Item 1.01 Entry into a Material Definitive Agreement.

Underwriting Agreement

On May 23, 2016, Parsley Energy, Inc. (the *Company*) entered into an underwriting agreement (the *Underwriting Agreement*) with Credit Suisse Securities (USA) LLC, as representative (the *Representative*) of the several underwriters named therein (the *Underwriters*), in connection with an underwritten public offering (the *Equity Offering*) of 8,250,000 shares of Class A common stock. On May 25, 2016, the Underwriters exercised in full their option to purchase up to 1,237,500 additional shares, bringing the total offering to 9,487,500 shares of Class A common stock (the *Shares*). The Company expects the net proceeds from the Equity Offering to be approximately \$226.1 million, after deducting estimated fees and expenses. The Company intends to use the net proceeds from the Equity Offering, along with the net proceeds from the Notes Offering (as defined below), to fund the aggregate purchase price for the acquisitions of mineral interests (and associated surface rights) and certain working interests in Pecos and Reeves Counties, Texas (the *Acquisitions*), and the remaining net proceeds will be used to fund a portion of the Company's capital program and for general corporate purposes, including potential future acquisitions.

The issuance and sale of the Shares has been registered under the Securities Act of 1933, as amended (the *Securities Act*), pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-204766), filed with and deemed automatically effective by the Securities and Exchange Commission on June 5, 2015. The Equity Offering closed on May 27, 2016. A legal opinion relating to the validity of the Shares is filed herewith as Exhibit 5.1.

The Underwriting Agreement contains customary representations, warranties and agreements by the Company and customary conditions to closing, obligations of the parties and termination provisions. Additionally, the Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Underwriters may be required to make because of any of those liabilities. Furthermore, the Company has agreed with the Underwriters not to offer or sell any shares of its Class A common stock (or securities convertible into or exchangeable for Class A common stock), subject to limited exceptions, for a period of 45 days after the date of the Underwriting Agreement without the prior written consent of the Representative.

The Underwriters and their respective affiliates have from time to time performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for the Company and its affiliates in the ordinary course of business for which they have received and would receive customary compensation. In addition, in the ordinary course of their various business activities, the Underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investments and securities activities may involve the Company's securities and/or instruments.

The foregoing description of the Underwriting Agreement is qualified in its entirety by reference to such Underwriting Agreement, a copy of which is filed herewith as Exhibit 1.1 and is incorporated herein by reference.

Purchase Agreement

On May 24, 2016, Parsley Energy, LLC (*Parsley LLC*), Parsley Finance Corp. (*Finance Corp.* and together with Parsley LLC, the *Issuers*) and certain subsidiaries of Parsley LLC (the *Guarantors*), entered into a purchase agreement (the *Purchase Agreement*) with Credit Suisse Securities (USA) LLC, as Representative of the several initial purchasers named therein (the *Initial Purchasers*), in connection with an offering (the *Notes Offering*) of \$200,000,000 in aggregate principal amount of 6.250% senior notes due 2024 (the *2024 Notes*). The Company expects the net proceeds from the Notes Offering to be approximately \$195.8 million, after deducting estimated fees and expenses. The Company intends to use the net proceeds from the Notes Offering, along with the net proceeds from the Equity Offering, to fund the aggregate purchase price for the Acquisitions, and the remaining net proceeds will be used to

fund a portion of the Company's capital program and for general corporate purposes, including potential future acquisitions.

The 2024 Notes were issued and sold to the Initial Purchasers pursuant to an exemption from the registration requirements of the Securities Act, pursuant to Section 4(a)(2) thereunder. The Initial Purchasers intend to resell the 2024 Notes only to qualified institutional buyers in accordance with Rule 144A under the Securities Act and to certain persons outside the United States in accordance with Regulation S under the Securities Act. The 2024 Notes have not been registered under the Securities Act or applicable state securities laws and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

The Purchase Agreement contains customary representations, warranties and agreements by the Issuers and the Guarantors and customary conditions to closing, obligations of the parties and termination provisions. Additionally, the Issuers and the Guarantors have agreed to indemnify the Initial Purchasers against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the Initial Purchasers may be required to make because of any of those liabilities. Furthermore, the Issuers and the Guarantors have agreed with the Initial Purchasers not to offer or sell any debt securities issued or guaranteed by the Issuers or the Guarantors having more than one year until maturity (or securities convertible into or exchangeable for the 2024 Notes or the guarantees thereof) for a period of 45 days after the date of the Purchase Agreement without the prior written consent of the Representative.

The Initial Purchasers and their respective affiliates have from time to time performed, and may in the future perform, various financial advisory, commercial banking and investment banking services for the Issuers and their affiliates in the ordinary course of business for which they received and would receive customary compensation. In addition, in the ordinary course of their various business activities, the Initial Purchasers and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investments and securities activities may involve securities and/or instruments of the Issuers and their affiliates.

The foregoing description of the Purchase Agreement is qualified in its entirety by reference to such Purchase Agreement, a copy of which is filed herewith as Exhibit 10.1 and is incorporated herein by reference.

Indenture

The information included or incorporated by reference in Item 2.03 below is incorporated herein by reference.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

Indenture and 2024 Notes

On May 27, 2016, pursuant to the Purchase Agreement described above, the Issuers, the Guarantors and U.S. Bank, National Association, as trustee, entered into an indenture pursuant to which the Issuers issued the 2024 Notes (the Indenture). The 2024 Notes are senior unsecured obligations of the Issuers. The 2024 Notes are fully and unconditionally guaranteed on a senior unsecured basis by the existing subsidiaries of Parsley LLC that guarantee its indebtedness under its revolving credit facility, other than Finance Corp. The 2024 Notes will not be guaranteed by the Company, Parsley LLC's sole managing member and controlling equity holder, and the Company will not be subject to the terms of the Indenture.

Interest and Maturity

The 2024 Notes will mature on June 1, 2024. The 2024 Notes will bear interest at the rate of 6.250% per annum, payable in cash semi-annually in arrears on each June 1 and December 1, commencing December 1, 2016.

Optional Redemption

At any time prior to June 1, 2019, the Issuers may, from time to time, redeem up to 35% of the aggregate principal amount of the 2024 Notes with an amount of cash not greater than the net cash proceeds of certain equity offerings at a redemption price equal to 106.250% of the principal amount of the 2024 Notes redeemed, plus accrued and unpaid interest, if any, to the date of redemption, provided that at least 65% of the aggregate principal amount issued under the Indenture remains outstanding immediately after such redemption and the redemption occurs within 120 days of the closing date of such equity offering.

At any time prior to June 1, 2019, the Issuers may, on any one or more occasions, redeem all or a part of the 2024 Notes at a redemption price equal to 100% of the principal amount of the 2024 Notes redeemed, plus a make whole premium as of, and accrued and unpaid interest, if any, to, the date of redemption.

On and after June 1, 2019, the Issuers may redeem the 2024 Notes, in whole or in part, at the redemption prices set forth below, plus accrued and unpaid interest, if any, to the date of redemption:

YEAR	PERCENTAGE
2019	104.688%
2020	103.125%
2021	101.563%
2022 and thereafter	100.000%

Change of Control

If the Issuers experience certain kinds of changes of control, each holder of 2024 Notes may require the Issuers to repurchase all or a portion of its 2024 Notes for cash at a price equal to 101% of the aggregate principal amount of such 2024 Notes, plus any accrued but unpaid interest to the date of repurchase.

Certain Covenants

The Indenture contains covenants that, among other things and subject to certain exceptions and qualifications, limit the Issuers' ability and the ability of their restricted subsidiaries to: (i) incur or guarantee additional indebtedness or issue certain types of preferred stock; (ii) pay dividends on capital stock or redeem, repurchase or retire capital stock or subordinated indebtedness; (iii) transfer or sell assets; (iv) make investments; (v) create certain liens; (vi) enter into agreements that restrict dividends or other payments from their subsidiaries to them; (vii) consolidate, merge or transfer all or substantially all of their assets; (viii) engage in transactions with affiliates; and (ix) create unrestricted subsidiaries.

Events of Default

Upon an Event of Default (as defined in the Indenture), the trustee or the holders of at least 25% of the aggregate principal amount of then outstanding 2024 Notes may declare the 2024 Notes immediately due and payable, except that a default resulting from certain events of bankruptcy or insolvency with respect to Parsley LLC, any restricted subsidiary of Parsley LLC that is a significant subsidiary or any group of restricted subsidiaries that, taken together, would constitute a significant subsidiary, will automatically cause all outstanding 2024 Notes to become due and payable.

The foregoing description of the Indenture is qualified in its entirety by reference to such Indenture, a copy of which is filed herewith as Exhibit 4.1 and is incorporated herein by reference.
