Item 1.01. Entry into a Material Definitive Agreement.

New Asset-Based Term Loan and Revolving Credit Facility

On November 30, 2017 (the *Credit Agreement Closing Date*), iHeartCommunications, Inc. (the *Company*), as parent borrower, entered into a Credit Agreement (the *Credit Agreement*), with iHeartMedia Capital I, LLC, certain subsidiaries of the Company named therein, as subsidiary borrowers, TPG Specialty Lending, Inc., as administrative agent, sole lead arranger and a lender, the other lenders, swing line lenders and letter of credit issuers from time to time party thereto and the other syndication agents party thereto. The Credit Agreement governs the Company's new asset-based term loan and revolving credit facility and replaces the Company's asset-based revolving credit facility governed by the Amended and Restated Credit Agreement, dated as of December 24, 2012 (the *Existing Credit Agreement*), which was fully paid off and terminated with borrowings under the Credit Agreement as described below.

Size and Availability

The new term loan facility consists of an initial term loan (the *Initial Term Loan*) in the aggregate principal amount of \$300.0 million and incremental term loans available to the Company, at its request, from time to time. The revolving credit facility is an asset-based revolving credit facility, with amounts available from time to time (including in respect of letters of credit) equal to the lesser of (i) the borrowing base, which equals 97.5% of the eligible accounts receivable of the Company and the subsidiary borrowers, subject to customary reserves and eligibility criteria, minus the aggregate outstanding amount of the term loans (including any incremental term loans) and (ii) the aggregate revolving credit commitments. As of the Credit Agreement Closing Date, the aggregate revolving credit commitments are \$250.0 million. Subject to certain conditions, the Company may at any time request (i) one or more additional tranches of terms loans or increases of an existing tranche of term loans and (ii) one or more increases in the amount of revolving credit commitments, in minimum amounts of \$25.0 million and in an aggregate maximum amount of \$150.0 million.

The Initial Term Loan and an aggregate amount of \$65.0 million of revolving loans were made available on the Credit Agreement Closing Date, and were used to fully pay off and terminate the Company's asset-based credit facility governed by the Existing Credit Agreement.

Interest Rate and Fees

Borrowings under the Credit Agreement bear interest at a rate per annum equal to the applicable rate plus, at the Company's option, either (1) a base rate determined by reference to the highest of (a) the prime rate announced from time to time by PNC Bank, National Association at its principal office, and (b) the Federal Funds rate plus 0.50% or (2) a Eurocurrency rate that is the greater of (a) 1.00%, and (b) the quotient of (i) the ICE LIBOR rate, or if such rate is not available, the rate determined by the Administrative Agent, and (ii) one minus the maximum rate at which reserves are required to be maintained for Eurocurrency liabilities. The applicable rate for borrowings under the Credit Agreement is 4.75% with respect to Eurocurrency term loans and revolving loans and 3.75% with respect to base rate term loans and revolving loans.

In addition to paying interest on outstanding principal under the Credit Agreement, the Company is required to pay a commitment fee of 0.75% per annum to the lenders under the Credit Agreement in respect of the unutilized revolving commitments thereunder. The Company must also pay a letter of credit fee equal to 4.75% per annum.

Maturity

Edgar Filing: iHeartCommunications, Inc. - Form 8-K

Borrowings under the Credit Agreement will mature, and lending commitments thereunder will terminate, (a) with respect to the initial term loans and the revolving credit facility, on November 30, 2020, and (b) with respect to any incremental term loan, on the maturity date applicable to such incremental term loan (or on the business day immediately preceding such maturity date if such date does not fall on a business day).

Prepayments

If at any time, (a) the outstanding amount under the revolving credit facility exceeds the aggregate amount committed by the revolving credit lenders, (b) the outstanding amount under the revolving credit facility exceeds the lesser of (i) the borrowing base and (ii) the aggregate revolving commitments under the facility, or (c) the sum of the term loans and the outstanding amount under the revolving credit facility exceeds the borrowing base, the Company will be required to repay revolving loans outstanding, term loans outstanding and cash collateralize letters of credit in an aggregate amount equal to such excess, as applicable.

Except as described below, the Company may voluntarily repay without premium or penalty, (a) outstanding amounts under the revolving credit facility at any time, and (b) outstanding amounts under the term loan facility at any time that no revolving commitments remain outstanding. Subject to certain exceptions contemplated in the Credit Agreement, if the Company pays, for any reason (including upon payment after an event of default or acceleration of loans in connection with an insolvency proceeding), all or part of the principal balance of any term loan or revolving commitments are reduced or terminated prior to the second anniversary of the closing date, the Company will pay a prepayment premium equal to (A) in the case of any voluntary prepayment or voluntary reduction, (1) 2.00% if such prepayment or reduction, as applicable, is made prior to the first anniversary of the closing date, and (2) 1.00%, if such prepayment or reduction, as applicable, is made on or after the first anniversary of the closing date, but prior to the second anniversary of the closing date in each case, of the aggregate principal amount of all term loans prepaid and/or all revolving commitments reduced, as applicable and (B) in the case of any other prepayment or reduction, (1) 1.00% if such prepayment or reduction, as applicable, is made prior to the first anniversary of the closing date, and (2) 0.50%, if such prepayment or reduction, as applicable, is made on or after the first anniversary of the closing date, but prior to the second anniversary of the closing date in each case, of the aggregate principal amount of all term loans prepaid and/or all revolving commitments reduced, as applicable.

Any voluntary prepayments the Company makes will not reduce commitments under the Credit Agreement.

Guarantees and Security

The facility is guaranteed by, subject to certain exceptions, the guarantors of the Company's senior secured credit facilities. All obligations under the Credit Agreement, and the guarantees of those obligations, are secured by a perfected security interest in all of the Company's and all of the guarantors' accounts receivable and related assets and proceeds thereof that are senior to the security interest of the Company's senior secured credit facilities in such accounts receivable and related assets and proceeds thereof, subject to permitted liens, including prior liens permitted by the indenture governing the Company's legacy notes and certain exceptions.

Certain Covenants and Events of Default

If borrowing availability is less than the greater of (a) \$50.0 million and (b) 9% of the sum of the aggregate revolving commitments and the aggregate outstanding principal amount of term loans (including incremental term loans) for five consecutive business days (a "Liquidity Event"), the Company will be required to comply with a minimum fixed charge coverage ratio of at least 1.00 to 1.00 for the most recent period of four consecutive fiscal quarters ended prior to the occurrence of the Liquidity Event, and will be required to continue to comply with this minimum fixed charge coverage ratio as of the end of each subsequently ending four consecutive fiscal quarters until borrowing availability exceeds the greater of (x) \$50.0 million and (y) 9% of the sum of the aggregate revolving commitments and the aggregate outstanding principal amount of term loans (including incremental term loans), in each case, for 30 consecutive calendar days, at which time the Liquidity Event will no longer be deemed to be occurring.

The Credit Agreement also includes negative covenants that, subject to significant exceptions, limit the Company's ability and the ability of its restricted subsidiaries to, among other things:

incur additional indebtedness;

create liens on assets;

engage in mergers, consolidations, liquidations and dissolutions;

sell assets;

pay dividends and distributions or repurchase capital stock;

make investments, loans, or advances;

prepay certain junior indebtedness;

engage in certain transactions with affiliates;

amend material agreements governing certain junior indebtedness; or

change lines of business.

The Credit Agreement includes certain customary representations and warranties, affirmative covenants and events of default, including payment defaults, breach of representations and warranties, covenant defaults, cross-defaults to certain indebtedness, certain events of bankruptcy, certain events under ERISA, material judgments and a change of control. If an event of default occurs, the lenders under the Credit Agreement will be entitled to take various actions, including the acceleration of all amounts due under the Credit Agreement and all actions permitted to be taken by a secured creditor.

The foregoing is only a summary of the material terms of the Credit Agreement and does not purport to be complete, and is qualified in its entirety by reference to the Credit Agreement, a copy of which is attached to this Current Report on Form 8-K as Exhibit 10.1 and incorporated herein by reference.
