Section 8 Other Events**Item 8.01 Other Events.**

On September 9, 2015, Exelon Corporation (Exelon) learned the results of the PJM transition capacity auction for the 2017-2018 planning year. All of Exelon Generation Company, LLC's nuclear plants in the PJM market cleared the auction. Exelon will defer any decisions about the future operations of its Quad Cities and Byron nuclear plants for one year. As a result, Exelon plans to continue operating its Quad Cities nuclear power plant through at least May 2018. The Byron plant is already obligated to operate through May 2019.

The table set forth below lists Exelon's cleared nuclear and fossil capacity and base cleared volumes for the 2016-2017 and 2017-2018 transition auctions and the 2018-2019 base auction by zone and auction.
