**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

1. In the opinion of management, the accompanying consolidated balance sheets and consolidated statements of income, shareholders' equity and cash flows contain all adjustments, consisting only of normal recurring adjustments necessary to present fairly the financial position of the Company as of January 31, 2003, and the results of operations and changes in cash flows for the nine months then ended. Because of the seasonal nature of the Company's business, sales and earnings results for the nine months ended January 31, 2003 are not necessarily indicative of what the results will be for the full year. The consolidated balance sheet as of April 27, 2002 included in this Form 10-Q was derived from the audited consolidated financial statements of the Company included in the Company's 2002 Annual Report on Form 10-K filed with the Securities and Exchange Commission. Reference should be made to the Company's Form 10-K for the year ended April 27, 2002, including the discussion of the Company's critical accounting policies.
2. The Company has adopted Statement of Financial Accounting Standards (SFAS) No. 142, Goodwill and Other Intangible Assets, effective for fiscal 2003, which began on April 28, 2002. SFAS No. 142 changes the accounting for goodwill and other intangible assets with indefinite lives from an amortization approach to a non-amortization (impairment) approach. SFAS No. 142 requires amortization of goodwill recorded in connection with previous business combinations to cease upon adoption of the Statement. The Company will perform impairment analyses for goodwill and other intangible assets with indefinite lives on an annual basis going forward. Adoption of SFAS No. 142 will result in an increase in net income of approximately \$1.3 million for fiscal 2003.

The Company has adopted SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets, effective for fiscal 2003. SFAS No. 144 supersedes SFAS No. 121, Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of and the accounting and reporting provisions of Accounting Principles Board Opinion No. 30, Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business and Extraordinary, Unusual and Infrequently Occurring Events and Transactions. This Statement applies to long-lived assets other than goodwill. SFAS No. 144 prescribes a probability-weighted cash flow estimation approach to evaluate the recoverability of the carrying amount of long-lived assets such as property, plant and equipment. In the third quarter ended January 31, 2003, the Company applied the principles of SFAS 144, which resulted in the write-down of assets of certain subsidiary companies. See Notes 3 and 4 of the Notes to Consolidated Financial Statements.

In April 2002, the Financial Accounting Standards Board (FASB) issued SFAS No. 145, Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections. SFAS No. 145 rescinds FASB Statement No. 4, Reporting Gains and Losses from Extinguishment of Debt, and an

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, continued**

amendment of that Statement, FASB Statement No. 64, Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements. This Statement also amends FASB Statement No. 13, Accounting for Leases, to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. This Statement also amends other existing authoritative pronouncements to make various technical corrections, clarify meanings, or describe their applicability under changed conditions. The Company does not expect that this Statement will have a significant effect on its operating results.

In June 2002, SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities was issued by the Financial Accounting Standards Board. SFAS No. 146 addresses financial accounting and reporting for costs associated with exit or disposal activities and nullifies Emerging Issues Task Force Issue No. 94-3, Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring). The provisions of this Statement became effective for exit or disposal activities initiated after December 31, 2002. The Company followed the guidance provided in this Statement in the third quarter of fiscal 2003 when calculating the impairment related to certain assets of Handleman Online, the Company's e-commerce subsidiary. See Note 3 of the Notes to Consolidated Financial Statements.

In December 2002, SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, an amendment of FASB Statement No. 123 was issued by the Financial Accounting Standards Board. SFAS No. 148 provides transition guidance for those entities that elect to voluntarily adopt the accounting provisions of FASB Statement No. 123, Accounting for Stock-Based Compensation, whereby the cost of employee stock options is expensed. The Company will adopt this Statement effective as of the beginning of fiscal 2004, along with the adoption of SFAS No. 123, as previously announced. The Company is currently evaluating the effect this accounting change will have on its operating results and will disclose the impact in its annual report on Form 10-K for the fiscal year ended May 3, 2003.

In November 2002, the Financial Accounting Standards Board issued FASB Interpretation No. 45 (FIN 45), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, an interpretation of FASB Statements No. 5, 57 and 107 and rescission of FASB Interpretation No. 34. FIN 45 elaborates on the disclosures to be made by a guarantor about its obligations under certain guarantees and clarifies that a guarantor is required to recognize, at the inception of certain guarantees, a liability for the fair value of the obligation undertaken in issuing those guarantees. The Company guarantees certain liabilities for wholly-owned subsidiary companies, which are included in the consolidated financial statements of the Company or disclosed in the Contractual Cash Obligation and Commitments table in the Liquidity and Capital Resources section of the Company's Management Discussion and Analysis of Financial Condition and Results of Operations.

Table of Contents**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, continued**

in its 2002 annual report on Form 10-K filed with the Securities and Exchange Commission for the fiscal year ended April 27, 2002. The Company analyzed its outstanding guarantees as of January 31, 2003 and determined that no additional liabilities are required to be accrued or disclosed as a result of this Interpretation.

3. During the quarter ended January 31, 2003, the Company announced the refocusing of Handleman Online, its e-commerce subsidiary. Applying the principles described in SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets and SFAS No. 146, Accounting for Costs Associated with Exit or Disposal Activities, the Company incurred an impairment charge in the third quarter ended January 31, 2003 of \$5.1 million. See Note 5 of the Notes to Consolidated Financial Statements.
4. During the quarter ended January 31, 2003, the Company executed a non-binding letter of intent to sell its Madacy Entertainment business unit, resulting in an impairment charge of \$28.0 million. The charge, related to the proposed sale of Madacy Entertainment, was calculated under SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets. See Note 5 of the Notes to Consolidated Financial Statements.

In accordance with SFAS No. 144, the assets and liabilities related to the proposed sale of Madacy Entertainment have been classified as held for sale in the Company's Consolidated Balance Sheet as of January 31, 2003. The table below summarizes the major categories of assets and liabilities held for sale at January 31, 2003 (in thousands of dollars):

operations.

**Table of Contents****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS, continued**

The accounting policies of the segments are the same as those described in Note 1, Accounting Policies, contained in the Company's Form 10-K for the year ended April 27, 2002. Segment data includes intersegment revenues, as well as a charge allocating corporate costs to the operating segments. The Company evaluates performance of its segments and allocates resources to them based on income before interest, income taxes and minority interest (segment income).

Net income for the third quarter of fiscal 2003, was \$24 thousand, or break-even on a diluted per share basis, compared to \$7.2 million or \$.27 per diluted share for the third quarter of fiscal 2002. Net income for the third quarter of fiscal 2003 included after tax charges related to the proposed sale of the Company's Madacy Entertainment unit and the refocusing of Handleman Online, the Company's e-commerce unit, of \$14.1 million and \$3.3 million, respectively. Net income for the third quarter of last year included a benefit related to the discontinuance of operations at The itsy bitsy Entertainment Company ( TibECo ) of \$0.8 million.

Revenues for the first nine months of fiscal 2003 were \$1,057.5 million, an increase of 5% over revenues of \$1,006.2 million for the first nine months of fiscal 2002. Net income for the first nine months of this year was \$18.8 million or \$.72 per diluted share, compared to \$25.0 million or \$.93 per diluted share for the comparable nine-month period of last year.

The Company has two business segments: Handleman Entertainment Resources ( H.E.R. ) and North Coast Entertainment ( NCE ). H.E.R. consists of music category management and distribution operations principally in North America and the United Kingdom ( UK ). NCE encompasses the Company's proprietary video product operations.

H.E.R. revenues were \$412.7 million for the third quarter of fiscal 2003, compared to \$365.4 million for the third quarter of fiscal 2002, an increase of 13%. The increase in H.E.R. revenues for the third quarter of this fiscal year was due to sales growth within its United States and United Kingdom operations, which accounted for approximately 51% and 44% of the revenue increase, respectively. H.E.R. revenues for the first nine months of this year were \$970.2 million, an increase of 5% over revenues of \$920.4 million for the first nine months of last year. As a result of the continued sales growth within H.E.R. U.S., its market share of U.S. music industry sales grew to 11.4% as of January 31, 2003 from 11.0% as of January 31, 2002. Likewise, the sales increases at H.E.R. UK resulted in a rise in its UK music industry market share to 7.4% as of January 31, 2003 from 6.5% as of January 31, 2002.

NCE revenues for the third quarter of fiscal 2003 decreased 3% to \$28.7 million from \$29.7 million for the third quarter of fiscal 2002. NCE revenues for the first nine months of this year totaled \$103.9 million, compared to \$101.1 million for the first nine months of last year, an increase of 3%.

Consolidated direct product costs as a percentage of revenues was 79.5% for the third quarter ended January 31, 2003, compared to 80.6% for the third quarter ended January 31, 2002. The decrease in direct product costs as a percentage of revenues for the third quarter of this fiscal year was primarily due to improved gross margin rates in the UK operation, which accounted for approximately 55% of the reduction in consolidated direct product costs as a percentage of revenues; the remainder of the improvement was predominately due to a change in sales mix. Consolidated direct product costs as a percentage of revenues was 77.9% for the first nine months of fiscal 2003, compared to 77.8% for the first nine months of fiscal 2002.

Consolidated selling, general and administrative ( SG&A ) expenses for the third quarter of fiscal 2003 were \$62.7 million or 14.3% of revenues, compared to \$65.5 million or 16.8% of revenues for the third quarter of fiscal 2002. The decrease in consolidated SG&A expenses was primarily due to lower expenses at NCE of \$4.8 million, primarily a result of reduced expenses at Madacy Entertainment of \$4.4 million. In addition, a reduction in SG&A expenses of \$2.0 million was the result of the discontinuance of operations at TibECo in the third quarter of last year. Also, in the third quarter of last year, NCE incurred non-recurring consulting expenses of approximately \$1.1 million. Additionally, H.E.R. SG&A expenses increased \$2.0 million mainly due to higher sales volume in the third quarter of this fiscal year. Consolidated SG&A expenses for the first nine months of this year were \$176.8 million or 16.7% of revenues, compared to \$180.3 million or 17.9% of revenues for the same nine-month period of last year.

During the third quarter ended January 31, 2003, the Company executed a non-binding letter of intent to sell its Madacy Entertainment unit. The proposed sale of Madacy Entertainment will allow the Company to concentrate on its core competencies of distribution and category management. The Company expects to generate approximately \$41 million of cash, including a tax benefit resulting from the use of a capital loss carryforward; the sale is expected to be completed during the Company's fourth quarter of this fiscal year. The proposed sale resulted in a pre-tax impairment charge in the third quarter of fiscal 2003 of \$28.0 million or \$14.1 million after tax.

Also in the third quarter ended January 31, 2003, the Company announced the refocusing of Handleman Online, its e-commerce unit, in an effort to better align its operations with the Company's core competencies of distribution and category management. As a result, the Company recorded a pre-tax impairment charge of \$5.1 million or \$3.3 million after tax, in the third quarter of this fiscal year.

In the third quarter of last year, the Company discontinued operations at TibECo, and as a result, recorded a pre-tax impairment charge of \$5.7 million. Additionally, an income tax benefit of \$6.9 million was recorded in the third quarter of fiscal 2002, primarily related to the recognition of the benefits for prior period losses at TibECo for which no benefit was recorded in such prior periods.

The consolidated loss before interest, income taxes and minority interest ( operating loss ) for the third quarter of fiscal 2003 was \$5.9 million, compared to operating income of \$4.6 million for the third quarter of fiscal 2002. Operating income for the first nine months of this fiscal year was \$23.5 million, compared to \$36.9 million for the first nine months of last fiscal year. The decreases in operating income for the third quarter and first nine months of fiscal 2003 were primarily attributable to the impairment charges, as discussed above.

H.E.R. operating income for the third quarter of this year was \$22.2 million, compared to \$16.2 million for the third quarter of last year, an increase of 37%. H.E.R. operating income was favorably impacted by approximately \$13.1 million principally due to the increased sales volume in the third quarter of this year, partially offset by the \$5.1 million impairment charge at Handleman Online and the higher SG&A expenses of \$2.0 million discussed above. H.E.R. operating income for the first nine months of fiscal 2003 was \$45.7 million, compared to \$49.5 million for the first nine months of fiscal 2002. The \$3.9 million decrease in H.E.R. operating income for the nine-month period was primarily driven by the \$5.1 million impairment charge at Handleman Online, partially offset by improvements within the other H.E.R. operating units.

NCE operating loss for the third quarter ended January 31, 2003 increased to \$28.5 million from \$11.9 million for the comparable prior year period. The NCE operating loss in the third

**Table of Contents**

quarter of this year was predominately due to the impairment charge of \$28.0 million related to the proposed sale of Madacy Entertainment. The NCE operating loss in the third quarter of last year included the \$5.7 million impairment charge related to the discontinuance of operations at TibECo and higher NCE SG&A expenses of \$4.8 million, as previously discussed. NCE had an operating loss of \$23.2 million for the first nine months of fiscal 2003, compared to an operating loss of \$13.3 million for the comparable period of fiscal 2002. The year-to-date operating loss in both fiscal years was similarly impacted by the third quarter impairment charges and other factors noted above.

Interest income, net for the third quarter of fiscal 2003 was \$0.1 million, compared to interest expense, net of \$1.3 million for the third quarter of fiscal 2002. Interest expense, net for the nine months ended January 31, 2003 was \$0.5 million, compared to \$3.5 million for the nine-month period ended January 31, 2002. The decreases in interest expense, net, for both the third quarter and nine-month period, were due to lower borrowing levels in fiscal 2003, compared to those in fiscal 2002.

The Company reported an overall income tax benefit of \$5.9 million in the third quarter of fiscal 2003, compared to a benefit of \$4.0 million for the third quarter of fiscal 2002. The tax benefit this year primarily related to the proposed sale of Madacy Entertainment and the use of a capital loss carryforward. The tax benefit recognized in the third quarter of last year resulted from a \$6.9 million benefit primarily related to prior period losses at TibECo for which no tax benefit was recorded in such prior periods.

During the third quarter of fiscal 2003, the Company repurchased 182,500 shares of its common stock at an average price of \$12.09 per share. In February 2003, the Company announced that its Board of Directors authorized the repurchase of up to 20% of its outstanding common stock with no expiration date. This new authorization replaces the previous 10% authorization, under which the Company repurchased approximately 2 million shares. The Company intends to finance the new repurchase program with cash generated from operating activities, which includes the cash expected from the proposed sale of Madacy Entertainment. The Company is currently in a blackout period which prohibits it from repurchasing shares until March 25, 2003. This extended blackout period is due to a change in the Company's 401(k) plan administrator. The Company expects to begin repurchasing its shares after this blackout period expires.

In accordance with generally accepted accounting principles ( GAAP ), certain of the Company's assets and liabilities as of January 31, 2003 have been reclassified as held for sale. These reclassified assets and liabilities are related to the pending sale of Madacy Entertainment and are detailed in Note 4 of the Notes to Consolidated Financial Statements contained in this Form 10-Q. Assets held for sale as of January 31, 2003 were \$42.9 million and liabilities held for sale at this date were \$9.2 million. In accordance with GAAP, however, the April 27, 2002 consolidated balance sheet has not been restated to reflect this reclassification of the assets and liabilities of Madacy Entertainment.

Accounts receivable at January 31, 2003 was \$204.7 million, compared to \$274.5 million at April 27, 2002. The decrease was mainly due to the Company's ongoing collection efforts, and reflects the reclassification of Madacy Entertainment balances at January 31, 2003, as discussed above.

Other current assets decreased to \$16.7 million at January 31, 2003 from \$22.4 million at April 27, 2002. The decrease in other current assets was primarily attributable to a reduction in

**Table of Contents**

deferred tax assets and the reclassification of Madacy Entertainment balances at January 31, 2003.

Property, plant and equipment, net at January 31, 2003 was \$54.2 million, compared to \$67.7 million at April 27, 2002. This decrease was primarily due to the write-off of assets at Handleman Online, related to the refocusing strategy discussed earlier; the write-off of customer store fixtures related to the announced store closings of a key customer; and the sale of a Company facility during the second quarter of this fiscal year. In addition, Madacy Entertainment balances were reclassified from property, plant and equipment, net at January 31, 2003.

Other assets, net decreased to \$64.4 million at January 31, 2003 from \$94.5 million at April 27, 2002, chiefly due to the reclassification of Madacy Entertainment balances to assets held for sale as of January 31, 2003.

Accounts payable decreased to \$176.2 million at January 31, 2003 from \$206.2 million at April 27, 2002. The decrease in accounts payable was mainly due to the timing of vendor payments related to inventory purchases during the holiday season, and also reflects the reclassification of Madacy Entertainment balances at January 31, 2003.

Accrued and other liabilities at January 31, 2003 was \$28.8 million, compared to \$39.1 million at April 27, 2002. This decrease was predominately due to reductions in accrued royalties, accrued compensation and income taxes payable, as well as the reclassification of Madacy Entertainment balances at January 31, 2003.

Debt, non-current at January 31, 2003 was \$31.9 million, compared to \$53.7 million at April 27, 2002. The decrease in debt, non-current resulted from lower borrowing requirements due to increased cash provided from operating activities for the first nine months of this fiscal year.

Other liabilities decreased to \$8.1 million at January 31, 2003 from \$13.3 million at April 27, 2002. The decrease in other liabilities was principally due to a decrease in deferred revenue, as well as the reclassification of Madacy Entertainment balances at January 31, 2003.

Cash provided from operating activities for the first nine months of fiscal 2003 was \$83.8 million, compared to cash used by operating activities of \$57.1 million for the same nine-month period of last year. Lower accounts receivable balances over the prior year continue to drive the improvement in cash flows from operations. Net cash used by investing activities decreased to \$27.0 million for the nine months ended January 31, 2003 from \$40.6 million for the nine months ended January 31, 2002. The decrease in cash used by investing activities was primarily due to fewer additions to property, plant and equipment, resulting from lower customer store fixture and system development expenditures compared to the same period of last year. Cash used by financing activities was \$23.0 million for the first nine months of this fiscal year, compared to cash provided from financing activities of \$70.5 million for the first nine months of last fiscal year. The decrease in cash flows from financing activities over the comparable prior year period was primarily due to lower overall borrowing levels and increased repurchases of the Company's common stock, both resulting from increased cash provided from operating activities.

The Company has an unsecured \$170 million line of credit, arranged with a consortium of banks which expires in August 2005. Management believes that the revolving credit agreement, along with cash provided from operations, will provide sufficient liquidity to fund the Company's day-to-day operations, including seasonal increases in working capital, as well as purchases under the new stock repurchase program. The balance outstanding on the line of

**Table of Contents**

credit at January 31, 2003 was \$24.7 million. The Company also has a senior note agreement with a group of insurance companies. The remaining balance on the senior note agreement is \$10.7 million and is payable in equal annual installments through fiscal 2005.

Reference should be made to Note 2 of the Notes to Consolidated Financial Statements, in this Form 10-Q, for new accounting pronouncements adopted in fiscal 2003, and those currently being evaluated by the Company.

The Company expects sales for the fourth quarter of fiscal 2003 to decrease by approximately 10% from the fourth quarter of last year. The anticipated sales decline is principally due to the effect of the proposed sale of Madacy Entertainment and the announced store closings of a key customer. Consolidated product costs as a percentage of revenues are expected to be in the 78% range, which is level with last year's fourth quarter and the year-to-date percentage through the third quarter of this fiscal year. Management also believes SG&A expenses as a percentage of revenues will approximate the rate achieved in the fourth quarter of last year. The income tax rate for the fourth quarter of this year is projected to be in the mid-30% range, exceeding the 28% tax rate in the fourth quarter of last fiscal year, which benefited from the implementation of certain tax planning initiatives. Additionally, the number of outstanding shares of the Company's common stock is expected to decline during the fourth quarter, as it will be repurchasing shares under the new stock repurchase program. As a result, management believes net income and earnings per share for the fourth quarter of fiscal 2003 will be in line with the fourth quarter of last year assuming a more normalized tax rate was applied to fourth quarter results in fiscal 2002. Net income and earnings per share for the fiscal year ending May 3, 2003 will be impacted by the impairment of subsidiary assets recorded in the third quarter of this year. Based on the above, management expects earnings per share for fiscal 2003 to be in the range of \$1.03 to \$1.08.
