Clarifications on Refinery Investments

Rio de Janeiro, September 15, 2010, Petróleo Brasileiro S.A. Petrobras wishes to clarify the news published today by the Brazilian press regarding the possibility of anticipating the construction of refineries.

The Company informs that the statements made by the Downstream Executive Officer, Paulo Roberto Costa refer to potential growth scenarios in the Brazilian economy, consequently leading to the possible increase in demand for oil products in Brazil.

The statements do not represent any change in targets and forecasts which the Company has already announced and set forth in the Business Plan 2010-2014 announced in June 2010 and included the Reference Form filed with the Brazilian Securities and Exchange Commission (CVM). The Business Plan remains the basis for conducting the Company's business.

This announcement is merely of an informative nature and does not constitute an offer, invitation or solicitation for a subscription offering or purchase of any securities in Brazil or in any other jurisdiction and therefore should not be used as a basis for any investment decision.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
