Stockholders may obtain, for the cost of copying, a copy of any exhibits to our Form 10-K by writing to Rambus Inc., 4440 El Camino Real, Los Altos, California 94022, Attention: John D. Danforth, Sr. Vice President, General Counsel and Secretary.

GENERAL INFORMATION ABOUT THE MEETING

Who May Vote

You may vote at the Annual Meeting if you owned your shares as of the close of business on March 5, 2004 (the Record Date). As of that date, we had a total of 102,064,925 shares of common stock outstanding, which were held of record by 1,018 stockholders. As of the Record Date, we had no shares of Preferred Stock outstanding. You are entitled to one vote for each share of our common stock that you own.

Voting Your Proxy

If your shares of common stock are held by a broker, bank or other nominee, you will receive instructions from them that you must follow in order to have your shares voted.

If you hold your shares in your own name as a holder of record, you may instruct the proxy holders how to vote your common stock by:

voting via the Internet at www.proxyvote.com,
voting by telephone at 1-800-690-6903, or
signing, dating and mailing the proxy card in the postage-paid envelope that we have provided.

-1-

Of course, even if you vote your shares by proxy, you may also choose to come to the meeting and vote your shares in person. If you provide instructions in your completed proxy card, the proxy holders will vote your shares in accordance with those instructions. If you sign and return a proxy card without giving specific voting instructions, your shares will be voted **FOR** the two proposals to be voted on at the Annual Meeting.

Discretionary Voting Power; Matters to be Presented

We are not aware of any matters to be presented at the Annual Meeting other than those described in this Proxy Statement. If any matters not described in this Proxy Statement are properly presented at the meeting, the proxy holders will use their own judgment to determine how to vote your shares. If the meeting is adjourned or postponed, the proxy holders can vote your shares on the new meeting date as well, unless you have subsequently revoked your proxy.

Changing Your Vote

If you would like to change your vote you can do so in the following ways:

deliver written notice of your revocation to our Secretary prior to the Annual Meeting;
deliver a properly executed, later dated proxy prior to the Annual Meeting; or
attend the Annual Meeting and vote in person.

If a broker, bank or other nominee holds your shares, you must contact them in order to find out how to change your vote.

Please note that your attendance at the meeting in and of itself is not enough to revoke your proxy.

Cost of this Proxy Solicitation

Edgar Filing: RAMBUS INC - Form DEF 14A

We will pay the cost of this proxy solicitation. We may, on request, reimburse brokerage firms and other nominees for their expenses in forwarding proxy materials to beneficial owners. In addition to soliciting proxies by mail, we expect that our directors, officers and employees may solicit proxies in person or by telephone or facsimile. None of these individuals will receive any additional or special compensation for doing this, but they may be reimbursed for reasonable out-of-pocket expenses.

Meeting Quorum

The Annual Meeting will be held if a majority of our outstanding shares of common stock entitled to vote at the meeting are represented in person or by proxy.

Our Voting Recommendations

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the Annual Meeting in accordance with the directions of the stockholder. However, if no specific instructions are given, the shares will be voted in accordance with the following recommendations of our Board of Directors:

- FOR the re-election of Bruce Dunlevie, Charles Geschke, Mark Horowitz, Harold Hughes and David Mooring as Class I directors; and
- FOR the ratification of PricewaterhouseCoopers LLP as our independent auditors for 2004.

-2-

Abstentions, Withheld, and Broker Non-Votes

We treat shares that are voted **WITHHELD** or **ABSTAIN** in person or by proxy as being:

present for purposes of determining whether or not a quorum is present at the Annual Meeting, and;

entitled to vote on a particular subject matter at the Annual Meeting; therefore a **WITHHELD** or **ABSTAIN** vote is the same as voting against a proposal that has a required, affirmative voting threshold, such as proposal 2, but will have no effect on proposal 1, the election of our Class I directors, who are elected by a plurality of votes.

If you hold your common stock through a broker, the broker may be prevented from voting shares held in your brokerage account on some proposals (a broker non-vote) unless you have given the broker voting instructions. Shares that are subject to a broker non-vote are counted for purposes of determining whether a quorum exists but do not count for or against any particular proposal.

Deadline for Receipt of Stockholder Proposals

Stockholders may present proposals for action at a future annual meeting only if they comply with the requirements of the proxy rules established by the SEC. Stockholder proposals, including nominations for the election of directors, which are intended to be presented by such stockholders at our 2005 Annual Meeting of Stockholders must be received by us no later than December 7, 2004 to be considered for inclusion in the proxy statement and, proxy card relating to that meeting.

In addition to the SEC rules and regulations, our bylaws establish an advance notice procedure for proposals that a stockholder does not want to have included in our proxy statement relating to a meeting. Generally for these proposals, including the nomination of a person for director, a stockholder must provide written notice to our corporate secretary at least 90 days in advance of the meeting.

Moreover, your notice must contain specific information concerning the matters to be brought before the meeting. We urge you to read Section 2.15 of our bylaws in full in order to fully understand the requirements of bringing a proposal or nomination.

Edgar Filing: RAMBUS INC - Form DEF 14A

A copy of the full text of the bylaw provision relating to our advance notice procedure may be obtained by writing to our Corporate Secretary. All notices of proposals by stockholders, whether or not included in proxy materials, should be sent to Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022, Attention: Corporate Secretary.

Director Communications

Our Board of Directors may be contacted by writing to them via regular mail at c/o Board of Directors, Rambus Inc., 4440 El Camino Real, Los Altos, CA 94022. If you wish to contact our Board of Directors or any member of the Audit Committee to report questionable accounting or auditing matters you may do so anonymously by using this mailing address and designating the communication as confidential.

-3-

Our process for handling communications to our Board of Directors is as follows:

Any stockholder communications that the Board is to receive will first go to the Secretary, who will log the date of receipt of the communication as well as (for non-confidential communications) the identity of the correspondent in our stockholder communications log.

Unless the communication is marked confidential, the General Counsel will review, summarize and, if appropriate, draft a response to the communication in a timely manner. The summary and response will be in the form of a memo, which will become part of the stockholder communications log that the general counsel maintains with respect to all stockholder communications.

The General Counsel will then forward the original stockholder communication along with the memo to the board member(s) (or committee chair if the communication is addressed to a committee) for review.

Any stockholder communication marked confidential will be logged by the General Counsel or Secretary as received but will not be reviewed, opened or otherwise held by the General Counsel or Secretary. Such confidential correspondence will be immediately forwarded to the addressee(s) without a memo or any other comment by the General Counsel or Secretary.

Annual Meeting Attendance

Members of the Company's Board of Directors are invited but not required to attend the Annual Meeting of Stockholders. The 2003 Annual Meeting of Stockholders was attended by Directors William Davidow, Geoff Tate, and David Mooring.

-4-

PROPOSAL ONE: ELECTION OF DIRECTORS

Our Board of Directors is currently comprised of nine members who are divided into two classes with overlapping two-year terms. We have five (5) Class I directors and four (4) Class II directors. At each annual meeting of stockholders, a class of directors is elected for a term of two (2) years to succeed those directors whose terms expire on the annual meeting date. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the two classes so that, as nearly as possible, each class will consist of an equal number of directors. Any vacancy occurring mid-term will be filled by a person selected by a majority of the other current members of the Board of Directors.

The Board of Directors has determined that all of our directors other than Dr. Horowitz, and Messers Tate and Mooring are independent as defined under NASD Rule 4200 and the applicable rules promulgated by the SEC.

Nominees

Edgar Filing: RAMBUS INC - Form DEF 14A

Five Class I directors are to be elected at the Annual Meeting for a two-year term ending in 2006. If Mr. Dunlevie, Dr. Geschke, Dr. Horowitz, Mr. Hughes or Mr. Mooring is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for a substitute nominee or nominees designated by the Board of Directors. We are not aware that any of these nominees will be unable or will decline to serve as a director.

Vote Required

Directors are elected by a plurality of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. This means that the five nominees who receive the greatest number of votes will be elected. There are no cumulative voting rights in the election of directors.

Voting power is the power to vote or direct the voting of shares, and investment power is the power to dispose of or direct the disposition of shares.

The following table sets forth certain information as of February 1, 2004, regarding beneficial ownership of our common stock by (i) each person who is known to us to own beneficially more than five percent (5%) of our common stock, (ii) each director and each nominee for election as a director of Rambus, (iii) each executive officer named in the Summary Compensation Table of this Proxy Statement, and (iv) all of our current directors and officers as a group. The information on beneficial ownership in the table and the footnotes is based upon our records and the most recent Schedule 13D or 13G filed by each such person or entity and information supplied to us by such person or entity. Shares subject to options which are exercisable within 60 days of February 1, 2004 are deemed to be outstanding and to be beneficially owned by the person holding such options for the purpose of computing the percentage ownership of such person, but are not deemed to be outstanding and to be beneficially owned for the purpose of computing the percentage ownership of any other person. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers, directors and ten percent stockholders to file reports of ownership and changes in ownership with the SEC. The same persons are required to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of these forms, we believe that during 2003 all of our executive officers, directors and ten percent stockholders complied with the applicable filing requirements.

Certain Relationships and Related Transactions

In December 2002, Rambus engaged Enigma Semiconductor, Inc. to provide services to Rambus in exchange for a service fee. In February 2003, Rambus purchased 1,894,837 shares of Series A preferred stock of Enigma Semiconductor, Inc. for \$400,000. As of December 31, 2003 the Series A financing, Rambus's ownership interest represented approximately 14.9% of the outstanding shares of Enigma Semiconductor Inc. In May 2003, Rambus licensed its serial link technology to Enigma Semiconductor, Inc. in exchange for royalties based on Enigma Semiconductor Inc.'s sales of products incorporating the licensed technology. Kevin Donnelly, our Vice President, Logic Interface Division is a director of Enigma.

In February 2003, Rambus licensed its serial link technology to Raza Microelectronics, Inc. in exchange for a license fee, engineering fees, and royalties based on Raza Microelectronics, Inc.'s sales of products incorporating the licensed technology. In November 2003, Rambus signed an amendment to its serial link technology agreement with Raza Microelectronics, Inc. in exchange for an additional license fee, engineering fees, and royalties based on Raza Microelectronics Inc.'s sales of products incorporating the licensed technology. This amendment was approved by a majority of the independent and disinterested members of the Board of Directors. Bruce Dunlevie, a member of our Board of Directors, is a director of Raza Microelectronics, Inc.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The following is the report of the Compensation Committee of the Board with respect to the compensation paid to our executive officers during 2003. Actual compensation earned during 2003 by the persons named in the Summary Compensation Table is shown in the Summary Compensation Table.

Members and Purpose of Compensation Committee

The Compensation Committee currently consists of directors Bruce Dunlevie, Charles Geschke, and Kevin Kennedy, none of whom are employees or officers of Rambus. The Compensation Committee sets policy and administers our cash and equity incentive programs for the purpose of attracting and retaining highly-skilled executives and key employees who will promote our business goals and build long-term stockholder value. The Compensation Committee is also responsible for reviewing and making recommendations to the Board regarding all other forms of compensation for our executive officers.

Compensation Committee Charter

The Compensation Committee has a charter that is available on our website at www.rambus.com.

Compensation Philosophy and Policies

The policy of the Compensation Committee is to attract and retain key personnel through the payment of competitive base salaries and to encourage and reward performance through bonuses and stock ownership.

The Compensation Committee's objectives are to:

ensure that there is an appropriate relationship between executive compensation and the creation of stockholder value;

ensure that the total compensation program will motivate, retain and attract executives of outstanding abilities; and

ensure that current cash and equity incentive opportunities are competitive with comparable companies.

Elements of Compensation

Compensation for executive officers and key employees includes both cash and equity elements.

Cash Compensation. Cash compensation consists of base salary, which is determined on the basis of the level of responsibility, expertise and experience of the employee and competitive conditions in the industry. In addition, cash bonuses may be awarded to executive officers and other key employees. Cash bonuses for executive officers were based on the following measures of our performance: operating income and other performance goals.

Equity Compensation. Ownership of our common stock is a key element of executive compensation. Our officers and other employees are eligible to participate in the 1997 Stock Plan and the 1997 Employee Stock Purchase Plan (the Purchase Plan). Non-executive officer employees are also eligible to participate in the 1999 Stock Plan. The 1997 Stock Plan permits the Board or the Compensation Committee to grant stock options, stock purchase rights and common stock

equivalents to employees, including executive officers, on such terms as the Board or the Compensation Committee may determine. The 1999 Stock Plan permits the Board or the Compensation Committee to grant stock options to employees on such terms as the Board or the Compensation Committee may determine. The Compensation Committee has authority to grant and administer stock options to all of our employees. The Stock Option Committee could also grant options to all employees, other than our executive officers and directors before its dissolution in October 2003.

In determining the size of a stock option grant to a new executive officer or other new key employee, the Compensation Committee takes into account equity participation by comparable employees within Rambus, external competitive circumstances and other relevant factors. These options typically vest ratably over 60 months and thus require the employee's continuing services to the Company. Additional options may be granted to current employees to reward exceptional performance or to provide additional unvested equity incentives. The vesting of these additional stock options usually will not begin until previous option grants have become fully vested, at which point they will generally vest ratably over a one or two year period.

Purchase Plan. The Purchase Plan permits employees to acquire our common stock through payroll deductions and promotes broad-based equity participation throughout Rambus.

The Compensation Committee believes that these stock plans align the interests of the employees with the long-term interests of the stockholders.

401(k) Plan. The Company also maintains a 401(k) Plan to provide retirement benefits through tax deferred salary deductions for all employees. We contribute an additional 10% of each employee's contributions on a quarterly basis. The contribution made by us is immediately vested.

Section 162(m)

The Compensation Committee has considered the potential future effects of Section 162(m) of the Internal Revenue Code of 1986, as amended. Section 162(m) limits the deductibility by public companies of certain executive compensation in excess of \$1 million per executive per year, but excludes from the calculation of such \$1 million limit certain elements of compensation, including performance-based compensation, provided that certain requirements are met.

None of our executive officers approached the \$1 million limit in 2003 nor is any expected to approach such limit in 2004. However, the provisions of Section 162(m) merit current consideration because, under certain circumstances, the difference between the fair market value and the exercise price of options granted in the present time period, measured at the time of exercise, could be included in the calculation under Section 162(m) of the executive officers' compensation in the time period in which the exercise occurs.

This result can be avoided if the plans under which such options are granted comply with certain requirements at the time of grant, including administration by a committee consisting solely of two or more outside directors and stockholder approval of the terms of the plan, including approval of an annual

limit stated in the plan on the number of shares with respect to which options may be granted to any employee. Our 1997 Stock Plan has been designed and administered to meet these requirements. We have not attempted to structure other elements of executive compensation to qualify as performance-based compensation for purposes of Section 162(m).

2003 Executive Compensation

Our executive compensation philosophy is that base salary and cash bonuses should reflect our overall financial and non-financial performance and that non-cash compensation should be closely aligned with stockholder interests.

2003 Chief Executive Officer Compensation

Geoff Tate joined us as President and Chief Executive Officer in 1990 and served as Chief Executive Officer during 2003. Mr. Tate served as President from May 1990 to December 1999. Mr. Tate does not have an employment or severance agreement with us. In setting Mr. Tate's compensation, the Compensation Committee, in addition to considering the factors for all executive officers described above, also considers data reflecting comparative compensation information from other companies.

In 2003, Mr. Tate's compensation was based on our overall performance in relation to goals set in the beginning of the year. This amount, in addition to annual incentives, was estimated to provide an annual cash compensation level at the average compensation amounts of comparable companies. In setting this amount, the Compensation Committee took into account (i) its belief that Mr. Tate is a Chief Executive Officer of a leading technology company who has significant and broad-based experience in the semiconductor industry, (ii) the scope of Mr. Tate's responsibility, and (iii) the Board's confidence in Mr. Tate to lead Rambus's continued growth and development. Considering these factors, Mr. Tate was granted options in the transition period from October 1, 2002 to December 31, 2002 to purchase 400,000 shares of common stock. These options vest ratably over the 60 months beginning in October 2002. In 2003, Mr. Tate was granted options to purchase 150,000 and 200,000 shares of common stock. These options vest ratably over 12 months beginning and ending in 2007 and 2008, respectively. The Compensation Committee has determined these grants are consistent with competitive practices, provide an incentive for future performance, increase Mr. Tate's incentive to remain with us in the future, and to closely align Mr. Tate's interest with those of our stockholders.

During the year ended December 31, 2003, Rambus achieved several of its corporate objectives, such as revenue growth and litigation progress, that the Compensation Committee had established to measure Mr. Tate's performance. The Compensation Committee then analyzed Mr. Tate's individual performance as exceeding expectations, primarily reflecting his success in Rambus's achievement of these goals.
