Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes No

Edgar Filing: CGG - Form 6-K

If Yes is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b):
82

Anadarko Awards CGG the Largest Proprietary 3D Marine

Seismic Survey in Colombia

Paris, France March 19, 2015

CGG announced today that it has been awarded a contract by a subsidiary of Anadarko Petroleum Corporation to acquire and process a 16,314-km² 3D seismic survey on the Caribbean coast offshore Colombia. The survey will be the largest marine seismic program ever acquired in Colombia and follows CGG's successful completion of Anadarko's 5,500-km² 3D Fuerte survey offshore Colombia in 2013.

The survey, covering portions of the Col-1 and Col-2 blocks, will be acquired by the Oceanic Sirius and Oceanic Vega. These environmentally certified vessels are the flagships of CGG's seismic fleet. Each vessel will tow a 12 x 120 x 8,100 m spread using Sercel's Sentinel[®] steerable solid streamers and CGG's proprietary Dovetail[™] efficient acquisition solution designed to achieve more regular sampling and reduce infill. The survey will start in the second quarter of 2015, subject to regulatory approval. The survey data will be processed in CGG's Houston subsurface imaging center.

Jean-Georges Malcor, CEO, CGG, said: "We are very pleased to have been selected for this important contract, based on our advanced technology, the tight integration between our marine seismic acquisition and subsurface imaging groups and our deep in-country operational experience in Colombia. A project award of this magnitude underlines the confidence Anadarko has in our technology and expertise. We look forward to once again helping Anadarko reach its exploration goals in Colombia."

About CGG

CGG (www.cgg.com) is a fully integrated Geoscience company providing leading geological, geophysical and reservoir capabilities to its broad base of customers primarily from the global oil and gas industry. Through its three complementary business divisions of Equipment, Acquisition and Geology, Geophysics & Reservoir (GGR), CGG brings value across all aspects of natural resource exploration and exploitation.

CGG employs over 8,500 people around the world, all with a Passion for Geoscience and working together to deliver the best solutions to its customers.

CGG is listed on the Euronext Paris SA (ISIN: 0000120164) and the New York Stock Exchange (in the form of American Depositary Shares. NYSE: CGG).
