Item 2.05 Costs Associated with Exit or Disposal Activities

On November 5, 2015, the management of Enphase Energy, Inc., or the Company, implemented a cost reduction plan in connection with the Company's efforts to lower operating expenses. The cost reduction plan led to a reduction of the Company's workforce globally by approximately 7% of total headcount throughout all areas of the organization. The Company executed the significant majority of its headcount reductions on November 5, 2015, and expects to complete this reduction plan by November 30, 2015. Affected employees are eligible to receive severance payments.

In connection with the foregoing changes to the Company's business, the Company anticipates that it will incur aggregate restructuring charges of approximately \$515,000 related to one time termination severance benefits, all of which will be paid in cash during the fourth quarter of 2015.

This Item 2.05 contains forward-looking statements, including, but not limited to, statements related to the expected costs associated with termination benefits, the financial impact of the reduction in force, the Company's plans to focus on its pipeline product and other key initiatives. These forward-looking statements are based on the Company's current expectations and inherently involve significant risks and uncertainties. The Company's actual results and the timing of events could differ materially from those anticipated in such forward looking statements as a result of these risks and uncertainties, which include, without limitation, risks related to cost reduction efforts and the development of the Company's pipeline products. These and other risk factors are discussed under the heading "Risk Factors" in the Company's Quarterly Report on Form 10-Q for the quarter ended September 30, 2015, filed by the Company with the Securities and Exchange Commission on November 4, 2015. In addition, the Company's workforce reduction costs may be greater than anticipated and the workforce reduction and any future workforce and expense reductions may have an adverse impact on the Company's development activities. The Company undertakes no duty or obligation to update any forward-looking statements contained in this Item 2.05 as a result of new information, future events or changes in its expectations.
