share subject to such Option or Stock Appreciation Right, an amount equal to the excess of the Fair Market Value of such Share immediately prior to the occurrence of such Change in Control over the exercise price per Share of such Option and/or Stock Appreciation Right; such amount to be payable in cash, in one or more kinds of stock or property (including the stock or property, if any, payable in the transaction) or in a combination thereof, as the Committee, in its discretion, shall determine.

(d) Notwithstanding the foregoing, no such accelerated vesting or settlement shall occur with respect to any Award that is treated as non-qualified deferred compensation within the meaning of Section 409A of the Code if such accelerated vesting or settlement would violate the requirements of Section 409A of the Code.

11.3. Change in Control. For purposes of the Plan, unless otherwise provided in an Award Agreement, Change in Control means the occurrence and actual consummation of either paragraph (a), (b), or (c) below or any combination of said event(s), in each case as more fully defined in Section 409A and related Treasury Regulations:

(a) Change of Ownership of the Company. A change of ownership of the Company occurs on the date that any one person or persons acting as a group acquires ownership of the stock of the Company, that, together with stock held by such person or group, constitutes more than fifty percent (50%) of the total fair market value or total voting power of the stock of the Company or of any corporation that owns at least fifty percent (50%) of the total fair market value and total voting power of the Company;

(b) Effective Change of Control. If the Company does not qualify under paragraph (a), above, then it may still meet the definition of Change of Control, on the date that either: (i) any one person, or more than one person, acting as a group acquires (or has acquired during the twelve (12) month period ending on the date of the most recent acquisition by such person or persons) ownership of stock of the Company possessing thirty percent (30%) or more of the total voting power of the stock of the Company; or (ii) a majority of the members of the Board are replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board prior to the date of the appointment or election; or

(c) Change in Ownership of Company's Assets. A change in the ownership of a substantial portion of the Company's assets occurs on the date that any person, or more than one person acting as a group, acquires or has acquired during the 12-month period ending on the date of the most recent acquisition by such person or persons assets from the Company that have a total fair market value equal to more than sixty-five percent (65%) of the total gross fair market value of all of the assets of the Company immediately prior to such acquisition or acquisitions.

12. GENERALLY APPLICABLE PROVISIONS

12.1. Amendment and Termination of the Plan. The Board may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable, subject to any requirement for stockholder approval imposed by applicable law, including the rules and regulations of the principal U.S. national securities exchange on which the Shares are traded; provided that the Board may not amend the Plan in any manner that would result in noncompliance with Rule 16b-3 under the Exchange Act; and further provided that the Board may not, without the approval of the Company's stockholders to the extent required by such applicable law, including the rules of any applicable stock exchange, amend the Plan to (a) increase the number of Shares that may be the subject of Awards under the Plan (except for adjustments pursuant to Section 12.2), (b) expand the types of awards available under the Plan, (c) expand the class of persons eligible to participate in the Plan, (d) amend Section 5.3 or Section 6.2 to eliminate the requirements relating to minimum exercise price, minimum grant price and stockholder approval, (e) increase the maximum permissible term of any Option specified by Section 5.4 or the maximum permissible term of a Stock Appreciation Right specified in Section 6.2, (f) add performance goals to Section 10.2 or (g) increase any of the limitations in Section 10.5. The Board may not (except pursuant

to Section 12.2 or in connection with a Change in Control), without the approval of the Company's stockholders, cancel an Option or Stock Appreciation Right in exchange for cash when the exercise or grant price per share exceeds the Fair Market Value of one Share or another Award or take any action with respect to an Option or Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the principal securities exchange on which the Shares are traded, including a reduction of the exercise price of an Option or the grant price of a Stock Appreciation Right or the exchange of an Option or Stock Appreciation Right for another Award. In addition, no amendments to, or termination of, the Plan shall impair the rights of a Participant in any material respect under any Award previously granted without such Participant's consent.

12.2. Adjustments. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a non-extraordinary cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in corporate structure affecting the Shares or the value thereof, adjustments and other substitutions shall be made to the Plan and to Awards by the Committee (in accordance with Sections 409A and 424 of the Code, as applicable) in order to prevent dilution or enlargement of the rights of Participants that would otherwise result from such transaction or change, including adjustments in the aggregate number, class and kind of securities that may be delivered under the Plan, the share limitations in Section 3.3, the maximum number of Shares that may be issued pursuant to Incentive Stock Options and, in the aggregate or to any Participant, in the number, class, kind and grant price or exercise price of securities subject to outstanding Awards granted under the Plan; provided, however, that the number of Shares subject to any Award shall always be a whole number.

12.3. Transferability of Awards. Except as provided below, no Award and no Shares that have not been issued or as to which any applicable restriction, performance or deferral period has not lapsed, may be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution, and such Award may be exercised during the life of the Participant only by the Participant or the Participant's guardian or legal representative. To the extent and under such terms and conditions as determined by the Committee, a Participant may transfer an Award without consideration (each transferee thereof, a Permitted Assignee) (i) to the Participant's spouse, children or grandchildren (including any adopted and step children or grandchildren), parents, grandparents or siblings, (ii) to a trust for the benefit of the Participant and/or solely the persons referred to in clause (i), (iii) to a partnership, limited liability company or corporation in which the Participant or the persons referred to in clause (i) are the only partners, members or stockholders or (iv) for charitable donations; provided that such Permitted Assignee shall be bound by and subject to all of the terms and conditions of the Plan and the Award Agreement relating to the transferred Award (including, without limitation, vesting, settlement and forfeiture conditions, which shall continue to apply as if no such transfer occurred) and shall execute an agreement satisfactory to the Company evidencing such obligations; and provided further that such Participant shall remain bound by the terms and conditions of the Plan. The Company shall cooperate with any Permitted Assignee and the Company's transfer agent in effectuating any transfer permitted under this Section 12.3. No Award that constitutes deferred compensation under Section 409A of the Code may be transferred.

12.4. Termination of Employment or Services. The Committee shall determine and set forth in each Award Agreement whether any Awards granted in such Award Agreement will continue to be exercisable, continue to vest or be earned and the terms of such exercise, vesting or earning, on and after the date that a Participant ceases to be employed by or to provide services to the Company or any Subsidiary (including as a Director), whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise. The date of termination of a Participant's employment or services will be determined by the Committee, which determination will be final.

12.5. Deferral. The Committee shall be authorized to establish procedures pursuant to which the payment of any Award may be deferred in accordance with Section 409A of the Code

12.6. Dividend Equivalents. Subject to the provisions of the Plan and any Award Agreement, the recipient of an Award other than an Option, Stock Appreciation Right or Restricted Stock Award may, if so determined by the Committee, be entitled to receive, currently or on a deferred basis, amounts equivalent to cash, stock or other property dividends on Shares (Dividend Equivalents) with respect to the number of Shares covered by the Award, as determined by the Committee, in its sole discretion. Except as otherwise provided in the Award Agreement, Dividend Equivalents shall be subject to the same vesting or performance conditions as the underlying Award. Notwithstanding the foregoing, Dividend Equivalents credited in connection with an Award that vests based on the achievement of performance goals shall be subject to restrictions and risk of forfeiture to the same extent as the Award with respect to which such Dividend Equivalents have been credited.

13. MISCELLANEOUS

13.1. Award Agreements. Each Award Agreement shall either be (a) in writing in a form approved by the Committee and executed by the Company by an officer duly authorized to act on its behalf, or (b) an electronic notice in a form approved by the Committee and recorded by the Company (or its designee) in an electronic recordkeeping system used for the purpose of tracking one or more types of Awards as the Committee may provide; in each case and if required by the Committee, the Award Agreement shall be executed or otherwise electronically

accepted by the recipient of the Award in such form and manner as the Committee may require. The Committee may authorize any officer of the Company to execute any or all Award Agreements on behalf of the Company. The Award Agreement shall set forth the terms and conditions of the Award as established by the Committee consistent with the provisions of the Plan.

13.2. Tax Withholding. The Company shall have the right, but not the obligation, to make all payments or distributions pursuant to the Plan to a Participant (or a Permitted Assignee thereof) net of any applicable federal, state and local taxes required to be paid or withheld as a result of (a) the grant of any Award, (b) the exercise of an Option or Stock Appreciation Right, (c) the delivery of Shares or cash, (d) the lapse of any restrictions in connection with any Award or (e) any other event occurring pursuant to the Plan. The Company or any Subsidiary shall have the right, but not the obligation, to withhold from wages or other amounts otherwise payable to a Participant (or Permitted Assignee) such withholding taxes as may be required by law, or to otherwise require the Participant (or Permitted Assignee) to pay such withholding taxes. If the Participant (or Permitted Assignee) shall fail to make such tax payments as are required, the Company or its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind (including by withholding Shares) otherwise due to such Participant (or Permitted Assignee) or to take such other action as may be necessary to satisfy such withholding obligations. The Committee shall be authorized, but not required, to establish procedures for election by Participants (or Permitted Assignee) to satisfy such obligation for the payment of such taxes by tendering previously acquired Shares (either actually or by attestation, valued at their then Fair Market Value), or by directing the Company to retain Shares (up to the minimum required tax withholding rate for the Participant (or Permitted Assignee) or such other rate that will not cause an adverse accounting consequence or cost) otherwise deliverable in connection with the Award. A Participant who is subject to Section 16 of the Exchange Act may direct the Company to withhold Shares otherwise to be delivered upon the issuance or exercise of an Award in order to pay the exercise price and/or withholding taxes due on such Award, as applicable.

13.3. Right of Discharge Reserved; Claims to Awards. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Employee, Director or Consultant the right to continue in the employment or service of the Company or any Subsidiary or affect any right that the Company or any Subsidiary may have to terminate the employment or service of (or to demote or to exclude from future Awards under the Plan) any such Employee, Director or Consultant at any time for any reason. The Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of termination of an employment or other relationship. No Employee, Director or Consultant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Employees, Directors or Consultants under the Plan.

13.4. Substitute Awards. Notwithstanding any other provision of the Plan, the terms of Substitute Awards may vary from the terms set forth in the Plan to the extent the Committee deems appropriate to conform, in whole or in part, to the provisions of the awards in substitution for which they are granted.

13.5. Cancellation of Award; Forfeiture of Gain. Notwithstanding anything to the contrary contained herein, an Award Agreement may provide that:

(a) In the event of a restatement of the Company's financial statements, the Committee shall have the right to review any Award, the amount, payment or vesting of which was based on an entry in the financial statements that are the subject of the restatement. If the Committee determines that based on the results of the restatement, a lesser amount or portion of an Award should have been paid or vested, it may (i) cancel all or any portion of any outstanding Awards and (ii) require any Participant or other person to whom any payment has been made or shares or other property have been transferred in connection with the Award to forfeit and pay over to the Company, on demand, all or any portion of the gain (whether or not taxable) realized upon the exercise of any Option or Stock Appreciation Right and the value realized (whether or not taxable) on the vesting or payment of any other Award during the period beginning twelve months preceding the date of the restatement and ending with the date of cancellation of any outstanding Awards. In addition, all Awards and all benefits derived by a Participant from any Award shall be subject to recovery by the Company in such circumstances and on such terms and conditions as may be prescribed by the Committee at any time or from time to time pursuant to any policy adopted by the Company to ensure, or otherwise to ensure, compliance with any rules, regulations or listing standards adopted by the Securities and Exchange Commission or the NASDAQ Stock Exchange to implement Section 10D of the Exchange Act, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act, or with any other applicable rule, regulation or law.

(b) If the Participant, without the consent of the Company, while employed by or providing services to the Company or any Subsidiary or after termination of such employment or service, violates any non-competition, non-solicitation or non-disclosure covenant or agreement between such Participant and the Company or Subsidiary or otherwise engages in activity that is in conflict with or adverse to the interest of the Company or any Subsidiary, as determined by the Committee in its sole discretion, then (i) any outstanding, vested or unvested, earned or unearned portion of the Award may, at the Committee's discretion, be canceled for no consideration and (ii) the Committee, in its discretion, may require the Participant or other person to whom any payment has been made or Shares or other property have been transferred in connection with the Award to forfeit and pay over to the Company, on demand, all or any portion of the gain (whether or not taxable) realized

Table of Contents

upon the exercise of any Option or Stock Appreciation Right and the value realized (whether or not taxable) on the vesting or payment of any other Award during the employment or other service of the Participant and for one year thereafter or such other time period specified in the Award Agreement.

13.6. *Stop Transfer Orders.* All certificates for Shares delivered under the Plan pursuant to any Award shall be subject to such stop-transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the SEC, any stock exchange upon which the Shares are then listed, and any applicable federal or state securities law, and the Committee may cause a legend or legends to be put on any such certificates to make appropriate reference to such restrictions.

13.7. *Nature of Payments.* All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or any Subsidiary, division or business unit of the Company or a Subsidiary. Any income or gain realized pursuant to Awards under the Plan constitutes a special incentive payment to the Participant and shall not be taken into account, to the extent permissible under applicable law, as compensation for purposes of any of the employee benefit plans of the Company or any Subsidiary except as may be determined by the Committee or by the Board or Board of Directors of the applicable Subsidiary (or as may be required by the terms of such plan).

13.8. *Other Plans.* Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

13.9. *Severability.* The provisions of the Plan shall be deemed severable. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction or by reason of change in a law or regulation, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction or any governmental regulatory agency, or impermissible under the rules of any securities exchange on which the Shares are listed, such unlawfulness, invalidity, unenforceability or impermissibility shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or impermissible, then such unlawfulness, invalidity or impermissibility shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or impermissible and the maximum payment or benefit that would not be unlawful, invalid or impermissible shall be made or provided under the Plan.

13.10. *Construction.* As used in the Plan, the words *include* and *including*, and variations thereof, shall not be deemed to be terms of limitation, but rather shall be deemed to be followed by the words *without limitation*.

13.11. *Unfunded Status of the Plan.* The Plan is intended to constitute an unfunded plan for incentive compensation. With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company. In its sole discretion, the Committee may authorize the creation of trusts or other arrangements to meet the obligations created under the Plan to deliver the Shares or payments in lieu of or with respect to Awards hereunder; provided, however, that the existence of such trusts or other arrangements shall be consistent with the unfunded status of the Plan.

13.12. *Governing Law.* The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware, without reference to principles of conflict of laws, and construed accordingly.

13.13. *Effective Date of Plan; Termination of Plan.* The Plan shall be effective on May 30, 2013, subject to approval of the Plan by the holders of the majority of the shares entitled to vote at a duly constituted meeting of the stockholders of the Company. The Plan shall be null and void and of no effect if the foregoing condition is not fulfilled and in such event each Award shall, notwithstanding any of the preceding provisions of the Plan, be null and void and of no effect. Awards may be granted under the Plan at any time and from time to time on or prior to the tenth anniversary of the effective date of the Plan, on which date the Plan will expire except as to Awards then outstanding under the Plan; provided, however, in no event may an Incentive Stock Option be granted more than ten (10) years after the earlier of (i) the date of the adoption of the Plan by the Board or (ii) the date on which the Plan is approved by the Company's stockholders. Such outstanding Awards shall remain in effect until they have been exercised or terminated, or have expired.

13.14. *Foreign Employees and Consultants.* Awards may be granted to Participants who are foreign nationals or employed or providing services outside the United States, or both, on such terms and conditions different from those applicable to Awards to Employees or

Table of Contents

Consultants providing services in the United States as may, in the judgment of the Committee, be necessary or desirable in order to recognize differences in local law or tax policy. The Committee also may impose conditions on the exercise or vesting of Awards in order to minimize the Company's obligation with respect to tax equalization for Employees or Consultants on assignments outside their home country.

13.15. *Compliance with Section 409A of the Code.* This Plan is intended to comply with or be exempt from Section 409A of the Code and shall be construed and interpreted in accordance with such intent. To the extent that an Award or the payment, settlement or deferral thereof is subject to Section 409A of the Code, the Award shall be granted, paid, settled or deferred in a manner that is intended to comply with Section 409A of the Code, including regulations or other guidance issued with respect thereto, except as otherwise determined by the Committee. Any provision of this Plan that would cause the grant of an Award or the payment, settlement or deferral thereof to fail to satisfy Section 409A of the Code may be amended to comply with Section 409A of the Code. Notwithstanding the foregoing, the Company is not obligated to modify the Plan and there is no guarantee that any payments will be exempt from taxes, interest and penalties under Section 409A of the Code. Notwithstanding anything herein to the contrary, in no event shall the Company be liable for the payment of, or gross up in connection with, any taxes, interest and or penalties owed by the Participant pursuant to Section 409A of the Code in the event that the Plan and/or any Award does not comply with and/or is not exempt from Section 409A of the Code. In the event that a Participant is a specified employee within the meaning of Section 409A of the Code, and a payment or benefit provided for under the Plan would be subject to additional tax under Section 409A of the Code if such payment or benefit is paid within six (6) months after such Participant's separation from service (as defined under Section 409A of the Code), then such payment or benefit shall not be paid (or commence) during the six (6) month period immediately following such Participant's separation from service except as provided in the immediately following sentence. In such an event, any payments or benefits that would otherwise have been made or provided during such six (6) month period and which would have incurred such additional tax under Section 409A of the Code shall instead be paid to the Participant in a lump-sum cash payment, without interest, on the earlier of (i) the first business day following the six (6) month anniversary of such Participant's separation from service or (ii) the tenth business day following such Participant's death.

13.16. *No Registration Rights; No Right to Settle in Cash.* The Company has no obligation to register with any governmental body or organization (including, without limitation, the SEC) any of (a) the offer or issuance of any Award, (b) any Shares with respect to any Award, or (c) the sale of any Shares issued with respect to any Award, regardless of whether the Company in fact undertakes to register any of the foregoing. In particular, in the event that any of (x) any offer or issuance of any Award, (y) any Shares issuable with respect to any Award, or (z) the sale of any Shares issued upon exercise of any Award are not registered with any governmental body or organization (including, without limitation, the SEC), the Company will not under any circumstance be required to settle its obligations, if any, under this Plan in cash.

13.17. *Indemnity.* To the extent allowable pursuant to applicable law, each member of the Committee or of the Board and any person to whom the Committee has delegated any of its authority under the Plan shall be indemnified and held harmless by the Company from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by such person in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action or failure to act pursuant to the Plan and against and from any and all amounts paid by him or her in satisfaction of judgment in such action, suit, or proceeding against him or her; provided he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled pursuant to the Company's Certificate of Incorporation or By-laws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

4. AWARDS

4.1. Performance Period; Performance Goals.

(a) Not later than the earlier of (i) 90 days after the commencement of each fiscal year of the Company and (ii) the expiration of 25% of the Performance Period, the Committee shall, in writing designate (x) one or more Performance Periods, (y) the Participants for each Performance Period and (z) the performance goals for determining the Award for each Participant for each Performance Period based on attainment of specified levels of one or any combination of the Performance Criteria (which may incorporate pre-defined adjustments). Within such time period the Committee shall also specify any exclusions for charges related to any event or occurrence during the Performance Period which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of tax or accounting changes in accordance with generally accepted accounting principles.

(b) If a person becomes eligible to participate in the Plan after the Committee has made its initial designation of Participants, such individual may become a Participant if so designated by the Committee.

(c) The performance goals designated by the Committee may be based solely by reference to the Company's performance or the performance of one or more Affiliates, divisions, business segments or business units of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. Such performance goals shall otherwise comply with the requirements of Section 162(m) of the Code and the regulations thereunder.

4.2. Certification. At such time as it shall determine appropriate following the conclusion of each Performance Period and prior to payment of any Award, the Committee shall certify, in writing, the amount of the Award for each Participant for such Performance Period.

4.3. Payment of Awards.

(a) The amount of the Award actually paid to a Participant may, in the sole discretion of the Committee, be less than the amount otherwise payable to the Participant based on attainment of the performance goals for the Performance Period as determined in accordance with Section 4.1. The Committee may establish factors to take into consideration in implementing its discretion to reduce the amount of an Award, including, but not limited to, individual performance and/or one or more of the performance goals. The Committee may not waive the achievement of the applicable performance goals for any award intended to qualify as performance-based compensation under Section 162(m) of the Code, except in the case of the death or disability of the Participant or a change in control of the Company. In no event may the Committee increase the amount of the Award otherwise payable to the Participant based on attainment of the Performance Goals for the Performance Period.

(b) The actual amount of the Award determined by the Committee for a Performance Period shall be paid in the Committee's discretion in cash or, to the extent permissible under a stockholder-approved stock plan of the Company, in stock based awards under such plan. Payment to each Participant shall be made no later than the fifteenth day of the third month following the end of the fiscal year of the Company in which the applicable Performance Period ends, unless payment is deferred pursuant to a plan or arrangement satisfying the requirements of Section 409A of the Code.

4.4. Changes in Employment.

(a) If (i) a person becomes a Participant during a Performance Period as specified in Section 4.1(b), or (ii) a Participant dies, retires or is disabled, during a Performance Period, or (iii) if a Participant's employment is otherwise terminated, during a Performance Period (except for cause, as determined by the Committee in its sole discretion), the Award payable to such a Participant may, in the discretion of the Committee, be proportionately reduced based on the period of actual employment during the applicable Performance Period, subject to the attainment of the applicable performance goals for the Performance Period, and payable at the same time that payments are made to other Participants with respect to the applicable Performance Period as specified in Section 4.3(b), notwithstanding any employment or other agreements between the applicable Participant and the Company.

(b) Except as provided in paragraph (a) of this Section, if a Participant's employment with the Company terminates prior to the end of a Performance Period for any reason, the Participant will not be entitled to any Award for such Performance Period unless otherwise determined by the Committee.

4.5. Transfers and Changes in Responsibilities. If a Participant's responsibilities materially change or the Participant is transferred during a Performance Period to a position that is not deemed by the Committee as eligible to participate in the Plan, the Company may, as determined by the Committee, terminate the Participant's participation in this Plan. In the event of such termination, the Participant would be eligible for a prorated Award based on the number of months in such Performance Period prior to such termination, subject to the attainment of the applicable performance goals for the Performance Period, and payable at the same time that payments are made to other Participants with respect to the applicable Performance Period as specified in Section 4.3(b), notwithstanding any employment or other agreements between the applicable Participant and the Company.

4.6. Maximum Award. The maximum dollar value of an Award payable to any Participant for each 12 months in a Performance Period is \$5,000,000. The maximum shall be proportionately adjusted for a Performance Period which is shorter or longer than 12 months.

5. MISCELLANEOUS

5.1. Amendment and Termination of the Plan. The Board may, from time to time, alter, amend, suspend or terminate the Plan as it shall deem advisable, subject to any requirement for stockholder approval imposed by applicable law, including Section 162(m) of the Code, or by the NASDAQ Stock Market (or such other principal securities market on which the Company's securities are listed or qualified for trading). No amendments to, or termination of, the Plan shall in any way impair the rights of a Participant under any Award previously granted without such Participant's consent.

5.2. Section 162(m) of the Code. Unless otherwise determined by the Committee, the provisions of this Plan shall be administered and interpreted in accordance with Section 162(m) of the Code to ensure the deductibility by the Company of the payment of Awards.

5.3. Tax Withholding. The Company or an Affiliate shall have the right to make all payments or distributions pursuant to the Plan to a Participant, net of any applicable federal, state and local taxes required to be paid or withheld. The Company or an Affiliate shall have the right to withhold from wages, Awards or other amounts otherwise payable to such Participant such withholding taxes as may be required by law, or to otherwise require the Participant to pay such withholding taxes. If the Participant shall fail to make such tax payments as are required, the Company or an Affiliate shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to such Participant or to take such other action as may be necessary to satisfy such withholding obligations.

5.4. Right of Discharge Reserved; Claims to Awards. Nothing in this Plan shall provide any Participant a right to receive any Award or payment under the Plan with respect to a Performance Period. Nothing in the Plan nor the grant of an Award hereunder shall confer upon any Participant the right to continue in the employment of the Company or an Affiliate or affect any right that the Company or an Affiliate may have to terminate the employment of (or to demote or to exclude from future Awards under the Plan) any such Participant at any time for any reason. Except as specifically provided by the Committee, the Company shall not be liable for the loss of existing or potential profit from an Award granted in the event of the termination of employment of any Participant. No Participant shall have any claim to be granted any Award under the Plan, and there is no obligation for uniformity of treatment of Participants under the Plan.

5.5. Nature of Payments. All Awards made pursuant to the Plan are in consideration of services performed or to be performed for the Company or an Affiliate, division or business unit of the Company. Any income or gain realized pursuant to Awards under the Plan constitute a special incentive payment to the Participant and shall not be taken into account, to the extent permissible under applicable law, as compensation for purposes of any of the employee benefit plans of the Company or an Affiliate except as may be determined by the Committee or by the Board or Board of Directors of the applicable Affiliate.

5.6. Other Plans. Nothing contained in the Plan shall prevent the Board from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

5.7. Severability. If any provision of the Plan shall be held unlawful or otherwise invalid or unenforceable in whole or in part by a court of competent jurisdiction, such provision shall (a) be deemed limited to the extent that such court of competent jurisdiction deems it lawful, valid and/or enforceable and as so limited shall remain in full force and effect, and (b) not affect any other provision of the Plan or part thereof, each of which shall remain in full force and effect. If the making of any payment or the provision of any other benefit required under the Plan shall be held unlawful or otherwise invalid or unenforceable by a court of competent jurisdiction, such unlawfulness, invalidity or unenforceability shall not prevent any other payment or benefit from being made or provided under the Plan, and if the making of any payment in full or the provision of any other benefit required under the Plan in full would be unlawful or otherwise invalid or unenforceable, then such unlawfulness, invalidity or unenforceability shall not prevent such payment or benefit from being made or provided in part, to the extent that it would not be unlawful, invalid or unenforceable, and the maximum payment or benefit that would not be unlawful, invalid or unenforceable shall be made or provided under the Plan.

5.8. Clawback. The Committee has the discretion to require a Participant to repay the income, if any, derived from an Award in the event of a restatement of the Company's financial results within three years after payment of such Award to correct a material error that is determined by the Committee to be the result of fraud or intentional misconduct. In addition, all Awards and all benefits derived by a Participant from any Award shall be subject to recovery by the Company in such circumstances and on such terms and conditions as may be prescribed by the Committee at any time or from time to time pursuant to any policy adopted by the Company to ensure, or otherwise to ensure, compliance with any rules, regulations or listing standards adopted by the Securities and Exchange Commission or the NASDAQ to implement Section 10D of the Securities Exchange Act, as required by the Dodd-Frank Wall Street Reform and Consumer Protection Act.

5.9. Section 409A. The Company intends that the Plan and each Award granted hereunder that is subject to Section 409A of the Code shall comply with Section 409A and that the Plan shall be interpreted, operated and administered accordingly. If any provision of the Plan contravenes any regulations or guidance promulgated under Section 409A or would cause any Award to be subject to taxes, interest or penalties under Section 409A, the Company may, in its sole discretion, modify the Plan to (a) comply with, or avoid being subject to, Section 409A, (b) avoid the imposition of taxes, interest and penalties under Section 409A, and/or (c) maintain, to the maximum extent practicable, the original intent of the applicable provision without violating the provisions of Section 409A. The Company is not obligated to modify the Plan and there is no guarantee that any payments will be exempt from taxes, interest and penalties under Section 409A. Notwithstanding anything herein to the contrary, in no event shall the Company be liable for the payment of, or gross up in connection with, any taxes, interest and or penalties owed by the Participant pursuant to Section 409A.

With respect to any payments not yet made to a Participant by the Company, nothing contained herein shall give any such Participant any rights that are greater than those of a general creditor of the Company.

The Plan and all determinations made and actions taken thereunder, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware without reference to principles of conflict of laws that might result in the application of the laws of another jurisdiction, and shall be construed accordingly.
