Item 1.01 Entry into a Material Definitive Agreement.

On March 6, 2007, Neose Technologies, Inc. (the "Company") entered into a Commercial Premium Finance Agreement and Promissory Note ("Finance Agreement") with AFCO Credit Corporation ("Lender") to finance the insurance policy premiums due on certain insurance policies of the Company (the "Policies").

The amount financed under the Finance Agreement is \$366,954 and, pursuant to its terms, the Company is required to make a payment of \$41,833.16 during each of the 9 months beginning on March 15, 2007 and ending on November 15, 2007. Each payment includes an amount for principal and interest. Interest is calculated based on an annual percentage rate of 6.2%. To secure payment of the amounts financed under the Finance Agreement, the Company granted to the Lender a security interest in (a) all unearned premiums or dividends payable under the Policies, (b) loss payments which may reduce the unearned premiums, subject to any mortgagee or loss payee interests, and (c) any interest in any state guarantee fund relating to the Policies.

Lender may cancel the Policies after giving statutory notice and the full balance due to Lender under the Finance Agreement will be immediately payable if the Company does not pay any installment according to the terms of the Finance Agreement or any other agreement with Lender. If Lender cancels any of the Policies in accordance with the Finance Agreement, the Company will owe Lender a cancellation charge, if permitted, up to the limit specified by law. If the Company is late in payments by more than the number of days specified by law, the Company must pay a delinquency charge equal to the maximum charge permitted by law.

The Company may receive a refund of the finance charge if the account is voluntarily prepaid in full before the last installment due date as required or permitted by law, except that Lender may retain a service charge of \$10.00. Any minimum or fully earned fees will be deducted as permitted by law.

The foregoing description of the Finance Agreement is qualified in its entirety by reference to the Finance Agreement, a copy of which will be filed as an exhibit to the Company's Annual Report on Form 10-K for year ended December 31, 2006.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

See the discussion under Item 1.01 above, which is incorporated herein by reference in its entirety.
