Item 1.01. Entry into Material Definitive Agreements.*Asset Purchase Agreements*

On August 2, 2016, Molina Healthcare, Inc. (the Company) announced that it has entered into a definitive agreement (the Aetna APA) with Aetna Inc. (Aetna) to purchase and acquire from Aetna (the Aetna Acquisition) certain of Aetna's Medicare Advantage assets in exchange for cash. Also on August 2, 2016, the Company announced that it has entered into a substantially identical definitive agreement (the Humana APA and, together with the Aetna APA, the Asset Purchase Agreements and each, an Asset Purchase Agreement) with Humana Inc. (Humana and, together with Aetna, the Sellers and each, a Seller) to purchase and acquire from Humana (the Humana Acquisition and, together with the Aetna Acquisition, the Acquisitions) certain of Humana's Medicare Advantage assets in exchange for cash. The aggregate amount of cash consideration for the Acquisitions is currently estimated to be approximately \$117 million, exclusive of any required regulatory capital, subject to adjustment based on the number of members at closing.

The Acquisitions are related to Aetna's proposed acquisition of Humana (the Aetna-Humana Merger). On July 21, 2016, the U.S. Department of Justice (the DOJ) and certain state attorneys general filed a civil complaint in the U.S. District Court for the District of Columbia against Aetna and Humana charging that the Aetna-Humana Merger would violate Section 7 of the Clayton Antitrust Act, and seeking a permanent injunction to prevent Aetna from acquiring Humana (the DOJ litigation). The transactions contemplated by the Asset Purchase Agreements are conditioned on separate closing conditions included in each of the Asset Purchase Agreements, including the completion of the Aetna-Humana Merger and the resolution of the DOJ litigation, as well as approval by the Centers for Medicare & Medicaid Services (CMS) of the novation to the Company of each of the contracts to be divested under each of the Asset Purchase Agreements, and customary closing conditions, including approvals of state departments of insurance and other regulators. As a result, the time necessary to close the transactions contemplated by each of the Asset Purchase Agreements, and the number of members ultimately to be transferred at closing pursuant to each Asset Purchase Agreement, are uncertain; provided, however, that the Sellers have agreed to sell the rights to a minimum number of members to the Company in the event that, in connection with the resolution of the DOJ litigation, the Sellers are required to divest fewer members than originally contemplated.

Each Asset Purchase Agreement contains customary representations and warranties of the parties, and customary covenants regarding the conduct of business by the applicable Seller prior to the closing. Each Asset Purchase Agreement also grants the Company, under certain circumstances, an exclusive irrevocable option to purchase Additional Contracts (as defined in each Asset Purchase Agreement), if any, prior to the closing of Aetna-Humana Merger, on terms substantially identical to those set forth in the applicable Asset Purchase Agreement and at a purchase price calculated as described therein. In connection with the transactions contemplated by the Asset Purchase Agreements, each Seller has agreed to provide the Company with certain administrative services related to the Medicare Advantage plans that are involved in the Acquisitions for a transition period following the closing.

Pursuant to the terms of each Asset Purchase Agreement, each party shall indemnify the other for breaches of its representations and warranties, breaches of its covenants and certain other matters. The representations and warranties set forth in each Asset Purchase Agreement generally survive 15 months following the closing, with longer survival periods for certain representations and warranties.

Each Asset Purchase Agreement is subject to termination under the following circumstances:

by the mutual written agreement of the Company and the applicable Seller;

by either party if the closing of the transactions contemplated thereby has not occurred on or before December 31, 2016 (subject to the applicable Seller's right to extend such outside date to August 31, 2017 and January 3, 2018 under certain circumstances); provided, however, that the right to terminate in this circumstance is unavailable to a party whose breach of any provision of the applicable Asset Purchase Agreement results in the failure of the closing to have occurred by such time;

by either party if (i) any applicable law or final and non-appealable order issued by a governmental authority enjoins, prevents or prohibits the consummation of the transactions contemplated by the applicable Asset Purchase Agreement or (ii) any Required Regulatory Approval (as defined in each Asset Purchase Agreement) shall have been finally and non-appealably denied by the applicable governmental authority, subject to a certain exception as provided therein;

by either party if the Agreement and Plan of Merger, dated as of July 2, 2015, by and among the Sellers and the other party thereto, is terminated in accordance with its terms;

by the nonbreaching party if the applicable Seller, on the one hand, or the Company on the other hand, breaches its representations and warranties or fails to perform its covenants that would result in the failure of the associated closing condition to be satisfied and such breach or failure to perform is incapable of being cured or has not been cured by the breaching party within 45 days of notice thereof;

by Seller if either of the Sellers or any of their respective affiliates receives notice from any governmental authority that such governmental authority or applicable law will require Seller or any of its affiliates to sell, divest, discontinue, limit or otherwise dispose of a material portion of the other Seller's Medicare Advantage business in the geographies to be divested pursuant to the Asset Purchase Agreements or place any material limitation on Seller's or any of its affiliates continued operation or ownership of the other Seller's Medicare Advantage business in any portion of the geographies to be divested pursuant to the Asset Purchase Agreements;

by Seller if (i) the DOJ or the U.S. District Court overseeing the DOJ litigation notifies Seller or the Company or their respective affiliates in writing that the Company is not an acceptable acquirer, (ii) the U.S. District Court overseeing the DOJ litigation has notified Seller or the Company or their respective affiliates in writing that the transactions contemplated by the Asset Purchase Agreement are not an acceptable remedy or (iii) the DOJ litigation has been resolved, and such resolution does not require Seller to divest individual Medicare Advantage plan contracts in any of the geographies to be divested pursuant to such Asset Purchase Agreement;

by Seller if CMS imposes or proposes in writing to impose certain sanctions on the Company or any of the Company's affiliates; and

by either party if the other Asset Purchase Agreement is terminated in accordance with its terms.

In the event of a termination of an Asset Purchase Agreement pursuant to an Applicable Termination (as defined in each Asset Purchase Agreement), the applicable Seller has agreed to pay to the Company its Applicable Portion (as defined in each Asset Purchase Agreement) of a termination fee of \$50 million, if the termination occurs on or prior to December 31, 2016, \$75 million, if the termination occurs on or after January 1, 2017 but prior to July 1, 2017, or \$100 million, if the termination occurs on or after July 1, 2017, in each case, plus such Seller's Applicable Portion of the Company's transaction costs as provided therein.

The foregoing description of the Asset Purchase Agreements does not purport to be complete and is qualified in its entirety by reference to the Asset Purchase Agreements, copies of which are being filed as Exhibits 2.1 and 2.2 hereto and are incorporated herein by reference.

Commitment Letter

In connection with the Asset Purchase Agreements, the Company entered into a debt commitment letter (the Commitment Letter) dated as of August 2, 2016, with Barclays Bank PLC (the Commitment Party), pursuant to which, among other things, the Commitment Party has committed to provide the Company with debt financing in the aggregate principal amount of up to \$400 million to finance the Acquisitions, pay for any Additional Contracts, satisfy any regulatory or statutory capital requirements applicable to the Company in connection with the transactions contemplated by the Asset Purchase Agreements, pay any transaction costs and finance any ongoing working capital requirements or other general corporate purposes. The Commitment Party's obligations under the Commitment Letter are subject to the satisfaction or waiver of certain conditions, including consummation of the Acquisitions in accordance with the Asset Purchase Agreements, the negotiation and execution of definitive documentation consistent with the Commitment Letter, delivery of certain pro forma and other financial information, the accuracy of specified representations and warranties of the Sellers in the Asset Purchase Agreements, and certain other customary closing conditions.

The foregoing description of the Commitment Letter does not purport to be complete and is qualified in its entirety by reference to the Commitment Letter, a copy of which is being filed as Exhibit 10.1 hereto and is incorporated herein by reference.
