Grupo México Subsidiary, Americas Mining Corporation, Proposes Combining
Operations of Southern Copper and ASARCO under Common Ownership

Offers Southern Copper Stockholders Opportunity to Participate in Future Growth of Combined Enterprise

Mexico City, Mexico – July 23, 2010 – Grupo México, S.A.B. de C.V. today announced that its subsidiary, Americas Mining Corporation, has submitted to the Board of Directors of Southern Copper Corporation (NYSE: SCCO) a non-binding indication of interest for an all-stock business combination of Southern Copper and AMC, in which all public stockholders of Southern Copper would receive common shares of AMC in exchange for their Southern Copper shares. Through their ownership of AMC shares as a result of the transaction, Southern Copper's public stockholders would have an ownership interest in Southern Copper and in ASARCO, LLC, a wholly-owned subsidiary of AMC. ASARCO mines and processes primarily copper in the United States. AMC currently owns approximately 80% of Southern Copper's issued and outstanding common shares and would own 100% of Southern Copper after the transaction.

The transaction would be accomplished by merging a newly-created, wholly-owned subsidiary of AMC with and into Southern Copper, with Southern Copper being the surviving entity and becoming a wholly-owned subsidiary of AMC. In the transaction, all of the public stockholders of Southern Copper would receive 1.237 shares of AMC common stock for each share of Southern Copper common stock held by such stockholders. The exchange ratio is based on the simple average of Southern Copper closing share prices for the last 30 trading days up to and including July 21, 2010 and assumes an implied equity value of ASARCO of approximately \$5.94 billion, and also takes into account, among other things, the remaining approximately \$10,983 million Mexican pesos currently outstanding under the credit facility entered into by AMC to fund ASARCO's reorganization plan in December 2009. As a result of the transaction, the public stockholders would own collectively approximately 16.6% of the AMC common stock, as compared to currently owning approximately 20% of the outstanding Southern Copper common stock. In connection with the transaction, AMC would become a NYSE-listed, Lima Stock Exchange-listed U.S. SEC registrant.

The transaction would provide Southern Copper's public stockholders the opportunity to participate in the future growth of Southern Copper and ASARCO, which would be enhanced by the synergies and operating efficiencies that can be realized between the two companies under common ownership and management.

A spokesperson for Grupo México stated: "We believe a combination of Southern Copper and ASARCO under common ownership would provide important synergies, including cost reductions in operations and transportation and overhead, and capital expenditure savings which would benefit all stockholders of the combined entity."

AMC's proposal is conditioned on, among other things: the negotiation and execution of a mutually satisfactory definitive merger agreement and related agreements and the satisfaction of the conditions set forth therein; the recommendation of the transaction, the terms thereof and any agreement or agreements relating thereto by a committee of independent directors of Southern Copper to the Southern Copper Board of Directors; approval of the transaction and definitive merger documentation by the Boards of Directors of Southern Copper and Grupo México and by the Board of Directors and sole stockholder of AMC; AMC's satisfaction, in its sole discretion, with the results of its due diligence review of Southern Copper; receipt of any governmental and of existing lender and other third-party consents and approvals; and the absence of a material adverse change in the business, results of operations, financial condition, assets, liabilities and prospects of Southern Copper.

Grupo México understands that Southern Copper's Board will establish a special committee of independent directors to evaluate AMC's proposal on behalf of the public stockholders.

Morgan Stanley is acting as financial advisor and Skadden, Arps, Slate, Meagher & Flom LLP is acting as legal counsel to Grupo México and AMC.
