Item 8.01 Other Events.

On October 21, 2013, a joint venture entity owned 81% by BBX Capital Corporation (BBX Capital) and 19% by BFC Financial Corporation (BFC), through two newly formed acquisition and operating subsidiaries (collectively, the Purchasers), entered into an Asset Purchase Agreement (the Agreement) with Renin Corp. and its subsidiaries (collectively, the Sellers) which provides for the Purchasers to acquire substantially all of the assets of the Sellers (the Purchased Assets). The Sellers manufacture interior closet doors, wall décor, hardware and fabricated glass products and operate through headquarters in Canada and four current manufacturing, assembly and distribution facilities in Canada, the United States and the United Kingdom. The Agreement also provides for the Purchasers to assume certain of the Sellers' liabilities, including generally those related to the Sellers' ordinary course business operations and certain accrued employee benefits, and provides for the Purchasers to offer employment to the Sellers' current employees on substantially the same terms as in effect prior to the closing. Other assets and liabilities of the Sellers are excluded from the transactions contemplated by the Agreement (collectively, the Transaction) and will be retained by the Sellers.

Pursuant to the terms of the Agreement, the Purchasers have agreed to acquire the Purchased Assets from the Sellers for an aggregate consideration of approximately \$15.0 million (the Transaction Consideration). This amount is subject to adjustment, based on the Sellers' working capital as of the closing and certain contractually provided Seller indemnities post-closing. At closing, \$1.75 million of the Transaction Consideration will be placed in an escrow account and held in escrow pending final determination of the working capital adjustment (if any) and final resolution of any indemnification obligations of the Sellers under the Agreement. It is expected that a subsidiary jointly owned by BBX Capital and BFC will fund approximately \$10.0 million of the Transaction Consideration in the form of a loan and revolver facility to the newly formed Purchaser entities to replace the Sellers' existing facility which will be paid off at the closing of the Transaction. The remainder of the Transaction Consideration, as adjusted in accordance with the Agreement, is expected to be funded by BBX Capital and BFC pro rata in accordance with their percentage equity interests in the Purchasers and used to satisfy certain of the Sellers' outstanding debt and certain other liabilities and obligations of the Sellers.

The Agreement contains certain limited representations, warranties and covenants on the part of the Purchasers and the Sellers, as well as certain limited indemnification obligations. The parties currently expect to complete the Transaction on or before October 30, 2013 and, subject to certain exceptions, the Agreement provides for the Sellers to pay a termination fee to the Purchasers of approximately \$450,000 if the Transaction does not close on or before that date under circumstances provided in the Agreement. Consummation of the Transaction is subject to certain closing conditions, including (i) obtaining certain consents and authorizations required to complete the Transaction, (ii) there being no material adverse effect between signing of the Agreement and closing, and (iii) the release of all liens relating to the Purchased Assets, subject to certain limited exceptions. There is no assurance that the Transaction will be consummated on the contemplated terms, in the contemplated time frame, or at all.

On October 25, 2013, BBX Capital and BFC issued a joint press release announcing the Agreement. A copy of the press release is filed as Exhibit 99.1 hereto.
