2017 Company Performance

For 2017, our revenue increased by 2% compared to 2016 revenue, growing to \$8.8 billion, our net income was \$361 million, and our Adjusted EBITDA was \$735 million. Our Adjusted EBITDA was below the 2017 business plan goal that we had set and was 12% lower than 2016 Adjusted EBITDA. This was primarily due to higher per-unit fleet costs and lower pricing, particularly in the first half of the year.

Table of Contents

Management partially offset these challenging industry headwinds through cost-reduction actions and strategic initiatives in the areas of profitable revenue growth, fleet optimization and operational efficiencies.

In 2017, we made investments in our business designed to lower our cost structure, modernize our core infrastructure and further our position in the evolving mobility landscape. We also returned capital to our shareholders through the repurchase of \$200 million of our Common Stock, resulting in the repurchase of 6.1 million shares. Our stock price increased by 19.6% from December 31, 2016 to December 31, 2017.

In 2018, consistent with our strategy, we intend to continue to apply our brands, technology and people to drive profitable growth, while further building our position in the wide mobility services industry by continuing to: invest in connected car technology; roll-out our Demand-Fleet-Pricing system; enhance our mobile app, including targeting ease of use and speed; execute on our fleet optimization, workforce planning and shuttling initiatives; and explore new mobility partnerships and products.

2017 Compensation for our Named Executive Officers

Alignment of 2017 Compensation with Performance

Our history of pay for performance alignment was evident in the compensation paid to our named executive officers for 2017. While management's leadership and actions partially offset industry headwinds, as described above, based on actual 2017 financial performance, performance-based long-term incentives, which were granted in 2015 and based primarily on three-year cumulative Adjusted EBITDA goals, did not vest in 2018 and were forfeited without any payout. Our named executive officers also received no payouts under the 2017 annual incentive program (based on Adjusted EBITDA goal attainment for both Global and the Americas region), and performance-based long-term incentive awards granted in 2016 and 2017 and scheduled to vest in 2019 and 2020, respectively, are currently not expected to vest.

Setting 2017 Pay Levels

In connection with the one-year anniversary of our CEO's tenure, the Committee, with input from its compensation consultant, conducted a full review of our CEO's compensation opportunity to determine the appropriate 2017 pay package. Based on the results of that review, and the Compensation Committee's ongoing evaluation of appropriate compensation-setting practices, the Committee determined increases were appropriate. Driven in part by a full market review of pay opportunity, our Chief Executive Officer's base salary was increased by 10% and his target long-term incentive opportunity, which is 60% performance-based, was increased by \$2.5 million. As part of the regular annual review, in which both market and other factors are considered, the salaries of our President, Americas and President, International increased by approximately 4%, and the long-term incentive opportunities for these executive officers, which are 50% performance-based, increased by \$200,000.

Setting 2017 Performance Metrics

The Committee conducted an in-depth review of the Company's annual and long-term incentive programs to evaluate the efficacy of the existing performance metrics. Driven in large part by the Company's recently updated strategic goals, which include a significant focus on margin improvement, the Committee determined to change the performance metric for the 2017 long term incentive program to strengthen the alignment of long-term incentives with the Company's business objectives. As a result, the Committee set goals for the 2017 long term incentive program that were based strictly upon Adjusted EBITDA margin improvement instead of an absolute target. The Committee also determined that the modifier to potentially increase payouts was no longer warranted. Finally, the Committee did not

believe any change was necessary for the 2017 annual incentive program, which was based on Adjusted EBITDA absolute targets, consistent with prior years.

Table of Contents

CFO Compensation

Our former Chief Financial Officer separated from the Company in 2017, and, as a result, he received severance payments consistent with his employment agreement plus an additional cash payment of \$1.25 million. The additional cash payment was made in recognition of an amendment to our former Chief Financial Officer's employment agreement in 2016, which significantly reduced the amount of severance payable in a separation. The additional cash payment was substantially less than the additional severance that would have been payable had the separation occurred prior to the employment agreement amendment. The compensation we paid in 2017 to our interim Chief Financial Officer reflects his assignment when he assumed the role, a pro-rated annual base salary of \$575,000 and an annual incentive target, as a percentage of base salary, of 80%. However, as discussed above, no amounts were paid to our interim Chief Financial Officer under the annual incentive program.

Special Incentives

In September 2017, the Compensation Committee sought to recognize certain named executive officers for their leadership in addressing challenges the Company's business faced from industry headwinds in both 2016 and 2017, which were out of management's control and greatly contributed to below-target annual incentive payouts in 2015 and 2016, below-target or no payouts under the 2017 annual incentive program, and that performance-based long-term incentives were not expected to vest in 2018-2020. Accordingly, the Committee awarded special one-time long-term incentives to two key business leaders, our President, Americas and our President, International, with grant date values of \$1.7 million, and \$650,000, respectively. The values of these special awards were significantly less than the target amounts of the incentives that were not, or were not expected to be, paid to these executives. The awards were also intended to acknowledge the importance of retaining experienced management in a highly competitive, cyclical and fast evolving industry.

Could other matters be decided at the Meeting?

The Board is not aware of any other matters to be brought before the Meeting. However, if any other matters properly come before the Meeting, the individuals named as proxies, or their duly constituted substitutes acting at the Meeting, will be authorized to vote or otherwise act thereon in accordance with their judgment on such matters.

How many votes do I have?

You will have one vote for every share of the Company's common stock, par value \$0.01 per share (the **Common Stock**), you owned as of the close of business on March 26, 2018 (the **Record Date**).

How many votes can be cast by all shareholders?

81,239,166 votes, consisting of one vote for each share of Common Stock outstanding on the Record Date. There is no cumulative voting, and the holders of the Common Stock vote together as a single class.

How many votes must be present to hold the Meeting?

One-third of the outstanding shares of Common Stock entitled to vote at the Meeting, or 27,079,722 votes, must be present, in person or by proxy, to constitute a quorum at the Meeting. Abstentions and broker non-votes, if any, will be counted for the purpose of determining whether a quorum is present.

Table of Contents**How many votes are required to elect directors and adopt the other proposals?**

Proposal	Vote Requirement	Impact of Abstentions
No. 1: Election of Directors	Contested Election (applies to the Meeting): Directors are elected by a plurality of shares present, in person or by proxy, and entitled to vote	Will have no effect on the outcome
	Uncontested Election: Directors are elected by a majority of votes cast (number of votes cast for each nominee must exceed the number of votes cast against that nominee)	
No. 2: Ratification of Appointment of Auditors	Majority of shares present, in person or by proxy, and entitled to vote	Counted and will have the same effect as a vote against such proposal
No. 3: Advisory Approval of the Compensation of our Named Executive Officers	Majority of shares present, in person or by proxy, and entitled to vote	Counted and will have the same effect as a vote against such proposal
The plurality voting provisions of our Amended and Restated By-laws (the By-laws) will apply at the Meeting with respect to the election of directors. Because the number of nominees for director exceeded the number of directors to be elected at the Meeting fourteen days in advance of the date that this definitive Proxy Statement was first filed with the U.S. Securities and Exchange Commission (the SEC), the election of directors will qualify as a Contested Election under the By-laws. Accordingly, directors will be elected by a vote of a plurality of the shares represented in person or by proxy at the Meeting and entitled to vote on the election of directors. The thirteen nominees for director who receive the most votes of all votes cast for directors will be elected. If you do not vote for a particular nominee, or if you indicate on your proxy card, via the Internet or by telephone that you want to withhold authority to vote for a particular nominee, then your shares will not be voted for that nominee.		

If for some reason any director nominee is unable to serve, or for good cause will not serve if elected, the persons named as proxies may vote for a substitute nominee recommended by the Board and, unless you indicate otherwise on the proxy card, your shares will be voted in favor of the remaining nominees. If any substitute nominees are designated prior to the Meeting, the Company will file an amended proxy statement that, as applicable, identifies the substitute nominees, discloses that such nominees have consented to being named in the revised proxy statement and to serve if elected, and includes certain biographical and other information about such nominees required by the rules of the SEC. Alternatively, the Board may reduce the number of directors in accordance with the Company's Amended and Restated Certificate of Incorporation and the By-laws, subject to the rights of SRS Investment Management, LLC and certain of its affiliates (collectively, SRS) to recommend a replacement director under the Second Amended and Restated Cooperation Agreement, dated as of April 16, 2018, between the Company and SRS.

Pursuant to the By-laws, written notice by shareholders of qualifying nominations for election to the Board must have been received by our Secretary by February 15, 2018.

Functions and Meetings of the Board of Directors

The Company's corporate governance guidelines, director independence criteria, committee charters, codes of conduct and other documents setting forth the Company's corporate governance practices can be accessed in the Investor Relations-Corporate Governance section of the Company's website at www.avisbudgetgroup.com.

Director Independence

To determine director independence, our Board of Directors reviews commercial and charitable relationships of each director to evaluate such director's independence in accordance with the listing standards of the NASDAQ Stock Market LLC (NASDAQ) and pursuant to our own director independence criteria, which can be accessed on our website at www.avisbudgetgroup.com. In conducting its review, the Board of Directors considers a number of factors, including the director's and his or her family members' relationships with the Company and its subsidiaries, affiliates, executive officers and auditors and his or her relationships with foundations, universities and other non-profit organizations to which the Company has made a certain level of contributions during the past three years. After evaluating the factors described above, the Board of Directors has affirmatively determined that ten of our current directors are independent in accordance with NASDAQ corporate governance listing standards and our own director independence criteria. The independent directors currently serving on our Board are Brian J. Choi, Mary C. Choksi, Leonard S. Coleman, Jeffrey H. Fox, John D. Hardy, Jr., Lynn Krominga, Eduardo G. Mestre, F. Robert Salerno, Stender E. Sweeney and Sanoke Viswanathan. In determining that Mr. Viswanathan is independent, the Board of Directors considered that he is employed by JPMorgan Chase & Co. (JPM) and that JPM and its affiliates provide various financial services to the Company and its subsidiaries for which they have received customary fees. However, the Board did not believe that the Company's relationship with JPM impacted the independence of Mr. Viswanathan for the following reasons:

JPM is a large multi-national financial institution; and the Company has had a relationship with JPM for many years prior to Mr. Viswanathan's appointment to the Board as well as Mr. Viswanathan's employment with JPM;

Mr. Viswanathan has no involvement (either in his capacity as a director of the Company or as an employee of JPM) in the selection of JPM to provide the services described above or the terms or pricing of any such services, and is not directly involved in the provision of services to the Company; and

the Company utilizes a variety of financial institutions to provide commercial banking, investment banking and other financial advisory services and JPM was not involved in the process of Mr. Viswanathan's being selected to serve on the Board.

Board Leadership Structure

Our current Board leadership structure consists of:

Executive Chairman of the Board: Ronald L. Nelson;

Chief Executive Officer: Larry D. De Shon;

Presiding Director (our independent lead director): Leonard S. Coleman; and

Fully independent Compensation, Corporate Governance and Audit Committees.

The Board of Directors, which is comprised of individuals who have extensive experience with board processes, has determined that the current leadership structure, as described above, best serves the Company and its shareholders.

The Board split the roles of Chief Executive Officer and Chairman when Mr. Nelson stepped down from the role of Chief Executive Officer at the end of 2015. However, the Board does not currently have a requirement that the roles of Chief Executive Officer and Chairman of the Board be separated, because the Board believes it is in the best interests of our Company to make this determination based on the position and direction of our Company and the constitution of the Board and management team from time to time.

The Board believes that the 2015 implementation of a carefully considered succession plan demonstrates that the Board takes seriously its responsibility to determine who should serve as Chairman at any point in time in light of the specific circumstances facing our Company. In September 2015, after careful consideration, the Board determined that having Mr. Nelson serve as Chairman was in the best interests of the Company and its shareholders and that Mr. Nelson's knowledge of our Company's operations and strategy provided a valuable resource to both the Board and Mr. De Shon, which has helped facilitate a smooth transition of the Chief Executive Officer role. Mr. Nelson has announced that he does not intend to stand for reelection at the Meeting, and is not a nominee for reelection at the Meeting.

The independent members of the Board have designated Mr. Coleman to serve in the position of Presiding Director. The position of Presiding Director was established by the Board to designate an independent lead director whose primary responsibilities include:

presiding at all meetings of the Board at which the Chairman of the Board is not present, including periodic executive sessions of the independent members of the Board of Directors;

servicing as liaison between the Chairman of the Board and the independent directors;

advising the Chairman of the Board with respect to information, meeting schedules and agendas sent to the Board;

providing advice with respect to the selection of committee chairs and performing other duties that the Board of Directors may from time to time delegate to assist it in the fulfillment of its responsibilities, including the authority to call meetings of the independent directors of the Board;

serving as the principal liaison for shareholder communications directed specifically to the Board;

leading the Board's annual self-evaluation;

leading the Board's involvement in succession planning; and

assisting in assuring compliance with, and implementation of, the Corporate Governance Guidelines. Such delegation of well-defined responsibilities to a lead independent director helps ensure that an appropriate independent leadership structure is in place.

Table of Contents

Mr. Coleman brings a history of leadership experience as a lead independent director. As our Presiding Director, Mr. Coleman provides the Board with independent leadership and facilitates the independence of the Board from management.

Risk Management and Risk Assessment

Management is responsible for assessing risk and for day-to-day risk management activities. The Board executes its oversight responsibility for risk assessment and risk management, acting directly and through its Committees, as follows:

Board/Committee	Responsibility/Role
Audit Committee	<p>Assists in the Board's oversight of the Company's:</p> <ul style="list-style-type: none"> u major financial risk exposures and the steps management has undertaken to control such risks; u risks associated with information technology and cybersecurity; and u compliance with legal and regulatory requirements.
Compensation Committee	Oversees risks associated with our compensation policies and practices with respect to executive compensation.
Corporate Governance Committee	Oversees risks associated with corporate governance.
Full Board	<p>Receives reports from the Committees at every regular Board meeting.</p> <p>Considers specific risk topics.</p> <p>Receives regular reports from members of senior management that include discussion of the risks and exposures involved in their respective areas of</p>

responsibility. Such reports are provided in connection with and discussed at Board meetings.

In 2018, consistent with past practice, management reviewed the Company's compensation policies and practices for employees generally as they relate to risk management. As part of this process, management reviewed the Company's incentive compensation programs applicable to all employees with the chairmen of the Audit and Compensation Committees and the compensation consultant engaged by the Compensation Committee to determine whether such programs create incentives that might motivate inappropriate or excessive risk-taking. In the course of such review, mitigating features of the Company's incentive compensation programs were considered, including: (1) the Company's recoupment policies; (2) that virtually all of the Company's annual incentive programs allow for downward discretion, which permits the Company to reduce incentive compensation payouts; and (3) that executive officers are subject to share ownership and retention guidelines. As a result of this process, there were no recommended changes to the Company's incentive compensation programs.

Both codes of conduct are available in the Investor Relations-Corporate Governance section of the Company's website at www.avisbudgetgroup.com. We expect all directors to attend each regularly scheduled Board of Directors meeting. All directors are welcome to attend the Company's annual meeting of shareholders, and our goal is for a representative of each of the Audit Committee, Compensation Committee and Corporate Governance Committee to be present at each annual meeting. The 2017 annual meeting of shareholders was attended by five directors, including a representative of each of the Audit, Compensation and Corporate Governance Committees.

Table of Contents

Director Nomination Procedures

The Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of members of the Board of Directors. Nominees for director positions are selected on the basis of their depth and breadth of experience, wisdom, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to the duties associated with being a member of the Board of Directors.

The Corporate Governance Committee will consider written proposals from shareholders for candidates to be nominees for director positions. In considering candidates submitted by shareholders, the Corporate Governance Committee will take into consideration the needs of the Board of Directors and the qualifications of the candidate. Any such proposal should be submitted to the Corporate Governance Committee, c/o the Corporate Secretary of the Company, at Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054, and should include the following: (a) the name of the shareholder and evidence of such shareholder's beneficial ownership of the shares of Common Stock, including the number of shares of Common Stock beneficially owned and the length of time of such beneficial ownership; and (b) the name of the candidate, such candidate's resume or a listing of his or her qualifications to be a director of the Company and such candidate's consent to be named as a director, if selected by the Corporate Governance Committee, nominated by the Board of Directors and elected. The written proposal should be submitted in the time frame and consistent with the requirements described in the by-laws of the Company and under the caption Shareholder Proposals for 2019 Annual Meeting below.

The Corporate Governance Committee's process for identifying and evaluating candidates to be nominees to the Board of Directors is typically initiated by identifying a candidate who meets the criteria for selection as a nominee and has the specific qualities or skills being sought based on input from members of the Board of Directors and, if the Corporate Governance Committee deems appropriate, a third-party search firm which would help the Board to identify candidates. These candidates are evaluated by the Corporate Governance Committee by reviewing such candidates' biographical information and qualifications and checking the candidates' references. Certain qualified candidates are interviewed by at least one member of the Corporate Governance Committee. Using the input from this interview and other information, the Corporate Governance Committee evaluates whether the candidate is qualified to serve as a director and whether the Corporate Governance Committee should recommend to the Board of Directors that the Board nominate the candidate or elect the candidate to fill a vacancy on the Board of Directors. Candidates recommended by the Corporate Governance Committee are presented to the Board of Directors for selection as nominees to be presented for the approval of the shareholders or for election to fill a vacancy.

In general, the Corporate Governance Committee expects that a similar evaluation process would be used to evaluate candidates to be nominees for director positions recommended by shareholders.

In January 2018, the Company announced that, consistent with the Board's commitment to maintaining a highly qualified, independent Board, a leading search firm was recently retained to assist in its ongoing process of identifying new director candidates with specific skill sets to replace directors who may retire in the near future. In March 2018, the Corporate Governance Committee recommended that four new directors be added to the Board: Messrs. Glenn Lurie, Jagdeep Pahwa, Francis J. Shammo and Carl Sparks.

Diversity

While the Board has not adopted a formal policy with respect to diversity, the Corporate Governance Committee believes it is important that nominees for the Board represent diverse viewpoints and backgrounds. The Corporate Governance Committee is committed to advancing Board diversity, defined to include differences of viewpoint,

professional experience, education, skill, race, gender and

national origin, and as specified in its charter, considers diversity in the mix of qualifications, experience, attributes or skills included in its process of identifying and evaluating candidates to be nominees to the Board. The Company believes that its nominees further its commitment to enhancing gender diversity at the Board level.

Executive Committee

The Executive Committee has and may exercise all of the powers of the Board of Directors when the Board of Directors is not in session, including the power to authorize the issuance of stock, except that the Executive Committee has no power to (a) alter, amend or repeal the by-laws or any resolution or resolutions of the Board of Directors, (b) declare any dividend or make any other distribution to the shareholders of the Company, (c) appoint any member of the Executive Committee, or (d) take any other action which legally may be taken only by the full Board of Directors.

Succession Planning

The Board of Directors is responsible for the development, implementation and periodic review of a succession plan for our Chief Executive Officer and each senior executive, all of whom have been designated as members of our Senior Leadership Team (SLT).

In September 2015, the Company announced the implementation of a succession plan (the 2015 Succession Plan) and announced the Board's selection of Mr. De Shon, the Company's then-President International, to become the Company's next Chief Executive officer, effective January 1, 2016.

In developing the 2015 Succession Plan, the Board of Directors established a list of critical attributes and implemented a formal assessment process employing an external advisor to assess and develop successor candidates. The Board of Directors also oversaw the development of internal candidates, talent development plans, and engaged in mentoring to strengthen the skills and qualifications of such candidates.

Our Board of Directors believes that effective succession planning and talent management and development play a critical role in safeguarding business capabilities, developing strong leadership quality and executive bench strength, and optimizing overall business development, operating performance, profitability and shareholder value.

The Board of Directors views succession planning as a continual process and intends to continue to engage in succession planning consistent with the process described above. In order to ensure that qualified candidates are available for the position of Chief Executive Officer and also for each senior executive position held by a SLT member, the Board of Directors oversees the development of internal candidates, maintains talent development plans to strengthen the skills and qualifications of such candidates and would be responsible, if necessary, for the identification of suitable external successor candidates.

The Board of Directors has also developed an emergency succession plan in the event of an unexpected disability or inability of our Chief Executive Officer or other senior executive to perform his or her duties.

Related Person Transactions

There are no related person transactions that require reporting under SEC rules. The Company has adopted written procedures for the review, approval or ratification of transactions with related persons that apply to any transaction, arrangement or relationship in which:

any related person (i.e., a director, executive officer, director nominee, or any greater than 5% beneficial owner, or any immediate family member of the foregoing, or any entity in which any of the foregoing persons is employed, or is a partner, principal or in a similar position, or has any greater than 5% beneficial interest) had, has or will have a direct or indirect interest.

Under the Company's related persons policy, transactions with related persons are reviewed in advance by the General Counsel and Chief Compliance Officer and the Corporate Secretary of the Company, or in certain circumstances, as soon as possible thereafter. If it is determined by such officers that the transaction is a related person transaction and the amount involved exceeds \$120,000:

The transaction will be submitted for review to the Audit Committee, or, under certain circumstances, to the Chairman of the Audit Committee.

The Audit Committee or its Chairman will then consider all relevant facts and circumstances available.

The Audit Committee or its Chairman will approve only those transactions, determined in good faith to be in, or not inconsistent with, the best interests of the Company and its shareholders.

The Audit Committee reviews on an annual basis contributions by the Company in excess of \$1,000, in the aggregate (other than contributions made pursuant to the Company's matching contribution program for employees and directors), to a charitable organization at which a related person is actively involved with fund-raising or serves as a director, trustee or in a similar capacity.

Shareholder Engagement

We regularly conduct engagement and outreach efforts in order to communicate with existing and prospective shareholders, lenders, research analysts, rating agencies, governance firms and others. In 2017, our key engagement activities included numerous group and one-on-one investor meetings, conference calls accessible to all shareholders following each of our quarterly earnings releases, presentations at various investor conferences, and our 2017 Annual Meeting of Shareholders. Numerous members of management, in addition to our Chief Executive Officer and Chief Financial Officer, participated in these activities, each of which contained opportunities for shareholders and other constituents to provide feedback to management.

From time to time, certain of our independent Board members attend investor meetings, in addition to attending the Annual Meeting of Shareholders. For example, in 2016 and in prior years, certain of our independent Board members attended our investor day, which is typically held bi-annually, as well as one-on-one investor meetings.

Our investor relations department is the key point of contact for shareholder interaction with the Company. Shareholders and other interested parties may access investor information about our Company through our website at www.avisbudgetgroup.com. The investor relations department coordinates institutional investor meetings with management, appearances at investor conferences and our quarterly earnings calls. We consider shareholder requests to meet with members of our Board of Directors on a case-by-case basis.

Executive Compensation

Compensation Discussion and Analysis

We refer you to our Annual Report on Form 10-K for the year ended December 31, 2017 (our 2017 Form 10-K) for additional information regarding our financial results discussed below. In this Proxy Statement, we refer to Adjusted EBITDA, which we define as income from continuing operations before non-vehicle related depreciation and amortization, any impairment charges, restructuring and other related charges, early extinguishment of debt costs, non-vehicle related interest, transaction-related costs, net charges for unprecedented personal-injury legal matters and income taxes. This non-GAAP measure is a performance metric in our incentive programs and a reconciliation is provided under Analysis of 2017 Pay Decisions. When we refer to the Committee in this Executive Compensation section, we are referring to the Compensation Committee.

Executive Summary

2017 Company Performance

For 2017, our revenue increased by 2% compared to 2016 revenue, growing to \$8.8 billion, our net income was \$361 million, and our Adjusted EBITDA was \$735 million. Our Adjusted EBITDA was below the 2017 business plan goal that we had set and was 12% lower than 2016 Adjusted EBITDA. This was primarily due to higher per-unit fleet costs and lower pricing, particularly in the first half of the year. Management partially offset these challenging industry headwinds through cost-reduction actions and strategic initiatives in the areas of profitable revenue growth, fleet optimization and operational efficiencies.

In 2017, we made investments in our business designed to lower our cost structure, modernize our core infrastructure and further our position in the evolving mobility landscape. We also returned capital to our shareholders through the repurchase of \$200 million of our Common Stock, resulting in the repurchase of 6.1 million shares. Our stock price increased by 19.6% from December 31, 2016 to December 31, 2017.

In 2018, consistent with our strategy, we intend to continue to apply our brands, technology and people to drive profitable growth, while further building our position in the wide mobility services industry by continuing to: invest in connected car technology; roll-out our Demand-Fleet-Pricing system; enhance our mobile app, including targeting ease of use and speed; execute on our fleet optimization, workforce planning and shuttling initiatives; and explore new mobility partnerships and products.

2017 Strategic Accomplishments

In 2017, the Company continued to execute on its strategy designed for an evolving landscape through:

its fleet optimization initiatives, which included increasing the percentage of risk vehicles sold through alternative channels in the Americas to 50% from 39% in the previous year;

its workforce planning and shuttling initiatives, which drove a 5% year-over-year increase in productivity in the Americas and a 7% year-over-year improvement in shuttling costs per transaction in the Americas;

the implementation of a new technology platform delivering adaptive web and mobile sites which helped drive additional direct bookings and prepaid rentals;

enhancements to its mobile app that include offering a wider selection of vehicles for exchange and upgrade, gas station and parking locations, courtesy bus tracking, rental receipts, and a "find my car" feature;

Table of Contents

the establishment of a partnership with Waymo to support its fleet of self-driving cars;

a significant increase of connected cars in its fleet, and the launch of the first of its kind mobility lab;

the launch of its fully integrated Demand-Fleet-Pricing system; and

the launch of a Zipcar commuter product and Zipcar Flex in the U.K.

2017 Compensation for our Named Executive Officers*Alignment of 2017 Compensation with Performance*

Our history of pay for performance alignment was evident in the compensation paid to our named executive officers for 2017. While management's leadership and actions partially offset industry headwinds, as described above, based on actual 2017 financial performance, performance-based long-term incentives, which were granted in 2015 and based primarily on three-year cumulative Adjusted EBITDA goals, did not vest in 2018 and were forfeited without any payout. Our named executive officers also received no payouts under the 2017 annual incentive program (based on Adjusted EBITDA goal attainment for both Global and the Americas region), and performance-based long-term incentive awards granted in 2016 and 2017 and scheduled to vest in 2019 and 2020, respectively, are currently not expected to vest.

The table below evidences our strong pay for performance approach, which has yielded target or above-target payouts in strong performance periods and below-target payouts in periods where target goals were not achieved, and sets forth historical payouts under our regular global performance-based incentive programs, in which our current CEO and Regional Presidents participated.

Year	Global Annual Incentive Payout (% of target)	Vesting of Performance-Based Equity Awards for the three-year performance period commencing January 1 of the year shown	Adjusted EBITDA, as Reported (in millions)	Adjusted EBITDA Increase/ (Decrease) from Prior Year	One-Year TSR	Three-Year TSR for period ending 12/31 of the year shown
2011*	150%	100%	\$610	49%	(31%)	1431%
2012	106%	100%	\$840	38%	85%	51%
2013	105%	150%	\$769	(8%)**	104%	160%
2014	129%	109%	\$876	14%	64%	519%
2015	87%	0%	\$903	3%	(45%)	83%
2016	45%	Not Likely to Vest	\$838	(7%)	1%	(9%)
2017	0%	Not Likely to Vest	\$735	(12%)	20%	(34%)

* Avis Europe acquisition completed in October 2011.

** Decrease due to a normalization of the used car market, which resulted in a significant increase in fleet costs year-over-year.

Setting 2017 Pay Levels

In connection with the one-year anniversary of our CEO's tenure, the Committee, with input from its compensation consultant, conducted a full review of our CEO's compensation opportunity to determine the appropriate 2017 pay package. Based on the results of that review, and the Compensation Committee's ongoing evaluation of appropriate compensation-setting practices, the Committee determined increases were appropriate. Driven in part by a full market review of pay opportunity, our Chief Executive Officer's base salary was increased by 10% and his target long-term incentive opportunity, which is 60% performance-based, was increased by \$2.5 million. As part of the regular annual review, in which both market and other factors are considered, the salaries of our President, Americas and President, International increased by approximately 4%, and the long-term incentive opportunities for these executive officers, which are 50% performance-based, increased by \$200,000.

Table of Contents

Setting 2017 Performance Metrics

The Committee conducted an in-depth review of the Company's annual and long-term incentive programs to evaluate the efficacy of the existing performance metrics. Driven in large part by the Company's updated strategic goals, which include a significant focus on margin improvement, the Committee determined to change the performance metric for the 2017 long term incentive program to strengthen the alignment of long-term incentives with the Company's business objectives. As a result, the Committee set goals for the 2017 long term incentive program that were based strictly upon Adjusted EBITDA margin improvement instead of an absolute target. The Committee also determined that the modifier to potentially increase payouts was no longer warranted. Finally, the Committee did not believe any change was necessary for the 2017 annual incentive program, which was based on Adjusted EBITDA absolute targets, consistent with prior years.

CFO Compensation

Our former Chief Financial Officer separated from the Company in 2017, and, as a result, he received severance payments consistent with his employment agreement plus an additional cash payment of \$1.25 million. The additional cash payment was made in recognition of an amendment to our former Chief Financial Officer's employment agreement in 2016, which significantly reduced the amount of severance payable in a separation. The additional cash payment was substantially less than the additional severance that would have been payable had the separation occurred prior to the employment agreement amendment. The compensation we paid in 2017 to our interim Chief Financial Officer reflects his assignment when he assumed the role, a pro-rated annual base salary of \$575,000 and an annual incentive target, as a percentage of base salary, of 80%. However, as discussed above, no amounts were paid to our interim Chief Financial Officer under the annual incentive program.

Special Incentives

In September 2017, the Compensation Committee sought to recognize certain named executive officers for their leadership in addressing challenges the Company's business faced from industry headwinds in both 2016 and 2017, which were out of management's control and greatly contributed to below-target annual incentive payouts in 2015 and 2016, below-target or no payouts under the 2017 annual incentive program, and that performance-based long-term incentives were not expected to vest in 2018-2020. Accordingly, the Committee awarded special one-time long-term incentives to two key business leaders, our President, Americas and our President, International, with grant date values of \$1.7 million, and \$650,000, respectively. The values of these special awards were significantly less than the target amounts of the incentives that were not, or were not expected to be, paid to these executives. The awards were also intended to acknowledge the importance of retaining experienced management in a highly competitive, cyclical and fast evolving industry.

Compensation Practices

We believe that our compensation programs reflect sound practices, such as:

executive stock ownership guidelines with significant share ownership requirements and a requirement that an amount equal to 50% of net shares that vest must also be held for twelve months;

our current NEOs have achieved our share ownership threshold requirements, with the exception of our interim Chief Financial Officer;

an executive compensation recoupment (or clawback) policy with respect to incentive compensation;

a policy prohibiting executives from entering into speculative (or hedging) transactions in our securities;

no excise tax gross-up or single-trigger change-in- control provisions; and

no tax gross-ups on executive perquisites except with respect to relocation and expatriate benefits per the Company's standard practices.

Our Named Executive Officers

This discussion addresses executive compensation in 2017 for our named executive officers, who are:

Larry D. De Shon, our Chief Executive Officer, President and Chief Operating Officer (our CEO);

Martyn Smith, our interim Chief Financial Officer (our CFO);

Ronald L. Nelson, our Executive Chairman (our Chairman);

Joseph A. Ferraro, our President, Americas;

Mark J. Servodidio, our President, International; and

David B. Wyshner, our former President and Chief Financial Officer (our Former CFO).

Mr. Ferraro and Mr. Servodidio are sometimes referred to herein collectively as the Regional Presidents, and our CEO, our interim CFO, our Chairman and the Regional Presidents are sometimes referred to herein collectively as our Current Named Executive Officers.

Philosophy, Components and Mix of Executive Compensation

In 2017, pay for performance continued to be a fundamental tenet of our compensation philosophy, which includes the core principles of rewarding the attainment of appropriately challenging performance goals and aligning our executives' objectives with our shareholders' interests. The Committee also believes that executive compensation should be designed to attract and retain a high-caliber leadership team and take into consideration competitive practices and the overall market for executive talent.

Compensation for our NEOs is typically comprised of the following components:

Component	Function and Objective
<i>Base Salary</i>	Base salaries are paid in the form of cash and provide a fixed and competitive form of annual compensation for the performance of primary responsibilities at a level consistent with each executive's experience and role. Base salaries are designed to provide competitive compensation to attract and retain exceptional executive talent.

<i>Annual Incentive Awards</i>	Annual incentives are comprised of annual performance-based cash incentive opportunities, and reward our executives upon achieving or exceeding specific annual performance goals using performance metrics approved by the Committee and that the Company believes are appropriate measures of operational and financial performance.
<i>Long-Term Incentive Awards</i>	Long-term incentive awards are designed to attract and retain a highly qualified executive team, align executive rewards with shareholder interests, provide an incentive for our executives to achieve appropriately challenging long-range performance goals, and allow our executives to share in the value created for the Company's shareholders.

Function and Objective

We provide certain health, life insurance, disability and retirement benefits, which are all part of our broad-based employee benefits program. Retirement benefits for our NEOs (other than our President, Americas and our interim CFO) are limited to (i) deferrals under the Company's deferred compensation plan for executives, which the Company matches up to a maximum of 6% of base salary and annual incentive, and/or (ii) participation in our 401(k) plan. Other executive benefits and perquisites include auto use and financial planning services. Our CEO and our Chairman also are provided with agreed-upon limited personal use of Company-leased aircraft services.

Analysis of 2017 Pay Decisions

Compensation for our CEO

In connection with the one-year anniversary of our CEO's tenure, the Committee, with input from its compensation consultant, conducted a full review of our CEO's compensation opportunity to determine the appropriate 2017 pay package. This review included, among other things, an assessment of our CEO's performance in 2016 and consideration of market compensation data (as described in *Consideration of Peer Groups and Survey Data*). In connection with its performance review, the Committee considered that:

under our CEO's leadership, the Company had updated its corporate strategy and launched strategic initiatives to drive profitable growth and further build its position in the evolving mobility landscape;

despite significant industry headwinds driven, in part, by adverse trends in pricing and used car prices, the Company's stock price remained stable, increasing 1%, despite a 7% decrease in Adjusted EBITDA, and revenue grew 2% in 2016 compared to 2015; and

the Company returned capital to its shareholders in 2016 through the repurchase of \$390 million of its Common Stock.

As a result of this review, the Committee determined that our CEO's compensation was below the market median of similarly situated executives and an increase was warranted. As a result, the Committee approved the following elements of pay for our CEO for 2017:

an annual base salary of \$1.1 million, representing a 10% increase compared to 2016;

a target annual incentive opportunity of 150% of base salary, reflecting no change compared to 2016; and

a long-term incentive opportunity with a grant date fair value of \$5.5 million, with 60% of target units subject to the attainment of performance goals based on Adjusted EBITDA margin improvement.

The Committee determined that a long-term incentive award comprised of a mix of predominantly performance-based restricted stock units (RSUs) was appropriate, considering our pay-for-performance philosophy and past practice. The

PSU award is further described under 2017 Long-Term Incentive Awards.

Consistent with our past practice, more than 50% of our CEO's 2017 pay opportunity, at target, was performance-based, excluding all other compensation.

Compensation for our Chairman

In December 2016, our Chairman's employment agreement was extended through December 31, 2017. Accordingly, the Committee elected not to make any changes to our Chairman's pay opportunity for 2017 compared to 2016. Given the changes to our Long-Term Incentive Program as further discussed under "2017 Long-Term Incentive Awards," the Committee approved an annual performance-based cash incentive in lieu of PSUs, as described under "Annual Incentive Awards." Accordingly, our Chairman's 2017 compensation consisted of:

An annual base salary of \$800,000;

A target annual performance-based incentive opportunity of 125% of base salary, which is equivalent to the target value of PSUs granted in 2016; and

A restricted stock unit award with a grant date value of \$1.0 million, with a scheduled vesting term of one-year consistent with the one-year nature of the extended agreement.

Actual 2017 compensation for our Chairman reflected a reduction of more than 30% compared to 2016 compensation. Our Chairman has announced that he does not intend to stand for reelection at the 2018 Annual Meeting of Shareholders.

Base Salaries for our other Named Executive Officers

Salaries for our NEOs are typically determined based on factors such as our past practice, reasonable comparability with Peer Group pay data and Survey Data (as described under "Consideration of Peer Groups and Survey Data") and each NEO's responsibilities, capabilities and skills, commitment to our business, leadership and drive to add value. For the CEO and CFO roles, the Committee also considers the size and complexity of our balance sheet and capital structure.

In the beginning of 2017, the Committee approved salary increases of approximately 4% for each of our Regional Presidents. These increases were determined following an annual review for each role. The Committee also determined to maintain the base salary for our Former CFO, with no change compared to 2016.

In June 2017, the Committee approved a base salary for our interim CFO following a review of market data and the other factors described above.

Annual Incentive Awards

In establishing the 2017 annual performance-based incentive program, the Committee determined that the design should remain consistent with past practice, with target payouts as a percentage of base salary consistent with 2016 levels. The Committee also approved a target annual incentive opportunity of 80% of base salary for our interim CFO in connection with his appointment to the role in 2017. Payout opportunities also remained consistent with 2016 levels, ranging from 25% to 200% of target.

Consistent with past practice, the performance metric for our 2017 annual incentive program was Adjusted EBITDA, which is a key measure of operational and financial performance and is driven by achieving profitable revenues and

our strategic plan, and widely understood within the Company. While the Committee considered whether additional or different performance metrics should be utilized for the Company's 2017 annual incentive program, the Committee determined that the metrics should remain consistent in light of the Committee's decision to change the performance metric for the 2017 Long-Term Incentive Program, as further discussed below.

Table of Contents

The performance goals, presented below, were set based on the Company's 2017 business plan. At target, the global goal represented an increase of approximately 6%, compared to 2016 Adjusted EBITDA, as reported.

Achievement Level	Opportunity (% of Target)*	(Dollars in Millions)		
		Global**	Americas	International
Maximum	200%	\$1,062	\$775	\$370
Target	100%	\$885	\$646	\$308
Threshold	25%	\$797	\$581	\$277

* Straight-line interpolation is used for achievement between specified goals.

** Includes unallocated corporate expenses.

Global achievement under the 2017 annual incentive program was below threshold. This resulted from the Company's attainment of Adjusted EBITDA of \$735 million. Accordingly, actual payouts as a percentage of target for NEOs were as follows:

NEO*	Actual Payout (% of Target)	Regional Weighting		
		Global	Americas	International
CEO	0%	100%		
Chairman	0%	100%		
Former CFO	0%	100%		
Interim CFO	0%	100%		
President, Americas	0%	25%	75%	
President, International	49.5%	25%		75%

A reconciliation of our reported global net income to our reported global Adjusted EBITDA is set forth below (dollars are in millions):

Adjusted EBITDA	\$ 735	\$ 838	\$ 903	\$ 876	\$ 769	\$ 840 \$ 610

We believe Adjusted EBITDA is useful as a supplemental measure in evaluating the aggregate performance of our operating businesses and in comparing our results from period to period. We believe Adjusted EBITDA is useful to investors because it allows investors to assess our financial condition and results of operations on the same basis that management uses internally. Adjusted EBITDA is a non-GAAP measure and should not be considered in isolation or as a substitute for net income or other income statement data prepared in accordance with U.S. GAAP. Our presentation of Adjusted EBITDA may not be comparable to similarly titled measures used by other companies.

2017 Long-Term Incentive Awards

Regular Long-Term Incentive Program for 2017

Grant date values for awards under the Company's 2017 regular Long-Term Incentive Program (the "2017 LTIP") were as described above for our CEO and our Chairman, and following its annual executive compensation review, the Committee increased the value of the 2017 LTIP awards granted to our Regional Presidents by \$200,000. No long-term equity award was granted to our interim CFO due to the interim nature of his appointment.

The following factors were reviewed to determine the appropriate type of equity to be granted: perceived value to award recipients to effect retention and incentive goals, peer practices, the degree of alignment with shareholder interests, potential dilution and projected expense balanced with the value delivered to award recipients. Based on an analysis of these factors, the Committee determined that (a) for our CEO and our former CFO, a mix of 60% PSUs and 40% time-based restricted stock units ("RSUs") and (b) for our Regional Presidents, an equal mix, at target, of PSUs and RSUs, would:

align incentives with shareholders' focus on profitability and financial performance;

reflect the relevant decision-making impact of the individual and the impact of those decisions on the Company;
and

incentivize retention of key employees over the longer term.

As discussed above, the 2017 LTIP award for our Chairman was time-based and reflected a 50% decrease in value compared to the 2016 award, which was comprised of 50% RSUs and 50% PSUs. This reduction in value was offset by our Chairman's participation in the 2017 annual incentive program, which is 100% performance-based and under which our Chairman received no payout.

During 2016, the Committee undertook a full review of the performance metrics included in the Company's annual and long-term incentive programs, which included one-year Adjusted EBITDA goals and three-year cumulative Adjusted EBITDA goals with a relative total shareholder return modifier, respectively. Following such review, the Committee determined that in light of the Company's updated strategic goals, which included a significant focus on margin improvement, that Adjusted EBITDA margin, defined as Adjusted EBITDA divided by Revenue, would be the appropriate performance metric for the 2017 LTIP, with a three-year performance period.

Maximum vesting was increased to 200% of target, from 150% under the 2016 long-term incentive program, to align to general market practices and the Company's annual incentive program, and to recognize the challenging nature of the performance goals included in the 2017 LTIP, which were expected to have a higher degree of difficulty to achieve than the three-year cumulative Adjusted EBITDA goals included in prior long-term incentive awards.

The target goal represents a 50 basis-point improvement in 2016 Adjusted EBITDA margin, of 9.66%, for each year included in the performance period or a 150 basis-point improvement at the end of the performance period. In the first two years of the performance period, a "lock-in" feature provides an opportunity to satisfy a portion of the performance goals for up to one-third of the target units of the total award, with the entire award remaining generally subject to continued service through the scheduled vesting date in 2020. The lock-in feature was provided to recognize the

challenging nature of the performance goals, as discussed above, and that pressures can significantly impact margin fluctuation, including changes in the used car market, which can be outside of management's control.

Table of Contents

Adjusted EBITDA margin improvement goals for the 2017 LTIP are as follows:

Year	Achievement Level	Adjusted EBITDA Margin Improvement Goals	% Vesting/Lock-in of total awards (Up to)
		(from 2016 Adjusted EBITDA margin)	
2019	Maximum	+3.0 percentage points	200%
	Target	+1.5 percentage points	100%
	Threshold	+0.75 percentage points	50%
Lock-in Opportunity			
2018	Target	+1.0 percentage points	33.3%
	Threshold	+0.50 percentage points	16.6%
2017	Target	+0.50 percentage points	33.3%
	Threshold	+0.25 percentage points	16.6%

Adjusted EBITDA margin for 2017 was below the threshold lock-in achievement level. Accordingly, no lock-in vesting has been achieved. Given the amount by which the Company's 2017 Adjusted EBITDA margin was below 2017 threshold achievement level, the Company believes these awards are unlikely to vest.

Special Incentives Philosophy and Rationale

The Committee believes that special one-time equity awards should be used sparingly outside of situations involving promotions and/or new hires, and only where individual performance and other circumstances warrant. In September 2017, each of our Regional Presidents was awarded a special, one-time RSU award, scheduled to vest 50% on the first and second anniversaries of the date of grant, subject to continued service through each scheduled vesting date. Grant date values for these awards were \$1.7 million for our President, Americas, and \$650,000 for our President, International. These awards were designed to recognize that in 2016 and 2017 management, including our Regional Presidents, successfully offset, in part, challenging industry headwinds with both cost reduction and strategic initiatives, and to recognize the importance of maintaining experienced management in a highly competitive and cyclical industry. Both of our Regional Presidents have long tenure with the Company and were involved in navigating the Company through the significant downturn we experienced in 2008-2009 as a result of the global economic crisis, and were instrumental in the Company's 2017 achievements in workforce planning and shuttling, fleet optimization, driving additional direct bookings and prepaid rentals, and the continued roll-out of the Demand-Fleet-Pricing system. In approving these awards, the Committee considered the Company's performance for 2017, which included improving results in the second half of 2017, and the retention value of prior incentive awards given both past and expected payouts under such awards. The Committee took into consideration below-target payouts under the 2015 and 2016 annual incentive programs, that the 2015 PSU awards were not expected to vest in 2017, and that it was unlikely that there would be any payouts under the 2016-2017 PSU awards or the 2017 annual incentive program (other than with respect to a below-target payout for the International region). However, the values of these special one-time awards were significantly less than the target award levels that were, or were expected to be, unearned.

Setting CEO and Other NEO Compensation

Our Board has assigned to the Committee the responsibility to approve compensation for all NEOs, including our CEO. The roles and duties of participants in the decision-making process for our executive program and their duties are summarized below.

Table of Contents

Role of the Independent Compensation Consultant

Consistent with its charter, the Committee continued its engagement of Pay Governance LLC, a compensation consulting firm, to work with the Committee and the Company as an adviser on executive compensation matters in 2017. The compensation consultant reports to, and is directed by, the Committee, which has the authority to retain or terminate compensation advisers. In early 2017, the Committee reviewed information regarding the independence and potential conflicts of interest of Pay Governance, taking into account, among other things, the factors set forth in the NASDAQ listing standards.

Based on this review, the Committee concluded that the engagement of Pay Governance did not raise any conflict of interest. Outside of services provided for the Committee and advice to the Corporate Governance Committee related to compensation of non-employee directors, the compensation consultant did not provide additional services to the Company in 2017.

Compensation Decisions

In the case of NEOs other than the CEO, our Human Resources staff develops recommendations as to the level of compensation for each pay component generally based on position scope (defined as the executive's relative responsibilities compared to others within the Company and the individual's potential impact on Company operations), and the individual's experience level and performance in addition to the factors discussed under Analysis of 2017 Pay Decisions above. Performance criteria and goals are recommended by our Human Resources staff based on the Company's business plan and goals, with input from the CFO and his staff. Recommendations related to the elements generally reflect a review of practices of our Peer Group and Survey Data (as defined below), and are typically designed to take into consideration past practice and our strategy to tie a greater portion of total target compensation to variable versus fixed compensation.

Each recommendation is then discussed with our CEO for feedback and final approval. Final recommendations are reviewed with the compensation consultant and the Chairman of the Committee to ensure that they are consistent with the Committee's expectations and the Company's compensation philosophy, and ultimately submitted to the Committee for consideration. The Committee has the ultimate right and authority to revise and/or approve recommendations of management.

Our CEO's compensation is determined by the Committee, working directly with the compensation consultant. The Committee determines each component of our CEO's compensation, taking into consideration our CEO's performance as well as market and Peer Group data and other factors such as level of experience and responsibilities, leadership, skill, contributions to the Company and the size and complexity of the Company's balance sheet and operations.

Risk Assessment

In approving annual and long-term incentive awards for our NEOs, the Committee assesses the risks associated with the adoption of these awards, including the performance measures and goals for the awards, and for 2016, concluded that the incentive awards approved would not be likely to encourage excessive risk-taking. Consistent with past practice, management also reviewed the Company's compensation policies and practices for employees generally with the chairmen of the Audit and Compensation committees and the Company's compensation consultant to determine whether these programs create incentives that might motivate inappropriate or excessive risk-taking. For additional information, please see Functions and Meetings of the Board of Directors-Risk Management and Risk Assessment.

Table of Contents**Consideration of Peer Groups and Survey Data**

Given that there is just one other U.S.-based publicly traded car rental company, peer companies are selected to supplement that company with additional companies from industry sectors that are viewed as most relevant to our business based on the following criteria: company size based on revenue as the primary factor, headcount, market capitalization, enterprise value, and debt and assets. Given our capital structure, we place a greater emphasis on enterprise value than market capitalization when developing the peer group. For 2017 pay decisions, the Company's peer group consisted of the following 16 companies (the Peer Group):

AutoNation Inc.	Norwegian Cruise Line Holdings Ltd.
Carmax, Inc.	Office Depot, Inc.
Carnival Corporation	Pitney Bowes Inc.
Cintas Corporation	RR Donnelley & Sons Company
Hertz Global Holdings, Inc.	Royal Caribbean Cruises Ltd.
J.B. Hunt Transport Services, Inc.	Ryder System, Inc.
Marriott International, Inc.	Waste Management, Inc.
Norfolk Southern Corporation	Wyndham Worldwide Corporation

The current Peer Group was initially approved in 2011 and reviewed in subsequent years. For 2017, the Committee removed Starwood Hotels & Resorts Worldwide from the Peer Group as a result of its merger with Marriott International. The Committee reviewed pay data of the Peer Group, as previously discussed, applying regression analysis as needed that adjusts for the differences in revenue size within the Peer Group to ensure reasonable comparability of the pay packages of our NEOs. The Committee does not specifically target any percentile within the Peer Group when setting overall compensation, any individual element of compensation or the relative pay mix among different elements of compensation. The Committee expects to review the Peer Group from time to time in order to ensure that the component companies continue to meet the criteria for which they were selected, as well as to identify other companies that may become appropriate for inclusion.

The Committee recognizes that our executives have opportunities available to them in a range of industries and that any peer group for the Company will have some inherent limitations given the absence of a large sample of public companies in the vehicle rental business. In order to compare ourselves to a broad set of general industry market data available, the Committee also reviews widely-used survey data from consulting firms such as Aon Hewitt and Willis Towers Watson for companies that have revenue comparable to ours (the Survey Data) as another data point. The Survey Data¹ represents data from over 1,000 companies sized according to revenue, assets and number of employees.

In 2017, the Committee considered the Survey Data for each element of the 2017 compensation and benefits package as a general check and to ensure reasonable comparability. Consideration of the Peer Group and the Survey Data represented just two factors considered in setting executive compensation for 2017. Please refer to Analysis of 2017 Pay Decisions for the other factors considered in setting executive compensation for 2017.

- 1 While the Survey Data include a general list of participating companies, each survey provides information on a no-names basis-i.e., for each position comparison, it does not identify by name which companies comparable in revenue size to our Company produced results for each position matched, and thus we are unable to list the comparable companies that are included in the Survey Data utilized.

Committee Consideration of the Company's 2017 Shareholder Vote on Executive Compensation

The Committee reviewed the results of the Company's shareholder advisory vote on executive compensation (Say on Pay) in 2017. At the 2017 annual meeting of shareholders, over 99% of the

Table of Contents

votes cast were in support of the Company's Say on Pay proposal. Based on the 2017 Say on Pay results and feedback from shareholders, the Committee concluded that the Company's overall compensation program as it relates to its NEOs enjoys the support of the Company's shareholders and does not require revision to address any broad shareholder concerns.

Policy Related to Equity Awards

Our practice has been to grant long-term incentive awards at pre-established meetings of the Committee. Annual long-term incentive awards, which typically include the awards granted to all of the NEOs, have usually been approved on the date of the first regularly scheduled Committee meeting each year. However, the Committee retains the ability to determine, and has in the past determined, that another grant date may be appropriate in certain circumstances. For 2017 and future years, the Company granted, and expects to grant, awards at a subsequent meeting in March. Awards may also be approved at other Committee meetings typically for executives hired or promoted since the prior meeting. In connection with valuing the grants of stock-based awards, it is our policy generally to use, as the grant or strike price for any stock-based compensation vehicle, the closing price of our Common Stock on the date the Committee approves the award. The Committee typically approves a dollar amount for each restricted unit award, which is then divided by the closing price of our Common Stock on the date of grant to arrive at the number of restricted units to be granted.

Executive Stock Ownership and Retention Guidelines

Our executive stock ownership guidelines require senior officers to acquire and hold designated levels of Avis Budget Common Stock. Under these guidelines, our CEO is required to retain 100%, and other NEOs are required to retain a minimum of 50% of the net shares (net of taxes) obtained upon the vesting of restricted stock awards and of vested stock options, until reaching the following specified ownership thresholds:

Officer(s)	Threshold
CEO	Five times base salary
Other NEOs	Three times base salary

Given the mandatory hold provision until thresholds are obtained, there is no specified deadline for achieving designated thresholds. For purposes of the executive stock ownership guidelines, stock ownership is defined to include stock owned by the executive directly, stock owned indirectly through the Company's savings plan, and the in-the-money portion of vested stock options. Our current NEOs have exceeded the applicable specified ownership threshold, with the exception of our interim CFO.

Following attainment of ownership thresholds, our NEOs are required, for a period of one year, to hold an amount equal to 50% of the net shares obtained upon the vesting of any equity award and 50% of all stock options that vest.

Employment and Change of Control Agreements; Severance Arrangements

To foster the retention of our key management team and in accordance with past practice, we entered into an employment agreement with our CEO in connection with his assumption of the role in 2016. Effective December 31, 2017, the employment agreement with our Chairman expired and was not extended or renewed and his employment continues at will.

In June 2017, our Former CFO, who had held the role of chief financial officer since 2006, separated from the Company. In connection with this separation, we entered into a separation agreement which provided for post-separation severance and benefits in accordance with the terms of our Former CFO's employment agreement, which was amended March 2016 to (i) reduce the cash severance payable in connection with a separation without cause or as a result of a constructive discharge from 299% to

Table of Contents

200% of the sum of base salary plus target bonus, and to (ii) reduce accelerated vesting of stock-based awards from 100% of all awards to vesting of only those awards scheduled to vest less than two years following separation, with vesting of performance-based awards to be based solely on the actual achievement of the applicable performance goals. In consideration of these recent changes, the Committee approved an additional cash severance payment of \$1.25 million, which was meaningfully less than the reduction in severance that was agreed to in 2016. The Separation Agreement also provided for non-competition, non-solicit and cooperation covenants.

We have also entered into agreements with our President, Americas and our President, International, under which the Company seeks to provide these officers with appropriate protections consistent with prevailing market practices. In addition, we entered into an agreement with our interim CFO in 2017 setting forth the terms of an anticipated short-term assignment.

A more detailed description of the Company's current agreements with our NEOs is set forth below under the heading "Employment Agreements and Other Arrangements," and the benefits that would be received by our NEOs in the event of termination without cause or a change in control are set forth below under the heading "Termination, Severance and Change of Control Arrangements."

Perquisites and Benefits

We seek to provide perquisites to our executives that are consistent with those provided by Peer Group companies. Our perquisites currently consist primarily of financial planning services, auto use or allowance, discounted auto insurance, auto leasing through the employee lease program and limited personal use of Company-leased aircraft services. In 2017, Mr. Servodidio, who was based in the United Kingdom, and Mr. De Shon, who was based in the United Kingdom from October 2011 through October 2015, were also provided with expatriate benefits associated with a Company-requested long-term assignment to the United Kingdom. The Company does not provide tax reimbursements on perquisites for any of our NEOs other than relocation and expatriate benefits in accordance with the Company's standard policies.

The Company pays annual dues for a membership in a private, not-for-profit dining club for use by our CEO primarily for Company-sponsored meetings. Employees, including our NEOs, may also receive tickets for professional baseball games held at Yankee Stadium, which are part of the Company's season ticket subscription, and do not result in an associated incremental cost to our Company. Our ticket allocation policy is generally seniority-based, with a valid business purpose superseding any personal use. We will continue to review our compensation and benefit programs to ensure that we remain competitive with comparable companies and are able to attract and retain highly qualified senior executives.

Anti-Hedging Policy

The Company's insider trading policy prohibits executive officers and directors from, among other things, (i) engaging in hedging transactions with respect to Company securities, including through the use of financial instruments such as prepaid variable forwards, equity swaps, collars and exchange funds, and (ii) holding Company securities in a margin account or otherwise pledging Company securities as collateral for a loan. Short sales of the Company's securities are also prohibited under such policy.

Recoupment (Clawback) Policy

Our Board of Directors has adopted a policy that provides that if the Board learns of any intentional misconduct by an executive officer (as defined under Section 16 of the Exchange Act) that resulted in an increase to incentive income

awarded to that officer, the Board will, to the full extent permitted by applicable law, in all appropriate cases, require reimbursement of the increased portion of incentive income awarded to that officer. We intend to amend our clawback policy, if necessary, to comply with any rules adopted by the SEC.

Table of Contents

Deductibility of Compensation

Section 162(m) of the Code limits our ability to deduct certain compensation in excess of \$1.0 million per year paid to the Company's chief executive officer and to certain of our other named executive officers (the "covered NEOs"). Prior to the passage of the Tax Cuts and Jobs Act of 2017, this limitation did not apply to compensation that qualifies under applicable regulations as performance-based. For 2017 and prior years, it has been our intent to design the performance-based compensation we awarded to our NEOs to satisfy the requirements for deductibility under Section 162(m); however, the Committee is authorized to exercise discretion in determining payments in relation to levels of achievement of performance goals and believes that the total compensation program for executive officers should be managed in accordance with the objectives outlined in our compensation philosophy and in the best overall interests of our shareholders. For this reason, some compensation intended to be performance-based may exceed the limitations or not meet the requirements for deductibility under Section 162(m).

Compensation Committee Report

The Avis Budget Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on this review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

For Mr. Smith, amount includes 2017 salary earned in the United Kingdom prior to assuming the interim CFO position, and reflects a £/\$ exchange rate for the respective month in which the amounts were paid.

(b) Represents the aggregate grant date fair value computed in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718, Compensation - Stock Compensation. Assumptions used in the calculation of the grant date fair value of the 2017 stock awards are included in Note 16 to our audited financial statements for the fiscal year ended December 31, 2017, included in our 2017 Form 10-K. The grant date value of the 2017 stock awards assuming achievement of the highest level of performance conditions are: for Mr. De Shon, \$8,799,979; Mr. Nelson, \$999,989; Mr. Ferraro, \$3,500,008; Mr. Servodidio, \$2,450,015 and

- (c) Amounts reflected were earned based on achievement of annual performance goals established for each year, pursuant to the Company's Amended and Restated Equity and Incentive Plan and include deferrals under the Company's Deferred Compensation Plan.
- (d) For Mr. Ferraro, the reported change in pension value during the year represents the increased value accumulated in the Avis Rent A Car System, LLC Pension Plan. During 2017, such value increased by \$31,450, primarily driven by a decrease in the discount rate. Avis froze this qualified defined benefit pension plan to new participation and future benefit accruals as of December 31, 1998. For Mr. Smith, the reported change in pension value during the year represents the increased value accumulated in the Avis UK Pension Plan. During 2017, such value decreased by \$10,960 primarily due to payment distributions of \$53,929 during the year based on the applicable calculation formula. Pension values for Mr. Smith reflect a £/\$ exchange rate as of the date paid, received, or allocated. Please see the Pension Benefits Table for further information regarding these plans.
- (e) All Other Compensation is comprised of the benefits and perquisites presented in the following tables, and for our Former CFO includes cash severance as further described under Employment and Change of Control Agreements; Severance Agreements.

(a) Under our aircraft policy, our CEO has reasonable non-business access to leased jet services, subject to prevailing market practices and our Chairman has reasonable non-business access to leased jet services not to exceed \$75,000 per year. For our Former CFO, reasonable non-business access was subject to availability and was not to exceed ten hours per year, unless approved by our CEO in his sole discretion. For our other NEOs, non-business access is subject to approval by our CEO in his sole discretion. The incremental cost of personal use of the leased jet services was calculated based on the contracted per hour cost, which includes flight-specific direct operating costs such as standard fuel, maintenance, repairs, catering and miscellaneous fees such as variable fuel surcharge as applicable, and international fees for travel outside the United States. Since the aircraft is leased primarily for business travel, fixed costs, such as crew salaries, training, hangaring, insurance and services support are not included. Spouses of NEOs are occasionally additional passengers on business flights provided by our leased jet services. In such cases, there is no incremental cost to the Company, and as a result, no amount is reflected in the table.

(b) For Mr. Nelson, includes reimbursement for financial services provided by an approved outside vendor up to a maximum of \$12,000. For the other NEOs, excluding Mr. Smith, includes actual costs we incurred for financial services, including tax return preparation, financial planning and estate planning. Amounts also include Company-paid premiums in connection with a group excess liability umbrella insurance policy, which for 2017 were \$2,141 for Messrs. Nelson and De Shon, \$626 for Mr. Wyshner, \$1,455 for Messrs. Ferraro and Servodidio, and \$833 for Mr. Smith.

- (c) Represents the annual lease value of a Company-provided car, or annual car allowance. For Mr. Servodidio, reflects an average £/\$ exchange rate for the vehicle use period. NEOs are eligible to participate in the Company's employee auto insurance program and employee car lease program; however, no amounts are included for these programs as the Company does not incur any associated incremental cost.
- (d) For Mr. Nelson, includes: (i) annual dues of \$1,450 paid by the Company for a corporate private club membership used primarily for Company-sponsored meetings, which has now been transferred to our CEO; however, no amounts are included for occasional personal use of this membership as the Company does not incur any associated incremental cost; and (ii) discretionary matching contributions made by The Avis Budget Group Charitable Foundation of \$5,000.
- (e) Amounts include payments for annual physical examinations (annual costs for any NEO did not exceed \$3,850).

CEO Pay Ratio

For 2017, the Company reviewed a comparison of CEO pay to the pay of all its employees in 2017. The review included all employees employed by the Company as of October 1, 2017 and excluded 517, 293, 92, 8 and 609 of non-U.S. based employees in India, Brazil, Argentina, Monaco and China, respectively. We identified our median employee by (i) examining payroll records of each employee as previously described, whether employed on a full-time, part-time, seasonal or temporary basis, to

calculate each employee's gross earnings for a twelve-month period starting October 1, 2016 through September 30, 2017; (ii) ranking, by total amount of gross earnings, all employees except for our CEO from highest to lowest, resulting in a list of 29,083 employees; and (iii) selecting the employee ranked 14,542 on the list (the Median Employee). After identifying our Median Employee, we calculated total annual compensation for such employee, using the same methodology used for our named executive officers as set forth in the Summary Compensation Table above.

Total compensation for 2017 for our CEO was \$6,934,077. Our Median Employee's total compensation for 2017 was \$28,831. The ratio of our CEO's pay to the pay of our Median Employee for 2017 is 241 to 1.

For a discussion of the calculation of retirement benefits, please see Note 17 to our audited financial statements for the fiscal year ended December 31, 2017, included in our 2017 Form 10-K.

The Avis Rent A Car System, LLC Pension Plan is a qualified, final average pay type of retirement plan that pays unreduced benefits upon attainment of age 65. The retirement benefit is calculated by multiplying years of credited service and final average pay (five highest consecutive years earnings in the ten years immediately preceding the December 31, 1998 plan freeze date) and reducing that amount by a portion of estimated Social Security old age benefits payable at age 65. The normal form of payment is a 50% joint and survivor annuity (assuming the participant is married at the time benefit payments commence). Alternate forms of annuity payments and a lump-sum option may be selected, if approved by the spouse.

(b) As of December 31, 2017, Mr. Smith participated in the Avis UK Pension Plan, a funded pension plan, set up and administered under UK trust law and other relevant UK legislation. The plan has defined benefit and defined contribution sections. Mr. Smith participates in the defined benefit component of the Plan, which provides pension benefits based on service and final salary, and are payable to Mr. Smith upon attainment of age 62. Pension benefits increase in line with price inflation, subject to limits set out in the Plan's governing documents. For Mr. Smith, the present value of accumulated benefits reflects £/\$ exchange rate as of December 31, 2017, and payments during last fiscal year reflect a £/\$ exchange rate as of the date paid, received or allocated. For a discussion of the calculation of retirement benefits, please see Note 17 to our audited financial statements for the fiscal year ended December 31, 2017, included in our 2017 Form 10-K.

- (a) Under the deferred compensation plan, participants can elect to defer a maximum of 80% of base salary and 98% of annual cash incentives. The agreements between participants and the Company must provide that the deferrals under the plan are (1) irrevocable; (2) agreed to before the compensation is earned; and (3) for a specified length of time. Amounts deferred by participants, as well as any matching contributions made by the Company, are typically contributed to a rabbi trust established for the purpose of holding plan assets. Participants may allocate deferrals to one or more deemed investments under the plan. Matching contributions may be subject to such distribution provisions as determined from time to time; however, all of a participant's accounts under this plan will be distributed in the event of a change in control (as defined in the deferred compensation plan) or in the event that the participant's service with us terminates as a result of death or disability. A participant in this plan may elect a single lump-sum payment of his or her account, or may elect installments over a period of up to 10 years; however, the participant's entire account balance will be paid in a single lump-sum following a change in control.
- (b) The Company provides matching contributions for its NEOs up to a cap of 6% of base salary and annual incentive, as applicable.
- (c) All participant deferrals and matching contributions are immediately vested and are held in a grantor trust. Under this arrangement, the Company takes no tax deduction, and the beneficiaries pay no tax on contributions to the trust until amounts are paid. Although funds are potentially subject to the employer's creditors, they are inaccessible to present and future management until payment is required to be made in accordance with the terms of the plan.
- (d) Amounts represent ordinary-course distributions pursuant to prior payment elections made by the NEOs in accordance with the terms and conditions of the applicable plan (as further discussed in note (a) above).
- (e) Represents total trust assets accumulated for all periods of plan participation through the end of 2017. The aggregate balance is the sum of all participant and registrant contributions and investment earnings less any withdrawals or distributions.

Employment Agreements and Other Arrangements

Each NEO, other than our Chairman, is employed by us pursuant to a written agreement of employment or has a severance agreement, as summarized below and discussed under Employment and Change of Control Agreements; Severance Arrangements. As noted above, effective December 31, 2017, the employment agreement with our Chairman expired and was not extended or renewed and his employment continues at will.

Mr. De Shon

In addition to providing for a minimum base salary of \$1,000,000 (pursuant to Committee discretion such salary was increased to \$1,100,000 in 2017) and employee benefit plans generally available to our executive officers, Mr. De Shon's agreement provides for an annual incentive award with a target amount equal to 150% of his base salary, which may be subject to the attainment of performance goals, and grants of long-term incentive awards, upon such terms and conditions as determined by our Board of Directors or the Committee. Mr. De Shon's agreement provides that if his employment with the Company is terminated without Cause or due to a Constructive Discharge (as described below), he will be entitled to a lump-sum payment equal to 200% of the sum of his then-current base salary plus his then-current target annual bonus, and perquisites to include car usage, financial planning and health coverage for a period of 24 months. In addition, in this event, Mr. De Shon's then outstanding equity awards, scheduled to vest in accordance with the original vesting schedule by the two-year anniversary of termination of employment would immediately vest in full. However, awards that vest

Table of Contents

based on the achievement of specified objective performance goals will remain outstanding following such termination and become vested or be forfeited based on actual achievement of the applicable performance goals during the two-year period following such termination. Mr. De Shon's agreement provides for non-competition and non-solicitation covenants which will last two years following Mr. De Shon's employment with us.

Messrs. Ferraro and Servodidio

The severance agreement for each of Mr. Ferraro and Mr. Servodidio provides that if the executive's employment is terminated by us other than for Cause (as described below), disability or death, he will receive a lump-sum severance payout equal to 200% of the sum of base salary plus target incentive bonus, and perquisites to include car usage, financial planning and health coverage for a period of 24 months. In addition, in connection with such termination, each agreement also generally provides for accelerated vesting on termination of the stock-based awards which would have vested in accordance with their original vesting schedule by the two-year anniversary of termination of employment. However, awards that vest based on the achievement of specified objective performance goals will remain outstanding following such termination and become vested or be forfeited based on actual achievement of the applicable performance goals during the two-year period following such termination. Severance is contingent upon execution of a separation agreement containing a release of claims against the Company and non-competition covenants.

Mr. Smith

In June 2017, the Company entered into a letter agreement with Mr. Smith. In addition to providing for a minimum base salary of \$575,000 and employee benefit plans generally available to our executive officers, including expatriate benefits, Mr. Smith's agreement provides for an annual incentive award with a target amount equal to 80% of his base salary, subject to attainment of performance goals. The agreement also provides for certain tax and short-term relocation benefits generally in accordance with the Company's standard policies.

As noted above, no NEO is entitled to any tax gross-up or other payments for any golden parachute excise taxes, interest or penalties.

Certain Defined Terms

For Mr. De Shon:

Constructive Discharge generally means (a) any material diminution to Mr. De Shon's duties and responsibilities, including Mr. De Shon ceasing to be the most senior executive officer of a public company, (b) Mr. De Shon does not report directly to the Board of Directors, (c) any material failure of the Company to fulfill its obligations under the applicable employment agreement, (d) the relocation of our business office more than 30 miles, or (e) the failure of a successor to the Company to assume the applicable employment agreement.

For all our NEOs:

Cause is defined in the agreement for each NEO and generally includes the willful failure to substantially perform duties, any act of fraud, embezzlement or similar conduct and conviction of a felony.

Discussion of Change-in-Control Provisions

Equity Awards

The Company's Amended and Restated Equity and Incentive Plan generally provides that equity awards accelerate following a Change in Control (as defined in the Amended and Restated Equity and

Table of Contents

Incentive Plan) of the Company only if a participant is also terminated without cause or experiences a constructive discharge within two years following a Change in Control. Under the Amended and Restated Equity and Incentive Plan, Change in Control is generally defined as:

(a) any person or entity is or becomes the beneficial owner of 50% or more of the combined voting power of the Company's then outstanding voting securities; (b) a change in the majority of the members of the Board; (c) there is a merger or consolidation of the Company; or (d) shareholders of the Company approve a plan of complete liquidation or dissolution of the Company or there is a sale or disposition by the Company, of all or substantially all of the Company's assets.

Severance

Potential severance payments are described above, none of which are payable solely due to a Change in Control (as defined above).

Termination, Severance and Change of Control Arrangements

The table below shows the potential severance payments for each NEO, as of December 31, 2017.

(a) Descriptions of the terms Cause and Constructive Discharge are provided above under the section captioned Employment Agreements and Other Arrangements - Certain Defined Terms.

Our Former CFO is omitted from the table as his employment with the Company concluded in June 2017. As a result of the conclusion of his employment, he received:

cash severance of \$4,850,000, as discussed under Employment and Change of Control Agreements; Severance Arrangements, and accelerated vesting of RSUs with a value of \$1,693,548 based on the closing price of our Common Stock of \$21.60 on the date of termination.

All other outstanding RSU awards and the 2017 PSUs were canceled, and the PSUs granted in 2015 and scheduled to vest in 2018 were also canceled as a result of below-target attainment of performance goals. PSUs granted in 2016 and scheduled to vest in 2019 remain outstanding and will vest or be canceled based on attainment of performance goals. As previously discussed, the Company does not expect the PSUs granted in 2016 to vest. Continuation of benefits and perquisites are not expected to exceed \$65,000 in aggregate.

(b) For eligible NEOs, the lump-sum severance payments, other than due to death or disability, were calculated based on each executive's base salary and target annual incentive as of December 31, 2017 and multiplied by 200%. Severance due to death and disability is calculated based on target annual incentives for Messrs. De Shon and Nelson and based on actual annual incentives for Mr. Ferraro and Mr. Servodidio.

(c) The values of RSUs and PSUs were calculated assuming accelerated vesting as of December 31, 2017 and based on the closing price of our Common Stock of \$43.88. Descriptions of the accelerated vesting provisions are provided under Employment Agreements and Other Arrangements.

(d) For Mr. Nelson, reflects the continuation of benefit plans he participates in until age 75 in the event of a Resignation or Termination by the Company for Cause and all other amounts in the Continuation of Benefits and

Perquisites column include the continuation of such benefits and 24 months of continued car benefits and financial planning. For all other NEOs, reflects 24 months of continued health, dental and car benefits and financial planning.

- (e) For Mr. Smith, there are no special termination, severance, and change of control arrangements under the terms of his employment letter with the Company.

Table of Contents**2017 Director Compensation**

Non-employee directors are compensated for their service on the Board as described below.

Annual Compensation

For 2017, our directors received an annual director retainer of \$210,000. To reflect their additional responsibilities, the Presiding Director and the chairs and members of each of the Audit, Compensation, Corporate Governance and Executive Committees, respectively, receive additional retainers as set forth below.

	Annual Retainers (\$)
Presiding Director	30,000
Audit Committee Chair	25,000
Audit Committee Member	10,000
Compensation Committee Chair	25,000
Compensation Committee Member	10,000
Corporate Governance Committee Chair	15,000
Corporate Governance Committee Member	7,500
Executive Committee Member	8,000

Director compensation is paid quarterly, 50% in cash and 50% in equity, subject to a cap of 7,500 shares per quarter. Under the Company's deferred compensation plan applicable to non-employee directors (the NED Plan), a director may elect to defer any or all of the cash portion of his or her compensation and direct such deferred amounts among a pre-selected group of investment options similar to those available through the deferred compensation plan available to the NEOs. Directors may also elect to receive up to 100% of their compensation in the form of equity.

Under the NED Plan, the equity portion of director compensation is automatically deferred into the form of deferred stock units. Such units convert on a one-on-one basis into the Company's Common Stock upon termination of service, a change in control, or at a different time based on a director's election. In lieu of automatic deferral, directors may elect to receive the equity portion of their compensation in the form of the Company's Common Stock.

Directors do not receive any meeting fees or any benefits such as life or medical insurance. Members of the Board who are also officers or employees of our Company do not receive compensation for serving as directors, other than reimbursement of travel-related expenses for meetings held outside the Company's headquarters. Directors are eligible for limited matching of charitable contributions through the Avis Budget Group Charitable Foundation. Directors are also eligible to purchase vehicles through the auto lease program we make available to our employees; however, such purchases do not result in an associated incremental cost to the Company.

Mr. Choi has elected not to receive compensation for his Board service, and as a result, does not receive any compensation described in this section.

Stock Ownership Guidelines

Minimum stock ownership guidelines require each non-employee director to acquire and hold designated levels of our Company's Common Stock. Under these guidelines, our non-employee directors are required to retain a minimum of 50% of the net shares (net of taxes) awarded in connection with their director compensation, until reaching an

ownership threshold of five times the annual cash retainer. Given the mandatory hold provision until the threshold is obtained, there is no

Table of Contents

specified deadline for achieving designated thresholds. Under these guidelines, stock ownership is defined to include stock owned by the director directly, stock owned indirectly through the NED Plan, and the in-the-money portion of vested stock options, if any. As of December 31, 2017, all current directors with more than two years of Board service had exceeded such minimum ownership threshold.

(a) The cash portion of fees paid represents: 50% of the annual retainer and 50% of committee chair and membership stipends. Directors may elect to defer some or all fees earned or paid in cash under the NED Plan. For 2017, Mr. Mestre elected to receive all cash compensation in the form of deferred stock units; and Mr. Sweeney deferred all cash compensation into investment options offered under the NED Plan.

(b) The stock awards represent: a minimum of 50% of the annual retainer and 50% of committee chair and membership stipends. Such amounts represent the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. The number of deferred stock units or shares of Common Stock to be received pursuant to the equity portion of the retainer or any other compensation to be paid in the form of equity, divided by the fair market value of the Company's Common Stock on the date of grant. For 2017, directors had the opportunity to receive the equity portion of their compensation in the form of the Company's Common Stock on each quarterly payment date. Mr. Coleman, Mr. Hardy, Ms. Krominga and Mr. Sweeney made such an election. Each of the other directors received stock awards in the form of deferred stock units.

Outstanding stock awards at fiscal year-end are as follows: for Ms. Choksi, 66,071 deferred stock units; for Mr. Coleman, 69,827 deferred stock units; for Mr. Fox, 11,949 deferred stock units; for Mr. Hardy, 54,074 deferred stock units; for Ms. Krominga, 53,906 deferred stock units; for Mr. Mestre, 75,500 deferred stock units; for Mr. Salerno, 19,589 deferred stock units; for Mr. Sweeney, 66,711 deferred stock units; and for Mr. Viswanathan, 5,554 deferred stock units.

- (c) As described above, Mr. Sweeney elected to defer the cash portion of his 2017 director compensation into certain investment options available under the NED Plan. There were no above-market or preferential earnings in 2017 as any earnings were market-based, consistent with the investment options selected by Mr. Sweeney.
- (d) Represents discretionary matching contributions available through The Avis Budget Group Charitable Foundation.
- (e) Mr. Choi has elected not to receive compensation for his Board service.
- (f) Mr. Cathcart retired effective February 2017. In addition to the compensation reflected above, Messrs. Salerno and Cathcart were also paid the following amounts in 2017, which were previously earned and accrued during their prior employment with the Company and Avis Europe, respectively:

Avis Rent A Car System, LLC Pension Plan (Mr. Salerno)	\$ 40,597
Avis Rent A Car System, LLC Retirement Equalization Benefit Plan (Mr. Salerno)	\$ 59,075
Avis U.K. Pension Plan (Mr. Cathcart)*	\$ 78,195

*Reflects a \$/£ exchange rate as of December 31, 2017 of 1.3514, and reflects payments through retirement from the Board.

Report of Audit Committee

Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements and opining on the effectiveness of the Company's controls in accordance with the standards of the Public Company Accounting Oversight Board (United States) (PCAOB) and issuing their reports thereon.

In performing its oversight function, the Audit Committee discussed the consolidated financial statements with management and the independent auditors. The Audit Committee also discussed with the independent auditors the matters required to be discussed under the rules adopted by the PCAOB.

In addition, the Audit Committee discussed with the independent auditors the auditors' independence from the Company and its management, and the independent auditors provided to the Audit Committee the written disclosures and letter required from the independent auditors by applicable requirements of the PCAOB.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations and the evaluations of the Company's internal controls.

Based on the reviews and discussions referred to above and subject to the limitations on the roles and responsibilities of the Audit Committee referred to above and in its Charter, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2017 for filing with the SEC. The Audit Committee also has recommended the selection of the Company's independent registered public accounting firm for fiscal year 2018.

Proposal No. 2

Ratification Of Appointment Of Auditors

The Audit Committee's Charter provides that the Audit Committee is responsible for:

appointing, compensating and overseeing the work performed by our independent auditors related to the audit of our annual consolidated financial statements and internal controls over financial reporting; and

evaluating the qualifications, performance and independence of our independent auditors with the assistance of management.

The Audit Committee has appointed Deloitte & Touche LLP (Deloitte) as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2018. Deloitte has served as our independent registered public accounting firm since 1997. Prior to appointing Deloitte for 2018, the Audit Committee considered Deloitte's tenure, technical expertise, capabilities as independent auditors, industry knowledge and communication with the Audit Committee, and also considered the impact on the Company of changing independent auditors.

The lead engagement partner from Deloitte is required to be rotated every five years. The process for selecting a new lead engagement partner includes a meeting between the Chair of the Audit Committee and the candidate for this role, as well as discussion by the full Audit Committee and with senior management.

A representative of Deloitte is expected to be present at the Meeting and will have the opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions of shareholders.

Principal Accounting Firm Fees. Fees billed to the Company by Deloitte, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the Deloitte Entities) for the years ended December 31, 2017 and 2016 were as follows:

Type of Fees	Fee	
	(in thousands)	
	2017	2016
Audit Fees	\$ 8,551	\$ 7,748
Audit-Related Fees	\$ 725	\$ 630
Tax Fees	\$ 2,670	\$ 2,736
All Other Fees	\$	\$

Audit Fees. The aggregate audit fees primarily relate to the audit of the Company's annual consolidated financial statements for the fiscal years ended December 31, 2017 and 2016 and for the reviews of the consolidated condensed financial statements included in the Company's Quarterly Reports on Form 10-Q and for other attest services, including services related to regulatory and statutory filings and financings.

Audit-Related Fees. The aggregate audit-related fees for 2017 and 2016 primarily relate to services in connection with potential transactions or investments and audits of employee benefit plans.

Tax Fees. The aggregate fees billed for tax services for the fiscal years ended December 31, 2017 and 2016 relate to tax compliance, tax advice and tax planning. For the fiscal year ended December 31, 2017 and December 31, 2016, approximately \$1.7 million of such fees related to tax compliance and approximately \$1.0 million related to tax advice and tax planning.

Table of Contents

All Other Fees. There were no other fees for the fiscal year ended December 31, 2017 or December 31, 2016.

The Audit Committee considered the non-audit services provided by the Deloitte Entities and determined that the provision of such services was compatible with maintaining the Deloitte Entities' independence. The Audit Committee has also adopted a policy prohibiting the Company from hiring the Deloitte Entities' personnel who have been directly involved in performing auditing procedures or providing accounting advice to the Company within a specified period of time in any role in which such person would be in a position to influence the contents of the Company's consolidated financial statements.

The Audit Committee has established a policy for the pre-approval of all audit and permissible non-audit services to be provided by the independent registered public accounting firm, as described below.

All services performed by the independent registered public accounting firm in 2017 were pre-approved in accordance with the pre-approval policy and procedures adopted by the Audit Committee. This policy describes the permitted audit, audit-related, tax and other services (collectively, the Disclosure Categories) that the independent registered public accounting firm may perform. Prior to the beginning of each fiscal year, a description of the services (the Service List) anticipated to be performed by the independent registered public accounting firm in each of the Disclosure Categories in the ensuing fiscal year is presented to the Audit Committee for approval.

Any requests for audit, audit-related, tax and other services not contemplated by the Service List must be submitted to the Audit Committee for specific pre-approval, except for de minimis amounts under certain circumstances as described below, and cannot commence until such approval has been granted. Normally, pre-approval is provided at regularly scheduled meetings of the Audit Committee. However, the authority to grant specific pre-approval between meetings, as necessary, has been delegated to the Chairman of the Audit Committee. The Chairman will update the full Audit Committee no later than the next regularly scheduled meeting for any interim approvals granted.

On a quarterly basis, the Audit Committee reviews the status of services and fees incurred year-to-date as compared to the original Service List and the forecast of remaining services and fees for the fiscal year.

The policy contains a de minimis provision that operates to provide retroactive approval for permissible non-audit services under certain circumstances.

Although not required by the Company's by-laws or otherwise, the Board of Directors is submitting for shareholder ratification the selection of Deloitte as the Company's independent registered public accounting firm. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm.

Advisory Approval Of Executive Compensation

As required by Section 14A of the Exchange Act, the Company is asking its shareholders to approve an advisory resolution to approve the compensation of our named executive officers as follows:

RESOLVED, that the compensation paid to the Company's named executive officers as disclosed pursuant to the compensation rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and any related material disclosed in this Proxy Statement, is hereby APPROVED.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers, as described in this Proxy Statement.

Table of Contents**Shareholder Proposals for 2019 Annual Meeting**

Proposals received from shareholders are given careful consideration by the Company. Shareholder proposals submitted in accordance with Rule 14a-8 under the Exchange Act are eligible for consideration for inclusion in the Company's proxy statement for the 2019 annual meeting of shareholders if they are received by the Company on or before December 17, 2018. Any proposal should be directed to the attention of the Corporate Secretary, Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054. In order for a shareholder proposal submitted outside of Rule 14a-8 to be considered at the 2019 annual meeting of shareholders, such proposal must be received by the Company not later than the last date for submission of shareholder proposals under the Company's Amended and Restated By-laws (the "By-laws"). In order for a proposal (other than nominations of directors) to be timely under the By-laws, it must be received not less than sixty days (i.e., March 24, 2019) nor more than ninety days (i.e., February 22, 2019) before the anniversary date of the immediately preceding annual meeting of shareholders. In order for a director nomination to be timely under the By-laws, it must be received not less than ninety days (i.e., February 22, 2019) before the anniversary date of the immediately preceding annual meeting of shareholders. However, in the event that the annual meeting of shareholders is called for a date that is not within twenty-five days before or after the anniversary date of the immediately preceding annual meeting of shareholders, notice of a shareholder proposal in order to be timely must be received not later than the close of business on the tenth day following the day on which notice of the date of the annual meeting of shareholders was mailed or public disclosure of the date of the annual meeting of shareholders was made, whichever occurs first.

Additional Information

Eliminating Duplicate Mailings. If you share an address with other shareholders of the Company, you may receive notification that you are being sent only a single copy of the proxy materials (including a copy of the Proxy Statement and the 2017 Annual Report), unless your bank, broker or other intermediary that provides the notification receives contrary instructions from the affected shareholders. This practice, permitted under SEC rules and commonly referred to as "householding," is designed to provide extra convenience for shareholders and potential cost savings for companies.

If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of proxy materials, please notify your broker if your shares of Common Stock are held in a brokerage account or the Company if you hold registered shares of Common Stock. We will promptly deliver a separate copy of the proxy materials upon request. You can notify the Company by sending a written request to Avis Budget Group, Inc., 6 Sylvan Way, Parsippany, N.J. 07054, Attention: Corporate Secretary or by calling (973) 496-4700 and selecting the "Investor Relations" option.

Costs of Solicitation. We are required by law to convene an annual meeting of shareholders at which directors are elected. Because our shares of Common Stock are widely held, it would be impractical for our shareholders to meet physically in sufficient numbers to hold a meeting. Accordingly, the Company is soliciting proxies from our shareholders. United States federal securities laws require us to send you this Proxy Statement, and any amendments and supplements thereto, and to specify the information required to be contained in it. The Company will bear the expenses of calling and holding the 2018 Annual Meeting of Shareholders and the solicitation of proxies therefor. These costs will include, among other items, the expense of preparing, assembling, printing and mailing the proxy materials to shareholders of record and beneficial owners, and reimbursements paid to brokerage firms, banks and other fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy materials to shareholders and obtaining voting instructions of beneficial owners. In addition to soliciting proxies by mail, directors, officers and employees may solicit proxies on behalf of the Board of Directors, without additional compensation, personally or by telephone. We may also solicit proxies by e-mail from shareholders who are our employees or who previously

electronically. The Company has retained Innisfree M&A Incorporated to solicit proxies.
