2015 Highlights

In 2015, net sales in the Company's U.S. wholesale segment grew by 3.9%. Sales of kitchenware, tableware and home solutions products all rose, with a particularly strong increase in our home décor product category. The strength in the Company's U.S. operations was offset by currency challenges in the U.K., where our businesses were adversely affected by the weakness of the British pound relative to the dollar, which on a relative basis increased cost of goods, which are sourced in dollars, and by the weakness of the euro relative to the pound, which hurt export sales. Nevertheless, improved operating margins produced a 5.5% increase in consolidated EBITDA, which grew to \$44.9 million.

In the fourth quarter of 2015, with the assistance of a major international consulting firm, we began an in-depth review of Lifetime's U.S. wholesale businesses to ensure that we have the right structure to grow and thrive in today's complex business environment. This review will serve as a blueprint to right size Lifetime's expense base, realign our operating structure and redirect our operating activities to increase our efficiency and effectiveness. When fully implemented, we believe our business will be in a stronger position to achieve future growth and improved profitability.

To succeed with today's consumers, housewares manufacturers need to deliver improved performance, expanded function and great design. The wide array of new products we offered clearly showed that Lifetime is leading this effort, keeping ahead of the curve on the ever-evolving kitchenware industry. While we believe that our strong position with major retailers in the U.S. and the U.K., our expanding footprint with independent retailers world-wide and the breadth of new product offerings should enable us to grow at an accelerated pace, we are mindful of the risks posed by the possibility of some weakness in the U.S. retail sector, continued foreign exchange challenges and economic uncertainty in some key international markets.

PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

To be held on June 9, 2016

INTRODUCTION

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the Board) of Lifetime Brands, Inc., a Delaware corporation (the Company, us or we), for use at our Annual Meeting of Stockholders (the Meeting) to be held on the date, at the time and place and for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Stockholders of record at the close of business on April 18, 2016 are entitled to notice of and to vote at the Meeting. This Proxy Statement and the accompanying proxy shall be mailed to stockholders on or about May 2, 2016.

THE MEETING

On April 18, 2016, there were 14,223,442 shares of the Company's common stock, \$0.01 par value, issued and outstanding. Each share of the Company's common stock entitles the holder thereof to one vote on each matter submitted to a vote of stockholders at the Meeting.

All shares of common stock represented by properly executed proxies will be voted at the Meeting in accordance with the directions marked on the proxies, unless such proxies have previously been revoked. If no directions are indicated on such proxies, they will be voted FOR Proposal 1 the election of each nominee named under Election of Directors, FOR Proposal 2 the ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm of the Company for 2016 and FOR Proposal 3 the approval of an amendment to Article Fourth of the Second Restated Certificate of Incorporation of the Company to increase the Company's authorized common stock from 25,000,000 shares to 50,000,000 shares. If any other matters are properly presented at the Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority upon such holders to vote on such matters) in accordance with their best judgment. Each proxy executed and returned by a stockholder may be revoked at any time before it is voted by timely submission of a written notice of revocation or by submission of a duly executed proxy bearing a later date (in either case directed to the Secretary of the Company), or, if a stockholder is present at the Meeting, he or she may elect to revoke his or her proxy and vote his or her shares personally.

VOTE REQUIRED FOR APPROVAL

A majority of our outstanding shares of common stock represented at the Meeting, in person or by proxy, shall constitute a quorum. Abstentions will be counted for purposes of determining the presence or absence of a quorum. Assuming a quorum is present, (1) the affirmative vote of a plurality of the shares so represented is necessary for the election of directors, (2) the affirmative vote of a majority of the shares so represented is necessary to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm and (3) the affirmative vote of a majority of the shares of the Company's common stock issued and outstanding as of the record date is necessary to approve an amendment to Article Fourth of the Second Restated Certificate of Incorporation of the Company to increase the number of shares of authorized common stock.

With respect to Proposal 1, you may vote for all nominees, withhold your vote as to all nominees, or vote for all nominees except those specific nominees from whom you withhold your vote. The ten nominees receiving the most FOR votes will be elected. Properly executed proxies marked WITHHOLD with respect to the election of one or more directors will not be voted with respect to the director or directors indicated. Proxies may not be voted for more than ten directors and stockholders may not cumulate votes for the election of any directors.

Table of Contents

With respect to Proposals 2 and 3, you may vote for, against or abstain from voting on either of these proposals.

If a stockholder, present in person or by proxy, abstains on a matter, such stockholder's shares of common stock, although included in the quorum, will not be voted on such matter. Thus, an abstention from voting on either Proposal 2 or 3 has the same legal effect as a vote against the matter.

Brokers or other nominees who hold shares of our common stock for a beneficial owner have the discretion to vote on routine proposals when they have not received voting instructions from the beneficial owner at least ten days prior to the Meeting. New York Stock Exchange rules prohibit brokers from voting on Proposal 1 without receiving instructions from the beneficial owner of the shares. Brokers may vote on Proposal 2 and Proposal 3 absent instructions from the beneficial owner.

A broker non-vote occurs when a broker or other nominee does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes will be counted for purposes of calculating whether a quorum is present at the Annual Meeting, but, in the absence of instructions, shares subject to such broker non-votes will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal. Thus, a broker non-vote will not impact our ability to obtain a quorum.

In determining whether a proposal has received the requisite number of votes, broker non-votes will have no effect on the outcome of the vote on a proposal that requires a plurality of votes cast (Proposal 1) and will have the same effect as a vote against a proposal that requires the affirmative vote of a majority of the outstanding shares (Proposal 3).

HOW TO VOTE

You may vote your shares by one of the following methods:

INTERNET: To vote your shares by Internet, please visit the website listed on your proxy card or voting instruction form and follow the on-screen instructions. If you vote by Internet, you do not need to mail your proxy card.

TELEPHONE: To vote your shares by telephone, please follow the instructions on your proxy card or voting instruction form. If you vote by telephone, you do not need to mail your proxy card.

MAIL: To vote your shares by mail, please follow the instructions on your proxy card or voting instruction form. Please be sure to sign and date your completed proxy card before mailing. If you do not sign your proxy card, your votes cannot be counted. Please mail your proxy card or voting instruction form in the pre-addressed, postage-paid envelope.

IN PERSON: You may also attend the Annual Meeting and vote in person. Please bring photo identification. If you own your stock in street name and wish to vote your shares in person at the Annual Meeting, you must obtain and bring to the meeting a legal proxy from the bank or the brokerage firm holding your shares.

MAJORITY VOTING GOVERNANCE PRINCIPLE

Although our Bylaws provide for a plurality voting standard for the election of directors, our Board has adopted, as a governance principle, a majority voting standard for uncontested director elections and a plurality voting standard for contested elections. For this purpose, a majority of votes cast means that the number of votes cast for a nominee's election exceeds the number of votes cast against that nominee's election. Accordingly, subsequent to the election of

directors at the Annual Meeting, any elected director who is not elected by an affirmative vote of a majority of the votes cast at the Annual Meeting shall submit his or her resignation to our Board. Upon receipt by our Board of such resignation, our Board shall, in its sole judgment and discretion, within 90 days from the submission of such director's resignation as a director of the Company, determine whether to accept or reject such director's resignation. If our Board rejects such director's resignation as a director of the Company, then we shall prepare and file a Form 8-K to explain our Board's rationale for its rejection of such director's resignation.

PROXY SOLICITATION

We will bear the cost of preparing, printing, assembling and mailing the proxy, this Proxy Statement and other material that may be sent to stockholders in connection with this solicitation. We have retained Georgeson, Inc., a proxy solicitation firm, at an estimated cost of \$7,500 plus reimbursement of expenses, to assist in soliciting proxies from brokers, banks, nominees, and institutional holders. Georgeson, Inc. may solicit votes personally or by telephone, mail or electronic means.

It is contemplated that brokerage houses will forward the proxy materials to beneficial holders at our request. In addition to the solicitation of proxies by the use of mail, our officers and other employees may solicit proxies personally, by telephone or by electronic means without being paid any additional compensation. We will reimburse such persons for their reasonable out-of-pocket expenses in accordance with the regulations of the Securities and Exchange Commission (SEC).

The independent directors meet in periodic executive sessions, the results of which are discussed by the lead independent director with the Chief Executive Officer.

STOCK OWNERSHIP GUIDELINES

Effective July 31, 2012, our Board adopted stock ownership guidelines applicable to our directors. Under these guidelines, a director must, on or prior to the compliance deadline, own shares of our stock with a value in an amount equal to or in excess of three times the non-employee director annual cash retainer, with such value determined at the time of the receipt of the stock based on the amount paid or contributed by the director for the stock. The compliance deadline is five years after the director's election to our Board. For purpose of the stock ownership guidelines, unexercised stock options are not considered in calculating stock ownership but restricted shares are included at the time the restriction lapses. All our directors are in compliance with the stock ownership guidelines.

Effective August 4, 2015, our Board adopted stock ownership guidelines (including holding requirements until ownership levels are achieved) for our named executive officers, which are intended to align their long-term interests with those of our stockholders and to encourage a long-term focus in managing our Company. The requirements for named executive officers are expressed as multiple of base salary. The Chief Executive Officer is required to maintain a minimum ownership of three times his base salary. All other named executive officers are required to maintain one times their base salary. The named executive officers are required to achieve the requirements within five years. Compliance with the guidelines will be determined based on the current base salary.

Our Board, itself and through its committees, meets with various members of management regularly and discusses our material risk exposures, the potential impact on us and the efforts of management it deems appropriate to deal with the risks that are identified. The Audit Committee considers our risk assessment and risk management practices including those relating to regulatory risks, financial liquidity and accounting risk exposure, reserves and our internal controls. The Nominating and Governance Committee considers the risks associated with our corporate governance principles and procedures with the guidance of corporate and outside counsel. BOARD NOMINATION PROCESS

Our Board nominates candidates to serve as directors based on recommendations of the Board's Nominating and Governance Committee.

Our Nominating and Governance Committee's procedures for identifying and evaluating candidates include requests for candidate recommendations from within the housewares industry and from outside independent professional advisors, as the case may be. In selecting a director nominee, our Nominating and Governance Committee focuses on skills, expertise and background that would complement those of the existing members of our Board, recognizing the nature of our business.

Directors are elected annually by our stockholders and serve until the next annual meeting of the stockholders and shall hold office until their successors have been elected and qualified or until their earlier resignation or removal.

Our Board has adopted, as a governance principle, a majority voting standard for uncontested director elections and a plurality voting standard for contested elections. Therefore, when the number of director nominees exceeds the number of board seats, a plurality voting standard shall apply. Any director elected by a plurality voting standard, as provided for in our Bylaws, at an annual meeting of our stockholders in an uncontested election that does not receive a majority of the votes cast at such annual meeting shall submit his or her resignation to our Board. Our Board shall then, in its sole judgment and discretion, within 90 days from submission of such director's resignation, determine whether to accept or reject such director's resignation. If our Board rejects the director's resignation, then we shall prepare and file a Form 8-K to explain our Board's rationale for rejecting such director's resignation.

STOCKHOLDER NOMINATION PROCESS

Although our Nominating and Governance Committee has not adopted a policy on stockholder nominations of director candidates, under our Bylaws, any stockholder of record (both as of the time notice of such nomination is given and as of the record date) of the Company who is entitled to vote at a meeting may nominate candidates for election as directors. Any such stockholder who seeks to make such a nomination, or its representative, must be present in person at the meeting. Notice of nomination must be given in writing and delivered to, or mailed and received by our Secretary, not earlier than the close of business on the 120th calendar day and not later than the close of business on the 90th calendar day prior to the one-year anniversary of the prior year's annual meeting. COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

We achieved certain financial and strategic goals during 2015. Our U.S. wholesale business grew by 3.9% and was partially offset by currency challenges in the U.K.

Our highlights for 2015 included the following:

Net sales were \$587.7 million in 2015, as compared to net sales of \$586.0 million in 2014.

Income from operations grew 13% to \$24.2 million in 2015 from \$21.4 million in 2014.

Income before income taxes and equity in earnings grew 31.7% to \$18.3 million in 2015 from \$13.9 million in 2014.

Net income grew over seven times to \$12.3 million in 2015, as compared to net income of \$1.5 million in 2014.

Our compensation program, which reflects our long-standing philosophy and objectives, is designed to align executive compensation with financial results and the achievements of the executives, yielding a high level of correlation between pay and performance. The financial results are evaluated and adjusted by our Compensation Committee to exclude income and expenses which our Compensation Committee believes should be excluded, to provide for a direct correlation of financial results and executive compensation.

In 2011 and 2014, our Board provided stockholders with the opportunity to cast an advisory vote on executive compensation. We received overwhelming support from our stockholders on the advisory vote in both 2011 and 2014. At the Company's Annual Meeting of Stockholders held on June 16, 2011, approximately 97.8% of the shares present at the meeting voted to approve the compensation of our named executive officers. At our Annual Meeting of Stockholders held on June 19, 2014, approximately 92.5% of the shares present at the meeting voted to approve the compensation of our named executive officers. Although these votes were non-binding and advisory, our Compensation Committee believes that the outcome strongly affirms stockholder support of our approach to executive compensation. In view of the overwhelming support demonstrated by the stockholders, our Board and Compensation Committee are continuing their existing approach to determining executive compensation when considering executive compensation decisions. The next advisory vote on executive compensation along with a Say on Pay Frequency vote will occur at our Annual Meeting of Stockholders in 2017. Both our Board and Compensation Committee expect to take into account the outcome of these votes when considering future executive compensation decisions.

COMPENSATION PHILOSOPHY AND OBJECTIVES

Our compensation program has historically been designed to attract, reward and retain capable executives and to provide incentives for the attainment of short-term performance objectives and strategic long-term performance goals. A number of key principles guide management and our Compensation Committee in determining compensation for hiring, motivating, rewarding and retaining executive officers who create both short- and long-term stockholder value for us, including:

A significant amount of compensation should be linked to measurable success in business performance;
Management's interests should be aligned with those of the stockholders ;
Both short and long-term financial and business objectives should be incentivizing; and
Compensation should be set at levels that will be competitive with the compensation offered by those companies against whom we compete for executive talent so that we are able to attract and retain talented and experienced executives.

In an effort to balance the need to retain executive talent yet motivate executives to achieve superior performance, we have adopted a compensation philosophy that contains both fixed and variable elements of compensation. Our compensation philosophy is to reward executives with compensation aligned with our short-term and long-term financial goals and the establishment of performance targets that do not promote excessive risk-taking. The elements of our total executive compensation are base salary, cash bonus and stock incentives. The compensation program was designed to create a substantial percentage of variable compensation for executives, subject to increases or decreases based on the attainment of specified achievements and targets. Consistent with our goal of linking pay and performance, the performance-based compensation of our Chief Executive Officer and Chief Operating Officer amounted to 55% and 44%, respectively, of their total compensation for 2015.

Table of Contents

Our Compensation Committee uses its judgment in allocating compensation between long- and short-term incentives and cash and non-cash components. Although long-term incentive is considered of great significance in aligning performance with stockholder interests, it has traditionally been a smaller component of aggregate compensation.

The following charts indicate the elements and mix of compensation of our Chief Executive Officer and all other NEOs for 2015:

Chief Executive Officer - 2015 Compensation

All Other Named Executive Officers (Average) - 2015 Compensation

Note:

- (1) This figure includes restricted stock, performance based share awards and Non-Equity Incentive Plan Compensation.
- (2) As permitted by our 2000 Long-Term Incentive Plan, approximately 60% of the non-equity incentive plan compensation payable to our Chief Executive Officer and all other named executive officers, in respect of fiscal year 2015, was paid in the form of shares of our common stock at the closing price therefor on the date of grant.
- (3) This figure includes restricted stock, performance based share awards and Non-Equity Incentive Plan Compensation and excludes restricted stock and option awards granted pursuant to Ronald Shifan's employment agreement dated November 24, 2015, as this is not considered to be an annual grant practice.

Table of Contents

Our Compensation Committee has the authority to review and approve compensation principles that apply generally to our executive and senior employees. Our Compensation Committee reviews corporate goals and objectives relevant to the compensation of our Chief Executive Officer and our Chief Operating Officer, evaluates their performance in light of the established goals and objectives and approves their annual compensation. It also reviews the corporate goals and objectives established by our Chief Executive Officer and our Chief Operating Officer relevant to the compensation of all other executive officers and all direct reports of the Chief Executive Officer and Chief Operating Officer. Based primarily on the evaluations and recommendations of our Chief Executive Officer and our Chief Operating Officer of the performance of such executive officers and direct reports in light of the established goals and objectives, our Compensation Committee approves their annual compensation. It also reviews the evaluation process and compensation structure for the other members of our senior management and provides oversight regarding management's decisions concerning the performance and compensation of such members of senior management. Our Compensation Committee relies on reports of its independent compensation consultant, Pearl Meyer, as to the elements of compensation among our peer group of companies (discussed under Role of Compensation Consultant) and the proportion of each component relative to the total compensation.

Our named executive officers (NEOs) are:

Jeffrey Siegel, Chairman of our Board, Chief Executive Officer and Director

Ronald Shiftan, Vice Chairman of our Board, Chief Operating Officer and Director

Daniel Siegel, President

Laurence Winoker, Senior Vice-President Finance, Treasurer and Chief Financial Officer

ROLE OF COMPENSATION CONSULTANT

Our Compensation Committee has engaged Pearl Meyer as its independent outside compensation consultant to provide services related to executive and non-employee director compensation. Pearl Meyer does not provide us with other services unless approved by our Compensation Committee.

Pearl Meyer assists our Compensation Committee in its evaluation of our compensation philosophy and with the development of relevant metrics used by our Compensation Committee to assure internal equity and market parity. It also provides compensation benchmark data and information relative to our peer group.

As required under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, our Compensation Committee analyzed whether the services of Pearl Meyer could result in any conflicts of interest, giving consideration to the following factors:

Pearl Meyer does not provide any services to us other than as approved by our Compensation Committee;

The fees we paid amount to less than 1% of Pearl Meyer's total revenue for the applicable period;

The policies and procedures of our Compensation Committee were designed to ensure independence;

Pearl Meyer does not have any business or personal relationship with any of our executive officers or any member of our Compensation Committee; and

Neither Pearl Meyer nor any of its consultants who provide services to our Compensation Committee own any of our stock.

Our Compensation Committee has determined, based on its own analysis, that the services of Pearl Meyer, including the individual compensation advisors employed by it, have not created any conflicts of interest. On an annual basis,

our Compensation Committee will continue to monitor the independence of its compensation consultant.

PEER GROUP DEVELOPMENT

Pearl Meyer developed a peer group of companies with characteristics generally comparable to our revenue and market capitalization for review and approval by our Compensation Committee. The peer group companies used in the analysis are:

Our Compensation Committee believes that the companies included in the peer group are the most comparable public companies; however, most of our direct competitors are either smaller, international or privately-held. Our Compensation Committee considers the competitive data compiled by Pearl Meyer as reference points, but does not benchmark to specific pay levels when establishing goals and objectives relevant to our compensation policy. In 2015, Pearl Meyer provided competitive data and a market analysis, which was used by our Compensation Committee in evaluating executive compensation.

ELEMENTS OF NEO COMPENSATION

Salary

Salary is intended to compensate our executives for performance of core job responsibilities and duties.

The salaries of Jeffrey Siegel and Ronald Shiftan are fixed by employment agreements that were negotiated between Messrs. Siegel and Shiftan and our Compensation Committee. The amount and components of aggregate compensation for comparable positions in our peer group of companies as well as the preferences of Messrs. Siegel and Shiftan were taken into account by our Compensation Committee in determining their compensation.

In determining Mr. Siegel's salary, our Compensation Committee took into account Mr. Siegel's long-standing executive role with us, his extensive knowledge of and experience in the housewares industry and his role in directing our growth. Our Compensation Committee views Mr. Siegel as one of the most experienced and successful executives in the housewares industry.

In determining Mr. Shiftan's salary, our Compensation Committee took into account his significant role in developing, structuring and implementing our growth and acquisition strategies. Our Compensation Committee also considered Mr. Shiftan's role in assisting Mr. Siegel in various aspects of our business.

The salaries of Daniel Siegel and Laurence Winoker are also set forth in their employment agreements with us. The employment agreements were negotiated between Messrs. Siegel and Winoker with the Chief Executive Officer and the Chief Operating Officer, in consultation with our Compensation Committee. The salaries set forth in their employment agreements were determined by the Chief Executive Officer and Chief Operating Officer, in consultation with our Compensation Committee, taking into consideration their roles and responsibilities within the Company, as well as the amount and components of aggregate compensation for comparable positions in our peer group of companies.

Non-Equity Incentive Plan Compensation (Annual Cash Bonus)

Non-equity incentive plan compensation is intended to compensate an executive for achievement of specific performance goals for a specified performance period. Cash bonuses were awarded to Messrs. Jeffrey Siegel, Shiftan, Daniel Siegel and Winoker pursuant to the Company's Amended 2000 Incentive Bonus Compensation Plan (the

Amended 2000 Bonus Plan).

The purpose of the Amended 2000 Bonus Plan is: (i) to retain and motivate our key executives who have been designated as participants in this plan for a given performance period (usually one year) by providing them with the opportunity to earn bonus awards that are based on specified performance goals for the specified performance period and (ii) to structure bonus opportunities in a way that will qualify the awards as performance-based for purposes of Section 162(m) of the Internal Revenue Code (the Code) so that we will be entitled to a tax deduction for the payment of such incentive bonus awards to the designated participants.

Our Compensation Committee has determined that Adjusted IBIT best measures the efforts and productivity of Messrs. Jeffrey Siegel, Shiftan, Daniel Siegel and Winoker. The term Adjusted IBIT, as it applies to any particular year, means that amount for such year equal to the Company's income before income taxes and equity in earnings, as reported in our Form 10-K, subject to such adjustments as are set forth in the Adjusted IBIT Performance Bonus Table for such year.

Table of Contents

In determining to use Adjusted IBIT as the performance measure for the purpose of the Amended 2000 Bonus Plan, our Compensation Committee was also guided by the extent to which this measure is within the control of the respective named executive officer. For the purpose of establishing the target Adjusted IBIT for the named executive officers entitled to cash bonus incentive awards in a given year, our Compensation Committee relied on Pearl Meyer as to benchmarks among our peer group of companies. Our Compensation Committee also relied on our annual budget, which was approved by our Board, in establishing the threshold, target and maximum bonus tied to achievement of these targets for the Chief Executive Officer and Chief Operating Officer and for the other NEOs.

In addition to Adjusted IBIT, individual goals are established for Messrs. Jeffrey Siegel and Shiftan by our Compensation Committee. With respect to Messrs. Winoker and Daniel Siegel, individual goals based on financial and performance objectives are established by the Chief Executive Officer and Chief Operating Officer in consultation with our Compensation Committee. The individual goals established for each of the NEOs for 2015 are discussed below. At the end of the fiscal year, Messrs. Jeffrey Siegel and Shiftan prepare written materials for our Compensation Committee with their assessments of whether their respective individual goals were achieved during the year. Our Compensation Committee reviews these materials and assesses independently the extent to which their individual goals were achieved.

As permitted by our 2000 Long-Term Incentive Plan, approximately 60% of the cash incentive compensation payable to Messrs. Jeffrey Siegel, Shiftan, Daniel Siegel and Winoker in respect of fiscal year 2015 was paid in the form of shares of our common stock at the closing price therefor on the date of grant.

As set forth in detail in the table below, the target performance metric for the 2015 fiscal year for Adjusted IBIT was \$22.8 million. We achieved an Adjusted IBIT of \$21.5 million for the 2015 fiscal year.

2015 Non-Equity Incentive Plan Metric and Achievement

Financial Metric	Threshold Performance Level	Target Performance Level	Maximum Performance Level	Actual Performance Achieved
Adjusted IBIT	\$11.4 million	\$22.8 million	\$45.6 million	\$21.5 million

Pursuant to Mr. Siegel's employment agreement,

the threshold Adjusted IBIT for any such year would be 50% of the target Adjusted IBIT for such year which, if achieved, would entitle Mr. Siegel to receive 50% of the target bonus for such year consistent with the Adjusted IBIT Performance Bonus Table for such year. Similarly, the maximum Adjusted IBIT for such year would be 200% of the target Adjusted IBIT for such year which, if achieved, would entitle Mr. Siegel to receive 200% of the target bonus for such year consistent with the Adjusted IBIT Performance Bonus Table for such year. The employment agreement also provides that the Adjusted IBIT Performance Bonus for any such year would be zero if the Adjusted IBIT we achieved for such year was less than the threshold Adjusted IBIT for such year.

Mr. Siegel's employment agreement further entitles him to receive an Annual Individual Goal Bonus equal to 25% of his salary for such year based on meeting individual measurable performance objectives set by our Compensation Committee in consultation with Mr. Siegel. Similarly, the maximum Adjusted IBIT for such year would be 200% of the target Adjusted IBIT for such year which, if achieved, would entitle Mr. Shiftan to receive 200% of the target bonus for such year consistent with the Adjusted IBIT Performance Bonus Table for such year. Similarly, the maximum Adjusted IBIT for such year would be 150% of the target Adjusted IBIT for such year which, if achieved, would entitle Mr. Siegel to receive 150% of the target bonus for such year, consistent with the Adjusted IBIT Performance Table for such year. The employment agreement, as amended, also provides that Mr. Siegel is entitled to receive sliding scale percentages of the target bonus set forth in the Adjusted IBIT Performance Table based upon Adjusted IBIT being more than the threshold Adjusted IBIT but less than the target Adjusted IBIT, or more than the target Adjusted IBIT but less than the maximum Adjusted IBIT. The Adjusted IBIT Performance Bonus for any such year will be zero if the Adjusted IBIT achieved by the Company for such year is less than the threshold Adjusted IBIT for such year, and in no event will an Adjusted IBIT Performance Bonus for any such year be more than the maximum target bonus for such year even if the Adjusted IBIT achieved by the Company for such year exceeds the maximum Adjusted IBIT for such year.

Equity Compensation

Equity compensation is intended to incentivize employees and to promote a closer identity of interest between our employees and our stockholders. Additionally, stock options and restricted stock are also aimed at retention as the vesting period generally ranges from one to four years.

Our Compensation Committee granted stock options and/ or restricted stock to Jeffrey Siegel, Ronald Shiftan, Daniel Siegel and Laurence Winoker in connection with their entering into their respective employment agreements. In addition, each NEO generally receives an equity compensation grant once a year in connection with annual performance reviews based on an assessment of such person's individual performance and, where appropriate, the performance of such person's business unit (division), as well as our overall performance and the dilutive effect of the equity awards.

In 2015, upon the recommendation of our Compensation Committee, our Board restructured the Company's historical equity compensation program to be a program consisting of a mix of 50% time-based restricted stock awards and 50% performance-based stock awards. The performance shares provide an opportunity for shares to be earned at the end of a three-year performance period if pre-established financial goals are met. Net Sales and adjusted EBITDA, were established as performance metrics for our performance share awards granted in 2015, with a performance period ending on December 31, 2017. The final number of shares earned pursuant to a performance share award is dependent on the cumulative net sales and cumulative adjusted EBITDA results over the three-year performance period with threshold, target and maximum awards equal to 75%, 100% and 150%, respectively, of the number of performance share awards granted. The maximum potential payout of the stock awards would be 150% of the target shares awarded on the grant date. The maximum value of the performance share awards for 2015 determined as of the grant would be as follows for each respective executive officer: Messrs. Jeffrey Siegel, Shiftan, and Daniel Siegel: \$111,300, Mr. Winoker: \$55,650. If the minimum financial goals are not met at the end of the three-year period, no awards will be paid out under the program.

Stock options, restricted shares and performance awards granted in 2015, 2014 and 2013 were granted pursuant to our Amended and Restated 2000 Long-Term Incentive Plan (the "2000 Plan"). Under the 2000 Plan, awards for up to 4,850,000 shares of our common stock may be granted by our Board, or a duly appointed committee thereof, to directors, officers, employees, consultants and other service providers to us and our affiliates in the form of stock options or other equity-based awards. At December 31, 2015, 604,460 shares of the 4,850,000 shares authorized under the 2000 Plan were available for awards that could be granted.

Other Compensation

We maintain a defined contribution 401(k) plan for all employees, including the NEOs. We also offer perquisites that we believe are customary and reasonable, such as Company-paid automobile expenses, and with respect to Messrs. Jeffrey Siegel, Shiftan and Daniel Siegel reimbursement or payment of certain insurance and professional expenses.

ACCOUNTING AND TAX CONSIDERATIONS

Section 162(m) of the Code generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to any of the companies' chief executive officer and other NEOs. Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. We periodically review potential consequences of Section 162(m) and may structure the performance-based portion of an executive's compensation to comply with certain exemptions in Section 162(m). However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions provided for in Section 162(m), when we believe that such payments are appropriate and in the best interests of the stockholders, after taking into consideration changing business conditions and the executive officer's performance.

POLICY REGARDING RESTATEMENTS

We do not have a formal policy regarding adjustment or recovery of awards or payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of the award or payment. Under those circumstances, our Board or our Compensation Committee would evaluate whether adjustments or recoveries of awards would be appropriate based upon the facts and circumstances surrounding the restatement. We will comply with any future regulatory requirements as mandated under the Dodd-Frank Act as they become effective.

COMPENSATION COMMITTEE REPORT

Our Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management. Our Compensation Committee also annually evaluates the levels of risks arising from our compensation policies and practices and reviews suggested practices to mitigate such risks. The risks considered by our Compensation Committee included the following:

- Strategic risk, which involves the alignment of performance metrics of executives with the objective of long-term value creation for stockholders;
- Governance risk, focused on the independence and level of expertise of Compensation Committee members as well as the use of a compensation consultant; and
- Pay-mix risk, which includes the balancing of the fixed and variable performance components of executive compensation.

We concluded that the risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us. Based on this review, discussion and evaluation of risks, our Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in our Proxy Statement.

Jeffrey Siegel

Jeffrey Siegel's employment agreement dated as of March 12, 2014 contains the following provisions regarding termination of employment and change of control.

Termination for cause; resignation without good reason

If Mr. Siegel's employment is terminated by us for cause or if Mr. Siegel resigns other than for good reason, Mr. Siegel shall be entitled to be paid the following amounts (collectively, the **Accrued Obligations**):

His salary accrued up to and including the date of termination or resignation of his employment,
An amount in lieu of any accrued but unused vacation time, and
The amount of any unreimbursed expenses.

Notwithstanding anything to the contrary in his employment agreement, Mr. Siegel shall be entitled to exercise any then-outstanding stock options granted to Mr. Siegel that shall have vested on or prior to such termination or resignation of employment.

Involuntary Termination

If Mr. Siegel's employment is terminated (i) by us for any reason other than cause, (ii) by Mr. Siegel for good reason, (iii) by us or Mr. Siegel due to Mr. Siegel's disability or (iv) by reason of Mr. Siegel's death (such a resignation or termination being hereinafter referred to as an **Involuntary Termination**), Mr. Siegel shall be entitled to payment of the **Accrued Obligations**.

In addition, in the event of Mr. Siegel's **Involuntary Termination**, we shall pay to Mr. Siegel as severance (the **Severance Payments**) the following amounts:

3.0 times his salary,
3.0 times the average of the sum of the Annual Adjusted IBIT Performance Bonus and the Annual Individual Goal Bonus paid by us to Mr. Siegel with respect to the two immediately preceding years, and
The Annual Adjusted IBIT Performance Bonus accrued to the date of termination.

Anything in his employment agreement to the contrary notwithstanding, no such **Severance Payments** shall be payable if Mr. Siegel's employment with us ends at the expiration or non-renewal of the term of his employment under his employment agreement.

In addition, Mr. Siegel shall continue to participate, at our expense, in the Company's health and medical plans and in any other benefits provided by us to Mr. Siegel at the time of such **Involuntary Termination** until the end of the term of his employment or until Mr. Siegel obtains other employment, whichever occurs first.

In addition, in the event of Mr. Siegel's **Involuntary Termination**, all of Mr. Siegel's then-outstanding stock options shall be immediately vested and exercisable.

Involuntary Termination in connection with certain changes in control

If, during the term of his employment we undergo a change in control and either (i) Mr. Siegel's employment is thereafter terminated under circumstances that would constitute an Involuntary Termination or (ii) Mr. Siegel undergoes an Involuntary Termination and within 90 days of the Involuntary Termination we execute a definitive agreement to enter into a transaction the consummation of which would result in a change in control and such transaction is actually consummated, then Mr. Siegel shall be entitled to all payments, benefits and stock-based compensation as outlined under the Involuntary Termination section above. We shall make the payments and provide the benefits to be paid and provided under his employment agreement. However, if all or any portion of the payments and benefits would constitute a parachute payment within the meaning of Section 280G of the Code (or a similar or successor provision), we shall reduce such payments to the extent necessary so that (i) no portion thereof shall be subject to the excise tax imposed by Section 4999 of the Code (or a similar or successor provision); and (ii) by reason of such reduction, the net after-tax benefit to Mr. Siegel shall exceed the net after-tax benefit if such reduction were not made.

**RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2016**

Our Audit Committee appointed the firm of Ernst & Young LLP (Ernst & Young) as the independent registered public accounting firm to audit our financial statements for the fiscal year ended December 31, 2016. Ernst & Young has audited our financial statements since 1984.

Our Audit Committee has adopted a policy that requires advance approval of all audit, audit-related and tax services and other services performed by the independent auditor. The policy provides for pre-approval by our Audit Committee of specifically defined audit and non-audit services. Unless the specific service has been previously pre-approved with respect to that year, our Audit Committee must approve the permitted service before the independent auditor is engaged to perform it. Our Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services costing up to \$50,000 provided that the Chair reports any decisions to the Audit Committee at its next scheduled meeting.

The following table sets forth fees paid or payable to Ernst & Young for services provided in each of the years ended December 31, 2015 and 2014:

	2015	2014
Audit fees	\$1,652,000	\$1,609,000
Audit-related fees	13,000	145,000
Tax fees	391,000	461,500
All other fees	2,000	2,000
TOTAL	\$2,058,000	\$2,217,500

Audit fees

Audit fees are fees paid to Ernst & Young for the annual audit of our financial statements, the quarterly reviews of our financial statements included in our Forms 10-Q, fees related to our annual audit of internal controls over financial reporting, statutory audit fees and fees for regulatory filings.

Audit-related fees

Audit related fees are fees paid to Ernst & Young for assurance and related services that are related to the performance of the audit or review of the financial statements but not reported as audit fees as well as other audit and due diligence procedures in connection with acquisitions or dispositions.

Tax fees

Tax fees are billed for services rendered for tax compliance including the preparation of tax returns and tax advisory services.

All other fees

All other fees consist of fees paid to Ernst & Young for access to Ernst & Young's online accounting research tool.

In making its appointment of Ernst & Young to audit our financial statements for the fiscal year ending December 31, 2016, our Audit Committee reviewed past audit, audit related and other non-audit services performed during 2015. In selecting Ernst & Young, our Audit Committee carefully considered their independence. Our Audit Committee has determined that the performance of such non-audit services did not impair the independence of Ernst & Young.

Ernst & Young has confirmed to our Audit Committee that it is in compliance with all rules, standards and policies of the Public Company Accounting Oversight Board and the SEC governing auditor independence.

If the stockholders do not ratify this appointment, our Audit Committee will reconsider the appointment.

Representatives of Ernst & Young are expected to be present at the Annual Meeting of stockholders and will have the opportunity to make a statement if they desire and to respond to appropriate questions of stockholders.

Our Board and Audit Committee recommend that stockholders vote FOR

the ratification of the appointment of Ernst & Young.

AUDIT COMMITTEE REPORT

The Audit Committee of our Board of Directors (the Audit Committee) reviewed and discussed the consolidated financial statements of the Company and our subsidiaries that are set forth in our 2015 Annual Report to Stockholders and in Item 8 of our Annual Report on Form 10-K for the year ended December 31, 2015 with our management and with Ernst & Young LLP, our independent registered public accounting firm.

Our Audit Committee discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, which includes, among other items, matters relating to the conduct of an audit of our financial statements and the adequacy of internal controls.

Our Audit Committee received the written disclosures and the letter from Ernst & Young LLP required by Rule 3256 of the Public Company Accounting Oversight Board, Communications Concerning Independence, and discussed with Ernst & Young LLP that firm's independence from the Company. The Committee concluded that the provision by Ernst & Young LLP of non-audit services, including tax preparation services, to the Company is compatible with its independence.

Based on the review and discussions with our management and with Ernst & Young LLP, referred to above, our Audit Committee recommended to our Board that we publish the consolidated financial statements of the Company and our subsidiaries for the year ended December 31, 2015 in our Annual Report on Form 10-K for the year ended December 31, 2015.

LIMITATION ON DIRECTORS AND OFFICERS LIABILITY

Our Second Restated Certificate of Incorporation contains a provision which eliminates the personal liability of a director for monetary damages other than for breaches of the director's duty of loyalty to us or our stockholders, acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law or violations under Section 174 of the Delaware General Corporation Law or for any transaction from which the director derived an improper personal benefit.

We have entered into indemnification agreements with each of our officers and directors which provide that we will indemnify the indemnitee against expenses, including reasonable attorney's fees, judgments, penalties, fines and amounts paid in settlement, actually and reasonably incurred by him or her in connection with any civil or criminal action or administrative proceeding arising out of the performance of his or her duties as our director, officer, employee or agent. Such indemnification is available if the acts of the indemnitee were in good faith, if the indemnitee acted in a manner he or she reasonably believed to be in or not opposed to our best interests and, with respect to any criminal proceeding, the indemnitee had no reasonable cause to believe his or her conduct was unlawful.

We maintain directors and officers liability insurance policies. The policies insure our directors and officers against loss arising from certain claims made against such directors or officers by reason of certain wrongful acts.

His compensation in 2015 included earned cash compensation of \$419,820, a grant of 2,500 restricted shares of our common stock, and a grant of 2,500 performance share awards.

As previously described, Jeffrey Siegel is also the father of Daniel Siegel, who is a NEO, and a cousin of Craig Phillips, who is a director.

RELATED-PARTY TRANSACTIONS

Our policies and procedures regarding transactions with related persons are set forth in writing in our Code of Ethics, as supplemented by the Code of Conduct, which requires that our Audit Committee must review and approve any related party transaction, as defined in Item 404(a) of Regulation S-K before it is consummated. The Audit Committee of our Board is responsible for reviewing such policies and procedures pursuant to its charter, which states that the Audit Committee will review and approve related-party transactions submitted by management after management's evaluation of the terms of such transaction. We also attempt to identify related party transactions each year by requiring directors and executive officers to complete a questionnaire that provides relevant information to assist in identifying such transactions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires our directors and officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of any of our equity securities. During 2015, the following persons failed to file a Form 4 on a timely basis:

Clifford Siegel: Three transactions, occurring on January 22, 2015, February 17, 2015 and April 16, 2015, respectively, were reported late on April 28, 2015.

James Wells: One transaction, occurring on August 18, 2015 was reported late on September 18, 2015.

John Koegel: One transaction, occurring on June 11, 2012 was reported late on February 11, 2016.

To the best of our knowledge, with the exception of the persons named above, all required reports were filed on a timely basis. In making this statement, we have relied on the written representations of our directors and officers and copies of Forms 3, 4 and 5 provided to us.

Proposal No. 3

APPROVAL OF AMENDMENT TO ARTICLE FOURTH OF THE SECOND RESTATED CERTIFICATE OF INCORPORATION TO INCREASE THE NUMBER OF SHARES OF AUTHORIZED COMMON STOCK

The Board has declared advisable and approved, subject to stockholder approval, an amendment to Article FOURTH of the Second Restated Certificate of Incorporation of the Company to increase the Company's authorized common stock from 25,000,000 shares to 50,000,000 shares (the Common Stock Amendment).

If the Common Stock Amendment is approved by the Company's stockholders at the Annual Meeting, the Company intends to file the Common Stock Amendment, substantially in the form of Appendix I hereto with the Secretary of State of Delaware as soon as practicable following stockholder approval and the certification of the vote related thereto. The Common Stock Amendment has the effect of increasing our authorized shares of common stock from 25,000,000 shares to 50,000,000 shares.

Purpose of the Amendment

The Company's Second Restated Certificate of Incorporation currently authorizes the Board to issue a maximum of 27,000,100 shares of the Company's capital stock, consisting of 25,000,000 shares of common stock, par value \$0.01 per share, 100 shares of Series A preferred stock, par value \$1.00 per share, and 2,000,000 shares of Series B Preferred Stock, par value \$1.00 per share.

Of the 25,000,000 shares of common stock currently authorized, as of April 18, 2016, 14,223,442 shares are issued and outstanding and approximately 2,752,666 shares of common stock are reserved for future issuance under our equity compensation plans. The Company, therefore, only has approximately 8,023,892 shares of unreserved common stock available for future issuance. If the Common Stock Amendment is approved by stockholders, the Company would have 33,023,892 shares of common stock available for issuance (after taking into consideration the shares of common stock required to be held in reserve as set forth above).

The Board believes the Common Stock Amendment is advisable in order to maintain our financing and capital raising flexibility in connection with our working capital needs and for general corporate purposes. Other possible business and financial uses for the additional authorized shares of common stock include, without limitation, future stock splits, acquiring other companies, businesses or products in exchange for shares of common stock, attracting and retaining employees by the issuance of additional securities under our equity compensation plans and other transactions and corporate purposes that the Board deems to be in the best interest of the Company and its stockholders. The additional authorized shares would enable us to act quickly in response to opportunities that may arise for these types of transactions, in most cases without the necessity of obtaining further stockholder approval and incurring expenses associated with holding a special stockholders' meeting before such issuance(s) could proceed, except as otherwise required under applicable Delaware law or under applicable NASDAQ rules.

Other than issuances pursuant to equity compensation plans, as of the date of this Proxy Statement, the Company has not adopted any plans to issue any additional shares of common stock and has not heretofore entered into any arrangements or understandings with respect thereto. However, the Company reviews and evaluates potential capital raising activities, transactions and other corporate actions on an ongoing basis to determine if such actions would be in the best interests of the Company and its stockholders and, accordingly, the Company reserves the right to issue shares of common stock, from time to time, pursuant to such actions.

Once authorized, the additional shares of common stock may be issued with approval of the Board but without further approval of the stockholders unless stockholder approval is required by applicable law, rule or regulation, including, but not limited to, applicable Delaware law and applicable NASDAQ rules. Accordingly, approval of this proposal may facilitate the ability of the Company to issue shares of common stock in connection with financings, acquisitions, benefit plans and other corporate transactions and it is possible that no further stockholder approval will be required in connection with any such transactions.

The Common Stock Amendment would be effective following the filing of the Certificate of Amendment with the Delaware Secretary of State, which will occur as soon as reasonably practicable after stockholder approval at the Annual Meeting and the certification of the vote related thereto, and will increase our authorized shares of common stock from 25,000,000 shares to 50,000,000 shares.

Effects of Common Stock Amendment

The proposed additional shares of authorized common stock would become part of the existing class of common stock and, if and when issued, would have the same rights and privileges as the shares of common stock presently issued and outstanding. Adoption of the Common Stock Amendment would not have any immediate dilutive effect on the proportionate voting power of existing stockholders. The increase in the authorized shares of common stock will not itself cause any changes in our capital accounts or have any immediate effect on the rights of existing stockholders. Current stockholders do not have any preemptive or similar rights and, accordingly, current stockholders do not have a prior right to purchase shares of any newly-issued common stock in order to maintain their proportionate ownership thereof.

As is true for shares of common stock presently authorized but unissued, the future issuance of common stock authorized by the Common Stock Amendment may, among other things, decrease existing stockholders' percentage equity ownership, result in the issuance of shares of common stock at prices lower than the prices at which existing stockholders purchased their stock and could be dilutive to the voting rights of existing stockholders. In addition, depending on the price at which they are issued, the issuance of additional shares of common stock may have a negative effect on the market price of the common stock. It is also possible that shares of common stock may be issued at a time and under circumstances that may increase or decrease earnings per share and increase or decrease the book value per share of shares currently outstanding.

This proposal, if approved, could, under certain circumstances, have an anti-takeover effect. For example, if the Company was to become concerned that it may be a potential target of an unsolicited acquisition attempt, it could try to impede the acquisition by issuing additional shares of common stock or rights or other equity interests related thereto, thereby diluting the voting power of the other outstanding shares and increasing the potential cost to the bidder of the acquisition. The Board is not currently aware of any attempt or plan to acquire control of the Company.

Recommendation and Vote

The affirmative vote of a majority of the shares of common stock issued and outstanding as of the record date is required to approve the Common Stock Amendment to increase our authorized shares of common stock from 25,000,000 shares to 50,000,000 shares. Abstentions and broker non-votes will have the same effect as votes cast against the proposal. If the proposal is approved, it will become effective upon the filing of the Certificate of Amendment with the Delaware Secretary of State, which will occur as soon as reasonably practicable after approval.

The Board unanimously recommends that the stockholders vote FOR the Common Stock Amendment.
