## AMENDMENT TO PROXY STATEMENT

*The following disclosure replaces the new paragraph that was added by Amendment No. 1 as a new paragraph after the second paragraph on page 21 of the Proxy Statement in the section entitled Summary Recent Developments :*

**ETE's original due diligence-based projection, which was presented to Williams, of over \$2 billion in annual synergies by year 2020 as a result of the proposed merger, which was published by Williams and ETE in a Sept. 28, 2015, joint press release and web links, and in the companies' SEC filings, should not be relied on. As a result of the joint integration planning process in early 2016 by Williams and ETE, a new synergies estimate was built from the ground up, and the parties now estimate merger-related synergies of only \$126 million annually by 2020 (a difference of \$1.874 billion or 94%), and have further estimated that even if market conditions return to their July 2015 levels, merger-related synergies would be \$543 million, not \$2 billion.**

*The following supplemental disclosure is added as the last sentence of the second full paragraph on page 18 of the Proxy Statement in the section entitled Summary Recent Developments :*

**On June 16, 2016, the plaintiff and defendants reached an agreement pursuant to which the defendants agreed to amend disclosure in the Proxy Statement and pay the plaintiff's attorney fees up to a maximum amount of \$145,000 and court approved expenses of \$25,000. The plaintiff agreed to withdraw his application for preliminary injunction and the case was stayed. In addition, following WMB's deposit of \$170,000 into an escrow account, plaintiff has agreed to, at WMB's or its successor's election, either dismiss all injunctive claims against the defendants with prejudice, or support a motion for certification of a non-opt out settlement class and dismissal of the injunctive class claims with prejudice.**
