GENERAL

This Proxy Statement is furnished to stockholders of Kentucky First Federal Bancorp ("Kentucky First" or the "Company") in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Stockholders (the "Annual Meeting") which will be held at First Federal Center on the campus of Hazard Community and Technical College located at One Community College Drive, Hazard, Kentucky on Tuesday, November 13, 2007, at 3:30 p.m., Eastern time, and at any adjournment thereof. The accompanying Notice of Annual Meeting and proxy card and this Proxy Statement are being first mailed to stockholders on or about October 12, 2007.

VOTING AND REVOCABILITY OF PROXIES

Stockholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by properly executed proxies will be voted at the Annual Meeting and all adjournments thereof. Proxies may be revoked by written notice to Thomas F. Skaggs, Secretary of the Company, at the address shown above, by filing a later-dated proxy prior to a vote being taken on a particular proposal at the Annual Meeting or by attending the Annual Meeting and voting in person. The presence of a stockholder at the Annual Meeting will not in itself revoke such stockholder's proxy.

Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. **Where no instructions are indicated, proxies will be voted "FOR" the nominees for director set forth below and "FOR" the ratification of the appointment of BDK LLP as the Company's independent public accountants for the year ending June 30, 2008.** The proxy confers discretionary authority on the persons named therein to vote with respect to the election of any person as a director where the nominee is unable to serve or for good cause will not serve, and matters incident to the conduct of the Annual Meeting. If any other business is presented at the Annual Meeting, proxies will be voted by those named therein in accordance with the determination of a majority of the Board of Directors. Proxies marked as abstentions will not be counted as votes cast. Shares held in "street name" which have been designated by brokers on proxies as not voted ("broker non-votes") will not be counted as votes cast. Proxies marked as abstentions or as broker non-votes, however, will be treated as shares present for purposes of determining whether a quorum is present.

VOTING SECURITIES AND SECURITY OWNERSHIP

The securities entitled to vote at the Annual Meeting consist of the Company's common stock, par value \$0.01 per share (the "Common Stock"). Stockholders of record as of the close of business on September 28, 2007 (the "Record Date") are entitled to one vote for each share of Common Stock then held. As of the Record Date, there were 8,218,034 shares of Common Stock issued and outstanding. The presence, in person or by proxy, of at least a majority of the total number of shares of Common Stock outstanding and entitled to vote will be necessary to constitute a quorum at the Annual Meeting.

Persons and groups beneficially owning more than 5% of the Common Stock are required to file certain reports with respect to such ownership pursuant to the Securities Exchange Act of 1934, as amended (the "Exchange

Act"). The following table sets forth information regarding the shares of Common Stock beneficially owned as of the Record Date by persons who beneficially own more than 5% of the Common Stock, each of the Company's directors, the executive officers of the Company named in the Summary Compensation Table set forth under "Executive Compensation" Summary Compensation Table, and all of the Company's directors and executive officers as a group.

PROPOSAL I -- ELECTION OF DIRECTORS**General**

The Company's Board of Directors consists of seven members, all of whom are independent under the listing standards of Nasdaq, except Tony D. Whitaker, Don D. Jennings and Stephen G. Barker. The Company's Bylaws require that directors be divided into three classes, as nearly equal in number as possible, with approximately one-third of the directors elected each year. At the Annual Meeting, two directors will be elected for a term expiring at the 2010 annual meeting. The Board of Directors has nominated William D. Gorman and Herman D. Regan, Jr. to each serve as a director for a three-year period. Each of the nominees is currently a member of the Board. Pursuant to the Company's Bylaws, there is no cumulative voting for the election of directors. As a result, directors are elected by a plurality of the votes present in person or by proxy at a meeting at which a quorum is present.

It is intended that the persons named in the proxies solicited by the Board of Directors will vote for the election of the named nominees. If either nominee is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute as the Board of Directors may recommend or the size of the Board may

2

be reduced to eliminate the vacancy. At this time, the Board knows of no reason why either nominee might be unavailable to serve.

The following table sets forth, for each nominee for director and continuing director of the Company, his age, the year he first became a director of the Company, First Federal Savings and Loan Association of Hazard ("First Federal of Hazard") or First Federal Savings Bank of Frankfort ("First Federal of Frankfort") and the expiration of his term as a director. All such persons were appointed as directors of the Company in March 2005 upon the formation and organization of the Company. Directors Barker, Ecton, Gorman and Whitaker also serve on the Board of Directors of the Company's wholly owned subsidiary, First Federal of Hazard, and Directors Harrod and Regan also serve on the Board of Directors of the Company's wholly owned subsidiary, Frankfort First Bancorp, Inc. ("Frankfort First"), and Frankfort First's wholly owned subsidiary, First Federal of Frankfort. Director Jennings

also serves on the Board of Directors of First Federal of Frankfort.

Committees of the Board of Directors

The Board of Directors of the Company meets quarterly and may have additional special meetings. During the year ended June 30, 2007, the Board of Directors of the Company met six times. No director attended fewer than 75% in the aggregate of the total number of Company Board of Directors meetings held during the year ended June 30, 2007 and the total number of meetings held by Committees on which he served during such fiscal year.

Audit Committee. The Company has a separately designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. During the fiscal year ended June 30, 2007, the Board of Directors' Audit Committee consisted of Directors Harrod (Chairman), Ecton, Gorman and Regan. Each of the members of the Audit Committee are "independent," as "independent" is defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers, Inc. ("NASD"). The Company's Board of Directors has determined that one member of the Audit Committee, David R. Harrod, qualifies as an "audit committee financial expert" as defined in Section 401(h) of Regulation S-K promulgated by the U.S. Securities and Exchange Commission. Director David R. Harrod is "independent," as such term is defined in Item 7(d)(3)(iv)(A) of Schedule 14A of the Exchange Act.

The function of the Audit Committee is to review and discuss the audited financial statements with management, internal audit and the independent auditors; to determine the independent auditors' qualifications and independence; to engage the independent auditors of the Company; to review the internal audit function and internal accounting controls; to review the internal audit plan; to review the Company's compliance with legal and

regulatory requirements; and to review the Company's auditing, accounting and financial processes generally. The Company's Board of Directors adopted a written charter for the Audit Committee. A copy of the Audit Committee Charter was attached to the Company's proxy statement prepared in connection with the Company's 2005 annual meeting of stockholders. The Audit Committee met five times during the year ended June 30, 2007.

Compensation Committee. The Board of Directors has a Compensation Committee consisting of Directors Ecton, Gorman and Regan (Chairman). The Compensation Committee evaluates the compensation and fringe benefits of the directors, officers and employees and recommends changes. The Compensation Committee reviews all components of compensation, including salaries, cash incentive plans, equity incentive plans and various employee benefit matters. Decisions by the Compensation Committee with respect to the compensation of executive officers are approved by the full Board of Directors. The Chief Executive Officer makes recommendations to the Compensation Committee regarding compensation of directors and executive officers other than himself, but final compensation decisions are made by the Board of Directors based on the recommendation of the Compensation Committee. The Compensation Committee met two times during the year ended June 30, 2007.

The Compensation Committee operates under a written charter that establishes the Compensation Committee's responsibilities. The Compensation Committee and the Board of Directors review the Charter periodically to ensure that the scope of the Charter is consistent with the Compensation Committee's expected role. Under the Charter, the Compensation Committee is charged with general responsibility for the oversight and administration of the Company's compensation program. The Charter vests in the Compensation Committee principal responsibility for determining the compensation of the Chief Executive Officer based on the Compensation Committee's evaluation of his performance. The Charter also authorizes the Compensation Committee to engage consultants and other professionals without management approval to the extent deemed necessary to discharge its responsibilities. The Compensation Committee Charter is attached to this proxy statement as Attachment A.

Nominating/Corporate Governance Committee. The Board of Directors' Nominating/Corporate Governance Committee nominates directors to be voted on at the Annual Meeting and recommends nominees to fill any vacancies on the Board of Directors. The Nominating/Corporate Governance Committee consists of Directors Ecton (Chairman), Gorman, Harrod and Regan. The members of the Nominating/Corporate Governance Committee are "independent directors" as defined in Nasdaq listing standards. The Board of Directors has adopted a Charter for the Nominating/Corporate Governance Committee, a copy of which was attached to the Company's proxy statement prepared in connection with the Company's 2005 annual meeting of stockholders. The Nominating/Corporate Governance Committee met two times during the fiscal year ended June 30, 2007.

It is the policy of the Nominating/Corporate Governance Committee to consider director candidates recommended by security holders who appear to be qualified to serve on the Company's Board of Directors. Any stockholder wishing to recommend a candidate for consideration by the Nominating/Corporate Governance Committee as a possible director nominee for election at an upcoming annual meeting of stockholders must provide written notice to the Nominating/Corporate Governance Committee of such stockholder's recommendation of a director nominee no later than the July 1st preceding the annual meeting of stockholders. Notice should be provided to: Thomas F. Skaggs, Secretary, Kentucky First Federal Bancorp, P.O. Box 1069, Hazard, Kentucky 41702-1069. Such notice must contain the following information:

- The name of the person recommended as a director candidate;
- All information relating to such person that is required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934;
- The written consent of the person being recommended as a director candidate to being named in the proxy statement as a nominee and to serving as a director if elected;
- As to the shareholder making the recommendation, the name and address, as he or she appears on the Company's books, of such shareholder; provided, however, that if the shareholder is not a registered holder of the Company's common stock, the shareholder should submit his or her name

5

and address, along with a current written statement from the record holder of the shares that reflects ownership of the Company's common stock; and

- A statement disclosing whether such shareholder is acting with or on behalf of any other person and, if applicable, the identity of such person.

In its deliberations, the Nominating/Corporate Governance Committee considers a candidate's personal and professional integrity, knowledge of the banking business and involvement in community, business and civic

affairs, and also considers whether the candidate would provide for adequate representation of the Bank's market area. Any nominee for director made by the Nominating/Corporate Governance Committee must be highly qualified with regard to some or all the attributes listed in the preceding sentence. In searching for qualified director candidates to fill vacancies in the Board, the Nominating/Corporate Governance Committee solicits the Company's then current directors for the names of potential qualified candidates. Moreover, the Nominating/Corporate Governance Committee may ask its directors to pursue their own business contacts for the names of potentially qualified candidates. The Nominating/Corporate Governance Committee would then consider the potential pool of director candidates, select a candidate based on the candidate's qualifications and the Board's needs, and conduct a thorough investigation of the proposed candidate's background to ensure there is no past history that would cause the candidate not to be qualified to serve as a director of the Company. In the event a stockholder has submitted a proposed nominee, the Nominating/Corporate Governance Committee would consider the proposed nominee in the same manner in which the Nominating/Corporate Governance Committee would evaluate nominees for director recommended by directors.

With respect to nominating an existing director for re-election to the Board of Directors, the Nominating/Corporate Governance Committee will consider and review an existing director's Board and committee attendance and performance, length of Board service, experience, skills and contributions that the existing director brings to the Board and independence.

Board Policies Regarding Communications with the Board of Directors and Attendance at Annual Meetings. The Board of Directors maintains a process for stockholders to communicate with the Board of Directors. Stockholders wishing to communicate with the Board of Directors should send any communication to Thomas F. Skaggs, Secretary, Kentucky First Federal Bancorp, P.O. Box 1069, Hazard, Kentucky 41702-1069. All communications that relate to matters that are within the scope of the responsibilities of the Board and its Committees are to be presented to the Board no later than its next regularly scheduled meeting. Communications that relate to matters that are within the responsibility of one of the Board Committees are also to be forwarded to the Chair of the appropriate Committee. Communications that relate to ordinary business matters that are not within the scope of the Board's responsibilities, such as customer complaints, are to be sent to the appropriate officer. Solicitations, junk mail and obviously frivolous or inappropriate communications are not to be forwarded, but will be made available to any director who wishes to review them.

Directors are expected to prepare themselves for and to attend all Board meetings, the Annual Meeting of Stockholders and the meetings of the Committees on which they serve, with the understanding that on occasion a director may be unable to attend a meeting. All directors attended the Company's 2006 annual meeting of stockholders held on November 14, 2006.

COMPENSATION DISCUSSION AND ANALYSIS

Objectives of Compensation Program

The overall philosophy and objectives of the Company's executive compensation

- To link executive compensation rewards to increases in stockholder value, as measured by favorable long-term operating results and continued strengthening of the Company's financial condition.
- To provide incentives for executive officers to work towards achieving successful annual results as a step in achieving the Company's long-term operating results and strategic objectives.
- To maintain a competitive mix of total executive compensation, with particular emphasis on awards related to increases in long-term stockholder value.
- To attract and retain top performing executive officers for the long-term success of the Company.

Responsibility for Executive Compensation Program

The Compensation Committee of the Board is responsible for establishing and implementing our general executive compensation philosophy. Subject to approval of the full Board, the Compensation Committee determines the compensation for all executive officers of the Company and has general oversight of executive officers of the subsidiary banks.

Role of Executive Officers in Compensation Decisions

The Compensation Committee reviews, approves, and recommends to the full Board each element of the compensation for each Named Executive Officer. The Chairman and Chief Executive Officer annually reviews the compensation of each executive officer (other than himself) and may make recommendations to the Compensation Committee regarding the compensation of those officers for the following year. The Compensation Committee annually reviews the President and Chief Executive Officer's compensation and makes recommendations to the full Board regarding the compensation for the following year.

Committee Procedures

The Compensation Committee reviewed compensation packages as publicly reported in the proxy statements of similarly sized, publicly-traded thrifts in Kentucky and surrounding states. The intent was to compare the compensation of the three Named Executive Officers to their counterparts at these peer companies. In general, it was found that the compensation package was within the ranges found among these peers. The companies that were surveyed for setting executive compensation for fiscal 2008 included Jefferson Bancshares (JFBI), Cheviot Financial (CHEV.OB), AJS Bancorp (AJSB), Park Bancorp (PFED), First Trust Corp (FBTC), Liberty Bancorp (LBCP), Central Federal Corp. (CFBK), AMB Financial (AMFC.OB), First Franklin (FFHS), First Bancshares (FBSI), Blue River Bancshares (BRBI.PK), River Valley Bancorp (RIVR), Ottawa Savings Bancorp (OTTW.OB), Ben Franklin Financial (BFFI), Jacksonville Bancorp (JXSB), FFD Financial (FFDF), and First Bancorp of Indiana (FBEI).

The Committee has not utilized compensation consultants or other experts in the field, but has the right to do so in the future under its charter.

Setting Executive Compensation for fiscal 2008

In establishing the fiscal 2008 compensation for the executive officers, the Compensation Committee considered the current salary, stock-based benefits, and other benefits that each employee would receive. It was noted that all three Named Executive Officers participated in the Company's restricted stock plan and stock option plan and would continue to vest in those awards during the upcoming fiscal year. All other plans and benefits are scheduled to remain in place as well.

The general recommendation of the Chairman and CEO and the other Named Executive Officers was that no changes be made in the current compensation packages, with one exception. The cash salary would remain the same and the officers would continue to participate in the benefit plans in which they have participated in the past. This decision was not a reflection of the performance of the Executive Officers. Generally, the committee believes that the Company's recent performance has been the result of market conditions beyond the control of the officers. In an effort to partially offset the influence of market factors, the Company has made a concerted effort to control non-interest costs. To wit, the officers recommended, and the committee agreed, that it was inappropriate to increase base compensation at this time.

It was noted that Vice President and CFO Clay Hulette has been receiving a cash benefit to compensate for a stock-based benefit plan that was foregone as the result of the acquisition of Frankfort First Bancorp, Inc. by Kentucky First Federal Bancorp in 2005. That benefit of \$10,660 per year would have been exhausted in December, 2007. However, the Committee determined that it was appropriate to increase Mr. Hulette's base salary by a commensurate amount effective January 1 of 2008.

Components of Compensation

The Company's executive compensation may generally be broken down in the following four components:

Base Salary. This being the key component in attracting and retaining quality executives, the Committee carefully reviews salaries and makes recommendations to the Board concerning executive compensation on the basis of performance, experience, and retention goals. It should be noted that all three Named Executive Officers also serve executive positions at subsidiary banks—Mr. Whitaker as President and CEO of First Federal of Hazard, Mr. Jennings as Vice Chairman and CEO of First Federal of Frankfort, and Mr. Hulette as President of First Federal of Frankfort, and that these duties are also considered in determining their base salaries. Surveys of salaries paid to executive officers of other savings and loan holding companies, non-diversified savings institutions and other financial institutions similar in size, market capitalization and other characteristics, among other criteria, may be used to insure that salaries are competitive with salaries paid by the Company's peers.

All three officers (in addition to one other officer of a subsidiary bank) have written employment contracts which provide for payment in the event of a change of control of the Company and other prescribed events (although officers may be removed for cause without triggering provisions of the contract). The Committee believes these contracts are important to provide security for officers as they explore options for the Company's future.

Bonus. Historically, the Company has in some cases paid a discretionary bonus to employees, including executives. This has historically been a component of the compensation for employees of First Federal of Hazard. Generally, the Compensation Committee has decided to discontinue such bonuses for executive officers, although they may be re-instituted if the Committee sees fit. Tony Whitaker last received such a bonus in the fiscal year ended June 30, 2006. The Company does not have any bonus plans for executives based on achieving performance benchmarks. Likewise, such a plan may be instituted in the future. Currently, the Committee believes that the various stock-based plans provide the proper incentive for executives, as they will be rewarded by good performance of the Company's stock.

Routine Fringe Benefits. As an employee of one of the subsidiary Banks, each officer is entitled to participate in benefit plans and programs offered to all employees by the Bank of his or her employment. These programs provide for the basic fringe benefits required to attract and retain employees, including health insurance,

entitlement to paid vacations, and provisions for retirement. Mr. Whitaker is also entitled to use an automobile for business purposes. All three officers participate in a Defined Benefit retirement plan, although the parameters of the the plan in which Mr. Whitaker participates in, as an employee of First Federal of Hazard, are different from those of the plan in which Mr. Jennings and Mr. Hulette participate. Mr. Whitaker also participates in the First Federal of Hazard Employee Stock Ownership Plan, which provides awards of Kentucky First Federal Bancorp via a qualified retirement plan.

Stock Benefit Plans. In addition, the Committee believes that stock-related award plans are an important element of compensation since they provide executives with incentives linked to the performance of the Common Stock. Accordingly, the Board of Directors has adopted the 2005 Equity Incentive Plan (the "2005 Plan"), which was approved by stockholders at the 2005 Annual Meeting.

Under the 2005 Plan, the Company reserved for issuance 421,216 shares of Common Stock that may be issued pursuant to stock options. The Committee believes that stock options are an important element of compensation because they provide executives with incentives linked to the performance of the Common Stock. Options are granted with an exercise price equal to the market value of the Common Stock on the date of grant, and thus acquire value only if the Company's stock price increases. In addition, under the 2005 Plan, the Company reserved for issuance as restricted stock awards 168,486 shares of common stock. The Company intends to award stock options and restricted stock as a means of providing employees the opportunity to acquire a proprietary interest in the Company and to link their interests with those of the Company's stockholders.

No grants have been made under this plan since its inception in 2005, although awards do continue to vest for the Company's executive officers.

The Terms of the Plans have not been altered since their approval by the shareholders and no additional awards have been made.

As mentioned, Mr. Whitaker also participates in the First Federal of Hazard Employee Stock Ownership Plan in which he receives an annual distribution of shares of KFFB stock, as determined by the Compensation Committee. Mr. Whitaker's share of the distribution to all participants is based on the percentage of his salary to the aggregate salary of the participants.

The Company does not have any minimum stock requirements or benchmarks for stock ownership for executive officers.

Conclusion

The Committee believes that the Company's executive compensation program serves the Company and its stockholders by providing a direct link between the interests of executive officers and those of stockholders generally and by helping to attract and retain qualified executive officers who are dedicated to the long-term success of the Company.

Employment Agreements

The Company and First Federal of Hazard entered into separate employment agreements with Tony D. Whitaker, Chairman of the Board of Kentucky First and President and Chief Executive Officer of First Federal of Hazard. The Company and First Federal of Frankfort entered into separate employment agreements with Don D. Jennings, President and Chief Operating Officer of Kentucky First and Vice Chairman and Chief Executive Officer of First Federal of Frankfort and with R. Clay Hulette, Vice President and Chief Financial Officer of Kentucky First Federal Bancorp and President of First Federal of Frankfort. Such employment agreements are referred to herein as the "Agreements." The Agreements provide for three-year terms, expiring on August 15, 2010, renewable on an annual basis for an additional year upon review and extension by the respective Boards of Directors of Kentucky First, First Federal of Hazard and First Federal of Frankfort. The Agreements establish a base salary of

\$164,400, \$104,000 and \$98,210 for Messrs. Whitaker, Jennings, and Hulette, respectively. In addition to establishing a base salary, the Agreements provide for, among other things, participation in stock-based and other benefit plans, as well as certain fringe benefits.

The Agreements also provide that Kentucky First, First Federal of Hazard and First Federal of Frankfort may terminate the employment of Messrs. Whitaker, Jennings, or Hulette for cause, as defined in the Agreements, at any time. No compensation or benefits are payable upon termination of either officer for cause. Each of the officers may also voluntarily terminate his employment by providing 90 days prior written notice. Upon voluntary termination, the officer receives only compensation and vested benefits through the termination date.

The Agreements terminate upon the officer's death, and his estate receives any compensation due through the last day of the calendar month of death. The Agreements also allow the appropriate boards to terminate the employment of Messrs. Whitaker, Jennings, or Hulette due to disability, as defined in the Agreements. A disabled executive receives any compensation and benefits provided for under the agreement for any period prior to termination during which the executive was unable to work due to disability. Messrs. Whitaker, Jennings, and Hulette also may receive disability benefits under First Federal of Hazard's or First Federal of Frankfort's long-term disability plan(s) without reduction for any payments made under the Agreement. During a period of disability, to the extent reasonably capable of doing so, Messrs. Whitaker and Jennings agree to provide assistance and undertake reasonable assignments for the employers.

The Agreements also require Messrs. Whitaker, Jennings, and Hulette to agree not to compete with Kentucky First, First Federal of Hazard or First Federal of Frankfort for one year following a termination of employment, other than in connection with a change in control. Kentucky First, First Federal of Hazard or First Federal of Frankfort will pay or reimburse Messrs. Whitaker, Jennings, and Hulette for all reasonable costs and legal fees paid or incurred by him in any dispute or question of interpretation regarding the Agreements, if the executive is successful on the merits in a legal judgment, arbitration proceeding or settlement. The Agreements also provide Messrs. Whitaker, Jennings, and Hulette with indemnification to the fullest extent legally allowable.

Pension Benefits

The following table provides information with respect to each plan that provides for payments or benefits in connection with the retirement of a named executive officer.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit (\$)
Tony D. Whitaker	Pentegra Defined Benefit Plan for Financial Institutions (First Federal of Hazard)	34.17	\$1,071,000
R. Clay Hulette	Pentegra Defined Benefit Plan for Financial Institutions (First Federal of Frankfort)	8.58	22,000
Don D. Jennings	Pentegra Defined Benefit Plan for Financial Institutions (First Federal of Frankfort)	15.83	35,000

Retirement Plan. First Federal of Hazard employees, including Mr. Whitaker, participate in the Financial Institution Retirement Plan (the "Retirement Plan") to provide retirement benefits for eligible employees. Messrs. Jennings and Hulette participate in a similar plan for First Federal of Frankfort employees. Employees are eligible to participate in the Retirement Plan after the completion of one year of employment and attainment of age 21. The formula for normal retirement benefits payable annually is 2%, under the First Federal of Hazard Retirement Plan, and 1.25%, under the First Federal of Frankfort Retirement Plan, of the average of the participant's highest five years of compensation multiplied by the participant's years of service. Participants in the First Federal of Hazard Retirement Plan may also receive a reduced early retirement benefit under the Retirement Plan upon attainment of age 45 and satisfaction of the Retirement Plan's vesting requirements. Participants generally have no vested interest in Retirement Benefits prior to their completion of five years of service. Following the completion of five years of vesting service, or upon attainment of age 65, death or termination of employment due to disability, participants automatically become 100% vested in their accrued benefit under the Retirement Plan. The amounts of benefits paid under the Retirement Plan are not reduced for any social security benefit payable to participants. Benefits under the First Federal of Frankfort Retirement Plan may be paid in a lump sum, while the First Federal of Hazard Retirement Plan does not allow for a lump sum payment of accrued benefits; however, Mr. Whitaker may elect to be paid in a lump sum as a result of previous

participation in a comparable plan at another institution.

The present value of accumulated benefits shown on the table above for the indicated Retirement Plan is calculated using the accrued benefit multiplied by a present value factor based on an assumed age 65 retirement date, the 1994 Group Annuity Mortality table projected five years and an interest rate of 5.00% for 50% of the benefit and 7.75% for 50% of the benefit, discounted to current age at an assumed interest rate of 7.75%.

Supplemental Executive Retirement Plan. First Federal of Hazard has implemented a supplemental executive retirement plan (["SERP"]) to provide for supplemental retirement benefits with respect to the employee stock ownership plan (["ESOP"]) and retirement plan. The SERP provides participating executives with benefits otherwise limited by certain provisions of the Internal Revenue Code or the terms of the ESOP loan. Specifically, the SERP will provide benefits to designated officers that cannot be provided under the pension plan or the ESOP as a result of limitations imposed by the Internal Revenue Code, but that would have been provided under such plans, but for these Internal Revenue Code limitations. In addition to providing for benefits lost under tax-qualified plans as a result of the Internal Revenue Code limitations, the SERP will also provide supplemental benefits upon a change of control prior to the scheduled repayment of the ESOP loan. Generally, upon a change in control, the SERP will provide participants with a benefit equal to what they would have received under the ESOP, had they remained employed throughout the term of the loan, less the benefits actually provided under the ESOP on the participant's behalf. A participant's benefits generally become payable upon a change in control of Kentucky First or its subsidiaries. The Board has designated Tony D. Whitaker as a participant in the SERP.

13

First Federal of Hazard may utilize a grantor trust in connection with the SERP, in order to set aside funds that ultimately may be used to pay benefits under the SERP. The assets of the grantor trust will remain subject to the claims of general creditors in the event of insolvency, until paid to a participant according to the terms of the SERP. No amounts have been accrued to date under the SERP for Mr. Whitaker.

Potential Post-Termination Benefits

Employment Agreements. Each of the named executive officers has entered into an employment agreement with the Company and either First Federal of Hazard (in the case of Mr. Whitaker) or First Federal of Frankfort (in the case of Messrs. Jennings and Hulette) - See ["Employment Agreements."] If either Kentucky First, First Federal of Hazard or First Federal of Frankfort terminates the employment of Messrs. Whitaker, Jennings, or Hulette without cause, or if Messrs. Whitaker, Jennings, or Hulette resigns under specified circumstances that constitute constructive termination, he receives his base salary and continued employee benefits for the remaining term of the Agreement, as well as continued health, life and disability coverage under the same terms such coverage is provided to other senior executives, or comparable individual coverage. Had Messrs. Whitaker, Jennings and Hulette terminated employment under these provisions of the agreements as of June 30, 2007, they would have received severance payments and benefits of \$497,694, \$325,140 and \$270,768, respectively, based on current costs of the applicable benefit plans.

Under the Agreements, if, within one year after a change in control (as defined in the Agreements), any of Messrs. Whitaker, Jennings, or Hulette voluntarily terminate his employment under circumstances discussed in the Agreement, or involuntarily terminates employment, the executive receives a cash payment equal to three times his average annual compensation over the five most recently completed calendar years preceding the change in control. He also receives continued employee benefits and health, life and disability insurance coverage for thirty-six months following termination of employment. Had Messrs. Whitaker, Jennings and Hulette terminated employment as of June 30, 2007, in connection with a change in control, they would have received severance payments and benefits of \$476,094, \$277,740 and \$244,829, respectively, based on current costs of the applicable benefit plans.

Section 280G of the Internal Revenue Code provides that severance payments that equal or exceed three times the individual's "base amount" are deemed to be "excess parachute payments" if they are contingent upon a change in control. Individuals receiving excess parachute payments are subject to a 20% excise tax on the amount of the payment in excess of their base amount, and the employer is not entitled to deduct any parachute payments over the base amount. The Agreements limit payments made to Messrs. Whitaker and Jennings in connection with a change in control to amounts that will not exceed the limits imposed by Section 280G.

Equity Grants. The Company granted each of the named executive officers equity awards of restricted stock and stock options in 2006. Upon a change in control, all outstanding stock options become immediately exercisable and the restrictions on restricted stock immediately lapse. Had a change in control occurred as of June 30, 2007, Messrs. Whitaker, Jennings and Hulette would have immediately vested in 33,600, 12,200 and 12,200 shares, respectively, of restricted stock, with a value of \$337,680, \$122,610, and \$122,610, respectively, at June 30, 2007 based on the closing sale price for the Kentucky First common stock as quoted on the Nasdaq Global Market. In addition, had a change in control occurred as of June 30, 2007, Messrs. Whitaker, Jennings and Hulette would have immediately vested in options to acquire 84,000, 41,600 and 41,600 shares, respectively, of Kentucky First common stock.

Supplemental Executive Retirement Plan. First Federal of Hazard has implemented the SERP to provide for benefits lost under tax-qualified plans as a result of the Internal Revenue Code limitations. See [Pension Benefits -- Supplemental Executive Retirement Plan](#). In addition, the SERP also provides supplemental benefits upon a change of control prior to the scheduled repayment of the ESOP loan. Upon a change in control, the SERP will provide participants with a benefit equal to what they would have received under the ESOP, had they remained employed throughout the term of the loan, less the benefits actually provided under the ESOP on the participant's behalf. Had Mr. Whitaker terminated employment (other than in connection with a change in control) as of June 30, 2007, he would not have received any benefit under the SERP. Had a change in control occurred as of June 30, 2007, Mr. Whitaker would have received a benefit under the SERP of \$754,443 and an allocation under the ESOP of \$36,114.

14

Retirement Plan. Messrs. Whitaker, Jennings and Hulette are entitled to benefits upon termination of employment under the Retirement Plan. See [Pension Benefits -- Retirement Plan](#). Had Messrs. Whitaker, Jennings and Hulette terminated employment at June 30, 2007, under the Retirement Plan they would have received annual benefits of \$107,558, \$16,100 and \$7,783, respectively, starting at age 65. In Mr. Whitaker's case, he alternatively would have been entitled to elect to receive a lump sum distribution of \$1,071,000. The Company would not be required to accrue further expenses in connection with these payments.

These loans were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features. Under current law, the Banks' loans to directors and executive officers are required to be made on substantially the same terms, including interest rates, as those prevailing for comparable transactions with other persons and must not involve more than the normal risk of repayment or present other unfavorable features. Furthermore, all loans to such persons must be approved in advance by a disinterested majority of the Company's Board of Directors. At June 30, 2007, loans to directors and executive officers and their affiliates totaled \$1.3 million, or 2.1%, of the Company's stockholders' equity, at that date.

RELATIONSHIP WITH INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

On July 9, 2007, the Company dismissed Grant Thornton LLP ("Grant Thornton") as its independent auditors, effective immediately. On July 9, 2007, the Company engaged BKD LLP ("BKD") as its successor independent audit firm. The Company's dismissal of Grant Thornton and engagement of BKD was approved by the Company's Audit Committee on July 9, 2007. The Company dismissed Grant Thornton because Grant Thornton sold its financial institution auditing practice based in Cincinnati, Ohio, to BKD.

Grant Thornton served as the Company's independent accountants to audit the Company's two most recent fiscal year ends. Grant Thornton's reports on the Company's financial statements for each of those years (the fiscal years ended June 30, 2006 and 2005) did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's two most recent fiscal year ends (the fiscal years ended June 30, 2006 and 2005) and the subsequent interim period from July 1, 2006 through June 30, 2007, there were no disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused Grant Thornton to make reference to the subject matter of the disagreements in their report on the financial statements for such years.

During the Company's two most recent fiscal year ends (the fiscal years ended June 30, 2006 and 2005) and the subsequent interim period from July 1, 2006 through June 30, 2007, there were no "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

17

During the Company's two most recent fiscal year ends (the fiscal years ended June 30, 2006 and 2005) and the subsequent interim period from July 1, 2006 through June 30, 2007, the Company did not consult with BKD, LLP, regarding applications of accounting principles to any specified transaction or any other matters or "reportable events" as defined in Item 304(a)(1)(v) of Regulation S-K.

PROPOSAL II -- RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee of the Board of Directors has approved the Company's arrangements with BKD LLP to be the Company's auditors for the 2008 fiscal year, subject to ratification by the Company's stockholders. A representative of BKD LLP will be present at the Annual Meeting to respond to stockholders' questions and will have the opportunity to make a statement if he or she so desires.

The appointment of the auditors must be approved by a majority of the votes cast by the stockholders of the Company at the Meeting. The Board of Directors recommends that shareholders vote "FOR" the ratification of the appointment of auditors.

All Other Fees

The aggregate fees billed by the Company's independent accountant for all other services, exclusive of the fees disclosed above, rendered during the fiscal years ended June 30, 2007 and 2006 were \$830 and \$2,730, respectively. For the year ended June 30, 2007, these services consisted of review of quarterly tax deposits and consultation on new procedures related to the allowance for loan and lease losses. Pre-Approval of Services by the Independent Auditor

The Audit Committee does not have a policy for the pre-approval of nonaudit services to be provided by the Company's independent auditor. Any such services would be considered on a case-by-case basis. All nonaudit services provided by the independent auditors in fiscal years 2007 and 2006 were approved by the Audit Committee. However, certain services such as the review of the Company's public filings, review of the Company's tax returns, and general discussions with management regarding accounting issues, which may be construed as necessary for the accurate completion of the audit, are approved in advance on an annual basis.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Pursuant to regulations promulgated under the Exchange Act, the Company's officers and directors and all persons who own more than 10% of the Common Stock ("Reporting Persons") are required to file reports detailing their ownership and changes of ownership in the Common Stock and to furnish the Company with copies of all such ownership reports that are filed. Based solely on the Company's review of the copies of such ownership reports which it has received in the past fiscal year or with respect to the past fiscal year, or written representations that no annual report of changes in beneficial ownership were required, the Company believes that during fiscal year 2007 all Reporting Persons have complied with these reporting requirements.

OTHER MATTERS

The Board of Directors is not aware of any business to come before the Annual Meeting other than those matters described above in this proxy statement and matters incident to the conduct of the Annual Meeting. However, if any other matters should properly come before the Annual Meeting, it is intended that proxies in the accompanying form will be voted in respect thereof in accordance with the determination of a majority of the Board of Directors.

MISCELLANEOUS

The cost of soliciting proxies will be borne by the Company. The Company will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy materials to the beneficial owners of Common Stock. In addition to solicitations by mail, directors, officers and regular employees of the Company may solicit proxies personally or by telegraph or telephone without additional compensation.

The Company's 2007 Annual Report to Stockholders, including financial statements, is being mailed to all stockholders of record as of the close of business on the Record Date. Any stockholder who has not received a copy of such Annual Report may obtain a copy by writing to the Secretary of the Company. The Annual Report is not to be treated as a part of the proxy solicitation material or as having been incorporated herein by reference.

STOCKHOLDER PROPOSALS

For consideration at the Annual Meeting, a stockholder proposal must be delivered or mailed to the Company's Secretary no later than October 22, 2007. In order to be eligible for inclusion in the proxy materials of the Company for the Annual Meeting of Stockholders for the fiscal year ending June 30, 2008, any stockholder proposal to take action at such meeting must be received at the Company's executive offices at P.O. Box 1069, Hazard, Kentucky 41702-1069 by no later than June 24, 2008. Any such proposals shall be subject to the requirements of the proxy rules adopted under the Exchange Act.

**KENTUCKY FIRST FEDERAL BANCORP
COMPENSATION COMMITTEE CHARTER**

I. PURPOSE

The Compensation Committee (the "Committee") of Kentucky First Federal Bancorp (the "Corporation") is responsible for overseeing and approving the compensation paid to executives of the Corporation. In and of itself, the Corporation currently has no employees and has no plans for hiring employees exclusively in the service of the Corporation. Instead, the executive officers of the Corporation are also employees of the two subsidiary financial institutions (the "Banks"), First Federal Savings and Loan of Hazard ("Hazard") and First Federal Savings Bank of Frankfort ("Frankfort"). These executive officers will receive their compensation from the respective Banks and the terms of their employment, including working time, vacation policies, and fringe benefits will be governed by the Banks and their respective boards. As part of a formula mutually developed by the Banks and the Corporation, the Banks will be reimbursed by the Corporation for the compensation expenses attributable to the executive's responsibilities with the Corporation.

In general, the Committee will be responsible for

- a) determining base salary levels for executives of the corporation
- b) administering corporate-level compensation plans which may include the Restricted Recognition Plan and the Stock Option Plan
- c) recommendation to the full Board as to implementation or renewal of employment agreements
- d) executive development
- e) succession planning
- f) effecting nondiscriminatory employment practices for executives of the corporation.

II. COMPOSITION

The Committee shall consist of three or more directors, each of whom shall satisfy the definition of independent director as defined in any qualitative listing requirements for The Nasdaq Stock Market, Inc. issuers and any applicable Securities and Exchange Commission rules and regulations. Committee members shall be elected by the Board of Directors (the "Board") at the Board's annual organizational meeting. Members shall serve until their successors are appointed. The Committee's Chairperson shall be designated by the full Board or, if it does not do so, the Committee members shall elect a Chairperson by vote of a majority of the full Committee. The Chief Executive Officer ("CEO") and senior management of the Banks may meet with the Committee but will not be members of the Committee or participate in all of its meetings.

The Committee may form and delegate authority to subcommittees when appropriate.

III. MEETINGS

The Committee shall meet at least annually, or more frequently as circumstances dictate. The Committee Chairperson will preside at each meeting and, in consultation with the other members of the Committee, will set the frequency and length of each meeting and the agenda of items to be addressed at each meeting.

IV. RESPONSIBILITIES AND DUTIES

The principal responsibilities of the Committee are

A. **Oversight of executive compensation programs.** The Committee will review on an annual basis the Corporation's and Banks' executive compensation programs to determine that they are properly coordinated. The compensation package for some executives will (at the discretion of the Committee) include a mix of short-term pay and long-term incentives. An important responsibility of the Committee is the development of an appropriate balance while focusing on long-term shareholder value.

B. **Appraising the performance of the Chief Executive Officer.** The Committee will annually review the performance of the CEO and, if necessary, meet with the CEO to discuss his or her strengths and weaknesses. The Committee will recommend to the Board of Directors the annual salary, bonus, stock options, and other benefits direct and indirect, of the CEO. In making its recommendation, the Committee will consider

- the performance of the Corporation
- shareholder return
- the level of salary, bonus, and other benefits, direct and indirect, of the CEO relative to the CEOs at comparable companies
- the level of salary, bonus, stock options, and other benefits, direct and indirect, given to the CEO in recent years.

After its evaluation, the Committee may from time to time recommend increases in the levels of salary, bonus, and other compensation. However, the absence of such a recommendation should not indicate or infer unsatisfactory performance of the CEO.

The Committee will make recommendations to the Board of Directors regarding the extension of the employment agreements and change in control agreements of the CEO and other senior officers.

C. **Preparation of report.** If necessary, the Committee will prepare a report on executive compensation for inclusion in the Corporation's annual meeting proxy statement, in accordance with applicable rules and regulations.

D. **Recommendations of executive compensation programs.** In addition to the CEO, the Committee will review on an annual basis the Corporation's salary administration procedures with respect to other corporate officers including the offices of Chairman, President, and Vice President (realizing that the CEO may hold one or more of these offices in addition to that of CEO). The Committee will recommend to the Board any changes in the levels of compensation and benefits for these officers.

E. **Oversight of staff benefit programs.** In addition to officers of the Corporation, the Committee will review the salary and benefit package of any bank employee whose salary exceeds \$75,000 annually. The Boards of the Banks will obtain approval from the Committee before offering any employee a salary above this level or before increasing the salary of an employee whose salary exceeds this amount.

F. **Oversight of the performance incentive compensation plan.** Prior to the beginning of each fiscal year, the Committee will review the Corporation's stock option plans and the Bank's performance incentive compensation plan to determine that they are properly structured to reward performance. The Committee will consider the overall performance of the Corporation and the Bank and the cost of the performance incentive compensation plan to ascertain that shareholder value is being increased. The Committee will make recommendations to the Board of Directors regarding changes to the plan. The Committee will also approve the pay-out of the plans after the Corporation's performance has been ratified by the external auditing firm.

G. **Oversight of executive development and management succession planning.** The committee will review on an annual basis the development of junior executives and will use this as a basis for an annual review of succession planning.

H. **Oversight of Director Compensation.** The Committee shall review on an annual basis, in conjunction with the Nominating and Corporate Governance Committee, the appropriate levels of director compensation and an appropriate director compensation program and shall make recommendations to the Board regarding the same.

V. EVALUATIONS

Annually, the Committee shall review and reassess the adequacy of this Charter and recommend any proposed changes to the Board for approval.

VI. COMMITTEE RESOURCES

The Committee shall have the authority to obtain advice and seek assistance from internal or external legal or other advisors. The Committee shall have the sole authority to retain and terminate any compensation consultant used to assist the Committee in evaluating executive compensation, including sole authority to approve such consultant's fees and other retention terms.
