Item 1.01. Entry into a Material Definitive Agreement.

On January 25, 2017, in connection with a previously announced offering, Hercules Capital, Inc. (the Company) issued \$230 million aggregate principal amount of 4.375% Convertible Notes due 2022 (the Convertible Notes), which amount includes the additional \$30.0 million aggregate principal amount of Convertible Notes issued pursuant to the initial purchaser's exercise in full of its over-allotment option. The Convertible Notes were issued pursuant to an Indenture, dated January 25, 2017 (the Indenture), between the Company and U.S. Bank, National Association, as trustee (the Trustee). The sale of the Convertible Notes generated net proceeds of approximately \$224.3 million. Aggregate estimated offering expenses in connection with the transaction, including the initial purchaser's discount of approximately \$5.2 million, were approximately \$5.7 million.

The Company intends to use the net proceeds from this offering (i) to repurchase or otherwise redeem all of its 7.00% Notes due 2019, (ii) to fund investments in debt and equity securities in accordance with its investment objective and (iii) for working capital and other general corporate purposes.

The Convertible Notes will mature on February 1, 2022 (the Maturity Date), unless previously converted or repurchased in accordance with their terms. The Convertible Notes bear interest at a rate of 4.375% per year payable semiannually in arrears on February 1 and August 1 of each year, commencing on August 1, 2017.

The Convertible Notes will be unsecured obligations of the Company and will rank senior in right of payment to the Company's future indebtedness that is expressly subordinated in right of payment to the Convertible Notes; equal in right of payment to the Company's existing and future indebtedness that is not so subordinated; effectively junior in right of payment to any of the Company's secured indebtedness (including unsecured indebtedness that the Company later secures) to the extent of the value of the assets securing such indebtedness; and structurally junior to all existing and future indebtedness (including trade payables) incurred by the Company's subsidiaries, financing vehicles or similar facilities.

Prior to the close of business on the business day immediately preceding August 1, 2021, holders may convert their Convertible Notes only under certain circumstances set forth in the Indenture. On or after August 1, 2021 until the close of business on the scheduled trading day immediately preceding the Maturity Date, holders may convert their Convertible Notes at any time. Upon conversion, the Company will pay or deliver, as the case may be, at its election, cash, shares of its common stock or a combination of cash and shares of its common stock. The conversion rate is initially 60.9366 shares of common stock per \$1,000 principal amount of Convertible Notes (equivalent to an initial conversion price of approximately \$16.41 per share of common stock). The conversion rate will be subject to adjustment in some events but will not be adjusted for any accrued and unpaid interest. In addition, if certain corporate events occur prior to the Maturity Date, the Company will increase the conversion rate for a holder who elects to convert its Convertible Notes in connection with such a corporate event in certain circumstances.

The Company may not redeem the Convertible Notes at its option prior to maturity. No sinking fund is provided for the Convertible Notes. In addition, if certain corporate events occur in respect of the Company, holders of the Convertible Notes may require the Company to repurchase for cash all or part of their Convertible Notes at a repurchase price equal to 100% of the principal amount of the Convertible Notes to be repurchased, plus accrued and unpaid interest through, but excluding, the required repurchase date.

The Indenture contains certain covenants, including covenants requiring the Company to comply with Section 18(a)(1)(A) as modified by Section 61(a)(1) of the Investment Company Act of 1940, as amended, and to provide financial information to the holders of the Convertible Notes and the Trustee if the Company ceases to be subject to the reporting requirements of the Securities Exchange Act of 1934, as amended. These covenants are subject to important limitations and exceptions that are described in the Indenture.

The Company offered and sold the Convertible Notes to the initial purchaser in reliance on the exemption from registration provided by Section 4(a)(2) of the Securities Act of 1933, as amended (the Securities Act), for resale by the initial purchaser to qualified institutional buyers (as defined in the Securities Act) pursuant to the exemption from registration provided by Rule 144A under the Securities Act. The Company relied on these exemptions from registration based in part on representations made by the initial purchaser in connection with the sale of the Convertible Notes.

The foregoing description of the Indenture and the Convertible Notes does not purport to be complete and is qualified in its entirety by reference to the full text of the Indenture (including the Form of 4.375% Convertible Note due 2022), filed as an exhibit hereto and incorporated by reference herein.

This Current Report on Form 8-K is not an offer to sell any securities of the Company and is not soliciting an offer to buy such securities in any state where such offer and sale is not permitted.
