Item 1.01. Entry into a Material Definitive Agreement.

On May 3, 2011, Blueknight Energy Partners, L.P. (the “Partnership”) entered into a Stipulation of Settlement (the “Stipulation”) to settle the consolidated securities class action litigation, In Re: SemGroup Energy Partners, L.P. Securities Litigation, Case No. 08-MD-1989-GKF-FHM (the “Class Action Litigation”), pending in the U.S. District Court for the Northern District of Oklahoma.

As set forth more fully in the Stipulation, if the proposed settlement is given final approval by the court, among other things, the shareholder class will receive a total payment of approximately \$28.0 million from the defendants. The Partnership accrued a contingent loss of \$20.2 million as of December 31, 2010 related to its portion of the proposed settlement. Of that amount, the Partnership expects to receive insurance proceeds of \$13.0 million to \$13.9 million and accordingly recognized an insurance recovery receivable of \$13.0 million as of December 31, 2010. Of the difference, the Partnership expects to issue common units of the Partnership with a value equal to approximately \$5.2 million. The terms of the proposed settlement are set forth in the Stipulation, which is attached hereto as Exhibit 10.1. No parties admit any wrongdoing as part of the proposed settlement.

The proposed settlement is subject to a number of conditions and approvals, including, among other items, preliminary and final court approval. Details regarding any proposed settlement will be communicated to potential class members prior to final court approval. At this time, there can be no assurance that the conditions to effect the settlement will be met or that the settlement of the Class Action Litigation will receive the required court and other approvals.
