On the Effective Date, pursuant to the terms of the Plan, SandRidge Realty, LLC, a subsidiary of the Company entered into the New Building Note with Fir Tree E&P Holdings II, LLC, a Delaware limited liability company and SOLA LTD, a Cayman Islands exempted company. The New Building Note matures on October 4, 2021. On the Effective Date, pursuant to the Restructuring Support Agreement, certain holders of the Unsecured Senior Notes purchased the New Building Note for \$27 million in cash, net of certain fees and expenses.

The description of the New Building Note is qualified in its entirety by reference to the full text of the New Building Note, which is filed herewith as Exhibit 10.2.

New Convertible Debt

On the Effective Date, pursuant to the terms of the Plan, the Company entered into an indenture by and between the Company, the Guarantors party thereto and Wilmington Trust, National Association, as trustee (the New Convertible Notes Indenture) and issued \$281,780,873 of the Company's 0.00% convertible senior subordinated notes due 2020 (the New Convertible Notes) pursuant thereto. The New Convertible Notes will not bear regular interest and will mature and mandatorily convert into New Common Stock (as defined below) on October 4, 2020 (the Maturity Date), unless earlier repurchased, redeemed or converted. Upon the occurrence of certain events, including any acceleration, repayment or prepayment of the New Convertible Notes (including any optional redemption), the Company will be required to pay a make-whole amount of \$0.783478 (the Make-Whole Amount) for each \$1.00 in principal amount of New Convertible Notes repaid or prepaid in accordance with the provisions of the New Convertible Notes Indenture.

The New Convertible Notes are initially convertible at a conversion rate (the Conversion Rate) of 0.05330841 shares of New Common Stock per \$1.00 principal amount of New Convertible Notes, which represents, in the aggregate, approximately 15,021,291 shares of New Common Stock, or 43.68% of the New Common Stock outstanding on the Effective Date on an as converted basis, subject to dilution by the Warrants (as defined below) and issuances under the Omnibus Incentive Plan (as defined below). The Conversion Rate for the New Convertible Notes is subject to

customary anti-dilution adjustments. Whenever an event occurs such that the Company is required to pay the Make-Whole Amount, the Conversion Rate will be automatically adjusted such that the New Convertible Notes convert into the same percentage of New Common Stock before and after such event.

The New Convertible Notes are convertible at the option of the holders at any time to, and including, the business day immediately preceding the Maturity Date. In addition, the Company is required to convert all outstanding New Convertible Notes upon the earliest to occur of the following: (i) any bona fide arm's length issuance by the Company of New Common Stock to third parties for cash with (x) a total issuance size that is greater than or equal to \$100,000,000 and (y) a per-share price greater than or equal to \$34.16; (ii) 30 days' written notice to the Company to convert the New Convertible Notes from holders of at least a majority in aggregate principal amount of the New Convertible Notes then outstanding; (iii) if the New Common Stock is listed on a U.S. national securities exchange, the average of the last reported sale prices of the New Common Stock over a 30 consecutive trading day period is 50% greater than \$34.16; (iv) any bona fide refinancing of the New First Lien Exit Facility after a determination by the Board (as defined below) in good faith that: (A) such refinancing provides for terms that are materially more favorable to the Company and (B) the causing of a conversion is not the primary purpose of such refinancing; (v) any change of control transaction; or (vi) the Maturity Date. Upon conversion, the Company will deliver shares of New Common Stock equal to the Conversion Rate, together with a cash payment in lieu of delivering any fractional share of New Common Stock issuable upon conversion, based on the last reported sale price of the New Common Stock on the relevant conversion date.

The Company may redeem for cash all or part of the New Convertible Notes at any time prior to the Maturity Date, at a redemption price equal to 100% of the principal amount of such New Convertible Notes to be redeemed, as increased by the Make-Whole Amount. With respect to any New Convertible Notes selected for redemption that are converted following a redemption notice, the Conversion Rate will be automatically adjusted such that the New Convertible Notes convert into the same percentage of New Common Stock before and after such redemption notice.

The Company's obligations pursuant to the New Convertible Notes are fully and unconditionally guaranteed, jointly and severally, by each of the Guarantors that guarantee the New First Lien Exit Facility. Following the occurrence of a Springing Event (as defined in the New Convertible Notes Indenture), the Company will be required to secure \$100,000,000 of the New Convertible Notes, which amount may be increased to the full outstanding principal amount of the New Convertible Notes, including any applicable Make-Whole Amount, in accordance with the provisions of the New Convertible Notes Indenture (the "Springing Lien"). The Springing Lien will be a second priority lien on the same collateral securing the New First Lien Exit Facility.

The descriptions of the New Convertible Notes Indenture and New Convertible Notes are qualified in their entirety by reference to the full text of the New Convertible Notes Indenture, which is filed herewith as Exhibit 10.3.

On October 4, 2016, Royal Bank of Canada, as priority lien agent, and Wilmington Trust, National Association, as the subordinated collateral trustee (the "Collateral Trustee"), entered into an intercreditor and subordination agreement, which was acknowledged and agreed to by the Company and certain of the Guarantors (the "Intercreditor and Subordination Agreement") to govern the relationship of holders of the New Convertible Notes and holders of any other parity lien obligations that the Company may issue in the future, the lenders under the New First Lien Exit Facility and holders of other priority lien obligations and holders of any junior lien debt that the Company may issue in the future, with respect to collateral and certain other matters. The foregoing description of the Intercreditor and Subordination Agreement is qualified in its entirety by reference to the full text of the Intercreditor and Subordination Agreement, a copy of which is filed as Exhibit 10.4 to this report and is incorporated herein by reference.

Collateral Trust Agreement

On October 4, 2016, the Company, certain of the Guarantors, the Trustee and Wilmington Trust, National Association, as collateral trustee (the "Collateral Trustee"), entered into a collateral trust agreement (the "Collateral Trust Agreement") pursuant to which the Collateral Trustee will receive, hold, administer, maintain, enforce and distribute the proceeds of any liens upon the collateral for the benefit of the current and future holders of the notes and other parity lien obligations, if any.

The description of the Collateral Trust Agreement is qualified in its entirety by reference to the full text of the Collateral Trust Agreement, which is filed herewith as Exhibit 10.5.

Warrant Agreement

On the Effective Date, the Company entered into a warrant agreement (the *Warrant Agreement*) with American Stock Transfer & Trust Company, LLC, as warrant agent (the *Warrant Agent*). On the Effective Date, pursuant to the terms of the Plan, the Company issued 4,913,251 Series A Warrants and 2,068,690 Series B Warrants to certain Holders of General Unsecured Claims (as defined in the Plan) (the Series A Warrants and Series B Warrants collectively referred to as the *Warrants*).

The Warrants are exercisable from the date of the Warrant Agreement until 5:00 p.m., New York City time, on October 4, 2022 (the *Expiration Date*). The Warrants are initially exercisable for one share of New Common Stock per Warrant (such rate, as adjusted pursuant to the Warrant Agreement, being the *Warrant Share Number*) at an initial exercise price of \$41.34 for the Series A Warrants and \$42.03 for the Series B Warrants (each, an *Exercise Price*). The *Warrant Share Number* and each applicable *Exercise Price* are subject to customary anti-dilution adjustments. No adjustments to the applicable *Exercise Price* or *Warrant Share Number* are required unless the cumulative adjustments required would result in an increase or decrease of at least 1.0% in the applicable *Exercise Price*. Additionally, no adjustment need be made for a change in the par value of the New Common Stock.

All Warrants outstanding as of the close of business on the trading day immediately preceding the day on which a Deemed Liquidation Event (as defined in the Warrant Agreement) occurs (the *Automatic Exercise Time*) shall be deemed exercised upon the occurrence of such Deemed Liquidation Event and settled as set forth in the Warrant Agreement. Each person in whose name any shares of Common Stock are issued as a result of an automatic exercise triggered by a Deemed Liquidation Event shall for all purposes be deemed to have become the holder of record of such shares as of the *Automatic Exercise Time*.

Upon the occurrence of certain events constituting a consolidation, merger, reclassification, exchange, substitution, sale, lease or other transfer to a third party of the consolidated assets of the Company substantially as an entirety or other event in which the previously outstanding shares of New Common Stock shall be cancelled, reclassified or converted or changed into or exchanged for securities or other property (including cash) or any combination thereof, in each case that is not a Deemed Liquidation Event (a *Fundamental Change*), a Warrantholder shall be entitled to receive, upon exercise of a Warrant, the amount and kind of securities and property that a holder of New Common Stock would have been entitled to receive as a result of such *Fundamental Change* if it held a number of shares of New Common Stock equal to the number of shares of New Common Stock that such Warrantholder would have received if such Warrant had been exercised immediately prior to such *Fundamental Change*.

Warrantholders are not entitled, by virtue of holding Warrants, to vote, to consent, to receive dividends, to receive notice as stockholders with respect to any meeting of stockholders for the election of the Company's directors or any other matter, or to exercise any rights whatsoever as the Company's stockholders unless, until and only to the extent such holders become holders of record of shares of New Common Stock issuable upon exercise of the Warrants.

The Warrants generally only permit a holder of Warrants to exercise the Warrants for net share or cashless settlement, except if the New Common Stock is not listed on a national securities exchange as of the applicable exercise date, a holder of Warrants may elect physical settlement instead and pay cash to purchase the shares underlying the Warrant at the then-applicable *Exercise Price*. If net share settlement applies, the Company will deliver, without any cash payment therefor, a number of shares of New Common Stock equal to (i)(a) the number of Warrants being exercised, multiplied by (b) the *Warrant Share Number* (as of the exercise date), multiplied by (ii)(a) the *Fair Market Value* (as defined in the Warrant Agreement) of one share of New Common Stock as of the exercise date, minus (b) the applicable *Exercise Price* as of the exercise date, divided by (iii) the *Fair Market Value* of one share of New Common Stock as of the exercise date.

The description of the Warrant Agreement is qualified in its entirety by reference to the full text of the Warrant Agreement, which is filed herewith as Exhibit 10.6.

Registration Rights Agreement

On the Effective Date, the Company and certain holders of the New Common Stock (the *Stockholders*) entered into a registration rights agreement (the *Registration Rights Agreement*).

Pursuant to the Registration Rights Agreement, among other things, holders who collectively have beneficial ownership of at least 10% of the New Common Stock originally issued under the Plan (such *Stockholders*, the *Required Holders*), calculated on a fully diluted common stock equivalent basis and assuming the conversion of all New Convertible Notes and the exercise of the Warrants, have the right to request the Company to file with the SEC a registration statement on Form S-1 or S-3 of all or any portion of the Registrable Securities (as defined in the Registration Rights Agreement) held by such *Required Holders*.

A description of the material provisions of the Registration Rights Agreement is contained in the Company's registration statement on Form 8-A filed with the SEC on October 4, 2016, which description is incorporated by reference herein. The description of the Registration Rights Agreement is qualified in its entirety by reference to the full text of the Registration Rights Agreement, which is incorporated herein as Exhibit 10.7 to this report, by reference to the Company's registration statement on Form 8-A filed with the SEC on October 4, 2016.

If any stock option or other stock-based award granted under the Omnibus Incentive Plan expires, terminates or is cancelled for any reason without having been exercised in full, the number of shares of New Common Stock underlying any unexercised award shall again be available for the purpose of awards under the Omnibus Incentive Plan. If any shares of restricted stock, performance awards or other stock-based awards denominated in shares of New Common Stock awarded under the Plan are forfeited for any reason, the number of forfeited shares shall again be available for purposes of awards under the Omnibus Incentive Plan. Any award under the Omnibus Incentive Plan settled in cash shall not be counted against the maximum share limitation.

As is customary in incentive plans of this nature, each share limit and the number and kind of shares available under the Omnibus Incentive Plan and any outstanding awards, as well as the exercise or purchase prices of awards, and performance targets under certain types of performance-based awards, are subject to adjustment in the event of certain reorganizations, mergers, combinations, recapitalizations, stock splits, stock dividends or other similar events that change the number or kind of shares outstanding, and extraordinary dividends or distributions of property to the Company's stockholders.
