<b>Total</b>	<b>\$ 1,092,747,000</b>	<b>Total</b>	<b>\$ 1,092,747,000</b>

The New 2018 Notes were issued pursuant to the Subordinated Indenture (the Base Subordinated Indenture), dated as of March 23, 2016, among the Company, Whiting Oil and Gas Corporation ( WOGC ), Whiting US Holding Company ( Whiting US ), Whiting Canadian Holding Company ULC ( Whiting Canadian ), and Whiting Resources Corporation ( Whiting Resources ) and, together with WOGC, Whiting US and Whiting Canadian, the Guarantors ) and The Bank of New York Mellon Trust Company, N.A., as Trustee (the Trustee), as amended and supplemented by the Second Supplemental Indenture, dated as of July 1, 2016, among the Company, the Guarantors and the Trustee relating to the New 2018 Notes (the Second Subordinated Supplemental Indenture and together with the Base Subordinated Indenture, the Subordinated Indenture).

The New 2019 Notes, New 2021 Notes and New 2023 Notes were issued pursuant to the Senior Indenture (the Base Senior Indenture), dated as of March 23, 2016, among the Company, the Guarantors and the Trustee, as amended and supplemented by the Fourth Supplemental Indenture, dated as of July 1, 2016, among the Company, the Guarantors and the Trustee relating to the New 2019 Notes (the Fourth Senior Supplemental Indenture), the Fifth Supplemental Indenture, dated as of July 1, 2016, among the Company, the Guarantors and the Trustee relating to the New 2021 Notes (the Fifth Senior Supplemental Indenture), and the Sixth Supplemental Indenture, dated as of July 1, 2016, among the Company, the Guarantors and the Trustee relating to the New 2023 Notes (the Sixth Senior Supplemental Indenture and, together with the Base Senior Indenture, the Fourth Senior Supplemental Indenture and the Fifth Senior

Supplemental Indenture, the Senior Indenture ).

The New 2020 Notes were issued pursuant to (i) the Indenture, dated as of July 1, 2016, among the Company, the Guarantors and the Trustee relating to the New 2020 Notes (the New 2020 Notes, Series 1 ) described as 1.25% Mandatory Convertible Senior Notes due 2020, Series 1 (the Series 1 Convertible Indenture ) and (ii) the Indenture, dated as of June 29, 2016, among the Company, the Guarantors and the Trustee relating to the New 2020 Notes (the New 2020 Notes, Series 2 ) described as 1.25% Mandatory Convertible Senior Notes due 2020, Series 2 (the Series 2 Convertible Indenture and, together with the Series 1 Convertible Indenture, the Convertible Indentures ).

The New Convertible Notes are fully and unconditionally guaranteed by the Guarantors.

Four percent of the aggregate principal amount of the New Convertible Notes will be converted into shares of the Company's common stock, par value \$0.001 (the Common Stock ), for each day of the 25 trading day period that commenced on June 23, 2016 (the Observation Period ) if the daily volume weighted average price, or Daily VWAP (as defined in the indentures governing the New Convertible Notes), of the Common Stock on such day is (i) for the New 2020 Notes, above \$8.7500, rounded to four decimal places, and (ii) for the New 2018 Notes, the New 2019 Notes, the New 2021 Notes and New 2023 Notes, above \$8.75, rounded to two decimal places (the Threshold Prices ). If the Common Stock is above the Threshold Price for the applicable series of New Convertible Notes on a trading day during the Observation Period, the Common Stock issue price will equal the higher of (i) the Daily VWAP for Common Stock for such trading day multiplied by one plus zero for the New 2018 Notes, one plus 0.5% for the New 2019 Notes, one plus 8.0% for the New 2020 Notes, one plus 2.5% for the New 2021 Notes and one plus 3.5% for the New 2023 Notes and (ii) \$8.75 for the New 2018 Notes (equivalent to 114.29 shares of Whiting common stock per \$1,000 principal amount of the New 2018 Notes), \$8.79 for the New 2019 Notes (equivalent to 113.72 shares of Whiting common stock per \$1,000 principal amount of the New 2019 Notes), \$9.45 for the New 2020 Notes (equivalent to 105.82 shares of Whiting common stock per \$1,000 principal amount of the New 2020 Notes), \$8.97 for the New 2021 Notes (equivalent to 111.50 shares of Whiting common stock per \$1,000 principal amount of the New 2021 Notes) and \$9.06 for the New 2023 Notes (equivalent to 110.42 shares of Whiting common stock per \$1,000 principal amount of the New 2023 Notes) (the Minimum Prices ).

As of July 1, 2016, the Daily VWAP of the Common Stock was (i) for the New 2020 Notes, above the applicable Threshold Price for seven out of the first seven trading days during the Observation Period, and (ii) for the New 2018 Notes, the New 2019 Notes, the New 2021 Notes and the New 2023 Notes, above the applicable Threshold Price for six out of the first seven trading days during the Observation Period.

Settlements for the issuance of Common Stock applicable to the Observation Period are expected to be effected (i) for \$128.5 million of New 2020 Notes, Series 2, as a single settlement on the third business day after the Observation Period, and (ii) for all other New Convertible Notes, on a daily basis on the third business day following the applicable trading day (except that issuances prior to the closing of the Exchange Transactions are expected to be settled on July 7, 2016).

Based on the amount of New Convertible Notes that have converted as of July 1, 2016 and assuming a Daily VWAP for the Common Stock for each day of the remainder of the Observation Period of \$9.60, which was the average Daily VWAP for the Common Stock for the trading days from June 23, 2016 to July 1, 2016, the New Convertible Notes would convert into an aggregate of 104.0 million shares of Common Stock, subject to certain adjustments. However, the Company cannot provide any assurance as to what the Daily VWAP for the Common Stock during the Observation Period will be. Based on the amount of New Convertible Notes that have converted as of July 1, 2016 and assuming a Daily VWAP for the Common Stock for each day of the remainder of the Observation Period at the Minimum Prices, the New Convertible Notes would convert into an aggregate of 111.7 million shares of Common Stock, subject to certain adjustments.

If any New Convertible Notes remain after the Observation Period, the Common Stock issue price upon conversion will be the Minimum Price for the applicable series of New Convertible Notes. After the Observation Period, the Company has the right to mandatorily convert the New Convertible Notes if the Daily VWAP of Common Stock exceeds the Threshold Prices for the applicable series of New Convertible Notes for at least 20 trading days during a 30 consecutive trading day period after the Observation Period and holders have the right to convert the New Convertible Notes at any time.

The Subordinated Indenture, the Senior Indenture and the Convertible Indentures contain interest payment and maturity terms for the New Convertible Notes that are substantially identical to those in the indentures governing the corresponding series of Outstanding Notes. The Second Subordinated Supplemental Indenture and form of New 2018 Note, which is attached as an exhibit to the Second Subordinated Supplemental Indenture, provide, among other things, that the 2018 Mandatory Convertible Notes will bear interest of 6.5% per year (payable semi-annually in arrears on April 1 and October 1 of each year, beginning on October 1, 2016), and will mature on October 1, 2018. The Fourth Senior Supplemental Indenture and form of New 2019 Note, which is attached as an exhibit to the Fourth Senior Supplemental Indenture, provide, among other things, that the 2019 Mandatory Convertible Notes will bear interest of 5.000% per year (payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2016), and will mature on March 15, 2019. The Fifth Senior Supplemental Indenture and form of New 2021 Note, which is attached as an exhibit to the Fifth Senior Supplemental Indenture, provide, among other things, that the 2021 Mandatory Convertible Notes will bear interest of 5.750% per year (payable semi-annually in arrears on March 15 and September 15 of each year, beginning on September 15, 2016), and will mature on March 15, 2021. The Sixth Senior Supplemental Indenture and form of New 2023 Note, which is attached as an exhibit to the Sixth Senior Supplemental Indenture, provide, among other things, that the 2023 Mandatory Convertible Notes will bear interest of 6.25% per year (payable semi-annually in arrears on April 1 and October 1 of each year, beginning on October 1, 2016), and will mature on April 1, 2023. The Series 1 Convertible Indenture and form of New 2020 Note, Series 1, which is attached as an exhibit to the Series 1 Convertible Indenture, and the Series 2 Convertible Indenture and form of New 2020 Note, Series 2, which is attached as an exhibit to the Series 2 Convertible Indenture, each provide, among other things, that the 2020 Mandatory Convertible Note, Series 1 and 2020 Mandatory Convertible Note, Series 2 will bear interest of 1.25% per year (payable semi-annually in arrears on April 1 and October 1 of each year, beginning on October 1, 2016), and will mature on June 5, 2020.

The redemption provisions applicable to each series of the New 2018 Notes, New 2019 Notes, New 2021 Notes and New 2023 Notes ( New High Yield Convertible Notes ) are substantially identical to the redemption provisions applicable to the Existing 2018 Notes, Existing 2019 Notes, Existing 2021 Notes and Existing 2023 Notes (the Existing High Yield Notes ), respectively. The New 2020 Notes are not redeemable prior to maturity.

The Subordinated Indenture and the Senior Indenture contain covenants that are substantially identical to the covenants in the indentures governing the Existing High Yield Notes, which, among other things, will limit the Company's ability and the ability of the Company's restricted subsidiaries to (i) pay dividends on, redeem or repurchase debt that is subordinated to the New High Yield Convertible Notes, (ii) make investments, (iii) incur additional indebtedness or issue preferred stock, (iv) create certain liens, (v) enter into agreements that restrict dividends or other payments from our restricted subsidiaries to us, (vi) sell assets, (vii) consolidate, merge or transfer all or substantially all of the assets of the Company and the Company's restricted subsidiaries, taken as a whole, (viii) engage in transactions with affiliates, and (ix) create unrestricted subsidiaries. Many of the foregoing covenants will terminate if the New High Yield Convertible Notes achieve an investment grade rating from each of Moody's Investors Services, Inc. and Standard & Poor's Rating Services.

Upon the occurrence of certain change of control triggering events or if the Company consummates certain sales of assets, the Company must offer to repurchase the New High Yield Convertible Notes. If the Company undergoes a fundamental change, the Company must offer to repurchase the New 2020 Notes.

The Subordinated Indenture, Senior Indenture and the Convertible Indentures contain customary events of default that are substantially identical to the events of default in the indentures governing the Outstanding Notes. In the case of an event of default arising from certain events of bankruptcy, insolvency or reorganization with respect to the Company, any subsidiary of the Company that is a significant subsidiary or any group of subsidiaries of the Company that, taken together, would constitute a significant subsidiary, all outstanding New Convertible Notes will become due and payable immediately without further action or notice. If any other event of default occurs and is continuing, then the Trustee or the holders of at least 25% in principal amount of the then outstanding New Convertible Notes of each affected series may declare the New Convertible Notes to be due and payable immediately.

The foregoing descriptions of the Base Senior Indenture, the Fourth Senior Supplemental Indenture, the Fifth Senior Supplemental Indenture, the Sixth Senior Supplemental Indenture, the Series 1 Convertible Indenture, the Series 2 Convertible Indenture, the Base Subordinated Indenture and the Second Subordinated Supplemental Indenture do not purport to be complete and are qualified in its entirety by reference to the full text of the Base Senior Indenture, the Fourth Senior Supplemental Indenture, the Fifth Senior Supplemental Indenture, the Sixth Senior Supplemental Indenture, the Series 1 Convertible Indenture, the Series 2 Convertible Indenture, the Base Subordinated Indenture and the Second Subordinated Supplemental Indenture, copies of which are filed herewith as Exhibits 4.1, 4.2, 4.3, 4.4, 4.5, 4.6, 4.7 and 4.8, respectively, and are incorporated herein by reference.
