Dear Fellow Alere Stockholder:

At Alere's August 7, 2013 Annual Meeting of Stockholders, you will have an important decision about the future of your investment in Alere.

Your Board and management team are executing on a plan to improve Alere's performance and position it to capitalize on the transformation of the global healthcare industry. We are confident that this strategy will allow Alere to continue building on our current momentum and deliver long-term value to stockholders. **Change is underway, and now is not the time to disrupt Alere's positive momentum.**

The choice is clear. If you want to see continued, thoughtful change at Alere to benefit stockholders, we urge you to vote the enclosed WHITE proxy card to elect your Board's four new, independent director nominees – Håkan Björklund, Stephen MacMillan, Brian Markison and Sir Thomas McKillop – and to discard any proxy materials that you may receive from Coppersmith.

ALERE'S DIRECTOR NOMINEES HAVE THE INDEPENDENT PERSPECTIVE AND EXTENSIVE OPERATING EXPERIENCE NEEDED TO ENHANCE STOCKHOLDER VALUE

Alere's new director nominees are proven business leaders with a broad range of management, financial and operational experience, geographic experience in the United Kingdom, Europe and elsewhere, as well as expertise in diagnostics, medical devices, pharmaceuticals and other areas important to Alere.

In selecting its nominees, Alere proactively sought to bring additional independent thinking and fresh perspective to the Board of Directors. Following a robust, year-long process, Alere has put forth a slate of four new, independent director nominees who:

were thoroughly vetted and selected by the Nominating and Corporate Governance Committee with the assistance of a premier executive search firm;

enjoy well-earned reputations as successful leaders from their tenure as Chief Executive Officers of major global healthcare companies;

have significant experience serving on the boards of publicly traded companies;

offer valuable insights based on direct, personal operating experience in the global healthcare industry;

have no previous personal or professional relationship with Alere's Board or management team; and

would increase the total number of independent directors on the Board.

By proposing four non-incumbent, independent director nominees and taking action last year to declassify the Board, your Board has already taken significant steps to enhance accountability to stockholders.

Your Board's four new director nominees will take an objective and hard look at Alere's current strategy and employ their breadth of operating experience to help guide Alere's business plan going forward.

WE BELIEVE THE COPPERSMITH NOMINEES LACK THE EXPERIENCE AND QUALIFICATIONS TO SERVE THE BEST INTERESTS OF ALL ALERE STOCKHOLDERS

Coppersmith has put forth three nominees, all of whom lack serious CEO-level operational experience in areas relevant to Alere's businesses. In addition, Coppersmith has set forth a pre-determined agenda that we believe its paid nominees will be under pressure to implement. Coppersmith has proposed that Alere implement a series of financially engineered actions that are value destructive and demonstrate a failure to understand our business and our industry.

YOUR BOARD AND MANAGEMENT TEAM ARE TAKING DECISIVE ACTIONS TO IMPROVE YOUR COMPANY'S PERFORMANCE AND WE ARE CONFIDENT THAT OUR PLAN IS PRODUCING RESULTS

In November 2012, your Board and management team announced and began implementing a new, three-point strategic plan aimed at re-establishing our historic organic growth rate, improving our operational effectiveness and consistency, and utilizing excess cash flow and proceeds from the divestiture of non-core operations to support a reduction in leverage. This strategy is designed to capitalize on Alere's global scale, product breadth and market leadership, and improve the Company's organic revenue growth and operating margins to best position Alere to capitalize on global healthcare's evolution towards more effective diagnostics and chronic disease management.

Since November 7, 2012, the last trading day prior to announcing our plan, Alere's stock price has increased approximately 37.1%, as compared to returns during the same period for the NYSE Composite of 17.0% and for the Dow Jones US Health Care Index of 26.9%.

YOUR COMPANY HAS POSITIONED ITSELF TO CAPITALIZE ON THE TRANSFORMATION THAT IS UNDERWAY IN HOW HEALTHCARE IS DELIVERED

Worldwide budgetary pressures, caused in large part by an explosion of costs involved in the treatment of chronic conditions, are requiring healthcare systems globally to seek new and more efficient methods to deliver critical services. As a result of significant investments in the last several years, Alere has commercialized a diagnostic-driven solution for the treatment of key chronic healthcare conditions. Not only do we provide invaluable diagnostic data, but we also enable the medical community to both receive and effectively use the data to impact the patient for improved outcomes and reduced costs. Our strategy is consistent with how healthcare is being delivered to patients today and increasingly in the future, and your Company is at the forefront of this revolution.

CHANGES ARE ALREADY WELL UNDERWAY AND THEY ARE CREATING STOCKHOLDER VALUE. DON'T DERAILED THIS MOMENTUM AND PUT THE VALUE OF YOUR INVESTMENT AT RISK.

We are confident that the continued execution of Alere's plan will benefit from the insight and fresh perspective of our four nominees. Their independence, operating experience, and objective guidance will facilitate Alere's development as a world-leading healthcare company and our ability to continue to create stockholder value.

Your Board recommends that you vote the enclosed WHITE proxy card today to elect Alere's four new independent director nominees.

We appreciate and look forward to your continued support.

Sincerely,

Ron Zwanziger

Chairman, Chief Executive Officer and President
