All stockholders of record at the close of business on March 26, 2012 (the Record Date), will be entitled to vote. It is anticipated that this Proxy Statement and the enclosed Proxy will be mailed to stockholders on or about April 10, 2012. The Proxy Statement and our Annual Report on Form 10-K filed with the Securities and Exchange Commission (the SEC) will also be available on the Internet [www.nnnreit.com/proxyvote](http://www.nnnreit.com/proxyvote).

When we use the words we, us, our or Company, we are referring to National Retail Properties, Inc.

**Voting/Revocation of Proxy.** If you complete and properly sign and mail the accompanying proxy card, it will be voted as you direct. If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

If you are a registered stockholder, you may vote by telephone (1-800-690-6903), or electronically through the Internet (<http://www.proxyvote.com>), by following the instructions included with your proxy card. If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically.

Any proxy, if received in time, properly signed and not revoked, will be voted at such meeting in accordance with the directions of the stockholder. If no directions are specified, the proxy will be voted **FOR** each of Proposals I, II, III, IV and V contained herein. Any stockholder giving a proxy has the power to revoke it at any time before it is exercised. A proxy may be revoked (1) by delivery of a written statement to the Secretary of the Company stating that the proxy is revoked, (2) by presentation at the annual meeting of a subsequent proxy executed by the person executing the prior proxy, or (3) by attendance at the annual meeting and voting in person.

**Vote Required for Approval; Quorum.** The nine nominees for director who receive the most votes will be elected. If you indicate withhold authority to vote for a particular nominee by entering the number of any nominee (as designated on the proxy card) below the pertinent instruction on the proxy card, your vote will not count either for or against the nominee. As of the Record Date, 106,595,333 shares of the common stock of the Company (the Common Stock) were outstanding, of which 106,277,752 shares entitled the holder thereof to one vote on each of the matters to be voted upon at the annual meeting. As of the Record Date, our executive officers and directors had the power to vote approximately 1.25% of the outstanding shares of Common Stock. Our executive officers and directors have advised us that they intend to vote their shares of Common Stock **FOR** each of Proposals I, II, III, IV and V contained herein.

Votes cast in person or by proxy at the annual meeting will be tabulated and a determination will be made as to whether or not a quorum is present. We will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders. If a broker submits a proxy indicating that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present and entitled to vote with respect to such matter. Broker non-votes with respect to the election of directors will have no effect on the outcome of the vote on this proposal.

**YOUR VOTE AT THE ANNUAL MEETING IS VERY IMPORTANT TO US.**

**Solicitation of Proxies.** Solicitation of proxies will be primarily by mail. However, our directors and officers may also solicit proxies by telephone or telegram or in person. All of the expenses of soliciting proxies, including preparing, assembling, printing and mailing the materials used in the solicitation of proxies, will be paid by us. Arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to forward soliciting materials, at our expense, to the beneficial owners of shares held of record by such persons.

### Corporate Governance

*General.* We are currently managed by a nine-member Board of Directors that consists of Messrs. DeFosset, Fick, Fritsch, Habicht, Jennings, Lanier, Legler, Macnab, and Martinez, with Mr. Macnab serving as Chairman and Mr. Lanier serving as Lead Director.

The Board of Directors has adopted a set of corporate governance guidelines, which, along with the written charters for the Board committees described below, provide the framework for the Board's governance of the Company. Our corporate governance guidelines are available on our website at <http://www.nnnreit.com>.

*Independence and Composition.* Our corporate governance guidelines and the rules and regulations of the New York Stock Exchange, which we refer to as the NYSE listing standards, each require that a majority of the Board of Directors are independent directors, as that term is defined in the NYSE listing standards.

The Board of Directors has determined that Messrs. DeFosset, Fick, Fritsch, Jennings, Lanier, Legler and Martinez, representing a majority of the Board of Directors, qualify as independent directors (the Independent Directors) as that term is defined in the NYSE listing standards. The Board of Directors made its determination based on information furnished by all directors regarding their relationships with us and our affiliates and research conducted by management. In addition, the Board of Directors consulted with our external legal counsel to ensure that the Board's determination would be consistent with all relevant securities laws and regulations as well as the NYSE listing standards.

*Leadership Structure.* We have chosen Mr. Macnab to serve as both Chairman of the Board and Chief Executive Officer because we believe he will best serve the Company and its stockholders in that dual role. Mr. Macnab is intimately familiar with our business, history, industry and strategic plans and future objectives. We believe it is appropriate to keep Mr. Macnab in this combined role in order to provide consistent and strong leadership and direction. Further, we believe by serving as both our Chairman and Chief Executive Officer, Mr. Macnab will be better able to provide information to the rest of the Board in order to facilitate deliberations and the decision-making process. Our corporate governance guidelines provide that the Chairman may or may not be Chief Executive Officer of the Company, but specify that if the same individual is both the Chairman and Chief Executive Officer, then the Board will annually appoint an independent lead director or, in the absence of such appointment, the chairman of the Governance and Nominating Committee will serve as independent lead director. Mr. Lanier has been appointed the independent lead director of the Board. In such role, Mr. Lanier presides as chairman when the Board meets in executive session and he serves as the interface between the Board and the Chief Executive Officer in communicating matters discussed during the executive session.

*Risk Oversight.* Our management is responsible for managing the day-to-day risks associated with our business. The Board of Directors, however, is elected to provide effective oversight of our affairs for the benefit of our stockholders, and among its primary responsibilities, in accordance with our corporate governance guidelines, is overseeing management in the competent and ethical operation of the Company, reviewing and approving our business plans and corporate strategies, and adopting and evaluating policies of corporate and ethical conduct and governance. Implicit in these duties is risk oversight, the primary responsibility of which has been delegated to the Board's Audit Committee. The Audit Committee reviews with management annually, or more frequently as the Audit Committee deems necessary, our significant risks or exposures and discusses guidelines and policies to govern this process and assesses steps that management has taken to minimize such risks to the Company.

While the primary responsibility has been delegated to the Audit Committee, the Governance and Nominating Committee and the Compensation Committee consider risks within their area of responsibility. Further, each director may consult with management at any time and is encouraged to discuss with management any questions such director may have.

With respect to risks related to compensation matters, our management, together with the Compensation Committee, reviewed our compensation policies and practices for our employees in order to determine whether they are reasonably likely to have a material adverse effect on the Company. We believe that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect based on the following factors:

- the Compensation Committee maintains the right, in its sole discretion, to modify the compensation policies and practices at any time;
- the Compensation Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, the Compensation Committee believes that restricted stock provides a better incentive and alignment of interest than stock options;
- restricted stock grants are intended to provide our named executive officers with a significant interest in the long-term performance of our stock;
- restricted stock awards are subject to forfeiture upon certain employment termination events;
- cash incentives and restricted stock grants tied to our three-year total shareholder returns relative to a broad REIT comparison group further focus our executive officers on long-term shareholder value creation;
- bonus awards to our executive officers are reduced if balance sheet leverage exceeds levels previously approved by the Compensation Committee;
- we have adopted a stock ownership policy for our executive officers and members of our Board which requires all directors and executive officers to own stock of the Company;
- we have adopted an insider trading policy which prohibits, among other things, trading of Company securities on a short-term basis, the buying or selling of puts or calls of securities of the Company, and short sales of the securities of the Company;
- none of our employees are paid commission compensation;
- bonus awards to our employees eligible for bonus awards are capped; and
- we base executive compensation on several critical success factors.

Given these factors, we believe we have mitigated potential short-term excessive risk-taking and aligned compensation with increasing long-term shareholder value.

*Meetings and Attendance.* The Board of Directors met nine times in the fiscal year ended December 31, 2011. Each of the nominees serving on the Board of Directors in 2011 attended 98% or more of the meetings of (i) the Board of Directors and (ii) the committees of the Board of Directors on which he served. Our corporate governance guidelines provide that it is the responsibility of individual directors to make themselves available to attend scheduled and special Board meetings on a consistent basis. All of our directors as of the date of the 2011 annual meeting of the Company's stockholders were in attendance for the 2011 annual meeting. In addition, non-management members of the Board of Directors met in executive session four times in the fiscal year ended December 31, 2011. These sessions were presided over by Mr. Lanier in his capacity as Lead Director.

*Interested Party Communications.* The Board of Directors has adopted a process whereby stockholders and other interested parties can send communications to our directors. Anyone wishing to communicate directly with one or more directors may do so in writing addressed to the director or directors, c/o National Retail Properties, Inc., 450 South Orange Avenue, Suite 900, Orlando, Florida 32801, attention: Secretary of the Company. All correspondence will be reviewed by the Secretary of the Company and forwarded directly to the addressee so long as, in the Secretary's discretion, such correspondence is reasonably related to protecting or promoting legitimate interests of interested parties or the reliability of the financial markets.

#### **Audit Committee**

*General.* The Board of Directors has established an Audit Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. Among the duties, powers and responsibilities of the Audit Committee as provided in its charter, the Audit Committee:

- has sole power and authority concerning the engagement and fees of independent registered public accounting firms;
- reviews with the independent registered public accounting firm the plans and results of the audit engagement;
- pre-approves all audit services and permitted non-audit services provided by the independent registered public accounting firm;
- reviews the independence of the independent registered public accounting firm;
- reviews the adequacy and effectiveness of our internal control over financial reporting; and
- reviews accounting, auditing and financial reporting matters with our independent registered public accounting firm and management.

*Independence and Composition.* The composition of the Audit Committee is subject to the independence and other requirements of the Securities Exchange Act of 1934 (the Exchange Act) and the rules and regulations promulgated by the SEC thereunder, which we refer to as the Exchange Act, and the NYSE listing standards.

The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Audit Committee are independent, as that term is defined in the NYSE listing standards and as required by the Exchange Act, and meet all audit committee composition requirements of the Exchange Act and the NYSE listing standards, and that each of Messrs. Fick, Jennings and Lanier qualifies as an audit committee financial expert as that term is defined in the Exchange Act.

*Meetings.* The Audit Committee met eight times in the fiscal year ended December 31, 2011. During fiscal year 2011 and as of February 27, 2012, Messrs. Fick, Jennings, Lanier and Martinez were the members of the Audit Committee, with Mr. Jennings serving as Chairman.

## Governance and Nominating Committee

*General.* The Board of Directors has established a Governance and Nominating Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. As provided in the Governance and Nominating Committee charter, the Governance and Nominating Committee:

- identifies and recommends to the Board of Directors individuals to stand for election and re-election to the Board of Directors at our annual meeting of stockholders and to fill vacancies that may arise from time to time;
- develops and makes recommendations to the Board of Directors for the creation and ongoing review and revision of a set of effective corporate governance principles that promote our competent and ethical operation and a policy governing ethical business conduct of our employees and Directors; and,
- makes recommendations to the Board of Directors as to the structure and membership of committees of the Board of Directors.

*Selection of Director Nominees.* Our corporate governance guidelines provide that the Governance and Nominating Committee will endeavor to identify individuals to serve on the Board of Directors who have expertise that is useful to us and complimentary to the background, skills and experience of other Board members. The Governance and Nominating Committee's assessment of the composition of the Board of Directors includes (a) skills - business and management experience, real estate experience, accounting experience, finance and capital markets experience, and an understanding of corporate governance regulations and public policy matters, (b) character - ethical and moral standards, leadership abilities, sound business judgment, independence and innovative thought, and (c) composition - diversity, age and public company experience. The Governance and Nominating Committee measures its composition by taking into account the entirety of the Board and the criteria listed above rather than having any representational directors. While we do not have a formal policy on diversity, the Governance and Nominating Committee assesses its effectiveness in accounting for diversity, along with the other factors taken into account to identify director nominees, when it annually evaluates the performance of the Board and each director and periodically reviews the Company's corporate governance guidelines. The principal qualification for a director is the ability to act in the best interests of the Company and its stockholders. Each of the candidates for director named in this proxy statement have been recommended by the Governance and Nominating Committee and approved by the Board of Directors for inclusion on the attached proxy card.

The Governance and Nominating Committee also considers director nominees recommended by stockholders. See the section of this proxy statement entitled PROPOSALS FOR NEXT ANNUAL MEETING for a description of how stockholders desiring to make nominations for directors and/or to bring a proper subject before a meeting should do so. The Governance and Nominating Committee evaluates director candidates recommended by stockholders in the same manner as it evaluates director candidates recommended by our directors, management or employees.

*Independence and Composition.* The NYSE listing standards require that the Governance and Nominating Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Governance and Nominating Committee are independent as that term is defined in the NYSE listing standards.

*Meetings.* The Governance and Nominating Committee met five times in the fiscal year ended December 31, 2011. During fiscal year 2011 and as of February 27, 2012, Messrs. DeFosset, Jennings and Legler were the members of the Governance and Nominating Committee, with Mr. DeFosset serving as Chairman.

## Compensation Committee

*General.* The Board of Directors has established a Compensation Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>.

### *Processes and Procedures for Executive and Director Compensation Determinations*

- *Role of Compensation Committee.* The Compensation Committee is responsible for discharging the responsibilities of the Board of Directors with respect to approving and evaluating compensation plans, policies and programs for our executive officers and directors and approving all awards to any executive officer, director or associate under our equity incentive plans. The Compensation Committee also serves as the administrator of our 2007 Performance Incentive Plan.

- *Role of Management in Compensation Determinations.* The Compensation Committee considers the recommendations of our Chief Executive Officer when determining the base salary and incentive performance compensation levels of the other executive officers. Similarly, the Compensation Committee also considers the recommendations of our Chief Executive Officer when setting specific Company and individual incentive performance targets. In addition, officers may be invited to attend committee meetings, but are not present for any discussion of their own compensation. Management generally does not have a role in the setting of director compensation.
- *Role of Compensation Consultants.* The Compensation Committee engages compensation consultants as needed or desired to assist the Compensation Committee in researching and evaluating executive officer and director compensation programs. The Compensation Committee engaged Mercer LLC ( Mercer ), to assist with the 2011 executive compensation program (the Executive Compensation Program ). In May 2011, the Compensation Committee retained Pearl Meyer & Partners, an independent compensation consulting firm ( PM&P ), to assist the Compensation Committee in reviewing and evaluating the Company's executive and non-employee director compensation programs. The use of third-party consultants provides additional assurance that our executive compensation programs are reasonable, consistent with Company objectives, and competitive with executive compensation for companies in our peer group. PM&P reports directly to the Compensation Committee, provides no other services to the Company, and regularly participates in committee meetings.
- *Delegation of Authority by the Committee.* The Committee may delegate its authority to make and administer awards under our equity incentive plans to another committee of the Board of Directors or, except for awards to individuals subject to Section 16 of the Exchange Act, to one or more of our officers. On an annual basis, the Committee typically authorizes a limited number of shares of restricted stock to be awarded by our Chief Executive Officer to such of our non-executive associates as he determines, in consultation with our other executive officers.

Our executive compensation programs and philosophy are described in greater detail under the section entitled Compensation Discussion and Analysis.

*Independence and Composition.* The NYSE listing standards require that the Compensation Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Compensation Committee are independent as that term is defined in the NYSE listing standards.

*Meetings.* The Compensation Committee met five times in the fiscal year ended December 31, 2011. During fiscal year 2011 and as of February 27, 2012, Messrs. DeFosset, Fick, Legler and Martinez were the members of the Compensation Committee, with Mr. Legler serving as Chairman.

- (1) The awards shown in column (c) represent annual grants made to directors of the Company. The amounts represent the grant date fair value with respect to the fiscal year in accordance with FASB ASC Topic 718.
- (2) The cash fees and stock awards earned by Messrs. DeFosset, Fick, and Legler, are deferred into shares of our common stock under our Deferred Fee Plan, which is described in greater detail below.

The Company only compensates non-employee directors for services provided as directors of the Company. Through September 30, 2011, each non-employee director received \$118,000 per year, to be paid in shares of the Company's Common Stock on the last business day of each January, April, July and October based on the prior business day's closing share price of the Company's Common Stock as reported on the New York Stock Exchange. Following a 2011 study by PM&P which found that total compensation levels for our directors were below the median of industry peers (as identified in Executive Compensation Compensation Discussion and Analysis Benchmarking ), effective October 1, 2011, board compensation was increased to \$130,000 per year, payable in quarterly increments. Non-employee directors may elect to receive up to \$50,000 of their annual compensation in the form of cash, with the remainder paid in shares of the Company's Common Stock. Additionally, the Lead Director, the Chairman of the Audit Committee, the Chairman of the Compensation Committee and the Chairman of the Governance and Nominating Committee receive \$25,000, \$20,000, \$15,000 and \$10,000, respectively. Additionally, each non-chair member of the Audit Committee, Compensation Committee and Governance and Nominating Committee receives \$10,000, \$7,500, and \$5,000, respectively.

Pursuant to our corporate governance guidelines, each of our non-employee directors is required to own our Common Stock equivalent to three times the annual board compensation (currently \$130,000 per year) within five years of becoming a board member. The Compensation Committee reviews progress toward meeting these ownership requirements annually, and each of the nominees that have served on the Board of Directors for the requisite number of years exceed the ownership requirements.

A Deferred Fee Plan was established by the Company for the benefit of its directors and their beneficiaries. A director may elect to defer all or part of his or her director's fees to be earned in any calendar year by filing a deferred fee agreement with the Company no later than December 15 of the previous year. A director has the option to have deferred fees paid in cash, in shares of Common Stock or in a combination of cash and Common Stock. If the director elects to have the deferred fees paid in stock, the number of shares allocated to the director's stock account is determined based on the market value of the Common Stock on the day the deferred director's fees were earned. A director is entitled to receive the vested portion of the amounts credited to his or her deferred fee account on the earlier of the occurrence of a change of control or the time specified in such director's fee agreement. The Deferred Fee Plan was amended by the Compensation Committee on May 30, 2008, for compliance purposes pursuant to Section 409A of the Internal Revenue Code of 1986, as amended (the Code ).

## EXECUTIVE COMPENSATION

### Compensation Discussion and Analysis

#### *Executive Summary*

We design our executive compensation program in order to maintain our ability to attract and retain talented and experienced executive officers. Our Compensation Committee seeks to provide compensation that is not only competitive relative to our peer group, but also structured so as to align our executives' short-term and long-term interests with the interests of our stockholders. Accordingly, the Compensation Committee seeks to incentivize our executive officers and emphasize pay-for-performance by basing a significant portion of compensation on achievement of critical success factors. The elements of our executives' total compensation are primarily base salary, annual incentive compensation and long-term incentive compensation. We have designed a compensation program that makes a substantial percentage of executive pay variable, subject to increase and decrease based on performance and corporate target results relative to our peers.

*Executive Compensation Program.* In 2011, the Compensation Committee approved annual incentive awards and long-term incentive awards. Annual incentives are tied to the achievement of performance goals based on our funds from operation ( FFO ) per share, excluding any impairments, and are subject to downward adjustment if our leverage ratio exceeds a cap established by the board. For 2011, the Committee approved long-term incentive compensation through grants of the following: (i) service-based restricted stock vesting ratably over four years; and (ii) cash awards, which shall be treated as performance units, the vesting of which is tied to three-year relative total shareholder return of the Company compared to a broad group of REIT peers as of December 31, 2013. In 2012, the Compensation Committee changed the long-term incentive compensation plan for 2012 to replace the granting of cash performance units with performance restricted stock.

*Restricted Stock.* Restricted stock grants are intended to provide the named executive officers with a significant interest in the long-term performance of our stock. The Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, we believe that restricted stock provides a better incentive and alignment of interest than stock options. The Committee has determined that our desired compensation objectives are better achieved by awarding restricted stock. The Company did not issue any stock options to its executive officers in 2011.

*2011 Business Results.* The following are some of the highlights of our business results in 2011:

- Generated FFO per share excluding impairments of \$1.57 per share and Adjusted FFO of \$1.70 per share;
- Dividends increased to \$1.53 per share marking the 22<sup>nd</sup> consecutive year of annual dividend increases;
- Invested \$772.4 million in 218 properties at a projected 8.4% initial return on assets;
- Sold eight properties for \$12.6 million;
- Balance sheet leverage and portfolio property occupancy remained at sector leading levels; and
- Delivered total return to shareholders of 5.6% for 2011 and annualized total return for the past 15 years of 11.8%.

The common stock of the Company currently is traded on the NYSE under the symbol NNN. Set forth below is a line graph comparing the cumulative total stockholder return on NNN's common stock, based on the market price of the common stock and assuming reinvestment of dividends, with the FTSE National Association of Real Estate Investment Trusts Equity Index ( NAREIT ) and the S&P 500 Index ( S&P ) for the five-year period commencing December 31, 2006, and ending December 31, 2011. The graph assumes an investment of \$100 on December 31, 2006.

*2011 Compensation Highlights.* The following are some of the highlights related to the 2011 compensation of our executive officers:

- The Compensation Committee (for purposes of this discussion, the Committee ) approved base salary increases ranging from 11.3% to 20.4% which resulted in all executive officers' base salaries remaining at or below peer group median base salaries;
- The Compensation Committee approved non-equity annual incentive award opportunities ranging from 45% for threshold performance to 180% for maximum performance, expressed as a percentage of each executive's base salary, subject to downward adjustment up to 20% of funded award levels if our leverage exceeded the 50% cap established by the board for 2011;
- Based on our FFO (excluding impairments) per share results, the Committee approved payment of non-equity incentive compensation for 2011 ranging from 135% to 180% of each executive officer's base salary;
- The Committee approved total long-term incentive award opportunities for the three-year period ending December 31, 2013, ranging from 120% to 450% of each executive's base salary, if any;

- The Committee engaged Mercer LLC ( Mercer ) and Pearl Meyer & Partners ( PM&P ) as third-party compensation consultants in order to assist in the development of the executive compensation program. Mercer and PM&P were not engaged for any non-compensation related services; and
- The Committee concluded that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect on the Company.

#### *2011 Say on Pay Voting Results*

In 2011, we submitted our executive compensation program to an advisory vote of our shareholders (also known as Say on Pay ) for the first time. Approximately 95% of voting shareholders at the 2011 annual meeting approved our executive compensation program. The Committee considered such strong shareholder support as an endorsement of the Company's executive compensation program and policies and the Committee intends to continue the pay-for-performance program that is currently in place. The Committee values the opinions of our stockholders and will continue to consider those opinions when making future executive compensation decisions.

#### *Objectives of Compensation Program*

We believe our success is largely attributable to the talent and dedication of our employees (whom we refer to as associates) and to the management and leadership efforts of our executive officers. Our goal is to establish a compensation program that will attract and retain talented corporate officers, motivate them to perform to their fullest potential, and align their long-term interests with the interests of our stockholders.

#### *What Our Compensation Program is Designed to Reward and Other Policies*

We believe that the most effective compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals, and which aligns executives' interests with those of the stockholders by rewarding performance that meets or exceeds established goals, with the ultimate objective of improving stockholder value. Our Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain superior executive officers and that compensation provided to our executive officers remains competitive relative to the compensation paid to similarly situated executives of our peer companies. In making compensation decisions, the Committee considers the compensation practices and financial performance of REIT and other industry participants and from time to time receives assessments and advice regarding compensation practices from third party compensation consultants. In evaluating performance, the Committee considers quantitative and qualitative improvement in factors such as FFO per share based metrics, capital structure, absolute and relative stockholder returns, individual performance, and contribution to corporate goals and objectives. Additionally, the Committee takes into account our general performance, the executive officer's past performance, the executive officer's anticipated performance and contribution to our achievement of our long-term goals, and the position, level and scope of the executive officer's responsibility.

We believe that our compensation for executive officers, which includes the use of service based restricted stock awards, and performance based restricted stock awards or cash performance units result in a significant alignment of interest between these individuals and our stockholders. Under our corporate governance guidelines, within five years of becoming a Covered Person, as defined by the Compensation Committee, executive officers are required to own our Common Stock (including restricted stock) equal to a minimum of five times the annual base salary for CEO and three times their annual base salary for all other executive officers. The Compensation Committee reviews progress toward meeting these guidelines annually and each executive officer exceeds the stock ownership guidelines. In addition, beginning with all restricted stock grants in 2010, and continuing with all restricted stock grants in 2011 and 2012, the Compensation Committee eliminated tax gross ups on all such grants. The Compensation Committee does not intend to provide tax gross ups on any future restricted stock grants.

#### *Accounting and Tax Considerations*

We have selected compensation elements that help us achieve the objectives of our compensation program and not because of preferential financial accounting or tax treatment. However, when awarding compensation, the Committee is mindful of the accounting impact of the compensation expense of each compensation element. In addition, Section 162(m) of the Code provides that public companies cannot deduct for federal income tax purposes non-performance based compensation paid to certain named executive officers in excess of \$1.0 million per year. While we have not adopted a policy requiring that all compensation be deductible and expect that we may pay compensation that is not deductible when necessary to achieve our compensation objectives, we consider the consequences of Section 162(m). Under our 2007 Performance Incentive Plan, a portion of our future restricted stock awards are intended to be performance-based grants that are exempt from the deduction limits of Section 162(m).

*Benchmarking*

In 2010, the Compensation Committee undertook an extensive review of the compensation of our executive officers as compared to the compensation of executive officers of companies in our peer group. In connection with this review, the Committee, with the assistance of Mercer, determined that our peer group included Acadia Realty Trust, Cedar Shopping Centers, Corporate Office Properties, Digital Realty Trust, Entertainment Properties Trust, Equity One, Inc., Federal Realty Investment Trust, Highwoods Properties, Realty Income Corporation, Regency Centers Corporation, Tanger Factory Outlet Centers, Taubman Centers, Inc., UDR, Inc., and Weingarten Realty Investment Trust (the 2010 peer group). Mercer provided the Committee with a detailed analysis of the compensation of our executive officers as compared to the executive officers of companies in our peer group, with the overall strategy of providing total pay opportunities comparable to those provided by industry peers. The 2010 peer group consisted of 14 publicly-traded REITs operating across a variety of property sectors, with a primary focus on the retail sector, recognizing that the Company competes with REITs across all property sectors for capital and executive talent. Compared with the 2010 peer group, the Company's total assets and equity market capitalization was between the 50<sup>th</sup> and 75<sup>th</sup> percentiles. For the past one, three, five, ten and fifteen years ending December 31, 2011, our total return to shareholders has exceeded the median and the average total return of the 2010 peer group.

We believe that our compensation, benchmarked against our peer group, provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value creation, and encourages executive recruitment and retention. The Committee benchmarked base salary and total compensation against the 2010 peer group, generally targeting the 50th percentile (median) of the compensation of the 2010 peer group. Compared with the 2010 peer group, 2010 base salaries for each of our executive officers were below the market median, ranging from 86% to 92% of (i.e. 8% to 14% below) the 2010 peer group median. Cash compensation for each of our executive officers, comprised of base salary and target annual cash incentive bonus, was in line with the 2010 peer group median. Total compensation for our executive officers, including base salary, target cash bonus and target equity incentive awards, ranged from 90% to 110% of the 2010 peer group median, with aggregate pay for our five executive officers equal to 95% of the 2010 peer group median.

In 2011, the Committee reviewed the industry peer group composition, with the assistance of PM&P. Based on this review, Cedar Shopping Centers, Digital Realty Trust, and UDR were removed from the peer group, due to differences in size compared with the Company and other peer companies, and were replaced with Biomed Realty Trust, Lexington Realty Trust, and Omega Healthcare Investors, each of which engages in a triple net leasing strategy similar to us. The revised peer group (the 2011 peer group) consists of 14 publicly-traded REITs, 11 of which were included in the 2010 peer group. Our total assets and equity market capitalization as of December 31, 2011, are between the 50<sup>th</sup> and 75<sup>th</sup> percentiles of the 2011 peer group. This revised peer group was included in PM&P's 2011 review of non-employee director compensation, and is also being considered by the Committee in the determination of 2012 pay opportunities for executive officers.

*2011 Executive Compensation Components and How They Relate to Our Objectives*

For the fiscal year ended December 31, 2011, base salary, annual incentive compensation (in the form of a cash bonus) and long-term incentive compensation were the principal components of compensation for the named executive officers. Executives also receive certain benefits and other perquisites. We believe that these compensation components provide an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention.

The differences in the amounts of compensation awarded to the named executive officers are primarily a result of comparing each executive's compensation against corresponding market values for industry peers and giving consideration to differences in position and responsibilities among the Company's named executive officers. We disclosed above the companies determined, with the assistance of a third-party compensation consultant, to be in our peer group. The responsibilities for each named executive officer are as follows: (i) Mr. Macnab, our Chairman and Chief Executive Officer, is responsible for developing, defining, implementing and executing the Company's corporate strategy, policies, mission, philosophy, goals and objectives; (ii) Mr. Whitehurst, our President and Chief Operating Officer, is responsible for overseeing the day-to-day operations of the Company including its acquisitions, dispositions, development, property management, underwriting, structured finance, human resources, and legal departments; (iii) Mr. Habicht, our Executive Vice President, Chief Financial Officer, Treasurer and Assistant Secretary, is responsible for overseeing all capital, financial reporting, tax, information technology and corporate communication matters of the Company and assisting the corporate secretary with his duties; (iv) Mr. Bayer, our Executive Vice President of Portfolio Management and Chief Investment Officer, is responsible for overseeing the leasing, asset management, due diligence and underwriting groups of the Company; and (v) Mr. Tessitore, our Executive Vice President, General Counsel and Secretary, is responsible for overseeing all legal matters involving the Company, all insurance matters, certain risk management matters, and maintaining corporate minutes for board, committee, stockholder and other meetings. Our Compensation Committee believes that the different levels of compensation provided to the named executive officers are commensurate to the responsibilities of each named executive officer.

*Base Salary*

The Compensation Committee sets and adjusts the base salaries of our named executive officers based on the qualifications, experience, scope of responsibilities and past performance of each named executive officer, the practices of and salaries awarded by our peer group, and other factors deemed appropriate by the Committee. The base salary of each executive officer has been below the peer group median in recent years. Based on these criteria and consistent with the Committee's plan to make base salaries more comparable to the median base salaries of the peer group, the Committee approved 2011 base salary increases for our executive officers ranging from 11.3% to 20.3% (15.1% weighted average). After these increases, 2011 base salaries were approximately at median levels for the 2010 peer group, ranging from 99% to 100% of median levels, with aggregate competitiveness for our top five executive officers equal to 99% of the peer group median. In 2012, the Committee intends to adjust executive base salaries to projected market median levels for the 2011 peer group, consistent with targeted positioning under our executive compensation philosophy.

*Annual Incentive Compensation*

*Cash Incentive Bonus.* We believe that a significant portion of each executive officer's total compensation should be provided in the form of incentive compensation. For 2011, the Committee approved annual cash incentive bonus compensation based upon per share profitability tempered with potential reductions in bonus amounts if balance sheet leverage rose above 50%. Profitability was based on FFO per share, excluding impairments, and ranged from \$1.41 per share for threshold performance to \$1.49 per share for target level performance to \$1.54 per share for maximum performance. As a percentage of each executive officer's base salary, the Committee approved annual cash incentive bonus compensation ranging from 45% to 60% (52% weighted average) for threshold performance, 90% to 120% (103% weighted average) for target performance and 135% to 180% (155% weighted average) for maximum performance. Each executive officer's bonus opportunity for threshold, target and maximum performance is set forth in the table below. Straight line interpolation is used to determine awards for results in between performance levels. The Committee reserved the right, in its sole discretion, to review and further modify the executive compensation program.

Position	2011 Annual Cash Incentive Bonus Opportunity (as % of Base Salary)				2011 Actual
	Threshold	Target	Maximum		
Chairman & Chief Executive Officer	60%	120%	180%	180%	
President & Chief Operating Officer	50%	100%	150%	150%	
EVP, CFO, Asst Secretary, & Treasurer	50%	100%	150%	150%	
EVP & Chief Investment Officer	45%	90%	135%	135%	
EVP, General Counsel, & Secretary	45%	90%	135%	135%	

Based on our actual 2011 FFO per share results of \$1.57 per share (excluding impairments), the Committee approved payment of annual cash incentive bonus compensation pursuant to the Executive Compensation Program ranging from 135% to 180% (155% weighted average) of base salary with actual amounts for each executive officer set forth in the table above. Additionally, the Committee determined that these payments were consistent with the strong performance of the executive management team. These bonus awards are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

*Long-Term Incentive Compensation*

For 2011, the Committee approved long-term incentive compensation opportunities for executive officers provided through an equally weighted mix of performance units and service-based restricted stock. Vesting for performance units, payable in cash, is tied to our total shareholder return relative to other REITs for the three-year period ending December 31, 2013. Performance comparisons for both performance shares and performance units are made relative to all Retail REITs and all Equity REITs in the NAREIT Index, with each equally weighted. The Committee chose these comparator groups to allow for performance assessments within our applicable property sector as well as within a broader group of REITs. In each case, threshold performance is set at the 33rd percentile, target at the 50th percentile, and maximum at the 75th percentile versus the comparator groups. Service-based restricted shares vest annually over four years to enhance retention and promote longer-term equity ownership. As a percentage of each executive officer's base salary, the performance-based compensation opportunity ranges from 40% to 75% (55% weighted average) for 33rd percentile threshold performance, from 80% to 150% (110% weighted average) for 50th percentile target performance and from 160% to 300% (220% weighted average) for 75th percentile maximum performance. Each executive officer's long-term incentive compensation award opportunity for threshold, target and maximum performance is set forth in the table below.

Position	2011 Target Long-Term Incentive Award Opportunity (as % of Salary)		
	Performance Units	Restricted Stock	Total Target Award
Chairman & Chief Executive Officer	150%	150%	300%
President & Chief Operating Officer	100%	100%	200%
EVP, CFO, Assistant Secretary, & Treasurer	100%	100%	200%
EVP & Chief Investment Officer	80%	80%	160%
EVP, General Counsel, & Secretary	80%	80%	160%

For performance unit grants, 50% of the corresponding target award opportunity is earned for threshold performance, 100% for target performance, and 200% for superior performance. Straight line interpolation is used to determine awards for results in between performance levels.

In setting long-term incentive award levels for 2011, the Committee considered resulting total compensation, including base salary, bonus awards, and long-term incentives compared against median total compensation of executive officers at companies in our 2010 peer group. The number of shares of service based restricted stock and performance shares granted was based on the average closing share price of our Common Stock for ten days prior to the grant date (\$24.621 per share). Accordingly, the Committee approved grants of service based restricted stock to Messrs. Macnab (37,163 shares), Whitehurst (18,277 shares), Habicht (15,231 shares), Bayer (8,935 shares), and Tessitore (8,935 shares) as shown in the Grants of Plan-Based Awards Table. These shares of restricted stock shall vest pro-rata over a four-year period.

The executive officers are entitled to receive dividends on unvested shares of service-based restricted stock. Dividends payable on performance-based restricted stock will accumulate and be payable to the executive officers only if and to the extent the shares vest. No tax gross ups shall be paid on any service based restricted stock nor on any performance based restricted stock.

*Benefits and Other Perquisites*

We provide benefits to our executive officers under the National Retail Properties, Inc. Retirement Plan. We do not sponsor a defined benefit pension plan for our executive officers or any other associates. Our executive officers are eligible to receive, on the same basis as other associates, employer matching contributions under the plan. This allows our executive officers to save for retirement on a tax-deferred basis through the Section 401(k) savings feature of the plan, with the Company-funded portion of these benefits based on matching the contributions of the executive officers.

Our executive officers are also eligible to participate in the other employee benefit and welfare plans that the Company maintains on similar terms as associates who meet applicable eligibility criteria.

We do not consider perquisites to be a principal component of our executive officers' compensation. Costs attributed to the perquisites and other personal benefits afforded to the named executive officers for the fiscal year ended December 31, 2011, are shown in the "Other Compensation" column of the Summary Compensation Table below.

We believe that our executive officer benefit and perquisite programs provided are reasonable and competitive with benefits and perquisites provided to executive officers of other REITs, and are necessary to sustain a fully competitive executive compensation program.

- (1) The amounts shown in columns (c)-(e) reflect the annual incentive cash bonus potential under the Executive Compensation Program. The actual cash bonus amounts earned by each named executive officer in 2011 are reported under the Non-Equity Incentive Plan Compensation column in the Summary Compensation Table. For a detailed discussion, see Compensation Discussion and Analysis - Annual Incentive Compensation (Cash Incentive Bonus) above.
- (2) The amounts shown in column (i) reflect the service-based restricted stock earned in 2010 and issued under our Restricted Stock Plan in 2011. The service-based restricted stock was issued because of the Company's achievement of its 2010 earnings targets. These shares are only subject to time-based vesting and vest 25% per year over a four-year period.
- (3) The amounts shown in columns (c), (d) and (e) reflect the long-term incentive cash bonus potential under the Executive Compensation Program. The potential cash bonus is based on our FFO per share performance relative to other REITs for the three-year period ending December 31, 2013.

The following table sets forth certain information with respect to equity awards outstanding as of December 31, 2011, for each of the named executive officers.

- if we have achieved an annual FFO per share based target at December 31, 2010, 2011, or 2012.

In addition, 50% of the awards would vest upon the achievement of a lower set of annualized total return and FFO per share targets. On or before January 1, 2013, an interpolated number of shares of performance restricted stock will vest if we have achieved the 50% vesting targets, but not the 100% vesting targets.

## Potential Payments Upon Termination or Change of Control

Effective December 1, 2008, the Company entered into new employment agreements with Messrs. Macnab, Whitehurst, Habicht, Bayer and Tessitore, each as amended effective November 8, 2010, in order to comply with Section 409A of the Code. Each employment agreement is subject to automatic successive two-year renewals unless one party provides written notice to the other party of non-renewal 60 days prior to the expiration date of the agreement. The initial expiration date for each employment agreement was as follows: (a) May 16, 2011, for Mr. Macnab; (b) August 17, 2011, for Messrs. Habicht and Whitehurst; and (c) January 2, 2011, for Messrs. Bayer and Tessitore. Messrs. Macnab, Habicht, Whitehurst, Bayer, and Tessitore are collectively referred to herein as the Executives and each, an Executive. Each agreement contains severance provisions that provide for payment to the Executive upon the occurrence of certain events, including death or disability, termination by the Company for cause or by the Executive without good reason, termination by the Company without cause or by the Executive with good reason, and termination upon expiration of the employment agreement. In the event the Executive is unable to perform his job duties due to death or disability, each agreement provides for payment of his accrued salary, a prorated performance bonus and, for a period of one year following termination of the agreement due to death, health benefits under the Company's health plans and programs to the Executive's dependents. In the event the Executive is terminated by the Company for cause or the Executive terminates his employment agreement without

good reason, the Executive is entitled to his accrued salary and benefits prior to the date of termination.

Each agreement and the Executive Compensation Program also contain severance provisions that call for payment to the Executive of the following amounts in the event that he is terminated without cause or he resigns for good reason :

- accrued and unpaid salary through the date of termination;
- a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective annual salary;
- a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective average bonus for the last three years of employment under the agreement;
- immediate vesting of his service-based restricted stock awards, stock options and other equity awards, all performance-based awards will be allowed to run their course to determine the performance level, and the executive officers will receive such award upon vesting;
- for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and
- in the event of such a termination upon or after a change of control, a prorated annual non-equity bonus at the target level for the year in which termination occurred.

Under each employment agreement and the Executive Compensation Program, in the event the agreement naturally terminates at the end of its term because the Company elects not to renew, the Executive will be entitled to the following severance payments:

- accrued and unpaid salary through the date of termination;
- a cash payment equal to 100% of his annual salary;
- if the non-renewal is at the end of the initial term, immediate vesting of his service-based restricted stock awards, stock options and other equity awards that are exclusively time-based vesting, whereas if the non-renewal is at the end of a renewal term, his service-based restricted stock awards will accelerate on a pro rata amount based on the date of termination; all performance-based units and restricted stock awards will be allowed to run their course to determine the performance level and the executive officers will receive a pro rata share based on the date of termination;
- for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and
- a prorated annual non-equity bonus at the target level for the year in which termination occurred.

In addition to the foregoing payments, each Executive will be entitled to gross-up payments to the extent such payments result in the imposition of excise tax, interest or penalties.

Cause is defined in each Executive's agreement as the Executive's:

- conviction of (or pleading nolo contendere to) an indictment or information that is filed against Executive and is not discharged or otherwise resolved within 12 months thereafter, and said indictment or information charged Executive with a felony, any crime of moral turpitude, fraud or any act of dishonesty or any crime which is likely to result in material injury, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries;
- the continued failure by Executive substantially to perform his duties or to carry out the lawful written directives of the Board of Directors;
- material breach of a fiduciary duty, including disclosure of any conflicts of interest that are known to the Executive, or with reasonable diligence should be known, relating to Executive's employment with the Company, or otherwise engaging in gross misconduct or willful or gross neglect (in connection with the performance of his duties) which is materially injurious, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries; or
- material breach of the non-competition and confidentiality clauses set forth in his employment agreement.

Good reason is defined in each agreement, unless otherwise consented to by Executive, as:

- a material reduction in Executive's position, authority, duties or responsibilities;
- a reduction in the annual salary of Executive;
- the relocation of Executive's office to more than 50 miles from the Company's principal place of business in Orlando, Florida;
- the Company's material breach of his employment agreement;
- the Company's failure to obtain an agreement from any successor to the business of the Company by which the successor assumes and agrees to perform his employment agreement; or
- with respect to Mr. Macnab, a change in Executive's reporting responsibilities such that he is no longer reporting directly to the Board of Directors.

Change of control, as defined in each agreement, means:

- a person or group (which terms shall have the meaning they have when used in Section 13(d) of the Exchange Act) (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, any corporation owned directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of voting securities of the Company) becomes (other than solely by reason of a repurchase of voting securities by the Company), the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of 40% or more of the combined voting power of the Company's then total outstanding voting securities, provided, however, that in no event shall a change of control for purposes of each agreement be deemed to have arisen merely by virtue of a person or group having become a direct or indirect owner of Company securities (such that a change of control would otherwise have been deemed to have occurred), if the Executive is a member of such person or group; or
- the Company consolidates with or merges with or into another corporation or partnership or conveys, transfers or leases, in any transaction or series of transactions, all or substantially all of its assets to any corporation or partnership, or any corporation or partnership consolidates with or merges with or into the Company, in any event pursuant to a transaction in which the outstanding voting stock of the Company is reclassified or changed into or exchanged for cash, securities or other property, other than any such transaction where (i) the outstanding voting securities of the Company are changed into or exchanged for voting securities of the surviving corporation and (ii) the persons who were the beneficial owners of the Company's voting securities immediately prior to such transaction beneficially own immediately after such transaction 50% or more of the total outstanding voting power of the surviving corporation, or the Company is liquidated or dissolved or adopts a plan of liquidation or dissolution.

The amount of compensation payable to each Executive upon any termination is shown below. All estimates are based on an assumed termination date of December 31, 2011. The actual payments due on terminations occurring on different dates could materially differ from the estimates in the table.

PROPOSAL II

**ADVISORY VOTE ON EXECUTIVE COMPENSATION**

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act ) enables our stockholders to vote, on a non-binding advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under the heading Executive Compensation-Compensation Discussion and Analysis, our executive compensation programs are designed to attract and retain our named executive officers, motivate them to perform to their fullest potential, and align their interests with the interests of our stockholders. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic and corporate goals. Please read the Compensation Discussion and Analysis for additional details about our executive compensation programs and policies, including information about the fiscal 2011 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the annual meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Stockholders pursuant to the rules and regulations of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related tables and disclosure.

While this vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors, we value the opinions of our stockholders and will consider those opinions and the vote outcome when making future compensation decisions for our named executive officers.

**The Board of Directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.**

PROPOSAL III

**RE-APPROVAL OF MATERIAL TERMS OF PERFORMANCE OBJECTIVES  
FOR THE 2007 PERFORMANCE INCENTIVE PLAN**

The Board of Directors recommends that stockholders re-approve the material terms of the performance objectives for performance-based awards under our 2007 Performance Incentive Plan (the Plan ) to preserve our ability to deduct compensation associated with future performance-based awards that are subject to the application of Section 162(m) of the Internal Revenue Code of 1986, as amended ( Section 162(m) ).

**Background**

The Board of Directors adopted the Plan on March 12, 2007 to assist the Company and its affiliates in the recruitment and retention of highly qualified employees and directors by providing an incentive compensation plan to reward such individuals for their contribution to the growth and success of our businesses. Our stockholders approved the Plan at the Company's Annual meeting held on May 16, 2007.

Certain awards granted under the Plan are intended to qualify as performance-based compensation pursuant to Section 162(m). Section 162(m) generally limits the tax deductibility of compensation paid to the chief executive officer and the three most highly compensated officers (other than the chief financial officer) to \$1,000,000 per covered executive, but there is an exception to this limitation for performance-based compensation. Qualified performance-based compensation must be paid solely on account of the attainment of one or more pre-established, objective performance goals.

In order for awards granted under the Plan to continue to be eligible for the performance-based compensation exception to Section 162(m), every five years our stockholders must re-approve the material terms of the performance objectives applicable to such awards under the Plan. Since our stockholders last approved such material terms when they approved the Plan at the 2007 Annual Meeting, the material terms of the performance objectives under the Plan are being submitted for re-approval at this 2012 Annual Meeting so that amounts payable under the Plan for applicable awards will qualify as performance-based compensation for purposes of and be exempt from the limitation on deductibility imposed under Section 162(m).

*Protective Features of the Plan.* The Plan includes the following features that protect the interests of our stockholders:

- The Plan limits the number of shares underlying Plan grants to any individual for each year.
- The Plan requires that stock option awards have an exercise price that is not less than 100% of fair market value on the date of the grant (or not less than 110% for any stock option granted to a 10% owner of the Company that is intended to qualify as an incentive stock option).
- The Company may not, without the consent of our stockholders, adjust the exercise price of outstanding stock options granted under the Plan whose exercise price exceeds the then current fair market value ( underwater options ) or cancel such underwater options and replace them with new Plan awards.
- The Company may not make certain amendments to the Plan without obtaining stockholder approval, including any amendment considered material under New York Stock Exchange rules or under the Section 162(m) regulations. The Plan has not been amended since its adoption in 2007.
- The Committee administering the Plan consists solely of two or more independent, non-employee directors who are outside directors within the meaning of Section 162(m) and who are independent within the meaning of the Securities Exchange Act of 1934 and New York Stock Exchange rules.

### **Performance-Based Compensation under the Plan**

Stock options and stock appreciation rights granted under the Plan are designed with the intention that they shall be treated as performance-based compensation exempt from the deduction disallowance rule of Section 162(m). In addition, stock option awards, stock appreciation rights, stock bonus awards, restricted stock awards, deferred share awards, performance share or performance unit awards and other stock-based awards may be intended to qualify as performance-based compensation under Section 162(m) by making payment under such awards contingent on the attainment of one or more of the specified performance objectives described below.

*Performance Objectives.* The Plan provides the following list of enumerated performance objectives applicable to awards intended to qualify as performance-based compensation under Section 162(m):

...specified levels of or increases in our or a business unit's revenue; return on equity; earnings per share; total earnings; earnings growth; return on capital; return on assets; economic value added; earnings before interest and taxes; earnings before interest, taxes, depreciation and amortization; sales growth; gross margin return on investment; increases in the fair market value of the shares (including, but not limited to, growth measures and total stockholder return); funds from operations; funds from operations per share; net operating profit; cash flow (including, but not limited to, operating cash flow and free cash flow); cash flow return on investments (which equals net cash flow divided by total capital); internal rate of return; increase in net present value; expense targets; or obtaining additional or retaining existing customer contracts.

*Eligibility.* All of our officers and employees, and those of our affiliates, are eligible to participate in the Plan. Our directors and other persons that provide consulting services to us and our affiliates are also eligible to participate in the Plan.

*Limitations.* Certain limitations apply to awards granted under the Plan, including awards intended to qualify as performance-based compensation under Section 162(m). These limitations are as follows: No one participant may be granted awards for more than 500,000 shares of common stock in any one calendar year, and the maximum number of performance units that may be granted to a participant in any one calendar year is 2,000,000 for each full or fractional year included in the performance period for the award granted during the calendar year. These limitations, and the terms of outstanding awards, will be adjusted without the approval of our stockholders as deemed appropriate in the event of a stock dividend, stock split, reclassification of stock or similar event.

### **Additional Information about the Plan**

A summary of the material terms of the Plan is provided in Annex A, and a copy of the Plan can be found in Annex A to the Company's 2007 Annual Proxy Statement on Schedule 14A, filed with the SEC on April 3, 2007.

The Board of Directors believes that it is in the best interests of our company and our stockholders to receive the full income tax deduction for performance-based compensation paid under the Plan. Failure to obtain stockholder re-approval will not affect the rights of participants under the Plan or under any outstanding award agreements. To re-approve the material terms of the performance objectives under the Plan, a majority of the shares present and voting must vote **FOR** the re-approval of such material terms. Unless you direct otherwise, if you grant a proxy your shares will be voted **FOR** the proposal to reapprove the material terms of the Plan.

**The Board of Directors unanimously recommends a vote FOR re-approval of the material terms of the performance objectives under the 2007 Performance Incentive Plan.**

PROPOSAL IV

**APPROVE AN AMENDMENT TO OUR CHARTER TO INCREASE THE NUMBER OF  
AUTHORIZED SHARES OF COMMON STOCK**

The Board of Directors of the Company has unanimously approved and directed that there be submitted to the Company's stockholders for their approval a proposal to amend the Company's articles of incorporation to increase the number of authorized shares of common stock from one hundred ninety million (190,000,000) shares to three hundred seventy five million (375,000,000) shares. In consideration of such increase, the Board of Directors has also unanimously approved and directed that there be submitted to the Company's stockholders for their approval a corresponding increase in the number of authorized shares of excess stock from one hundred five million (105,000,000) shares to three hundred ninety million (390,000,000) shares.

The text of the proposed amendment is set forth below:

RESOLVED, that Article VI, Section 1 of the Company's charter be amended by restating it as follows:

The total number of shares of all classes of capital stock that the Corporation has authority to issue is seven hundred eighty million (780,000,000) shares consisting of (i) three hundred seventy five million (375,000,000) shares of common stock, par value \$0.01 per share (the Common Stock); (ii) fifteen million (15,000,000) shares of preferred stock, par value \$0.01 per share (the Preferred Stock); and (iii) three hundred ninety million (390,000,000) shares of excess stock, par value \$0.01 per share (the Excess Stock). The aggregate par value of all of the authorized shares of all classes of capital stock having a par value is \$7,800,000.

**Purpose and Effect of Amendment**

The Board of Directors recommends the increase in order to provide a sufficient reserve of shares of common stock for our present and future needs and growth. The Board of Directors believes that prudent corporate governance includes the Company having a substantial number of authorized but unissued shares of common stock available for various purposes, including equity issuances in connection with underwritten public offerings, our dividend reinvestment and stock purchase plan, mergers or acquisitions or other corporate purposes. The Board of Directors also recognizes that as a REIT we cannot retain earnings, and therefore we must be able to raise additional capital for growth. As we continue to grow, the Board of Directors believes it is in the Company's and the stockholders' best interest to maintain our Company's solid equity capitalization.

The Company is currently authorized to issue up to 190 million shares of common stock of which approximately 106 million shares of common stock are issued and outstanding. Existing contingent convertible debt and preferred stock outstanding could potentially require the issuance of approximately 22 million shares of common stock. Additionally, the Company has reserved an additional 16 million shares of common stock and 5.9 million shares of common stock for its Dividend Reinvestment and Stock Purchase Plan and its 2007 Performance Incentive Plan, respectively. Accordingly, the Board of Directors believes it is appropriate to increase the Company's common stock authorization at this time.

Stockholder approval of the proposed amendment would substantially increase the number of shares of common stock authorized for issuance under our charter. If the stockholders approve the increase in shares, the Company may issue the additional shares of common stock from time to time for such purposes and consideration as the Board of Directors may approve without further stockholder action.

The Board of Directors also recommends a corresponding increase in the number of shares of excess stock in order to ensure compliance with the ownership limits in the Company's charter necessary to maintain its status as a real estate investment trust. In the event that any stockholder acquires shares of common or preferred stock in excess of the ownership limit, the proposed increase would ensure that the Company could issue a sufficient number of excess stock necessary to comply with these restrictions.

**Rights of Additional Authorized Shares of Common Stock**

The proposed additional shares of common stock would have rights identical to currently outstanding shares of common stock. Approval of the proposal and issuance of the additional shares of common stock would not affect the rights of the holders of currently outstanding common stock, except for effects incidental to increasing the number of shares of the common stock outstanding, such as dilution of the earnings per share and voting rights of current holders of common stock.

**Potential Adverse Effects of Amendment**

The existence of a large number of authorized but unissued shares of common stock could hinder or frustrate a takeover of the Company without further action by the stockholders. If the stockholders approve this proposal, the Company will be able to issue additional shares of common stock and the Board of Directors will have greater flexibility in responding to a merger or acquisition bid by placing blocks of shares with persons friendly to the Company, or by taking other steps to prevent an acquisition of the Company under circumstances that the Board of Directors does not believe to be in the Company's best interest. The Board of Directors is not currently aware of any pending capital transactions, corporate acquisitions, takeover proposals or other similar events involving the Company. This proposal is not being presented with the intent that it be used to prevent or discourage any acquisition attempt.

**Effectiveness of Amendment**

The proposed amendment, if approved by stockholders, will become effective on the date such amendment is filed with the Maryland State Department of Assessments and Taxation. It is anticipated that the appropriate filing to effect the amendment will be made as soon after the annual meeting as practicable.

**The Board of Directors unanimously recommends a vote FOR this proposal to amend the Company's charter to increase the number of authorized shares of common stock.**

## PROPOSAL V

**RATIFICATION OF  
ERNST & YOUNG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee appointed Ernst & Young LLP to serve as the Company's principal independent registered public accounting firm to audit the Company's financial statements for the year ending December 31, 2012, to review quarterly interim results and to perform other appropriate accounting services. We are requesting ratification of such appointment by the stockholders.

Ernst & Young LLP has acted as our independent registered public accounting firm for our two most recent fiscal years and our Audit Committee currently believes that we should continue our relationship with Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012. In the event that the stockholders do not ratify this appointment by the requisite vote, the Audit Committee will reconsider its appointment of Ernst & Young LLP.

A representative of Ernst & Young LLP will be present at the annual meeting and will be provided with the opportunity to make a statement if desired. Such representative will also be available to respond to appropriate questions.

*Fiscal 2011 and 2010 Audit Firm Summary.* During the fiscal years ended December 31, 2011 and 2010, we retained Ernst & Young LLP to provide services in the following categories and amounts:

	<b>Fiscal Year 2011</b>	<b>Fiscal Year 2010</b>
Audit Fees (1)	\$911,678	\$689,527
Audit Related Fees (2)	--	--
Total Audit and Audit Related Fees	911,678	689,527
Tax Fees	30,205	19,500

Aggregate fees billed by Ernst & Young LLP associated with the issuance of comfort letters to underwriters in connection with securities offerings amounted to \$173,167 in 2011. No fees associated with the issuance of comfort letters to underwriters in connection with securities offerings were billed by Ernst & Young LLP in 2010.
- (2) Audit related fees consist of fees incurred for consultation concerning financial accounting and reporting standards, performance of agreed-upon procedures, and other audit or attest services not required by statute or regulation.
- (3) Tax fees consist of fees for tax compliance services.

*Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Accountants.* Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of the independent accountants. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent accountants.

Prior to engagement of the independent accountants for the next year's audit, management will submit to the Audit Committee for approval an aggregate of services expected to be rendered during that year for each of the services described above in the captions Audit Fees, Audit Related Fees and Tax Fees.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent accountants and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent accountants for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent accountants.

For the fiscal years ended December 31, 2011 and 2010, the Audit Committee pre-approved 100% of services described above in the captions Audit Related Fees and Tax Fees. For the fiscal year ended December 31, 2011, no hours expended on Ernst & Young LLP's engagement to audit our financial statements were attributed to work performed by persons other than full-time, permanent employees of Ernst & Young LLP.

Pursuant to our Audit Committee charter, the Audit Committee may delegate pre-approval authority to the chairman of the Audit Committee, who shall promptly advise the remaining members of the Audit Committee of such approval at the next regularly scheduled meeting.

**The Board of Directors unanimously recommends a vote FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2012.**

Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish the Company with copies of all Forms 3, 4 and 5 they file.

Based solely on the Company's review of the copies of such forms it has received, written representations from certain reporting persons that they were not required to file Forms 5 for the last fiscal year and other information known to the Company, the Company believes that all its officers, directors and greater than ten percent beneficial owners complied with all filing requirements applicable to them with respect to transactions filed during fiscal year 2011.

### **CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**

The Audit Committee is charged with monitoring and reviewing the material facts of any transactions with related parties and either approving or disapproving the entry into such transactions. The Audit Committee has adopted a written policy governing transactions with related parties. In determining whether to approve or ratify a transaction with a related party, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related party's interest in the transaction.
