#### *GBP Notes*

On March 5, 2019, Digital Stout Holding, LLC, a wholly owned subsidiary of the operating partnership, issued and sold £150,000,000 aggregate principal amount of additional 3.750% Guaranteed Notes due 2030 denominated in pounds sterling (the GBP Notes). The purchase price paid by the initial purchasers for the GBP Notes was 100.653% of the principal amount thereof. The GBP Notes bear interest at the rate of 3.750% per annum from and including October 17, 2018 and will mature on October 17, 2030. Interest is payable on the GBP Notes on October 17th of each year beginning on October 17, 2019. The GBP Notes are senior unsecured obligations of Digital Stout Holding, LLC and rank equally in right of payment with all of Digital Stout Holding, LLC's other existing and future senior unsecured and unsubordinated indebtedness. Digital Stout Holding, LLC's obligations under the GBP Notes are fully and unconditionally guaranteed by Digital Realty Trust, Inc. and the operating partnership. The GBP Notes were sold outside the United States in reliance on Regulation S under the Securities Act of 1933, as amended (the Securities Act). The GBP Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to United States persons (within the meaning of Regulation S under the Securities Act) absent registration or an applicable exemption from the registration requirements.

The terms of the GBP Notes are governed by an indenture, dated as of October 17, 2018, among Digital Stout Holding, LLC, Digital Realty Trust, Inc., the operating partnership, Deutsche Trustee Company Limited, as trustee, Deutsche Bank AG, London Branch, as paying agent and a transfer agent, and Deutsche Bank Luxembourg S.A., as registrar and a transfer agent (the GBP Notes Indenture), pursuant to which the Company previously issued £400,000,000 in aggregate principal amount of its 3.750% Guaranteed Notes due 2030. The GBP Notes will be treated as a single series with the 3.750% Guaranteed Notes due 2030 previously issued under such GBP Notes Indenture. A copy of the GBP Notes Indenture was filed as Exhibit 4.1 to the Combined Current Report on Form 8-K of Digital Realty Trust, Inc. and Digital Realty Trust, L.P. (File Nos. 001-32336 and 000-54023) filed on October 18, 2018 and is incorporated herein by reference. The GBP Notes Indenture contains various restrictive covenants, including limitations on our ability to incur additional indebtedness and requirements to maintain a pool of unencumbered assets. The descriptions of the GBP Notes Indenture, the GBP Notes and the guarantees in this report are summaries and are qualified in their entirety by the terms of the GBP Notes Indenture, including the forms of the GBP Notes included therein.

The GBP Notes are redeemable in whole at any time or in part from time to time, at Digital Stout Holding, LLC's option, at a redemption price equal to the sum of:

an amount equal to 100% of the principal amount of the GBP Notes to be redeemed plus accrued and unpaid interest up to, but not including, the redemption date; and

a make-whole premium calculated in accordance with the terms of the GBP Notes Indenture.

Edgar Filing: Digital Realty Trust, Inc. - Form 8-K

Notwithstanding the foregoing, if any of the GBP Notes are redeemed on or after 90 days prior to the maturity date, the redemption price will not include a make-whole premium.

All payments of principal and interest on the GBP Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States or a political subdivision or taxing authority thereof or therein having power to tax, unless the withholding of such tax, assessment or governmental charge is required by law or the official interpretation or administration thereof. In the event such withholding or deduction of taxes is required by law, then, subject to certain exceptions, Digital Stout Holding, LLC will pay such additional amounts necessary so that the net payment of the principal of and interest on the GBP Notes to a holder who is not a United States person for United States federal income tax purposes, including additional amounts, after the withholding or deduction, will not be less than the amount provided in such GBP Notes to be then due and payable.

If, due to certain changes in tax law, Digital Stout Holding, LLC has or will become obligated to pay additional amounts on the GBP Notes or if there is a substantial probability that Digital Stout Holding, LLC will become obligated to pay additional amounts on the GBP Notes, then Digital Stout Holding, LLC may, on giving not less than 15 days nor more than 45 days notice, at its option, redeem the GBP Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the GBP Notes to be redeemed, together with interest accrued and unpaid to the date fixed for redemption.

Certain events are considered events of default, which may result in the accelerated maturity of the GBP Notes, including:

a default for 30 days in payment of any installment of interest under the GBP Notes;

a default in the payment of the principal amount or redemption price due with respect to the GBP Notes, when the same becomes due and payable;

Digital Stout Holding, LLC's, Digital Realty Trust, Inc.'s, or the operating partnership's failure to comply with any of their respective other agreements in the GBP Notes or the GBP Notes Indenture upon receipt by Digital Stout Holding, LLC, Digital Realty Trust, Inc., or the operating partnership of notice of such default by the trustee or by holders of not less than 25% in aggregate principal amount of the GBP Notes then outstanding and Digital Stout Holding, LLC's, Digital Realty Trust, Inc.'s, or the operating partnership's failure to cure (or obtain a waiver of) such default within 60 days after receipt of such notice;

failure to pay any indebtedness that is (a) of Digital Stout Holding, LLC, Digital Realty Trust, Inc., the operating partnership, any subsidiary in which the operating partnership has invested at least \$75,000,000 in capital, which we refer to as a Significant Subsidiary, or any entity in which the operating partnership is the general partner, and (b) in an outstanding principal amount in excess of \$75,000,000 at final maturity or upon acceleration after the expiration of any applicable grace period, which indebtedness is not discharged, or such default in payment or acceleration is not cured or rescinded, within 60 days after written notice to Digital Stout Holding, LLC from the trustee (or to Digital Stout Holding, LLC and the trustee from holders of at least 25% in principal amount of the outstanding GBP Notes); or

certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of Digital Stout Holding, LLC, Digital Realty Trust, Inc., the operating partnership or any Significant Subsidiary or any substantial part of their respective property.

Net proceeds from the offering of GBP Notes were approximately £152.3 million after deducting managers' discounts and estimated offering expenses. We intend to use the net proceeds from the offering of the GBP Notes to repay borrowings outstanding under the operating partnership's global credit facilities, acquire additional properties or businesses, fund development opportunities, and to provide for working capital and other general corporate purposes, including potentially for the repayment of other debt or the repurchase, redemption, or retirement of outstanding debt securities or preferred stock, or a combination of the foregoing.

The Euro Notes are senior unsecured obligations of Digital Euro Finco, LLC and rank equally in right of payment with all of Digital Euro Finco, LLC's other existing and future senior unsecured and unsubordinated indebtedness. Digital Euro Finco, LLC's obligations under the Euro Notes are fully and unconditionally guaranteed by Digital Realty Trust, Inc. and the operating partnership. The Euro Notes were sold outside the United States in reliance on Regulation S under the Securities Act. The Euro Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to United States persons (within the meaning of Regulation S under the Securities Act) absent registration or an applicable exemption from the registration requirements.

The terms of the Euro Notes are governed by an indenture, dated as of January 16, 2019, among Digital Euro Finco, LLC, Digital Realty Trust, Inc., the operating partnership, Deutsche Trustee Company Limited, as trustee, Deutsche Bank AG, London Branch, as paying agent and a transfer agent, and Deutsche Bank Luxembourg S.A., as registrar and a transfer agent (the Euro Notes Indenture), pursuant to which the Company previously issued \$850,000,000 in aggregate principal amount of its 2.500% Guaranteed Notes due 2026. The Euro Notes will be treated as a single series with the 2.500% Guaranteed Notes due 2026 previously issued under such Euro Notes Indenture. A copy of the Euro Notes Indenture was filed as Exhibit 4.1 to the Combined Current Report on Form 8-K of Digital Realty Trust, Inc. and Digital Realty Trust, L.P. (File Nos. 001-32336 and 000-54023) filed on January 16, 2019 and is incorporated herein by reference. The Euro Notes Indenture contains various restrictive covenants, including limitations on our ability to incur additional indebtedness and requirements to maintain a pool of unencumbered assets. The descriptions of the Euro Notes Indenture, the Euro Notes and the guarantees in this report are summaries and are qualified in their entirety by the terms of the Euro Notes Indenture, including the forms of the Euro Notes included therein.

The Euro Notes are redeemable in whole at any time or in part from time to time, at Digital Euro Finco, LLC's option, at a redemption price equal to the sum of:

an amount equal to 100% of the principal amount of the Euro Notes to be redeemed plus accrued and unpaid interest up to, but not including, the redemption date; and

a make-whole premium calculated in accordance with the terms of the Euro Notes Indenture.

Notwithstanding the foregoing, if any of the Euro Notes are redeemed on or after 90 days prior to the maturity date, the redemption price will not include a make-whole premium.

All payments of principal and interest on the Euro Notes will be made free and clear of and without withholding or deduction for or on account of any present or future tax, assessment or other governmental charge imposed by the United States or a political subdivision or taxing authority thereof or therein having power to tax, unless the withholding of such tax, assessment or governmental charge is required by law or the official interpretation or administration thereof. In the event such withholding or deduction of taxes is required by law, then, subject to certain exceptions, Digital Euro Finco, LLC will pay such additional amounts necessary so that the net payment of the principal of and interest on the Euro Notes to a holder who is not a United States person for United States federal income tax purposes, including additional amounts, after the withholding or deduction, will not be less than the amount provided in such Euro Notes to be then due and payable.

If, due to certain changes in tax law, Digital Euro Finco, LLC has or will become obligated to pay additional amounts on the Euro Notes or if there is a substantial probability that Digital Euro Finco, LLC will become obligated to pay additional amounts on the Euro Notes, then Digital Euro Finco, LLC may, on giving not less than 15 days nor more than 45 days' notice, at its option, redeem the Euro Notes, in whole but not in part, at a redemption price equal to 100% of the principal amount of the Euro Notes to be redeemed, together with interest accrued and unpaid to the date fixed for redemption.

Certain events are considered events of default, which may result in the accelerated maturity of the Euro Notes, including:

a default for 30 days in payment of any installment of interest under the Euro Notes;

a default in the payment of the principal amount or redemption price due with respect to the Euro Notes, when the same becomes due and payable;

Digital Euro Finco, LLC's, Digital Realty Trust, Inc.'s, or the operating partnership's failure to comply with any of their respective other agreements in the Euro Notes or the Euro Notes Indenture upon receipt by Digital Euro Finco, LLC, Digital Realty Trust, Inc., or the operating partnership of notice of such default by the trustee or by holders of not less than 25% in aggregate principal amount of the Euro Notes then outstanding and Digital Euro Finco, LLC's, Digital Realty Trust, Inc.'s, or the operating partnership's failure to cure (or obtain a waiver of) such default within 60 days after receipt of such notice;

failure to pay any indebtedness that is (a) of Digital Euro Finco, LLC, Digital Realty Trust, Inc., the operating partnership, any Significant Subsidiary, or any entity in which the operating partnership is the general partner, and (b) in an outstanding principal amount in excess of \$75,000,000 at final maturity or upon acceleration after the expiration of any applicable grace period, which indebtedness is not discharged, or such default in payment or acceleration is not cured or rescinded, within 60 days after written notice to Digital Euro Finco, LLC from the trustee (or to Digital Euro Finco, LLC and the trustee from holders of at least 25% in principal amount of the outstanding Euro Notes); or

certain events of bankruptcy, insolvency or reorganization, or court appointment of a receiver, liquidator or trustee of Digital Euro Finco, LLC, Digital Realty Trust, Inc., the operating partnership or any Significant Subsidiary or any substantial part of their respective property.

Net proceeds from the Euro Notes offering were approximately 230.0 million after deducting managers' discounts and estimated offering expenses. We intend to allocate an amount equal to the net proceeds from the offering of the Euro Notes to finance or refinance, in whole or in part, certain green building, energy and resource efficiency and renewable energy projects (collectively, Eligible Green Projects), including the development and redevelopment of such projects. Pending the allocation of an amount equal to the net proceeds of the Euro Notes to Eligible Green Projects, all or a portion of an amount equal to the net proceeds may be used to repay borrowings outstanding under the operating partnership's global credit facilities, acquire additional properties or businesses, fund development opportunities, and to provide for working capital and other general corporate purposes, including potentially for the repayment of other debt or the repurchase, redemption, or retirement of outstanding debt securities or preferred stock, or a combination of the foregoing.
