**INFORMATION STATEMENT**

**WE ARE NOT ASKING YOU FOR A PROXY AND YOU ARE REQUESTED NOT TO SEND US A PROXY.**

**General Information**

## Edgar Filing: US BIODEFENSE INC - Form DEF 14C

This information statement is furnished to the holders of record at the close of business on September 7, 2007, the record date, of the outstanding common stock of US Biodefense, Inc., pursuant to Rule 14c-2 promulgated under the Securities Exchange Act of 1934, as amended, in connection with an action which the holder of the majority of the votes of our stock intends to take on September 27, 2007 to grant us the authority to distribute the shares we own in our wholly-owned subsidiary, Emergency Disaster Systems, Inc., to our shareholders.

### **Dissenters' Right of Appraisal**

The Utah Revised Business Corporation Act does not provide for shareholders' rights of dissenter with regard to the heretofore proposed actions.

### **Voting Securities**

In accordance with our bylaws, our board of directors has fixed the close of business on September 7, 2007 as the record date for determining the stockholders entitled to notice of the above noted action. The approval of the proposed action to distribute our ownership of our wholly-owned subsidiary, Emergency Disaster Systems, Inc., to our shareholders requires the affirmative vote of a majority of the shares of our common stock issued and outstanding at the time the vote is taken. The quorum necessary to conduct business of the stockholders consists of a majority of the common stock issued and outstanding as of the record date.

As of the record date, 60,304,047 shares of our common stock were issued and outstanding. We have a consenting stockholder, Mr. David Chin, our President and Director, who holds 37,292,119 shares of our common stock. Each share of our common stock is entitled to one vote on all matters brought before the stockholders. Therefore, Mr. Chin will have the power to vote 37,292,119 shares of the common stock, which number exceeds the majority of the 60,304,047 issued and outstanding shares of our common stock on the record date.

Mr. Chin will vote in favor of the proposed grant of authority to the board with respect to the distribution of our ownership in EDS to our shareholders. Mr. Chin will have the power to pass the proposed corporate actions without the concurrence of any of our other stockholders.

### **PROPOSAL**

#### **DISTRIBUTE THE SHARES OF EMERGENCY DISASTER SYSTEMS TO SHAREHOLDERS OF US BIODEFENSE**

Our board of directors has adopted a resolution to seek stockholder approval for authority to distribute the 600,000 shares of Emergency Disaster Systems that we own to our shareholders. The ratio at which the distribution is expected to take place, that the board of directors approved and deemed advisable, and for which it is seeking stockholder approval, is for every approximately 100 shares of US Biodefense you own, you will receive one share of Emergency Disaster Systems. After the distribution of EDS shares to our shareholders, we will no longer own any shares in EDS.

A shareholder possessing a majority of our voting common stock has expressed that he will vote in favor of the proposal. Therefore, we expect this action to be authorized without the concurrence of any of our other stockholders.

---

The distribution will not affect the registration of our common stock under the Securities Exchange Act of 1934, as amended, nor will it change our periodic reporting and other obligations thereunder. The voting and other rights of the holders of our common stock would not be affected by the distribution. For example, a holder of 0.5 percent of the voting power of the outstanding shares of our common stock immediately prior to the distribution would continue to hold 0.5 percent of the voting power of the outstanding shares of our common stock after the distribution.

## Edgar Filing: US BIODEFENSE INC - Form DEF 14C

The number of stockholders of record would not be affected by the distribution.

Stockholders should note that the effect of the distribution upon the market price for our common stock cannot be accurately predicted. In particular, there is no assurance that prices for shares of our common stock after the distribution will not be less than the current market price for our shares of common stock immediately prior to the distribution. Furthermore, there can be no assurance that the market price of our common stock immediately after the distribution will be maintained for any period of time. Moreover, because some investors may view the distribution negatively, there can be no assurance that the split will not adversely impact the market price of our common stock or, alternatively, that the market price following the distribution will either exceed or remain in excess of the current market price.

There is no public market for the common stock of EDS. The current and potential market for EDS common stock is limited. In the absence of being listed, no market is available for holders of EDS common stock to sell their shares. We cannot guarantee that a meaningful trading market will develop.

If the stock of EDS ever becomes tradable, of which we cannot guarantee success, the trading price of its common stock could be subject to wide fluctuations in response to various events or factors, many of which are beyond management's control. In addition, the stock market may experience extreme price and volume fluctuations, which, without a direct relationship to the operating performance, may affect the market price of the stock of EDS.

All of the outstanding shares of common stock of EDS, are restricted securities as defined under Rule 144 promulgated under the Securities Act and may only be sold pursuant to an effective registration statement or an exemption from registration, if available. Rule 144, as amended, is an exemption that generally provides that a person who has satisfied a one year holding period for such restricted securities may sell, within any three month period (provided EDS is current in its reporting obligations under the Exchange Act) subject to certain manner of resale provisions, an amount of restricted securities which does not exceed the greater of 1% of a company's outstanding common stock or the average weekly trading volume in such securities during the four calendar weeks prior to such sale. Sales of shares by EDS shareholders, whether pursuant to Rule 144 or otherwise, may have an immediate negative effect upon the price of EDS common stock in any market that might develop.

### **Effective Date**

If the proposed distribution of shares of EDS is approved, the action would become effective as of 5:00 p.m. Pacific Standard Time on September 27, 2007. All shareholders of our common stock of record as of September 7, 2007 will receive, automatically and without any action on the part of the stockholders, shares in EDS at the above-specified ratio.

### **Vote Required**

The affirmative vote of a majority of the total number of shares of our issued and outstanding capital stock is required to approve the grant of authority to our directors to implement the forward stock split.

The board of directors recommends a vote FOR approval of the grant of authority to our directors to implement the forward stock split.

### **SECURITY OWNERSHIP OF MANAGEMENT**

The following table sets forth as of July 31, 2007, certain information regarding the beneficial ownership of our common stock by:

1. Each person who is known us to be the beneficial owner of more than 5% of the common stock,

2. Each of our directors and executive officers and

3. All of our directors and executive officers as a group.

Except as otherwise indicated, the persons or entities listed below have sole voting and investment power with respect to all shares of common stock beneficially owned by them, except to the extent such power may be shared with a spouse. No change in control is currently being contemplated.
