**NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES:**

Basis of presentation and description of business

The unaudited condensed consolidated financial statements of Newtek Capital, Inc. and Subsidiaries (the “Company”) included herein have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to SEC rules and regulations. The unaudited condensed consolidated financial statements of the Company reflect, in the opinion of management, all adjustments necessary to present fairly the financial position of the Company at September 30, 2002, the results of its operations for the three and nine month periods ended September 30, 2002 and 2001, and its cash flows for the nine month periods ended September 30, 2002 and September 30, 2001. All adjustments are of a normal recurring nature. These financial statements should be read in conjunction with the annual financial statements and notes thereto for the year ended December 31, 2001. The results of operations for the three months ended September 30, 2002 and the nine months ended September 30, 2002 are not necessarily indicative of the results of operations to be expected for the year ending December 31, 2002.

The following is a summary of each of the Company’s certified capital companies (“Capco”) or funds, state of certification and date of certification:

## Edgar Filing: NEWTEK CAPITAL INC - Form 10QSB

In general, the capcos issue debt and equity instruments, generally warrants ("Certified Capital"), to insurance company investors ("Certified Investors"). The capcos then make targeted investments ("Investments in Qualified Businesses", as defined under the respective state statutes, or, "Qualified Businesses"), with the Certified Capital raised. Such investments may be accounted for as either consolidated subsidiaries, under the equity method or cost method of accounting, or as notes receivable, depending upon the nature of the investment and the Company's and/or the capco's ability to control or otherwise exercise significant influence over the investee. Each capco has a contractual arrangement with the particular state that legally entitles the capco to receive (or earn) tax credits from the state upon satisfying quantified, defined investment percentage thresholds and time requirements. In order for the capcos to maintain their state-issued certifications, the capcos must make Investments in Qualified Businesses in accordance with these requirements. Each capco also has separate, legal contractual arrangements with the Certified Investors obligating the capco to pay interest on the aforementioned debt instruments whether or not it meets the statutory requirements for Investments in Qualified Businesses. The capco can satisfy this interest payment, at the capco's discretion, by delivering tax credits in lieu of paying cash. The capcos legally have the right to deliver the tax credits to the Certified Investors. The Certified Investors legally have the right to receive and use the tax credits and would, in turn, use these

tax credits to reduce their respective state tax liabilities in an amount usually equal to 100% (Louisiana – 110%) of their certified investment. The tax credits can be utilized over a ten-year period at a rate of 10% (Louisiana – 11%) per year and in some instances are transferable and can be carried forward.

#### NOTE 2 – PRIVATE PLACEMENT OF COMMON STOCK:

In the first quarter of 2002, the Company sold 433,333 shares of common stock in private transactions, with gross and net cash proceeds totaling approximately \$1,300,000. In addition, the Company sold 190,000 shares of common stock in connection with the funding of the Colorado Capco, with gross and net proceeds of approximately \$599,000, all of which were contributed to the Colorado Capco. See also Note 7 regarding the sale of common stock in exchange for minority interests.

#### NOTE 3 – INVESTMENTS IN QUALIFIED BUSINESSES:

The following table is a summary of Qualified Business investments as of September 30, 2002, shown separately between their debt and equity components, \$5,328,085 and \$1,040,783, respectively, for a total non-consolidated investment in Qualified Businesses of \$6,368,868.

In accordance with the provisions of "Financial Accounting Standards Board No. 115", the Company's debt investments are considered held to maturity and recorded at cost. The Company periodically assesses these investments for impairment.

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

NOTE 3 – INVESTMENTS IN QUALIFIED BUSINESSES: (CONTINUED)

In addition, the Company consolidates nine of its investments. The Company's total investments made in these consolidated entities was \$23,498,950, as of September 30, 2002.

The Company has not guaranteed any obligations of these investees, and the Company is not otherwise committed to provide further financial support for the investees. However, from time-to-time the Company may provide such additional financial support which, as of September 30, 2002, was not significant. Periodically, the Company evaluates each of its individual investments for potential impairment in value. Should the Company determine that an impairment exists and it is deemed to be other than temporary, the Company will write down the recorded value of the asset to its estimated fair value and record a corresponding charge in the statement of income. During the nine month period ended September 30, 2002, the Company determined that there was \$733,592 of other than temporary decline in the value of its investments for Starphire Technologies, LLC, \$86,692 of other than temporary decline in the value of its investments for Gino's Seafood, \$458,333 other than temporary decline in the value of its investment in Direct Creations, LLC, \$100,000 other than temporary decline in the value of its investment in O.S. Johnson, LLC and a \$76,718 other than temporary decline in the value of its investments for Embosser's Sales and Service. In addition, the Company determined an impairment existed for certain non-capco investments (included in prepaid expenses and other assets on the balance sheet), and recorded a charge of \$162,000. In 2002, the Company also recovered \$28,705 of cash on two of its investments written down in 2000. These items aggregate \$1,588,630 which is shown on the consolidated statement of income as other than temporary decline in value of investments.

NOTE 4 – EARNINGS PER SHARE:

Basic earnings per share is computed based on the weighted average number of common shares outstanding during the period. The dilutive effect of common stock equivalents is included in the calculation of diluted earnings per share only when the effect of their inclusion would be dilutive. The effect of common stock equivalents were anti-dilutive for the three and nine months ended September 30, 2001 and, therefore, have been excluded from the calculation of diluted earnings per share for that period.

The calculations of Net Income Per Share were:

**NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**
**NOTE 5 - SUMMARY RESULTS OF QUALIFIED INVESTMENTS:***Principles of Accounting for Ownership Interests in Qualified Investments*

The various interests that the Company acquires in its qualified investments are accounted for under three methods: consolidation, equity method and cost method. The applicable accounting method is generally determined based on the Company's voting interest in a Partner Company.

Investments in which the Company directly or indirectly owns more than 50% of the outstanding voting securities or those the Company has effective control over are generally accounted for under the consolidation method of accounting. Under this method, an investment's financial position and results of operations are reflected within the Company's Balance Sheet and Consolidated Statements of Income. All significant inter-company accounts and transactions have been eliminated. The results of operations and cash flows of a consolidated Partner Company are included through the latest interim period in which the Company owned a greater than 50% direct or indirect voting interest for the entire interim period or otherwise exercised control over the Partner Company. Upon dilution of control below 50%, the accounting method is adjusted to the equity or cost method of accounting, as appropriate, for subsequent periods.

**Equity Method.** Investees that are not consolidated, but over which the Company exercises significant influence, are accounted for under the equity method of accounting. Whether or not the Company exercises significant influence with respect to an investee depends on an evaluation of several factors including, among others, representation on the Company's Board of Directors and ownership level, which is generally a 20% to 50% interest in the voting securities of the Company, including voting rights associated with the Company's holdings in common, preferred and other convertible instruments in the investee. Under the equity method of accounting, an investee's accounts are not reflected within the Company's Consolidated Balance Sheet and Consolidated Statements of Income; however, the Company's share of the earnings or losses of the investee is reflected in the caption "Equity income (loss)" in the Consolidated Statements of Income.

**Cost Method.** Investees not accounted for under the consolidation or the equity method of accounting are accounted for under the cost method of accounting. Under this method, the Company's share of the earnings or losses of such companies is not included in the Consolidated Balance Sheet and Consolidated Statements of Income. However, cost method impairment charges are recognized, as necessary, in the Consolidated Statement of Operations. If circumstances suggest that the value of the investee has subsequently recovered, such recovery is not recorded until realized.

*On a monthly basis, the Company's Investment Committee meets to evaluate the Company's investments. The Company considers several factors in determining whether an impairment exists on the investment, such as the investee's net book value, cash flow, revenue growth and net income. In addition, the Investment Committee looks at larger variables, such as the economy and the investee company's industry, to determine if an other than temporary decline in value exists in the Company's investments.*

The following table is an unaudited summary of the investments which the Company accounts for under either the equity method or by consolidation. These financial statements also reflect the degree to which the Company's partner companies interact with each other to provide and market needed goods or, particularly, services to each other. Such activity has been quantified within the accompanying summary within the caption "intercompany items included in above".

**NOTE 6 - ACQUISITION OF EXPONENTIAL BUSINESS DEVELOPMENT COMPANY, INC.:**

In January 2002, the Company acquired 100% of the outstanding common stock of Exponential Business Development Company, Inc. (Exponential), of Syracuse, NY. Exponential's primary business was to make non-controlling investments in high growth potential companies. The purchase price consisted of 500,000 shares of Company common stock issued to the sellers. Under the terms of the acquisition, an additional 500,000 shares will be issued over a seven year period if acquired assets result in gains of \$2 million in excess of an initial \$1 million recovery by the Company. The fair value of the 500,000 common shares issued, \$920,000, was determined based on the quoted market price of the Company's common stock on the closing date, less a discount due to certain restrictions on the stock. Since Company management has determined that the issuance of the additional 500,000 shares is currently unlikely due to management's estimation that the payout provision will not be met, the Company has not included the additional shares in the determination of the purchase price. On a quarterly basis, management will assess the payout provision to determine if it is likely it will be met in the future, and if so, the Company will record the additional 500,000 shares as additional purchase price when issued. Exponential directors and officers will remain with that entity and will receive a total of 365,000 options pursuant to the Company's option plan to acquire Company common stock in exchange for future services.

The results of Exponential's operations have been included in the consolidated financial statements since the acquisition date.

The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the date of acquisition.

Current assets (including cash of \$106,642)	\$ 138,013
Other Assets	10,001
<b>Total assets acquired</b>	<b>148,014</b>

## Edgar Filing: NEWTEK CAPITAL INC - Form 10QSB

Current liabilities	52,350
Total liabilities assumed	52,350
Net assets acquired	\$ 95,664

The difference between the fair value of the net assets acquired, \$95,664, and the value of the Company common stock, \$920,000, has been recorded as goodwill.

### NOTE 7 – ACQUISITIONS OF CAPCO MINORITY INTERESTS:

In March, May and September 2002, the Company issued 1,028,576, 149,910 and 286,270 shares, respectively, of its common stock to the minority members of certain Capcos in exchange for substantially all of such members' minority interests. These have been accounted for as purchase transactions. The fair value of the Company's common stock was determined based upon the quoted market price of the Company's common stock, less a discount due to certain restrictions on the stock. Such value exceeded the book value of the minority interest by approximately \$954,000 for five of the Capcos, and the Company has recorded such amount as goodwill. For three other Capcos, the fair value of the Company's common stock was less than the book value of the minority interest by approximately \$428,000, and the Company has recorded such amount as an extraordinary gain.

## NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

### NOTE 8 – NEW ACCOUNTING PRONOUNCEMENTS:

In 2002, the Company adopted Statement of Financial Accounting Standards No. 142 "Goodwill and Intangible Assets" (SFAS 142). SFAS 142 includes requirements to annually test goodwill and indefinite lived intangible assets for impairment rather than amortize them; accordingly, the Company no longer amortizes goodwill. The Company did not record any transition intangible asset impairment loss upon adoption of SFAS 142.

In August 2001, the Financial Accounting Standards Board issued Statement No. 143, "Accounting for Asset Retirement Obligations" (SFAS No. 143). SFAS No. 143 is effective for the Company's fiscal year beginning January 1, 2003, and requires the Company to record the fair value of a liability for an asset retirement obligation in the period in which it is incurred. The Company is in the process of evaluating what impact, if any, this standard will have on the Company's Consolidated Financial Statements.

On October 3, 2001, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 144 (SFAS No. 144), "Accounting for the Impairment or Disposal of Long-Lived Assets." SFAS No. 144 addresses financial accounting and reporting for the impairment of long-lived assets and for long-lived assets which are to be disposed. SFAS No. 144 supersedes SFAS No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of." SFAS No. 144, however, retains the fundamental provisions of SFAS No. 121 for (a) recognition and measurement of the impairment of long-lived assets to be held and used and (b) measurement of long-lived assets to be disposed of by sale. SFAS No. 144 supersedes the accounting and reporting provisions of APB Opinion No. 30 ("Opinion 30"), "Reporting the Results of Operations - Reporting the Effects of Disposal of a Segment of a Business, and Extraordinary, Unusual and Infrequently Occurring Events and Transactions," for segments of a business to be disposed. SFAS No. 144, however, retains the requirement of Opinion 30 to report discontinued operations separately from continuing operations and extends that reporting to a component of an entity that either has been disposed of (by sale, by abandonment, or in a distribution to owners) or is classified as held for sale. The Company adopted SFAS No. 144 on January 1, 2002 and did not record any impairment charges upon adoption.

On May 1, 2002, the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 145 (SFAS No. 145), "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections." SFAS No. 145 is effective for the Company's fiscal year beginning January 1, 2003. The Company is in the process of evaluating what impact, if any, this standard will have on the Company's Consolidated Financial Statements.

In September 2002, the Financial Accounting Standards Board issued Statement No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" (SFAS No. 146). SFAS No. 146 is effective for the Company's fiscal year beginning January 1, 2003. The Company is in the process of evaluating what impact, if any, this standard will have on the Company's Consolidated Financial Statements.

**NOTE 9 – NEW CAPCO:**

In October 2002, the Company raised approximately \$8 million of certified capital for the Company's tenth CAPCO fund, Wilshire Louisiana Partners III, LLC. The new CAPCO will target early stage, high growth businesses providing products and services to the small business market within the State of Louisiana.

**ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS**

Three Months Ended September 30, 2002 compared to Three Months Ended September 30, 2001.

Revenues increased by approximately \$10,587,000 to \$16,904,000 for the three months ended September 30, 2002, from \$6,317,000 for the three months ended September 30, 2001. Income from tax credits increased by approximately \$9,274,000 to \$14,886,000 for the three months ended September 30, 2002, from \$5,612,000 for the three months ended September 30, 2001, due to the Company's Capcos achieving various additional investment thresholds mandated by the various state Capco statutes in 2002 versus 2001. Interest and dividend income decreased by approximately \$105,000 to \$78,000 for the three months ended September 30, 2002, from \$183,000 for the three months ended September 30, 2001. This decrease was due primarily to lower bank interest rates and less loans outstanding to qualified businesses. Consulting fee income increased by approximately \$169,000 due to the increase in consulting related activity. Other income increased by approximately \$1,248,000 to \$1,770,000 for the three months ended September 30, 2002, from \$523,000 for the three months ended September, 2001. This increase was due to the consolidation of revenues with additional entities now consolidated into the Company.

Interest expense increased by approximately \$162,000 to \$3,090,000 for the three months ended September 30, 2002 from \$2,928,000 for the three months ended September 30, 2001. The increase was due primarily to the new Capco funded in April 2002. Payroll and consulting fees increased by approximately \$1,393,000 to \$2,049,000 for the three months ended September 30, 2002 from \$656,000 for the three months ended September 30, 2001. The increase in these expenses was due to the consolidation of expenses with additional entities now consolidated into the Company.

Other expenses increased by approximately \$1,338,000 to \$1,563,000 for the three months ended September 30, 2002 from \$225,000 for the three months ended September 30, 2001. The increase was due primarily to expenses from additional entities now consolidated into the Company.

The Company determined that there was \$601,000 of other than temporary decline in the value of some of its investments, versus a \$5,000 recovery for the same period last year. The increase was due primarily to management's analysis of its investments which indicated more impairment for the current period. The Company considers several factors in determining whether an impairment exists on the investment, such as the investee's net book value, cash flow, revenue growth and net income. The Company recognizes that in developing new and small businesses, significant impairments in the value of the investments may occur.

Nine Months Ended September 30, 2002 compared to Nine Months Ended September 30, 2001.

Revenues increased by approximately \$6,010,000 to \$28,326,000 for the nine months ended September 30, 2002, from \$22,316,000 for the nine months ended September 30, 2001. Income from tax credits increased by approximately \$4,881,000 to \$25,144,000 for the nine months ended September 30, 2002, from \$20,263,000 for the nine months ended September 30, 2001, due to the Company's Capcos

achieving various additional investment thresholds mandated by the various state Capco statutes in 2002 versus 2001. Interest and dividend income increased by approximately \$374,000 to \$683,000 for the nine months ended September 30, 2002, from \$309,000 for the nine months ended September 30, 2001. This increase was due primarily more loans outstanding to qualified businesses at higher interest rates. Consulting fee income increased by approximately \$260,000 to \$268,000 for the nine months ended September 30, 2002 from \$8,000 for the nine months

ended September 30, 2001 due to the increase in consulting related activity. Other income increased by approximately \$495,000 to \$2,231,000 for the nine months ended September 30, 2002, from \$1,736,000 for the nine months ended September, 2001. This increase was due to the consolidation of revenues with additional entities now consolidated into the Company.

Interest expense decreased by approximately \$454,000 to \$8,659,000 for the nine months ended September 30, 2002 from \$9,113,000 for the nine months ended September 30, 2001. The decrease was due primarily to the reduction of interest payable due to delivery of tax credits to certified investors. Payroll and consulting fees increased by approximately \$2,559,000 to \$4,595,000 for the nine months ended September 30, 2002 from \$2,036,000 for the nine months ended September 30, 2001. The increase was due to the consolidation of expenses with additional entities now consolidated into the Company.

Other expenses increased by approximately \$2,699,000 to \$3,374,000 for the nine months ended September 30, 2002 from \$675,000 for the nine months ended September 30, 2001. The increase was due primarily to expenses from additional entities now consolidated into the Company.

The Company determined that there was \$1,588,630 of other than temporary decline in the value of some of its investments, versus \$220,000 for the same period last year. The increase was due primarily to management's analysis of its investments which indicated more impairment for the current period. The Company considers several factors in determining whether an impairment exists on the investment, such as the investee's net book value, cash flow, revenue and net income. The Company recognizes that in developing new and small businesses, significant impairments in the value of the investments may occur.

### LIQUIDITY AND CAPITAL RESOURCES

The Company has funded its operations primarily through the issuance of notes to Certified Investors through the Capco program. To date, the Company has received approximately \$159,000,000 in proceeds from the issuance of long-term debt through the Capco programs. The Company's principal capital requirements have been to fund the defeasance of the principal amount of notes issued to the Certified Investors, the acquisition of Capco insurance policies, the acquisition of partner companies interests, funding of other investments, and working capital needs resulting from increased operating and business development activities of its partner companies.

Net cash used in operating activities for the nine months ended September 30, 2002 of approximately \$7,807,000 resulted primarily from net income of \$5,014,000, increased by the non-cash interest expense of approximately \$8,066,000. It was also effected by the approximately \$794,000 in non-cash equity in net losses of affiliates, approximately \$1,739,000 of minority interest, the approximately \$1,589,000 in other than temporary decline in investments, the approximately \$25,144,000 in non-cash income from tax credits, and the non-cash income tax provision of \$2,910,000.

### ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Net cash provided by investing activities for the nine months ended September 30, 2002 of approximately \$6,044,000 resulted primarily from return of principal of qualified investments of \$13,580,000, offset by approximately \$10,501,000 in additional qualified investments made during the period. In addition, the Company consolidated approximately \$2,839,000 of its investments.

Net cash provided by financing activities for the nine months ended September 30, 2002 was approximately \$6,781,000 primarily attributable to approximately \$21,549,000 of proceeds from the issuance of long-term debt, issuance of Capco warrants of \$572,000 and \$1,899,000 from the private placement of common stock, offset by approximately \$11,641,000 of payments for defeasance of long-term debt, \$575,000 for payment of line of credit, \$4,814,000 for payments of note payable – insurance, and \$307,000 in payments on a mortgage payable, during the nine months ended September 30, 2002.

The Company believes that its cash and cash equivalents, its anticipated cash flow from operations, its ability to access private and public debt and equity markets, and the availability of funds under its existing credit agreements will provide it with sufficient liquidity to meet its short and long-term capital needs.

### FORWARD-LOOKING STATEMENTS

This Quarterly Report on Form 10-QSB contains forward-looking statements. Additional written or oral forward-looking statements may be made by the Company from time to time in filings with the Securities and Exchange Commission or otherwise. The words "believe," "expect," "seek," and "intend" and similar expressions identify forward-looking statements, which speak only as of the date the statement is

made. Such forward-looking statements are within the meaning of that term in Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Such statements may include, but are not limited to, projections of income or loss, expenditures, acquisitions, plans for future operations, financing needs or plans relating to services of the Company, as well as assumptions relating to the foregoing. Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results could differ materially from those set forth in, contemplated by or underlying the forward-looking statements.

The Company does not undertake, and specifically disclaims, any obligation to publicly release the results of revisions which may be made to forward-looking statements to reflect the occurrence of anticipated or unanticipated events or circumstances after the of such statements.

### ITEM 3 - CONTROLS AND PROCEDURES

In order to ensure that the information the Company must disclose in its filings with the Securities and Exchange Commission is recorded, processed, summarized and reported on a timely basis, the Company has formalized its disclosure controls and procedures. The Company's principal executive officer and principal financial officer have each reviewed and evaluated the effectiveness and design of the Company's disclosure controls and procedures, as defined under the Securities and Exchange Act of 1934, as amended 9 (the "Exchange Act"), as of a date within 90 days prior to the filing of this report. Based on such evaluation, such officers have concluded that, as of the date of the foregoing evaluation, the Company's disclosure controls and procedures are effective in bringing to their attention on a timely basis material information relating to the Company required to be included in the Company's periodic filings under the Exchange Act.

Since the evaluation referenced above, there have not been any significant changes in the internal controls of the Company, or in other factors that could significantly affect these controls subsequent to the referenced evaluation.

## PART II – OTHER INFORMATION

### ITEM 5 – OTHER INFORMATION

On August 12, 2002, the Registrant issued a press release to announce the signing of a definitive agreement to acquire Commercial Capital Corporation ("CCC") and its parent, Comcap Holding Corp. Headquartered in New York City, CCC began operations in 1994 and in 1999 was ranked as the fifteenth largest SBA lender in the U.S. and the second largest in the New York metropolitan area by dollar volume. The transaction is subject to the approval by the SBA and the stockholders of Comcap Holdings. The Company has offered to exchange 463,450 of its shares for those of Comcap in an entirely stock-for-stock exchange.

If all required approvals are timely received, the Company expects to close the investment in the small business lender by late November or early December. A copy of the Press Release was attached as an Exhibit to the Registrant's previous Quarterly Report on Form 10-QSB and incorporated therein.

On October 2, 2002 the Registrant filed a Report on Form 8-K containing audited and unaudited financial statements for CCC and Comcap Holding Corp., as well as unaudited condensed consolidated pro forma financial information for the year ended December 31, 2002 and the six months ended June 30, 2002, which pro forma information reflects certain aspects of the proposed combination.

### ITEM 6 – EXHIBITS AND REPORTS ON FORM 8-K
