Information Concerning Solicitation and Voting

Questions and Answers About the Proxy Materials and Voting

Q: Why am I receiving these materials?

A: We have provided you these proxy materials because our Board of Directors is soliciting your proxy to vote at our 2013 Annual Meeting of Stockholders, or 2013 Annual Meeting, which is to be held on Monday, June 10, 2013, at 9:00 a.m. (Pacific Time), or at any adjournments or postponements thereof, for the purposes set forth in this proxy statement. You are invited to attend our 2013 Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares.

If you have received a printed copy of these materials by mail, you may complete, sign and return the enclosed proxy card or follow the instructions below to submit your proxy over the telephone or on the Internet. If you did not receive a printed copy of these materials by mail and are accessing them on the Internet, you may submit your proxy on the Internet or over the telephone, as described below.

Q: Why did I receive a Notice Regarding the Availability of Proxy Materials?

A: In accordance with rules and regulations adopted by the Securities and Exchange Commission, or SEC, we make our proxy materials available to our stockholders on the Internet. Q: How can I attend our 2013 Annual Meeting?

A: Our 2013 Annual Meeting will be held on Monday, June 10, 2013, at 9:00 a.m. (Pacific Time) at our offices located at 6154 Nancy Ridge Drive, San Diego, California 92121. Directions to our 2013 Annual Meeting may be found at www.arenapharm.com, where you will find directions and a map locator under contact us. For further information about our 2013 Annual Meeting, please call 858.453.7200 and ask for Investor Relations. Information on how to vote in person at our 2013 Annual Meeting is described below.

Q: Who can vote at our 2013 Annual Meeting?

A: Each person who owns or has the right to vote shares of our common stock as of the Record Date has the right to vote at our 2013 Annual Meeting. As of the Record Date, there were 217,756,823 shares of our common stock outstanding, and each of such shares is entitled to one vote.

Stockholder of Record: Shares Registered in Your Name.

If on the Record Date your shares of common stock were registered directly in your name with our transfer agent, Computershare Trust Company, N.A., then you are a stockholder of record. As a stockholder of record, you may vote by proxy or vote in person at our 2013 Annual Meeting. Whether or not you plan to attend our 2013 Annual Meeting, we urge you to vote by proxy over the telephone or on the Internet as instructed below or to complete, sign, date and return a proxy card to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Bank, Broker or Other Agent.

If on the Record Date your shares of common stock were held in an account by a bank, broker or other agent, then you are the beneficial owner of shares held in street name and these proxy materials or the Internet Notice are being forwarded to you by that organization. The organization holding your account is considered the stockholder of record for purposes of voting at our 2013 Annual Meeting. As a beneficial owner, you have the right to direct your bank, broker or other agent on how to vote the shares in your account. You are also invited to attend our 2013 Annual Meeting. However, since you are not the stockholder of record, you may not vote your shares in person at our 2013 Annual Meeting unless you obtain a legal proxy from your bank, broker or other agent.

Q: What is a proxy?

A: If you return a signed and dated proxy card or vote by Internet or telephone, you will be appointing Jack Lief, our Chairman, President and Chief Executive Officer, and Steven W. Spector, our Executive Vice President, General Counsel and Secretary, as your representatives at our 2013 Annual Meeting and authorizing them, or each of them, to vote your shares at the meeting as indicated by you. This way, you can vote your shares whether or not you attend the meeting.

Q: What am I voting on?

A: We are asking you to vote on the following proposals:

1. Election of the nine nominees for director named herein to our Board of Directors to serve until the next annual meeting of stockholders and until their respective successors are elected and qualified or until their earlier resignation or removal;

4. Ratification of the appointment of KPMG LLP, an independent registered public accounting firm, as our independent auditors for the fiscal year ending December 31, 2013; and
5. Such other proposals as may properly come before the meeting or any adjournment or postponement thereof.

Q: What if another matter is properly brought before our 2013 Annual Meeting?

A: Our Board of Directors knows of no other matters that will be presented for consideration at our 2013 Annual Meeting. If any other matters are properly brought before our 2013 Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

Q: What if I return a proxy card or otherwise vote but do not make specific choices?

A: If you mark your voting instructions on the proxy card or vote by the Internet or telephone, your shares will be voted as you instruct, or in the best judgment of Mr. Lief or Mr. Spector if a new proposal comes up for a vote at our 2013 Annual Meeting. If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted as follows: FOR the nine named nominees as directors; FOR the approval, on an advisory basis, of the compensation of our named executive officers; FOR the approval of the Arena Pharmaceuticals, Inc., 2013 Long-Term Incentive Plan; FOR the ratification of the appointment of KPMG LLP as our independent auditors for the fiscal year ending December 31, 2013; and according to the best judgment of Mr. Lief or Mr. Spector if a proposal that is not on the proxy card comes up for a vote at our 2013 Annual Meeting.

Q: How do I vote?

A: Stockholder of Record: Shares Registered in Your Name.

BY MAIL: If you have received a printed copy of these materials by mail, you may complete, sign and date your proxy card and mail it in the enclosed pre-addressed envelope, which does not require postage if mailed in the United States.

BY TELEPHONE: Please follow the vote by telephone instructions that are on your proxy card. If you vote by telephone, you do not have to mail in your proxy card. Your vote must be received before 11:00 p.m. (Pacific Time) on June 9, 2013, to be counted.

BY INTERNET: Please follow the vote by Internet instructions that are on your proxy card. If you vote by Internet, you do not have to mail in your proxy card. Your vote must be received before 11:00 p.m. (Pacific Time) on June 9, 2013, to be counted.

IN PERSON: We will pass out written ballots to anyone who wants to vote in person at our 2013 Annual Meeting. However, if you hold your shares in street name, you must obtain a legal proxy from your bank, broker or other agent to vote at our 2013 Annual Meeting.

A: Beneficial Owner: Shares Registered in the Name of a Bank, Broker or Other Agent.

If you are a beneficial owner of shares registered in the name of a bank, broker or other agent, you should have received the Internet Notice (or a proxy card and voting instructions with these proxy materials) from that organization rather than from us. Simply follow the instructions you received from

Table of Contents

that organization to vote on the Internet or, if you received a proxy card by mail, complete, sign and return the proxy card to ensure that your vote is counted. Please contact that organization if you did not receive the Internet Notice or such materials, as applicable.

To vote in person at our 2013 Annual Meeting, you must obtain a legal proxy from your bank, broker or other agent. Follow the instructions from your bank, broker or other agent included with the Internet Notice or these proxy materials, or contact such agent to obtain a proxy form.

Internet proxy voting may be provided to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from Internet access providers and telephone companies.

Q: What does it mean if I receive more than one Internet Notice or proxy card?

A: It likely means that you hold our shares in multiple accounts at the transfer agent or with brokers or other custodians of your shares. Please follow the voting instructions included in **each** Internet Notice and proxy card you receive to ensure that all of your shares are voted.

Q: Can I change my vote after submitting my proxy?

A: Stockholder of Record: Shares Registered in Your Name.

If you are a stockholder of record, you can revoke your proxy and change your vote at any time before the polls close at our 2013 Annual Meeting by: (i) voting by telephone or the Internet before 11:00 p.m. (Pacific Time) on June 9, 2013 (your *latest* telephone or Internet vote is counted), (ii) signing a proxy card with a later date and returning it before the polls close at our 2013 Annual Meeting, (iii) returning a written notice before the polls close at our 2013 Annual Meeting that you are revoking your proxy, or (iv) voting at the meeting. Please note, however, that simply attending our 2013 Annual Meeting will not, by itself, revoke your proxy.

A: Beneficial Owner: Shares Registered in the Name of a Bank, Broker or Other Agent.

If you are a beneficial owner of shares registered in the name of a bank, broker or other agent, you should follow their instructions on how to change your vote. Please contact your bank, broker or other agent if you did not receive such instructions.

Q: How many shares must be present to hold our 2013 Annual Meeting?

A: To hold our 2013 Annual Meeting and conduct business, the holders of a majority of our outstanding common stock as of the Record Date must be present, either in person or represented by proxy, at our 2013 Annual Meeting. This is called a quorum.

A stockholder's shares are counted towards a quorum if the stockholder either:

is present and votes in person at the meeting, or

has properly submitted a proxy (including voting by telephone or the Internet).

Both abstentions and broker non-votes are counted as present for the purposes of determining the presence of a quorum at our 2013 Annual Meeting.

Table of Contents

Q: What are broker non-votes?

A: Broker non-votes occur when a broker who holds shares for a stockholder in street name submits a proxy for those shares but does not vote. In general, this occurs when the broker has not received voting instructions from the stockholder, and the broker lacks discretionary voting authority under the rules of the New York Stock Exchange, or NYSE, or otherwise to vote the shares for a particular proposal. The bank, broker or other agent can register your shares as being present at a meeting for purposes of determining the presence of a quorum, but will not be able to vote on those items for which specific authorization is required under the rules of the NYSE.

Q: When do brokers have discretionary voting authority to vote my shares without my instruction?

A: If you are a beneficial owner whose shares are held of record by a bank, broker or other agent, such entity has discretionary voting authority, under the rules of the NYSE, to vote your shares on certain routine matters for which it does not receive voting instructions from you by the 10th day before the meeting. For example, such entity has discretionary voting authority with regard to the ratification of the appointment of KPMG LLP (Proposal 4).

The election of directors (Proposal 1), the say-on-pay vote (Proposal 2), and the vote on our 2013 Long-Term Incentive Plan (Proposal 3) are not considered routine.

When a proposal is not a routine matter and the entity holding the shares has not received voting instructions from the beneficial holder of the shares with respect to that proposal, the entity cannot vote the shares on that proposal. Accordingly, it is important that beneficial owners instruct their brokers how they wish to vote their shares.

Q: How many votes must the nominees receive to be elected as directors?

A: Directors are elected by a plurality of votes of common stock present, either in person or represented by proxy, at our 2013 Annual Meeting and entitled to vote. This means that the nine nominees receiving the highest number of votes FOR election will be elected. Only votes FOR or WITHHELD will affect the outcome.

Q: How many votes must be received to approve the compensation of our named executive officers, as disclosed in this proxy statement in accordance with SEC rules?

A: A majority of the votes cast by stockholders entitled to vote on the proposal must vote FOR approval. Abstentions and broker non-votes will have no effect on the outcome.

Q: How many votes must be received to approve the Arena Pharmaceuticals, Inc., 2013 Long-Term Incentive Plan?

A: A majority of the votes cast by stockholders entitled to vote on the proposal must vote FOR approval. Abstentions and broker non-votes will have no effect on the outcome.

Q: How many votes must be received to ratify the appointment of KPMG LLP as Arena's independent auditors for the fiscal year ending December 31, 2013?

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

A: A majority of the votes cast by stockholders entitled to vote on the proposal must vote **FOR** ratification. Abstentions and broker non-votes will have no effect on the outcome.

Table of Contents

Q: How are votes counted?

A: Votes will be counted by the inspector or inspectors of election appointed for our 2013 Annual Meeting, who will separately count, for the proposal to elect directors, votes FOR, WITHHOLD, and broker non-votes; and, with respect to other proposals, votes FOR, AGAINST, ABSTAIN, and broker non-votes. Abstention and broker non-votes will not affect the outcome of the voting on any of the proposals described in this proxy statement.

Our transfer agent, Computershare Trust Company, N.A., will tabulate and certify the voting results.

Q: Who will bear the cost of soliciting votes for our 2013 Annual Meeting?

A: We are paying for the distribution and solicitation of the proxies. As a part of this process, we reimburse brokers, nominees, fiduciaries and other custodians for reasonable fees and expenses in forwarding proxy materials to our stockholders. Original solicitation of proxies by mail may be supplemented by other mailings, telephone calls, personal solicitation, or use of the Internet by our directors, officers, other employees or, if we choose to engage one, an independent proxy solicitation firm. No additional compensation will be paid to our directors, officers or other employees for such services, and in the event we engage such a proxy solicitation firm, the fees paid by us would not likely exceed \$20,000.

Q: How can I find out the results of the voting at our 2013 Annual Meeting?

A: Preliminary voting results will be announced at our 2013 Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after our 2013 Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after our 2013 Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

Q: How can I obtain the company's corporate governance information?

A: Our website is www.arenapharm.com and we have included various corporate governance materials under the Investors tab. Included in such information are the charters of our Board of Directors' standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. Also included under that tab are our Board of Directors' Corporate Governance Guidelines, our Code of Business Conduct and Ethics and our Policy on Filing, Receipt and Treatment of Complaints.

Table of Contents**Election of Directors (Proposal 1)****Nominees and Election Process**

The persons named in the below table are nominees for director at our 2013 Annual Meeting to serve until the next annual meeting of stockholders and until their respective successors are elected and qualified or until their earlier resignation or removal. Our Bylaws provide that the authorized number of directors shall be determined by a resolution of our Board of Directors.

All of the nominees for director at our 2013 Annual Meeting were elected at our 2012 Annual Meeting of Stockholders and were recommended by the Corporate Governance and Nominating Committee for election to our Board of Directors at our 2013 Annual Meeting. Directors are elected by a plurality of votes of common stock present, either in person or represented by proxy, at the annual meeting and entitled to vote. Unless otherwise instructed to withhold a vote for a particular nominee or all of the nominees, the proxy holders will vote the proxies received by them for the nominees named below. In the event that any of these nominees is unavailable to serve as a director at the time of our 2013 Annual Meeting, the proxies will be voted for any substitute nominee who shall be designated by our Board of Directors, unless our Board reduces the number of directors. We have no reason to believe that any nominee will be unavailable to serve.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR EACH NAMED NOMINEE.

Director Independence

Our common stock is listed on the NASDAQ Global Select Market, which requires that a majority of a listed company's board of directors qualify as independent under the applicable NASDAQ listing standards. The board of directors must affirmatively make this determination. In addition, under our Corporate Governance Guidelines, it is our policy that at least two-thirds of the members of our Board of Directors be independent directors.

Our Board of Directors consults with its legal advisors to ensure that its independence determinations, including with respect to directors, director nominees and members of its committees, comply with all applicable securities and other laws and regulations regarding the definition of independent, including but not limited to those set forth in pertinent listing standards of NASDAQ, as in effect from time to time. Consistent with these considerations, our Board of Directors has reviewed relevant transactions and relationships between each non-employee director and Arena, other non-employee directors, our senior management and our independent auditors and has affirmatively determined that all of our non-employee directors are independent directors under the applicable NASDAQ listing standards.

Table of Contents

Under our Corporate Governance Guidelines, directors who have been deemed independent directors by our Board of Directors will inform the Chairman and lead independent director in writing if he or she believes there has been a change in his or her status as an independent director. The lead independent director, in turn, will advise the Corporate Governance and Nominating Committee of such potential change of status so that the committee, with the aid of the Chairman, can determine whether the director continues to qualify as an independent director and whether to recommend to the full Board of Directors to ask for the resignation of such director.

Corporate Governance Guidelines

Our Board of Directors has adopted Corporate Governance Guidelines for the conduct and operation of our Board. The guidelines cover such topics as board composition and selection, the board's role, director orientation and education, director compensation, board meetings, board committees, board access to management and use of outside advisors, succession planning, and the evaluation of the board and our Chief Executive Officer.

Board Leadership Structure; Lead Independent Director

Our Board of Directors believes that there is no single, generally accepted approach to providing board leadership and that, given the dynamic and competitive environment in which we operate, the appropriate board leadership structure may vary as circumstances change. As such, our Board of Directors periodically reviews its leadership structure to confirm that it is an appropriate structure for our company at such time.

In considering its leadership structure, our Board of Directors has taken into account that it consists of a substantial majority of independent directors who are highly qualified and experienced, its standing committees (Audit Committee, Compensation Committee and Corporate Governance and Nominating Committee) are comprised entirely of independent directors and that, as described below, it has a lead independent director with a clear mandate and authority. In addition, a number of Board and committee processes and procedures, including regular executive sessions of independent directors, conference calls with our Chief Executive Officer outside of Board and committee meetings, and annual evaluations of our executive officers' performance, including against pre-established goals, provide substantial independent oversight over our management. Our Board of Directors believes that these factors provide an appropriate balance between the authority of those who oversee our company and those who manage it on a day-to-day basis.

As set forth in our Corporate Governance Guidelines, our Board of Directors currently combines the role of chairman of the board with the role of chief executive officer. We also have a lead independent director with defined corporate governance responsibilities. Our Board of Directors believes that this structure provides an efficient and effective leadership model for our company at this time, and that combining the chairman and chief executive officer roles fosters accountability, effective decision-making and alignment on corporate strategy. However, as set forth in our Corporate Governance Guidelines, by the end of 2014, we expect to either separate the positions of chairman and chief executive officer or eliminate or not fill the position of chairman and instead have only a lead independent director.

The performance of the Chairman is evaluated each year by our Board of Directors. If, in the judgment of our Board of Directors, the Chairman is not sufficiently active or successful in providing meaningful leadership for the Board, he or she will be replaced. Once our current Chairman, Mr. Lief, no longer serves in that capacity, the position of chairman, if any, will be held by an independent director appointed by a majority of the independent directors and with a maximum tenure of six years. If there is no chairman after Mr. Lief ceases to serve in that capacity, these policies will apply to the lead independent director.

Our Board of Directors' lead independent director is elected by our independent directors to serve for a minimum of one year or until replaced by the independent directors. It is generally expected that the lead independent director will serve for more than a year, and Dr. White has been our lead independent director since

Table of Contents

November 2008. As detailed in our Corporate Governance Guidelines, the lead independent director's responsibilities and authority include the following:

With the Chairman, establish the schedule and agenda for Board meetings and approve information to be sent to our Board;

Serve as chair of Board meetings in the absence of the Chairman, including during executive sessions of the independent directors;

Preside over any portion of Board meetings at which the performance of our Board is presented or discussed;

Establish the agenda for meetings of the independent directors and preside over such meetings;

Coordinate with the committee chairs, as needed, regarding meeting agendas, informational requirements and other matters;

Serve as liaison between the Chairman and the independent directors;

Be available for communications with our stockholders, as appropriate and in accordance with our policy on stockholder communications with our Board; and

Perform such other duties as may be established or delegated by the Chairman or our Board.

Board's Role in Risk Oversight

Our management has the primary responsibility for identifying and managing our business risks, including by overseeing and implementing our enterprise risk management program. Our Board of Directors actively oversees potential risks and our risk management activities, including by discussing with management our risks and the management of such risks at meetings of the Board and its committees. Our Board of Directors also makes use of the independent understanding and knowledge of many of such risks possessed by our directors. Our Board of Directors regularly reviews our corporate strategy in light of the evolving nature of such risks and makes adjustments to that strategy when appropriate. Our Board of Directors also regularly considers risks facing us when it approves the annual plan and budget and throughout the year as it monitors developments and reviews our financial and other periodic reports.

Our Board of Directors has also delegated risk oversight to each of its standing committees within their areas of responsibility. The Audit Committee assists our Board of Directors in its risk oversight function with regard to, among other things, our internal control over financial reporting, periodic filings with the SEC, investment policy, procedures relating to the receipt and treatment of complaints, and policies and procedures designed to ensure adherence to applicable laws and regulations. The Compensation Committee assists our Board of Directors in its risk oversight function with regard to, among other things, assessing risk created by current and proposed compensation policies and practices for all of our employees. The Corporate Governance and Nominating Committee assists our Board of Directors in its risk oversight function with regard to, among other things, our management succession plans and related procedures, the agendas for our Board's strategy sessions, and our compliance-related policies and practices that are not within the purview of the Audit Committee or are referred to the committee by our Board.

We have assessed our compensation policies and practices on a company-wide basis to determine if such programs or practices create undesirable or unintentional risks of a material nature. Based on such assessment, we concluded that our compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on our company.

Annual Performance Evaluations; Assessment of Charters; Director Education

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

Our Board of Directors, as well as each of its standing committees, conducts an annual self-evaluation, which includes a review of its performance and, in the case of each of the committees, an assessment of the

Table of Contents

adequacy and appropriateness of its charter. Our Board of Directors also reviews each of our directors. The Corporate Governance and Nominating Committee is responsible for overseeing this evaluation process, evaluating all standing committees and their charters and recommending to our Board of Directors any changes to our Board and the authority, charters, compositions and chairs of such committees.

Each director is expected to maintain the necessary level of expertise to perform his or her responsibilities as a director. At least twice per year, our Board of Directors devotes at least one hour during regularly scheduled board meetings to director training on recent developments in legal standards related to corporate governance, disclosure obligations or industry specific issues. In addition, we may, from time to time and depending on the circumstances, pay for all or a portion of outside continuing education programs to assist the directors in maintaining such level of expertise. It is our Board of Directors' policy for us to reimburse each director for attending one of such continuing education programs per year (and, when possible, for such cost to be shared if the director is a member of more than one board of directors).

Code of Business Conduct and Ethics

Our Board of Directors has adopted a Code of Business Conduct and Ethics that applies to our directors and employees (including our principal executive officer, principal financial officer, principal accounting officer and controller), and we have posted the text of the policy on our website (www.arenapharm.com) under Investors' Corporate Governance. To facilitate compliance with this policy, we periodically conduct a program of awareness, training and review. The Code of Business Conduct and Ethics complies with the applicable NASDAQ listing standards and SEC rules and regulations, and includes procedures for (i) the filing, receipt and treatment of complaints regarding suspected improper conduct by our employees, directors, collaborators, vendors and others associated with us and (ii) the confidential, anonymous submission by employees of concerns regarding any matter covered by the policy. In addition, we intend to promptly disclose on our website in the future (i) the date and nature of any amendment (other than technical, administrative or other non-substantive amendments) to the policy that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and relates to any element of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, and (ii) the nature of any waiver, including an implicit waiver, from a provision of the policy that is granted to one of these specified individuals that relates to one or more of the elements of the code of ethics definition enumerated in Item 406(b) of Regulation S-K, the name of such person who is granted the waiver and the date of the waiver.

Non-employee Director Meetings

Our independent directors meet in regularly scheduled executive sessions without management. These executive sessions occur in conjunction with regularly scheduled meetings of our Board of Directors and its standing committees and otherwise as needed.

Director Meeting Attendance

Our Board of Directors held six meetings during the fiscal year ended December 31, 2012. Each incumbent director attended at least 75% of the aggregate of the total number of meetings of our Board of Directors and the total number of meetings held by all committees of our Board on which such director served, in each case during the periods in which he or she served. In addition to regularly scheduled meetings, the directors participate in telephone interactions, including telephone calls among the independent directors and Mr. Lief, and other communications with each other and certain of our officers, as well as with our independent auditors and external advisors, such as legal counsel, consultants and investment bankers.

As stated in our Corporate Governance Guidelines, our directors are encouraged to attend our annual meetings of stockholders. All of our directors attended our 2012 Annual Meeting of Stockholders.

Table of Contents**Term Limits**

Under the Corporate Governance Guidelines, independent directors serving on our Board of Directors as of December 29, 2011, are not to serve more than a total of 16 years. Independent directors who are elected to our Board of Directors after December 29, 2011, are not to serve more than a total of 10 years; provided, however, that if our Board determines, in anticipation of the 10-year term limit of an independent director elected after December 29, 2011, that such new director should continue to serve on our Board, then the 16-year term limit shall apply.

Our Board of Directors does not believe it should further limit the number of terms for which an individual may serve as a director. Directors who have served on our Board of Directors for an extended period of time are able to provide continuity and valuable insight into our company, our operations and prospects based on their experience with, and understanding of, our history, policies and objectives. Our Board of Directors believes that, as an alternative to further limiting the number of terms, it can ensure that our Board continues to evolve and adopt new ideas and viewpoints through the director nomination process, through periodic rotation of committee assignments and through the above term limits.

Board Standing Committees

The standing committees of our Board of Directors are the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. All of the standing committees of our Board of Directors are comprised entirely of independent directors under the applicable NASDAQ listing standards. The members and chairs of the standing committees are appointed by our Board of Directors and may change in the future. Our Board of Directors has no set policy for rotation of committee members or chairs, but it annually reviews committee composition and chair positions, seeking the appropriate blend of continuity and fresh perspectives on the committees.

Pursuant to their charters, each of the committees is authorized to access, at our expense, such internal and external resources as the particular committee deems necessary or appropriate to fulfill its defined responsibilities. Each committee has sole authority to approve fees, costs and other terms of engagement of such outside resources.

Below is a chart showing the composition of the standing committees of our Board of Directors as of March 31, 2013.

The Corporate Governance and Nominating Committee uses many sources to identify potential director candidates, including the network of contacts among our directors, officers and other employees, and may engage outside consultants and recruiters in this process. As set forth below under Stockholder Director Recommendations, the Corporate Governance and Nominating Committee will consider director candidates recommended by our stockholders.

The Corporate Governance and Nominating Committee believes that candidates for director should have certain minimum qualifications, including being able to understand basic financial statements. In considering candidates for director, the Corporate Governance and Nominating Committee will consider all relevant factors, which may include, among others, the candidate's experience and accomplishments, the relevance of such experience to our business, the availability of the candidate to devote sufficient time and attention to our company, the candidate's reputation for integrity and ethics and the candidate's ability to exercise sound business judgment. Director candidates are reviewed in the context of the then current composition of our Board of Directors, our requirements and the interests of our stockholders. In conducting this assessment, our Board of Directors considers skills, diversity, age, and such other factors as it deems appropriate given the current needs of our Board of Directors and our company, to maintain a balance of knowledge, experience and capability. Our Board of Directors believes that its membership should reflect diversity in a broad sense that includes such things as differences of viewpoint, background, professional experience, expertise,

education, skills, specialized knowledge, and other individual qualities and attributes. In the case of incumbent directors whose terms of office are set to expire, when determining whether such directors should be nominated for reelection, our Board of Directors reviews such directors overall service to us during their term, including the number of meetings attended, level of participation, quality of performance, and any relationships and transactions that might impair such directors independence. In the case of new director candidates, our Board of Directors also determines whether the nominee is independent for NASDAQ purposes. The Corporate Governance and Nominating Committee retains the right to modify these qualifications from time to time.

Mr. Belcher is the Chair of the Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee held three meetings in 2012.

Stockholder Director Recommendations

The Corporate Governance and Nominating Committee will consider director candidates recommended by our stockholders. A candidate must be highly qualified and be willing and expressly interested in serving on our Board of Directors. The Corporate Governance and Nominating Committee does not intend to alter the manner in which it evaluates candidates, including the minimum qualifications set forth above, based on whether or not the candidate was recommended by a stockholder. To be considered by the Corporate Governance and Nominating Committee, a stockholder recommendation for director candidates for an annual meeting of stockholders must be received by the committee by December 31 of the year before such annual meeting. A stockholder who wishes to recommend a candidate for the Corporate Governance and Nominating Committee's consideration should forward the candidate's name and information about the candidate's qualifications to Corporate Secretary, Arena Pharmaceuticals, Inc., 6154 Nancy Ridge Drive, San Diego, California 92121. **Submissions must include a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected.** This procedure does not affect the deadline for submitting other stockholder proposals for inclusion in the proxy statement, nor does it apply to questions a stockholder may wish to ask at an annual meeting. Additional information regarding submitting stockholder proposals is set forth in our Bylaws. Stockholders may request a copy of the bylaw provisions relating to stockholder proposals from our Corporate Secretary.

None of our executive officers served during any part of 2012 as a member of the board of directors or compensation committee of any other entity that had one or more of its executive officers serving as members of our Board of Directors or the Compensation Committee.

Certain Relationships and Related Transactions

Except for the compensation arrangements between us and our executive officers and directors described below under Compensation Discussion and Analysis, since January 1, 2012, we have not been a party to any transactions involving more than \$120,000 and in which any director, nominee for director, executive officer, holder of more than 5% of our common stock or any immediate family member of the foregoing has a direct or indirect material interest, nor are any such transactions currently proposed.

Table of Contents

The Audit Committee's charter requires that it reviews and approves any related-party transactions. In considering related-party transactions, the Audit Committee considers the relevant available facts and circumstances, including, but not limited to, (i) the risks, costs and benefits to us, (ii) the impact on a director's independence in the event the related party is a director, immediate family member of a director or an entity with which a director is affiliated, (iii) the terms of the transaction, (iv) the availability of other sources for comparable services or products, and (v) the terms available to or from, as the case may be, unrelated third parties or to or from employees generally. In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval. In determining whether to approve, ratify or reject a related-party transaction, the Audit Committee evaluates whether, in light of known circumstances, the transaction is in, or is not inconsistent with, our best interests and those of our stockholders.

Advisory Vote on Executive Compensation (*Proposal 2*)

At our 2011 Annual Meeting of Stockholders, the stockholders indicated their preference that we solicit a non-binding advisory vote on the compensation of the named executive officers, commonly referred to as a say-on-pay vote, every year. Our Board of Directors has adopted a policy that is consistent with that preference. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The compensation of our named executive officers subject to the vote is disclosed in the Compensation Discussion and Analysis, the compensation tables and the related narrative disclosure contained in this proxy statement. As discussed in those disclosures, we believe that our compensation policies and decisions are focused on pay-for-performance principles, aligned with our stockholders' interests and consistent with current market practices. Compensation of our named executive officers is intended to enhance stockholder value by attracting, motivating and retaining qualified individuals to perform at the highest of professional levels and to contribute to our growth and success.

We urge stockholders to read the below Compensation Discussion and Analysis, as well as the related compensation tables and narrative that follow such section, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives. Our Board of Directors and the Compensation Committee believe that our compensation policies and practices are effective in implementing our compensation philosophy and in helping us achieve our strategic goals.

Accordingly, our Board of Directors is asking the stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote FOR the following resolution:

RESOLVED, that the compensation paid to Arena Pharmaceuticals, Inc.'s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby APPROVED.

Because the vote is advisory, it is not binding on us or our Board of Directors. Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to us and our Board of Directors and, accordingly, our Board and the Compensation Committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements.

Advisory approval of this proposal requires a majority of the votes cast by stockholders entitled to vote on the proposal voting FOR approval. Abstentions and broker non-votes will have no effect on the outcome.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

Approval of the Arena Pharmaceuticals, Inc., 2013 Long-Term Incentive Plan (*Proposal 3*)

Background. Stockholders are being asked to approve the Arena Pharmaceuticals, Inc., 2013 Long-Term Incentive Plan, or 2013 LTIP. Our Board of Directors approved the 2013 LTIP at its February 22, 2013, meeting, subject to approval from stockholders at our 2013 Annual Meeting.

Awards Are an Important Part of Our Compensation Philosophy. Our Board of Directors considers having stock available for grant to be a significant contributor to our long-term success by assisting us in attracting and retaining employees, directors, consultants and advisors who are expected to contribute to our success and achieve long-term objectives that we believe will benefit our stockholders.

In June 2012, the US Food and Drug Administration, or FDA, approved our first drug, BELVIQ® (lorcaserin HCl), which we believe marked the beginning of a significant transition of our company from primarily a research and development company to a company with a commercial product. We expect that the FDA approval, as well as the US commercialization of BELVIQ, the potential regulatory approval and commercialization of BELVIQ in additional territories around the world, and the advancement of our other programs, will bring uncertainty during this transition, and uncertainty brings risk that we will not be able to attract, retain and motivate personnel to execute on our long-term business plan. Our pay philosophy helps to mitigate this risk by using equity as an important component of our employees' compensation. Along with incentivizing employees to increase stockholder value, vesting conditions, which generally occur over four years, have retentive value. As such, we believe that having stock available for grant is critical to our continuing development and success by helping to keep our employees focused on executing on our long-term business plan. We do not view the number of shares remaining available for grant under our current long-term incentive plan (the 2012 Long-Term Incentive Plan, or 2012 LTIP) as sufficient to allow us to execute on our long-term business plan, and an aggregate share reserve of 30 million shares under the 2013 LTIP was chosen to have shares available for grant for several years as we transition to a commercial-stage entity.

Current and Prior Plans. Our current long-term incentive plan is the 2012 LTIP. When we adopted our 2012 LTIP, our 2009 Long-Term Incentive Plan, 2006 Long-Term Incentive Plan, as amended, Amended and Restated 1998 Equity Compensation Plan, Amended and Restated 2000 Equity Compensation Plan, and 2002 Equity Compensation Plan were terminated (together with the 2012 LTIP, the Prior Plans). Subject to and upon approval of the 2013 LTIP by stockholders at our 2013 Annual Meeting, our 2012 LTIP will also be terminated. However, notwithstanding such termination of the Prior Plans, all outstanding awards under the Prior Plans will continue to be governed under the terms of the Prior Plans.

We Manage Our Award Use Carefully and Our Dilution is Reasonable. We seek to balance the need to attract and retain talented employees, as well as directors, consultants and advisors, in a highly competitive business with efforts to monitor our award burn rate each year. Our gross burn rate for the last three years is included in the below table, and we project that our gross burn rate for 2013 will be approximately 2.06%, which is the equivalent of approximately 4.5 million shares. Assuming that our expected gross burn rate for 2013 continues going forward, we estimate that the remaining shares under the 2012 LTIP would last for approximately two years after the end of 2013, as compared to approximately five years with respect to the shares under the 2013 LTIP. However, we do not as a matter of course make public forecasts as to our total shares outstanding and utilization of equity awards due to the unpredictability of the underlying assumptions and estimates. In particular, forecasts include assumptions regarding changes in the number and level of our employees, the type of equity awards we make, our potential growth and activities, changes in the granting of awards, the financial impact of grants and other factors, such as industry performance and general business, economic, regulatory, market and financial conditions, as well as factors specific to our business, all of which are difficult to predict and many of which are beyond our control.

Table of Contents

The following tables provide certain additional information regarding our annual award burn rate and shares authorized and outstanding and available for grant under our Prior Plans:

Annual Award Burn Rate

| Fiscal Year | 2010 | 2011 | 2012 |
|--|--------------|--------------|--------------|
| Stock options granted | 1,791,337 | 3,549,062 | 5,813,400 |
| Full value awards granted | 0 | 0 | 165,000 |
| Weighted-average common shares outstanding | 109,573,177 | 139,170,725 | 196,523,708 |
| Gross burn rate (1) | 1.63% | 2.55% | 3.06% |

- (1) The gross burn rate is calculated as follows: (a) shares subject to options and other equity incentives granted in the fiscal year, divided by (b) weighted-average common shares outstanding for the fiscal year.

Shares Outstanding and Available for Grant

| | As of December 31, 2012 |
|---|--|
| Total shares subject to outstanding stock options | 13,841,860 |
| Total shares subject to outstanding full value awards | 165,000 |
| Weighted-average exercise price of outstanding stock options | \$ 4.44 |
| Weighted-average remaining term of outstanding stock options (years) | 7.11 |
| Total shares available for grant under the 2012 LTIP | 14,603,951 |
| Total shares available for grant under the Prior Plans other than the 2012 LTIP | 0 |

In addition, the number of shares of common stock outstanding on the Record Date was 217,756,823.

If the 2013 LTIP is approved by stockholders, there will be 30 million shares of our common stock, or approximately 13.8% of our outstanding shares, available for issuance under the plan as of December 31, 2012, which amount will be (a) decreased for grants made after December 31, 2012, under the Prior Plans and (b) increased by the number of shares subject to any awards under the Prior Plans that, after December 31, 2012, are forfeited, expire or settled for cash and as otherwise provided in the 2013 LTIP.

Why You Should Vote for this Proposal 3. We believe that we will be at a competitive disadvantage in our efforts to attract and retain employees, directors, consultants and advisors if we do not have the flexibility to issue competitive levels of awards, and we are requesting in this Proposal 3 for stockholders to approve the adoption of the 2013 LTIP.

To approve the 2013 LTIP, a majority of the votes cast by stockholders entitled to vote on the proposal must vote FOR approval. Abstentions and broker non-votes will have no effect on the outcome.

The following summary describes the principal features of the 2013 LTIP, and is qualified in its entirety by reference to the full text of the 2013 LTIP. A copy of the 2013 LTIP is filed as Appendix A to the proxy statement for our 2013 Annual Meeting filed with the SEC.

Summary of the 2013 Long-Term Incentive Plan

Purpose. The purpose of the 2013 LTIP is to assist us in attracting and retaining employees, directors, consultants and advisors who are expected to contribute to our success and achieve long-term objectives that will benefit our stockholders through the additional incentives inherent in the awards under the 2013 LTIP.

Table of Contents

Shares Available for Awards. Up to 30 million shares of common stock will be available for awards under the 2013 LTIP, subject to adjustment for certain corporate events, including mergers and stock splits. This amount consists of approximately 15,396,049 shares of common stock, plus the 14,603,951 unallocated shares remaining in the 2012 LTIP on December 31, 2012. Stock options and stock appreciation rights granted under the Prior Plans after December 31, 2012, or under the 2013 LTIP reduce the available number of shares by 1 share for every share issued while awards other than stock options and stock appreciation rights granted under the Prior Plans after December 31, 2012, or under the 2013 LTIP reduce the available number of shares by 1.25 shares for every share issued.

In addition, shares that, after December 31, 2012, are released from awards granted under the Prior Plans or the 2013 LTIP because the awards expire, are forfeited or are settled for cash will increase the number of shares available under the 2013 LTIP by 1 share for each share released from a stock option or stock appreciation right and by 1.25 shares for each share released from a restricted stock award or restricted stock unit award. Each share we withhold to satisfy any tax withholding obligation with respect to an award other than an option or stock appreciation right under the Prior Plans or the 2013 LTIP will increase the share reserve by 1.25 shares.

The following shares shall *not* be added to the number of shares available under the 2013 LTIP: (a) shares tendered by the participant or withheld by us in payment of the purchase price of an option granted under the 2013 LTIP or the Prior Plans, or to satisfy any tax withholding obligation with respect to an option or stock appreciation right granted under the 2013 LTIP or the Prior Plans, (b) shares subject to a stock appreciation right granted under the 2013 LTIP or the Prior Plans that are not issued in connection with the stock settlement of the stock appreciation right on exercise thereof, and (c) shares reacquired by us on the open market or otherwise using cash proceeds from the exercise of options granted under the 2013 LTIP or the Prior Plans.

Shares issued under awards granted in assumption of or in substitution for awards previously granted by a company acquired by us or with which we or any subsidiary combines, will not reduce the shares authorized for issuance under the 2013 LTIP. Shares issued under the 2013 LTIP may consist of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise.

Eligibility; Awards to be Granted to Certain Individuals and Groups. Options, stock appreciation rights, restricted stock awards, restricted stock unit awards and performance awards may be granted under the 2013 LTIP. Options may be either incentive stock options, as defined in Section 422 of the Internal Revenue Code of 1986, as amended, or the Code, or nonstatutory stock options. Awards may be granted under the 2013 LTIP to any employee, non-employee member of our Board of Directors, consultant or advisor who provides us service, except for incentive stock options, which may be granted only to our employees or employees of our subsidiaries.

As of April 12, 2013, approximately 295 employees and seven non-employee directors were eligible to participate in the 2013 LTIP. These employees include (i) our six executive officers, and (ii) approximately 83 employees at our Swiss subsidiary, Arena Pharmaceuticals GmbH. The Compensation Committee, in its discretion, selects the individual or individuals to whom awards under the 2013 LTIP may be granted, determines the type or types of awards to be granted, the time or times at which such awards shall be granted, and the number of shares subject to each such grant (or the dollar value of certain performance awards). For this reason, it is not possible to determine the benefits or amounts that will be received by any particular individual or individuals in the future.

Certain Limits on Shares Subject to Awards. The 2013 LTIP provides that, subject to adjustment as provided in the plan, no participant may be granted (a) options or stock appreciation rights during any 12-month period with respect to more than 3,000,000 shares of common stock or (b) more than 1,000,000 shares for each 12 months in the vesting period or performance period with respect to restricted stock, performance awards and/or restricted stock unit awards that are denominated in shares of common stock and are intended to comply with the performance-based exception under Code Section 162(m). Shares subject to a cancelled award continue to count against the applicable limit. In addition, the maximum dollar value that may be granted to any participant

Table of Contents

for each 12 months in a performance period with respect to performance-based awards that are intended to comply with the performance-based exception under Code Section 162(m) and are denominated in cash is \$5,000,000. The dollar value of a cancelled award will continue to count against the \$5,000,000 limit.

The aggregate maximum number of shares of common stock that may be issued under the 2013 LTIP pursuant to the exercise of incentive stock options is 30 million shares, subject to adjustment for certain corporate events, including mergers and stock splits.

Administration. The Plan will be administered by the Compensation Committee, which shall consist of at least two directors, both of whom must qualify as non-employee directors under Rule 16b-3 of the Exchange Act, outside directors under Section 162(m) of the Code and independent directors for purposes of the rules of the NASDAQ Stock Market to the extent required by such rules. The Compensation Committee has the authority to select the participants who will receive awards under the 2013 LTIP, to determine the type and terms of the awards, and to interpret and administer the 2013 LTIP. The Compensation Committee may delegate the right to make grants and otherwise take action on the Compensation Committee's behalf under the 2013 LTIP to a committee of one or more directors and, to the extent permitted by law and NASDAQ Stock Market rules and regulation, to an executive officer or a committee of executive officers the right to grant awards to employees who are not our executive officers (subject to the limitation on the total number of shares that may be subject to such awards as specified by the Compensation Committee).

Terms and Conditions of Options. Options granted under the 2013 LTIP may be incentive stock options, nonstatutory stock options, or a combination thereof, and are subject to the following terms and conditions:

Exercise Price. The exercise price of options granted under the 2013 LTIP is determined by the Compensation Committee at the time the options are granted. The exercise price of an option may not be less than 100% of the fair market value of the common stock on the date such option is granted, except in the case of substitute awards granted in connection with an acquisition; provided, however, that in the case of an incentive stock option granted to a participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all of our classes of stock, the option price per share will be no less than 110% of the fair market value of one share of our common stock on the date of grant. The fair market value of the common stock is generally determined with reference to the closing price for the common stock on the NASDAQ Stock Market on the date the option is granted (or if there was no reported closing price on such date, on the last preceding date on which the closing price was reported). On April 12, 2013, the closing price of our common stock as reported on the NASDAQ Global Select Market was \$8.22 per share.

Exercise of Option. The Compensation Committee determines when options become exercisable. The 2013 LTIP permits payment to be made by cash, check, other shares of our common stock, any other form of consideration approved by the Compensation Committee (including withholding of shares of common stock that would otherwise be issued on exercise of options) and permitted by applicable law, or any combination thereof.

Term of Option. Options granted under the 2013 LTIP expire no later than seven years from the date of grant, except in the event of the optionee's death or disability; provided, however, that the term of the option will not exceed five years from the date the option is granted in the case of an incentive stock option granted to a participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all of our classes of stock.

Stock Appreciation Rights. The Compensation Committee is authorized to grant stock appreciation rights in conjunction with an option or other award granted under the 2013 LTIP, and to grant stock appreciation rights separately. The grant price of a stock appreciation right may not be less than 100% of the fair market value of the common stock on the date such stock appreciation right is granted, except in the case of substitute awards granted in connection with an acquisition (or a stock appreciation right granted in exchange for or in tandem with, but subsequent to, an option). The Compensation Committee determines when stock appreciation rights become exercisable. The term of a stock appreciation right may be no more than seven years from the date of grant.

Table of Contents

Upon the exercise of a stock appreciation right, the holder will have the right to receive the excess of the fair market value of the shares or, at the discretion of the Compensation Committee, such lesser amount, on the date of exercise over the grant price. Payment may be made in cash, shares of our common stock or other property, or any combination of the same, as the Compensation Committee may determine. Shares issued upon the exercise of a stock appreciation right are valued at their fair market value as of the date of exercise.

Restricted Stock Awards. Restricted stock awards may be issued to participants either alone or in addition to other awards granted under the 2013 LTIP, and are also available as a form of payment for performance awards and other earned cash-based incentive compensation. The Compensation Committee determines the terms and conditions of restricted stock awards, including the number of shares granted (subject to the limit on shares subject to awards set forth above), and any conditions for vesting that must be satisfied, which typically will be based principally or solely on continued provision of services, but may include a performance-based component. Cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any restricted stock award that vests based on achievement of performance goals shall be (a) accumulated, (b) subject to restrictions and risk of forfeiture to the same extent as the restricted stock awards with respect to which such cash, stock or other property has been distributed and (c) paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

Restricted Stock Unit Awards. Awards of restricted stock units having a value equal to an identical number of shares may be granted either alone or in addition to other awards granted under the 2013 LTIP, and are also available as a form of payment for other awards granted under the 2013 LTIP and other earned cash-based incentive compensation. Restricted stock units may be paid in cash, shares of common stock or other property, or a combination thereof, as determined by the Compensation Committee. The Compensation Committee determines the other terms and conditions of restricted stock units. Cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any restricted stock unit award that vests based on achievement of performance goals shall either (a) not be paid at all, or (b) be accumulated, be subject to restrictions and risk of forfeiture to the same extent as the restricted stock units with respect to which such cash, stock or other property has been distributed and be paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

Performance Awards. Performance awards provide participants with the opportunity to receive cash, shares of common stock or other property, or any combination thereof, based on performance and other vesting conditions. Performance awards may be granted from time to time as determined at the discretion of the Compensation Committee. Subject to the share limit and maximum dollar value set forth above, the Compensation Committee has the discretion to determine (a) the number of shares of common stock under, or the dollar value of, a performance award, and (b) the conditions that must be satisfied for grant or for vesting, which typically will be based principally or solely on achievement of performance goals. The minimum performance period under a performance award is 12 months. Cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any award of performance shares that vests based on achievement of performance goals shall either (i) not be paid at all, or (ii) be accumulated, be subject to restrictions and risk of forfeiture to the same extent as the performance shares with respect to which such cash, stock or other property has been distributed and be paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

If this Proposal 3 is approved by the stockholders, compensation attributable to performance awards under the 2013 LTIP will qualify as performance-based compensation under Section 162(m) of the Code, provided that: (a) the compensation is granted by a compensation committee comprised solely of outside directors, (b) the compensation is paid only upon the achievement of an objective performance goal established in writing by the Compensation Committee while the outcome is substantially uncertain, and (c) the Compensation Committee certifies in writing prior to the payment of the compensation that the performance goal has been satisfied.

Such performance goals also may be based solely by reference to our performance or the performance of one or more of our affiliates, divisions, business segments or business units, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. At the time a performance award is granted, the Compensation Committee may also exclude charges related to an event or occurrence which the Compensation Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to our operations or not within the reasonable control of our management, or (c) the cumulative effects of tax or accounting changes in accordance with US generally accepted accounting principles.

Dividends; Dividend Equivalents. Awards other than options and stock appreciation rights may, if so determined by the Compensation Committee, provide that the participant will be entitled to receive cash, or stock or other property dividends, or cash payments in amounts equivalent to cash, stock or other property dividends declared with respect to shares of common stock covered by an award. The Compensation Committee may provide that such amounts shall be deemed to have been reinvested in additional shares of common stock or otherwise, and that they are subject to the same vesting or performance conditions as the underlying award. Notwithstanding the foregoing, dividend equivalents credited in connection with an award that vests based on the achievement of performance goals shall be subject to restrictions and risk of forfeiture to the same extent as the award with respect to which such dividend equivalents have been credited.

Termination of Service. The Compensation Committee will determine and set forth in each award agreement whether an award will continue to be exercisable, continue to vest or be earned and the terms of such exercise, vesting or earning, on and after the date that a participant terminates employment or service with us, whether by reason of death, disability, voluntary or involuntary termination of employment or services, or otherwise. With regard to options and stock appreciation rights, if the sale of any common stock received on exercise of an option or a stock appreciation right following the termination of the participant's employment by or services to us (other than for cause) would be prohibited at any time solely because the issuance of the shares would violate (a) the registration requirements under the Securities Act of 1933, as amended, and the rules and regulations promulgated thereunder, or the Securities Act, (b) our insider trading policy, or (c) a lock-up agreement undertaken in connection with our issuance of securities, then the option or stock appreciation right will terminate on the earlier of (i) the expiration of a total period of 90 days (that need not be consecutive) after the termination of the participant's employment by or services to us during which the exercise of the option or stock appreciation right would not be in violation of any of such registration requirement, insider trading policy or lock-up agreement, and (ii) the expiration of the term of the option or stock appreciation right as set forth in the applicable award agreement.

Reduced Time Commitment. In the event a participant's regular level of time commitment in the performance of his or her services for us and any affiliates is reduced (for example, and without limitation, if the

Table of Contents

participant is one of our employees and the employee has a change in status from a full-time employee to a part-time employee) after the date of grant of any award to the participant, the Compensation Committee has the right in its sole discretion to (a) make a corresponding reduction in the number of shares or cash amount subject to any portion of such award that is scheduled to vest or become payable after the date of such change in time commitment, and (b) in lieu of or in combination with such a reduction, extend the vesting or payment schedule applicable to such award. In the event of any such reduction, the participant will have no right with respect to any portion of the award that is so reduced.

No Repricing. The 2013 LTIP prohibits option and stock appreciation right repricings (other than to reflect stock splits, spin-offs or other corporate events described under *Adjustments upon Changes in Capitalization* below) unless stockholder approval is obtained. For purposes of the 2013 LTIP, a repricing means a reduction in the exercise price of an option or the grant price of a stock appreciation right, the cancellation of an option or stock appreciation right in exchange for cash or another award (except for awards granted in assumption of or in substitution for awards previously granted by a company acquired by us or with which we combine) under the 2013 LTIP if the exercise price of the cancelled option or grant price of the cancelled stock appreciation right is greater than the fair market value of the common stock, or any other action with respect to an option or stock appreciation right that may be treated as a repricing under the NASDAQ Stock Market rules.

Nontransferability of Awards. Except as provided in the next sentence, an award granted under the 2013 LTIP is not transferable other than by will or the laws of descent and distribution, and may be exercised during the participant's lifetime only by the participant or the participant's guardian or legal representative. The Compensation Committee may provide in an award agreement that a participant may transfer an award (other than an incentive stock option) to a family member (whether by gift or a domestic relations order for no consideration) under such terms and conditions determined by the Compensation Committee.

Clawback Policy. All awards granted under the 2013 LTIP will be subject to recoupment in accordance with any clawback policy we adopt, including any clawback policy we adopt pursuant to the listing standards of any national securities exchange or association on which our securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, our Board of Directors may impose such other clawback, recovery or recoupment provisions in an award agreement as the Board determines necessary or appropriate.

Adjustments upon Changes in Capitalization. In the event of any merger, reorganization, consolidation, recapitalization, dividend or distribution (whether in cash, shares or other property, other than a regular cash dividend), stock split, reverse stock split, spin-off or similar transaction or other change in our corporate structure affecting our common stock or the value thereof, appropriate adjustments shall be made, in the discretion of the Compensation Committee, in the number and class of shares of stock subject to the 2013 LTIP, the number and class of shares of awards outstanding under the 2013 LTIP, the limits on the number of awards that any person may receive and the exercise price of any outstanding option or stock appreciation right.

Change in Control. The Compensation Committee may, in its discretion, determine that, upon our change in control (as defined in the 2013 LTIP or otherwise defined in the agreement evidencing an award), options and stock appreciation rights outstanding as of the date of the change in control shall be cancelled and terminated without payment therefor if the fair market value of one share of our common stock as of the date of the change in control is less than the per share option exercise price or stock appreciation right grant price.

To the extent provided in an award agreement, in the event of a change in control in which the successor company assumes or substitutes for an option, stock appreciation right, restricted stock award or restricted stock unit award (or in which we are the ultimate parent corporation and continue the award), if a participant's employment with such successor company (or us) or a subsidiary thereof terminates within the period following such change in control set forth in the award agreement (or prior if applicable) under the circumstances set forth in the award agreement, each award held by such participant at the time of such termination of employment will

be fully vested, and options and stock appreciation rights may be exercised during the period following such termination set forth in the award agreement. If the successor company does not assume or substitute for such outstanding awards held by participants at the time of the change in control, then unless otherwise provided in the award agreement, the awards will become fully vested immediately prior to the change in control and will terminate immediately after the change in control.

The Compensation Committee, in its discretion, may also determine that, upon the occurrence of a change in control, each option and stock appreciation right outstanding shall terminate within a specified number of days after notice to the participant, and/or that each participant shall receive, with respect to each share of common stock subject to such option or stock appreciation right, an amount equal to the excess, if any, of the fair market value of such share immediately prior to the occurrence of such change in control over the exercise price per share of such option and/or stock appreciation right; such amount to be payable in cash, in one or more kinds of stock or property, or in a combination thereof, as the Compensation Committee, in its discretion, will determine.

Effective Date. The 2013 LTIP will be effective upon its approval by stockholders at our 2013 Annual Meeting.

Amendment and Termination of the 2013 LTIP. Our Board of Directors may alter, amend, suspend or terminate the 2013 LTIP, from time to time as it deems advisable, subject to any requirement of applicable law or the rules and regulations of the NASDAQ Stock Market for stockholder approval. However, our Board of Directors may not amend the 2013 LTIP without stockholder approval to increase the number of shares available for awards under the 2013 LTIP, expand the types of awards available under the 2013 LTIP, materially expand the class of persons eligible to participate in the 2013 LTIP, permit the grant of options or stock appreciation rights with an exercise or grant price of less than 100% of fair market value on the date of grant (except for substitute awards granted in connection with an acquisition), increase the maximum term of the plan or of any options and stock appreciation rights, increase the limits on shares subject to awards or the dollar value payable with respect to performance awards, or take any action with respect to an option or stock appreciation right that may be treated as a repricing under the NASDAQ Stock Market rules (including a reduction in the exercise price of an option or stock appreciation right or the exchange of an option or stock appreciation right for cash or another award if the option or grant price is greater than the fair market value of the common stock). No such action by our Board of Directors may alter or impair any award previously granted under the 2013 LTIP without the written consent of the participant. The 2013 LTIP will expire on the 10th anniversary of its effective date, except with respect to awards then outstanding, and no further awards may be granted thereafter.

US Federal Income Tax Consequences. The following discussion summarizes certain federal income tax considerations of awards under the 2013 LTIP. However, it does not purport to be complete and does not describe the state, local or foreign tax considerations or the consequences for any particular individual.

Incentive Stock Options. An optionee who is granted an incentive stock option does not recognize taxable income at the time the option is granted or upon its exercise, although the exercise may subject the optionee to the alternative minimum tax. Upon an optionee's sale of the shares (assuming that the sale occurs more than two years after grant of the option and more than one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the excess, if any, of the fair market value of the shares at the exercise date or the sale price of the shares, whichever is lower, over the exercise price. Any gain or loss recognized on such sale of the shares in excess of the amount treated as ordinary income will be characterized as long-term or short-term capital gain or loss, depending on the holding period.

Nonstatutory Stock Options. An optionee does not recognize any taxable income at the time a nonstatutory stock option is granted. Upon exercise, the optionee recognizes taxable ordinary income measured by the excess of the fair market value of the shares on the exercise date over the exercise price.

Table of Contents

Upon a disposition of such shares by the optionee, any difference between the amount recognized on the sale and the fair market value of the shares on the exercise date is treated as long-term or short-term capital gain or loss, depending on the holding period.

Stock Appreciation Rights. No income will be recognized by a recipient in connection with the grant of a stock appreciation right. When the stock appreciation right is exercised, the recipient will recognize ordinary income in the year of exercise in an amount equal to the sum of the amount of any cash received and the fair market value of any common stock or other property received upon the exercise.

Restricted Stock Awards and Performance Awards

Generally, the recipient of a restricted stock award or a performance award will recognize ordinary income at the time the stock is received equal to the excess, if any, of the fair market value of the stock received over any amount paid by the recipient in exchange for the stock. If, however, the stock is not vested when it is received (for example, if the employee is required to work for a period of time to have the right to sell the stock), the recipient generally will not recognize income until the stock becomes vested, at which time the recipient will recognize ordinary income equal to the excess, if any, of the fair market value of the stock on the date it becomes vested over any amount paid by the recipient in exchange for the stock. A recipient may, however, file an election with the Internal Revenue Service, within 30 days of his or her receipt of the stock award, to recognize ordinary income, as of the date the recipient receives the award, equal to the excess, if any, of the fair market value of the stock on the date the award is granted over any amount paid by the recipient in exchange for the stock.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock awards will be the amount paid for such shares plus any ordinary income recognized either when the stock is received or when the stock becomes vested.

Restricted Stock Units

Generally, the recipient of a stock unit structured to conform to the requirements of Section 409A of the Code or an exception to Section 409A of the Code will recognize ordinary income at the time the stock is delivered equal to the excess, if any, of the fair market value of the shares of our common stock received over any amount paid by the recipient in exchange for the shares of our common stock. To conform to the requirements of Section 409A of the Code, the shares of our common stock subject to a stock unit award may generally only be delivered upon one of the following events: a fixed calendar date (or dates), separation from service, death, disability or a change in control. If delivery occurs on another date, unless the stock units otherwise comply with or qualify for an exception to the requirements of Section 409A of the Code, in addition to the tax treatment described above, the recipient will owe an additional 20% federal tax and interest on any taxes owed.

The recipient's basis for the determination of gain or loss upon the subsequent disposition of shares acquired from stock units will be the amount paid for such shares plus any ordinary income recognized when the stock is delivered.

Company Tax Deduction. We generally will be entitled to a tax deduction in connection with an award under the 2013 LTIP (subject to the requirement of reasonableness, the provisions of Section 162(m) of the Code and the satisfaction of a tax reporting obligation) in an amount equal to the ordinary income recognized by a participant and at the time the participant recognizes such income (for example, on the exercise of a nonstatutory stock option). Section 162(m) of the Code may limit the deductibility of compensation paid to the chief executive officer and to each of the three most highly compensated executive officers other than the chief executive officer and the chief financial officer. Under Section 162(m), the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, we can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met with respect to awards.

Table of Contents

Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. In accordance with Treasury Regulations issued under Section 162(m) of the Code, compensation attributable to stock options and stock appreciation rights will qualify as performance-based compensation if such awards are approved by a compensation committee comprised solely of outside directors and the plan contains a per-employee limitation on the number of shares for which such awards may be granted during a specified period, the per-employee limitation is approved by the stockholders, and the exercise or strike price of the award is no less than the fair market value of the stock on the date of grant.

Compensation attributable to restricted stock awards, restricted stock unit awards and performance awards will qualify as performance-based compensation, provided that: (a) the compensation is approved by a compensation committee comprised solely of outside directors, (b) the compensation is paid only upon the achievement of an objective performance goal established in writing by the Compensation Committee while the outcome is substantially uncertain, (c) the Compensation Committee certifies in writing prior to the payment of the compensation that the performance goal has been satisfied, and (d) prior to the payment of the compensation, stockholders have approved the material terms of the award (including the class of employees eligible for such award, the business criteria on which the performance goal is based, and the maximum amount, or formula used to calculate the amount, payable upon attainment of the performance goal).

The 2013 LTIP has been designed to permit the Compensation Committee to grant certain awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting us to receive a full federal income tax deduction in connection with such awards.

New Plan Benefits

The amounts allocable under the 2013 LTIP to our executive officers and employees are not determinable because the 2013 LTIP does not provide for set benefits or amounts with respect to awards granted under the 2013 LTIP, and we have not approved any awards that are conditioned on stockholder approval of this Proposal 3. However, our Board of Directors' current policy includes initial and annual stock awards that automatically are granted to our non-employee directors. Our Board of Directors' current policy with respect to automatic stock awards granted to non-employee directors is described below under Director Compensation.

Compensation Discussion and Analysis

This section provides an overview and analysis of our compensation program and policies, decisions we have made under such program and policies, and our rationale for such decisions with respect to the following individuals, whom we refer to as our Named Executive Officers: Messrs. Lief, Hoffman and Spector, and

Table of Contents

Drs. Behan and Shanahan. Later in this proxy statement, you will find a series of tables containing specific information about the compensation earned or paid in 2012 to these individuals. The below discussion is intended to help you understand the detailed information provided in those tables and to put that information into context with our overall compensation program for our Named Executive Officers.

Executive Summary

Our compensation program is intended to align our Named Executive Officers' interests with those of our stockholders by incentivizing and rewarding performance. Our Named Executive Officers' total compensation is comprised of different components, including base salary, cash incentives and stock-based compensation. Consistent with our pay-for-performance philosophy, the Compensation Committee links the compensation of our Named Executive Officers to performance by emphasizing equity compensation opportunities and cash incentives rather than base salary. Also consistent with this philosophy, the total compensation received by our Named Executive Officers will vary from year to year and among our Named Executive Officers based on corporate and individual performance, including as measured against annual goals that are pre-established by the Compensation Committee.

In June 2012, the FDA approved our first drug, BELVIQ. This was a monumental accomplishment in our history. Before this approval, we did not know whether or when BELVIQ would be approved, and nearly all of the Compensation Committee's decisions regarding our 2012 executive compensation program were initially oriented around focusing our efforts on the approval of BELVIQ. Prior to the FDA's approval of BELVIQ, the Compensation Committee also took into account the risk that executive officers might decide to leave our company to pursue other opportunities due to our financial condition, the regulatory uncertainty surrounding BELVIQ, and our stock price, which, in the beginning of 2012, was lower than the exercise price of any vested stock options held by our Named Executive Officers.

Accordingly, in early 2012, the Compensation Committee granted our Named Executive Officers stock options to purchase more shares of our common stock than were granted in previous years and increased the potential cash incentives under our Annual Incentive Plan to further focus our Named Executive Officers on achieving our key corporate goals for the year, which predominately related to BELVIQ. The Compensation Committee did not increase the base salaries for any of our Named Executive Officers for 2012 based on our financial condition at that time.

During 2012, we achieved 100% of the performance goals for the year that had been pre-established by the Compensation Committee, including our highest priority (and highest weighted) goal, which was obtaining FDA approval for BELVIQ. We believe the FDA approval of BELVIQ was the primary driver of our per share stock price increasing over 380% from the end of 2011 to the end of 2012. In 2012, we also achieved other goals the Compensation Committee (and our Board of Directors) believed were important for potentially creating longer-term stockholder value, including filing and advancing our Marketing Authorization Application for BELVIQ in the European Union, entering into additional collaborations for BELVIQ and another of our drug programs, managing our financial resources, and advancing other research and development programs.

At the end of 2012, in recognition of our performance, and based on the level of achievement of the pre-established goals, the quality of such achievement, and the relative weighting of the goals, the Compensation Committee approved cash awards for each of our Named Executive Officers under our Annual Incentive Plan equal to 150% of the targeted award amount, which is the maximum payable under the plan. The Compensation Committee also reviewed the entire compensation program for our Named Executive Officers in recognition of our achievements in 2012 and in light of the expected long-term significance of the FDA approval of BELVIQ. As a result of this review, the Compensation Committee made several changes to our compensation program, including an increase (beginning in January 2013) in base salaries for our Named Executive Officers for the first time since January 2009; increases in the cash incentive opportunity for our Named Executive Officers under our Annual Incentive Plan for 2013; and changes to the mix and timing of equity compensation provided to our Name Executive Officers to further emphasize performance-based compensation. The committee's changes to

Table of Contents

the mix and timing of equity compensation included granting our Named Executive Officers an additional option award and a restricted stock unit, or RSU, award at the end of 2012, and, in early 2013, a performance stock unit, or PSU, award, which vests, if at all, in a number of years depending on our stock performance versus an industry index.

The compensation program for our Named Executive Officers includes other aspects that the Compensation Committee views as consistent with good corporate governance, including having a clawback policy to seek repayment of incentive-based compensation in the event we experience certain accounting restatements, having stock ownership guidelines to promote executive stock ownership, prohibiting speculative and short-term trading, including double-trigger mechanisms in change-in-control arrangements, and not providing for gross-ups.

At our 2012 Annual Meeting of Stockholders, approximately 90% of the votes cast on the say-on-pay proposal voted in support of the compensation paid to our named executive officers for 2011. While this vote was only advisory and not binding, the Compensation Committee considered the results of the vote in the context of our overall compensation philosophy, as well as our compensation policies and decisions. The Compensation Committee believes that this 2012 stockholder vote endorsed our compensation philosophy and the decisions we made for 2011. After reflecting on this vote, the Compensation Committee decided that no changes to 2012 compensation decisions were necessary based on the results of such vote. The Compensation Committee believes that its decisions for 2012 compensation and since the end of 2012, including to further emphasize performance-based cash and equity compensation, are consistent with our pay-for-performance philosophy and further aligns the interests of our executive officers and our stockholders.

Compensation Philosophy, Objectives and Development

Our overall compensation philosophy and objective is to maintain a compensation program for our Named Executive Officers that helps us attract, motivate and retain qualified individuals to perform at the highest of professional levels and to contribute to our growth and success, which we believe will result in enhancing stockholder value. The compensation program for our Named Executive Officers is designed to provide them with compensation opportunities that are tied to our overall corporate performance, as well as their individual performance. Each of their compensation packages includes three key elements: (a) base salary; (b) performance-based cash incentives; and (c) stock-based compensation. Our Named Executive Officers are also entitled to health and welfare benefits, and, as described below, they may be entitled to receive additional benefits upon termination of their employment.

The main principles of our compensation strategy include the following:

Compensation decisions are driven by a pay-for-performance philosophy;

Compensation should reflect corporate and individual performance; and

Higher compensation can be earned through an individual's and the company's extraordinary performance.

The Compensation Committee may consult with compensation consultants, legal counsel and other advisors in designing our compensation program, including in evaluating the competitiveness of individual compensation packages and in relation to our performance goals. In such evaluation, the Compensation Committee periodically reviews and analyzes executive officer compensation provided by other companies in our industry.

Program Development and Role of Compensation Committee, Compensation Consultants and Management

As part of the process for setting the compensation of our Named Executive Officers, our Chief Executive Officer provides the Compensation Committee with his performance assessments of the company and these individuals. He also recommends to the Compensation Committee base salaries, cash incentive opportunities, cash incentive awards and stock-based compensation for our Named Executive Officers other than himself. The

Table of Contents

Compensation Committee can accept, reject or modify such recommendations in its discretion. The Compensation Committee also considers the recommendations and views of its independent compensation consultant, peer company data, and factors such as the past, current and expected contributions of each Named Executive Officer, our corporate performance, global economic conditions, the mix of compensation that would be most appropriate for each Named Executive Officer and such officer’s particular responsibilities, experience, level of accountability and decision authority.

While the Compensation Committee meets regularly in executive session, various members of management, including our Chief Executive Officer, Chief Financial Officer and General Counsel, attend committee meetings, and they and other employees as well as outside advisors or consultants may be invited by the Compensation Committee to make presentations, provide financial or other background information or advice or otherwise participate in the meetings. Our General Counsel also serves as the Secretary for Compensation Committee meetings, but is not present for executive session discussions. Our Chief Executive Officer is not present during any deliberations or determinations of the Compensation Committee regarding his compensation.

The Compensation Committee has retained Frederic W. Cook & Co., Inc., or FWC, as its compensation consultant from time to time since 2003. FWC reports directly to the Compensation Committee and takes its direction from the Chair of the Compensation Committee, working with management on select issues under the Compensation Committee’s oversight. The Compensation Committee has continued to choose FWC as a compensation consultant because of its national reputation as a leading compensation consultant, the Committee’s familiarity with FWC through past consulting engagements, FWC’s familiarity with our company and compensation policies and practices and FWC’s knowledge of our industry.

In late 2011, the Compensation Committee engaged FWC to review our executive compensation program in general and to make recommendations regarding the use of equity compensation for executive officers and other employees, individual officer compensation decisions, and retention of executive officers.

Following the approval of BELVIQ in June 2012, and in anticipation of our transition from a purely research and development stage company, the Compensation Committee again engaged FWC to help conduct an overall review of our executive officer compensation program. The Compensation Committee also retained FWC to review and make recommendations regarding our equity compensation plans, non-employee director compensation, compensation risk assessment, and legislative and regulatory changes and corporate governance trends affecting compensation.

Peer Groups Used in Program Development

In late 2011, FWC provided the Compensation Committee with data regarding a peer group consisting of the below companies in our industry, which we refer to as the Pre-Approval Peer Group. FWC recommended the use of data from the Pre-Approval Peer Group because it consisted of drug development companies with market capitalization similar to ours. At that time, these companies had market capitalizations of between \$74 million and \$598 million, with a median market capitalization of \$250 million. Our market capitalization at such time was \$231 million.

Alnylam Pharmaceuticals, Inc.
Depomed, Inc.

AMAG Pharmaceuticals, Inc.
Exelixis, Inc.

Cytokinetics, Incorporated
Ligand Pharmaceuticals
Incorporated

Micromet, Inc.
Pain Therapeutics, Inc.
Sangamo BioSciences, Inc.

Nabi Biopharmaceuticals
Progenics Pharmaceuticals, Inc.
Vanda Pharmaceuticals Inc.

NPS Pharmaceuticals, Inc.
Rigel Pharmaceuticals, Inc.

Following the approval of BELVIQ, the Compensation Committee changed our peer group in 2012 to reflect such approval and the resulting increase in our market capitalization as well as to include two potential

competitors. (We refer to this peer group as the Post-Approval Peer Group.) At that time, these companies had market capitalizations of between \$316 million and \$3.4 billion, with a median market capitalization of \$1.1 billion. Our market capitalization at such time was \$1.9 billion.

In compiling and assessing the comparative data from the peer companies, the Compensation Committee and FWC considered the following: Mr. Lief served as the Chairman, President and Chief Executive Officer at all relevant times; Dr. Shanahan was a Senior Vice President at all relevant times; Dr. Behan and Mr. Spector were Senior Vice Presidents until they were promoted to Executive Vice Presidents in February 2012; and Mr. Hoffman was a Vice President until he was promoted to Senior Vice President in June 2012. In each case, the promotions reflected the Compensation Committee’s view of the executive officers’ past and expected continuing contributions, roles and responsibilities. At the time each benchmarking study was performed, our Named Executive Officers were benchmarked against positions with similar titles, roles and relative corporate importance at the peer group companies.

Compensation Consultant Conflicts of Interest Analysis

The Compensation Committee has determined that the work of FWC and the individual compensation advisors employed by FWC does not create any conflict of interest. In making that determination, the Compensation Committee took into consideration the following factors: (a) the provision of other services to Arena by FWC; (b) the amount of fees Arena paid FWC as a percentage of FWC’s total revenue; (c) FWC’s policies and procedures that are designed to prevent conflicts of interest; (d) any business or personal relationship of FWC or the individual compensation advisors employed by the firm with an Arena executive officer; (e) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (f) any Arena stock owned by FWC or the individual compensation advisors employed FWC.

Elements of Our Compensation Program

1. Base Salary

The purpose of base salary is to provide fixed compensation to attract and retain an employee with the qualifications desired for the particular position. The base salary for any particular Named Executive Officer depends on various factors, such as the individual’s responsibilities and position (for example, whether the individual is an executive vice president, senior vice president or vice president), the individual’s past performance and expected future contribution, the individual’s overall mix of base salary, performance-based cash incentives and stock-based compensation, the individual’s experience and background, our corporate performance and the individual’s historical base salary.

The Compensation Committee did not change the base salaries of any of our Named Executive Officers for 2012. In late 2011, the Compensation Committee determined that it would not be appropriate to change base salaries for our Named Executive Officers in advance of the FDA’s Prescription Drug User Fee Act, or PDUFA, target date in June 2012 for the FDA’s decision on the approval of our first drug, BELVIQ. While the Compensation Committee believed that increasing base salaries would not be appropriate based on our then financial condition, the committee believed that reducing base salaries would also not be appropriate because it could destabilize management at a time when it was important to have management focused on achieving our key corporate goals, and, in particular, those related to supporting the approval of BELVIQ. The committee’s rationale was that compensation should emphasize incentives because the FDA’s opinion about BELVIQ was not

Table of Contents

yet known, and the possible approval of BELVIQ was viewed as potentially the largest single event in our history. Instead of changing base salary, the committee placed more emphasis on cash incentives and stock-based compensation to more closely link executive compensation to corporate performance, including as measured against pre-established corporate goals (primarily, but not exclusively, BELVIQ approval), and their view of individual performance. The committee did not rely on the salary data from the Pre-Approval Peer Group in their determination not to change base salaries for 2012.

For 2013, the Compensation Committee determined to increase the base salaries of our Named Executive Officers. The new salaries for our Named Executive Officers are as follows effective January 1, 2013: Mr. Lief, \$725,000; Dr. Behan, \$420,000; Mr. Hoffman, \$360,000; Dr. Shanahan, \$375,000; and Mr. Spector, \$395,000.

2. Performance-based Cash Incentives

In early 2012, the Compensation Committee approved our Annual Incentive Plan for potential cash incentive awards for 2012, and all of our Named Executive Officers participated in the plan. Under the Annual Incentive Plan for 2012, each participant was assigned an incentive target that was expressed as a percentage of annual base salary, and the participant's actual incentive award would be based on the level of achievement of pre-established goals, the quality of such achievement, the participant's role in goal achievement and the weighting of the goals. All participants' potential incentive awards were based on the same corporate goals, which we believed would align the interests of our executive officers with one another and with our stockholders. The corporate goals were intended to reflect a mix of short-term (less than one year) and long-term (one year or more) performance objectives, and the relative weighting of the goals was intended to reflect our corporate priorities. The corporate goals were approved by the Compensation Committee after taking into account the views and recommendations of our Board of Directors (which includes our Chief Executive Officer).

The maximum potential incentive award under the Annual Incentive Plan for 2012 was increased, as compared to the similar plan for 2011, from 125% to 150% of the targeted award amount for extraordinary goal achievement in 2012, which the Compensation Committee believed would provide further incentive to achieve the performance goals. In addition, the Compensation Committee determined to not establish individual goals for the participants for 2012 under the Annual Incentive Plan to further focus participants on the regulatory advancement of BELVIQ as well as our other corporate goals for the year.

Mr. Lief's incentive target under the Annual Incentive Plan for 2012 was expressed as 55% of his annual base salary, and the other Named Executive Officers had incentive targets expressed as 40% of their annual base salaries, which were the same percentages in the plan for all Named Executive Officers for 2011. In determining such incentive targets, the Compensation Committee considered FWC's view that such target percentages were competitive (based on the consultant's knowledge of other companies' programs, including data from the Pre-Approval Peer Group) and the Compensation Committee's overall view that it should not make significant changes to compensation close in time to the expected binary event of the potential FDA approval of BELVIQ.

Our 2012 corporate goals and the weighting and achievement of such goals are described as follows:

| Corporate Goals | Weighting | Achievement |
|--|------------------|--------------------|
| FDA approval of BELVIQ | 35% | 35% |
| File for lorcaserin approval in European Union | 10% | 10% |
| Respond to 120-day questions from the European Union | 10% | 10% |
| Establish new collaborations or similar arrangements | 10% | 10% |
| End 2012 with a cash balance consistent with our plan and budget | 10% | 10% |
| Manage expenditures consistent with our plan and budget | 5% | 5% |
| Additional development progress | 15% | 15% |
| Advancement of research progress | 5% | 5% |
| Total | 100% | 100% |

Table of Contents

In determining that 100% of our 2012 corporate goals was achieved, the Compensation Committee considered the following:

| Corporate Goals | Achievement |
|---|---|
| FDA approval of BELVIQ | The FDA approval of our first drug, BELVIQ, including the quality of the label that resulted in us achieving a \$20 million milestone under our expanded marketing and supply agreement with Eisai Inc. |
| File for lorcaserin approval in European Union | Our filing of a Marketing Authorization Application for BELVIQ in the European Union |
| Respond to 120-day questions from the European Union | Our response to the 120-day questions with respect the Marketing Authorization Application for BELVIQ in the European Union |
| Establish new collaborations or similar arrangements | Our entry into an expanded marketing and supply agreement for BELVIQ with Eisai Inc. for most of North and South America, a marketing and supply agreement for BELVIQ with Ildong Pharmaceutical Co., Ltd., or Ildong, for South Korea, and a co-development and license agreement with Ildong for temanogrel (our internally discovered inverse agonist of the serotonin 2A receptor intended for the treatment of thrombotic diseases) |
| End 2012 with a cash balance consistent with our plan and budget | Our ending 2012 with a cash balance greater than the plan and budget approved by our Board of Directors |
| Manage expenditures consistent with our plan and budget | Our favorable management of expenditures in line with the plan and budget approved by our Board of Directors |
| Additional development progress | Our progress in our development programs, including our initiation of a multiple-dose Phase 1 clinical trial of APD811 (our internally discovered, orally available agonist of the prostacyclin receptor intended for the treatment of pulmonary arterial hypertension), our filing of an investigational new drug, or IND, application with the FDA for APD334 (our internally discovered, orally available agonist of the $5HT_{1A}$ receptor intended for the treatment of conditions related to autoimmune diseases, including multiple sclerosis) and our advancement of APD371 (our internally discovered, orally available agonist of the cannabinoid receptor 2 intended for the treatment of pain) |
| Advancement of research progress | Our research progress on earlier-stage programs in our pipeline, which the Compensation Committee and our Board of Directors believe is strategically important to our long-term plan of identifying and advancing multiple drug candidates |

To illustrate the historical level of difficulty of goal achievement, and put into perspective the achievement of 100% of our 2012 corporate goals, the level of our achievement of corporate goals for 2011 and 2010 was 60% and 70%, respectively.

In determining cash incentive awards for 2012, the Compensation Committee sought to reward what it viewed as extraordinary performance in terms of both the quantity and quality of goal achievement, and, in particular, achieving the FDA approval of BELVIQ. In recognition of our exceptional performance, and based on the level of achievement of the pre-established goals, the quality of such achievement, and the relative weighting of the goals, the Compensation Committee approved awards for each of our Named Executive Officers under the Annual Incentive Plan equal to 150% of the targeted award amount, which was the maximum payable under the plan. With the exception of such awards, we had not paid above 100% of target during the last five years. This upward adjustment reflected the landmark achievement associated with the FDA approval of BELVIQ.

Table of Contents

The below Grants of Plan-Based Awards table shows the target and maximum incentives that could have been earned under the Annual Incentive Plan, and the awards earned are included in the below Summary Compensation Table.

For 2013, consistent with the Compensation Committee's philosophy of emphasizing compensation that is performance based, the committee modified the Annual Incentive Plan for 2013 by increasing the incentive targets for our Chief Executive Officer and our other Named Executive Officers from 55% to 65% and from 40% to 50%, respectively, of each of such officer's base salary.

3. Stock-based Compensation

We believe that equity grants provide our Named Executive Officers with the opportunity to share in increases, if any, in the value of our common stock and encourage their ownership in our company. We believe that equity grants reinforce a long-term interest in our corporate performance and directly motivate our Named Executive Officers to maximize long-term stockholder value. The equity grants also utilize vesting and, in the case of stock options, exercisability periods that encourage our Named Executive Officers to continue working for us. For example, stock options are valuable only if the stock price increases after grant, which the Compensation Committee views as being aligned with our stage of development.

The Compensation Committee determines the size and type of equity awards after evaluating various factors applicable at the time of each such grant in their totality, which may include, among other things: each Named Executive Officer's role and responsibilities and the Compensation Committee's view of the officer's individual performance; our outstanding shares at the time of grant; the number of equity awards granted to such individuals in prior years; retentive value of awards; our corporate performance; the value of equity grants; comparative data provided by its compensation consultant; and total stockholder return.

The exercise prices of our stock options are set at the closing price of our common stock on the date of grant as reported on the NASDAQ Global Select Market (or if there is no closing price on such date, on the last preceding date on which a closing price was reported).

All grants to executive officers require the approval of the Compensation Committee. The Compensation Committee may delegate authority to grant options to a committee of one or more members of our Board of Directors or one or more of our executive officers or a committee of our executive officers. The Compensation Committee has delegated to our Chief Executive Officer the authority to grant up to an aggregate of 250,000 stock options to non-executive employees and consultants each quarter. It is the Compensation Committee's policy for our Chief Executive officer to report to it any such stock option grants at its next regularly scheduled committee meeting following such grants.

Pre-FDA Approval of BELVIQ

In early 2012, the Compensation Committee granted our Named Executive Officers stock options for more shares (an aggregate of 2,235,000 shares) than in previous years. In determining the grants, the committee took into consideration the uncertainty of whether or when the FDA would approve BELVIQ. The committee believed these larger grants would help foster the long-term perspective necessary for continued success, increase the importance of equity awards to our Named Executive Officers, help motivate our Named Executive Officers to achieve our corporate goals, and increase retention by providing higher potential compensation should the individual remain during the entire four-year vesting period. The committee also considered data (as adjusted to reflect differences in capitalization) from the Pre-Approval Peer Group, which indicated that a median aggregate grant to all of our Named Executive Officers, as a group, would be options for approximately 2,175,000 shares. Although the Compensation Committee did not target a particular percentile for individual awards, the individual awards to our Named Executive Officers, with the exception of Mr. Lief, were higher than the median grants reflected in the Pre-Approval Peer Group for the respective positions. Mr. Lief's award was for fewer shares than the median for his position, consistent with the committee's view of the prior year's market performance of our common stock and in consideration of his cash compensation and total compensation.

Table of Contents

The following table sets forth the number of shares underlying stock options granted to our Named Executive Officers in March 2012:

| Named Executive Officer | Shares Subject to Stock Options Granted March 2012 |
|--------------------------------------|--|
| Jack Lief | 750,000 |
| Robert E. Hoffman | 285,000 |
| Dominic P. Behan, Ph.D. | 500,000 |
| William R. Shanahan, Jr., M.D., J.D. | 200,000 |
| Steven W. Spector, J.D. | 500,000 |

These stock options vest 25% per year over four years from the date of grant, and, once vested, are exercisable for up to 10 years from the date of grant.

Following FDA Approval of BELVIQ

In recent years, the Compensation Committee granted stock options as the principal form of equity compensation for our Named Executive Officers (and other employees). Such options were typically granted in the first quarter of the year.

Following the FDA approval of BELVIQ, the Compensation Committee determined to change the mix and timing of equity awards to our Named Executive Officers, primarily to further link the compensation of our Named Executive Officers to performance. Instead of granting only stock options as the form of equity compensation for our Named Executive Officers, the committee determined it would also grant time-based RSUs and PSUs, which are time and performance based. The committee also determined that our Named Executive Officers would be eligible to receive equity awards near the end of each year depending on our corporate and their individual performance for that particular year.

In December 2012, the Compensation Committee granted time-based RSUs and stock options to our Named Executive Officers in recognition of the extraordinary performance in 2012. Such equity grants vest 25% per year over four years from the date of grant, and the stock options have a potential term of 7 years (which is shorter than the 10-year term of previous stock option grants and is viewed by the committee as providing a sufficient exercise period for a commercial-stage company). The committee valued each RSU as equivalent to stock options to purchase three shares of stock. Taking into account this valuation, the aggregate RSUs and stock options granted in December 2012 to our Named Executive Officers, as a group, was equivalent to an aggregate of approximately 930,000 shares. The committee considered data (as adjusted to reflect differences in capitalization) from the Post-Approval Peer Group that indicated this aggregate grant was approximately half of the median aggregate grant of approximately 1,850,000 shares provided to comparable executive officers as a group. Although the committee did not target a particular percentile for individual awards, the individual awards to our Named Executive Officers, with the exception of Mr. Lief, were near, but lower than, half of the median grants reflected in the Post-Approval Peer Group for the respective positions. Mr. Lief's grant was near, but higher than, half of the median grant for his position, consistent with the committee's view of his role in our performance.

Table of Contents

The below table sets forth the number of shares underlying stock options and the RSUs granted to our Named Executive Officers in December 2012.

| Named Executive Officer | Equity Granted in December 2012 | |
|--------------------------------------|---------------------------------|--|
| | Shares Subject to Stock Options | Shares Subject to Restricted Stock Units |
| Jack Lief | 180,000 | 60,000 |
| Robert E. Hoffman | 50,000 | 15,000 |
| Dominic P. Behan, Ph.D. | 100,000 | 30,000 |
| William R. Shanahan, Jr., M.D., J.D. | 50,000 | 15,000 |
| Steven W. Spector, J.D. | 100,000 | 30,000 |

In March 2013, the Compensation Committee granted our Named Executive Officers total stockholder return, or TSR, performance stock units, or TSR PSUs. The TSR PSUs may be earned based on the TSR of our stock relative to the TSR over a three-year period beginning March 1, 2013, relative to the other companies in the NASDAQ Biotech Index as of March 1, 2013. These TSR PSU grants are intended to be approximately half of the equity grants to our Named Executive Officers in 2013. The committee intends to consider granting another equity award later in 2013 to each of our Named Executive Officers once more is known about 2013 performance. The purpose of the TSR performance requirement and in splitting 2013 grants into two grants is to further tie executive compensation to our corporate performance.

The following table sets forth the TSR PSUs granted to our Named Executive Officers in March 2013, which are not included in the below Summary Compensation Table because they are not part of the 2012 compensation program:

| Named Executive Officer | Target Number of Shares Under TSR PSUs Granted in March 2013 (1) |
|--------------------------------------|--|
| Jack Lief | 240,000 |
| Robert E. Hoffman | 80,000 |
| Dominic P. Behan, Ph.D. | 150,000 |
| William R. Shanahan, Jr., M.D., J.D. | 80,000 |
| Steven W. Spector, J.D. | 150,000 |

(1) Represents a target number of shares. The actual number of shares that may vest under the TSR PSUs may increase or decrease based on actual performance.

The Compensation Committee believes this new mix and timing of equity awards will help retain and motivate our Named Executive Officers, as well as further align them with our stockholders. Stock options retain and motivate executive officers to build stockholder value over the life of the stock option since stock options deliver value only if our stock price appreciates after grant; time-vested RSUs retain and provide alignment with stockholders' interest during the vesting term and for so long as the executive officer holds the underlying shares; and the TSR PSUs help retain and reward executive officers for longer-term performance as compared to a broader index of similar drug development investments. The amount, mix and timing of equity awards going forward will continue to be in the discretion of the Compensation Committee and depend on various factors, such as our corporate performance for the year, the total other compensation awarded to our executive officers for that year, compensation paid to comparable executive officers at other companies and other factors described in this section.

4. Other Benefits and Post-Termination Compensation

All of our Named Executive Officers, as well as our other regular, full-time US employees, are eligible for a variety of health and welfare benefits. We believe that competitive health and welfare benefits help ensure that we have a productive and focused workforce.

Table of Contents

Paid Time Off

Our regular, full-time US employees can accrue Paid Time Off, or PTO, during the year. In 2012, the Compensation Committee changed our PTO policy to provide that the maximum amount of PTO any employee may accrue is 240 hours. Any employee with more than 240 hours of PTO at the time of such change received a cash payout, and the payouts with respect to our Named Executive Officers are set forth in the below Summary Compensation Table.

401(k) Plan and Company Match

Our US employees are eligible to participate in our 401(k) plan beginning on their hire date. Employees may make pre-tax or after-tax (Roth) contributions of up to 50% of gross cash compensation into the plan, up to the annual limit under the Code. Subject to limits under the Code, we match 100% of each of the employee's contributions, up to a maximum match of 6% of the employee's gross cash compensation. This match vests over a five-year period from the individual's date of hire.

Life and Disability Coverage

We provide all regular, full-time US employees with a life insurance policy equal to four times the employee's annual base salary, up to a maximum coverage of \$500,000. Such employees are also covered by short- and long-term disability plans that coordinate with the California State Disability plan.

Perquisites and Other Benefits

We did not provide any of our Named Executive Officers or other senior members of management with perquisites in 2012 that exceeded \$10,000 in the aggregate for any person, and do not expect to do so in 2013.

Post-Termination Compensation

Termination Protection Agreements and Severance Benefit Plan. We have entered into Termination Protection Agreements, as amended, and have an Amended and Restated Severance Benefit Plan, as amended, that may require us to provide compensation and benefits to certain of our executive officers. The agreements and the plan are summarized below, and more details regarding such agreements and plan, including potential payouts, are provided below under Potential Post-Employment Payments Table.

We entered into Termination Protection Agreements because we determined that it was appropriate to provide certain of our executive officers severance compensation in the event of a "double trigger" in which there is a change in control and the executive officer's employment is terminated under certain circumstances. These agreements are intended to promote the ability of certain of our executive officers to keep focused on corporate interests and to act in the best interests of our stockholders even though their employment could be terminated as a result of the change in control. As a condition to receiving benefits under the Termination Protection Agreements, the applicable executive officer must execute a waiver and release of claims in our favor. Messrs. Lief and Spector and Dr. Behan are parties to the Termination Protection Agreements.

We also maintain a Severance Benefit Plan for our Named Executive Officers. Separation benefits are payable if the Named Executive Officer's employment is terminated under certain circumstances and are intended to keep them focused on corporate interests while employed and to ease the consequences to an executive officer of a termination of employment. The advantages to us also include our receipt of a waiver and release of claims, which the separated executive officer must provide to us as a condition to receiving benefits. Any payments payable under the Severance Benefit Plan are reduced by severance benefits payable by us under the Termination Protection Agreements or any other agreement, policy, plan, program or arrangement. All of our Named Executive Officers are participants under the Severance Benefit Plan.

Table of Contents

In February 2012, the Compensation Committee amended the Severance Benefit Plan to extend the potential severance period for two of our key executive officers, Dr. Behan and Mr. Spector, from 12 to 18 months in light of the uncertainty with respect to whether or when the FDA would approve BELVIQ, the desire to enhance the retention aspects of their overall compensation and in connection with each of them being promoted to Executive Vice President.

Retirement Provisions in Equity Grants. From August 15, 2009, to December 12, 2012, our form of stock option grants to employees (including our Named Executive Officers) provided that, upon the retirement of the participant, unless the option had earlier terminated, the option would continue in effect (and continue vesting) until the earlier of (a) two years after the participant's retirement (or, if later, the fifth anniversary of the date of the option grant) or (b) the expiration of the option's term. Mr. Lief is our only Named Executive Officer currently eligible for such retirement benefit. The Compensation Committee eliminated this retirement provision from the grant form beginning on December 13, 2012.

On December 13, 2012, the Compensation Committee approved new forms for the grant of stock options as well as RSUs to our employees. Such forms do not include a retirement provision, with the exception that each of such forms for Mr. Lief provides that his award will vest pro rata for the year he ceases to provide us with continuous service.

Under the grant forms, a participant must meet the following requirements to be eligible for retirement at the time of his or her termination from service: (a) the participant is then at least age 60 and (b) the participant has provided us with at least 10 years of continuous service.

Tax Considerations

We intend that all incentive payments be deductible for tax purposes unless it would undermine our ability to meet our primary compensation objectives. We also take into account the tax effects of various forms of compensation and the potential for excise taxes to be imposed on our executive officers. There are various provisions of the Code, which we consider in determining compensation, including the following:

Section 162(m). We consider the potential impact of Section 162(m) of the Code, which denies a Federal income tax deduction for any individual compensation exceeding \$1,000,000 in any taxable year for the chief executive officer and the three highest compensated executive officers other than the chief executive officer and chief financial officer. This limitation does not, however, apply to compensation that is performance-based under a plan that is approved by the stockholders and that meets other requirements. Based on these requirements, we attempt to limit the impact Section 162(m) will have on our ability to deduct compensation, but in appropriate circumstances we will pay compensation that is not deductible under Section 162(m) if necessary and in the best interests of our stockholders.

Sections 280G and 4999. Any payment or benefit provided under our Termination Protection Agreements or our Severance Benefit Plan in connection with a change-in-control transaction may be subject to an excise tax under Section 4999 of the Code. These payments also may not be eligible for a company tax deduction pursuant to Section 280G of the Code. If any of these payments or benefits are subject to the excise tax, they may be reduced to provide the individual with the best after-tax result. Specifically, the individual will receive either a reduced amount so that the excise tax is not triggered, or the individual will receive the full amount of the payments and benefits and then be liable for any excise tax.

Additional Executive Compensation Practices, Policies and Procedures

Clawback Policy. We maintain a clawback policy that applies to current and former executive officers. Under the policy, following an accounting restatement that is required to be prepared due to material noncompliance with any financial reporting requirements under the securities laws, we will seek repayment from

Table of Contents

any current or former executive officer of any incentive-based compensation that was: (i) based on the erroneous data; (ii) paid during the three-year period preceding the date on which the accounting restatement is required to be prepared; and (iii) in excess of what would have been paid under the accounting restatement. In addition, in the event that legislation is enacted or the SEC adopts rules or promulgates regulations defining the circumstances under which we are entitled to seek repayment from a current or former executive officer, such legislation, rules or regulations shall apply.

Stock Ownership Guidelines. In early 2013, the Compensation Committee established ownership guidelines for our Named Executive Officers. Within five years after the 2013 Annual Meeting (or, with respect to any individual becoming an executive officer after such meeting, within five years after the date such individual became an executive officer), each Named Executive Officer will hold ownership or equivalent with an aggregate value equal to the amount (or, in the case of the Chief Executive Officer, three times the amount) of the executive officer's annual base salary.

Prohibition of Speculative or Short-term Trading. We prohibit our Named Executive Officers (and other employees) and non-employee directors from engaging in short sales, transactions in put or call options, hedging transactions, margin accounts, pledges, or other inherently speculative transactions with respect to our securities at any time.

Compensation Committee Report

The material in this report is not soliciting material, is furnished to, but not deemed filed with, the SEC and is not deemed to be incorporated by reference in any of our filings under the Securities Act or the Exchange Act, other than our Annual Report on Form 10-K (where it shall be deemed to be furnished), whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

- (1) Our Annual Incentive Plan was our only non-equity incentive plan for 2012. The amounts shown in the target column reflect a percentage of each Named Executive Officer's 2012 annual base salary as specified under the Annual Incentive Plan. The amounts shown in the maximum column are 150% of the respective target amounts. These amounts are based on each Named Executive Officer's 2012 annual base salary. There is no minimum amount payable for a certain level of performance.
- (2) Prior to December 2012, the policy of the Compensation Committee was to generally approve stock option grants to continuing employees, including our Named Executive Officers, in advance of the grant date. In December 2012, the Compensation Committee revised its policy and approved and granted stock options and RSUs on the same date.
- (3) In all cases, the exercise price of the option awards was equal to the closing market price of our common stock on the grant date as reported on the NASDAQ Global Select Market.

- (4) Represents the aggregate grant date fair value of restricted stock unit awards and stock options granted in accordance with FASB ASC Topic 718. For the relevant assumptions used in determining these amounts, refer to Note 11 to our audited consolidated financial statements included in our Annual Report on Form 10-K as filed with the SEC on March 1, 2013.

Nonqualified Deferred Compensation Table for Fiscal Year Ended December 31, 2012

In 2003, we established a deferred compensation plan for our executive officers, whereby they may elect to defer the shares of restricted stock we have awarded them. Shares deferred in the plan become restricted stock units. This deferral opportunity was established in part to encourage the participants to continue to hold rights to own common stock in the future that may otherwise be sold to satisfy the participant's tax withholding or other financial obligations upon vesting, and for the purpose of rewarding and incentivizing the participants. Participants can choose to receive distributions under the plan as a lump sum distribution or in installments. A participant's election to defer restricted stock under the plan is irrevocable, but the participant may modify their election to provide for a later distribution date, add additional shares under the plan or to provide for a different form of distribution. In addition, the plan allows for hardship withdrawals, early withdrawals with a penalty, and withdrawals by beneficiaries following the death of a participant. Also, unless in connection with a change in control, no distributions are permitted under the plan to a participant in any taxable year to the extent such distribution would result in the participant receiving an amount of compensation that cannot be deducted by us pursuant to the limitations imposed on the deduction of certain compensation payments under Section 162(m) of the Code. At December 31, 2012, 79,169 shares of restricted stock were held in the deferred compensation plan,

Table of Contents

and the following table provides information about the activity in the deferred compensation plan for our Named Executive Officers as of December 31, 2012.

| Name | Aggregate Earnings in Last FY (\$ (1)) | Aggregate Withdrawals/ Distributions (\$) | Aggregate Balance at Last FYE (\$ (2)) |
|--------------------------------------|--|---|--|
| Jack Lief | | | |

- (1) Any earnings in the last fiscal year represent a change in the closing market price of our common stock. Neither we nor any of our Named Executive Officers made additional contributions to the deferred compensation plan in 2012. Accordingly, the amounts included in this column are not included in the above Summary Compensation Table.
- (2) Aggregate balance at last fiscal year-end was computed by multiplying the closing market price of our common stock on December 31, 2012, of \$9.02 by the number of shares issuable under the deferred compensation plan.

Potential Post-Employment Payments Table as of Fiscal Year Ended December 31, 2012

As described below, Messrs. Lief and Spector and Dr. Behan are each a party to a Termination Protection Agreement, dated December 20, 2002, as amended, and all of our Named Executive Officers are participants under the Amended and Restated Severance Benefit Plan, as amended, that we originally established in 2006. Any payments payable under the Severance Benefit Plan are reduced by severance benefits payable by us under the Termination Protection Agreements or any other agreement, policy, plan, program or arrangement. The severance and other benefits payable in connection with a change in control are due only in the event of a double trigger in which there is a change in control and the executive officer's employment is terminated under certain circumstances. In addition, certain equity grants to our Named Executive Officers include additional vesting and time to exercise in connection with retirement.

Termination Protection Agreements

Messrs. Lief and Spector and Dr. Behan are each a party to a Termination Protection Agreement. Under the Termination Protection Agreements, if the participating executive officer is terminated without cause or resigns for good reason (as defined in the agreement) within two years following a change of control or if the executive officer is terminated within one year prior to a change in control in anticipation of the change in control, we are required to provide such executive officer (i) a payment equal to the executive officer's annual compensation, (ii) continuation of health insurance coverage until the second anniversary of the executive officer's termination, (iii) accelerated vesting of all outstanding unvested stock options and restricted shares, with any stock options remaining exercisable until as late as the first anniversary of the executive officer's termination, and (iv) continuation of our indemnification obligations until at least the sixth anniversary of the executive officer's termination. The cash severance benefits are equal to (i) the executive officer's annual rate of base salary in effect on the date of the change in control or the termination date, whichever is higher, and (ii) any bonus paid or payable to the executive officer for the year preceding the change in control or the termination date, whichever is higher. Following our receipt of an effective waiver and release of claims, we are required to pay the cash benefits in a lump sum within five business days after the earlier of (i) the first business day that is six months following the executive officer's termination or (ii) following the executive officer's termination, the executive officer's death.

Table of Contents

Severance Benefit Plan

The Severance Benefit Plan provides Messrs. Lief, Hoffman and Spector and Drs. Behan and Shanahan severance benefits upon involuntary termination without cause or voluntary termination with good reason (as defined in the plan). In contrast to the Termination Protection Agreements, the Severance Benefit Plan applies to qualifying terminations regardless of whether there has been a change in control. The benefits under the Severance Benefit Plan include cash severance benefits, continuation of health insurance coverage for the severance period, acceleration of stock options and awards that would otherwise have vested through the end of the severance period, and continued stock option exercisability until the later of (i) the original post-termination exercise period provided in the applicable stock option agreement or (ii) the number of months equal to the severance period (but not beyond the original contractual life of the option). The cash severance benefits are equal to the number of months in the executive officer's severance period multiplied by the executive officer's monthly base salary in effect immediately prior to the termination plus one-twelfth of the greater of (i) the average of the three annual bonuses we paid to the executive officer prior to his termination and (ii) the last annual bonus paid to the executive officer prior to termination. Following our receipt of an effective waiver and release of claims and return of company property, we are required to pay the cash benefits in a lump sum within five business days after the earlier of (i) the first business day that is six months following the executive officer's termination or (ii) following the executive officer's termination, the executive officer's death.

At December 31, 2012, which is the assumed date of the triggering event for the following table, the severance period was 18 months for Messrs. Lief and Spector and Dr. Behan and 12 months for Mr. Hoffman and Dr. Shanahan.

Retirement Provisions in Equity Grants

From August 15, 2009, to December 12, 2012, our form of stock option grants provided that, upon the retirement of the participant, unless the option had earlier terminated, the option would continue in effect (and continue vesting) until the earlier of (a) two years after the participant's retirement (or, if later, the fifth anniversary of the date of the option grant) or (b) the expiration of the option's term. Mr. Lief is our only Named Executive Officer that is currently eligible for such retirement benefit. The Compensation Committee eliminated this retirement provision from the grant form beginning on December 13, 2012.

On December 13, 2012, the Compensation Committee approved new forms for the grant of stock options as well as RSUs to our employees. Such forms do not include a retirement provision, with the exception that each of such forms for Mr. Lief provides that his award will vest pro rata for the year he ceases to provide us with continuous service. None of the stock options or RSUs granted to Mr. Lief on December 13, 2012, would have vested as of December 31, 2012, under such provisions, regardless of whether he retired on or before such date.

Under the grant forms, a participant must meet the following requirements to be eligible for retirement at the time of his or her termination from service: (a) the participant is then at least age 60 and (b) the participant has provided us with at least 10 years of continuous service.

Director Compensation

2012 Compensation

Following is a summary of our non-employee director compensation program for 2012:

Equity

Directors were granted 48,000 options to purchase shares of our common stock. The options were granted effective on the date of our 2012 Annual Meeting of Stockholders, and vest in equal monthly installments over one year from the date of grant. The options are 10-year options with an exercise price equal to the fair market value of our common stock on the grant date. Fair market value on the grant date means the per share closing price of our common stock as reported on the NASDAQ Global Select Market on the grant date or, if there was no reported closing price on such date, on the last preceding date on which the closing price was reported.

Except in the case of a director's death or disability, unvested stock options terminate when the director ceases to be a director. Unless earlier terminated or expired, vested stock options terminate three years after the director ceases to be a director (or, if applicable, an employee) for any reason other than the director's death or disability. In the event of a director's death or disability, the director's stock options become fully vested and, unless earlier terminated or expired, terminate three years after the date of the director's death or disability, as applicable.

Additional annual retainer for lead independent director: An additional \$5,000 per quarter, subject to continuing service as lead independent director.

2013 Compensation

In early 2013, the Compensation Committee approved a new compensation program for our non-employee directors, effective January 1, 2013. Following is a summary of the new program:

Equity

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

Continuing directors and new directors elected at our annual stockholders meeting: A number of RSUs determined by dividing \$165,000 by the fair market value of our common stock on the grant date. The RSUs are granted effective on the date of our annual stockholders meeting, and vest in equal monthly installments over one year from the date of grant, subject to vesting conditions set forth below.

New directors appointed or elected other than at our annual stockholders meeting: A prorated number of RSUs determined by (a) dividing \$165,000 by the fair market value of our common stock on the

applicable grant date for the new director and (b) multiplying that number by a fraction, the numerator of which is the number of months following the applicable grant date until the one-year anniversary of our most recent preceding annual stockholders' meeting, or Prior Meeting, and the denominator of which is 12. The RSUs are granted to such new director effective on the Prior Meeting monthly anniversary date that coincides with or first follows the date of the new director's appointment or election, and vest in equal monthly installments beginning on the grant date and ending on the one-year anniversary of the Prior Meeting, subject to vesting conditions set forth below.

RSU Vesting Conditions. Except in the event of a director's separation from our service due to death or disability, (a) vesting of the RSUs is subject to the director's provision of continued service to us through the applicable vesting date, and (b) unvested RSUs terminate upon the director's separation from our service for any reason. In the event of a director's separation from our service due to death or disability, or a change in control of Arena that occurs upon or prior to a separation from our service, all of the director's RSUs become fully vested.

Issuance of Shares. Each RSU covers one share of our common stock, subject to capitalization adjustments in certain circumstances in accordance with the applicable long-term incentive plan. The issuance of the shares of common stock underlying the vested RSUs will be mandatorily delayed until the earliest of the following dates: (a) the three-year anniversary of the grant date; (b) the director's separation from our service (for any reason); or (c) a change in control of Arena. It is intended that the issuance of shares in settlement of the RSUs will be in compliance with the requirements of Section 409A of the Code.

Audit Committee Report

The material in this report required by Item 407(d)(3) of Regulation S-K is not soliciting material, is not deemed filed with the SEC and is not to be incorporated by reference in any of our filings under the Securities Act or the Exchange Act, whether made before or after the date hereof and irrespective of any general incorporation language in any such filing.

Our management has the primary responsibility for our financial reporting process, accounting principles and internal controls as well as the preparation of our financial statements. The Audit Committee oversees our financial reporting process on behalf of our Board of Directors.

In fulfilling its responsibilities, the Audit Committee appointed KPMG LLP, an independent registered public accounting firm, or KPMG, as our independent auditors for the 2012 fiscal year. The Audit Committee reviewed and discussed with the independent auditors the overall scope and specific plans for their audit. The Audit Committee also reviewed and discussed with the independent auditors and with management our audited consolidated financial statements and the adequacy of our internal control over financial reporting. The Audit Committee met with the independent auditors, without management present, to discuss the results of the independent auditors' audit, the independent auditors' evaluations of our internal control over financial reporting, and the overall quality of our financial reporting. The meetings were also designed to facilitate any desired private communication between the Audit Committee and the independent auditors.

The Audit Committee monitored the independence and performance of the independent auditors. The Audit Committee discussed with the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board, or PCAOB, in Rule 3200T. The Audit Committee received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the Audit Committee concerning independence, and discussed with the independent auditors the independent auditors' independence.

Based on the review and discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2012, as filed with the SEC. The Audit Committee has also appointed KPMG as our independent auditors for the fiscal year ending December 31, 2013.

The foregoing report is provided by the following directors, who constitute the Audit Committee:

Scott H. Bice

Phillip M. Schneider

Christine A. White, M.D.

Ratification of Independent Auditors (Proposal 4)

Edgar Filing: ARENA PHARMACEUTICALS INC - Form DEF 14A

The Audit Committee has appointed KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2013. Our Board of Directors is submitting the appointment of KPMG to the stockholders for ratification as a matter of good corporate practice.

Stockholders are requested in this Proposal 4 to ratify the appointment of KPMG. To ratify the appointment of KPMG, a majority of the votes cast by stockholders entitled to vote on the proposal must vote FOR ratification. Abstentions and broker non-votes will have no effect on the outcome.

Table of Contents

In the event that the stockholders fail to ratify the appointment, the Audit Committee will reconsider its selection of our independent auditors, but may decide not to change its selection. Even if the appointment is ratified, the Audit Committee may appoint different independent auditors at any time if it determines that such a change would be in the stockholders' best interest.

Representatives of KPMG are expected to be present at our 2013 Annual Meeting. They will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP TO SERVE AS OUR INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2013.

To our knowledge, based on a review of the copies of such reports furnished to us and written representations that no other reports were required, all Section 16(a) filing requirements applicable to our directors, our executive officers, our 10% or greater stockholders and other persons required to file reports were complied with during the fiscal year ended December 31, 2012, except that one report, covering one transaction, was filed late by Jennifer K. Householding of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially results in a reduced usage of natural resources and cost savings for companies.

A number of brokers with account holders who are our stockholders will be householding our proxy materials. A single proxy statement and one annual report or Internet Notice will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. Any stockholder at a shared address to which a single copy of the documents or Internet Notice was delivered and who wishes to receive a separate copy of the documents or Internet Notice can request a copy of such documents or notice by sending a written request to Corporate Secretary, Arena Pharmaceuticals, Inc., 6154 Nancy Ridge Drive, San Diego, California 92121, or contact our Corporate Secretary at 858.453.7200. Also, if, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report or Internet Notice in the future, please notify your broker or direct your written request to Corporate Secretary, Arena Pharmaceuticals, Inc., 6154 Nancy Ridge Drive, San Diego, California 92121, or contact our Corporate Secretary at 858.453.7200. Stockholders who currently receive multiple copies of the proxy statement or Internet Notice at their address and would like to request householding of their communications should contact their broker.

Other Matters

Our Board of Directors knows of no other business that will be presented for consideration at our 2013 Annual Meeting. If other matters are properly brought before our 2013 Annual Meeting, however, it is the intention of the persons named in the proxy to vote the shares represented thereby on such matters in accordance with their best judgment.

3. SHARES SUBJECT TO THE PLAN

3.1 *Number of Shares.*

(a) Subject to adjustment as provided in Section 12.2, a total of 30 million Shares shall be authorized for Awards granted under the Plan, as increased if applicable under this Section, less one (1) Share for every one (1) Share that was subject to an option or stock appreciation right granted after December 31, 2012, under the Prior Plans and 1.25 Shares for every one (1) Share that was subject to an award other than an option or stock appreciation right granted after December 31, 2012, under the Prior Plans. Any Shares that are subject to Options or Stock Appreciation Rights shall be counted against this limit as one (1) Share for every one (1) Share granted, and any Shares that are subject to Awards other than Options or Stock Appreciation Rights shall be counted against this limit as 1.25 Shares for every one (1) Share granted. After the effective date of the Plan (as provided in Section 13.13), no awards may be granted under any Prior Plan.

(b) If (i) any Shares subject to an Award are forfeited, an Award expires or an Award is settled for cash (in whole or in part), or (ii) after December 31, 2012, any Shares subject to an award under the Prior Plans are forfeited, or an award under the Prior Plans expires or is settled for cash (in whole or in part), the Shares subject to such Award or award under the Prior Plans shall, to the extent of such forfeiture, expiration or cash settlement, again be available for Awards under the Plan, in accordance with Section 3.1(d) below. Notwithstanding anything to the contrary contained herein, the following Shares shall not be added to the Shares authorized for grant under paragraph (a) of this Section: (i) Shares tendered by the Participant or withheld by the Company in payment of the purchase price of an Option, or to satisfy any tax withholding obligation with respect to an Option or Stock Appreciation Right, (ii) Shares subject to a Stock Appreciation Right that are not issued in connection with the stock settlement of the Stock Appreciation Right on exercise thereof, and (iii) Shares reacquired by the Company on the open market or otherwise using cash proceeds from the exercise of Options or options granted under the Prior Plans.

(c) Shares issued under Substitute Awards that qualify for an exemption from the applicable stockholder-approval requirements under NASDAQ Listing Rule 5635(c) or its successor shall not reduce the Shares authorized for grant under the Plan and shall not be subject to the applicable Limitations authorized for grant to a Participant under Section 10.5, nor shall Shares subject to a Substitute Award again be available for Awards under the Plan to the extent of any forfeiture, expiration or cash settlement as provided in paragraph (b) above.

(d) Any Shares that again become available for grant pursuant to this Section shall be added back as (i) one (1) Share if such Shares were subject to Options or Stock Appreciation Rights granted under the Plan or options or stock appreciation rights granted under the Prior Plans, and (ii) as 1.25 Shares if such Shares were subject to Awards other than Options or Stock Appreciation Rights granted under the Plan or awards other than options or stock appreciation rights granted under the Prior Plans.

3.2. *Character of Shares.* Any Shares issued hereunder may consist, in whole or in part, of authorized and unissued shares, treasury shares or shares purchased in the open market or otherwise.

4. ELIGIBILITY AND ADMINISTRATION

4.1. *Eligibility.* Any Employee, Director or Consultant shall be eligible to be selected as a Participant.

4.2. *Administration.*

(a) The Plan shall be administered by the Committee. The Committee shall have full power and authority, subject to the provisions of the Plan and subject to such orders or resolutions not inconsistent with the provisions of the Plan as may from time to time be adopted by the Board, to: (i) select the Employees, Directors and Consultants to whom Awards may from time to time be granted hereunder; (ii) determine the type or types of Awards, not inconsistent with the provisions of the Plan, to be granted to each Participant hereunder; (iii) determine the number of Shares (or dollar value) to be covered by each Award granted hereunder; (iv) determine the terms and conditions, not inconsistent with the provisions of the Plan, of any Award granted hereunder (including the power to amend outstanding Awards); (v) determine whether, to what extent and under what circumstances Awards may be settled in cash, Shares or other property; (vi) determine whether, to what extent, and under what circumstances cash, Shares, other property and other amounts payable with respect to an Award made under the Plan shall be deferred either automatically or at the election of the Participant; (vii) determine whether, to what extent and under what circumstances any Award shall be canceled or suspended; (viii) interpret and administer the Plan and any instrument or agreement entered into under or in connection with the Plan, including any Award Agreement; (ix) correct any defect, supply any omission or reconcile any inconsistency in the Plan or any Award in the manner and to the extent that the Committee shall deem desirable to carry it into effect; (x) establish such rules and regulations and appoint such agents as it shall deem appropriate for the proper administration of the Plan; (xi) determine whether any Award, other than an Option or Stock Appreciation Right, will have Dividend Equivalents; and (xii) make any other determination and take any other action that the Committee deems necessary or desirable for administration of the Plan.

Table of Contents

(b) Decisions of the Committee shall be final, conclusive and binding on all persons or entities, including the Company, any Participant, and any Affiliate. A majority of the members of the Committee may determine its actions, including fixing the time and place of its meetings.

(c) To the extent not inconsistent with applicable law, including the Delaware General Corporation Law, Section 162(m) of the Code, or the rules and regulations of the NASDAQ Stock Market (or such other principal U.S. national securities exchange on which the Shares are traded), the Committee may delegate to: (i) a committee of one or more members of the Board the authority to take action on behalf of the Committee under the Plan including the right to grant, cancel, suspend or amend Awards and (ii) one or more executive officers within the meaning of Rule 16a-1(f) of the Exchange Act or a committee of executive officers the right to grant Awards to Employees who are not executive officers of the Company (provided that the Committee resolutions regarding such delegation will specify the total number of Shares that may be subject to the Awards granted by such person or persons) and the authority to take action on behalf of the Committee pursuant to the Plan to cancel or suspend Awards to Employees who are not directors or executive officers of the Company.

(d) The Board in its discretion may ratify and approve actions taken by the Committee. In addition, to the extent not inconsistent with applicable law or the rules and regulations of the NASDAQ Stock Market or such other principal U.S. national securities exchange on which the Shares are traded, the Board may take any action under the Plan that the Committee is authorized to take. In the event the Board takes such action references to the Committee hereunder shall be understood to refer to the Board.

5. OPTIONS

5.1. Grant of Options. Options may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Any Option shall be subject to the terms and conditions of this Article and to such additional terms and conditions, not inconsistent with the provisions of the Plan, as the Committee shall deem desirable.

5.2. Award Agreements. All Options granted pursuant to this Article shall be evidenced by a written Award Agreement in such form and containing such terms and conditions as the Committee shall determine which are not inconsistent with the provisions of the Plan. The terms of Options need not be the same with respect to each Participant. Granting an Option pursuant to the Plan shall impose no obligation on the recipient to exercise such Option. Any individual who is granted an Option pursuant to this Article may hold more than one Option granted pursuant to the Plan at the same time.

5.3. Option Price. Other than in connection with Substitute Awards, the option price per each Share purchasable under any Option granted pursuant to this Article shall not be less than 100% of the Fair Market Value of one Share on the date of grant of such Option; provided, however, that in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate, the option price per share shall be no less than 110% of the Fair Market Value of one Share on the date of grant. Other than pursuant to Section 12.2, the Committee shall not without the approval of the Company's stockholders (a) lower the option price per Share of an Option after it is granted, (b) cancel an Option when the option price per

Share exceeds the Fair Market Value of one Share in exchange for cash or another Award (other than in connection with a Change in Control as defined in Section 11.3 or Substitute Awards), and (c) take any other action with respect to an Option that would be treated as a repricing under the rules and regulations of the NASDAQ Stock Market (or such other principal U.S. national securities exchange on which the Shares are traded).

5.4. Option Term. The term of each Option shall be fixed by the Committee in its sole discretion; provided that no Option shall be exercisable after the expiration of seven (7) years from the date the Option is granted, except in the event of death or disability; provided, however, that the term of the Option shall not exceed five (5) years from the date the Option is granted in the case of an Incentive Stock Option granted to a Participant who, at the time of the grant, owns stock representing more than 10% of the voting power of all classes of stock of the Company or any Affiliate.

5.5. Exercise of Options.

(a) Vested Options granted under the Plan may be exercised by the Participant or by a Permitted Assignee thereof (or by the Participant's executors, administrators, guardian or legal representative, as may be provided in an Award Agreement) as to all or part of the Shares covered thereby, by the giving of notice of exercise to the Company or its designated agent, specifying the number of Shares to be purchased. The notice of exercise shall be in such form, made in such manner, and shall comply with such other requirements consistent with the provisions of the Plan as the Committee may from time to time prescribe.

(b) Unless otherwise provided in an Award Agreement, full payment of such purchase price shall be made at the time of exercise and shall be made (i) in cash or cash equivalents (including certified check or bank check or wire transfer of immediately available funds), (ii) by tendering previously acquired Shares (either actually or by attestation), valued at their then Fair Market Value, (iii) with the consent of the Committee, by delivery of other consideration (including, where permitted by law and the Committee, other Awards) having a Fair Market Value on the exercise date equal to the total purchase price, (iv) with the consent of the Committee, by withholding Shares otherwise issuable in connection with the exercise of the Option, (v) through any other method specified in an Award Agreement (including same-day sales through a broker), or (vi) any combination of any of the foregoing. In no event may any Option granted hereunder be exercised for a fraction of a Share. No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date of such issuance.

(c) Notwithstanding the foregoing, an Award Agreement may provide that if on the last day of the term of an Option the Fair Market Value of one Share exceeds the option price per Share, the Participant has not exercised the Option and the Option has not expired, the Option shall be deemed to have been exercised by the Participant on such day with payment made by withholding Shares otherwise issuable in connection with the exercise of the Option. In such event, the Company shall deliver to the Participant the number of Shares for which the Option was deemed exercised, less the number of Shares required to be withheld for the payment of the total purchase price and required withholding taxes; provided, however, any fractional Share shall be settled in cash.

(d) No Option granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable for any

Shares until at least six months following the date of grant of the Option. Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act, (i) in the event of the Employee's death or disability, (ii) upon a corporate transaction in which such Option is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Employee's retirement (as such term may be defined in the Employee's Award Agreement or in another applicable agreement or in accordance with the Company's then current employment policies and guidelines), any such vested Options may be exercised earlier than six months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of an Option will be exempt from his or her regular rate of pay.

5.6. *Form of Settlement.* In its sole discretion, the Committee may provide in the form of Award Agreement that the Shares to be issued upon an Option's exercise shall be in the form of Restricted Stock or other similar securities.

5.7. *Incentive Stock Options.* The Committee may grant Options intended to qualify as incentive stock options as defined in Section 422 of the Code, to any employee of the Company or any Affiliate, subject to the requirements of Section 422 of the Code. Notwithstanding anything in Section 3.1 to the contrary and solely for the purposes of determining whether Shares are available for the grant of incentive stock options under the Plan, the maximum aggregate number of Shares that may be issued pursuant to incentive stock options granted under the Plan shall be 30 million Shares, subject to adjustment as provided in Section 12.2.

5.8. *Extension of Termination Date.* Unless otherwise provided in a Participant's Award Agreement and in the sole determination of the Committee, if the sale of any Common Stock received on exercise of an Option following the termination of the Participant's employment by or services to the Company (other than for Cause) would be prohibited at any time solely because the issuance of Shares would violate (i) the registration requirements under the Securities Act, (ii) the Company's insider trading policy, or (iii) a lock-up agreement undertaken in connection with an issuance of securities by the Company, then the Option will terminate on the earlier of (a) the expiration of a total period of 90 days (that need not be consecutive) after the termination of the Participant's employment by or services to the Company during which the exercise of the Option would not be in violation of any of such registration requirement, insider trading policy or lock-up agreement, and (b) the expiration of the term of the Option as set forth in the applicable Award Agreement.

6. STOCK APPRECIATION RIGHTS

6.1. *Grant and Exercise.* The Committee may provide Stock Appreciation Rights (a) in conjunction with all or part of any Option granted under the Plan or at any subsequent time during the term of such Option, (b) in conjunction with all or part of any Award (other than an Option) granted under the Plan or at any subsequent time during the term of such Award, or (c) without regard to any Option or other Award, in each case upon such terms and conditions as the Committee may establish in its sole discretion.

Table of Contents

6.2. Terms and Conditions. Stock Appreciation Rights shall be subject to such terms and conditions, not inconsistent with the provisions of the Plan, as shall be determined from time to time by the Committee, including the following:

(a) Upon the exercise of a Stock Appreciation Right, the holder shall have the right to receive the excess of (i) the Fair Market Value of one Share on the date of exercise (or such amount less than such Fair Market Value as the Committee shall so determine at any time during a specified period before the date of exercise) over (ii) the grant price of the Stock Appreciation Right.

(b) Upon the exercise of a Stock Appreciation Right, the Committee shall determine in its sole discretion whether payment shall be made in cash, in whole Shares or other property, or any combination thereof.

(c) The terms and conditions of Stock Appreciation Rights need not be the same with respect to each recipient.

(d) The Committee may impose such other conditions on the exercise of any Stock Appreciation Right, as it shall deem appropriate. A Stock Appreciation Right shall have (i) a grant price per Share of not less than the Fair Market Value of one Share (x) on the date of grant or (y) if applicable, on the date of grant of an Option with respect to a Stock Appreciation Right granted in exchange for or in tandem with, but subsequent to, the Option (subject to the requirements of Section 409A of the Code with respect to a Stock Appreciation Right granted in exchange for or in conjunction with, but subsequent to, an Option), except in the case of Substitute Awards or in connection with an adjustment provided in Section 12.2, and (ii) a term not greater than seven (7) years. In addition to the foregoing, but subject to Section 12.2, the Committee shall not without the approval of the Company's stockholders (x) lower the grant price per Share of any Stock Appreciation Right after it is granted, (y) cancel any Stock Appreciation Right when the grant price per Share exceeds the Fair Market Value of the underlying Shares in exchange for cash or another Award (other than in connection with a Change in Control as defined in Section 11.3 or Substitute Awards), and (z) take any other action with respect to any Stock Appreciation Right that would be treated as a repricing under the rules and regulations of the NASDAQ Stock Market (or such other principal U.S. national securities exchange on which the Shares are traded).

(e) In no event may any Stock Appreciation Right granted hereunder be exercised for a fraction of a Share. No adjustment shall be made for cash dividends or other rights for which the record date is prior to the date of such issuance.

(f) An Award Agreement may provide that if on the last day of the term of a Stock Appreciation Right the Fair Market Value of one Share exceeds the grant price per Share of the Stock Appreciation Right, the Participant has not exercised the Stock Appreciation Right or the tandem Option (if applicable), and neither the Stock Appreciation Right nor the Option has expired, the Stock Appreciation Right shall be deemed to have been exercised by the Participant on such day. In such event, the Company shall make payment to the Participant in accordance with this Section, reduced by the number of Shares (or cash) required for withholding taxes; any fractional Share shall be settled in cash.

(g) No Stock Appreciation Right granted to an Employee who is a non-exempt employee for purposes of the Fair Labor Standards Act of 1938, as amended, shall be first exercisable for any Shares until at least six months following the date of grant of the Stock Appreciation Right. Notwithstanding the foregoing, consistent with the provisions of the Worker Economic Opportunity Act, (i) in the event of the Employee's death or disability, (ii) upon a

Table of Contents

corporate transaction in which such Stock Appreciation Right is not assumed, continued, or substituted, (iii) upon a Change in Control, or (iv) upon the Employee's retirement (as such term may be defined in the Employee's Award Agreement or in another applicable agreement or in accordance with the Company's then current employment policies and guidelines), any such vested Stock Appreciation Rights may be exercised earlier than six months following the date of grant. The foregoing provision is intended to operate so that any income derived by a non-exempt employee in connection with the exercise or vesting of a Stock Appreciation Right will be exempt from his or her regular rate of pay.

(h) *Extension of Termination Date.* Unless otherwise provided in a Participant's Award Agreement and in the sole determination of the Committee, if the sale of any Common Stock received on exercise of a Stock Appreciation Right following the termination of the Participant's employment by or services to the Company (other than for Cause) would be prohibited at any time solely because the issuance of Shares would violate (i) the registration requirements under the Securities Act, (ii) the Company's insider trading policy, or (iii) a lock-up agreement undertaken in connection with an issuance of securities by the Company, then the Stock Appreciation Right will terminate on the earlier of (a) the expiration of a total period of 90 days (that need not be consecutive) after the termination of the Participant's employment by or services to the Company during which the exercise of the Stock Appreciation Right would not be in violation of any of such registration requirement, insider trading policy or lock-up agreement, and (b) the expiration of the term of the Stock Appreciation Right as set forth in the applicable Award Agreement.

7. RESTRICTED STOCK AWARDS

7.1. Grants. Awards of Restricted Stock may be issued hereunder to Participants either alone or in addition to other Awards granted under the Plan (a Restricted Stock Award), and such Restricted Stock Awards may also be available as a form of payment of Performance Awards and other earned cash-based incentive compensation. A Restricted Stock Award shall be subject to vesting restrictions imposed by the Committee covering a period of time specified by the Committee. The Committee has absolute discretion to determine whether any consideration (other than services) is to be received by the Company or any Affiliate as a condition precedent to the issuance of Restricted Stock.

7.2. Award Agreements. The terms of any Restricted Stock Award granted under the Plan shall be set forth in an Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. The terms of Restricted Stock Awards need not be the same with respect to each Participant.

7.3. Rights of Holders of Restricted Stock. Unless otherwise provided in the Award Agreement, beginning on the date of grant of the Restricted Stock Award and subject to execution of the Award Agreement, the Participant shall become a stockholder of the Company with respect to all Shares subject to the Award Agreement and shall have all of the rights of a stockholder, including the right to vote such Shares and the right to receive distributions made with respect to such Shares; provided, however, that except as otherwise provided in an Award Agreement any Shares or any other property distributed as a dividend or otherwise with respect to any Restricted Stock as to which the restrictions have not yet lapsed shall be subject to the same restrictions as such Restricted Stock. Notwithstanding the provisions of this Section, cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise

Table of Contents

with respect to any Restricted Stock Award that vests based on achievement of performance goals shall be (i) accumulated, (ii) subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock with respect to which such cash, stock or other property has been distributed and (iii) paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

8. RESTRICTED STOCK UNIT AWARDS

8.1. Grants. Other Awards of units having a value equal to an identical number of Shares (Restricted Stock Unit Awards) may be granted hereunder to Participants either alone or in addition to other Awards granted under the Plan. Restricted Stock Unit Awards shall also be available as a form of payment of other Awards granted under the Plan and other earned cash-based incentive compensation.

8.2. Award Agreements. The terms of Restricted Stock Unit Award granted under the Plan shall be set forth in a written Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan. Restricted Stock Unit Awards shall be subject to vesting restrictions imposed by the Committee covering a period of time specified by the Committee. The terms of such Awards need not be the same with respect to each Participant. Notwithstanding anything contained herein to the contrary, cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any Restricted Stock Unit Award that vests based on achievement of performance goals shall either (i) not be paid at all, or (ii) be accumulated, be subject to restrictions and risk of forfeiture to the same extent as the Restricted Stock Units with respect to which such cash, stock or other property has been distributed and be paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

8.3. Payment. Except as provided in Article 10 or as may be provided in an Award Agreement, Restricted Stock Unit Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee. Restricted Stock Unit Awards may be paid in a lump sum or in installments or, in accordance with procedures established by the Committee, on a deferred basis subject to the requirements of Section 409A of the Code.

9. PERFORMANCE AWARDS

9.1. Grants. Performance Awards in the form of Performance Cash, Performance Shares or Performance Units, as determined by the Committee in its sole discretion, may be granted hereunder to Participants, for no consideration or for such minimum consideration as may be required by applicable law, either alone or in addition to other Awards granted under the Plan. The performance goals to be achieved for each Performance Period shall be conclusively determined by the Committee and may be based upon the criteria set forth in Section 10.2.

9.2. Award Agreements. The terms of any Performance Award granted under the Plan shall be set forth in an Award Agreement which shall contain provisions determined by the Committee and not inconsistent with the Plan, including whether such Awards shall have Dividend Equivalents. The terms of Performance Awards need not be the same with respect to each Participant. Notwithstanding anything contained herein to the contrary, cash dividends, stock and any other property (other than cash) distributed as a dividend or otherwise with respect to any Award of Performance Shares that vests based on achievement of performance goals shall

Table of Contents

either (i) not be paid at all, or (ii) be accumulated, be subject to restrictions and risk of forfeiture to the same extent as the Performance Shares with respect to which such cash, stock or other property has been distributed and be paid at the time, and to the extent, such restrictions and risk of forfeiture lapse.

9.3. Terms and Conditions. The performance criteria to be achieved during any Performance Period and the length of the Performance Period shall be determined by the Committee upon the grant of each Performance Award; provided, however, that a Performance Period shall not be less than 12 months. The amount of the Award to be distributed shall be conclusively determined by the Committee.

9.4. Payment. Except as provided in Article 11 or as may be provided in an Award Agreement, Performance Awards will be distributed only after the end of the relevant Performance Period. Performance Awards may be paid in cash, Shares, other property, or any combination thereof, in the sole discretion of the Committee. Performance Awards may be paid in a lump sum or in installments following the close of the Performance Period or, in accordance with procedures established by the Committee, on a deferred basis subject to the requirements of Section 409A of the Code.

10. CODE SECTION 162(m) PROVISIONS

10.1. Covered Employees. Notwithstanding any other provision of the Plan, if the Committee determines at the time a Restricted Stock Award, a Performance Award or an Restricted Stock Unit Award is granted to a Participant who is, or is likely to be, as of the end of the tax year in which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that this Article 10 is applicable to such Award.

10.2. Performance Criteria. If the Committee determines that a Restricted Stock Award, a Performance Award or an Restricted Stock Unit Award is intended to be subject to this Article 10, the lapsing of restrictions thereon and the distribution of cash, Shares or other property pursuant thereto, as applicable, shall be subject to the achievement of one or more objective performance goals established by the Committee, which shall be based on the attainment of specified levels of one or any combination of the following: net sales; revenue; revenue or product revenue growth; operating income or loss (before or after taxes); pre- or after-tax income or loss (before or after allocation of corporate overhead and bonus); net earnings or loss; earnings or loss per share; net income or loss (before or after taxes); return on equity; total stockholder return; return on assets or net assets; attainment of strategic and operational initiatives; appreciation in and/or maintenance of the price of the Shares or any other publicly-traded securities of the Company; market share; gross profits; earnings or losses (including earnings or losses before taxes, earnings or losses before interest and taxes, earnings or losses before interest, taxes and depreciation or earnings or losses before interest, taxes, depreciation and amortization); economic value-added models (or equivalent metrics); comparisons with various stock market indices; reductions in costs; cash flow or cash flow per share (before or after dividends); return on capital (including return on total capital or return on invested capital); cash flow return on investment; improvement in or attainment of expense levels or working capital levels; operating margin; gross margin; year-end cash; cash margin; debt reduction; stockholder's equity; market share; achievement of drug development milestones; regulatory achievements including approval of a drug candidate; progress of internal

research or clinical programs; progress of partnered programs; implementation or completion of projects and processes; partner satisfaction; budget management; clinical achievements; completing phases of a clinical study (including the treatment phase) or announcing or presenting preliminary or final data from clinical studies, in each case, whether on particular timelines or generally; timely completion of clinical trials; submission of INDs and NDAs and other regulatory achievements; partner or collaborator achievements; internal controls, including those related to the Sarbanes-Oxley Act of 2002; research progress, including the development of programs; financing; investor relations, analysts and communication; manufacturing achievements (including obtaining particular yields from manufacturing runs and other measurable objectives related to process development activities); strategic partnerships or transactions (including in-licensing and out-licensing of intellectual property); establishing relationships with commercial entities with respect to the marketing, distribution and sale of the Company's products (including with group purchasing organizations, distributors and other vendors); supply chain achievements (including establishing relationships with manufacturers or suppliers of active pharmaceutical ingredients and other component materials and manufacturers of the Company's products); co-development, co-marketing, profit sharing, joint venture or other similar arrangements; financing and other capital raising transactions (including sales of the Company's equity or debt securities); sales or licenses of the Company's assets, including its intellectual property (whether in a particular jurisdiction or territory or globally or through partnering transactions); implementation, completion or attainment of measurable objectives with respect to research, development, manufacturing, commercialization, products or projects, production volume levels, acquisitions and divestitures; factoring transactions; and recruiting and maintaining personnel. Such performance goals also may be based solely by reference to the Company's performance or the performance of an Affiliate, division, business segment or business unit of the Company, or based upon the relative performance of other companies or upon comparisons of any of the indicators of performance relative to other companies. The Committee may also exclude charges related to an event or occurrence which the Committee determines should appropriately be excluded, including (a) restructurings, discontinued operations, extraordinary items, and other unusual or non-recurring charges, (b) an event either not directly related to the operations of the Company or not within the reasonable control of the Company's management, or (c) the cumulative effects of tax or accounting changes in accordance with U.S. generally accepted accounting principles. Such performance goals shall be set by the Committee within the time period prescribed by, and shall otherwise comply with the requirements of, Section 162(m) of the Code, and the regulations thereunder.

10.3. Adjustments. Notwithstanding any provision of the Plan (other than Article 11), with respect to any Restricted Stock, Performance Award or Restricted Stock Unit Award that is subject to this Section 10, the Committee may adjust downwards, but not upwards, the amount payable pursuant to such Award, and the Committee may not waive the achievement of the applicable performance goals, except in the case of the death or disability of the Participant or as otherwise determined by the Committee in special circumstances.

10.4. Restrictions. The Committee shall have the power to impose such other restrictions on Awards subject to this Article as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for performance-based compensation within the meaning of Section 162(m) of the Code.

Table of Contents

10.5. *Limitations on Grants to Individual Participants.* Subject to adjustment as provided in Section 12.2, no Participant may be granted (i) Options or Stock Appreciation Rights during any 12-month period with respect to more than 3,000,000 Shares or (ii) more than 1,000,000 Shares for each 12 months in the vesting period or Performance Period with respect to Restricted Stock Awards, Performance Awards and/or Restricted Stock Unit Awards that are denominated in Shares and are intended to comply with the performance-based exception under Code Section 162(m) (collectively, the Limitations). In addition to the foregoing, the maximum dollar value that may be granted to any Participant for each 12 months in a Performance Period with respect to Performance Awards that are intended to comply with the performance-based exception under Code Section 162(m) and are denominated in cash is \$5,000,000. If an Award is cancelled, the cancelled Award shall continue to be counted toward the applicable Limitations (or, in the case of a performance award denominated in cash, to be counted toward the dollar amount in the preceding sentence).

11. CHANGE IN CONTROL PROVISIONS

11.1. *Impact on Certain Awards.* The Committee, in its discretion, may determine that in the event of a Change in Control of the Company (as defined in Section 11.3) Options and Stock Appreciation Rights outstanding as of the date of the Change in Control shall be cancelled and terminated without payment therefor if the Fair Market Value of one Share as of the date of the Change in Control is less than the Option per Share option price or Stock Appreciation Right per Share grant price.

11.2. *Assumption or Substitution of Certain Awards.*

(a) To the extent provided in an Award Agreement, in the event of a Change in Control of the Company in which the successor company assumes or substitutes for an Option, Stock Appreciation Right, Restricted Stock Award or Restricted Stock Unit Award (or in which the Company is the ultimate parent corporation and continues the Award), if a Participant's employment with such successor company (or the Company) or a subsidiary thereof terminates within the time period following such Change in Control set forth in the Award Agreement (or prior thereto if applicable) and under the circumstances specified in the Award Agreement: (i) Options and Stock Appreciation Rights outstanding as of the date of such termination of employment will immediately vest, become fully exercisable, and may thereafter be exercised for the period of time set forth in the Award Agreement, (ii) the restrictions, limitations and other conditions applicable to Restricted Stock shall lapse and the Restricted Stock shall become free of all restrictions, limitations and conditions and become fully vested, and (iii) the restrictions, limitations and other conditions applicable to any Restricted Stock Unit Awards or any other Awards shall lapse, and such Restricted Stock Unit Awards or such other Awards shall become free of all restrictions, limitations and conditions and become fully vested and transferable to the full extent of the original grant. For the purposes of this Section, an Option, Stock Appreciation Right, Restricted Stock Award or Restricted Stock Unit Award shall be considered assumed or substituted for if fo
