SABESP announces 2Q08 results

São Paulo, August 8, 2008 - **Companhia de Saneamento Básico do Estado de São Paulo SABESP** (Bovespa: SBSP3; NYSE: SBS), one of the largest water and sewage services providers in the world based on the number of customers, announces today its **results for the second quarter of 2008 (2Q08)**. The Company's operating and financial information, except when indicated otherwise, is presented in Brazilian Reals, in accordance with the Brazilian Corporate Law. All comparisons in this release, unless otherwise stated, refer to the same period of 2007.

SBSP3: R\$ 40.48 / share
SBS US\$ 50.76 (ADR=2 shares)
Total shares: 227,836,623
Market value: R\$ 9.3 billion
Closing price: 08/08/2008

1. Net Operating Revenue

Earnings per share (R\$)	1.30	1.58			2.58	2.91		

(*) Earnings before interest and taxes

(**) Earnings before interest, taxes, depreciation and amortization

In 2Q08, net operating revenue totaled R\$ 1.5 billion, a 4.5% increase compared to 2Q07. Costs and expenses stood at R\$ 1,032.2 million, 10.4% higher than in 2Q07. EBITDA moved from R\$ 671.3 million in 2Q07 to R\$ 636.0 million in 2Q08, a 5.3% drop.

Earnings before financial expenses (EBIT) dropped 6.1%, from R\$ 512.5 million in 2Q07 to R\$ 481.1 million in this quarter.

2. Gross operating revenue

In 2Q08, gross operating revenue grew R\$ 63.6 million, or 4.1%, from R\$ 1,563.7 million in 2Q07 to R\$ 1,627.3 million in 2Q08. The main reasons for this increase were:

The 4.1% tariff adjustment as of September 2007; and

The 1.9% increase in billed water and sewage volume, 1.4% of which corresponded to the retail segment and 6.0% to wholesale.

This performance was due to:

Lower temperatures in 2Q08 versus 2Q07;

Consumption migration to lower tariff brackets as a result of: i) intensification of hydrometer replacing, which educates customers to reduce consumption and ii) the campaign for the rational use of water; and

The loss of some wholesale customers in the coastal region and the discontinuation of billing in 3 municipalities in the inland region.

3. Billed volume

The following tables show billed water and sewage volume per customer category and region in 2Q07, 2Q08, 1H07 and 1H08.

BILLED WATER AND SEWAGE VOLUME ⁽¹⁾ PER CUSTOMER CATEGORY - million m³

Costs, administrative and selling expenses	935.3	1,032.2	96.9	10.4	1,832.8	1,948.1	115.3	6.3
% over net revenue	64.6%	68.2%			62.9%	63.8%		

4.1. Payroll and benefits

In 2Q08, payroll and benefits grew R\$ 22.8 million or 7.1%, from R\$ 320.8 million to R\$ 343.6 million, due to the:

Wage increase of 3.37% (IPC-FIPE) as of May 2007 and of 5.03% as of May 2008; and

R\$ 2.3 million increase in provision for pension plan obligations, due to the change in the discount rate used for actuarial calculation from 8% in 2007 to 6.59% in 2008.

4.2. Supplies

In 2Q08, supplies grew R\$ 0.6 million or 1.7%, from R\$ 34.9 million to R\$ 35.5 million, mainly referring to the water loss reduction program.

4.3. Treatment supplies

In 2Q08, expenses with chemical products were R\$ 1.6 million or 5.4% lower than in 2Q07, dropping from R\$ 29.5 million in 2Q07 to R\$ 27.9 million in 2Q08 due to the improvement in the quality of abstracted water and the use of substitute chemical products.

4.4. Third party services

In 2Q08, services grew R\$ 17.3 million or 12.8%, from R\$ 135.2 million to R\$ 152.5 million. The main reasons for this increase were:

Preventive and corrective maintenance at the water and sewage treatment systems, totaling R\$ 12.4 million;

Professional technical services of R\$ 4.8 million for the management of projects and works, as well as of the quality of maintenance services;

Expenses with paving and pavement replacing services in the amount of R\$ 2.3 million;

Hydrometer reading and bill delivery in the amount of R\$ 2.2 million, due to the expansion of the TACE (external technical sales service) agreement scope, including building examination;

Expenses with risk contracts for the recovery of credits in the amount of R\$ 1.6 million; and

Increase of R\$ 1.2 million in surveillance services due to the expansion of the area with electronic monitoring;

Expenses with fraud prevention, in the amount of R\$ 1.0 million; and

Expenses with fire prevention, detection and fighting, in the amount of R\$ 0.8 million.

The factors that favorably contributed by R\$ 10.5 million in 2Q08 versus 2Q07 were:

The accounting effect of booking expenses of R\$ 7.7 million related to software licenses; and

Decline of R\$ 2.8 million in advertising expenses.

4.5. Electric power

Electric power dropped R\$ 9.0 million or 7.2%, from R\$ 124.5 million to R\$ 115.5 million.

This result was due to the 12.0% drop in the tariff from the captive market, responsible for 77.0% of total expenses with electric power.

	Participation (%)	Avg. price (Chg. %)	Weighted average (%)
Free market	23.0	10.0	2.3
Captive market	77.0	(12.0)	(9.2)
			(6.9)

4.6. General expenses

In 2Q08, general expenses increased R\$ 10.7 million or 21.1%, from R\$ 50.7 million to R\$ 61.4 million, due to the:

Increase of R\$ 7.6 million in provisions for contingencies, mainly as a result of the filing of new lawsuits;

Upturn of R\$ 1.9 million in the payment for the use of water resources in the Piracicaba, Capivari, Jundiá, Jaguarí, Atibaia and Paraíba do Sul river basins. This increase in collection resulted from a state law approval, as of July 2007.

4.7. Depreciation and amortization

Recorded a R\$ 3.9 million or 2.5% drop, from R\$ 158.8 million to R\$ 154.9 million, due to a lower transfer of works to permanent assets in operation in 2Q08 versus the same period of the previous year.

4.8. Credit write-offs

In 2Q08 credit write-offs grew R\$ 61.3 million or 84.0%, from R\$ 73.0 million to R\$ 134.3 million, due to the need to complement provisions for past-due debts for:

Municipalities which the Company supplies with wholesale water and sewage services: This is a temporary difference between billed and received amounts. These amounts were being provisioned after they had been overdue 360 days and are now being booked as soon they become overdue. The amount booked in the 2Q came to R\$ 38 million. After the completion of the 360-day cycle, the amount booked for each quarter will represent only the period's debit, except in cases of reception; and

Private customers: The amount past due for more than 360 days increased more than the provisioned amount. Due to this difference, the Company had to complement the provisions by R\$ 23 million this quarter. Although several

outsourced collection contracts are already in force, their effect could not be measured in the period.

4.9. Tax expenses

In 2Q08, tax expenses dropped R\$ 1.3 million or 16.5%, due to the R\$ 6.9 million reduction as a result of the extinction of the CPMF tax.

This drop was partially offset by the:

Revocation of the exemption from the Municipal Real Estate Tax (IPTU) in the amount of R\$ 2.9 million;

Payment of the Tax on Financial Transactions IOF of R\$1.6 million resulting from the AB LOAN funding operation in June 2008; and

IOF tax over financial remittance totaling R\$ 0.6 million due to the settlement of the 2008 Eurobonds.

5. Financial revenues and expenses

5.1. Financial expenses

	2Q07	2Q08	Var.	<i>R\$ million</i> %
Financial expenses				
Interest and charges on domestic loans and financing	114.6	103.5	(11.1)	(9.7)
Interest and charges on international loans and financing	16.5	13.3	(3.2)	(19.4)
Interest rate over foreign remittance	1.7	1.4	(0.3)	(17.6)
Interest rate over lawsuit indemnity, net of provisions	5.8	56.5	50.7	874.1
Other financial expenses	5.9	(60.7)	(66.6)	(1,128.8)
Total financial expenses	144.5	114.0	(30.5)	(21.1)
Financial revenues	29.8	27.4	(2.4)	(8.1)
Financial expenses net of revenues	114.7	86.6	(28.1)	(24.5)

In 2Q08 financial expenses dropped R\$ 30.5 million, or 21.1%, as follows:

Regarding domestic financing, we highlight the R\$ 11.1 million drop in interest from domestic financing due to the settlement of the 1st series of the 6th debenture issue and the amortization of other financing;

Regarding international financing, we highlight the R\$ 3.2 million drop in interest due to the amortizations held in the period and to the appreciation of the Brazilian *Real* against the US Dollar;

Interest on lawsuit damages grew R\$ 50.7 million; and

Other financial expenses recorded a R\$ 66.6 million decrease, due to the adjustment of the calculation of interest for the special installment program (PAES).

5.2. Financial revenues

Financial revenues dropped R\$ 2.4 million due to a lower volume of short-term investments in the period.

6. Foreign exchange and indexation**6.1. Variation on liabilities**

	2Q07	2Q08	Var.	<i>R\$ million</i> %
Monetary variation over loans and financing	12.6	46.7	34.1	270.6
Currency exchange variation over loans and financing	(74.3)	(104.3)	(30.0)	40.4
Other variations	3.8	7.7	3.9	102.6
Variation on liabilities	(57.9)	(49.9)	8.0	(13.8)

The net effect of the foreign exchange and indexation was R\$ 8.0 million positive in 2Q08 versus 2Q07, due to:

R\$ 34.1 million increase in the monetary variation over debentures, resulting from a higher variation of the IGPM Index, of 5.11% in 2Q08, versus 0.68% in the previous period, partially offset by a lower variation of the TR, 0.32% in 2Q08 versus 0.58% in the previous period; as well as the decrease in the debit balance;

The higher appreciation of the Brazilian *Real* against US dollar in 2Q08 (9.0%), versus 2Q07 (6.1%) and a decrease in the currency basket value, (2.0%) in 2Q08 versus (0.9%) in 2Q07, generating a net variation of R\$ 30.0 million; and

Other monetary restatement from lawsuit damages with a R\$ 3.9 million increase.

6.2. Variation on assets

Foreign exchange and indexation increased R\$ 9.8 million, mainly due to customer installment agreements.

7. Non-operating result

Non-operating result dropped R\$ 1.0 million, or 83.3%, from R\$ 1.2 million in 2Q07 to R\$ 0.2 million in 2Q08, due to the following:

Non-operating revenues moved up R\$ 3.5 million, from R\$ 2.7 million to R\$ 6.2 million in 2Q08, mainly due to the sale of exceeding electric power and scrap; and

Non-operating expenses grew R\$ 1.4 million or 41.2%, due to the write-off of discontinued works and obsolete projects.

8. Operating indicators

The following table shows the continuous expansion of the services rendered by the Company:

Operating indicators*	2Q07	2Q08	%
Water connections (1)	6,690	6,846	2.3
Sewage connections (1)	5,077	5,237	3.2
Population directly served - water (2)	22.8	23.1	1.1
Population directly served - sewage (2)	18.7	19.0	1.7
Number of employees	16,922	16,757	(1.0)
Number of water and sewage connections per employee	695	721	3.7
Water volume produced	1,438.5	1,424.6	(1.0)
Water losses (%)	30.8	28.6	(7.1)

(1) In thousand units at the end of the period

(2) In thousand inhabitants at the end of the period, not including wholesale

(*) Not revised by our independent auditors

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
